### 4H Clubs Have Impressive Record Of Achievements For Past Year

An impressive list of achievements in 4-H Club work in Haskell County is reflected in a summary compiled by County Agent F. W. Martin in connection with the observance of National 4-H Club Week.

The County Agent supervises the work of 4-H Clubs and assists club boys in all phases of the club program.

Under his capable leadership, Haskell County Club boys have won outstanding recognition in the major livestock shows of the Southwest and have been consistent winners at Fort Worth, Wichita Falls, Odessa, and other shows.

Haskell County has seven 4-H Clubs with an enrollment of 156 boys, all working on active projects.

Some of the highlights in 4-H Club achievements during the past year are listed:

Schools Foundation of Democracy

The Constitution of the Republic of Texas, adopted March 2, 1836, declared, "It shall be the duty of the Congress, as soon as circumstances will permit, to provide by law, a general system of education."

In 1854 the School Law provided for the first State Public School system in Texas. The State Constitution declares, "A general diffusion of knowledge being essential to the preservation of the liberties and rights of the people; it shall be the duty of the Legislature of the State to make suitable provisions for the support and maintenance of an efficient system of public free schools."

From this grew the public school system of Texas. Historians say: "Education of the masses through these schools which are public schools has been the bulwark of the liberties of the people and the national freedom of our country."

We must protect and nurture the public school system, without which Democracy will wither and die, for it cannot live without learning of knowledge by its citizens.

The Will To Give

When we see a crippled child we wish it were in our power to work miracles and give the gift of health. Each of us would, if we could, straighten limbs locked in braces, lift bodies from wheelchairs and help guide faltering feet without the aid of crutches.

But we cannot wave a wand and work our will. We can, however, support a program through which skill and patience yield near-miraculous results. The contributions we give to the annual Easter Seal campaign represent, in a real sense, the share we contribute toward the gift of health for crippled children and adults.

The West Texas Rehabilitation Center in Abilene provides free service for the crippled children of Haskell and West Texas through your contributions to the Easter Seal Campaign.

More Junior Citizens

We'd better plan for more junior citizens, because they're coming, admonishes the Texas Tax Journal. Our population has more than doubled in only 50 years.

Every day 11,000 babies are born in America. That means a third of a million crying needs every month—four million every year!

And the new families—every minute three more brides begin their careers as wives—and buyers. A million and a half more families annually.

These new Americans will be needing all the things that make jobs for the rest of us. More food—a baby consumes 85 gallons of milk a year. A growing child of three requires his own weight in food every week. Producing and processing, shipping and selling all this food is a giant job that's constantly getting bigger.

More clothing—families now spend an average of over \$500 a year on clothes. With 53 million families and more coming, that means a lot of suits and shirts, blouses and skirts.

More houses—our biggest housing boom is coming. To meet growing needs, our current annual building rate of 1.2 million will probably have to double by 1975. It's a \$100 billion opportunity.

Our prosperity curve has always followed our population curve, so watch these junior citizens increase our confidence in a growing America.

Haskell County History

20 Years Ago—March 10, 1939

Haskell voters will ballot April 4 on selection of two members of the City Council from three candidates who have filed for the places. Listed for the ballot are Dr. T. W. Williams, Jason W. Smith and E. C. Christian. The office of Council member carries no salary.

First allotment of checks for Haskell County farmers for complying with the 1938 Agricultural Conservation Program was distributed this week from the office of County Agent G. R. Schumann. The checks totaled \$138,230.33 covering compliance on 542 farms in Haskell County.

At the annual Chamber of Commerce banquet Wednesday night, Mrs. S. P. Herren was presented the Lions Club award as Haskell's "Most Useful Citizen of 1938." New officers installed were Sam A. Roberts, president; Chesley E. Phelps, vice president; T. C. Cahill, chairman of the board of directors; and Ralph E. Duncan, who begins his third year as secretary and manager. Guest speaker was Robert A. Jackson, associate professor in Texas State College for Women, Denton.

Mr. and Mrs. F. T. Sanders and son Wallace spent Sunday and Monday in Fort Worth where they visited their son and brother, Earnest Sanders and family.

Mrs. Henry Atkinson visited friends in San Saba this week. She was accompanied by Mrs. Jack Mickle and daughter Elsa Lou, who visited relatives in Lampasas.

Mrs. George Dean has returned to her home in Anaheim, Calif., after an extended visit here in the home of her mother, Mrs. R. B. Fields and other relatives.

Mrs. T. R. Odell was in Seymour Thursday, where she appeared on the high school assembly program. Her subject was "Citizenship."

Mrs. Roy Brock is in the Stamford Sanitarium where she underwent major surgery this past week.

30 Years Ago—March 7, 1929

R. C. Couch and R. C. Montgomery of the Farmers State Bank and O. E. Patterson and Lewis Sherman of the Haskell National Bank attended the Haskell, Knox and Baylor County Bankers Association meeting at Knox City Saturday.

Haskell Lodge No. 1158, B. P. O. Elks elected the following officers Monday night: P. A. Womble, exalted knight; E. Siegel, leading knight; C. E. Bray, secretary; O. M. Guest, loyal knight; Myrtle Crow, lecturing knight; W. A. Duncan, tiler; Harry Bradley, inner guard; Paul Kuenstler, chaplain; Courtney Hunt, Sam A. Roberts, T. C. Cahill, trustees.

Three men were arrested at Wink, Texas, Saturday in connection with the burglary of the J. L. Jones store in Rule last Wednesday night. Merchandise valued at \$2,500 was taken and about half of it has been recovered and identified. Sheriff W. T. Sarris, Deputy Clarence Lewellen and City Marshal Henry Townsend of Rule went to Wink and took custody of the three men.

Contract was awarded Monday to Smith and Harrison, local contractors, for the construction of a 42x60 annex building on the west side of the First Methodist Church. Cost is estimated in the neighborhood of \$10,000 and the building is to be completed in 60 working days.

Clay Kimbrough, well known Haskell farmer and turkey raiser, states that he has sold more than \$100 worth of bronze turkeys in the past few days to breeders in this section of the state.

J. H. Cooper of Rochester was called to Temple, Texas, last Sunday where he attended the funeral of his nephew, Otis Cooper. Young Cooper was driving a truck and while crossing the railroad tracks near Holland, his truck was hit by a passenger train and he was killed instantly.

Louis E. McClellan of Lampasas has purchased the Morrison Poultry Farm which adjoins the west city limits.

50 Years Ago—March 6, 1909 S. W. Scott took the north-bound train Tuesday night for northern points.

Cards are out announcing the coming wedding of Mr. Ira Ellis and Miss Mable Wyman of this place.

We are informed that Messrs. E. Sutherland and N. T. Smith have purchased a business lot on the north side of the square from H. R. Jones and are going to put up a brick building right away. A part of the building will be used as a market, while Mr. Sutherland's barber shop will occupy the remainder.

County Attorney Bruce W. Bryant was operated on for appendicitis at Abilene last week, and is convalescing nicely.

Messrs. Lee Pierson of this city and Sam Pierson of Aspermont have returned from a visit to their father, Capt. M. E. Pierson at San Antonio.

Rev. C. B. Meador and F. G. Alexander of this city have been appointed members of the Board of Missions of the Northwest Texas Conference of the Methodist Church.

The following article is clipped from the Fort Worth Star: "J. C. Vinson of Haskell was found beside the Southern Pacific tracks this morning, one

foot cut off and calmly smoking a cigarette. He fell under the wheels en route to Mexico to seek employment." Rev. Vinson of this place left Wednesday night for San Antonio to attend his injured son. We regret very much to hear of the young man's misfortune.

The following Haskellites attended the box supper at Roberts Chapel last Friday night: Munsey Cogdell and Miss Pace, Prof. Alvy Couch and Miss Kinnard, Robert Steadman and mother, Messrs. Ernest Jackson, Nixon Hallmark, Jim Free, Joe Massie and B. Taylor.

Miss Dimple McLemore of Abilene, who has been the guest of Mrs. R. E. Sherrill for several days, has returned to her home.

60 Years Ago—March 11, 1899 W. T. McDaniel got home Thursday from an extended livestock trading expedition in Louisiana.

Benjamin is making an effort to secure the Wichita Valley railroad's extension from Seymour. We notice they have held a meeting and appointed a committee to confer with President Jones.

Messrs. Shook, Lemmon Rhome, Collins, Scott and possibly Mr. Bailey will start to Fort Worth tomorrow to attend the annual meeting of the Cattlemen's Association.

Messrs. Bryant and Yarbrough have the lumber on the ground to build a house on the south side of the square, in which they will operate a cold drink establishment.

Dick Pogue was the victim of a rather unusual occurrence on Monday. He was coming to town in a wagon, driving a somewhat restive team. One of the horses got astride the wagon tongue and while Mr. Pogue was trying to extricate him from that position, the animal seized Mr. Pogue's hand in his teeth and bit it severely, bruising and lacerating the flesh to a painful degree.

Messrs. Lindsey & McLemore have ordered poles—first class cedar from Michigan—and the full outfit, including 36 telephones, for putting their city telephone exchange in operation. They already have 32 subscribers, and expect to have the full 36 by the time the system is ready for operation. They believe the number will increase to 50 within a month or so.

J. E. Fitzgerald moved this week into the residence purchased by him some time ago in the north part of town.

With all this railroad talk and a telephone exchange assured, just hook your thumb in the armholes of your vest, rear back and watch Haskell begin to take on city airs.

Mrs. M. A. Fields, mother of Messrs. W. W. and R. B. Fields arrived Wednesday from Fort Worth for a visit here.

PEOPLE, PLACES AND THINGS

By A. PATE

One of our local women's clubs came up with some interesting statistics recently when they made a survey of traffic control. By actual count, they found Haskell has more than 200 stop signs throughout town.

Now it would be interesting to know what percentage of drivers observe the stop order. Or even slow their speed when passing one of the traffic signs. Idea behind so many signs more than likely, is that where motorists are confronted with hundreds of warnings to stop, that a few of the signs at least will be obeyed.

For most of the day Saturday, customers and personnel in Lane-Felker's had to talk at the top of their voice to be heard above the din of air blast hammers being used in removing part of the vault in the adjoining Haskell National Bank.

The situation, somewhat annoying at times, had its humorous angles as well, especially when operators of the hammers would pause occasionally.

The women would be almost shouting in discussing some fetching new creation. In the midst of their conversation the hammer would suddenly stop . . . and the women would find themselves almost yelling at each other!

Good-natured Shelley Royal of the ASC office is as accommodating as he is genial . . . a fellow who is always ready to do a favor for a friend or stranger.

Recently Shelley found a pair of glasses. Stylish, horn rimmed, and appeared to be almost new. He knew the owner would be glad to recover the glasses.

So, Shelley places an ad in The Free Press telling of the glasses, paying for it out of his pocket.

Later, some of his co-workers at the ASC office advised Shelley that the glasses are the ordinary bargain store variety that sell for \$1, or less.

HASKELL COUNTY ABSTRACT CO. Prompt and Efficient Service South Side Square - Haskell

Kidded him that he'd spent half what they were worth advertising for the owner. To which his answer was: "Don't give a hoot if they were a gift—I figure the owner would like to have them back."

We're siding with Shelley. He's due an E for effort, at least.

For the past week, the interior of the Haskell National Bank has taken on the appearance of headquarters for a house-wreckers' convention.

Right in the middle of moving some of the fixtures and equipment to the bank's new modern building, the personnel has had to continue daily schedule of business without interruption. This despite the fact that workmen have removed the marble slabs from in front of the offices, teller's windows and walls of the building, leaving only the bare framework.

One customer, surveying the "wrecked" interior the other day, remarked he'd seen it looking that way before.

Then he explained that was back in 1928 when the entire building was remodelled and the interior refinished to make it one of the most attractive banks in this section at that time.

Late Saturday night, when the bank vault and valuables were being transferred to the new building a block away, Jesse James, Sam Bass or Cole Younger would have welcomed the opportunity the move afforded.

But any present-day prototype of the old-time badman with an idea of confiscating some of the mammoth sums moved would have had about as much chance as a canary at a tomcat's reunion.

Sheriff's department forces and Highway Patrolmen were on hand to keep traffic and on-lookers moving while several hundred thousand dollars or

more was being carried from one safety point to another.

Haskell has never had a bank robbery, although several towns in this section were hit around the turn of the century. Whether desperados ever planned one here is, of course, a matter of conjecture.

Once, in the late '20's, officers received a tip that a bank robbery was to be pulled here and a "welcoming" group was all set for the affair but it never came off.

The tip to officers—the late W. T. Sarrell—was sheriff at that time—came from a barber we'll call Blackie.

Blackie had moved here from the McCamey oil country, and claimed that he was personally acquainted with many of the big wheels in the crime syndicates which operated in the booming oil fields.

After he'd been here a few weeks, Blackie confided to Sheriff Sarrell that he'd learned a daylight bank job was to be pulled here on a certain date. He made it sound so convincing that officers were afraid to ignore the tip.

Both Haskell banks were told of the pending "job," and the Sheriff appointed a dozen or more additional deputies.

Then, in order not to be taken by surprise, special deputies were stationed at vantage points on the business street on both sides of the local banks. They took up their posts a day earlier than the date Blackie had overheard. When the appointed day came the bank robbers failed to appear, nor did they show up the following day. Finally officers dismissed the "tip" as a hoax.

Blackie later learned, so he said, that the Haskell job was cancelled because of the ringleaders of the gang was nabbed after stealing a car in Kansas.

Chevy stops quickest... goes farthest on a gallon. Chevy showed the best brakes of the leading low-priced three in a test of repeated stops at highway speeds conducted and certified by NASCAR. Chevy also won over the other two in a NASCAR economy run—with the highest gas mileage for 6's and V8's at cruising speeds of just over 55 miles an hour. Here's a car that knows how to get the most out of a gallon. And it's the only car in its field to bring you hydraulic valve lifters in all popular engines—6 and V8. This means smoother, quieter performance for you. There are many other advances just as fundamental as the efficiency of Chevrolet's engines and the dependability of its new brakes. But why not stop by your local Chevrolet dealer to see what Chevy can do for you?

BY MRS. FAYE DUNNAM

**Bride-Elect Honored at Gift Tea**  
Miss Louella Rogers, bride-elect of Leroy Flowers of Fort Huachuca, Ariz., was honored with a gift tea in the home of Mrs. Carl Richardson.

Guests were greeted at the door by Mrs. Richardson. Others in the receiving line were the honoree and her mother, Mrs. Ernest Rogers; her grandmother, Mrs. W. W. Webb, and her aunt, Mrs. Truman Barbee.

The bride-elect is the daughter of Mr. and Mrs. Ernest Rogers of Rule, and the prospective groom is the son of Mrs. May Stone of Comanche and Delbert Stone of Odessa.

Co-hostesses with Mrs. Richardson were Mesdames Punk Martin, Wilbur May, J. T. Marquis, Charley Price, Sam Standaland, and Charlene Mowell and Harvey Jo Smith.

The bride's chosen colors of red and white were used throughout the house.

The junior play "Just Ducky" will be given Friday night, March 6 at 7:30 in the school auditorium. The cast after revisions will be Johnny Estes, Mary Whorton, Glen Dale Schonestedt, Jimmy Riggins, Sue Ferdue, Sherry Kile, Loretta Willman, Judy Guinn,

Jackie Colbert, Steve Denton, James Wendeborn, Kay Hertel. Master of ceremonies will be Gerald Honea. The Joy Notes will sing between acts. The play is being directed by Mrs. Faye Dunnam and Conner Horton.

### Public School Week

Public School Week is being observed in the Rule School this week and parents have been urged to come visit and observe.

Bennie Allison of West Texas State College in Canyon visited his mother, Mrs. Oscar Allison over the weekend.

Miss Ann Henry of McMurray College in Abilene spent the weekend with her parents, Mr. and Mrs. O. R. Henry. Mr. and Mrs. Kent Dunnam of Canyon spent the weekend

with their parents, Mr. and Mrs. O. G. Lewis and Mr. and Mrs. C. W. Dunnam.

Mr. and Mrs. Ben Kittley spent Sunday in Ballinger visiting her daughter and family, Mr. and Mrs. James Barr.

Mr. and Mrs. Reginal Gibson of Dallas spent the weekend with their parents, Mr. and Mrs. Paul Gibson and Jarrett Bell.

Mr. and Mrs. Bruce Young had as guests in their home over the weekend, Mr. and Mrs. E. F. Daniels and sons Lonnie and Eddie, Mr. and Mrs. Wayne Liles, Miss Nancy Young and USAF Staff Sgt. George Gunner, all of Fort Worth, Mr. and Mrs. H. L. Guess and daughter Caron Sue and son Hal Jr. of Trent, and Mr. and Mrs. Bill Liles of Welnet.

### Earns Rating Of M-Sergeant In Tarleton ROTC

Bobby Lusk, son of Mr. and Mrs. Floyd Lusk of Haskell and a student in John Tarleton College, has been promoted to the rank of Master Sergeant in the ROTC at the college.

Bobby is a 1957 graduate of Haskell High School, where he was manager of the HHS Indian football team in his senior year and took part in all school activities.

Mr. and Mrs. A. G. Dement and children Ted, Susan and Cynthia, accompanied by Mrs. Moore of Albany, spent the weekend in Fort Worth where they were guests in the home of Dr. and Mrs. W. R. Lenox.

So that we and our employees may have a day of rest and attend the church of their choice, we will be closed Sundays.

Mrs. Fred Monke Directs Weinert Club Program

Weinert Matrons Club met Thursday at the home of Mrs. R. H. Jones in Weinert for a regular meeting. Mrs. Fred Monke directed the Bible program.

Roll call was answered with a current religious leader. The meeting was opened with prayer. Mrs. C. T. Jones gave "Rules of living as given in Proverbs." Mrs. P. F. Weinert gave an interesting account of the social status of women in the Old Testament. Mrs. R. C. Liles led the group in singing "In the Garden," to close the program.

During the business session Mrs. R. C. Liles was elected delegate to the TWFC First District Convention in Mineral Wells March 23. Mrs. Bill King, Mrs. Fred Monke and Mrs. W. B. Guess will attend the convention, also.

The hostess, Mrs. R. H. Jones served filled cake squares to Mesdames Fred Monke, C. G. Hammer, R. J. Rainey, W. S. Chambers, C. T. Jones, C. G. Gary, P. F. Weinert, J. A. Mayfield, Bill King, R. C. Liles, J. W. Liles, W. B. Guess and guests Alexia Mayfield and Janice Rainey.

The next meeting will be on March 12 at the high school. Director of the "Texas and Friendship Day" program will be Mrs. J. A. Mayfield.

Pinkerton WMU Entertained As Contest Winners

The W. M. U. of the Pinkerton Baptist Church was winner in an attendance contest with the Brotherhood of the church, and the winners were entertained by the losers at a Chili Supper held Thursday night, Feb. 26 in the educational building of the church.

The pastor, Rev. Claud Slate, and members of the Brotherhood served the meal and afterwards washed the dishes as losers in the three-months contest.

Guest speaker at the supper was Herman Anderson, a layman from Stamford who brought an inspiring message to the group of 42 guests present.

Rev. Slate said that a steady increase in attendance at all church services had been noted in recent weeks. Sunday School now has an enrollment of 106 and had 72 in attendance Sunday. Training Union, which formerly had about 30 in regular attendance, has increased to 45 and 50, with about 69 enrolled, the pastor said.

Mmes. McGuire and Ammons Honored At Surprise Party

The Hannah Sunday School Class of the East Side Baptist Church complimented Mrs. John McGuire and Mrs. Sallie Ammons with a surprise birthday party Thursday afternoon in the home of Mrs. McGuire.

In addition to the honorees, 12 guests attended the enjoyable affair. A special guest present was Mrs. Martin Arend of Littlefield, Texas, a former resident of Haskell.

# Creek . . . Community News

BY MRS. GENE OVERTON

School Week was reared at Avoca, and now lives in Stamford. Miss Thane, being a Thane is kin to about half the Paint Creekers. She took her college training at Seguin and at the Texas Lutheran College, and at TCU.

Mrs. Lilla Heflin has taught our 4th and part of the 5th grade subjects for several years, and Mrs. W. C. Taylor teaches our 6th and some of the 5th grade work. Both these teachers are indispensable to the school, and are dearly loved by the pupils.

Mrs. Ballard is from Haskell and has the third grade and a part of the second. She has so many interesting units going on in her room all the time that that is one of the best places at school. Mrs. W. M. Owens is our beloved first grade teacher, and we think is the very best. She has been in our school 12 years, and this year's senior class is the first first grade she taught here.

The lunch room is a very important part of the school and I believe we have the best supervisor in West Texas. Mrs. Allen Isbell is not only a good cook, and a good manager, but the boys and girls love her so that she could feed them mesquite beans for lunch, and they would think it was fine. She does have excellent meals, as you will see when you visit the school. Her assistant is Mrs.

Mack Earles, and I guess the school wouldn't know what to do without Mack and Tony. Mack is custodian and mechanic, and taker-homer when children get sick, and sympathetic dispenser when someone gets hurt, and timekeeper for basket ball games, or truck and bus fixer and general flunkie for the entire faculty. Ellis Bean is assistant custodian and flunky and bus driver. Other bus drivers are Mr. Tate, Mr. Raughton and Mr. Trussell.

Mrs. Owens, Mrs. Heflin, Mrs. Taylor, Miss Thane and Mrs. Boshier commute to the school from Stamford. Mrs. Ballard commutes from Haskell, and the other faculty members live on Faculty Row at the school.

Little Judy Callaway underwent further surgery at Anderson Hospital in Houston Friday morning for amputation of her right leg. This was necessary to stop a malignant condition. Her Paint Creek friends are sending to her and her family our very best wishes and pray that she may be well soon.

Don Summers, who has been a checker and food display man for Safeway store in Stamford was promoted last week to assistant manager at Sweetwater. He and Mrs. Summers moved to Sweetwater last Monday. His wife is the former Brenda Brewer, daughter of Mr. and Mrs. Brewer of Mattson.

The Freshman class enjoyed a theatre party Monday night at Stamford and saw "Around the World in 80 Days." They later had supper at the Dixie Pig. Miss Billie Boshier is the class sponsor.

Mr. and Mrs. Jerry Loe left for Houston after the Paint Creek-Rochester game Friday night to be at the bedside of Mrs. Loe's sister, Judy Callaway who is in a hospital there.

Mrs. Eric Bergstrom underwent abdominal surgery in the Haskell Hospital Wednesday morning. She is getting along nicely and Joy is staying with her aunt and uncle Mr. and Mrs. A. A. Schaake and going to school.

Mr. and Mrs. Allen Morris from Seymour were here over the weekend to be with her mother. Mrs. Eric Bergstrom who is a hospital patient.

I have to correct some Boobies I have made. First, I must shorten Sammy Griffith's wheat. I heard it was 10 or 12 inches high, but Mr. Griffith says it is about 8 inches shorter than that. It is just thick and green and from the road looks taller. Then I said Allen and Genelle had a Ford pickup and car, and they have a Chevrolet car and a Chevrolet pickup.

We are very proud of our Walton girls who are in North Texas State this year. Glenda pledged Alpha Delpha, Phi sorority the first semester, and this semester is pledging the

Green Jackets which is quite an honor. Nelita has only been in school since September and is pledging Alpha Delpha Phi sorority this semester. They are the very popular and talented daughters of Mr. and Mrs. Glenn Walton.

O. W. Tooley, mail carrier for Route 3 in Paint Creek has been elected president of the Rural Letter Carriers Association of the Stamford area. It includes the mail carriers of six counties in its organization.

The Paint Creek basket ball girls lost to Rochester at the Haskell gym last Thursday night in the last play-off game to determine the champion of this district. Rochester will play Benjamin at Stamford this week to determine who goes to Canyon for regional play.

The T. N. Gillespies and the Marvin Cobbs both have oil wells, and a well is being dug on the Gladstone McLennan place. Congratulations.

Fred Shaw from Borger spent last weekend with his parents Mr. and Mrs. Fred Shaw.

Mrs. Manuel Thane spent last week in Abilene at the bedside of her father, Harve Sconce who is a patient in Hendrick Memorial Hospital. His condition is not very much improved.

Don Hager played basketball at Cisco Junior College Friday night week in a try out for a basketball scholarship to the college.

Mr. and Mrs. Albin Hokanson attended a joint celebration February 15 of the birthday of his mother and the 25th wedding anniversary of his sister and her husband. Mother Ida Hokanson celebrated her 78th birthday and Mr. and Mrs. Fingal Strand of Tucumcari, N. M., celebrated their anniversary at the home of Mrs. Hokanson.

Saturday night the Cubs of Pack 48 and their parents celebrated Boy Scout Week and the 49th birthday of Scouting, with their annual Blue and Gold banquet at the school luncheon. Tables were arranged in the "living circle" and supper was served buffet style.

The head table had for a centerpiece a huge oblong cake in tiers representing the steps in Cubbing. The first layer was "Bobcat," the second was "Bear," the third "Bear," the fourth "Lion," and the fifth "Webelos" had a miniature Cub in the center. Lettering on the white cake was in blue and pink.

Each table had for its centerpiece a gold log with a blue hatchet on it. Lion Cub Danny Ivy gave the invocation. After supper the Cubs took charge of the program. Danny Isbell was master of ceremonies. Den 1 gave a skit in rhyme on George Washington. Den 2 sang "If You're a Cub," Den gave a skit in costume of incidents in the life of Lincoln with parts of some of his speeches, and the Webelos Den had their ceremony. Mike Overton in Indian costume was Akela and directed the Webelos ceremony. Danny Isbell, Danny Carl Ivy and Curtis Bittner received their Webelos badges and their mothers received the Webelos pins. Bear badges were awarded to Spencer Patty, Eugene Palacios and Gordon Don Harris.

I have seen many Pack meetings and I believe this was the best I have ever seen. Pack Master Lem Ivy and the Den Mothers are to be commended

on the Pack they have. Den Mothers are Mrs. Bill Huss and Mrs. Ellie Bean, Den 1; Mrs. Homer Livengood and Mrs. Ray Perry, Den 2; Mrs. Luther Harris and Mrs. Lem Ivy, Den 3 and the Webelos Den.

Special guests for the evening were District Commissioner Burr Russell from Stamford and Scoutmaster Gene Overton of Troop 48 Paint Creek.

The high school friends, the members of the Methodist Church, and many other community friends of Judy Callaway sent her a portable TV set for her 16th birthday, which was Wednesday, March 4. The members of her class, the Juniors, sent her a transistor radio. Mr. and Mrs. Jerry Loe took them to her as they went Tuesday.

Attending the Rural Church Achievement Conference at the Baptist Church in Anson last Thursday, Feb. 26, were Mr. and Mrs. Morris Haynes, Mr. and Mrs. W. E. Griffith, Mrs. Vernay Howard, Mrs. Dale Middlebrooks and Mrs. Homer Livengood of the Paint Creek Baptist Church.

Rev. Bud Moore pastor of the Paint Creek Baptist Church is a surgery patient at the Haskell Hospital this week. He is recuperating nicely.

R. V. Earles and little son Bob both underwent tonsilectomies at the Haskell Hospital last Friday. They are fine, and Bob is back in school.

## Research -- An Investment In Your Health

The heart and blood vessel diseases are the nation's leading health menace. They account for more deaths each year than all other causes of death combined. That is why we are now presenting a frank examination of the heart problem and of what we must do in an attempt to solve it.

In 1957, the latest year for which total figures have been compiled, more than 875,000 Americans died of heart and blood vessel diseases. Close to 246,000 of these victims were in the most productive years of their lives -- less than 65 years old. Included were wage earners and business executives alike. The loss of their skilled hands and minds left gaps in the nation's industry that were difficult and, in some cases, impossible to bridge.

Aside from the mortality tables, it is estimated that more than 10 million Americans suffer from one or another of the many forms of cardiovascular disease. The total annual loss in productivity exceeds \$3 billion, and the loss in Federal taxes is more than \$400 million. And, dollars and cents aside, how does one measure the personal suffering, the grief, the economic adversity suffered by the family when heart disease strikes?

This, admittedly, is a harsh accounting. But it would be worse if medical science had not begun to develop controls during the past few decades. Scarcely a month now goes by without an announcement of new advances in diagnosis and treatment. Most dramatic, of course, has been progress in surgery on the heart and its great vessels through the invention of the heart-lung machine, and in the technique for

replacing diseased and weakened blood vessels. There have often been great achievements, however. Among them are: development of drugs to control high blood pressure; the application of antibiotics to control certain bacterial infections of the heart lining which, even in recent years, were almost always fatal; new techniques to prevent initial attacks of rheumatic fever, frequent forerunner of crippling rheumatic heart disease, and to protect rheumatic fever victims from repeat attacks; and new clinical equipment to provide more accurate diagnosis of heart ailments.

These and many other heart-saving developments have been achieved because a great body of medical scientists at work at hospitals, universities and laboratories throughout the nation searching for new knowledge to conquer our leading health menace. A large part of their work is made possible by Heart Fund allocations which have exceeded \$32 million in the past ten years. Thus, today's heart progress is your visible dividend from the Heart Fund investments you have already made.

Despite these victories, the biggest part of the fight to conquer the heart diseases is still ahead of us. We still don't know the basic causes of hardening of the arteries and high blood pressure, disorders responsible for 90 per cent of all deaths from diseases of the heart and blood vessels. Tracking down those causes and finding ways to control them adds up to one of the biggest jobs confronting medical science today. The Heart Association says it can only be done through expanded research.

It's up to us to decide now, while the Heart Fund drive is in full swing, whether the Heart Association will be able to expand and intensify its life-saving efforts. Only if we increase our Heart Fund contributions can more medical scientists be put to work on this vital job. Looking at the picture objectively, this department thinks that larger gifts to the Heart Fund for more research is an investment we can't afford to put off.

Remember, the Haskell County Door-to-door canvass for the Heart Association will be Sunday afternoon, March 8. If you are not at home when the

volunteer calls at your door you will be left an envelope to mail your contribution to J. M. Crawford, Box 92, Haskell, Texas. Mr. Crawford is the Haskell County Treasurer for the 1959 Heart Fund Drive.

### HERE FROM ABILENE

Mr. and Mrs. Alvah Crasdale of Abilene spent Sunday here visiting in the home of Mr. and Mrs. George Neely and Mrs. Frankie Atkinson. Mr. and Mrs. Crandall suffered heavy property loss recently when the small cafe they owned and operated in Abilene was wrecked and virtually destroyed by an explosion. The mishap occurred at night after the establishment had closed, and luckily no one was injured. The Abilene man said the explosion was believed to have been caused by a leaking gas line.

**'Kings Go Forth' Opens Sunday At Texas Theatre**

A poignant love story of two American soldiers for an American girl who lives a lonely life with her widowed mother on the French Riviera during the last days of World War II is the theme of the Frank Riss production, "Kings Go Forth," at the Texas Theatre through United Artists release.

Frank Sinatra, Tony Curtis and Natalie Wood are co-stars in "Kings Go Forth," and the supporting cast is headed by Leora Dana, Karl Swenson, Anne Codee and Jackie Berthe.

Sinatra, who often kiddingly refers to himself as a "thin singer," considers his role in "Kings Go Forth" his most exciting and important one since his memorable portrayal of

"Maggio" in "From Here to Eternity."

In "Kings Go Forth" Tony again plays what he calls a "for-real" role, as a draft-dodging playboy soldier who trifles with the affections of a beautiful girl who has fallen in love with him.

Natalie Wood, who has been Hollywood's epitome of teenager of the Beat Generation, graduates to a new kind of role in "Kings Go Forth." As Monique, the American-French girl living in France, she es says her first mature role.

"Kings Go Forth" was film-

ed in part in beautiful world—the Azur of France. M. R. HEMPHILL, TENNILE, WOOD, Hemphill, across Texas, where is to undergo hospital in the Want Ads quick deal seller.

A washday miracle! Just toss in the clothes, set controls . . . your RCA WHIRLPOOL takes it from there. Washes up to 10 lbs. at a time with powerful, jet-stream of filtered sudsy water . . . Then, automatically, clothes are dried fast with Gas and pass through a cooling-fluffing cycle to remove wrinkles, cuts down ironing. Then the machine shuts itself off . . . and all the while, you can be busy elsewhere!

Gas saves you money, time . . . gives you better results! Exclusive Filter-Stream washing and rinsing action flushes out even stubborn soil yet is safe for the most delicate fabrics.

Built-in gas water heater automatically maintains temperature throughout wash and rinse cycle.

Tempered Heat, another RCA WHIRLPOOL exclusive, insures safest drying for anything from sheer nylons to jeans.

Saves your time two ways . . . frees you for other work or relaxation, is 30% faster than electric combinations. Can be used as washer only, dryer only.

See this modern miracle gas appliance today at Lone Star Gas. Down payment tailored to your needs — 36 months to pay.

### Weinert Future Farmers Exhibit In Houston Show

Two Weinert FFA boys, Danny and David Earle, accompanied by their advisor, Bobby Joe Browning, left Sunday for Houston where the two Future Farmers will have entries in the Houston Fat Stock Show. They will be gone a week. Projects which were carried are a Jersey beef heifer owned by Danny Earle and a Hereford beef heifer owned by David Earle. The beef Hereford was won by David in the Houston calf scramble last year. Both animals won first placings in the Haskell County

FFA Show this year. The Hereford beef heifer also won second place in its class in the Wichita Falls Junior Beef Show recently. The two Future Farmers are the sons of Mr. and Mrs. E. D. Earle of Weinert.

### Bond Purchases In County \$47,004 In January

During the month of January, the people of Haskell County purchased \$47,004 in Series E and H Savings Bonds, reports J. M. Crawford, chairman of the county Savings Bonds committee. January purchases represented 14.6 per cent of the 1959 goal, the county chairman stated.

### Fire Damages Welding Shop Monday Night

Fire believed to have started from faulty wiring caused considerable damage at the Matthews Welding Shop early Monday evening, but firemen were able to check the blaze within minutes after their arrival. The fire was reported at 8:05 p. m., a short time after the shop had closed for the day. Firemen quickly extinguished the flames, which were just beginning to spread across the front section of the wooden building.

Some damage resulted to the building, but heaviest loss will be on welding shields and electrical equipment, the owner, Otis Matthews, said.

### Aldermen Biard And Frazier File For Re-Election

Aldermen Myron Biard and Byron Frazier, who are completing two-year terms as members of the City Council this month, have filed as candidates for re-election as Aldermen. Their applications are the only ones that have been filed to date. City Secretary T. J. Arbuckle said Wednesday, Saturday, March 7 is the last day on which candidates can file. The city election will be held Tuesday, April 7, and application for a place on the ballot must be made 30 days in advance of the election, the city secretary explained.

### Revival Planned At Foursquare Church

A revival will be held at the Foursquare Church in this city beginning Sunday, March 8 and continuing through Sunday, March 15. Evangelist C. R. Dunaway of Odessa will bring a series of revival messages, and will preach nightly at 7:30 o'clock. A welcome awaits all who attend.

### Displays Will Be Continued In Vacant Buildings

Display windows in vacant buildings in the business section will be utilized by Haskell merchants for merchandise displays as part of a program to make the business area more attractive. It was announced following a meeting of the retail trade committee of the Chamber of Commerce Tuesday afternoon. The plan was put into effect last year, and met with favorable response on the part of local businessmen as well as owners of the unoccupied buildings. Display space will be assigned on a monthly basis, it was explained.

### Robert Barth Is New Manager At Perry Bros.

New manager of Perry Bros. store here is Robert Barth, formerly associated with the Perry store in Stamford. He was transferred here as Haskell manager March 1, to succeed former manager Lonnie Bounds who goes to Seymour and will be in charge of Perry's in that city. Mr. and Mrs. Barth will move to Haskell this week. They have two children, Mark, age three years, and Glenda, who is 18 months old.

### One Couple Is Listed Among New Residents

Listed as new residents of Haskell are Mr. and Mrs. D. H. (Doug) Brown Jr., who have moved here to make their home. They are living at 1408 North Avenue L.

In cooperation with the Chamber of Commerce, the Progressive Study Club contacts new residents moving to Haskell and newcomers are presented gift certificates from Haskell merchants as a welcome to the community.

### HASKELL VISITORS

Mr. and Mrs. D. M. Kingston of Mineola, Texas, visited relatives and friends in Haskell and Paint Creek the past week. Mrs. Kingston is the former Veda Williams and the daughter of Mrs. J. L. Dilbeck of Haskell. Mr. Kingston is the son of Mrs. B. M. Kingston of Paint Creek.

### Area IV Meeting Of FHA Slated At Stephenville

Approximately 1200 high school girls from 100 high schools in North and West Central Texas will be on the Tarleton State campus March 6-8 for the Area IV meeting of the Future Homemakers of America.

The theme of the convention will be "Alice in Home Economics Land," Area Advisor Mary Moore said. The first session will be the House Delegates meeting March 6 in the main auditorium. At this meeting, area officers for 1959-60 will be elected. The meeting will be held Saturday, March 7, at 9:30 a. m. in the main auditorium. Honorary membership conferment and installment of new officers will make up the second session.

### CARD OF THANKS

We want to take this means of expressing our sincere appreciation to our many friends for your many acts of kindness, words of consolation, and beautiful floral offerings during the illness and death of our loved one, Neil Mathison. May God bless each of you in our prayer.—Mrs. Neil Mathison, Mr. and Mrs. R. A. Mathison and Sandra. 10p

### Central Baptist Building Bonds Quickly Sold

A bond sale to underwrite the cost of a new building for the Central Baptist Church was completed in one week's time, the Rev. J. V. Vestal, pastor of the church, stated Wednesday. The entire bond issue of \$13,500 was quickly subscribed by people of the community, representing not only members of our congregation but many other friends of the church, Rev. Vestal said.

First offering of bonds was made February 22 and the last bond was sold February 28, he stated.

"We are very grateful for this outpouring of support that will make our new sanctuary possible," the pastor said.

Work is to be started immediately on the new building, and the foundation has already been completed. The structure will be of brick veneer and will be 38x68 feet in size. It will be built with donated labor and is due to be completed in 90 days, the pastor said.

In addition to the church auditorium, the building will include pastor's study, church offices, a nursery and baptistry. The old church building will be converted into an educational building.

In selling the bond issue, a contest was held between two teams, the first team composed of James Kelly and Hines Bishop, and the second composed of Jimmy Atkinson, Bob Thronberry and Bill Davis. Kelly and Bishop turned in the largest sales to win the contest.

### NOTICE TO BIDDERS

The Commissioners Court of Haskell County will receive bids until 10:00 A. M. Tuesday, March 24, 1959, on the following described machine:

One new crawler type tractor loader. Machine to be not less than 52 H.P. full diesel engine with gasoline starting engine. Bucket capacity not less than 1.8 cubic yard hydraulic controlled including bucket teeth installed. Tractor to have enclosed oil type clutch and machine must not weigh less than 16,000 lbs.

Bids will be received at the court house in Haskell, Texas. As part payment the county offers for trade one used Hough rubber tired loader. The court reserves the right to accept or reject any or all bids.

### Funeral Held At Rochester For Mrs. Martindale

Funeral service for Mrs. Mary Helen Martindale, 92, was held at 3 p. m. Sunday at the Rochester Methodist Church. Mrs. Martindale, a Rochester resident since 1903, died at 4:30 p. m. Saturday in the Haskell Hospital. She had been in ill health for several years.

Conducting the funeral rites were the Rev. David Rackley, Methodist pastor at Rochester, and the Rev. Cecil Vaughn of the Assembly of God Church in Haskell.

Burial was in the Rochester Cemetery with Mansell Smith Funeral Home in charge.

Born Aug. 27, 1866, in Nashville, Ark., she married James A. Martindale there Oct. 4, 1883. He died Aug. 18, 1932.

Mrs. Martindale was a member of the Methodist Church, the Eastern Star and Rebekah Lodges.

Survivors include three sons, Dr. Lee Martindale of Oakland, Calif., Luther Martindale of Dallas, and Hicks Martindale of Rochester; four daughters, Mrs. May Hedgepeth of Dallas, Mrs. M. H. Frederickson of Knox City, Mrs. E. F. Johnston of Oakland, Calif., and Mrs. A. S. Lambert of El Cerrito, Calif.; 11 grandchildren, 10 great-grandchildren, and two great-great-grandchildren. A son and daughter preceded her in death.

The Great Seal of the United States is older than the Constitution. The Great Seal had its beginning in 1776. The U. S. Constitution was completed in 1787.
