NO. 27

INCORPORATION TEST LOST IN DISTRICT COURT FRIDAY, THE CASE IS APPEALED

According to the decision of the District Court Friday, the government of the city of Hermleigh will continue to perform the proper functions of its duty. The case has been appealed, but until Judge McGuire is reversed in a higher court the council for the city will still perform its duty.

Only three points of law are involved in the case, according to the case as tried Friday. 1st. The laws says such proceedings must come up at a regular meeting. The minutes show that the councils regular meeting night to have been Monday night and the action was taken on Friday night, November the 4th, '27. The minutes further show that the previous meeting, Monday night Oct. 31st, recessed awaiting the return of one Mr. Douglass with whom the deal for the water system was being made. The court ruled that a recessed meeting was the same in the eyes of the law as a regular meeting. The court further ruled that clerical errors would not effect the facts in case in the eyes of the law.

2nd. The law requires a two third vote of a quorum, three aldermen and the mayor, for a motion to change the incorporation from a town and village to a city incorporation to carry. In this case five aldermen and the mayor were present. The matter came up and the vote is re-

corded to have been three for the change, one against it and one declining to vote. The court ruled that, there being a quorum with out him, the alderman declining to vote wouldn't effect the right of a quorum to vote nor render invalid the 2-3 majority vote cast.

3rd. The law says that there must exist one or more manufacturing plants within the limits of the city, if the population is less than 600, before a council can change an incorporation from a town to a city. The court ruled that the law with reference to the necessity of there being one or more manufacturing plants within city limits was only a matter of surety that there be sufficient tax value to maintain a city government. The court ruled that the fact of the existence of a feed mill and a job printing shop, which meet the letter of the law concerning manufacturing plants, sustained the legal action of the council in voting the change.

The case being appealed, the council of the city is under injunction until the case comes up the court at Cisco at an early date.

The city will continue to perform its regular and necessary duties, but will refrain from issuance of any warrants are the like expenditure of money until the Cisco court has rendered its decision.

PRETTY GIRL, 18, KILLED IN CAR WRECK

Miss Fannie, 18 year old daughter of our own L. R. Fargason, was instantly killed early Tuesday morning when the car in which she was riding was wrecked just outside of town. She and her brother had recently moved to a farm west of town and she was coming into town alone early Tuesday morning when the accident occurred.

The car was turned completely over and was resting upon her when found a few minutes later. Her back and neck were both broken. Just how the accident occurred is not viewed alike by those who reached the scene early, but thought to have been caused by a locked steering gear.

Winn Lee, M. U. Vernon and W. D. Hooper were among the first to reach the scene and brought the badly bruised body to the Fargason home in the east part of town.

The funeral services were held at the First Baptist Church Wednesday afternoon. The Rev. Leslie in charge. The body was laid to rest in the cemetery, here.

MR. WILLIAMS IS HERE

Mr. Williams, manager of the Williams and Terry Gin-Co., is here this week re-arranging and shaping the ginhouse for the new fittings which are to arrive and be installed soon.

Mr. Williams is the general machanic for the company and, according to Mayor Terry, the re-arrangement of the gin here under his supervision will mean a real cotton gin for Hermleigh.

The cotton farmers of the community will be glad to know that the latest and best ginning machinery is being installed here for their use this fall.

Little Miss Marlene McQuaid is expected to return from the Sanitarium today. She was operated on about 15 days ago, and is doing nicely it is reported.

Mr. and Mrs. Tom Weaver have just returned from Clifton where they attended the funeral of the latter's brother-in-law, Mr. J. Proffitt. They drove a distance of 616 miles in two days.

Hermleigh

"I would to God the gift He'd give us that we could see ourselves as others see us."

—Robert Burns

(By Humorous Intent.)

Yes, we've moved to the country, and why not, and get use to it? when a large percent of our people are trying to "tear the city fence down?" Some are even aiming to "pull up all the 'city' posts." R. C. Watts, farmer, 2 miles out, said that if the courts turned this bunch of "Ignition Boobs" of the 'supposed City of Hermleigh' loose on the quiet, peaceable country folk he was going to sue the government for damages. Stick it to 'um, Watts!

After we have tested the legal side of our "incorporation fuss," then let's test the moral side of it. Good men should always come first; then principles of right dealings with them, and last comes personal preferences and fancies.—"Are you not your brother's keeper?"

We suggested a while back that our women organize a civic "Start It Club," with the view of trying to resurrect their dead husbands. We have had no response as yet, perhaps they all fear the consequences.—"Some shall be resurrected unto life, but others unto condemnation."

One can look at main street, from depot to depot, and determine from its appearance just how much account we Hermleigh fellows are. L. M. Lewis of the Penrant Oil Station said that he'd put a man and a truck on the job of "re-pairing" main street but, receiving no second, the motion died. But there was heard from the lazy populace the following response in drowsy tones: "As-the-tree-falleth, so-shall-it-lie!"

They put us on the 'stand' over in court Friday. They ask us if we had 'manufactured' any thing since we've been here. 'If you mean by 'manufacture,' to make,' yes. "We have made and 'flooded the market' with 'bone-head errors' since coming here," was our honest reply.

Some of us never speak of the city limits, thinking the incorporation itself is the "limit."

TYPICAL SMOKE, THAT!

The editor has attempted to smoke three nice cigars since the injunction trial last Friday. Our good friends W. W. Early Daddy Boone, and Will Stevenson have all presented us with a cigar each. These men are good sports.

It was a little hard to endure the smoke—and believe us it was some smoke—it mistook our nostrils for chimneys and 'went right up them.' H. R. Lewis said that we had as well smoke now in connection with this suit as a little later, and that it is better to smoke 'here' than 'hereafter.'

Mrs. Joe Senirik is improving in the Glenrose hospital.

HAD HELP, TOO!

Earl Stevenson is a practical farmer. He cultivates 150 acres of land, and farms it well. But the thing of interest about Stevenson is the fact that he is actually "making his living while he makes his crop." He has four fine milk cows, four real good horses, a yard covered with pretty chickens and all the hogs an average farmer would need. This is the type of farmer the country needs.

We are sure from what we could see that Mr. Stevenson has had the capable assistance of a mighty good wife.

GOT'EM THIS TIME

Jim Pagan and W. A. Laster of China Grove were in town Saturday. Mr. Laster has recently moved here from Eastland County.

Pagan had a birthday Saturday. He celebrated early in the morning by looking through his large peach orchard. His peach crop is 400% good. The ground is in better condition for planting than has it been in many years, he said.

The Rev. Parks was here for his regular services last weekend. The evening service was disturbed by a thunder storm.

GERMAN SCHOOL NOTES

Mr., Mrs. John Zalman and Mr. Ed Pavalos have returned from Smithville, where they attended the funeral of their mother.

The Catholic Church services last week was well attended.

The P. T. A. will meet next Friday night, April the 12th. Everybody is welcome to join us.

Messrs. H. A. Wimmer and Frank Wenetschlaeger will leave for Corpus Christi Tuesday.

Rufus, Mrs. Mize accompanied by Misses Clara and Annie Watzl attended singing at Hermleigh last Sunday.

Mr. Robert Schulze is sporting a new Farmall tractor.

Mr., Mrs. Robert Schulze, Mr., Mrs. Frank Watzl and Mrs. H. J. Schulze were in Sweetwater Thursday.

Vernon Pagan was absent today from school on account of farming.

Mr., Mrs. Frank Watzl and Mr., Mrs. Walter Goebel were dinner guests at the home of Herman Schulze Sunday.

G. W. Wemken and family visited in the home of Charlie Walton Sunday.

Frank Roemisch, who is taking treatment at a Sweetwater Sanitarium, visited home folks here Saturday, returning to Sweetwater Sunday.

J. D. Pagan is spending the week in Snyder.

A PLAIN CASE

There was no 'ox in the ditch.' There was no ox, they are extinct—too slow for the time. There is no ditch out on that pretty level strip of country, but Earl Steven son re-covered his barn Sunday morning. The high wind late Saturday lifted the cover off of his barn, exposing his feed to the threat of rain Sunday, and a good church man "worked a little on the Sabbath."

The trustee election passed by quietly here Saturday. There were no hot issues to excite us. —"Every cloud will have a rainbow, if the heart keeps right."
