FLOYD COUNTY COTTON HARVEST MOVING AHEAD-Cotton strippers can be seen around Floyd County as the cotton harvest continues since the freeze a couple of weeks ago. Many producers defoliated their cotton, while others were waiting for a hard freeze. Delmas McCormick and Raymond Yannis were seen Tuesday morning stripping the cotton on the Mark McCormick farm in southern Floyd County. Staff Photo

## Harvest moving fast

Beautiful Fall weather has enabled cotton strippers to keep up a very fast pace in the fields, and as usual producers have mixed reviews on the cotton harvest.

Over 183,000 acres of cotton were originally planted in Floyd County: 130,118 in irrigated fields, and 53,246 in dryland fields.

A June storm resulted in a loss of 5,975 irrigated acres, and 2,303 dryland acreage.

According to County Extension Agent J.D. Ragland, "We got off to a good start at planting time with some good moisture. The June storm totaled some fields and affected the yield on many others.

"We did not have timely rainfall during the growing season and producers had to really depend on irriga-

tion. "It was hard on the dryland. The rainfall was extremely spotted. Some portions of the dryland did well and others were not good."

According to Ragland the yields are probably better than expected in the irrigated sections. "On the high side I've heard of 3 bales an acre," said Ragland. "That is extremely good. The average yield will be 2 bales--which is still better than expected.

"On the reverse side, the dry pockets were not good. On the high side dryland produced 1/2 - 3/4 bale per acre. The average is probably more like 1/4 bale per acre."

Ragland says he believes Floyd County should feel very blessed with their crop. "We are fortunate compared to some neighboring counties.

Lynn County had hardly any cotton." Although producers had to spend a great deal on irrigation they were not hit as hard in the pocketbook for insect control.

"Insects were at an all time record low," said Ragland. "Last fall we had harsh weather which killed off a lot of insects and we also had a huge number of beneficial insects out during the year. The good bugs took care of the pests."

Ragland said the boll weevil spraying does not contribute to the low pest population. "Boll weevil spraying kills the boll weevils," said Ragland.

"Our harvest weather is really helping out too," said Ragland. "Producers are able to get in the fields, and stay in the fields. This also helps maintain the quality."

## Floyd County schools to honor all local veterans

Schools in Floydada and Lockney will be honoring Floyd County Veterans in special ceremonies.

FISD and LISD will need the help of local veterans to accomplish this endeavor. The school districts do not want to overlook any veteran and only have the lists provided by the American Legion and the Veterans of Foreign Wars. If you are not a member of either of these then you will not be notified by the school.

In Floydada, Duncan Elementary is asking veterans to call, 983-5332, and give them your name and address.

Floydada's Veterans Day Program will be held on Monday, November 12, at the High School Auditorium at 2:00 p.m.

Lockney's Veterans Day Program will be held on November 8, at 11:00 a.m. at the Longhorn Gymnasium. All Floyd County Veterans are invited.

Set Your Clocks Back One Hour When You Go to Bed Saturday Night!

## Lockney ISD enrollment down

Lockney School District's enrollment figures are down again. As of October 23, enrollment at LISD was 695 students, a decrease of 29 students.

Every campus in Lockney showed a decrease overall, although certain grades did have an increase in students as larger classes moved up in rank.

Lockney Elementary campus dropped 18 students overall from last year, to an enrollment of 312.

Lockney Junior High School enrollment decreased by 6 students to a new number of 174.

Lockney High School enrollment is now 209, down by two students from last year.

The ethnic breakdown for Lockney

Elementary is: 66% Hispanic; 31% White; and 2% Black.

Lockney Junior High's ethnic breakdown is: 53% Hispanic; 46% White; and 1% Black.

The ethnic breakdown at Lockney High School is: 58% Hispanic; 39% White; and 2% Black.

## Bracelets help Alzheimer patients

Floyd County businesses and organizations are joining together in a program to keep track of persons suffering from Alzheimer's or other dementia.

The "In Safe Hands" Program makes bracelets available to those who may wander away from home or who may be more likely to get lost. The bracelets will be engraved with the person's name and the number of the Floyd County Sheriff's Department.

The Sheriff's Department will have names on file of everyone registered with the In Safe Hands program. Pertinent information on how to contact family will also be available to the Sheriff's Department.

The bracelets will be engraved free of charge, by Schacht's Flowers in Lockney, and processed and delivered by the Floyd County Extension Service Staff.

When a phone call is received at the Sheriff's Department, the caregivers will be contacted immediately. Caregivers can also call the Sheriff's Department to alert them that the person with memory impairment is missing.

The "In Safe Hands" Program is a collaboration between the Texas Department of Human Services Alzheimer's CARE Program, Floyd County Extension Service, Floyd County Sheriff's Department, Schacht

Flowers, Jewelry and Gifts, and the Agency on Aging at South Plains Association of Governments (SPAG).

The bracelets will be provided free of charge through a grant given to SPAG by the South Plains Chapter of

the Alzheimer's Association.

If you need more information, contact Dana Bear, 743-3095, or Virginia Chavez, 743-3096, at the Texas Department of Human Services' Alzheimer's CARE Office.

'IN SAFE HANDS' TO MAKE BRACELETS AVAILABLE-Floyd County services, several businesses, and the "In Safe Hands" program of the Human Services Alzheimer's CARE Program are making bracelets available free to keep track of persons suffering from Alzheimer's or other dementia. Those shown displaying one of the bracelets are: (l-r) Floyd County Extension Agent Melissa Long, Margaret Schacht doing the engraving, and Margie Fowler, a member of the CARE group.

## Floydada's voting districts will change

The Floydada City Council met Tuesday, October 16th, in a closed Executive Session with their attorney concerning pending litigation by former Floydada Police Chief James Hale. Following the lengthy closed Executive Session, no action was taken by the council on the issue in open session.

The Hale vs. City of Floydada trial is being held this week in a federal

court, in Lubbock. All discussion on the case has been held in executive session. Hale contends that he was unjustly terminated and the City refutes this.

Concerning the City's Redistricting Plan, City Manager Gary Brown told the council, "We have the preliminaries done and we will have to move some people (boundaries). The rules and regulations state that we must be within 5 percent of equal population

in each district.

"We have two districts that are outside of the limits a little bit. District No. 1 is a little less than (the 5 percent limits) in population and District No. 3 is a little more than (the 5 percent limits) in population.

"Every district is supposed to have a certain number of voters. Our total voters in the City is around 980 based on the 2000 census," Brown continued. Continued On Page 8

## Trick or Treat Plans in Floydada & Lockney

### LOCKNEY

Lockney schools would like to encourage all children to trick-or-treat on Saturday, November 3rd.

PTO's Halloween Carnival will also be held, November 3, from 6:30 - 9:00 p.m.

Residents of Lockney are encouraged to not provide treats to youngsters until the night of November 3. This is done in an effort to keep children at home on Halloween night, Oct. 31, which is a school night.

### FLOYDADA

Door-to-door Trick or Treating is discouraged in Floydada, as the Chamber of Commerce has stepped in to provide a "Trunk or Treat" activity at the city park across from Floydada High School. Trunk or Treat will be held Saturday, Oct. 27 (the Saturday before Halloween).

The Floydada Chamber of Commerce, is seeking candy, or money, donations to help with the annual Halloween Trunk or Treat.

Trunk or Treat will be held Saturday, October 27th at the park across from Floydada High School.

Trunk or Treating is encouraged in Floydada, in lieu of Trick or Treating in the neighborhoods.

Trunk or Treat candy is distributed to costumed youngsters out of the trunks of "pre approved" vehicles parked along the jogging path in front of Floydada High School.

All candy is supplied by donations to the chamber and the chamber is currently seeking those donations. Anyone wishing to donate candy, or money to buy candy, should bring the donations to the Chamber Office, located in City Hall, or by dg Designs.

Anyone wishing to pass out candy along the jogging path needs to call Donna, 983-5506, or Angie, 983-

3434.

In the event of inclement weather, Trunk or Treat will be moved inside the High School.

Early voting now in progress.

Floyd County Voters will be choosing their new State Senator and voting on Constitutional Amendments.

Remember your voter registration card.

Nov. 6 is Election Day

**BY THE WAY**

It's time to vent. I'm been giving you a break--hope you enjoyed the peace and quiet.

By all the news accounts, our fighting forces in Afghanistan appear to be accomplishing their missions.

They are fighting terrain, natives, unknown and unseen enemies, approaching winter weather and CNN.

I was pleased to hear that American forces took out the Taliban's communication capabilities. It would now be easier for our forces to move quickly from point to point if the enemy didn't know where they were--where they had been--and where they were going next.

It was thoughtful for CNN to step in and pick up the communications for the Afghan people and Taliban. After all--it is the policy of the big network news to appear impartial and neutral.

The President asks the media not to put Bin Laden's remarks on TV. CNN is the only news station that felt it was necessary to put the last Bin Laden tape on the air--the other big networks did not think his remarks were newsworthy.

Newspapers and television reporters are covering the story of "unnamed sources" releasing information that endangers the soldiers.

The media clucks their collective tongues at "leaks from high places" that threaten our soldiers--but fail to acknowledge their responsibility not to put the information out to the public in the first place.

Just because someone comes to me with "information" does not absolve me of the responsibility to use my head and not print the "information" if it is libelous or slanderous.

In the same way the news media should have the common sense not to print information which obviously puts our soldiers in danger. I believe the media is more at fault and should

be more accountable than the "loose tongues" in "high places".

I also believe it is ludicrous for the "elite", "impartial" media to show their "neutrality" by refusing to proudly show loyalty to their country.

ABC, NBC, CBS, CNN, and FOX news aren't products of Afghanistan, Iraq, Iran, China, or Russia. They are American journalists, broadcasting from America because America gives them the freedom to do so.

I recently read of the "Shaw Doctrine"--named after Bernard Shaw of CNN.

During his reporting of the Gulf War Shaw refused to be "debriefed" by the U.S. military because he felt it would take away his neutrality in the conflict.

"It was," as one writer said, "as though Shaw considered himself more a citizen of the world than of the United States."

Some journalists place their own role above the cause of the nation during wartime--the same nation that safeguards those rights.

ABC news recently banned its journalists from wearing lapel flags. Barbara Walters said it was discouraged because it "might confuse the audience". What audience?

New York's Cable News Channel 12 banned the flag saying, "We have to avoid giving an impression of leaning one way or the other."

How does expressing allegiance conflict with being objective? The flag is not partisan or divisive to Americans--maybe to the Taliban, but not to Americans.

If you are offended by the flag and the "good living" in the country our flag represents--then leave and be happy un-offended in another country of your choice.

The times, they are troubling. I know. I know. In times of crisis we are supposed to do what the government tells us to do. But what is the government telling us to do?

It can only be hoped the government is not as confused at the moment as it appears. On the one hand we are told not to worry, to get back to business as usual. On the other hand we are told, by implication if not by words, that terror lurks in every corner of the land. About the only thing certain is that each and every agency of the government will claim credit for any small success, and blame the others for any

perceived failure. How could the populace not be somewhat worried when the national media can talk of nothing else?

For awhile we could hear nothing but Bill and Monica, or Bill and whoever. Then along came Gary Condit, pushing everything else off the airways. When the planes hit the World Trade Center, Gary Condit disappeared, as if by magic. He is nothing but a ghost of yore. Now the big story is anthrax, which used to be something only farmers and ranchers worried about. Anthrax has been around as long, or longer, than anyone can re-

member. Our first President, George Washington, was, according to history, once afflicted by it. Anthrax, from what we have read, was one of the plagues visited on the ancient Pharoos. It is a naturally occurring, spore-producing bacillus that sometimes reaches epidemic proportions in wildlife when conditions are just right. When I was a kid, anthrax was just another problem we had to live with, along with blackleg and cattle tuberculosis. Now the mere threat of it can cause people to get uptight about their water supply, or their air conditioning ducts, or their mail.

In that sense the terrorists have already accomplished their purpose, if indeed the terrorists are to blame for the recent grip of fear in so many quarters. Completely aside from the lives lost in the terrible tragedy in New York, the World Trade Towers event has changed the way many Americans look at things. Now we see at least a few people in government, who used to be champions of the "open borders" concept of free and unlimited immigration, taking a second look and

thinking maybe, just maybe, we ought to be a little more careful about who gets in, and how they get in.

To be honest about it, the use of mail to spread terror does concern us a little. But even that is not entirely new in the world. When Palestine was under a British mandate, and Jews were agitating for an independent state of Israel back in the 40's and 50's, the mails were used quite effectively as a weapon for sending explosives. The British High Commissioner was

killed, if memory serves, by a "letter bomb" sent by a Jewish terrorist group. The Jewish underground wrecked havoc on the British presence until they packed up and left, clearing the way for the creation of Israel. Then the former terrorists became leaders in Israel's government, and those opposed to Israeli rule became the new terrorists.

We in America, (where various religions, and varying aspects of religion, live in relative harmony) simply cannot understand the animosity and bitterness that marks so much of the world's religious communities, all of whom profess one God. In Ireland Catholics and Protestants seem unable to live side by side in peace. Throughout the Muslim world there is downright animosity between the Sunnis and Shiites over which prophet was the true one. Between the Jews and Muslims there is even bitterness about who the mantle of Abraham passed to, Isaac or Ishmael, despite the fact that both claim kinship to Abraham and both recognize only one God.

Personally, we don't see those differences being abated very much in the near future. Given the world before us, there will be bin Laden's, of one stripe or another. Religion has now become a factor in politics, and politics a factor in religion.

I am reminded here of a comment made by former Governor Allan Shivers many years ago. "In politics," he told a staff member, "it's mostly about putting out the fire that's nearest you." Bin Laden is now that fire. But others, unless we miss our guess, will follow.

**Courtroom Activities**

In J.P. Court, Pcts. 2&3, for the months of August and September there were 112 cases filed, including:

31 speeding tickets, 8 tickets for no Driver's License, 50 for no seat belt, 4 for unrestrained child, 4 for expired registration, 3 for expired inspection sticker, 2 for violating driver's license restriction, 2 for disregarding a stop sign, 1 for minor in-possession of tobacco, 1 for no liability insurance, and 1 for failure to report change of address.

**Lockney Council hears problems of swimming pool**

During departmental reports at the October 18 Lockney City Council meeting, Arcenio Martinez reported the swimming pool had a major water leak.

According to Martinez water has been leaking out of the pool since summer. "This could lead to some major repairs in the future," said Martinez.

Police Chief Jerry Edwards reported on the junk car ordinance. He told the council that seven cars had been voluntarily removed or towed off by the city.

John Cabler, a Lockney resident of the 600 block of E. Boyce Street, asked the council to repair potholes and "rub boards" on the city dirt street in front of his house. Mayor Gary

The J.P.'s court also handled a small claims case from Davis Lumber against Georgina Perez, and a forcible entry detainer from Rhonda Thomas vs. Sherry Heston.

Forty-six tickets were also given by the License and Weight Division of DPS.

**JOHN PAGE'S** last day of work at Lowe's Pay-N-Save, in Lockney, was Monday, October 22, 2001. Page bought the Lockney grocery store in 1973 and then sold it to the Lowe's food chain in 1982. He has worked for different Lowe's stores until 1986 when he went back to work in Lockney. Page has lived in Plainview since 1946 and has been in the grocery business most of his life. John says he plans on visiting grandkids and travel during his retirement.

The center is for 60 year or older people. We serve lunch starting at 11:30 a.m. If you plan on eating please call the center at 983-2032 by 10 a.m.

Bob and Evalene Goodnight have just returned from a trip of visiting Evalene's sister, Lorene Ford, spending three nights. They went back to Oklahoma City to attend a birthday party for a sister-in-law Myrtle Medley who was celebrating her 95th birthday. Fifty-five relatives from Washington, Florida, Texas, Colorado, Nebraska and Arizona attended.

Jerrold and Bell Vinson have just returned from a months vacation to Padre Island. Bell said they really enjoyed the stay because there was not very many people there.

Darrell and Nancy Mayo have recently been on a Dan Dipert Bus tour touring the New England Fall foliage. Our sympathy to the family of June VanCleve.

Our sympathy to Betty Gilbreath on the loss of her brother.

Our sympathy to Evalene Goodnight on the loss of her last brother at the age of 93 years. He lived at Dove Creek, Colorado.

Thank you for remembering the center when you need to make a memorial donation.

Thought for the Week: Cal Thomas' article from Lubbock Avalanche October 18th in "Walk-through at WTC site indescribable" had a quote from a police officer. "Look at this. Here is the result of years of illegal immigration, softness on crime, cutting the defense budget, and a lack of attention to right and wrong in this country."

**Menu for Oct. 29 - Nov. 2**

**Monday** - Beef enchiladas, Mexican corn and beans, stewed tomatoes, tossed salad/1000 IS, chocolate cake.

**Tuesday** - Roast beef, potatoes, carrots, tossed salad/ranch, what roll, cinnamon roll or cake.

**Wednesday** - Sloppy Joes on a bun, fries or tater tots, carrots, gelatin, Halloween cookies.

**Thursday** - Lasagna, hominy or corn, brussel sprouts, carrot sticks, cornbread, peach cobbler.

**Friday** - Baked chicken, roasted potatoes, carrots, tossed salad/french dressing, cinnamon roll or cake.

## WHIRLWIND SAMS

Whirlwind Sam Trail Boss, Herb and Esther Wallace hosted the October campout at Wolf Creek Park and Lake Fryer in Perryton.

A morning coffee break with doughnuts and sausage balls was served to the group before arriving in Amarillo.

Lunch that day was at Pampa, then on to our destination.

Rigs represented for this campout were: Boone and Ruth Adams, Bill and Norma Feuerbacher, Gordon and Darlynn Hambright, Jerry and Glenda Livingston, John and Christine Lyles, Darrell and Nancy Mayo, Mac and Marge McElyea, George and Betty Miller, Harold and Charlene Norrell, Dr. Keith and June Patzer, Hollis and Jo Payne, Henry and Dahlia Russell,

Wayne and Roberta Russell, and the hosts, Herb and Esther Wallace.

Canadian's Fall Foliage and Festival, 2001 was enjoyed very much by all the campers. This festival complimented the natural beauty of the area offering a scenic drive to Lake Marvin, tour of homes, a quilt show and an arts and crafts display. We also visited Museum of the Plains.

A steak dinner was hosted by the Wallaces on Friday night as well as hosting a breakfast Saturday morning.

The devotional time was conducted by Esther at the gazebo at the resort lake side. Hymns were sung and Esther led the benediction.

"Happy Trails" was sung by the group.

## 1934 Study Club

By: Margarette Word

Tuesday, October 16, 2001 the 1934 Study Club met at 6 p.m. in the home of Marie Warren with Ila White as co-hostess.

President Wanda Turner called the meeting to order. Recording Secretary Marie Warren called the roll with members answering with "A Woman In the News." Also Mrs. Warren read the minutes of our last meeting which were approved as read.

Effie Foster led the group in saying "Our Club-Collect."

Treasurer Effie Foster gave a financial report.

President Wanda Turner called on the Program Chairman, Emagene Haenisch to introduce our guest speaker Michelle Ruddell who spoke to us about the beginnings of "Makers Mansion."

She started out by telling how this project was started. Since she had come from a Christian home but had married too young and too fast and it becoming an abusive marriage, she felt there was a need for Floydada to have a place for women and children to go to for help and security. To find a way to cope with the situation at home or to improve themselves by learning job skills to be successful in the business world and be able to support herself and children away from the abusive situation are ways this program will help. She also wants to

share the gospel with these families. Michelle is seeking help from "Christian Women's Job Corps."

The job corp has eight elements that help those in need. They are: advisory council, Bible study, certification training for the site coordinator, covenants, evaluation, mentors, needs assessments of clients and communities and networking. As these young ladies graduate they are encouraged to "give back" to this program by being mentors, instructors and volunteers to help others be successful.

To date they haven't started with this project. They are working on a grant. Michelle has purchased the "Lamplighter Inn." There is much work to be done such as painting, cleaning, remodeling, filling in nail holes and etc. This all takes time. Volunteers are welcome. Michelle feels that with a lot of hard work and with God's help this ministry will be up and going in the near future.

Delicious refreshments were served to the following members present: Betsy Dempsey, Effie Foster, Diana Glover, Emagene Haenisch, Queen Annie Lawson, Nell McClung, Flora McNeill, Frieda Simpson, Wanda Turner, Marie Warren, Ila White, Margarette Word and one guest, Michelle Ruddell.

Our next meeting will be November 13 in the home of Wanda Turner.

## 1956 Study Club

The 1956 Study Club met in the home of Vikki Yeary on Tuesday, October 9. Co-hostesses were Judy Dunlap and Jan Willson. The program was presented by Mark Appling. He and his wife, Cindy, traveled to the Ukraine last November in order to adopt a baby boy, Timothy, now 2 1/2 years old.

Jorcen Christian reported on the Tater Bake, held September 14, 2001. The net profit was \$1,104.13. Three hundred ninety-nine people were served. The Study Club has raised \$9,795.00 since 1992 on the Tater Bake Fundraiser.

A total of \$12,643.00 has been donated from the Study Club to various civic and community projects since 1989. \$7,900 of that amount has been given in scholarships to graduating se-

nior girls. Four \$400 scholarships were awarded this past May. Recipients were Mandy Holbert, Bonnie Dunlap, Melinda Eubanks, and Cindy DuBois. The Floyd County Friends of the Library, Floyd County Museum, Floydada EMS-Ambulance Fund, the County Child Welfare Board, American Field Service (FHS foreign exchange student program), and various school projects are among the thirty-two organizations benefiting from the Study Club. The most recent donation was \$300.00 to the Kids Korner Learning Center (Floyd County Daycare Center, Inc.)

The Study Club has twenty-one members at the present time. The club endeavors to promote education, fellowship, and service to the community among its members.

## Sanders, Beedy and Peralez win football contest

In the eighth week of the football contest, the game between the Dallas Cowboys vs the Oakland Raiders was listed in error. Our sources had it listed, but they were in error. So that game will not be counted in determining the winners.

Brent Sanders of Floydada will be receiving the First Place check of \$25. He was the only entry that missed 7 games.

Determining Second Place was a little bit more difficult. There were 9 entries that missed 8 games. They were Melanie Beedy, Marcie Peralez, Abby Sanders, Franklin Harris, Max Yeary, Joel Ramirez, and Martin Ramirez, all of Floydada, and Mark Ford and Randy Hancock, both of Lockney, and Linda Neal of Whiteface.

The first tie-breaker was used to determine 2nd Place and out of those 9 entries, Beedy, Peralez, Sanders, Harris, Yeary, Hancock, and Neal all chose Hale Center to win over Lockney. The final total score was Hale Center over Lockney with 43 total points.

Melanie Beedy garnered Second Place as her final total score was only 41 points, only 2 points off of the final total score of 43.

Now to determine the Third Place winner, we had to use the second tie-breaker, as the entries from Peralez, Sanders, Harris, and Yeary all picked their final total score as 49, which was only 6 points off the final total score of 43 of the first tie-breaker.

In the second tie-breaker between Floydada and Morton, Floydada won with a final total score of 23. Marcie Peralez and Abby Sanders both picked Floydada to win, and both had a total final score of 42 points (19 points off).

Since only 1 entry per household can win, (Brent Sanders-won First Place), the Third Place check of \$10 will go to Marcie Peralez.

Franklin Harris and Max Yeary picked Floydada to win, but both were 33 points of the final total score of 23.

Honorable Mention goes to all the entries missing 8 games. There were: Franklin Harris, Abby Sanders, Max Yeary, Linda Neal, Joel Ramirez, Martin Ramirez, Randy Hancock, and Mark Ford.

Honorable Mention also goes to Clay Simpson, Gene Lowrance, Sheree Cannon, Sammy Bradley, all of Floydada, and Boyd Lee and Pam Fulton, both of Lockney, and Mike Durrett of Lubbock, and they all missed 9 games.

We had 8 entries missing 10 games, 5 missed 11 games, 6 missed 12 games, and 2 missed 13 games. Total entries were 39.

# Lockney loses a heartbreaker in OT to Hale Center 22-21

By Russell Harris

Predicting an outcome in last Friday's game between Lockney and Hale Center was a difficult task.

The two teams had both shown they could compete with most teams in the AA ranks. Yet, both teams had proven to be inconsistent. If there was an edge, Lockney was expected to have it on the defensive side of the ball and Hale Center was expected to have an edge offensively.

The fans saw evidence that the game may be a low scoring affair when each team went three and out on their first possessions.

Hale Center moved the chains twice on their second possession before punting to the Lockney twenty-four-yard line.

Lockney seemed to find its stride on its second possession. On first down, Ben Sherman ran to the right for a twenty-two-yard gain. Ullis Martinez, Mark Ford and Ben Sherman teamed up on short burst that resulted in a first down on a fourth down conversion attempt. On first down from the Hale Center thirty-nine-yard line, Jesus Rios broke loose up the left side for a thirty-yard gain. With the ball, first and goal from the nine-yard line, Ben Sherman ran for a one-yard gain. Then, on second and eight, Mark Ford ran into the endzone for the score. The kick by Jesus Rios was good. Lockney led 7-0.

The next score came at the hands of the Hale Center Owls. They made a nice drive that covered seventy-nine yards, peeled three minutes and thirty-seven seconds off of the clock and took nine plays. One of the biggest plays in that drive was a pass from Jacob Rieff to Larry Espinosa for thirty-three yards. The touchdown came on a fifteen-yard pass to Joseph Bernal. Danny Ortiz kicked the extra point to tie the game, 7-7 with 9:38 left in the second quarter.

Neither team scored again in the first half. It looked as though Lockney had a chance to score late in the second quarter. Hale center was forced to punt with 0:18 left in the half. The snap to Joseph Bernal was low. He had trouble fielding the ball and tried to run with it. It was a loss of fifteen yards. Lockney received the ball on downs with twelve seconds remaining on the clock and a short field of thirty-five yards. A pass into the endzone from wingback Jarred Lambert fell incomplete. Jesus Rios tried

to get loose on a delayed hand off. That play went for ten yards as time expired.

Hale Center kicked off to the Longhorns to start the second half. Lockney was forced to punt. Hale Center began on its forty-one-yard line. They took advantage of the short field. They scored on ten plays and went up by seven points (7-14) over the Longhorns with 3:35 remaining in the third quarter.

Lockney began its next scoring drive at the beginning of the fourth quarter. On a third and eight situation, Ben Sherman hit Matt McPherson on a thirty-yard strike. A roughing the passer call gave the Longhorns another seven yards. Lockney had the ball first and goal at the ten yard line. On first down, Lockney fumbled the ball and recovered it for a one-yard gain. On second down Ullis Martinez ran up the middle for a five-yard gain. On third and four, Mark Ford was stopped for no gain. The Longhorns took a timeout before running its fourth down play. On fourth down, Ben Sherman found Jarred Lambert for six points and a four-yard completion. Rios's kick was good. The score was 14-14 with 9:10 remaining on the game clock.

Lockney had a couple of chances to win the game. The Longhorns drove the ball to their forty-five-yard line with just over twenty seconds left in the game. They were there forced to punt on a fourth and ten situation. It looked as though Hale Center would get the final attempt to score with eighteen seconds remaining. However, Lockney retained possession on an illegal participation call as Hale Center had twelve men on the field. Lockney moved the ball to the Hale Center twenty-two-yard line with two seconds left in the game. Jesus Rios attempted a thirty-nine-yard field goal to win the game. It fell just short.

In overtime, Lockney had the first possession. It took the Longhorns only six plays to cover the twenty-five yards for a touchdown. Jesus Rios kicked the extra point. Lockney led 21-14.

Hale Center had to score at least seven points to tie the game and avoid the loss. Mark Espinosa ran for seventeen of the needed twenty-five on first down. The Lockney defense then made two good plays for losses. On third and fifteen, Jacob Rieff found Joseph Bernal in the endzone for the

score. Hale Center decided to go for the two-point conversion. Mark Espinosa went across on a drag route where Jacob Rieff found him. Hale Center won the game 21-22.

## Lockney Varsity Boys to run at Regional Meet

The Lockney Longhorns brought home the district cross country title last week from Mae Simmons Park in Lubbock. The team consisting of three seniors, two juniors, one sophomore, and one freshman managed to grab the gold with four of their runners placing in the top ten, which also qualified them for Regionals as an individual.

Senior Wade Miller ran a personal best, capturing the 1st place title overall. In an exciting finish, he managed to edge Rocky Reyes, from Floydada, at the line to capture the gold medal. Wade turned in a time of 16:58 and fulfilled his goal of winning the District 5-2A Cross Country Meet. Plagued by an ankle injury the previous year, Wade has overcome a lot and trained hard to return to Cross Country competition.

He also won the Abilene Christian University Meet on October 6. Junior Cody Lass placed 5th overall at the district meet turning in a time of 18:35, which qualified him as an individual along with the team. Seniors Brandon Alvis and Manuel Ramirez placed 8th and 9th respectively to qualify individually and also as team members. They turned in times of 19:19 and 19:24.

Paul Amador ran a superb race, his best of the year to complete team scoring. He placed 12th and his time was 19:55. Rounding out the team were Jacob Ortegon with a time of 20:40 and freshman Monte Lass with a time of 21:12.

Many hours and lots of training go into cross country. Team members agreed that hard work does pay off.

Lockney's JV boys team also placed first at district. Team members include Jesus Rios, 1st, 20:10; Hagan Johnson, 2nd, 20:34; Abel Rodriguez, 3rd, 21:27; Mike O'Connell, 4th, 21:31; and Lee Fortenberry, 6th, 23:48.

Lockney's varsity girls competed well, turning in some personal best

times for the year. Team members include Lindsay Collins, 14:59; Sara Martinez, 15:27; Vanessa Luebano, 15:29; Britta McDonald, 15:34; Cammy Lass, 15:39; and Mary Cruz Ramirez, 16:51. The team placed 6th overall.

Regional competition for the varsity boys will be on Saturday, November 3 at Mae Simmons Park in Lubbock. Class AA competition for the boys will begin at 12:30.

# Floydada holds off Morton Indians for a 16-7 victory

By: Bill Gray

Floydada kept its playoff hopes alive with a hard-fought 16-7 victory over Morton at Wester Field last Friday night. Winning for the sixth time this year, The Whirlwinds evened their District 5-2A mark at 2-2. Morton fell to 2-4 for the year and is still winless in district play. The Indians will attempt to get into the win column in district action by hosting the Hale Center Owls tomorrow night. Due to the unusual 7-team district scheduling, the Whirlwinds will take a week off - giving them two weeks to prepare for a possible playoff showdown at Hale Center next week.

According to the Harris poll, the Whirlwinds were favored by 24 points over Morton going into the game. However, football is played on the field - and not decided by sportswriters' predictions. The Indians weren't anything like a decided underdog in the game's early moments as they opened with a score in the first two minutes. Freshman quarterback Calvin Johnson's 47-yard run, on Morton's second snap, set up a 2-yard touchdown run by Rocky Orosco three plays later. Henry Herrera added the conversion and the visitors could sense a developing upset.

"We knew they were going to be tough coming in," commented Floydada Head Coach Lee Hurt. "A lot of people had been selling Morton short, but we had seen film of them in their loss to Abernathy. We knew we would have to contain their quarterback...we practiced all week for that. He (Johnson) is very capable, especially for a freshman, and we knew he could hurt us with the big play. Fortunately, our defense adjusted and we were pretty well able to contain him the rest of the night after that one big gainer." And, contain they (the Floydada defense) did. The Indians accounted for 60 total yards in five plays in their opening drive, but were limited to a total of 96 yards for the next 46 min-

utes of the game.

The Whirlwinds responded with a scoring drive of their own midway through the second period. Quarterback Tyler Helms hit Dustin Fincher with an 8-yard scoring strike, but Helms missed the chance to tie the score by shanking his extra-point attempt. Helms atoned for the missed conversion by connecting on a 22-yard field goal attempt shortly before halftime. Tyler's fifth 3-pointer of the season not only gave the Whirlwinds a 9-7 lead at intermission, but also maintained the momentum Floydada had achieved by the second-quarter touchdown.

The Whirlwind offense started the second half with two consecutive penalties to find themselves in a 1st-down-and-twenty-five-to-go situation, but a 14-yard reverse by Brady Rainwater followed by 13 yards on two carried by Gerald Henderson gained the necessary yardage for a first down to keep the drive alive. Floydada continued its march toward another score, but were thwarted by Chance Waggoner's interception of a Helms' pass at the Morton 14-yard line.

Both defenses controlled the line of scrimmage for the balance of the third period, preventing the opposing offenses any deep scoring opportunities. Coach Hurt noted, "Our defense showed a lot of poise...any time you're leading just 9-7, your defense has got to play well."

Floydada's defense came through with the game's deciding play in the fourth quarter. A hard hit on Rocky Orosco by Whirlwind defender Jacob Morales resulted in a fumble, which was picked up at the Morton 23-yard line by T.J. Fuller. Fuller raced to the double stripe, Helms added the extra-point for the 16-7 final margin, and the Whirlwinds were victors for the sixth time this season. Defensive Coordinator David Kennedy commented, "Once again our defense

came through and made the big play for a score. I can't tell you how pleased I am with the way the kids played. We kept their big-play offense in check most of the game, and came up with big efforts time after time. None was bigger, though, than the fumble return by T.J."

"The open week should help us," said Head Coach Lee Hurt. "Some of our players are dinged up a little bit with some minor injuries and things like that. A couple of weeks should give us time to get some of those healed up." The coach added, "We should be 100% by the Hale Center game, which we know is going to be a big one. We've got to go over there to play, and I know our kids are going to be up for that one."

In last season's most memorable game at Wester Field, the Owls outscored the Whirlwinds in overtime. The regulation game ended in a 13-all tie. Tyler Helms kicked a 35-yard field goal to put the 'Winds up 16-13 in the overtime period, only to have victory snatched away by the Owls on a final-play touchdown to close the game at 19-16. Many of the players on the field that night will return at Hale Center's Jeffries Memorial Stadium on November 2. It promises to be a crowd-pleaser.

## 'Winds and Lady Winds CC going to Regionals

The Floydada Whirlwinds and Lady Winds Cross Country Teams qualified for Regionals last Tuesday, October 16th at the 5-2A District Meet held at Mae Simmons Park in Lubbock.

The Whirlwind Cross-Country Team placed third in the meet and qualified as a team to compete at Regionals along with Senior Rocky Reyes and Senior Anthony Suarez placing in the top ten to qualify them to compete at Regionals as individuals.

Rocky Reyes ran a superb race with an exciting finish to capture second place and taking home the Silver Trophy. Reyes turned in a time of 17:00.

Anthony Suarez turned in a strong

time of 19:16 at the District Meet capturing 7th place.

Freshman Johnny Ralph ran a good race and barely missed qualifying as an individual as he placed 11th overall with a time of 19:44.

Also qualifying for Regionals as a team were Junior Tyler Battey with a time of 20:24; Junior Brady Rainwater with a time of 20:25; and Sophomore David Garcia with a time of 24:00.

The Lady Winds also captured the third place team trophy and placed three of their runners in the top ten which qualifies them for Regionals as an individual.

Senior Jenna Payne ran an excellent race with a time of 13:26 to capture 4th place which qualified her as an individual and as a team member.

Senior Tara Williams turned in a superb race with a time of 13:30 to garner 5th place and qualify as an individual and as a team member.

Freshman Katy Gooch captured 10th place with an excellent time of 13:53 to qualify her as an individual and as a team member.

Rounding out the team for the qualifying Lady Winds were Junior Edna Oliveras with a time of 14:37; Senior Trisha Coursey with a time of 15:08 and Senior Jessica Castaneda with a time of 15:35.

Many hours of hard work goes into training for cross-country but the individuals do agree that it does pay off at the end.

Floydada's Lady Winds junior varsity ran well and also captured 3rd place at the District Meet. Competing as a team were Whitney Williams with a time of 16:32 for 12th place; Dulce Foster with a time of 16:47 for 14th place; Jessica Garza with a time of 16:49 for 15th place; Ragan Beedy with a time of 17:12 for 19th place; Jessie Horn turning in a time of 17:22 for 22nd place.

The Cross-Country Regional Meet will be held Saturday, November 3rd at Mae Simmons Park in Lubbock. The girls competition will begin at 12:00 Noon and the boys will follow at 12:30 p.m.

Let's show our support for the Whirlwinds and Lady Winds as they compete at Regionals.

## FJH 7th Grade Breezers undefeated, beat Morton

**By Coach Ayala**  
 The 7th Grade Breezers improved their record to 7-0 with a win over the Morton Indians last Thursday night, October 18th. The final score was Breezers 24 - Indians 6.

The offense racked up 222 yards on 29 plays. The defense gave up only 78 yards on 19 plays. They also caused 3 turnovers and put the offense great field position.

Paul Marmolejo had 124 yards on 12 carries. He had a 30 yard touchdown and a 37 yard touchdown.

Douglas Williams had 44 yards on 9 carries and scored one touchdown on a 6-yard run.

Ryan Monreal had 18 yards on 4 carries. Ricky Suarez had 17 yards on 2 carries. Tate Jones had 16 yards on 2 carries and scored a touchdown on one of those carries. All the extra points were converted. Two passes from Tate Jones to Tell Fuller and one

extra point was run in by Tate Jones. The Breezer defense finally gave up a score late in the fourth quarter. They stopped the extra point conversion.

This group of young Breezers have managed to keep their opponents out of the end zone for 23 quarters with strong one unit defense, more importantly, working together with one goal. Their goal was to "Keep anyone from crossing the goal line more times than the Breezers do." Coach Kennedy added, "That one touchdown doesn't add up to more than 6 points, we have 24".

The Breezers are a hard working group of young players who are really getting better each week. The one thing that really helps them is the fact they listen to all our coaches who help in all our programs. We are really proud of our Breezers and all the fans who come out and support them. Our next game will be November 1

## 8th Grade Breezers get huge win over Morton Indians 16-14

**By Coach Ayala**  
 The 8th Grade Breezers got back on the winning track with a victory against the Morton Indians last Thursday night, October 18th. The final score was Breezers 16, Indians 14.

We had good hard hitting defense and the Breezers bowed up and gave the Indians their first loss of the year. The Breezers played almost error free football in the first half. In the second half the Morton Indians came out and changed things around. This really was a great victory for the Breezers.

The defense held the Indians to 213 yards, which most of that came in the second half. We gave up 2 touchdowns. The defense stopped the Indians on their first extra point try and on the second touchdown the quarterback did a good job on an option keep to score the extra point. At this point, the score was Breezers 16, Indians 14.

Raul Mendoza had 138 yards on 11 carries, 2 touchdowns and one extra point conversion.

Michael Fortenberry had 14 yards on 4 carries. Jason Nutt had 24 yards on 4 carries.

The offense racked up 181 yards on 22 plays. Mendoza had scores of 30 yards and one for 55 yards. The offensive line really did a great job picking up the Indians blitzes.

Trey Helms did a great job finding Mendoza for the first extra point conversion. Helms came through again on a keeper to add the last points for the Breezers.

The Breezers showed a lot of unity beating a very good Morton Indian team. The coaches are really proud of our Breezers. We would like to thank all the fans that come out to support our Breezers. If there is anything that shows our Breezers you care about them, it's seeing you in the stands cheering for them or the fact that you were there. We thank you for all you do.

Our next game will be on November 1 against Hale Center.

# Five blocks involved in city proposal

Continued From Page 1  
ued.

"The proposal is to move five City blocks, and these are census blocks, off of the East end of District No. 3 and make them part of the West side of District No. 1. This will move 68 people, according to the census, into District No. 1 from District No. 3. This will make both of those districts in the 5 percent range, plus or minus," Brown said.

The five proposed blocks border from Main Street (on the East) to 5th Street (on the West) and from Missouri Street (on the North) to Georgia Street (on the South).

Brown concluded, "There does not need to be any action on this proposal now, but at our next meeting we will put it on the agenda and we must, by law, have a Public Hearing before we can vote on this."

In other matters, the council unanimously approved the appointments of four new board members to different City boards. Those approved were: Warren Mitchell to the Airport Board; Ricky Gonzales to the Economic Development Board; Todd Bedy to the Housing Authority Board; and Gary Carthel to the Mackenzie Municipal Water Board.

Upon the recommendation of Brown, Councilmember Clar Schacht made the motion to adopt a resolution to unite in a joint sealcoat (street) project with other West Texas cities to be coordinated through the firm of Oller Engineering, Inc. The motion was seconded by Councilmember Eric Cornelius and unanimously approved.

In other matters, the council approved an amendment to clarify the \$300 usage fee in the Airport Usage Agreement. The council also voted not to participate in an employee "buy back" of forfeited retirement credit.

Following a recommendation from the Planning and Zoning Committee, Schacht made a motion to allow Juan A. DelaFuente, at 402 W. Virginia, to build a garage of 19 feet by 23 feet, with a stipulation of rain gutters, and

to be closer that five feet from the property line. The motion was seconded by Councilmember Bettye King and unanimously passed.

Floyd County Extension Agents J.D. Ragland and Melissa Long both presented a brief written and spoken survey of the history and purpose of the Floyd County Extension Service.

Ragland said, "There are twelve Extension Districts in the State of Texas in 254 counties. Floyd County is in the South Plains District No. 2. Each county has at least one Agriculture Extension Agent and one Family and Consumer Science Agent."

"We are now called the Texas Cooperative Extension Service, in place of the old name, the Texas Agricultural Extension Service."

"There are four major program areas in which we work. One is Agricultural, for which I am responsible. Another one is Family and Consumer Science, which Melissa oversees. We work jointly on another program, which is the 4-H Youth Committee Programs and our other responsibility is working with the Community Development Program," Ragland concluded.

Long told the council, "We work through committees. We have an Overall Committee that oversees the Ag Committee, the FCS Committee, the 4-H and Youth Committee, and the Program Council. Gary Brown has helped us on these committees for several years and we appreciate him."

"With the Family and Consumer Science Programing, I do have an ASCS Committee that target problems in our community and county. They are instrumental in deciding what my programming will be for the year and for the four year period. Some of you participated in the Texas Community Futures Forum which is a four year plan."

"Through my committee I do have an Extension Education Club, which used to be called Home Demonstration. I have one club in this county. The ladies in this club are a valuable

resource in this county and I do appreciate them greatly. I have two SCS study groups. One is in Lockney and one is in Floydada. We do health programing with them every month," Long said.

Long continued, "Another very important program we have is Better Living For Texans (BLT). Our Program Assistant is Josie Martinez and she does an excellent job. She carried out 50 programs this past year. She does a lot of programing during the summer time working with the Texas Migrant Council, WIC, and the Day Care."

"Martinez works with this program for the limited resource families on the food stamp program, or those eligible. She helps them with resource management, food nutrition, and health. She is a valuable asset to us in our office and in our teaching."

Long concluded, "We do Nutrition and Wellness Education in our school systems. We work through and with a lot of Health Fairs. Also, we collaborate with other groups and one is the Community Alzheimers Resource and Education Program. This is grant through SPAG. This is for those who are memory impaired. They can receive (free) services and (free) bracelets with the Sheriff's Department phone number to be called for help. Call us if you know of someone who needs this service."

City Manager Brown concluded the council's meeting by giving a brief report concerning a recent trip to Friona with the some of the members of the Economic Development Board.

Brown said, "We went to get ideas. Friona owns and operates an 80 bed nursing home and a 16 unit "Assisted Living" apartment complex. The list is long to get into these. These projects contribute around \$180,000 annually to Friona's tax base. They pay for themselves in ten years and after that the rent could be dropped by 35 to 40 percent."

# Thornberry mail being delayed in Washington

With mail delivery continuing to be delayed to all congressional offices on Capitol Hill, U.S. Rep. Mac Thornberry wanted area residents who have written him to know that their letters will be answered and responses will be received.

"My office in Washington hasn't received any mail since the afternoon of October 15," Thornberry stated. "As of this morning, it remains uncertain when delivery of the mail will resume. Despite the continuing delay, I want to make sure people in the area know their letters will be answered."

"I also want to make sure people who may be planning to write know a

couple things that may help their letters get through. First, if they are planning to send a letter, please make sure to include their return address on the envelope. The Capitol Police have recommended that letters which are missing a return address be left unopened. We plan to take this advice.

"Second, if a person has access to the Internet, they may want to contact me by e-mail. I get a growing number of e-mails each week. It is the quickest way I know for a person to contact me. The other way to write me is by fax.

"The bottom line is that listening is a very important part of my job. The

more I know what people are thinking, the better I can represent their views. Mail is a big part of that. It's important that people know they can get their thoughts and opinions through.

Thornberry noted that, including faxes and e-mails, he receive around 350 pieces of mail each week. Area residents interested in contacting Thornberry by e-mail can do so by going to the Write Your Representative website at:

www.house.gov/writerep/  
Faxes can be sent to Thornberry at (202) 225-3486, (806) 371-7044, or (940) 692-0539.

# Methodist Women hold conference

United Methodist Women of the Northwest Texas Conference gathered at Aldersgate United Methodist Church, Abilene, on October 12-13 for the Twenty-eighth annual meeting. "Courageous Women" was the theme and focus for the event. Attending from First United Methodist Church of Lockney were Pat Byard and Merle Mooney.

The opening session began Friday evening at 7:00 p.m. Rev. Janice Kahl and Dr. Doris Miller led the service. Bishop Max Whitfield was the speaker for the evening.

Rev. Kahl and Dr. Miller are in their fourth year as co-pastors of Hamby United Methodist Church, northeast of Abilene. Janice teaches third grade at Taylor Elementary in Abilene. Doris is presently professor of English at McMurry University.

Saturday's session opened with a Service of Remembrance led by Becky Ratliff, Spiritual Growth Coordinator. After roll call, Mava Cooper, Northwest Texas Conference President, conducted the business meeting. The speaker for the session was Margie Titus.

Margie Titus is well known throughout the Northwestern Texas Conference. She has served as Coordinator of Christian Global Concerns and Secretary of Publicity, as well as a term as Chair of the Standing Rules Committee. Margie was also conference representative to the West Gulf Regional School Planning Team for three years.

Hostesses for the event were Abilene District United Methodist Women.

Marr said he would look into the street problems.

City Judge Michelle Araujo came before the Council and reported on the status of the municipal court. Araujo had been on maternity leave but is now back to work full time.

The Council adopted a resolution to demolish a residence at 506 S.E. 2nd. There have been no city services to this location in three years and children were hanging out in the dilapidated house.

Bil Anderson was reappointed by the council to represent the City of Lockney on the Floyd County Appraisal District.

# Give Thanks

By: Edward G. Marks  
When the day is done  
and the sun has gone to rest;

In the still of the evening  
when life is at it's best.

Give thanks to God for the day  
the ones He has already given.

For the day was filled with  
treasure  
and God's glory did abound.

His goodness warmed us like  
the sun and His blessings were  
all around.

So be thankful for what you  
have  
and thankful for who you are.

For God knows each one of us  
just like He knows the stars.

# Floyd County Farm News

## Senate outlook still clouded by politics

**By: Shawn Wade**  
Senate Ag Committee members were expected to begin the process of marking up their own version of farm program legislation this week until another Anthrax scare emptied several Congressional office buildings and the Capitol.

Political reality and pressure have increased the likelihood of completing the Farm Bill this year. The Senate Majority Leader has made his desire to see the process completed this year known. The Administration has also concluded that if it wants any input at all it had better get in the game.

What it means is that the timetable for Senate action is still up in the air and it will be a few more days before they begin the process. With announcements this week the Administration has made it known that they intend to add their voice to the debate in the Senate.

With the USDA aligning itself this week with a proposal by Senator Richard Lugar (R-IN) it has apparently picked its pony and will now try to ride it to the finish line. The Lugar proposal would essentially ditch every aspect of the current program in-

cluding the phase-out of loan programs and other commodity support payments in favor of a gross revenue insurance-type program where growers would have to pay to play. Senate Ag Committee Chairman Tom Harkin (D-IA) has in mind a very conservation-oriented program that is also significantly different from the already approved House plan.

One thing is certain, the work done in the Senate over the next few weeks will be worth watching and will have a tremendous impact on growers in 2002.

## FSA emergency farm loan applications being accepted

Applications for emergency farm loans for damages and losses caused by excessive rain, flash flooding, hail, high winds, and lightning that occurred on May 30, 2001 are being accepted at the Farm Service Agency (FSA) located in Floydada, Farm Loan Manager, Becky Rainer, said today.

Floyd and Crosby Counties Texas were recently named contiguous counties by The Secretary of Agriculture, Ann M. Veneman eligible for loans to cover production and physical losses resulting from the adverse weather.

Rainer said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 3.75 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FSA emergency loan," Rainer said. Farmers participating in the Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until April 23, 2002. Farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Rainer said.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FSA office in Floydada is open from 8:00 a.m. to 4:30 p.m. Monday through Friday.

## High Plains cotton still questionable

**By: Shawn Wade**  
With crop projections still ranging between 2.1 to 2.6 million bales, and harvest activities advancing at what seems like a snails pace, the Texas High Plains continues to be a question mark in 2001.

The main reason for the slow start is that most producers in this area have been hard hit by the poor economics of agriculture over the past three to four years and many have been hesitant to put much extra money into preparing the crop for harvest.

Another factor playing a role is that no single harvest aid treatment combination has proven to be the magic bullet that consistently works. The good news is that Mother Nature sent some help that should speed up the pace of harvest activity.

Freezing temperatures arrived in many areas over the past week and should help increase the pace of harvest activity. Though not uniform across the entire area, the low temperatures should help get plants ready for harvest and get things moving ahead as the better, irrigated cotton

begins to come out of the field. Opinions vary about the crop on everything from the quality that will be produced to the amount of cotton that is out there in the first place.

Estimates from area USDA Classing offices, which polled gins, have tallied a crop between 2.1 and 2.25 million bales. Other crop observers tend to agree with the official USDA estimate of slightly more than 2.6 million bales.

With a nearly 400,000 bale difference in the two points of view, it will be interesting to see how things shake out. The determining factor may be whether or not there are enough acres of really good cotton in the northern and northwestern parts of the High Plains to offset the reduced yields in other areas.

Yield and acreage losses have mounted throughout the season as growers have witnessed the outright destruction of hundreds of thousands of cotton acres by drought and hail. A significant, and possibly under appreciated, yield robber of late has been scattered hailstorms during the past

four to five weeks. These storms have mostly impacted field with lots of open cotton and could lower the yield potential in many.

Quality-wise, cotton continues to display a significant level of higher than average micronaire. A full 25 percent of the bales classed so far at Lubbock have returned a 5.0 or greater mike reading. That figure is expected to drift down as better cotton is harvested and classed. According to some the potential still exists for the crop to have one of the highest micronaire averages in decades.

Length, on the other hand, is drifting up and could be one of the better aspects of the 2001 crop. With better cotton yet to come, length could average at or above a 34 staple in the Lubbock classing territory and boost the overall value of the crop significantly.

The next few weeks will tell the tale of the 2001-growing season in terms of production as growers finally get to harvest cotton that looks, at least from the road, as if it could be some of the best in recent memory.

## TEXAS AGRICULTURAL EXTENSION SERVICE IPM Update

During the Spring of 2001, the Texas Pecan IPM Program was awarded a grant from the CAPS (Cooperative Ag Pest Survey) program to conduct a survey for pecan weevils on pecans across Texas. Currently, the pecan weevil, *Curculio caryae* is known to occur on pecans in only 133 of approximately 200 Texas counties that produce pecans. The general distribution of pecan weevils in Texas is across the northern, central and eastern portions of the state. No records of pecan weevils have been reported from the southeastern counties or from far west or northwest Texas.

The purpose of the survey is to determine as accurately as possible, the distribution of pecan weevils on pecans in Texas. The pecan weevil is native to North America and is known to infest all species of North America hickory. It can be found from as far north as New York down the east coast

and west across the pecan belt to West Texas. During the past couple of years there have been a few isolated infestations in New Mexico but these areas are currently under an eradication program by the New Mexico Department of Agriculture and should be weevil free in a couple of years.

Because of the importance of this insect to the pecan industry, western states that do not have pecan weevils have placed quarantines on Texas pecans. For producers to move pecans to New Mexico, Arizona and California, in shell pecans have to meet quarantine treatment requirements. Currently all counties in the State of Texas, El Paso, Hudspeth, Culberson, Jeff Davis and Presidio Counties are under quarantine restrictions.

The pecan weevil is a late season pest and will infest pecans from dough formation of the pecan kernel which begins during August through shuck

split in October or November. Infested pecans will have three or four legless grubs in the nut or an obviously round "B-B" sized larval exit hole in the pecan shell. Once pecan weevil grubs exit the nut they burrow into the soil to a depth of 4 to 6 inches and will emerge in 2 or 3 years as adults ready to start the cycle over again.

Any producer, homeowner or commercial that suspects an infestation should contact your local County Extension office or Bill Ree at 979-845-6800. This information is strictly for educational purposes. The Pecan IPM Program has small 8 1/2 x 11 inch pecan weevil "Wanted" posters for producers, free of charge. The posters have color pictures of damage, weevil grubs and a current distribution map. Posters can be obtained from Bill Ree (P.O. Box 2150 Bryan, TX 77806-2150) or from your local County Extension office.

# My Country, 'tis of Thee

by Samuel Francis Smith

IN CONGRESS JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America

My country, 'tis of thee,  
Sweet land of Liberty,  
Of thee I sing;  
Land where my fathers died,  
Land of the pilgrim's pride!  
From ev'ry mountain side,  
Let freedom ring!

My native country thee,  
Land of the noble free,  
Thy name I love.  
I love thy rocks and rills,  
Thy woods and templed hills;  
My heart with rapture thrills,  
Like that above.

So Proudly We Hail

Let music swell the breeze,  
And ring from all the trees,  
Sweet freedoms song.  
Let mortal tongues awake;  
Let all that breathe partake;  
Let rocks their silence break,  
The sound prolong.

Our fathers' God, to Thee,  
Author of Liberty,  
To Thee we sing.  
Long may our land be bright,  
with freedom's holy light;  
Protect us by Thy might,  
Great God, our King!

### CONTEST RULES

Any subscriber or purchaser age 7 or older is eligible to enter this contest. Only one entry per week per person.

To play, circle on the official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing the game. Also write a guess of the combined total points to be scored by the two teams listed in each of the tie-breaker footballs.

Only entries on official entry forms brought to a Hesperian-Beacon office in Floydada or Lockney no later than 5:00 p.m. on Friday will be accepted. No photocopies will be accepted and no mail entries will be considered.

Three cash prizes are awarded each week. In the event of ties (the same number of correct games equal scores on tie-breakers) prizes will be combined and shared by those tied. The tie-breaker scores will be used only to break a tie on the number of games correct.

Print your name and address plainly on the official entry form and double check your choices before clipping out the entry form and depositing it at a Hesperian-Beacon office before 5:00 p.m. on Friday.

Entries limited to one per person per week. Weekly winners are limited to one household.
