

# Wing observes Fire Prevention Week Oct. 5-11

By Sgt. Buddy Lerch

A static display on base and in Reese Village, as well as a fire truck parade in the Village, both Sunday, will kick off Reese's observance of National Fire Protection Week, Sunday through Oct. 11.

The base housing parade will begin at 2 p.m. to bring attention to the need to be fire-conscious every day in the year, both on and off duty.

Monday the base Fire Department will welcome Reese workers coming in the Main Gate with arches of water from 7:30 to 8 a.m. Another parade, this time on base, will accentuate the beginning of the

week-long observance at 9 a.m. Monday.

## Visits to Kids

The next three days will see the Fire Department visiting children at the Reese Kindergarten (Tuesday), Child Care Center (Wednesday), and Reese Elementary School (Thursday). The Department will show a fire prevention film at 10 a.m. each day, followed by a demonstration of one of the Department's fire trucks.

Drills on structural fire suppression will be made the next two days, Oct. 10 at Bldgs, 51 and 820 and Oct. 11, the last day of the observance, at 200 McGuire, a vacant house in Reese Village.

Also during the week, a special fire prevention film will be shown at 1 p.m. Monday, Wednesday and Oct. 10 in Simler Theater. The Fire Station will sponsor an open house from 9 a.m. to 4 p.m. each day of the observance. Everyone is invited to come by and visit Reese's firemen.

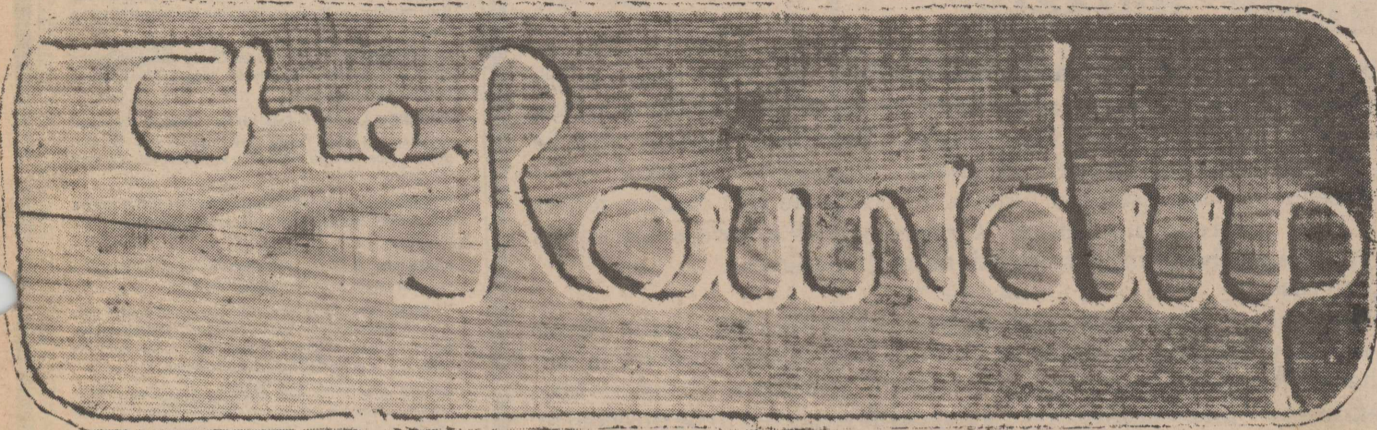

The Department plans to display one of its fire trucks in front of the Base Exchange twice daily from 10 to 11 a.m. and 1-3 p.m., except Monday morning.

## Slogan Contest

A big event during the week will be the Fire Prevention Slogan Contest. Entries will be divided into two categories, one for

all Reese employees and their adult dependents and the other for all Reese school-aged children. The winner of the adult category will receive a \$25 share account in the Reese AFB Credit Union. The winner of the youngster category will be awarded a \$25 check from the Reese Credit Union.

Entries must deposit their written entries by 4 p.m. Oct. 11 in a box at the Fire Station. Each entry must include the entrant's name, address, phone number and age. Winners will be notified by Oct. 15. Fire Department members and their families are not eligible to enter. The slogan must be 15 words or less.

## Special week honors all handicapped employees

Randolph AFB, Tex. (ATCPS) - The Air Force and other Government agencies will recognize achievements of handicapped employees during National Employ the Handicapped Week, Sunday through Oct. 11.

The purpose of the week is to stimulate prospective employer interested by focusing attention on the contributions and achievements handicapped employees have made in Government service.

A program to hire handicapped persons was begun by Federal agencies in 1964. The program has produced results far beyond what anyone anticipated, according to Mrs. Janice Hoag, Air Training Command Handicapped Employee Coordinator.

"Handicapped individuals, given the

opportunity, make good employees, and the handicapped themselves have proven this to be correct," Mrs. Hoag said. Since 1964, appointments of handicapped persons have been made at grade levels of GS-1 through GS-13. "Less than one per cent of these persons were released from service for 'cause' or other involuntary reasons," Mrs. Hoag said.

At Reese, 65 civilian workers, or 10 per cent of the civilian work force, are handicapped employees.

As of June 30, 1975, there were more than 2,000 handicapped persons employed throughout ATC. In June 1976 each ATC base will select an outstanding handicapped employee of the year. From among these persons one will be selected the ATC outstanding handicapped employee of the year, and that person will be nominated for the Air Force title.

## ABGp goes over goal first as CFC continues

Reese is making good progress toward our Combined Federal Campaign (CFC) goal. "As of Monday, a total of \$17,587.30 was collected in pledges and cash. This represents 29.81 per cent of our base's \$59,000 goal," said Maj. Sargent Jones, chairman of the CFC drive here.

Air Base Group was the first organization to reach their goal. It has turned in 107 per cent of its \$5,169 goal.

Several organizations contributed to putting Air Base Group over its goal first. Personnel, Security Police, Air Force Office of Special Investigation, and the Postal Service Center have all completed their CFC drives with 100 per cent participation. All exceeded their established goals.

"If you have not yet done so, please give your fair share," Major Jones added. Funds from the drive will help support the 30 agencies of the Lubbock United Way, 14 national health agencies and six international service agencies.

The drive is scheduled to end Oct. 31.

OVER THE TOP — Col. Richard A. Ingram, Air Base Group commander, and Capt. Robert Jones, Combined Federal Campaign (CFC) key worker, move the first unit banner across to the "Done Our Part" side of the CFC sign at the Main Gate. Air Base Group has already exceeded its CFC goal by several hundred dollars. (U.S. Air Force Photo by A1C Royal Arceneaux)

## CONGRATULATIONS

Lt. Colonels Albert M. Mullen Jr., deputy commander for Maintenance, and Robert J. Sandvick, deputy commander for Resource Management, were promoted to

colonel Wednesday. Maj. Robert J. Chepolis, chief of Standardization/Evaluation Division, was promoted to lieutenant colonel.

THE ROUNDUP is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc., mailing address: P. O. Box 2415, Lubbock, Texas.

### Publisher's Statement

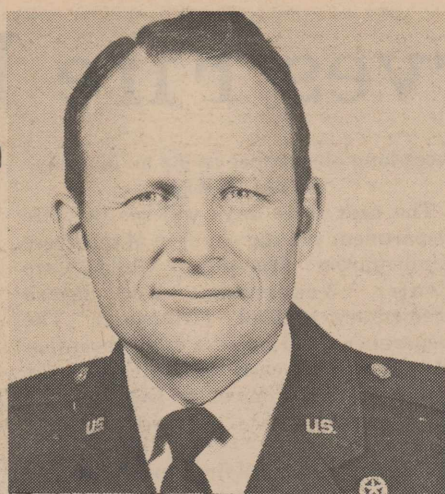

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser,

user or patron. A confirmed violation or rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source."

News for THE ROUNDUP should be delivered to the Information Division, Bldg. 800, no later than noon Monday prior to the Friday publication date. Classified ads of a non-commercial nature may be placed free of charge by Reese personnel if they are in to the Information Division by noon Monday prior to the Friday publication. Other advertising is handled exclusively by Barron Publications, Inc., Phone 763-4551.

# FROM THE TRAIL BOSS...

"... each member of the Reese family, military or civilian, has a vital interest in the AFA and the activities of the local chapter."

Col. Edward Mendel  
Wing Commander

October is the month during which we begin our Air Force Association (AFA) membership drive. It is pertinent that we now consider what the AFA means to us.

There is a tendency to think of the AFA only in terms of the benefits that their activities in Congress have brought to us in retirement benefits, pay and working conditions. While these things are all true for all members of the Armed Services, these do not represent the total involvement of the AFA.

The AFA is a strong, articulate voice to the Congress on the subject of national defense needs. In an era of detente, when it is fashionable to play down the need for a strong Armed Services in our country, the AFA continues to remind our representatives in Congress of our need for constant strength. In this area, the AFA provides a needed balance to others who would reply on the rather tenuous good faith and treaties signed by our potential world adversaries.

The AFA also provides a strong and vital link between our base and the civilian community. The Lubbock Chapter of the AFA is a very large and strong one. Under the able leadership of its new president, George Morris, it has started quarterly meetings of interest to all of us. The first two programs were on the research and development programs of the Rockwell B-

1 and General Dynamics F-16. The next program on Nov. 6 will be of great interest to all of us at Reese and in the Lubbock community. The guest speaker will be John Gray, assistant executive director and Congressional liaison for AFA. He will discuss major programs before Congress and answers questions about military relations with Congress.

What this says is that each member of the Reese family, military or civilian, has a vital interest in the AFA and the activities of the local chapter. Our membership drive this year is expected to be directed at concerned citizens both within the military and civilian community who want to insure that our Armed Forces remain at the strength and vitality to cope with existing and future world problems.

It is very necessary that all of us actively take part in the AFA and in the membership drive. Those who are already members should try to bring in a new member. Those of you who are not members, look carefully at the campaign. Consider the benefits to you personally and to our country and make the small investment it takes to be an active part of your future.

**GOVERNOR'S OFFICE OF TRAFFIC SAFETY**

**October 6-12**

**LIBRA** (Sept. 23 to Oct. 22) Check your impulsive tendencies this week. Stay in your lane when turning.

**SCORPIO** (Oct. 23 to Nov. 21) Be aware of your surroundings this week—watch for sudden stops by cars in front of you.

**SAGITTARIUS** (Nov. 22 to Dec. 21) When you're indulging your loquacious nature this week, be sure to keep your attention on the road. Dim your lights to oncoming traffic.

**CAPRICORN** (Dec. 22 to Jan. 20) Check the small things on your car—like windshield wipers. They could become very important.

**AQUARIUS** (Jan. 21 to Feb. 19) Don't take unwarranted chances this week. If you have to leave your car in a public place, be sure to take the keys with you and lock the doors.

**PISCES** (Feb. 20 to Mar. 20) Don't be impulsive during this period. Remember that jackrabbit starts hurt gas mileage.

**ARIES** (Mar. 21 to Apr. 19) A time for reworking things. If your car needs a check-up, do it now.

**TAURUS** (Apr. 20 to May 20) Life should give you special pleasure this week. Be sure to keep things going right by watching basic traffic rules—such as coming to a complete halt at traffic signs.

**GEMINI** (May 21 to June 21) Your natural inclination towards impulsive action will be tested now. If you're caught in a traffic jam, hold your temper.

**CANCER** (June 22 to July 21) Things should go easily for you now. But don't tempt fate by neglecting to look both ways when you back.

**LEO** (July 22 to Aug. 21) Your actions will have special influence on others now. Show a few acts of driving courtesy such as slowing down to let someone else into your lane.

**VIRGO** (Aug. 22 to Sept. 22) Contemplation comes naturally for you, especially at this time. When you're driving, concentrate on the traffic—not on personal problems. Watch for sudden hazards—like sharp curves.

## Article 15: What it means to your career

By MSgt. Jimmy W. Creekmore  
64th Air Base Group First Sergeant

An Article 15 is not really bad news if you understand the military justice system. The ultimate desire of the military is to maintain discipline through prevention, correction and punishment.

If you are offered an Article 15, it means your supervisor's and commander's efforts to prevent and correct have failed. The next logical step is the Article 15, nonjudicial punishment. Here, **nonjudicial** is the key word. That means that you will have no record of a federal conviction.

Judicial punishment authorized under the Manual for Courts Martial is a federal conviction and will mark you for life. The Article 15 is in your records for two years,

### Fires represent failure

Every hour 66 American homes are destroyed or damaged by fire. Every hour and a quarter one person, most frequently a child or elderly person, dies in a dwelling fire.

These figures are the measure of our failure to heed fire hazards, and the measurable result of our failure to correct them.

The causes of most home fires are no mystery. A carelessly discarded cigarette is left to smolder in an overstuffed chair, a portable oil heater is refueled while still lit, electrical circuits are overloaded and over-fused, uncleaned rubbish becomes a breeding place for fire.

There is nothing mysterious about the causes of most fire deaths in homes. They

then remains forever in your Master Personnel Record at AFMPC. A federal conviction can affect you for life in the military and in the civilian community. The Article 15, after the two-year field record period, is very seldom seen by anyone who promotes, moves or takes normal actions on you during your career.

#### Prevention

What do we mean by PREVENTION? Preventing breaches of discipline is expected of every supervisor. This is done through information programs — setting standards, making them known and enforcing them. This is where a leader sets the example for his people to follow . . . .

#### Correction

What is CORRECTION? Correction comes in many forms. When a supervisor

occur when the simple rules of safety from fire are violated, from smoking in bed, leaving children alone in the house, to allowing youngsters to play with matches.

A critical failure is being unprepared for fire emergencies in the home — no family planning of escape routes, no periodic family fire drill to make sure both adults and children can act quickly without panic.

Fires represent failure.

Fire prevention Week is a time to recognize this fact, and to act, to correct hazards, to exercise care, to be prepared.

Your actions and attitude now can make you and your family safe from the tragic consequences of fire in the months ahead.

counsels you about a problem, he is correcting. Letters of admonishment, letters of reprimand, control roster actions and remedial training are all forms of correction. If you would rather correct than punish, then you have all these tools available to you.

#### Punishment

Once the supervisor and commander have found prevention and correction have failed, punishment must follow if discipline is to be maintained. Unfortunately, it sometimes takes an Article 15 and a fine to make an airman

realize the discipline must be maintained.

The Air Force recognizes each and every man and woman as an **individual** with individual problems, desires and goals. The Air Force goal concerning discipline is that you and I comply with those regulations — rules and laws for the common good of all.

You may get an Article 15 after prevention and correction have failed. The Article 15 certainly will not ruin your career, but it will let you know that discipline is required to do the Air Force mission and the provide defense for the nation.

## Fire prevention must include all personnel

By Bob J. Hitch  
Fire Chief

Fire hazard? No, fire deficiency!

Do you know the difference? Everyone should.

A **fire hazard** is a condition or situation which, if not fixed, could result in an unwanted fire, causing injury and possibly loss of life and property. **Fire hazards** should be corrected when they are noticed.

A fire protection **DEFICIENCY** is any condition which could contribute to the rapid and uncontrolled spread of fire. A **DEFICIENCY** could fail to confine or suppress a fire within defined limits. A **DEFICIENCY** could result in a life safety hazard or extensive loss of property. Fire protection **DEFICIENCIES** must be corrected through total programming means.

Now, the question which pops into your mind is, "Who is responsible for correcting these?" The answer is simple — YOU! Each one of us assigned at Reese must detect and report both **fire HAZARDS** and **DEFICIENCIES**. The using agency should immediately correct any **HAZARDS** they can. Help from us, your local Fire Protection Branch, is needed to correct fire **DEFICIENCIES**.

Your responsibility does not end with Fire Prevention Branch contact, though. Unit commanders, real property custodians and key supervisors should follow up on actions taken to correct **DEFICIENCIES** within their areas.

Fire prevention is everyone's business. Let's make the system work!

THE ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is in no way connected with the department of the Air Force. Opinions expressed by publishers and writers are not

to be considered an official expression by the Department of the Air Force. The appearance of advertising, including supplements and inserts, in the publication does not constitute an endorsement by the Department of the Air Force of the products or services advertised.

## Air Force leaders urge CFC support

Air Force leaders worldwide are urging full cooperation and support of the 1976 Combined Federal Campaign (CFC).

Dr. John L. McLucas, secretary of the Air Force, and Gen. David C. Jones, chief of staff, state their support of the CFC by saying "This campaign offers us the opportunity to help people in our communities, in our nation and overseas. The CFC organizations perform services that are essential to the well-being of the hungry, the sick, the handicapped and the disadvantaged persons of all ages who need assistance. By participating in this year's appeal, and giving generously, we will be continuing the tradition of responsible citizenship which has always characterized Air Force personnel."

Gen. John W. Roberts, Air Training Command commander, expresses his support in this statement: "The 1976 CFC is beginning its fund-raising efforts to support many fine organizations. The United Way, American National Red Cross, National Health Agencies and International Service Agencies operate primarily from voluntary funds collected during the annual campaigns. These organizations provide essential assistance to the hungry, the sick, the handicapped and the disadvantaged. We, as members of the Air Force community, are asked to voluntarily contribute to these worthwhile agencies during this year's Combined Federal Campaign."

Col. Edward Mendel, 64th Flying Training Wing commander, summed up the importance Air Force leaders place on the CFC. "Once each year we are given the opportunity to help support health, welfare and social service agencies through the Combined Federal Campaign. We all should be prepared to contribute and support our campaign. The above statements indicate the concern and emphasis our leaders have for the CFC. I want you to know that I personally believe in the CFC. This is our American way of showing concern for our fellow human beings. You, as an Air Force member, have time and again proved yourself to be a responsible person, willing to stand up and be counted upon as good citizens in the communities in which you live. Through the CFC and payroll deduction plan, each of us can painlessly discharge a significant obligation to our community and friends who need our help. Please join me in giving through the CFC. You will feel good knowing you have done your "fair share" for those less fortunate."

# 'Tweets' welcome new instructors

By 1st Lt. Wayne Hodges

We have two new members in the squadron this week. They are Captains James "Buddy" Wortham and Mike Jackson.

Captain Wortham comes to us from Ellsworth AFB, S.C. where he flew Boeing EC-135 Stratolifters. He will be a new instructor pilot in "D" Flight.

Captain Jackson comes to us from Wright-Patterson AFB, Ohio, where he flew Boeing B-52 Stratofortresses. He will be a new IP in "B" Flight.

We welcome these two new members to the Squadron. We're glad to have you!

With new arrivals, someone else

always seems to be leaving. However, in this case, only temporarily. "B" Flight's 1st Lt. Ted Kammire has left to attend Disaster Preparedness School at Lowry AFB, Colo. He will be gone for about a month. Also, "A" Flight's 1st Lt. Kelly Ewen has left to attend the Academic Instructor Course ("Charm School") at Randolph AFB, Tex. He will also be gone about a month. It sounds like a couple of real "hardship tours." We'll get even when they get back!

First Lt. Ted Thompson tells us the Squadron was well-represented last week when we were asked to take children from the Lubbock State School to the South Plains Fair. Those taking part, other than Lieutenant Thompson, were 1st Lt. Joe Dye, SSgt. Bill Register, MSgt. Leonard Flesher, Amn. Demarice Howze and Capt. Dave Smith. About 40 people basewide participated in the outing and, from all reports, everyone thoroughly enjoyed themselves.

Members of "A" Flight held a wife's orientation for their new class last week. Guests included Mrs. Edward Mendel, Mrs. William Crooke, Mrs. Robert Bradshaw and Mrs. Dave Smith. Also in attendance were the four student wives of Class 76-09, Section I, and the wives of "A" Flight's IPs.

Members of "E" Flight tell us they have awarded the "Listening Comprehension Award of the Week" to 2nd Lt. Spencer of Class 76-09, Section II. It seems that on his initial solo, Lieutenant Spencer made a full stop landing when he heard a transmission clearing a Northrop T-38 to land on the center

runway. Fortunately he had enough patterns to complete his mission, however short!

Incidentally, all the weird gyrations and unusual radio calls this week in the pattern and elsewhere were for good cause. Class 76-10 finally took to the air!

**EDITOR'S NOTE:** The 35th FTS Crosswinds' author, 1st Lt. Wayne Hodges, and his wife Hellen became the proud parents of a new baby girl, Wendi Leigh, Sunday night. She weighed in at seven pounds, four ounces. Congratulations (FINALLY!) Wayne and Hellen!

## Colonel Dahl talks at Wing Dining-In

Col. Perry J. Dahl, chief of the Plans and Policy Division at Headquarters Aerospace Defense Command, will be the guest speaker at the Wing Dining In tomorrow.

Enlisting in the U.S. Army Infantry Branch in 1940, Colonel Dahl applied for aviation cadet training. He was graduated in 1943 and commissioned as a second lieutenant in the Army Air Corps. He served during World War II as a P-38 pilot in the Pacific Theater, downing nine enemy aircraft in air-to-air combat.

Relieved from active duty in 1945, Colonel Dahl entered college, then returned to active duty in 1950 and flight tested F-84 and T-33 aircraft in France. He returned to the States and became editor of Flying Safety Magazine.

### First Command

His first command came in 1957, when he assumed command of the 734th Aircraft Warning and Control

Squadron in Morocco. After assignments as a fighter interceptor officer at McChord AFB, Wash. and chief of the Base Utilization Branch at Ent AFB, Colo., Colonel Dahl joined the Air Staff at the Pentagon.

In 1969 he entered forward sea controller training at Eglin AFB, Fla. and directed the Direct Air Support Center in southeast Asia in support of the U.S. and South Vietnamese ground forces. He flew 175 combat missions as an armed forward air controller in the North American Rockwell OV-10A Bronco.

### Decorations

A command pilot, Colonel Dahl has earned the Silver Star, Distinguished Flying Cross, Bronze Star Medal, Meritorious Service Medal with one oak leaf cluster, Air medal with 15 oak leaf clusters, Air Force Commendation Medal, Purple Heart, Presidential Unit Citation with one oak leaf cluster, Good Conduct Medal and Vietnam Cross of Gallantry with palm.

The Dining In, sponsored by the 64th Student Squadron, begins tomorrow with cocktails at 7 p.m. at the Officers' Open Mess. The program will begin at 7:50 p.m.

### Advertisement

#### LUBBOCK SYMPHONY

The Lubbock Symphony begins its 1975-76 season with Theresa Treadway and the Texas Tech University choir on Oct. 14.

Ferrante and Teicher will be appearing Nov. 11. Pianist Robert de Gaetano will be playing Feb. 16 and the great jazzman Woody Herman and his band, "The Thundering Herd" will be appearing April 20.

Season tickets are on sale until Thursday. Prices are \$12 and \$9.50. Student tickets are half-price.

Individual tickets for the first concert go on sale Thursday. Tickets for the rest of the season will not go on sale until Oct. 16. Prices for single admissions are \$5.50, \$4.75, \$3 and \$2 for adults and students. For tickets call the Lubbock Symphony office, 762-4707.

## Frenship school offers free adult basic education course

The Frenship School District has announced it will offer a free adult basic education program for people 17 years of age and older who have less than a high school diploma.

The classes, held in the Frenship Junior High School building in Wolfforth, Tex., compose a program through which adults may improve their education level and earn a diploma of high school equivalency. It will allow the adult students to take up where they left off on their education. Adults may enroll at any time classes are in session.

The classes, which began yesterday at Frenship Junior High, are held at 7 p.m. Mondays and Thursdays in Room 24 of the school.

### Carnival Plans

Also announced by Frenship were plans for their annual Halloween Carnivals. Casey Elementary School has set its Carnival for 6 p.m. Oct. 27. The Reese Elementary School will hold theirs Oct. 30, beginning at 5 p.m.

\*\*\*\*\*

Today approximately 50% of all Air Force enlistees come into the Air Force with guaranteed training insured.

T.E.A. APPROVED

The Frenship Junior-Senior High School will hold their Carnival as a late celebration of Halloween on Nov. 3. Food will be served

beginning at 5:30 p.m. that day, followed by the beginning of the Carnival at 6 p.m. and the coronation of the queen at 9 p.m.

## 8 volunteers donate time to work in Dental Clinic

Red Cross volunteers are special people. Eight dependent wives at Reese selflessly give of their time to work in the base Dental Clinic:

**Cheryl Baumgardner  
 Carol Costain  
 Karen Lewis  
 Dorothy Speciale  
 Mary Lynn Stamps  
 Melina Thompson  
 Barbara Wagner  
 Kay Rasmussen**

"Without their special efforts, the Dental Clinic would not run as smoothly as it has in the past. Each one has contributed immensely in

her own way to improve dental care and to help us with our mission," said Dr. (Lt. Col.) Leonard J. Spencer, base dental surgeon.

The Red Cross volunteers working in the Dental Clinic average between 4 and 32 hours of work per week each.

"We wish to publicly give these outstanding people our heartiest thanks and appreciation for their exemplary efforts," Dr. Spencer added.

Red Cross is one of 30 United Way agencies which receive funds from the Combined Federal Campaign drive now going on at Reese.

## Youth Activities

Tonight Reese Chiefs football practice will begin at 4:30 p.m. Fire movies will be shown beginning at 7 p.m.

Tomorrow: The Youth Center will sponsor a Juke Box Dance starting at 7 p.m. Music will be furnished.

Sunday: The first Reese Chiefs football game will start at 3:30 p.m. at their Reese field. Coed recreation will begin at 1 p.m. Chess instruction will be offered beginning at 3:30 p.m.

Monday: Football practice will begin at 4:30 p.m. At 7 p.m. a preteen

pinball tournament will begin. Ten free games will be awarded the winner.

Tuesday: A coed outdoor shuffleboard tournament will start at 7 p.m.

Wednesday: Tap and ballet lesson will begin at 1 p.m. Football practice will begin at 4:30 p.m. The weekly teen pool and preteen ping pong tournaments will begin at 7 p.m.

Thursday: Piano instruction will begin at 3 p.m. The weekly teen ping pong and preteen pool tournaments will begin at 7 p.m.

## flick flack

Peter Fonda, Warren Oates, Ryan O'Neal, Bo Svenson and Angel Tompkins are a few of the stars that will be appearing at Simler Theater this week.

The Theater is open Tuesday through Sunday. Shows will begin at 8 p.m. with the Saturday Matinee beginning at 2 p.m.

### Tonight

"Race with The Devil" stars Peter Fonda and Warren Oates. While vacationing with their wives they witness a sacrificial killing by a coven of devil worshippers. They barely escape to town where they report their story to the sheriff. However, their story is not taken seriously. A message from the coven warns them to forget what they saw. To make this message clear a series of bizarre accidents plague the couples. This film is rated PG, parental guidance suggested.

### Saturday Matinee, Evening

"The 7th Voyage of Sinbad" stars Kerwin Mathews and Kathryn Grant. Princess Parisa has been reduced to thumb size by black magic and Sinbad must sail for the fabled Isle of Colossa to obtain the cure. His voyage includes such feats of movie magic as a huge cyclops attacking puny men and boats, his battle with a giant two-headed roc and a battle between the cyclops and a fire-breathing dragon. This film is rated G, all ages admitted.

### Sunday

"Paper Moon" stars Ryan O'Neal as a traveling con man during the Great Depression. His specialty is selling Bibles to newly-bereaved widows. The orphaned daughter of an old girl friend tricks Ryan into taking care of her. She proves to be even better than Ryan at swindling the customers. This is a touchingly funny film, featuring a nine-year-old girl who smokes, cusses and swindles with the guile of a professional. The film is rated PG.

### Tuesday, Wednesday

"The Silent Stranger" stars Tony Anthony as an American who accepts a valuable scroll from a dying man and takes it to Japan to sell. He meets trouble head-on with a James Bond cool as he kills 18 people and manages to impede many others who try to kill him, smilingly amusedly all the while. This film is rated PG.

### Thursday

"Part II Walking Tall" stars Bo Svenson in the legend of Buford Pusser, the hard-hitting enemy of crime in McNairy County, Tenn. The story takes up where the earlier film left off, with the sheriff recovering from the severe wounds he suffered in an ambush in which his wife was killed, and detailed Buford's determined hunt for the gunmen responsible. This film is rated PG and Angel Tompkins costars.

## at Mathis

Tonight join in the fun when the Mathis Recreation Center sponsors a discotheque beginning at 8 p.m. The music will continue until 11:30 p.m.

Tomorrow the weekly pool tournament will begin at 2:30 p.m.

Sunday "Archie Bell and The Drells" will be appearing at the

NCO Open Mess, sponsored by the Mathis Recreation Center. Their show will begin at 8 p.m. and tickets for the event will cost \$1. Tickets may be purchased at Mathis.

Monday the new Chess Club will have a get-together at 7 p.m.

Tuesday the Center will have a

special film presentation beginning at 7 p.m.

Wednesday the weekly table tennis tournament will begin at 7 p.m.

Thursday the Center will play host to "Magenta" as they perform a special rock dance beginning at 8 p.m.

## at Open Messes

### Officer's Open Mess

Tonight the Officer's Open Mess will feature chicken cordon bleu served on a bed of rice with salad and vegetable for \$3.95. Dance music will be provided by "Sage."

Tomorrow night the dinner special will be roast prime rib of beef au jus with potato and salad for \$5.25. The Wing Dining In will be held at 7 p.m. tonight for all officers.

Monday is Neptune Night at the club. Seafood specials with salad bar and potato.

Tuesday is Family Night,

featuring chicken. Cost for the meal will be \$1.95 for adults and \$1.15 for children.

Wednesday is Beef 'n' Bubbles Night. Steak served with salad bar and baked potato and a glass of champagne with each steak special.

Thursday is Chicken Fried Steak Night for \$2.50.

### NCO Open Mess

Tonight the NCO Open Mess has a special night of entertainment planned. "The Durwood Haddock Show" and the "Tommy Lee" dance band will both be performing in the Club

ballroom. There will be a \$1 admission fee.

Tomorrow night, "Santa Fe" will be the featured band.

Sunday brunch will be served from 10:30 a.m. to 1:30 p.m. The price for adults is \$1.50 with no charge for children under six. Tonight and Thursday are Discotheque Nights at the club.

Monday night the Club dining room is featuring a chicken dinner special. All you can eat for only \$2.25 is offered.

Tuesday night the dinner special will be two-for-one steak. The price for this meal is \$4.75.

**BOUND FOR CANNON** — Col. Edward Mendel, Reese wing commander (front seat), and Lt. Col. James Gibler, 54th Flying Training Squadron commander, get

ready to deliver the first Reese aircraft to be used in the Low Cost Aircraft Training (LCAT) program to Cannon AFB, Ariz. (U.S. Air Force Photo by Sgt. Buddy Lerch)

## Fighter pilots use T-38 for training, cut down fuel costs

Twelve Reese instructor pilots from the 54th Flying Training Squadron have been selected to take part in the cost-saving test program now underway at Cannon AFB, N.M.

The one-year test, which began

Wednesday, will have Reese's 12 pilots going to Cannon to maintain General Dynamics F-111B fighter pilots' flying skills in the Northrop T-38 Talon. This should allow the F-111 pilots to maintain their basic flying skills while spending much less for fuel.

Air Training Command aircraft, both T-38s and Cessna T-37 Tweety Birds, were chosen for the program because they can be flown and maintained at much lower cost than the larger fighters and cargo aircraft.

The 12 pilots will be split up into two teams or sections. Captains Gene Bardahl and Tom Kendall will head up the sections. The Reese Low Cost Aircraft Test (LCAT) commander is Maj. Mac Staples.

The first of the nine LCAT Talons left Reese Monday afternoon for Cannon, piloted by Wing Commander Col. Edward Mendel

and 54th FTS Commander Lt. Col. James Gibler.

The 12 54th FTS instructor pilots include Captains Richard L. Bailey, Edward L. Garcia and Russell G. Tompkins. Also to travel to Cannon are First Lieutenants Daniel P. Alfson, Douglas S. Finch, Bret T. Mercer, Cary D. Pao, William R. Toft, Joost Van Bastelaar, James R. Walters, George P. Wargo and Richard A. Wojdyla.

Other Air Force bases taking part in the test program include Columbus, AFB, Miss., which sent T-37s and instructors to keep Boeing B-52 Stratofortress pilots' flying skills honed. T-38s from Craig AFB, Ala., will be used at Eglin AFB, Fla., to fly pilots qualified in the McDonnell Douglas F-4 Phantom. Mather AFB, Calif., will provide T-37s to augment training of Lockheed C-141 Starlifter and C-5 Galaxy pilots at Travis AFB, Calif.

## Mexican-American Club holds banquet tomorrow

The Reese Mexican-American Club will have their installation of officers during a banquet tomorrow at the NCO Open Mess.

The banquet will start with cocktails from 6 to 7 p.m. followed by a "sit down" dinner at 7:15 p.m.

After the installation of officers, a report on the club's activities during this year and an outline of proposed projects and activities for the future will be given. Included will be the

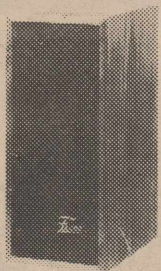

proposed formulation of a wives' auxiliary club as an extension of the Reese Mexican-American Club.

The newly-elected officers who will be sworn in are:

TSgt. Raul Sanchez	President
MSgt. H.J. Rodriguez	Vice Pres.
TSgt. Ed Rodriguez	Treasurer
Sgt. Larry Barron	Secretary
SSgt. Fidel Marquez	Sergeants
Sgt. Aurelio Garza	at Arms

Several prominent Mexican-American members of the Lubbock community have been invited and will be introduced to those attending the banquet.

**GARRARD 42M  
AUTOMATIC TURNTABLE AND  
PICKERING CARTRIDGE**

**HI-FIDELITY PRICE  
\$299.00**

If you ask around, people — particularly salesmen — will tell you that the three-hundred-dollar range in stereo gear will get you something okay, so-so, not-so-bad, or maybe pretty-good-for-the-money. But we are here to tell you that for \$299 you can put together a stereo system that sounds, and is, really stupendous.

The system hinges on the Frazier Super Midget speakers, which not only sound wonderful in and of themselves, for a lot less than other speakers, but need less expensive equipment than other speakers to do it. The Super Midgets are a proven product of people who have more than twenty years background in making better and better speakers for less and less money. These speakers manage to sound very close in every way to the best you can do at any price. And they also look great with real walnut cabinetry instead of the usual low-cost imitation wood-grain enclosure.

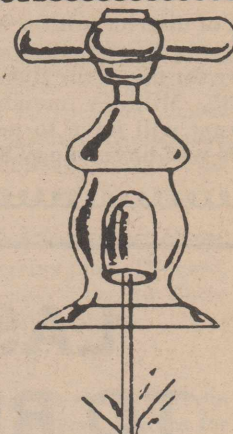

To get the kind of sound the Super Midgets have to offer at such low cost, we've picked the Sansui 221 AM-FM stereo receiver. It is a really clean-sounding piece of equipment that can stir the Super Midgets up to lease-breaking levels (if wanted or needed) and bring in all the radio stations (AM and FM) you want to hear.

To play records, we've chosen the Garrard 42M automatic turntable — smooth, dependable, and kind to your records — with the Pickering V15/ATE4 magnetic cartridge and diamond stylus.

# Savage chosen Airman of Month

Amn. Kenneth D. Savage has been selected as the 64th Flying Training Wing Airman of the Month for August.

A graduate from technical school at Chanute AFB, Ill., Airman Savage arrived on Reese March 28. Assigned to the 64th Civil Engineering Squadron, he has made every effort to become more skilled in his chosen career field. Now enrolled in one-the-job training for award of his five skill level.

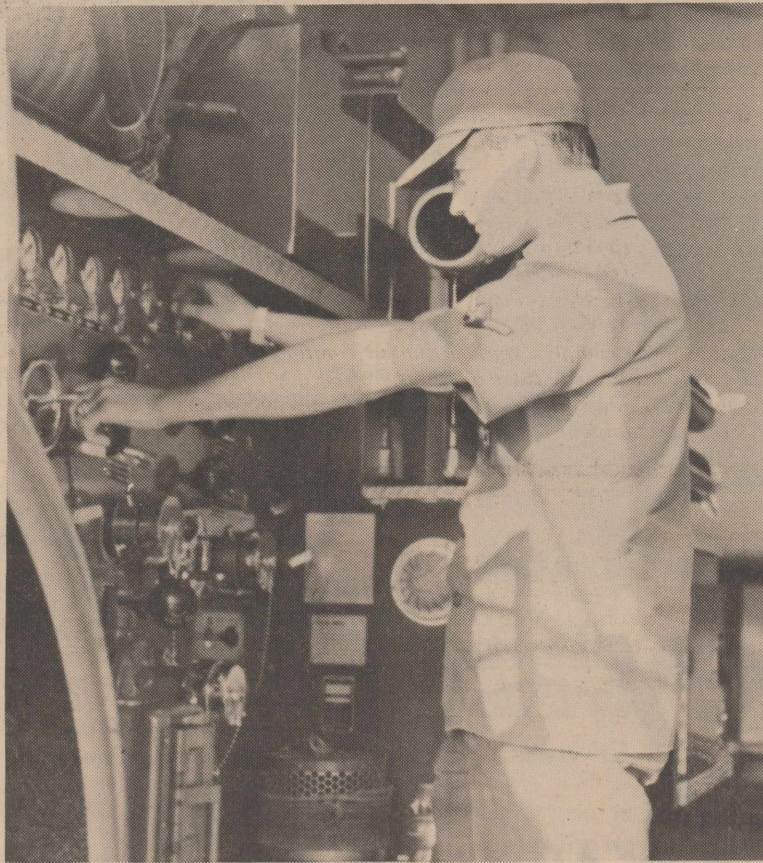

## Firefighting Duty

As a fireman with the 64th Civil Engineering Squadron, Airman Savage performs many varied tasks. He is trained in firefighting and rescue in both structural and aircraft fires, administering first aid, forcible entry, salvage, inspecting and performing first line maintenance on fire apparatus. He also must maintain all equipment in top operating condition.

Recently, Airman Savage was assigned to the rescue crew. To be assigned to this position shows that he is considered outstanding in all fields of firemanship. "Only the most highly-qualified and dedicated people are assigned to this duty," noted Maj. Valerio A. Santos, 64th CES commander.

## 'Versatile, Intelligent'

"Airman Savage is versatile, intelligent, and applies his knowledge to all the tasks he performs. He willingly carries out his duties, maintaining self discipline and the will to improve. He is always neat in appearance, and conducts himself in a superior manner. He is truly an outstanding young man," commented Major Santos.

**KEEP 'EM PUMPING** — Amn. Kenneth D. Savage, Wing Airman of the Month for August, inspects one of the vehicles at the Fire Protection Branch to make sure it is ready for action if an alarm should sound. (U.S. Air Force Photo by Sgt. Buddy Lerch)

1652 - 13th 765-8205

**Why Heaters?**  
I would like to know why the heaters are on in Barracks 320. If there is any cost in turning on the air conditioners what is the reason for this? Where else is the additional cost besides the labor as far as turning the heaters off and the air conditioners on?

Do you prefer to be hot by day and warm by night or cool by day and freeze at night? It's that time of the year. The work needed to convert the air conditioning system of a large building from heat to cool or vice versa is much more complex than simply adjusting the thermostat in a home. About two skilled manhours are required to change over the

**Commander's CARE Line**

(Editor's Note: THE ROUNDUP will publish Commander's CARE Line calls which are of base-wide interest. Names of callers will not be published, but they should leave their name and duty extension in case their problem needs clarification. All calls are reviewed by Wing Commander Col. Edward Mendel. Reese people are urged to use their chain of command or the office of primary responsibility to air complaints or comments, if possible. If not, call the CARE Line by dialing C-A-R-E (Ext. 2273). Please provide your name and duty section when calling.)

heat/air conditioning system in your building. As you know, temperatures in autumn can change rapidly either side of the range of human comfort (68°-72°). Daytime highs of 80 degrees and nighttime lows of 40 degrees are not uncommon for this time of year. If

we were talking about only one building, I suppose we could hack it, although it would not be a very efficient use of our civil engineers. However, there are many such buildings on the base with a similar problem. In the interest of efficiency, we make the best estimate of a good changeover date, based upon our local weather history, and do it. For the same reasons, we prefer not to change back immediately unless extreme hardship conditions are encountered. Naturally we can expect that this problem will go away as we move into October, when it becomes cooler with fewer large temperature changes.

**More Tennis Courts**

I am calling to see why we don't have more tennis courts. I would like to know if there are more to be built and if they are, when. If this is put in the ROUNDUP, I would like some other people's ideas on it.

Thank you for your interest in our outdoor recreation program. Construction of two tennis courts

with lights will begin in 1976. These courts, to be located in the enlisted dormitory area of the base, will add a lot of our recreational services. We hope you will be enjoying them by next summer.

**Problem Solved**

I have now solved all my complaints with the base hospital here at Reese because from now on my family and myself are going to go downtown to other doctors because I have lost all confidence in the personnel at this base hospital. I now have solved them and will not have any more complaints to give the Care Line.

I'm afraid that your anonymous call, which made sweeping accusations against the hospital and provided no specifics either of people, times or facilities, will be of little use to any of us. As managers, it is very difficult for me or the Hospital commander to correct problems which are not brought to our attention in sufficient detail to provide a starting point. I am interested in having a good medical facility which will satisfy your needs as well as those of other eligible people. If nothing more, please write me or the Hospital commander an anonymous letter listing specifics so that we will have a facility that you are happy and proud to use.

**News Briefs**

The University of Northern Colorado (UNC) regional director will be at the base Education Office to discuss the UNC Graduate program on Oct. 14. Anyone wishing an appointment with the director should call the Education Office at Ext. 2634 or Ext. 2469.

\* \* \* \* \*

The Lubbock Composite Squadron of the Civil Air Patrol (CAP) will hold a car wash from 8 a.m. to 5 p.m. Saturday at the Reese Auto Hobby Shop. Cars will be washed for a minimum donation of \$1. Refreshments will be sold. Proceeds will be used to buy equipment for the local CAP squadron.

\* \* \* \* \*

Air Force personnel traveling on civilian airlines must have their names on the outside of each piece of luggage checked. A Civil Aeronautics Board (CAB) ruling made outside identification of luggage mandatory effective Sept. 21. The CAB ruling applies to all passengers checking baggage on civilian airlines. Luggage without identification on the outside will not be accepted by airline companies. The CAB order is an attempt to reduce the amount of luggage lost in transit.

\* \* \* \* \*

Registration for the second session of swimming classes is now being taken at the YWCA. Classes will begin the week of Oct. 20. Registration is required and is not complete until the fee is paid one week in advance. For more information call the YWCA at 799-9247.

\* \* \* \* \*

At 12:15 p.m. Tuesday the Lubbock City-County Library Lunch Bunch program will present the second in its series of programs on alternative energy sources. Dr. Henry Thomas will speak on nuclear energy. The Lunch Bunch Program meets in the Community Room of the George and Helen Mahon Library, 1306 9th Street, Lubbock, Tex.

\* \* \* \* \*

Standard Air Force civilian identification cards have recently been authorized. Eligible employees will soon be receiving them. The card, AF Form 354, will identify the holder for entry into Air Force activities and installations, and for other official business.

\* \* \* \* \*

The Air Force announced that a Reserve officer board will convene Nov. 10 to review the records of active-duty Reserve officers for possible involuntary separation. Approximately 1,000 officers may be affected by this reduction-in-force board. Officials said the three basic ways to reduce strengths are by lowering procurement, voluntary loss actions, and involuntary loss actions. Reduction-in-force is an action of last resort.

\* \* \* \* \*

Some military families are eligible for financial assistance through the Department of Agriculture Food Stamp Program when they meet certain eligibility standards for income and resources. The amount of food stamps received and the amount to be paid depend on household size and net monthly income. See Sgt. Laurie Lormand in the Reese CBPO.

\* \* \* \* \*

The commissary surcharge increase, which was planned to go into effect last Wednesday, has been temporarily suspended. Final action on the proposed increase will be taken up after Congressional approval of the fiscal year 76 defense appropriations bill now before Congress.

## THE HEATING AND VENTILATION SYSTEM IN A VOLVO IS PROBABLY MORE VERSATILE THAN THE ONE IN YOUR HOUSE.

Volvo's 12-outlet heating and ventilation system gives you more of the comforts of home than most homes.

For example, in a Volvo, if the driver is too hot and the front seat passenger is too cold, each can increase or decrease his own flow of air independently.

This same independence extends to different parts of you. If you get cold feet in a Volvo, you can push a button and divert extra heat to the floor.

And since back seats are independent from front seats, Volvo provides separate vents for the rear.

At home, to get rid of stale air, you throw open a window. Which also lets in noise and dirt. Volvo keeps a continuous supply of fresh air circulating through the car, even with the windows closed.

Volvo's system also defogs the windows. The windshield, as you might expect. The front side windows, as you might not. (An electric defroster takes care of the rear.)

All this comes standard on the 1975 Volvo. And if standard isn't enough, you always have an option: air conditioning.

To get this carefully thought-out climate control system, all you have to do is buy the carefully thought-out car it comes with. Volvo.

Then, while other people are driving around in cars that boast living room comfort inside, you'll be driving around in something better.

A car with Volvo comfort inside.

**VOLVO**  
The car for people who think.

# Bowlers enjoy beautiful season

By Sonny Serutan

The fall of the year is by far the most beautiful time. The regular football season has started and Lubbockites are at the ready with

**GOTCHA** — Guy Davis, left end for the 54th Flying Training Squadron's (FTS) flag football team, leaps high in the air to catch this pass from quarterback Dan Alfson, in a game against the USAF Hospital Monday. The 54th FTS won the game 42-8. (U.S. Air Force Photo by Sgt. Buddy Lerch)

100 good reasons why Tech did not win the Southwest Conference Championship. Of course, the Longhorns had 42 of their own.

The bowling leagues are going pretty well. The secretaries are not reporting scores worth a flip, but all in all, it looks like a pretty good season.

### Intramurals

The Intramural League looks real good. Student Squadron #1 and Supply are neck and neck (7 wins - 1 loss). It is still too early to predict a winner. Resources is in there somewhere and never discount a team that Rod Wilson bowls with. His 193 average is probably best on the base.

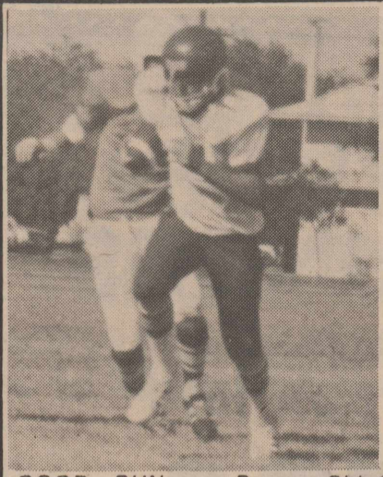

M.A.S.H. took a good look at the 90 per cent handicap Sept. 24. It makes the higher averages either bowl or lose. It should be interesting watching this league throughout the year. Betcha a lot of bowlers improve their skills quickly in this group.

The Ball and Chain had some good shooting. Rod Wilson led with a 586, Marty Harbison 574, Bob Hotaling 550 and Bill Register 540. For the women Betty Payne and Gladys Mele had a 485 and Dot Register a 482.

The Cotton Pickers looked pretty good on Sept. 26. Secretary Betty Ball hasn't been informed about sending in her scores. We will probably get some next week.

The American Junior Bowling Congress is doing real well but Ed and Chris Rodriguez need a little help. These guys are good but Superman and Wonder Woman they are not.

Saturday night the Scotch Doubles bowlers had a rare happening. Judy Turner and Frank Britto had a 300 game. This 300 is the nine-pin no-tap variety but it takes two pretty good bowlers to do it.

**GOOD RUN** — Reese Chief Quarterback Jeff Parrack runs for good yardage, hotly pursued by an unidentified Briercroft player. Behind at the half, the Chiefs came back to beat Briercroft 32-28. (U.S. Air Force Photo by 2nd Lt. Mike Dale)

## 54th, undefeated, leads intramural football pack

The Reese intramural flag football season is off to a good start with the 54th Flying Training Squadron undefeated as of Monday.

Before the 54th met the Hospital team Monday, the two teams were tied for the league lead with three wins and no losses. The 54th changed that, beating the medics 42-8 Monday. The other three wins for the Talon pilots were against 64th Student Squadron, 28-0, 35th FTS, 14-6 and 64th Civil Engineering Squadron, 24-8.

The three wins under the Hospital team's belt were against the Student Squadron, 26-0, CE, 36-8, and they won against 64th Air Base Group when they forfeited.

The 35th FTS pilots took on CE Monday, winning that bout easily

14-0. The pilots also scored a scoreless defeat over forfeit-prone Air Base Group.

Both the Group team and CE are having a hard time getting started. Neither team had won a game as of Monday. After playing three games (again, as of newspaper deadline Monday) the Student Squadron has one win, that against CE, 26-0.

### Standings as of Monday

Team	Wins-Losses
54th FTS	4 - 0
Hospital	3 - 1
35th FTS	2 - 1
Student Squadron	1 - 2
CE	0 - 3
Air Base Group	0 - 3

## Base, club name champs

Both the base and club championships were decided in a tournament held Sept. 6 and 7 at the Reese Golf Course.

Rick Lormand won the Championship Flight for the Base Championship during the tourney. Winners for the other four flights were Don Luehm, "Moon" Mullin, Larry Pazyra and Dick Bernstein.

Rick Alexander won the Championship Flight for the title of Club Champion. Other flight winners were Harry Estus, Gene Seward, Larry Pazyra and Dick Bernstein.

Rick Alexander earned low gross score honors and Gene Seward won the low net scores. Trophies were presented all the winners.

## Golf Sale

Many golf items are now on sale at the Reese Golf Course Clubhouse. Top-line golf balls are being sold at great reductions, as are other items. Included in the sale are golf clubs, gloves, shirts, jackets, sweaters and shoes. "Now is the time to start thinking about that Christmas golf gift." Club officials noted.

You'll Enjoy The Lovely . . .

## Gym Notes

A change in the Gym operating hours took place Wednesday.

The Gym is now open from 7:30 a.m. to 9 p.m. Monday through Friday. Saturday the operating hours will be from 11 a.m. to 6 p.m. Sunday and holidays the gym will open from 1 to 4 p.m.

A change in handball court reservations policy also became effective Wednesday. The Gym will no longer reserve the courts after 7 p.m.

Things are looking poor for the Reese varisty flag football team, according to Gym officials. The team is still without a coach and is short of players. If things do not improve Reese may be without a team. Anyone interested in coaching or playing should contact the Gym at Ext. 2207.

The Rent-a-Lane program went pretty good Sunday. We are going to try it again Sunday and see how it goes. Remember, \$3.50 rents a bowling lane for two hours. You can bowl as many games with however many people you want to squeeze in the two-hour period.

Well, our no-talent entertainment director, S.S. Valor, did it again. Can't understand how this guy can be so cumb. He thought the Midnight Cowboy was a cattle rustler and wanted to interview him like on the "Tomorrow" show.

Sonny Says: "People with short memories should be careful that their mouth doesn't overload their tail section."
