

THE ROUNDUP

The ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by C. F. Boone Nationwide Publications, Inc., a private concern, which is in no way connected with the Department of the Air Force. Publisher's mailing address: P.O. Box 883 Lubbock, Texas. For information phone SH 7-1624 (night SW 9-0580). Opinions expressed by publishers and writers are their own and are not to be considered an official expression by the Department of the Air Force. The appearance of advertisements in this publication does not constitute an endorsement by the Department of the Air Force of the products or services advertised.

VOLUME XVI 2

Lubbock, Texas Friday, April 16, 1965

NUMBER 15

WINNERS OF MASTERS DEGREES—A masters degree in flying requires 800 accident-free IP hours with at least 500 hours flown here at Reese. Receiving their degrees Friday were, left to right: Capt. Samuel E. Burns III, 00th PTS; Capt. Dwight L. Moody, 00th; 1st Lt. Robert L. Rutherford, 00th; Capt. James

F. Fluher, Stan Board; 1st Lt. Frederick A. Williams Jr., 01st; Capt. Jack M. Rosamond, 01st; 1st Lt. Roger L. Cranmer, 01st; and Capt. Thomas R. Knoll, Academics. Not pictured, but also getting masters degrees were 1st Lt. Vincent C. Marks, 01st, and 1st Lt. Merton H. Hull, 01st.

Easter Observance Started In Special Chapel Services

Observance of Easter services for the Reese Chapel began Thursday with a Low Mass at noon and High Mass at 5 p.m.

Today Catholics will observe Good Friday with confessions at 1 p.m. and scripture readings, solemn prayers, Adoration of the Cross and Holy Communion at 2 p.m. Holy Saturday will be marked by confessions at 1 p.m. and 6 p.m. The Easter Vigil Services are scheduled for 11:15 p.m.

A Midnight Mass is planned Saturday, with Sunday services at 9 a.m. and 12:15 p.m. No confessions will be heard on Easter.

Protestants will join in an Easter sunrise service at 6:30 a.m. Easter morning in the Base Chapel, with coffee and rolls served at the Annex after the service.

Regular worship services are scheduled for 10 a.m. and 11 a.m., with the Easter message given.

The Protestant Youth of the Chapel meet at 4:30 p.m. in the Chapel Annex.

Protestant Good Friday services are planned for 10 a.m. today.

Lowry CRP Action Saves \$2 Million

LOWRY AFB (ATCPS) — How much money is \$2,480,700? This is the amount that Lowry has reported as validated savings for the first half of Fiscal Year 1965 under the Cost Reduction Program.

The base population was 12,471 as of December, 1964, and that means each Lowry taxpayer would save more than \$196.50 for the one-half of the fiscal year.

NASA Team Visits Reese

Briefing on various activities of the National Space Agency was given Reese personnel Thursday by a two-man NASA briefing team composed of Philip T. Hamburger and George W. Morgan.

The team came to Lubbock to appear at the Texas Tech Science and Engineering show, and took time out for morning and afternoon briefings at Reese. They also displayed some NASA equipment.

Morgan formerly was an instructor pilot and the assistant manpower officer at Reese.

The team also toured the base, visiting the 3500th Pilot Training Squadron for a briefing on the undergraduate pilot training program by Lt. Col. William H. Reese, squadron commander. It visited the T-38 synthetic trainer area and was briefed by MSgt. Paul E. Jantzen. Following a luncheon at the Officers' open mess, it visited Building P-82 to see maintenance activities and to be briefed by Capt. James N. Heggarty.

The team toured the RSU on the outside runway accompanied by Lt. Col. Howard P. Mann, 3501st PTS commander. At the physiological training unit the briefing was by Capt. Reynold E. Janek.

President Says 'Ready Anytime' For Peace Talks

BALTIMORE (AFPS) — President Johnson, in a speech at Johns Hopkins University April 7, said that the United States remains ready for "unconditional discussions" to end the war in Viet-Nam.

Broadcast and televised nationally, the President's speech was an open invitation for peace talks. The President said that he would ask Congress to approve a \$1 billion aid program for Southeast Asia that could eventually include North Viet-Nam.

"I would hope that all other industrialized countries, including the Soviet Union, will join in this effort to replace despair with hope and terror with progress," he said, adding that he planned to step up programs to use American farm surpluses to feed and clothe Asia's needy.

Easter Egg Hunt Planned Sunday

Reese children between the ages of 1 and 11 are invited to participate in the annual Easter Egg hunt Sunday, starting at 1:30 p.m. on the new baseball diamond behind the Youth Center.

Go-E, the clown, will be on hand and prizes are to be awarded in various age groups for the most eggs found, special eggs found and other activities. The clown will be on hand early and asks that children come early.

In event of rain, the egg hunt will be replaced by an Easter parade in the Youth Center, Hal Green, youth director, who is in charge of Sunday activities, has stated.

ATCs Cost Monitor Given Certificate

(ATCPS) — Wilbur G. Wood, GS-12, cost reduction program monitor for the ATC Directorate of Transportation, has been awarded a Certificate of Achievement by Brig. Gen. J. A. Pechuls, ATC deputy chief of staff, materiel.

The certificate read "This is to certify that Wilbur George Wood has made an outstanding contribution to the Air Force Cost Reduction Program achieved through a significant management improvement in the area of Transportation and Traffic Management."

GRADUATES NUMEROUS

Undergraduate pilot training bases in 1964 produced 1,675 graduates in the Air Force all-jet pilot training program.

Colorado Firm Gets Contract For Training

Reese Tuesday named Marlman and McPherson, partners of Los Animas, Colo., as contractor for the new light plane training program to be conducted for the base beginning August 5. Training will take place at the Abernathy airport.

Major Joseph V. Sullivan, Reese procurement officer, notified Marlman and McPherson of the award late Monday.

Marlman and McPherson, which has crop dusting operations in Texas, Colorado and Montana, included in their bid a 1/2 of 1 per cent discount privilege, with this discount coming into effect upon prompt payment by the Air Force. This discount clause spelled the difference in their bid of \$15.37 per hour from an identical one submitted by Hallmark Academy Inc. of Amarillo. Hallmark's bid carried no discount privilege. Total dollar value of the contract is estimated at approximately \$160,000 per year.

The contract provides up to 30 hours of instruction in the Air Force-owned Cessna 172, designated T-41A, for each student pilot prior to his entering the jet phase of training.

The contractor must also gain Federal Aviation Agency approval by May 1 to operate a flying school and must have all facilities ready for operation by June 1.

Although all 21 of the new trainers assigned to Reese will be owned by the Air Force, the contractor will perform all maintenance and care for the craft, plus providing the 16 to 18 FAA certified civilian instructor pilots for the program. Before contract training starts, each civilian instructor will receive up to 10 hours of flight indoctrination by a group of hand-picked Air Force pilots from Reese.

Twenty-four firms sought the Reese contract. Civilian contractors will begin student training in T-41A's at each of the eight undergraduate pilot training bases in August.

Re-introducing a light plane, the T-41A, as the first phase in flight training will reduce training cost in early phases where the greatest number of student pilots are disqualified. This permits an increase in numbers trained at a lower cost than a simple program expansion, Air Training Command officials stated.

Present figures on disqualifications show that ROTC students who have had flight orientation programs in light aircraft have better chances of success in jet training than those who haven't. After training in the T-41A, students will complete 90 hours in the T-37 primary jet trainer and 120 hours in the supersonic T-38 before receiving the silver wings of the Air Force pilot. There will be about 400 students a year, classes arriving each six weeks.

Under the contract, Reese AFB will house and feed students and will transport them to the training area at Abernathy.

Civilian contract training will be monitored by Reese flying and aircraft maintenance personnel. Project officer is Maj. Raymond A. Sofaly.

State Traffic School Shows Best Driving

A defensive driving school, rated as one of the best ground safety programs ever held at Reese, was presented this week in daily sessions conducted by Texas department of public safety leaders.

Attending sessions were 40 emergency vehicle drivers from the air police, civil engineering, fire department and POL section and 16 supervisors in the same area. Instructing were Alfred R. Stone, training specialist of the department in Austin; Ralph W. Briscoe, safety officer, Wichita Falls; R. O. Burchfield, safety officer, Amarillo; C. A. Dempsey, safety officer, Lubbock; Lt. D. E. Gray, drivers license service, Lubbock; Maj. Harry Hutchison, commander, Region 5, Lubbock; and Sgt. Fred D. Marshall, safety education service, Lubbock.

Colonel Richard A. Steele, base commander, gave the opening briefing.

Instruction covered the anatomy of an accident, laws and procedures, how to see, physical forces, driver assumptions, rural driving, adverse driving conditions, what causes accidents, and other subjects.

Tuesday afternoon, a braking demonstration was given on the traffic apron at the north end of the flying field. Speeds and stopping distances for various types and weights of automobiles was shown.

TECHNICIANS NEEDED

WASHINGTON (AFNS) — Airmen with a better-than-average ability to speak, read and write English are needed for overseas assignment with the Armed Forces Radio and Television Network.

There's one master key to information, enjoyment, recreation. That's your library card at Reese base library.

FREE CONE—Free ice cream for everyone was given at the Reese Lanes snackbar official opening last Friday. Handing a cone to Sheila Crowl, daughter of SSgt. and Mrs. Don Crowl, is 1st Lt. Joseph Maratta, personnel services officer. Seated are Mary Maratta, Bruce MacDonald and Carol Kumpf. Standing behind are R. M. Ford, cafeteria manager, and Frank Morgan, BX manager.

HONORARY CHAIRMAN — Mrs. Richard A. Steele has accepted the honorary chairmanship of the Red Cross volunteers at Reese. In the picture she is being briefed on her new duties by Mrs. Lois Weiselman, left, base chairman, with Mrs. Annie Westbrook, right, assistant base chairman. Others at the briefing were Jerome Waters, Reese Red Cross field director; Maj. Blanche Wolk, supervisor of nurses at Reese hospital and Jack Gibson, Lubbock County Red Cross director.

Commander's Comments . . .

By COL. DUDLEY E. FAVER
Wing Commander

With the coming arrival of the summer months, we know that Reese AFB will experience its normally heavy rate of personnel turnovers during this period. Correspondingly, we know that a permanent change of station nearly always poses problems for the individuals and families concerned. To alleviate the inconveniences inherent in a permanent change of station, it behooves us to pay close attention to the needs of our new team members and their families.

The Reese system whereby a sponsor is appointed for each newly assigned person goes a long way to help ease the rigors of a change in station; however, getting acquainted and adjusted to the new surroundings can be made even easier for our newcomers if we "oldtimers" take it upon ourselves to assist the new arrivals and make them feel at home immediately upon arrival.

First impressions often are lasting ones. We certainly want our new personnel to feel at home from the beginning.

The rapidity and ease which accompanies a newcomer's adjustment to his new environment bear a direct relationship to his effectiveness on the job—especially during those early weeks. Therefore, just as the people of the South Plains are noted for their friendliness and hospitality, let us show the same courtesies to our new comrades by helping them to get settled—and to work—as rapidly and easily as possible.

Accredited law school graduates entering the Air Force attend an orientation training school at Lackland, which graduated 72 personnel during 1964 to the role of staff judge advocate.

Join us in our Easter observance . . .

PERSONAL TRIUMPH — Major Robert A. Rushmore of Edwards AFB, after making his 26th X-15 flight, says he has flown the craft more than any of the eight other pilots in its near six-year aerial history.

Theme Prizes Being Offered

Entries began reaching the Reese library this week in the adult essay contest, which is in connection with the annual National Library Week, April 25 through May 1.

All adults on the base, including military, civilians and Air Force family members, are eligible to compete for prizes. Essays must be submitted to the library by April 25, using the week's theme, "Open Your Future—Read."

Essays or themes should be 200 words or less. First prize for men is the complete works of Shakespeare, illustrated by Rockwell Kent. First prize for women is the Vogue Cookbook.

Many activities are planned for Library Week at Reese, including special exhibits, gifts to library visitors and open house daily.

Refreshments will be served between 9 and 10:30 a.m. during special open house sessions on Monday and Wednesday.

Children of the fifth and sixth grades at Reese Elementary School are to compete in a theme contest on the week's slogan, "Open Your Future—Read."

Coming, Going

ARRIVING:

A3C David L. Trauger, A3C John R. Uebele, A3C Philip F. Walter and A3C William C. Lee Jr. from Lackland.

A3C Marceline Hernandez, from Amarillo.

A1C Billie B. Lyons, from England.

MSgt. William E. Maupin Sr., from Moody.

DEPARTING:

A2C Billy R. Mizell, to Keesler. A2C George L. Becker, to AFCS.

A2C Terry G. Cobon, to ADC. SSgt. Arthur H. Krumm, to Atlantic.

SSgt. Alfred Hardy, SSgt. John W. Church, A1C Stephen W. Bowers, A2C Donald L. Sherlock and A2C Joe N. Vaughan, to PACAF.

SSgt. Boyd R. Stubblefield, SSgt. Jerry L. Maier, SSgt. Edgar V. Watts, SSgt. Everett W. Riecke, SSgt. James N. Dillard, A1C Roosevelt Woods, A2C Gearlon D. Holley, A2C Frederick M. Parker, A2C Daniel J. Dusza, A2C Michael Petry, A2C Robert E. Goldsberry, A2C Glenn T. Carver, A2C Paul G. Ross Jr., A3C Albert M. Flemons, A3C Alfred R. Fausone, A2C Marvin E. Erickson, A2C Michael R. Green, A2C Robert V. Hudson, A2C Roger McCauley, A2C William R. Meins, A2C Richard Nordstrom, A2C Larry E. Pope, and A3C Luther Sutherland, to USAFE.

SSgt. Clyde L. Hose, to Chanute.

Capt. Walter Price, to Perrin. Capt. Philip Brown to AAC. Capt. George A. Lahood, to Laredo.

ACTIVITIES VARY

At Lackland AFB, the Air Training Command give basic training to newly inducted airmen, conducts technical training in crypto, air police work, recruiting and handling of sentry dogs, and conducts marksmanship training.

Vacation Period Approaches

With the summer vacation season fast approaching and Reese personnel planning to travel millions of miles to all parts of the country on leave, the time seems right to start making complete plans aimed at the getting the family to its destination and back safely.

Records show that 1965 may be the worst year in history for traffic accidents. Cars are faster and drivers apparently are giving less attention to caution. It is THE year for defensive driving and to avert what the other fellow might do wrong.

In Texas alone last year 3,006 persons were killed and more than 55 and a half billion miles were traveled by automobile. That's more than a 10 per cent increase in deaths and a 6.41 per cent increase in mileage over 1963. Economic loss in the accidents was well past \$486 billion.

At least one person in Texas was killed every day in the year and one person died of traffic injuries every 2 hours and 55 minutes. Traffic officials see a 10 per cent increase in deaths this year, over 1964.

None of us wants to be killed or hurt on the highways; none of us wants to see friends and neighbors involved in accidents.

Planning for automobile trips always should be a paramount. Planning during the 1965 vacation period cannot be emphasized too heavily.

ASK YOUR PERSONNEL OFFICER

Q. How do airmen receive awards in the Military Suggestion Program?

A. At present, monetary in-

centives for beneficial suggestions submitted by military personnel are provided through non-appropriated welfare funds. A limited amount of these funds is being expended annually as prizes for military suggestion contests to recognize beneficial suggestions submitted by military personnel, this being in addition to other non-monetary incentives such as military decorations, favorable communications, certificates, etc.

A bill is in the Congress which will authorize the use of appropriated funds for payment of incentive awards to military personnel. It is supported by all the services and is making progress toward possible passage. The bill has considerable important backing within the Congress.

Reese Speaker High In Contest

First Lt. Mike Ferguson, representing the Reese Officers Toastmasters Club, finished third among contestants of six clubs in the area speech contest held last Saturday night in the Pioneer hotel.

The lieutenant, making his third speech as a Toastmaster International, discussed, "Hero or Hypocrite."

The Reese club is seeking new members who desire to improve their speaking ability, Capt. Thomas M. Colman, president, stated. Interested officers may call the captain at Ext. 492.

Board Meets May 24

WASHINGTON (AFNS)—Regular officers will be selected for permanent promotion to colonel by a central board scheduled to meet here May 24, the Air Force has announced. The best-qualified method of selection will be used.

Electricity should be dealt with by experts.

HERE'S SOMETHING TO CHEW ON!

(By Maj. R. A. Henry, Base Preventive Dentistry Officer)

Teenager don't reach for that candy bar. Pass it up and have an apple instead.

Sounds like a dull alternative, but if you value your smile — a great asset for those who want to be popular and successful — you'll learn that layer cake and other sweets can be your smile's worst enemies.

Did you know that a slice of two-layer chocolate cake has 15 teaspoons of tooth-decaying sugar in it?

That a candy bar has seven?

That a six-ounce bottle of carbonated beverage has four?

Sugar increases activity of bacteria in the mouth which in turn produce tooth-decaying acid.

The bacteria in five minutes can produce enough acid to dissolve some tooth enamel. Once tooth enamel begins to go, your tooth may be on its way out!

Adolescence is the age when tooth decay does its greatest damage, probably because of increased consumption of sweets and perhaps not sufficient attention to brushing. It's the single greatest cause of tooth loss for this age group. In fact, at age 16, the average boy or girl has seven decayed, missing or filled teeth. Quite a handicap for a successful smile!

The situation is not hopeless, however. Teenagers can do much to change it.

Here are some good health rules to follow:

— Brush your teeth after each meal, and after each between-meal snack. Toothbrushing helps remove the food that lodges in between your teeth for bacteria to work on. Removing decaying food helps prevent bad breath, too, and keeps your gums healthy.

— If you cannot brush at least rinse out your mouth with water.

— Visit your dentist regularly. He'll want to clean your teeth at least twice a year to remove tartar or other deposits that the toothbrush cannot remove. With the use of X-rays he'll find the small cavities and he'll fill them before they can get larger. He'll also find impacted teeth and diseased pulps or tooth nerves. X-rays also will help the dentist find any other hidden problems and correct them before they become serious.

Be sure, also, if you injure a tooth — playing football, for instance, or riding a bike — that you see your dentist immediately. A tooth can be damaged even if it does not appear chipped or broken. Then too, a tooth that has been knocked out can often be reinserted if treatment is sought immediately.

And finally, eat right. Foods good for your over-all health — milk, meats, cheese, fruits, vegetables and breads — are adequate for your dental health, too. Cut down on candies and cakes and other sweet foods. Eat the raw fruits and vegetables that help to clean your teeth.

About 64 per cent of graduates of basic training at Lackland in 1964 were selected to attend a technical school for training in electronics, mechanics, weaponry or similar technical fields.

'00th Names IP Of Month

Captain Wolfram D. Wislicenus of Flight A has been named instructor pilot of the month in the 3500th Pilot Training Squadron.

He "exemplifies the finest in a military officer," observing military courtesy, maintaining fine relations with students and aiding new instructors, his recommendation stated.

He was credited with outstanding briefings, aimed at individual needs of his students and, as an element leader, with close checks of all activities and timely suggestions for betterment.

"During the course of a class tenure in the T-37, Captain Wislicenus gives many of the mass briefings," the letter stated. "He knows the intimate details of maneuvers, procedures and standards of proficiency required."

The captain also was lauded for a recent emergency in which he came to a safe landing through use of professional techniques after a double flameout.

Safety Director Named For ATC

Colonel Max J. King, assistant director of operations and training for the deputy chief of staff for operations of the 5th Air Force, will become the director of safety for Air Training Command Aug. 1.

He will succeed Col. James W. Bradford, who has been in the ATC post since August, 1961. Colonel Bradford is assuming command of Laredo AFB, succeeding Col. Gaillard Peck who is retiring.

Colonel King is at Fuchu Air Station, Japan.

Cavern Admissions Increase Effective

Effective April 1, the fee for admission to Carlsbad Caverns was increased to \$2 from the \$1.50 previously charged.

All persons under 16 years of age will be admitted free of charge.

Organized, sponsored youth, student and military organizations previously admitted without charge as a group will be affected by the new rates.

Reese Racks Up Big Cost Reduction

Savings of \$20,700 through due-out cancellation of supply requirements and \$35,700 in reduction of stock control levels has been made to date during Fiscal Year 65 at Reese as another contribution in the Cost Reduction Program.

Due-out cancellations included \$15,400 for depot secured items and \$5,300 in locally purchased items.

Each unit was asked to review due-outs and present needs, with the view of cancelling items no longer needed which had been were not received. Each cancelled order in the past and which order was more than 60 days old.

The savings were in "cost avoidance" in that each item was a valid due-out to the organization established against a previously submitted requirement, the item was on requisition and represented a requirements' cost, management screening avoided item cost, man-

hour expense was saved and a one-time cost avoidance savings was effected. These actions were in keeping with the ATC Clear Deck Management Review of Due-Outs.

The \$36,700 reduction in stock control levels was brought about by an intensive management review by the Base Supply Office of all stock control levels maintained at Reese. Only such levels as were thought to be needed for recurring demands were kept.

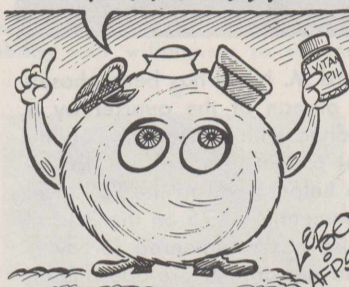

Commercial Sea Travel Curtailed

WASHINGTON (AFNS) — The Air Force does not anticipate use of commercial sea transportation for dependents after June 30 except to areas not served by Military Seat Transportation Service (MSTS) vessels.

Instead, maximum use of air transportation is planned for all Air Force-sponsored dependents to, from and between overseas locations beginning in Fiscal Year 1966, an all major air command message said.

PHO. PO 2-1380

'TOPS'—Airman second class Edward M. Nicks has been chosen as base fuels supply outstanding airman of the quarter by a board of four NCOs. He was credited with outstanding ability to grasp job knowledge, devotion to duty and efforts to improve himself, advancing from the helper level to the "5" level in eight months, and attaining a percentile of 75 on the 3 level SKT and 65 on the 5 level. He also has volunteered for overtime work when necessary. Here he performs a pre-operational quality assurance check of a nozzle strainer on a JP-4 fuel truck under direction of his immediate supervisor, SSgt. Simon Hernandez, base fuel supply line coordinator.

Family Services Volunteers To Receive Awards For Duty

Four Family Services awards for volunteers at Reese have been approved by the Family Services Advisory Council. They will go to the volunteer after 35 hours of service, to the office worker of the month, to the volunteer of the quarter and to the volunteer of the year.

Under the program, the volunteer will receive a pin when she starts work and is to be presented with a uniform on completion of 35 working hours.

The office worker of the month is to receive a letter of appreciation for demonstration of a sense of responsibility, a good attitude toward Family Services work, prompt and conscientious. Presentation will be a quarterly coffee. Board members are not eligible.

The volunteer of the quarter is to be awarded a round silver disc, charm size and suitably engraved, and the runner-up will be given a letter of meritorious service. Presentation will be the quarterly coffee. Eligibles will have worked 15 hours during the quarter, been active in Family Services three years or more, show enthusiasm, have responsibility and be a consistently good worker.

The volunteer of the year will be awarded a circular silver tray, suitably engraved, and the runner-up will get a certificate of meritorious service. Workers to qualify must have 50 hours of volunteer duty during the year, been active six of the 12 months, have attended an orientation course and have shown enthusiasm or attained special achievement in Family Services.

Names of all winners will be posted in the Family Services Center.

School Lunches

Menus planned for next week at the Reese Elementary School are:

TUESDAY — Roast, mashed potatoes, green peas, hot bread, sheet cake, milk.

WEDNESDAY — Meat balls, spaghetti, sweet potatoes, toss salad, hot bread, cup cakes, milk.

THURSDAY — Fried chicken, mashed potatoes, green beans, hot bread, fruit pie, milk.

FRIDAY — Tuna casserole, cheese slices, spinach, Spanish tomatoes, hot bread, rice, cookies, milk.

PRIMARY TRAINER

The T-37 used at Reese and elsewhere in the UPT program is a primary trainer which flies in excess of 400 m.p.h. and has a ceiling of 35,000 feet.

Secretary, Hospital Patient, Gets Award

(ATCPS) — Mrs. Elizabeth J. Burke has proved that profitable participation in the military-civilian incentive awards program need not necessarily be confined to one's own work area.

Now employed as a secretary at the Office of Information, Headquarters Air Training Command, Mrs. Burke received a \$50 check from the Sheppard AFB, Tex., incentive awards committee for a suggestion she made as an outpatient at USAF Hospital Sheppard.

BOWLING ACTIVITIES—Scouts from four counties who participated in the Explorer Scout rendezvous at Reese Air Force Base, Saturday, took part in a junior olympics. Among the sporting activities were volleyball, tennis, bowling and track and field events.

Barbara Boddie Wins Scholarship

Barbara Jane Boddie, daughter of Maj. and Mrs. Robert Boddie,

has been awarded an academic scholarship at Louisiana Polytechnic Institute at Ruston, La. She is receiving \$300 each semester and will continue to receive this amount each semester until graduation if her grades remain at, or above a "B" average.

Fifty-Three Majors Given Higher Rank

(ATCPS) — Fifty-three Air Training Command majors have been named for temporary promotion to lieutenant colonel.

Thirty-six of the officers assumed new grade April 15, and the remaining 17 will be advanced as vacancies permit. At Reese AFB, Maj. Howard P. Mann advanced April 15; Maj. Raymond A. Sofaly will advance in July.

Miss Boddie is a junior in chemical engineering at Louisiana Tech, the school from which her father, Maj. Robert B. Boddie, accounting and finance officer, graduated from in 1936.

Make-shift repairs are dangerous. Leave electrical work to electricians.

Area Explorers Spend Saturday As Reese Guests

Young men wearing green uniforms invaded Reese last Saturday.

Three hundred Explorer scouts from four counties spent a sunny day at Reese as they participated in various sporting events against each other and took a ride in C119 transport aircraft.

The annual Explorer Scout Olympics started at 9 a.m. with Col. Dudley E. Faver, Reese wing commander, welcoming the group. The events, including bowling, basketball, volleyball, tennis, and track competition, completed the day-light hours for the scouts.

The scouts, dividing in teams for the special events, took a 45-minute ride in C-119 aircraft over Lubbock and the surrounding area. Two C-119's were flown from Kelly Air Force Base, San Antonio, especially for the young men in green.

After a long day, the scouts ended their visit to Reese for another year by attending an evening dance in the Reese Youth Center, with an orchestra providing music for dancing. Lubbock Girl Scouts, in uniform, attended the evening event.

Members of the Reese Senior Youth Club and members of Post 548, Explorer Scouts of Reese, acted as guides during the day. Project officer for the rendezvous was 1st Lt. James Wortman, Explorer Scout officer at Reese.

Illustrator Receives Recognition For Aiding Commander In Briefings

Carlos M. Jordan, illustrator in the deputy commander for training organization, has been awarded an outstanding performance rating and sustained superior performance award for special services. He is receiving \$200 cash.

The award was based on demonstrated professional qualities and "outstanding creative ingenuity in producing noteworthy briefing aids."

Jordan was credited with creating modern, timely and visual presentations for briefings, especially in three recent occasions when "your dedication to duty, mission mindfulness and diligent efforts have enabled the Wing Command to be able to present timely and effective briefings to Air Training Command Headquarters."

Recognition also was given to the fact that Jordan contributed an article to the ATC "Instructor's Journal" on preparation of color slides. Credit also was given for Jordan's painting of 1st Lt. Augustus F. Reese Jr., for whom the base was named, which hangs in the reception area of wing headquarters. Contributions of material for posters, signs and other aids for Operation Homesafe were considered.

"These special acts are a direct result of your professional ability and willingness to expend

Section At Keesler Records Big Saving

(ATCPS) — Keesler's Redistribution and Marketing section has been credited with saving the Air Force and the American taxpayers \$172,089 during the first half of fiscal year 1965.

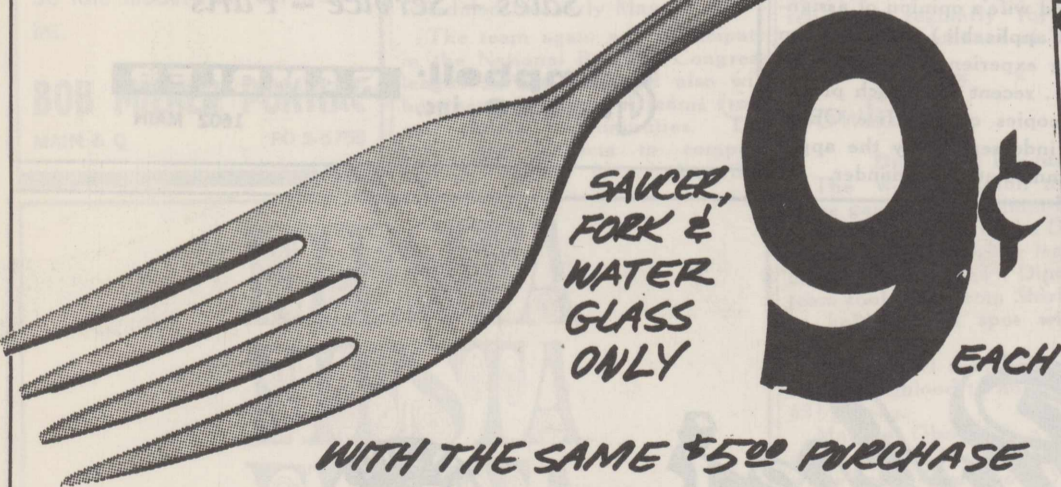

This savings — approximately 45 per cent of the Cost Reduction Program goal of \$375,000 set for the section — resulted in the redistribution of excess equipment and supplies primarily from one section on base to another.

The section also expects to save an estimated \$177,301 in the third quarter of FY 65 which includes January-March.

Reese Hosting Celebration

Armed Forces Day on the South Plains will be observed again this year at Reese, with open house from 12 to 4 p.m. on May 8. "Power for Peace" is the slogan used annually since 1950.

Various displays and other activities are being planned for the public's interest. All branches of the military will be represented at Reese Armed Forces Day.

A Reese committee, working with the Lubbock Chamber of Commerce, is arranging the day's program. Confirmation of requests for a variety of aircraft and other equipment for ground display have already been received, with more expected. Project officer is Lt. Col. Alvin J. Collins.

New Greens Fees Go Into Effect

New green fees are in effect at the Reese golf course.

Single airmen may play for \$1 a day, \$2 month or for \$10 in semi-annual fees. Family airmen also have the \$1 daily rate, with \$3 a month or \$15 semi-annually. Single officers and NCOs will pay \$1 daily, with \$4 a month or \$20 semi-annually set. Family officers and airmen are charged \$1 daily, \$5 a month or \$20 semi-annually.

Civilians are charged \$2 weekdays and \$2.50 on weekends when accompanied by military personnel. Electric carts are \$2 for nine holes and pull carts 35 cents for 18 holes.

First Lt. Joseph C. Maratta Jr., chief, personnel services branch, announced that the vacuum at the auto hobby shop can be used without any charge. The car wash does not include use of the vacuum in the "package deal," but is free to everyone on a first come-first served basis. When two vacuums are in use, one will be at the car wash rack, the other reserved for general use, the lieutenant said.

Youth Recreation Leader Selected

MSgt. Elmer C. Martin, chief of career motivation and reserve personnel at Reese, has begun new duties as Youth Center Recreation leader during his off-duty hours.

The sergeant, at Reese since July, 1964, is from Albany, N.Y., and has had considerable experience in youth activities. He has five children, 3, 6, 9, 13 and 16 years of age.

Monday Deadline Set For Contest

Entries in the annual arts and crafts contest are due at Mathis Service Club no later than Monday, club directors stated Thursday.

Paintings must be framed. Sculpture entries will be placed in a display, near the paintings.

Winning entries at Reese will be forwarded to Air Training Command to compete against work of other command bases.

College GED Test Ends On June 30

Reese personnel were reminded this week that the USAFI college level GED tests will not be available after June 30 and no tests or re-tests will be given after that date.

The USAFI college level GED tests will be completely withdrawn and will not be available for individual tests, re-tests or for completion of the partial battery. A new general examinations battery of comprehensive college tests will go into effect July 1.

Complete information on the tests may be obtained from the Reese education officer.

Golf Course Starts New Summer Hours

Effective last Saturday, the Reese golf course went on summer hours — from 8 a.m. until dark on weekdays and 7 a.m. to dark on Saturday, Sunday and holidays. The course will be closed Mondays.

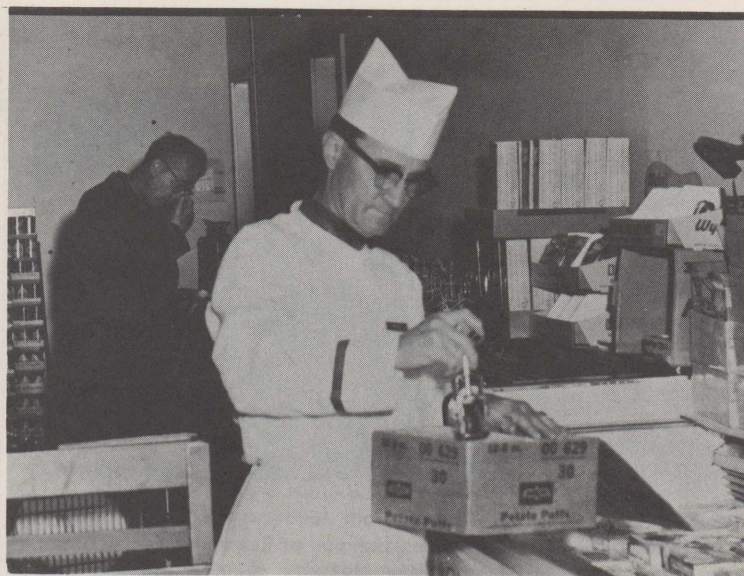

Reservations for Saturday and Sunday tee-offs or starting times will be taken after 9 a.m. on Thursday. Players must have at least a threesome to reserve a starting time.

"HEY, MOMMY, COME OVER HERE" — Little David Harrass, son of 1st Lt. and Mrs. James Harrass, knows what he wants, as he parks at the baby food area of the commissary.

"HMMM, LOOK WHAT I FOUND" — It looks like Scotty Helton's mother may find something in her shopping cart that wasn't intended. Capt. and Mrs. B. J. Helton shop regularly at the commissary.

"FROZEN" IS THE WORD — With so much use of frozen foods today, Raymond Krcha, civilian employee at the base commissary, finds himself busy replenishing the freezers. The commissary has installed a brand new freezing unit to help meet the growing demand for frozen foods.

"The United States has more than 850 land-based intercontinental ballistic missiles, more than 300 nuclear-armed missiles in Polaris submarines, more than 900 strategic bombers, half of them ready to be airborne within 15 minutes."—President Johnson

Leader, Wingmen, Narrator Sought

NELLIS AFB, Nev. — Applications will be accepted from May 1 to Aug. 31 for a demonstration flight leader, two demonstration pilots and a narrator to fill projected vacancies in the ranks of the USAF Thunderbirds.

Selections will be made by Nov. 15 with a reporting date of Jan. 1, 1966 for a 26-month tour. The demonstration flight leader must be in the grade of major with over 2,500 hours total flying time of which 2,000 hours must be single-engine or jet fighter time.

Demonstration pilots must be company grade officer with total active federal commission service date later than Dec. 31, 1956. Fighter experience and over 1,000 hours jet time are prerequisites.

The narrator qualifications are

the same as for demonstration pilot positions except that he should have a public relations background with emphasis on public speaking.

Applications should be forwarded through channels with an information copy directly to the Commander, 4520th ADS, Thunderbirds, Nellis AFB, Nevada. It should include a statement expressing his desire and reason for applying, a resume of civilian educational background, marital status and wife's opinion of assignment (if applicable), a breakdown of flying experience, copy of AF Form 11, recent 8x10 inch photograph, copies of last five OERs, and an indorsement by the applicant's immediate commander.

Trophy Winners In Cotton Bowl Receive Awards

Twenty-four trophies were presented to members of the Reese mixed couples bowling league at the banquet terminating play last Saturday night in the NCO open mess.

Trophies included: R. L. and Sue Anderson and Chuck and Barbara Perryman, "8" Balls, first place; Ben and Juanita Hembree and Mike and Nina Dina, second place team; Chuck Perryman, 179 high average; Ethel Bouley, 139, high women's average; Mike Dina, 634, high series scratch; Virginia Hibbler, 529, high woman series scratch; R. L. Anderson, 642, high series handicap; Marlene Morton, 623, high woman series handicap;

Perry, 241, high game scratch; Lucille Hanel, 195, high woman game scratch; Ben Hembree, 239, high game handicap; Gini Hogberg, 232, high woman game handicap; Fred Hibbler, most improved average, plus 11; and Brenda Moeller, most improved woman average, plus 18.

Earlier in the season Jim Moeller received an American Bowling Congress patch for a triplicate score.

Gift certificates went to Juanita Hembree, Nancy Michalkiewicz, Fred Hibbler and Bob Corbett.

Presenting awards were Dina, president; Barbara Perryman, secretary; and Paul McMullen, vice president.

WINNERS—SSgt. Dennis C. Perryman receives a trophy for the top average, 179, in the Cotton Bowl bowling league. Making the presentation is Barbara Perryman, left, secretary-treasurer of the league. Mrs. Ethel Bouley, right center, receives the trophy for the top average for women, 139, with presentation by Michael Dina, club president.

BASKETEERS—The Reese Jets, composed of fourth, fifth and sixth graders, finished fourth in the Lubbock City Church League basketball competition last weekend. Donnie Hughes led scorers. The team includes, left to right: Front row: George Roberts, Dean Roberts, Donnie Hughes, Mike McCoy, Tommy English and Kenny Curry. Standing: Manager Ronnie Hughes, Coach Terry Laymon, Gary Wakefield, Rocky Kumpf and Larry Grady.

Aspirants Show Major Progress

With three weeks of practice under their belts, the remaining aspirants for positions on the Reese baseball team have shown major improvements in their skill and physical conditioning. 1st Lt. Jim Liller, coach, stated yesterday.

"The turn-out for practice this year is a great improvement over last year and as a whole the quality of those participating is pleasing," he commented.

Coaches Liller and John Kreideweis stated that the squad will consist of 22 players, who will be ready for the first game which is scheduled for early May.

The team again will participate in the National Baseball Congress league in Lubbock and also will host semi-professional teams from surrounding communities. The team also expects to compete against teams from Amarillo,

Sheppard, Cannon and Goodfellow AFBs.

Armed Forces Day will highlight the grand opening of the new baseball diamond at Reese, with the Texas Tech freshmen as opponents. Coaches Liller and Kreideweis are hopeful Col. Dudley E. Faver, wing commander, will toss out the first ball to officially open the field.

Positions are still open to anyone on the Reese team. Players who are interested should call Lieutenant Liller, Ext. 758, or Lieutenant Kreideweis, Ext. 657 or 613, without delay. Aspirants reporting regularly for practice have a better chance of "making" the team.

Bowling

Dust Bowl League
The West-Hampton team won three games from Grimm-Boudreau to hold first place in the Dust Bowl mixed couples bowling league with 83½ wins. The Dina-Reiswig team took four from Shirley-Smith to hold second spot with 66½ wins.

Gray-Crowl split with DesLauriers-Youngblood to hold third with 63½ wins.

Marilyn Olson hit a 192 high game and 551 series for women, while John West had a 596 series and Arnie Reiswig a 213 game to lead men.

Cotton Pickin' League
Smith and Price were in first place in the Cotton Pickin' bowling league this week with 33 wins, 15 losses. High team for the week was Simobli and Roller with a 1,772 total.

Dick Boudreau hit a 215 high game for men and Ruby Smith hit a 182 for women. Ruby Smith also had a 509 series and Ken Smith a 498 series.

Intramural League
Trophies will be presented at 8 p.m. Thursday in the Reese Lanes to winners in the Reese Intramural bowling league.

TRYOUTS SET
Tryouts for the base tennis team are scheduled at the base tennis court next to the gym Tuesday at 4:30 p.m.

Air Training Command conducts flying training at 12 bases.

Squadron Judo Men Win ATC Victories

Pilots and students of the 3500th Pilot Training Squadron this week didn't push around three members of the squadron who proved top judo men in recent Air Training Command competition.

Stead won the ATC tourney, but Reese judo men came back with second place and \$200 cash

to be used in the recreational program.

Three '00th students went to the ATC finals. Second place in the 180-pound class was taken by 2nd Lt. Truman Young; sixth place in the same class was won by 2nd Lt. Michael Holcomb; first place in the 200-pound class was won by 1st Lt. Bruce Greene.

FIRST PLACE VOCAL GROUP—The Impressions Plus One, first place winners in the vocal group category in the Reese Talent Show, will travel to Randolph Air Force Base April 26 to compete in the ATC level contest. They are Joseph Brown, Joe Marable, Lester Billups and Tom Brewster. All first place winners in last Tuesday's "Showtime USAF" will compete at the ATC level representing Reese.

Prosecutor Basic Training Airman

HQ. ATC, — Being in charge of a mop detail is not an unusual task for a basic trainee. But to Airmen Basic Samuel J. Heyman, who immediately prior to basic training was successfully prosecuting gamblers, it is unusual. Heyman is an assistant United States attorney charged with prosecuting criminal cases for the government in the district of Connecticut. He is a Phi Beta Kappa from Yale University and an honor graduate from Harvard Law School. He is presently taking basic training in the 3710th Basic Military Training Sq., Lackland AFB.

On reflecting why he joined the reserves, Airman Heyman said his main reason was because there was an opening in the legal section of his Air National Guard unit.

"Many of the problems faced by lawyers in the Air Force are life. So, the chance to use my legal background in the Air Force gives me an opportunity to broad-

en my legal experience, while at the same time fulfilling my military obligation."

Open the door to greater understanding. Reading is the key, with books from your library.

Military Payroll Records May Be Returned To Reese

Check-writing equipment for Reese will be returned by July 1 and military and civilian pay records may be returned here by early next year, Reese officials said this week.

Military pay is being handled at Amarillo AFB, which is being closed, and equipment and records will be moved to Reese or Webb AFB, it was said. The shift will be made sometime in the fall or early in 1966.

Return of the check-writing machine here in July will permit travel pay to be made by check and Reese to handle some of its other financial transactions now handled by the Amarillo office.

Civilian pay has been handled at Sheppard AFB for many months and it is to be returned here by February 1.

Complete details of all accounting and finance moves have not been worked out but progress is expected at frequent conferences in Air Training Command headquarters, with officers from each base involved attending. Representing Reese is Lt. Col. John M. Schmidt, wing comptroller.

The return of payroll facilities to Reese would add about 60 personnel to the comptroller division.

Shifting pay duties of the Amarillo office to Reese or Webb is expected to be accomplished with little or no difficulty and with no change in the schedule of check issuing, it was said.

Standardized RSUs Installed By ATC

(ATCPS) — A standardized transportable control tower, designed by Air Training Command for controlling and monitoring student pilot flights, has been developed for installation at pilot training bases.

Called Run way Supervisory Units (RSUs), the first of the compact 9x13-foot units was set up at Reese AFB and is being installed at each pilot training base in the command. This is the first time that a unit of this type has been standardized for Air Force-wide use.

At the Movies

SUNDAY — "A Gathering of Eagles," Rock Hudson, family.

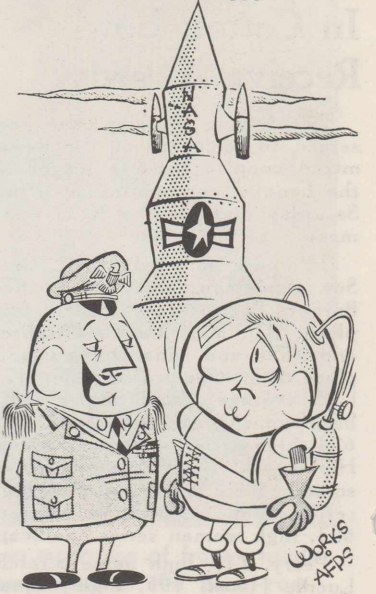

TUESDAY — "Clarence, the Cross-Eyed Lion," Marshall Thompson, family.

WEDNESDAY — "The Naked Brigade," Shirley Eaton, mature.

THURSDAY — "Quo Vadis," Robert Taylor, family.

It's easier to prevent than to extinguish fire.

BILLET PROOF...

"YOU CAN'T MISS IT, SON! IT'S THE ONE THAT HAS CRATERS AND LIGHTS UP AT NIGHT ..."

SUPPORTERS COMMENDED

WASHINGTON (AFNS) — The 14,000-man Department of Defense task force that supported the nation's first two-man space flight from vantage points around the world has received a "well done" from the National Aeronautics and Space Administration.
