

IT'S FOR CHARITY — Col. Richard A. Ingram, base commander, buys the first ticket to the first annual Reese Air Force Base Charity Ball from TSgt. Ed Rodriguez, treasurer of the Reese Mexican-American Club. Both base and local community charities will benefit from the event. (U.S. Air Force Photo by Sgt. Ron Pack)

Charity Ball to raise funds for area children

The Reese Mexican-American Club assisted by the Base Community Council and the Chapel will sponsor its first Charity Ball Dec. 20, in the NCO Open Mess.

The ball will begin at 7 p.m. and will end at 1 a.m. The purpose of the Charity Ball is to raise money to assist and provide a better Christmas for underprivileged children.

A donation of \$15 per couple will be asked. Only 150 tickets have been printed and these will be sold on a first come basis in the NCO Open Mess.

A versatile band will provide the music for the Charity Ball and a free bar will be

provided from 8 to 9 p.m. for all persons attending this program.

The children to be assisted from this program will be from the West, East and North sides of Lubbock. Children from Shallowater and Carlisle will also benefit from this ball. Approximately 4,000 children will be helped.

The Mexican-American Club will also be providing some funds for the Christmas program to be held here Sunday for orphans from the Children's Home, Great Plains Boys Ranch and Texas Boys Ranch. Santa Claus and Pancho Claus, Santa's south of the border cousin, will be handing out presents to the children.

THE ROUNDUP

VOLUME XXVI NUMBER 49

Lubbock, Texas December 12, 1975

Awards Board approves 25 suggestions

Twenty-five suggestions by Reese personnel were approved during a recent meeting of the Military-Civilian Suggestion Awards Committee.

A device for checking thermocouplings and thermocouple harnesses earned Sgt. Michael R. Terre, 64th Organizational Maintenance Squadron, \$50. This

proposal saves Reese AFB \$463.03 annually in work hours and material. The suggestion has also been forwarded to Air Training Command (ATC) for further consideration.

A1C Carl D. Strout, 64th Field Maintenance Squadron, suggested a new procedure for the T-37B ejection seat

installation and was awarded \$50. Air Logistics Command approved the procedure with intangible benefits that were moderate and limited.

A new procedure for pick-up and delivery of precision measurement equipment approved by ATC earned SSgt. Andrew T. McElwee, 64th Field Maintenance Squadron, \$50. The procedure did not yield any savings, however the benefits are moderate in value and limited in application.

A method of transferring unleaded fuel was devised by Amn. Scott J. Harrer, 64th Supply Squadron, and was approved with intangible benefits that are moderate and limited.

A1C Keith B. Wilson, 64th Field Maintenance Squadron, eliminated a potential safety hazard by devising a new method to calibrate spring scales. The procedure was approved by our safety officials.

Moderate and limited intangible benefits were the basis for a \$25 award earned by 1st Lt. Philip M. Baker. Lieutenant Baker, assigned to the 54th Flying Training Squadron, devised a new flight traffic pattern for the Reese AFB area.

Lt. Col. Carroll W. McCoy (retired) received a \$25 award for a suggestion concerning the summer Youth Activities Program. Also his idea to change the check cashing privileges earned a certificate.

Combining two reports earned SSgt. Gary L. Marr, Det. 11, 24th Weather Squadron, \$25. The procedure was approved by Major Command Headquarters.

Capt. Robert G. Jones, 64th Comptroller Division, devised a policy of turn-in without credit which resulted in a supplement to ATCR 172-3. For his efforts he was granted \$25.

By constructing an additional off-loading header in the fuels storage section of Supply. Raymond A. Foster, 64th Supply Squadron, saved \$857.04 in work hours and material for the base. For his efforts he was granted \$90 as an award.

Harry A. McGarrigle, 64th Special Services Division, earned \$125 for

GOOD IDEA — Harry McGarrigle received \$125 through the base suggestion program for his two ideas to improve Air Force procedures. He was one of 25 people on base whose ideas were adopted for use. (U.S. Air Force Photo by Sgt. Ron Pack)

submitting two suggestions concerning Air Force procedures. The combined savings were \$1,000 annually. While Mrs. McGarrigle, assigned to the Personnel Division, earned a suggestion certificate for her idea on identification of personnel records.

Suggesting the use of glass traps for sinks in the hospital laboratories earned \$25 for Dorthy T. Eaton of the Reese USAF Hospital. First year savings would not exist due to the initial cost. However, savings in future years will result. The award is based on intangible benefits that are moderate and limited.

The following personnel earned Suggestion Certificates for their suggestions that improve procedures at Reese AFB:

Jack R. Crawford, Base Civil Engineering Division; TSgt. Roger L. Simmons and SSgt. Edwin M. Shroads, 64th Personnel Division; 1st Lt. Kenneth C. Korsmo, 64th Student Squadron; Sgt. Albert L. Kinman, A1C Joseph R. Schow and Sgt. Thomas A. Naples, 64th Organizational Maintenance Squadron; A1C Paul M. White, 64th Supply Squadron; Lt. Col. Leonard J. Spencer, USAF Hospital; and SSgt. Marc J. Barber, 2053 Communications Squadron.

UPT ends Friday for 32 Air Force officers

The 32 members of Undergraduate Pilot Training Class 76-05 will end a year of training Dec. 19 during graduation ceremonies at 10 a.m. in Simler Theater.

Early out date extended

WASHINGTON (AFNS) — Air Force Military Personnel Center officials announced the application period for fiscal year 1976 early release programs is extended through Jan. 15, 1976.

They say that on Dec. 10 a resource panel will review applications dated prior to Dec. 1. Applications made between Dec. 1, 1975, and Jan. 15, 1976, will be reviewed not later than Feb. 15, 1976. Separation dates of those selected for release will be between March 10 and June 28, 1976.

Officials say consolidated base personnel offices have additional information.

Events leading up to graduation day begin with an orientation for parents and friends of the graduation pilots at 1 p.m. Thursday. The graduation Dinner Dance begins at 7 p.m. that evening in the Officers' Open Mess, preceded by cocktails at 6 p.m.

On the day of graduation, a brunch from 9-9:45 a.m. will feature coffee and donuts for the graduating students and guests in the officers' club. After the 10 a.m. ceremony, a luncheon will be held at 11:30 a.m. in the officers' club.

Guest speaker for the ceremony will be Maj. Gen. Walter D. Druen Jr., assistant deputy chief of staff, Personnel for Military Personnel at Headquarters Air Force. He is also commander of the Air Force Military Personnel Center at Randolph AFB, Tex.

All interested Wing members are invited to the graduation ceremony.

Thirteen teams to compete in Reese basketball classic

Thirteen High School Basketball teams will take part in the first Reese Christmas Classic Basketball Tournament that gets underway here Thursday.

Opening ceremonies will begin at 9:30 a.m. with the Frenship High School marching band playing the National Anthem and other appropriate musical selections. The Reese color guard will present the national colors and at least

seven of the thirteen participating schools will be present. Col. Edward Mendel, commander of the 64th Flying Training Wing and Col. Richard A. Ingram, 64th Air Base Group commander, will welcome the teams and their fans to Reese.

The three day tournament will begin with Morton (6-1) playing Lamesa (2-3) at 10 a.m. See complete schedule on page 19.

THE ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is in no way connected with the department of the Air Force. Opinions expressed by publishers and writers are not

to be considered an official expression by the Department of the Air Force. The appearance of advertising, including supplements and inserts, in the publication does not constitute an endorsement by the Department of the Air Force of the products or services advertised.

FROM THE TRAIL BOSS...

*"When each student receives those wings,
remember that you played an important
part in getting him there."*

Col. Edward Mendel
Wing Commander

Our mission here at Reese is easily stated... to train top quality military pilots with the greatest efficiency and the minimum possible cost. This is easier said than done, and requires a base-wide team effort from each organization and individual. Operations, maintenance, resource management, air base group, the hospital, tenants, the staff, all have an input in graduating our final product — the Air Force pilot.

The flying training program takes a year of hard individual and team effort and ends formally at graduation with the presentation of those silver wings. When each of our students receives those wings, remember that you played an important part in getting him there.

Graduation is truly a fitting and inspiring conclusion to the flying training program, and includes an address by an outstanding speaker. Our last speaker was Major General John P. Flynn, Commander of the Military

Training Center, Lackland AFB, Texas. General Flynn, You may remember, commanded the 4th Allied POW Wing while a prisoner in Hanoi. We have had many other speakers each of whom by virtue of experience or position had a vital message to bring to our graduates. Over the past year, they have included: Maj. Gen. Billy J. Ellis, deputy chief of staff for operations, Strategic Air Command; Brig. Gen. Robert U. Bazley, commander, 323rd Flying Training Wing, Mather AFB, Calif; Col. Carl G. Baily, cadet wing commandant, Air Force Academy; and Maj. Gen. Winfield Wayne Scott, Jr., commander, Keesler Technical Training Center, Keesler AFB, Miss. Each of you would benefit from listening to these people speak.

Our graduation ceremonies are held in Simler Theater every six weeks. The exact date and time for each ceremony is well publicized and I have asked your commander to get the word to you. Plan to attend as often as possible.

GOVERNOR'S OFFICE OF TRAFFIC SAFETY

December 8-14

SAGITTARIUS (Nov. 22 to Dec. 21) A hectic schedule can make you lose sleep. Be sure you're wide awake before starting to work.

CAPRICORN (Dec. 22 to Jan. 20) A chance to be your usual practical self this week and use your actions as an example for others. Turn your lights on earlier now.

AQUARIUS (Jan. 21 to Feb. 19) Shopping may consume much of your time this week. Don't let crowded streets fluster you.

PISCES (Feb. 20 to Mar. 20) The shopping crunch may affect you, too, this week. Make it easier on yourself by car pooling with friends.

ARIES (Mar. 21 to Apr. 19) A good time to be forgiving on the road. Don't let others' mistakes lead to ones of your own.

TAURUS (Apr. 20 to May 20) A lot of problems may crop up now. Don't let them weigh so heavily on your mind that you ignore good driving habits. Be sure to slow down at yield signs.

GEMINI (May 21 to June 21) Keep your vision unhindered now. Before you start your car, wipe all the moisture off the windows.

CANCER (June 22 to July 21) Your tendency is to be overly critical now. Don't lose your temper at someone in the car and lose sight of the road, too.

LEO (July 22 to Aug. 21) You may want to drive too fast around sharp curves this week. Keep control of yourself and your car.

VIRGO (Aug. 22 to Sept. 22) If you have to carry a group of children in your car at this time, warn them to behave before you start the engine.

LIBRA (Sept. 23 to Oct. 22) Your planets show a whirl of activities. But don't speed getting to them. It won't be the end of the world if you're late a few times this week.

SCORPIO (Oct. 23 to Nov. 21) Your life may have sudden upheavals now. On slick streets, a worried mind can be trouble.

Christmas Toys: Choose With Care

By MSgt. Martin Herrie

When buying or putting toys in layaway for your child's Christmas presents you should be thinking about more than the fun they will have with them.

You also should be thinking about toy safety. Why toy safety? Because not all toys are harmless, fun-things, as you might imagine. The U.S. Consumer Product Safety Commission banned from sale about 1,800 toys and other articles which presented electrical, mechanical or thermal hazards to children.

The Commission is continuing its efforts to keep hazardous toys off the market, but it is clearly the parents' responsibility to take action in protecting their children from toy-related injuries.

Choose toys with care. Keep in mind each child's age, interests, and skill level, and look for quality design and construction.

Directions and instructions should be clear, not only to you, but also to the child. Look for age recommendations: "Not recommended for children under three;" or, "Recommended for children 4-8." A toy that may be safe for an older child may be dangerous in the hands of a younger one.

Look for safety labels: "non-toxic" on painted toys; "flame retardant-resistant" on fabric products; and "washable-hygienic materials" on stuffed toys and dolls.

Teaching children to put their toys away, on a shelf or in a toy chest, will help prevent falls and other injuries. Toy chests should have a lightweight lid which can be opened easily from the inside; and, for extra safety, the box should have air holes for ventilation.

Since most children give them a pretty fair

workout, toys should be checked periodically for damage or breakage. Dangerous toys should be thrown away or repaired immediately.

Here are some specific things to check:

Sharp edges: Toys of brittle plastic or glass may be easily broken, leaving sharp cutting edges. Wooden, metal, and plastic toys sometimes have

sharp edges because of poor construction.

Small parts: Tiny toys and toys with small parts may be swallowed or become lodged in the windpipe, ears, or nose. Seams of poorly constructed stuffed dolls or animals may break open and release small pellets which can be swallowed or inhaled.

Loud noises: Toy caps and other noise-makers can produce noise levels that can damage hearing. The law requires the following label on caps producing noise above a certain level — "WARNING, do not fire closer than one foot from the ear. Do not use indoors."

Sharp points: Broken toys can expose dangerous prongs and knife-sharp points. Pins and staples on doll's clothes and hair can cut a child. Even the ever popular teddy bear can have barbed eyes or wired limbs.

Propelled objects: Flying toys can be turned into weapons which could injure an eye. Arrows or darts used by children should have protective tips.

Electric toys: Such toys can shock or burn children if they are improperly constructed, wired, or, if they are misused. Electric toys with heating elements are recommended only for children more than eight years old.

Think about these safety tips not only for the toys you plan to buy, but also for the toys that are in the house now.

Careful toy selection and proper supervision of children at play is still the best way to prevent toy-related injuries.

THE ROUNDUP is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc., mailing address: P. O. Box 2415, Lubbock, Texas.

Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser,

user or patron. A confirmed violation or rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source."

News for THE ROUNDUP should be delivered to the Information Division, Bldg. 800, no later than noon Monday prior to the Friday publication date. Classified ads of a non-commercial nature may be placed free of charge by Reese personnel if they are in to the Information Division by noon Monday prior to the Friday publication. Other advertising is handled exclusively by Barron Publications, Inc., Phone 763-4551.

Deadline for AFROTC scholarships draws near

Dec. 31 is the deadline for high school seniors to apply for the four year college scholarship program which is available from Air Force Reserve Officer Training Corps (ROTC).

Scholarships pay full tuition, laboratory expenses, textbook costs and incidental fees required of all students. Scholarship recipients also receive a \$100 nontaxable monthly allowance throughout the school year.

Scholarships are available for those who qualify and meet the requirements for pilot or navigator flying training programs. Additional four-year scholarships are awarded to students pursuing science and engineering academic

majors. Students who feel that they can qualify must complete a preliminary application process prior to Dec. 31 of the year prior to their desired entry into college. College board examinations should have been completed during the November testing cycle or earlier. Scholarship applicant instruction bulletins may be obtained from your high school counselor or by writing either the professor of Aerospace Studies, Texas Tech University, Lubbock, Tex. 79409 or AFROTC, Advisory Service, Maxwell AFB, Ala. 36112.

Four year scholarship applicants will be evaluated on the basis of their Scholastic Aptitude Test (SAT) or American College Test (ACT) results, high school academic record, extracurricular and athletic activities, and ability to qualify on the appropriate Air Force medical examination and the Air Force Officer Qualifying Test.

35th FTS honors Hollister as November's best IP

The 35th Flying Training Squadron (FTS) has honored 1st Lt. Bruce H. Hollister by selecting him as the Instructor Pilot of the Month for November.

"Lieutenant Hollister is an untiring, dedicated instructor who consistently demonstrates imagination, decisiveness and a natural ability to lead," commended Lt. Col. Robert G. Bradshaw, commander, 35th FTS.

"His easy-going personality enables him to be extremely successful in working with his peers and his students. As an instructor, Lieutenant Hollister demonstrates exceptional managerial and leadership abilities, invariably leading his students to significantly

1st Lt. Bruce H. Hollister

greater achievements that their records indicated they could accomplish. The flexibility, outstanding judgment and ability to perform under stress, that he displays, instills in all students the desire to emulate his clearly superior quality of work," Colonel Bradshaw continued.

"As a professional officer, Lieutenant Hollister exhibits the highest degree of proficiency, intelligent foresight and objectivity in the accomplishment of his additional duties. As the flight scheduler, he has shown exceptional adaptability while scheduling the first class to use the QIP syllabus in Undergraduate Pilot Training. His planning and foresight has resulted in near completion of the class with no syllabus flow deviations encountered. In addition to his time consuming jobs on the flight line, Lieutenant Hollister is accomplishing Squadron Officer School by correspondence while pursuing a Master's Degree in Business Administration.

"Lieutenant Hollister's unselfish devotion to duty, coupled with his extraordinary desire to achieve, clearly establishes him as an outstanding officer. His versatility and pursuit of excellence make him more than equal to any task given him and completely justify his recognition as the 35th FTS Instructor of the Month," Colonel Bradshaw concluded.

Jesen chosen as top IP of Month from 54th FTS

First Lt. Steve Jensen has been chosen as Instructor Pilot of the Month for November for the 54th Flying Training Squadron (FTS).

A member of "D" Flight of the 54th FTS, Lieutenant Jensen performs a number of flight and additional duties including: associate standardization/evaluation officer, marginal student monitor, graduation coordinator, and assistant emergency procedure quiz and safety officer.

"Lieutenant Jensen is the finest instructor in this squadron. He maintains an outstanding rapport with all students and has a success rate unmatched within the squadron," said Capt. James P. Crumley, "D" Flight commander.

The confidence his superiors place in him is evidenced by the importance of the tasks he is assigned. "Lieutenant Jensen

always handles the most important additional duties within the flight and never fails in any assigned task," Captain Crumley added.

In his off-duty hours, Lieutenant Jensen enjoys spending time with his wife Donna and their three children. He also finds time to serve as scoutmaster of Scout Troop 520. His favorite hobbies include hunting and woodwork.

1st Lt. Steve Jensen

VA provides fraud protection

WASHINGTON (AFNS) — Veterans Administration (VA) officials have issued a reminder to veterans and dependents enrolled in or considering a correspondence course under the GI Bill. They say special legislation gives them added protection from possible fraud or abuse by some operators of such schools.

The law protects veterans from costly payments when they cancel a course before reaching the halfway mark. It also provides a 10-day "cooling-off" period from the time the veteran signs an application for a correspondence course, officials said.

Under this provision, after the 10

days, the veteran must affirm in writing to the VA that he is going to take the course. Should he decide not to pursue the course before completing the notice to the VA, he must advise the school of his decision and it must make a prompt refund of the total amount paid by the veteran or eligible dependent.

In these circumstances, the school would be entitled to the return of any course material already provided.

Students failing to complete nonaccredited courses may be charged the registration fee (not to exceed \$10) and the cost of that portion of the course actually completed.

The VA advises any veteran or dependent having questions concerning correspondence courses under the GI Bill to contact the nearest Veterans Administration office.

AIR FORCE NEWS SUMMARY

Letter Service Resumes to South Vietnam

Effective immediately, the U.S. Postal Service will resume air and surface ordinary letter mail service to South Vietnam, according to postal officials. The resumption pertains to ordinary air and surface first class letter mail only. Letters to civilian addresses may not exceed one ounce.

C-130 Units Assist in California Firefight

Four Air Force C-130s augmented civilian air tankers and helicopters dumping chemical retardants on Southern California fires that ravaged more than 60,000 acres. They flew 12 sorties and dropped 146.5 tons of fire retardant compound.

AF Officer Named Olympic Gymnastics Coach

Lt. Col. Karl Schwenzfeier, head coach of the Air Force Academy gymnastics team, has been named to coach the U.S. men's Olympic gymnastics team in Montreal next summer. The selection was made by the U.S. Olympic men's gymnastics committee and approved by the executive committee of the U.S. Olympic committee.

X-24B Makes Last Flight

The X-24B experimental research vehicle flew its last mission recently, completing a successful 27-month, 36-flight program. The craft landed safely on Rogers Dry Lake Bed at Edwards AFB, Calif., just minutes after its air launching at 45,000 feet from the wing of a B-52 carrier aircraft. The X-24B has been instrumental in demonstrating man's ability to maneuver and safely land a vehicle that was designed for earth reentry from space flight. Data from the X-24B will be used to provide technology for developing future aircraft capable of hypersonic (Mach 5+) speeds.

Know all the details before purchasing a new house

By John L. Hill
Attorney General

AUSTIN - With the "credit crunch" on capital for home financing, and the increased requirements for down payments, some consumers may be tempted to take the "contract for sale" route to satisfying a desire for home ownership.

In legal terms, this is known as "an executory contract for conveyance of real property."

What it actually is, is an agreement between the person who owns a piece of real property and the person who wants to own one that the owner will convey the house and lot after certain terms are met.

A price is determined, and the buyer agrees to make monthly payments of a certain amount for as long as it takes to pay off the principal. The average buyer, however, has a tendency to look only at the amount of the monthly payments - in terms of his budget without taking into account all that the payments may have to cover, or how long they will last.

Case History

For instance, in one case which was investigated by the Attorney General's Consumer Protection Division, a South Texas man had signed a contract in 1968 to buy a house costing \$6,350. He paid \$5.00 down, leaving a balance of \$5,850 payable at \$45 a month at an interest rate of 8 percent on the declining balance.

There was no mention of the total number of payments to be made, but an amortization schedule (which would have been available from any bank or savings & loan institution for about \$1.50) would have shown that it would take more than 30 years to pay it off.

In a separate section, the contract for sale required that the buyer pay taxes accruing on the property, as well as the premium for insurance to protect the investment.

Invest in your child's health

By Maj. Ronald G. Sarg

Once again, Madison Avenue advertising has undertaken an all out assault on the American purchasing power.

Isn't it amazing what commercial nonsense can be obtained on lay-away or Mastercharge to guarantee a happy Christmas morning for the children?

The big question, however, is how many responsible parents are willing to invest in their children's dental health? Approximately \$2 per child could buy a new toothbrush, a plastic travel case, and a large tube of toothpaste. Why, you ask? Well now, does your child brush his teeth after lunch in school? Silly idea you think? Well keep thinking and the humor disappears. This small investment could save quite a bite on your budget for dependent dental costs. No teacher would ever deny a child a trip to the restroom to attend to person hygiene and that includes his or her dental hygiene.

Merry Christmas from the Reese Dental Clinic.

WHY PAY FULL PRICE For Paperbacks When We Sell Them For HALF PRICE? ALSO TRADE YOUR OLD ONES TWO-FOR-ONE! Across From Toy Box BOOK RACK

Rock Center (50th) 792-6003

When you consider that the amortization on the note would have resulted in the first few \$45 monthly payments breaking down to \$39 for interest and only \$6 for principal, you can see that further deductions for taxes and insurance would reduce the principal payments to little if anything.

Low Payments - Long Time

That points up a primary danger inherent in a poorly-drawn contract for sale: If the payments are too low, it could take a generation - or a lifetime - to assume ownership.

Because that is another problem with many of these contracts - when they state that the buyer will not be given the deed to the property until the full contract price has been paid. If the would-be homeowner gets 30 days behind on a payment, the seller could demand the full balance immediately, with a threat of repossession.

Reports of cases of repossession, without notice, led the 1967 Texas Legislature to pass a law requiring the seller to give formal notice, if the buyer's investment had reached a given point:

If less than 10 percent of the purchase price has been paid off, the seller must give 15 days' written notice by certified or registered mail. If between 10 percent and 10 percent of the purchase price has been paid off, 30 days' notice must be given. And, if 20 percent or more has been satisfied 60 days' notice is required.

And the notice of forfeiture of interest and acceleration of indebtedness must be stated in this

language, printed in 10-point bold face type: "You are late in making your payments under the contract to buy your home. Unless you make the payment by the seller has the right to take possession of your home and to keep all payments you have made to date."

Many Abuses

There have been many abuses of the contract for sale of real property on record. In fact, the Federal Trade Commission has held hearings with a view to prohibiting such contracts entirely.

But this type of home buying can be useful, if the consumer takes precautions: Be sure that the total number of payments are set out in the contract, and that you understand exactly what they must cover. Ask for a warranty deed, to be certain there is no cloud on the title. Require the seller to show you his title insurance policy. Try to arrange it so that you can acquire the deed when a good portion of the principal has been paid off. And it would be helpful to have a private attorney, or a legal aid advisor go over the contract with you.

If you run into any problems, do not hesitate to contact the Attorney General's Consumer Protection Division.

CAP adds to save list

(Lubbock) — Civil Air Patrol (CAP) search efforts this year have paid off with an increase in the number of lives saved, Cadet Lt. Preston H. Nebel, Lubbock CAP representative, said here this week.

"We've saved 41 lives so far this year," he noted, "five more than recorded all of last year." The figures cited are as of mid-September, added Cadet Lt. Nebel.

Civil Air Patrol added two new names to the growing list of lives saved during September.

The Lubbock Ranger Composite Squadron was on one search and rescue mission this year. They went to Palo Duro Canyon to search for a lost boy. The boy was found the next day.

Search and rescue efforts by CAP are carried out as part of the humanitarian services mission of the Air Force's civilian auxiliary. CAP is a non-profit, benevolent organization noted for its emergency service missions.

LIBRARY EXHIBIT — Mrs. Floy Hopkins, a member of the South Plains Designer Craftsman society, has some of her art creations on display in the base Library this month. Some of the articles on display are; enamel sampler, plastic table top, Raku clay match holder and many creations using melted glass in different designs. These art creations are for sell. (U.S. Air Force Photo By Sgt. Ron Pack)

Youth Activities

Tonight: The Youth Center will be decorated tonight at 6 p.m. Decorations are needed and all donations will be appreciated. Refreshments will be served. Guitar lessons will begin at 6 p.m. also. Tomorrow: A trip to Skate

Ranch. Sign-ups are required and the trip will cost \$1. The bus will leave the Center at 7 p.m.

Sunday: Coed recreation will begin at 1 p.m. Chess instruction will start at 3:30 p.m.

Monday: Christmas caroling practice will begin at 7 p.m. in front of the Center's fireplace. Bring copies of your favorite Christmas songs.

Tuesday: Sweet Tooth Night will begin at 6:30 p.m. Bake and decorate cookies with holiday themes. Prizes will be awarded for the best decorated cookies.

Wednesday: Tap, ballet and gymnastic lessons will begin at 1 p.m. Free movies will be shown at 7 p.m.

Thursday: Piano lessons will begin at 3 p.m. Rap Night will begin at 7 p.m. Have an idea to solve New York City's problem? Got a comment on the Bicentennial? Tip on gift wrapping? Whatever it is, this is your chance to talk about it. You pick the topic for tonight's rap session.

TEMPORARY PARKING — Base Civil Engineering Squadron has established an additional 35-car parking area between First and Second Streets near Hanger Line Road. The slots were added to alleviate congestion caused by construction going on in that area of the base.

Finance explains civilian per diem

By SSgt. Kathy Kraski
Accounting and Finance

If you are a civilian on a temporary duty assignment (TDY), how much per diem are you entitled to?

Many civilians believe that they automatically receive \$33 a day for per diem while on TDY. The \$33 a day is the maximum allowable, but not automatic. The actual computation of per diem for civilian personnel is \$14 a day plus the average cost of quarters.

An example of this is the civilian who goes TDY to Lowry AFB, Col. for 10 days. The first three days he/she pays \$15 a day for quarters. The next two days he/she stays with a friend at no cost and the last five days stays in government quarters at \$2 a day.

The total he/she spent for quarters is \$55. This is divided by the ten nights he/she was TDY, so the average cost for quarters is \$5.50 per day. Thus the per diem paid would be \$19.50 per day or \$195 for the ten days he/she was TDY.

Another misunderstanding concerns mileage allowance. The current rate for mileage allowance for civilians is 15 cents a mile, but unless a personal auto is indicated in the orders to be more advantageous to the government, the mileage allowance cannot exceed the cost of a transportation request (TR) and possible taxi fares.

Example

•A civilian goes TDY to Lowry

AFB, Col.

•Mileage allowance would be 551 (miles) x two (round trip), which equals \$165.30.

•The cost to the government for a plane ticket would be \$106 (round trip) plus \$20 for possible taxi fares which equals \$126.

•Since the cost of a travel request would be less than the mileage rate, the employee would be entitled to the \$126.

The travel pay area is one which constantly changes and where there are exceptions to every rule. If you have any questions please call Ext. 2163 before you go, to avoid any possible misunderstanding.

Six named temporary majors

The following captains have been selected for promotion to the rank of temporary major:

Name	Organization
Jack D. Cusano	Hospital
Thomas E. Capps	35th FTS
Jon S. Hillhouse	64th ABGP
Josephine P. Griswold	Hospital
Eugene A. Bardal	54th FTS
Robert C. Clark	Quality Control

The Regular augmentation board was held in conjunction with the promotion board. Capt. Jack Cusano was selected.

Do You Like to Eat?

Do you like to cook, or know someone who does? If so, you will want Yesterday's — Today's — Tomorrow's Cooking, by Anna Kubacak. This 329-page cookbook contains over 900 recipes, including Mexican, Italian, German, and Czechoslovakian foods, plus many others. There are 19 sections of delicious recipes, including:

COOKBOOK SECTIONS

- Beef
- Pork
- Seafood
- Wild Game
- Eggs and Poultry
- Sauces and Soups
- Vegetables — Asparagus to Zucchini
- 60 One-Meal Dishes
- Salads and Gelatins
- Miscellaneous — Enchiladas, Tacos, Tortillas, Pizza, etc.
- Candy
- Desserts
- Appetizers
- 60 Pie Recipes
- 85 Cake Recipes
- Cookies and Bars
- Pickles and Relishes
- Quick Breads of all kinds
- Yeast Breads, white, oatmeal, cheese, whole wheat, kolace, donuts, etc.

Mrs. Kubacak has chosen a 3-ring, loose-leaf binder with a washable vinyl cover, and a beige and brown color scheme which is attractive in all kitchens. Included are cooking and household hints, considered by many others to be well worth the price of the book.

The book sells for \$6.95, including tax and postage. To order, please remit your check or money order to: Anna Kubacak, Route 1, Box 163, Slaton, Texas 79364.

A perfect gift idea for Christmas, Anniversaries, Birthdays, Weddings, etc. — but don't forget to order one for yourself, also.

Hints on preparing leave form

By TSgt. Arthur Mitchell Finance Office would like to take this opportunity to wish each of you and your loved ones a Merry

Christmas and a Happy New Year.

Due to the holiday season and heavy volume of leaves that is expected to be taken by military persons at Reese, I have requested that The Roundup once again publish the logic table pertaining to the AF Form 152.

Each of you should use this logic table when you complete the AF Form 152. This will help us assure that leave taken is processed timely and accurately to the military pay records.

MERRY CHRISTMAS!

Christmas party brings holiday spirit to squadron

By 1st Lt. Clifford Napolitano

The Christmas spirit arrived at the 35th Flying Training Squadron (FTS) last Saturday night at the squadron Christmas party.

The dinners and dancing were combined in what was one of the best, if not the best, squadron party to date. Credit was given to Check Section for organizing the party... but we all know they couldn't have done that well by themselves... you guessed it, they didn't. F Flight and especially Pat Rooney were responsible for a great deal of the preparation. Col. and Mrs. Edward Mendel, Col. and Mrs. William Crooke and Col. and Mrs. Richard Ingram all joined in the Christmas spirits with the squadron.

The 54th FTS was well

represented with the presence of Lt. Col. and Mrs. James Gibler. Always glad to have you!

Christmas came early for Operations Section and Check Section this year. A well organized and expertly presented skit with song won the Christmas carol contest by a small margin. It must have been those "curtain hangers" Colonels Bradshaw and Keller. All the flights presented skits and songs with as much spirit as they could carry to the stage.

Speaking of F Flight, in case you were wondering who your new IP is, Lieutenant Rogers, his real name is Dennis Royer.

The test pilots for the new simulator program have been selected. The pilots are Major Fryer, Captains Slattery and Kuhl, and Lieutenants Werry, Smith and Dye. Lt. Jim Nelson was picked as the

alternate. Looks like some TDY for sure and don't have too much fun flying the stimulating simulator.

Coach Earl "The Pearl" Smith was happy to report a victory over the Hospital in our last basketball game. The score was close the entire game. Player-coach Smith was also happy to report that his very own last second shot gave the 35th FTS a one point victory. The team all played well, and this brings our record to 50 per cent. With more support we could make it to the playoffs.

Congratulations go to 1st Lt. Bruce Hollister for being picked as the IP of the Month. Lieutenant Hollister was cited for his outstanding job as E Flight scheduler, as well as senior controller upgrader.

Share a ride over holidays

With the coming holiday season many base personnel will be traveling to different parts of the United States. If you wish to share a ride with someone please contact the Information Office, Ext. 2843. We will keep a list of people wishing to share a ride and try to put you in contact with anyone who is going to your area.

Reese Briefs

Volunteers Needed

The Lubbock Goodfellows are in need of some 20 volunteers to help with the stuffing of some 5,000 bags with fruits, candies, and toys for underprivileged children. This job will take the better part of a duty day. Volunteers are asked to secure permission to be absent from their duty section. Interested persons should contact MSgt. Homero Rodriguez at Ext. 2410.

Family Services Operating Hours

The Reese Family Services Center will be open from 9 a.m. to 1 p.m. Monday through Friday during the month of December. Anyone interested in volunteering a few hours a week to work for Family Services is urged to call the Center at Ext. 2306.

Education News

Dr. Bruce Garrison, University of Northern Colorado business management counselor, will be at the Education Office, Bldg. 91, from 8:30 a.m. to 1 p.m. Monday. Call Ext. 2634/2469 for an appointment.

Persons Needed in Disaster Preparedness AFSC

An urgent requirement exists for interested persons in grades E-4 and above who possess a five-level in any Air Force Specialty Code (AFSC), a general AQE score of 70 (up to 10 points can be waived), and normal color vision, to retrain into the disaster preparedness career field (242XO). Interested applicants should contact Customer Service at the Consolidated Base Personnel Office.

Theater Group Seeks Members

The newly formed Reese Little Theater is looking for members. One of the greatest misconceptions about little theater groups is that you have to possess acting ability to participate. On the contrary, the theater is one of the few arts that uses any kind of talent a person may have. If you can sew, paint, build things, play an instrument, sing, dance, walk, or even act, the Reese Little Theater is interested in you. For more information contact Maralyn Higbee at 885-2661 or Barry Thornell at Ext. 2163.

Texas Boy's Ranch Auction

On Jan. 18, 1976, a regional farmer's auction will be held at Texas Boy's Ranch located just 2½ miles east of Lubbock, Texas on Liberty Road. Farm machinery, tools, and livestock will be on sale with the Ken Bozeman and Jack Aull Auction Service donating their auctioneer and clerical fees to the boy's ranch. For further information, call 747-3187 or write Texas Boy's Ranch, Box 6040, Lubbock, Tex. 79413.

Flu Shot Makeup

The makeup period for the influenza immunization will be held from 8 a.m. to 6:30 p.m. today. Shots will be given in the base Hospital Emergency Room area. Bring your shot record.

Animal bites prove costly

By Dr. (Capt) Gilbert M. Stay

With the austerity program as it is, everyone must conserve resources and use our defense budget dollars wisely. One area where we can all help is in animal control and the prevention of animal bites.

Bites are painful and a needless waste of dollars. For every Reese person bitten the Hospital spends about \$19 for medical treatment and \$281 if the 14-day anti-rabies treatment is required.

If the bite occurs in Reese Village the Security Police must respond to issue a citation to the pet owner — more hours and dollars spent. The animal involved must be placed in quarantine for at least 10 days. Veterinary personnel are required to observe the animal at the start and end of the quarantine period and complete and maintain several documents; an additional expenditure of man-hours (dollars).

80 So Far

As of this writing for the year 1975, Reese has had 80 bite cases reported. Seven of these cases required the anti-rabies treatment; total cost to the hospital, \$3,514. This does not include the monies and resources spent by the Security Police and Veterinary Services.

Following are a few statements of how the bites occurred. The words are those of the patients as reported to hospital personnel.

*Patient was sitting on front steps; dog ran by chasing cat. Dog stopped, bit patient, and continued chasing cat.

*Patient squeezed gerbil too tightly causing bite.

*Patient bothering family dog.

*Patient was trying to pick up cat.

*Patient picked up wild rat.

*Patient tried to play with dog while it was eating.

*Patient was eating ice cream cone and dog wanted some of it.

*Patient picked up head of dog.

*Patient tired to stop fight between his pet and sister-in-law's pet.

*Patient untangling dog from rope.

*Patient was attacked by several dogs while out walking (two deaths were reported in the U.S. as a result of attacks by roaming dog packs.)

*Patient bothered dog while it was asleep.

*Patient passed too close to where the dog was tied.

*Dog chasing cat, patient picked up cat, dog bit patient.

*Patient was hand feeding prairie dog at McKinzie Park (patient was required to undergo anti-rabies treatment, 14 painful shots in the abdomen.)

*Patient walked too close to back of pickup where dog was standing guard.

*Patient and dog on porch together when bite occurred; further information unknown.

*Pet store man was showing chimp to patient. As patient touched chimp, it went ape and started biting and scratching him.

*Patient picked up puppy and it bit her.

*Patient stuck arm through fence and dog bit her (this occurs frequently.)

*Pet was with dog when dog got hostile; owner interfered and was bitten.

*Patient was taking a short cut through neighbor's yard; dog jumped up and got her in the rear (backyard?)

*Patient was playing with litter of puppies when the mother bit him (the mother dog.)

Although some of the above incidents make for humorous reading, they are very serious and should be a lesson for all of us. Many of these could be avoided by a little forethought on the part of patients and/or parents of the children bitten. It is usually the pet that is blamed but perhaps the real fault

should be placed upon us, the parents, for not properly teaching our children how to act in the presence of animals. Let's all do our share to protect ourselves and our children by preventing bite cases.

AF cites two civilians for heroism

WASHINGTON (AFNS) — Two Air Force civilian employees have been cited for heroism. Their heroic actions took place aboard the C-5 that crashed near Saigon, Vietnam, April 4.

Dr. Merrit W. Stark and Miss Thelma L. Thompson were each presented the Air Force Civilian Award of Valor. Dr. Stark was presented his award at Aberdeen, S.D., where he is now employed in the Indian Health Services office.

Miss Thompson was honored during ceremonies at McClellan AFB, Calif. where she is now employed by the Sacramento Air Logistics Center.

The two civilians were volunteer escorts of Vietnamese orphans being evacuated to the United States. Their actions helped save many lives during the crash.

Flick Flack

Jim Brown, Lee Van Cleef, Robert Redford, David Carradine, Robert Mitchum and John Ireland are some of the stars that will be appearing in movies this week at Simler Theater.

The theater is open Tuesday through Sunday with shows beginning at 8 p.m. The Saturday Matinee begins at 2 p.m.

Tonight

"Take a Hard Ride" stars Jim Brown and Lee Van Cleef in a big scale outdoor adventure in the classic tradition of "High Noon" and "Stagecoach." Jim Brown, a trail bossman, rides with \$86,000 stashed in his saddlebag across Arizona on a mission to deliver the money to its rightful owner. A variety of villains pursue him including hard-eyed bounty hunter, Lee Van Cleef. Brown teams up with Fred Williamson and together they try to deliver the money. This film is rated PG, parental guidance suggested.

Saturday Matinee, Evening

Walt Disney's "Bambi" the classic animated feature tracing the life of a deer from birth to adulthood, returns to the screen with all of its original enchantment and drama, featuring some of the most captivating cartoon characters ever created. The hero of this timeless tale is a deer named Bambi, who from the time of his birth is squired through early forest adventures by Thumper, a forthright cottontail with an inclination for drumming his rear paw in excitement, and a wistful skunk whom Bambi names Flower. This film is rated G, all ages admitted.

Sunday

"Jeremiah Johnson" stars Robert Redford as a man who drops out of society to find peace and tranquility in the desolate Rocky Mountains shortly after the Civil War. He deals with Indians, meets a cantankerous bear hunter (Will Geer) and learns to sustain himself from the land. When his wife and adopted child are murdered he embarks on a path of

revenge which leads him into an all-out battle with the Indians. This film is rated PG.

Tuesday

"Death Race 500" stars David Carradine as a race driver in the year 2000. The United Provinces of America (formerly the USA) holds its 20th annual Transcontinental Death Race. Carradine is the national champ. The winner of the race is determined not only by the finishing position, but points gained in knocking off hapless pedestrians with the deadly vehicles. This film is rated R, under 17 requires accompanying parent or adult guardian.

Wednesday

"The Reincarnation of Peter Proud" embodies all the thrills of Max Ehrlich's best seller, plus an outstandingly rich performance from Margot Kidder. Michael Sarrazin plays the title role and director J. Lee Thompson moves suspense straightforward from Sarrazin's suspicions to his confrontation with the previous life of the man who is roosting in his body. Tracing scenes from his dreams Sarrazin ventures to a small Massachusetts town where Kidder had murdered her philandering husband. Kidder's love-hate memories of the husband she murders are brought forth subtly at first, then blatantly as director Thompson adds layers of chills, building at innocent and unsuspecting moments. This film is rated R.

Thursday

"Farewell My Lovely" stars Robert Mitchum and John Ireland. Mitchum plays a tough private eye who is hired by an ex-con to find his missing girl friend. The trail leads all over the Los Angeles of 1941 and environs, encompassing seven gruesome murders, visits to seedy hotels and bars and a plush mansion. Mitchum gets mugged, pummeled, shot at and drugged as he winds up on a gambling ship for the final confrontation shoot-out and body count before he finally solves the case. This film is rated R.

At Open Messes

Tonight: Filet mignon will be offered for \$4.75 and music will be provided by "Hiway." "Spring Fire" will be performing in the Main Lounge and the 54th Flying Training Squadron will have its Christmas party.

Tomorrow: Prime rib *au jus* is featured for only \$5.25. "Spring

Fire" will be in the Main Lounge and the Operations complex will have its Christmas party.

Sunday: Closed.

Monday: Chicken fried steak is the featured entree for only \$2.50.

Tuesday: Roast chicken with dressing will be served for \$2.25.

Wednesday: The Officers' club offers beef 'n bubbles (steak and free glass of champagne) for \$4.25.

Thursday: The club offers dining from the menu in the party rooms for the membership not attending the dinner-dance of Undergraduate Pilot Training (UPT) Class 76-05.

At Mathis

Tonight: The center will decorate its Christmas tree tonight at 7:30 p.m. and everyone is invited to attend and participate. Egg Nog will be served.

Tomorrow: The weekly pool Tournament will begin at 2:30 p.m.

Sunday: Coffee and donuts will be served each Sunday during the holiday season at 2 p.m.

Monday: The table tennis tournament will begin at 7 p.m.

Tuesday: Films will be shown beginning at 7 p.m.

Wednesday: The Chess Club will meet at 7:30 p.m.

Thursday: The center will have a Birthday Night at 7 p.m. Everyone with a birthday in December is invited to cake and refreshments.

Positions available for AFJROTC instructors

MAXWELL AFB, Ala. (AFNS) - The director of the junior program for Air Force Reserve Officers Training Corps has announced that retired officers and noncommissioned officers (NCOs) are being sought for instructor positions at high schools in the United States and abroad.

Entering its tenth year and now located at 275 units in 43 states, the District of Columbia, Guam, and Europe, the Air Force Junior Reserve Officers Training Corps (AFJROTC) welcomed 21 new schools to its program in 1975. To fill vacancies created by personnel

departing, and replacement units being introduced, AFJROTC maintains a list of retired officers and NCOs interested in becoming aerospace educators.

AFJROTC maintains applicant files from which names are submitted to high schools for consideration. The schools negotiate contracts with the instructors and agree to pay at least the difference between retired and active duty pay.

Applications and additional information is available from AFROTC/JRI, Maxwell AFB, Ala. 36112.

ACADEMICALLY SPEAKING

By Capt. Ed Hayden
64th Student Squadron

The 64th Student Squadron has recently been undergoing a reorganization of personnel. Operation "Getting Our Ducks in a Row", involves the reinstatement of Class Commanders in the Undergraduate Pilot Training (UPT) program. First Lieutenants Wayne Hodges, Ronnie Cone, and Tim House will supervise these classes in the T-37 phase, while 1st Lt. Rick Chabot continues to reign over the T-38 classes. Class Commanders serve as the focal point in resolving the multitude of problems the UPT student encounters during his training at Reese. We welcome these pros back to the squadron, where their skill and cunning aid immeasurably in producing top notch Air Force pilots.

And now let's see what corny cornucopia of comatose comicalities our students have been up to . . .

Class 76-05

Hawks, 12, Lions 4. That's the score this past week in Section Two on the I-Navigation checks. 2nd Lts. "Beef" Jurgensen, "Killer Kip" Knutzon, Bill Bradford, and our man in Denver, Mogens Kruse were among those who fared well on that check ride. By now, everyone should have flown their last ride as we anxiously await a Dec. 19 graduation.

Class 76-07

Well, it's another "Bet Your Wings" week in G flight as the IPs one by one allow their students to solo out in formation. The best part of soloing in formation, as everyone found out, is echelon turns (being the only time the IP in the dual ship is totally unable to grade your performance.)

Now, nobody is saying that 2nd Lt. Delbert Lewis is a jinx or anything like that, but on both of his solo formation rides, his dual ship had to air abort. Did we see the IPs drawing straws to see who gets the next ride?

Both sections had 100 per cent participation last week for the Annual Pilot's Instrument Examination. At least everyone was there bodily. After seeing the results

of the test, one wonders where everybody's minds were.

Class 76-08

Section One was proud to recently observe their section leader, Capt. Dennis Deluca, receive the Meritorious Service Medal. Col. Edward Mendel presented the award to Captain Deluca for outstanding performance as an F-111 weapon system operator and wing inspection monitor at Mountain Home AFB, Idaho.

Reload has been having fun watching our early attempts at landing the T-38. However, progress is evident as Captain Deluca and 2nd Lt. Lynn Burgess soloed after the winds died down last Friday.

Our wives sat in on a briefing last week as a part of Wive's Orientation Day. Lt. Col. James Gibler spoke to the wives on the freedoms we enjoy in this country and the role their husbands play in the preservation of those freedoms. He reminded all of us to think about those freedoms as we go home to our families this Christmas to celebrate the holidays.

Class 76-08 is proud, along with Classes 76-05, 06, and 07 to have donated \$153.00 to needy Lubbock families for Christmas dinners.

Class 76-10

Section One is now on the verge of their instrument check rides. Last week we managed to all go night flying which can best be described as "panic in the pattern." Our section leader, "Breakout Buff" Malloy was our hero that night while our "Bite the Bullet" award was claimed by that unnamed student who hits himself with his own paddleball serves, wears white socks on UOD days, and is attempting to dirty his upper lip with some hair.

Gas shortage may be possible at base station

By Maj. Thomas N. Goode

When was the last time you thought of a gasoline shortage at the Base Exchange Service Station?

Capt. Rick Cotter (IP/Academic type) was given the unique opportunity this past week to wash his flight suit in the solo tank (with him in it) due to his recent promotion.

The students in section two have had a busy and varied week. 2nd Lt. Pitthaporn Glinfaung tested his nomex in the RSU recently and fortunately wasn't burned while 2nd Lt. Rick Kellahan denied he and his IP some "cloud time" when he forgot his enroute charts.

2nd Lt. Robert Morrison composed an excellent poem extolling the escapades of D flight students and IPs for the week. Lieutenant Glinfaung won the honor for pulling a closed pattern with his speed brake out and then rolling off the perch gearless. 2nd Lt. Kevin Grady wound up the week as a fuel system expert after encountering a 400 lb. fuel imbalance on a solo flight.

Class 76-11

Section one is thirteen strong having arrived at Reese by way of the Guard, ROTC, and the AF Academy. According to one of our zoomies, 6 are married, 2 are running bachelors, and 4 are footloose and free (they never taught us how to count at the Academy). Our fearless section leader is 1st Lt. Larry Mercker and he's assisted by 2nd Lt. Dave Young.

In section two, the grim reaper swept through F flight as the ranks of the IP were decimated by disease. All the students but one were reporting to empty chairs except 2nd Lt. Rom Gravelle.

An unidentified member of C flight is awarded the "Check Six" trophy for his clearing turn during the runup check.

It has probably been several months. Most of your recent concern has been with the price of gasoline rather than the availability of this needed fuel. Why should you be concerned now with the possibility of a sudden reduction in gasoline availability? The President and the Congress have not agreed on whether to extend price controls on imported oil. The President favors de-controlling oil prices immediately while Congress wants a gradual phase out of controls. If price controls are dropped quickly, the consumer will be faced with immediate price increases of gasoline. A gradual reduction in controls will result in a gradual increase of gasoline prices. BUT, why should reduced controls and increased prices reduce the amount of gasoline available for you to buy?

The Base Exchange Service Station operates with a monthly allocation of gasoline from the Base Exchange supplier which was established by the Federal Energy Administration based on our 1972 consumption. In calendar year 1975, the Service Station has been able to order and receive gasoline deliveries in excess of the authorized base allocation. This has been possible due to a surplus supply of gasoline available to our supplier.

Base Exchange management has not received an indication from the supplier that gasoline deliveries will be curtailed or reduced. However, the base allocation of gasoline could be reduced without advance notice. I want to make you, the customer, aware of this possibility. BX management will continue to monitor the situation and will keep me advised of any changes. As information is provided to me, I will pass it on to you.

— ON THE \$ SAVING LOOP — ON THE \$ SAVING LOOP — ON THE \$ SAVING LOOP —

WE NOW HAVE 6 VOLVOS. FOR PEOPLE WHO THINK ALONG THE SAME LINE.

Thoughtful people looking for safety, comfort and reliability in a car often come to the same logical conclusion: our Volvo showroom.

But not all people who think, think they want the same Volvo. So we have six models to choose from this year.

For those who want to drive the finer things in life, we have three luxurious Volvos in the new 260 series. A four-door sedan. A two-door sedan. And a five-door station wagon that any devout Cadillac, Mercedes or Lincoln owner could feel at home in...if only Cadillac, Mercedes and Lincoln built station wagons.

The 260 GLs all come with a new light alloy V-6 fuel-injected engine. Sturdy new transmissions, either automatic or four-speed manual with overdrive. (No extra charge for either.) Rack-and-pinion steering. Four-wheel power disc brakes. And a host of creature comforts including air conditioning, leather faced seats, power assisted steering, power front windows and heated driver's seat.

For people more concerned with the bottom line than the top of the line, we have the Volvo 240 series. Two- and four-door sedans and a five-door wagon with new overhead cam, four-cylinder, fuel-injected engines and new transmissions, too. But without a 260's price tag because there are some luxury features you do without.

• We know we haven't made it easy for you. While it always took some thought to come in for a Volvo, now it's going to take even more to drive out in one.

VOLVO

The car for people who think.

BASE GYMNASIUM RULES SPORTS ACTIVITY SCHEDULE

TO THE VICTORS — The base Gym staff displays the trophies which will be given to the winners and runners-up in the first annual Reese Christmas High School Basketball Classic, to be played here Dec. 18, 19, and 20. Trophies will also be given to members of all-star teams to be selected in each division at the conclusion of the tourney. From left, the staff includes Amn. Charles Mathews, SSgt. Rodney Wilson, TSgt. Linden T. Williams, and Amn. David Hawthorne. (U.S. Air Force Photo by 2nd Lt. Mike Dale)

Gym Shorts

All gym facilities, including the paddleball courts and weight room, will be closed Dec. 18, 19, and 20 for the Reese Christmas High School Basketball Tournament.

Because lockers are needed for the basketball tournament, all locks on lockers must be removed by noon today. Locks not removed will be cut off by the gym staff this afternoon.

Due to the basketball tournament and the coming Christmas holidays, all intramural play is suspended until Jan. 6.

A coach is needed for the base varsity volleyball team. Interested persons should sign up at the base gym. Varsity volleyball is scheduled to begin during the second week in January, with intramural volleyball starting the first week in February. All squadrons planning to participate in the intramural volleyball league should begin to organize their teams now.

The current Paddleball Ladder Tournament is scheduled to end Dec. 15. Prizes will be awarded to the top three players on the ladder. As of Monday, the top five players included: (1) Charles Coleman, (2) Daniel Alfson, (3) Kenneth Korsmo, (4) Don Luehm, and (5) Edward Mack Jr.

Women's exercise classes are held at the base Gym from 9 to 10 a.m. on Monday, Wednesday and Friday. Anyone interested in joining the women's exercise classes should sign up at the base Gym.

A1C Belvin Ray Eddington

Eddington chosen as first Reese Athlete of the Month

A1C Belvin Ray Eddington has been selected by the athletic staff as the Reese AFB Athlete of the Month for November.

This is a new program sponsored by the athletic staff. Its purpose is to recognize one athlete each month for excelling in the base sports program.

Three factors are considered in selecting the athlete of the month. The first is his ability in the sport.

His contribution to the sports program is the second factor considered. The last and most important factor used for selection is sportsmanship.

Airman Eddington displays all these factors both on the base basketball team and in intramural sports. As a starter for the Reese Rattlers he shows teamwork and a great desire to play basketball.

In the intramural league he plays

with the 2053 Communications Sq. With this team he starts and plays at his best, averaging 20 to 22 points per game. But most of all he displays the main ingredient of any sport, sportsmanship.

Airman Eddington is a native of Here, Texas and played two years of high school basketball there. Since his arrival here he has played on the Reese Rattlers for three years and with intramural league three years.

Congratulations to Airman Eddington for being selected as the Athlete of the Month. Along with this honor he will receive two free dinners at the NCO Open Mess.

SONNY ARNOLD & ASSOCIATES

TAKE YOUR TIME

AND enjoy the entry to this unique home. Cozy fireplace with deep hearth, and an inset ceiling light to brighten your favorite painting. Isolated master bedroom has large dressing area with walk-in closet (room for both his & hers), 2 full baths, marble vanities, large mirrors. Storage shelves in utility room, a continuous cleaning oven in well planned kitchen. Use your imagination for "bonus room" in double garage, but use your bar-b-que for the large covered patio. Intramural Standings

As of Tuesday, four teams remained undefeated in the base Intramural Basketball League. Student Squadron Team One is number one in the standings by virtue of having played more games than any other undefeated team.

Intramural Basketball Standings

Team	Won	Lost
Student Squad Team One	4	0
Supply Team One	3	0
Comm Squadron	3	0
54th FTS	3	0
Hospital	2	2
Supply Team Two	2	2
35th FTS	3	3
Student Squad Team Two	3	3
Civil Engineering Squad	1	2
Air Base Group	1	3
Field Maintenance Squad	0	10

Fouls cost base team

The Reese Rattlers traveled to Webb AFB, Tex. Dec. 5 and 6 to take on the Webb varsity squad and came away the losers in two contests.

Reese lost the first game 71-66, with the entire starting five for Reese fouling out after only 26 minutes of playing time. Only one player fouled out during the entire game for Webb. Guard Mark Henderson was high point man for Reese with 14 points. Lee Sanders scored 12 points.

In the second game Webb came away with a 70-65 victory. Forward Lee Sanders was top point getter for Reese with 20. Center Joe Paul and guard Mark Henderson each scored 10 points.

The Reese Rattlers are also participating in Lubbock Open League Basketball, with a 1-1 record in league play. On Monday night the Rattlers took on the Stage Hands from Lubbock, and came

away with a 53-48 win. Belvin Eddington was high scorer for Reese with 16 points. Jessie Murphy scored 12 points.

The Rattlers travel to Ft. Sill, Okla. to play in the Ft. Sill Invitational Basketball Tournament today and tomorrow. Their first game will be against Sheppard AFB, Tex., at 6 p.m. tonight.

Seafood stuffing

AUSTIN | Three great stuffing ideas for the holiday season from the seafood marketing division of the Parks and Wildlife Department utilize oysters, blue crab and shrimp.

Oysters are a versatile food. They can be eaten raw on the half shell, breaded and fried, wrapped in bacon and broiled, combined in a stew or used in a delicious stuffing for your Thanksgiving bird.

Crabmeat, like all seafood, is an

excellent source of protein, vitamins and minerals. Either marketed live, cooked in the shell, fresh, frozen or canned, meat from the blue crab provides a different stuffing for turkeys.

Another stuffing that has the distinctive taste of lobster and the price of medium-sized shrimp is rock shrimp. Because rock shrimp live in much colder, deeper waters, the flesh is firmer and sweeter than regular shrimp.

Oyster-Cornbread Stuffing

- 1 1/2 pints oysters, fresh or frozen
- 1 cup celery, chopped
- 1 cup onion, chopped
- 1/4 cup butter or margarine
- 3/2 cups cornbread cubes or coarse crumbs
- 1/2 cup chicken broth
- 1 teaspoon poultry seasoning
- 1 teaspoon sage

Thaw and drain oysters. Saute celery and onion in butter until tender. Add oysters and cook three to five minutes or until edges begin to curl. Combine all ingredients and mix thoroughly. Makes approximately four cups of stuffing.

Blue Crab Stuffing

- 1 pound blue crab meat
- 1 1/2 cups cracker crumbs (any type)
- 3/4 cup celery, chopped
- 1 tablespoon green pepper, finely chopped
- 1/2 cup butter or margarine, melted
- 1/4 cup milk
- 1/2 teaspoon salt
- 1 teaspoon dry mustard
- Dash cayenne pepper
- 2 tablespoons parsley, chopped

Combine all ingredients and mix thoroughly. Makes five cups of stuffing.

Rock Shrimp Stuffing

- 1 pound rock shrimp
- 1/2 cup celery, chopped
- 1/4 cup onion, chopped
- 1/2 cup butter or margarine
- 2 cups herb-seasoned stuffing mix
- 1/2 cup macadamia nuts, chopped
- 1/4 cup hot milk
- 1 egg, beaten

Thaw, peel and devein shrimp. Cut large shrimp in half. Cook celery, onion and shrimp in butter until vegetables are tender. Combine all ingredients and mix thoroughly. Makes four cups of stuffing.

- For 5-9 lb. bird..... 2 times stuffing recipe
- For 10-15 lb. bird..... 3 times stuffing recipe
- For 16-20 lb. bird..... 4 times stuffing recipe
- For 21-25 lb. bird..... 5 times stuffing recipe
