What Citizens Are Saying:

"I perfer the United Fund Plan, first because it is the most practical way, the plan practiced generally throughout the nation. It costs the contributor no more than to give to various organizations.

"The United Fund Plan will elimnate days and weeks of meeting, planning and soliciting for each separate organization. This plan h bas been studied, and I believe it is worthy of your support.

If, for any reason, it is not convenient for you to pay all you wish at one time, you can arrange to pay on a monthly or quarterly ba-sis. It is our obligation to back our United Committee in raising funds for this worthy organization." — Courtney Hunt, former State Representative and ex-Mayof Haskell.

Prices importantly reduced on *all* Mercury models! Popular Monterey* now *13650 lower. Now you can own a new Mercury for a very few cents a day more than a car with a low-price name.

> ★ Comparison based on manufacturer's suggested delivered price for a Monterey 2-door sedan, 1960 v. 1959. Includes Federal excise tax and suggested dealer preparation and handling charges.

You'll be glad you bought a Mercury every time . . .

Why pay a medium-range price for a car with a low-price name? For this year, Mercury is in a new lower-price range. You'll be glad you didn't settle for less . . .

. . . every time you look at its Sleek-Line styling.

Every line is clean; trim. All excess metal has been pared away, shaped smooth. There's no unnecessary bulk. Just elegant simplicity.

. . . every time you feel its exclusive Road-Tuned ride.

Mercury's Road-Tuned wheels (see left) take bounce out of bumps. This ability of each wheel to "roll with the punch" is one of the most important ride advances in years . . . another reason why you'll be glad you bought Mercury...

... every time someone sits in the middle. There's real comfort for 6 people, not just 4. Full head room, hip room, foot room for all.

. . . every time you see other new cars. You'll discover that Mercury has the freshest styling-no warmed-over '59 design as in many so-called 1960 cars. You'll find that Mercury has the newest features_de luxe interiors on even the lowest-priced model, at no extra cost. And you'll appreciate the extra quality-the kind that cuts repair bills. For Mercury is the bestbuilt car in America today. Don't miss the first showing. MERCURY DIVISION Ford Notor Company

New Officers Are Named for Little League

Plans for next season were discussed and new officers elected for Haskell Little League baseball program at a meeting held Monday evening, Oct. 12, in the community room of the Haskell National Bank.

New officers are: President, Roy Wiseman; vice president. W. M. (Dude) Mercer; secretary-treasurer, Desmond Dulaney; player agent, Buck Everett.

The Little League enjoyed a highly successful season during the past spring and summer through the concerted efforts of the outgoing officers, Wal-lace Stark, Ed Smart, Fred Gilliam, Josselet, team managers and all the fans who who came and enjoyed seeing Haskell's young boys play

It was brought out at the meeting that through a misunderstanding the Little League was not included in the local United Fund drive, but all citizens of Haskell who are interested in seeing the Little League continue, are urged to remember this program, the purpose of which is to build and develop our own local boys into useful citizens.

> Housewives are very color conscious when it comes to buying chickens. Skin color of broilers was either the first or second consideration of nearly half the supermarket shoppers interviewed in a study conducted in Houston by the Texas Agricultural Experiment Station. A bird with yellow-colored skin was preferred by about the same number of shoppers as a light colored one.

"Cracker Craze" Days" Featured By Grocers

Food shoppers throughout the state are discovering that it's Cracker Craze Days as their grocers usher in the fall season with suggestions to their customers to enjoy Supreme Salad Wafers more often . . . more ways.

According to Herchel Mc-Glothin, district sales manager in Abilene for Supreme Bakers, Bowman Biscuit Co., whose Supreme products are marketed throughout this territory, the Cracker Craze Days promotion is expected to stimulate the growing trend toward making fresh, crisp crackers a part of every meal. "We find an increasing demand for our thin saltine crackers." he said. "as homemakers endeavor to make the change-over to fall meals both appetizing and economical."

Displays and graphic illustrations in many food store departments are introducing a variety of new ideas for fall menus planned around Supreme Salad Wafers. Family shoppers, always on the lookout for unusual dishes to appease the varied family appetites, are receptive to the many casserrole suggestions as well as the serve-out-of-the-box ideas, and are responding to Cracker Craze Days with unusual en-

ANNOUNCING THE NEW PLYMOUTH!

SOLID FOR '60! AT YOUR DEALER'S TOMORROW!

BUILT A NEW SOLID WAY TO GIVE YOU SOLID SATISFACTION

CHRYSLER ENGINEERING INTRODUCES A NEW KIND OF PLYMOUTH THAT MARKS A MAJOR BREAKTHROUGH IN CAR DESIGN. BODY AND FRAME UNIT ARE WELDED TOGETHER AS ONE, IN A NEW WAY. MANY PARTS THAT WORK LOOSE, RATTLE AND NEED FIXING IN ORDINARY CARS ARE ELIMINATED. THIS LOW-PRICE '60 PLYMOUTH IS STRONGER AND ROOMIER. IT USES LESS GAS THAN BEFORE. IT RIDES MORE COMFORTABLY, WE BELIEVE, THAN ANY OTHER CAR IN ITS CLASS.

PLYMOUTH'S NEW DURA-QUIET UNIBODY is a rigidly-formed structure, locked by approximately 5400 precise welds. It has no conventional body bolts, braces, struts or stays to give trouble. Road noises and road shocks are dampened. Even the sound of the wind is hushed.

We doubt if any car at any price has ever ridden or handled as well as this new low-price automobile. Practical Stabilizer Design, incorporating rear stabilizer fins, adds stability on the road, cuts wind resistance, gives better gas mileage.

The new Solid Plymouth is a young, exciting car with ten full years of Chrysler Corporation development behind it. It will suit you particularly if you want a feeling of quality and a sense of craftsmanship. It is built carefully and precisely. We believe there is no other car in the low-price field that resembles it.

AN ALL-NEW INCLINED OVER-HEAD VALVE "6" IS AMONG FIVE PLYMOUTH ENGINE OPTIONS FOR 1960. The first inclined engine ever in an American passenger car is the new Plymouth 30-D Economy Six, most powerful "6" in America. Very economical, it is inclined to make servicing simpler, to lower the car's center of gravity and to make handling and riding easier. Also for 1960: the limited-production SonoRamic Commando V-8*.

SOLID PLYMOUTH 1960 OFFERS FEATURES NO OTHER CAR IN ITS CLASS CAN OFFER. Custom-Positioned Front Seat. Safe-T-Matic doorlocking system*. RCA "45" Record Player*. And many more.

Mercury for 1960 is both distinctive and functionally clean in design. The car's soft, smooth ride is the result of the blending of body, frame, suspension, engine and transmission into a completely road-tuned car. Two-barrel carburetors increase economy of the low-friction V-8 engines. Two of the engines offer added economy by using regular gasoline. Mercury's spacious interiors with lowered transmission and driveshaft tunnel afford comfort for six passengers. Thirteen models in four series, all on 126-inch wheelbase, are available. Pictured is the Montclair four-door cruiser (hardtop).

Austin also stated that every most instances the Social Security records become final and not open to adjustment after three years, three months and fifteen days from the end of the taxable year for which the earnings were reported There is another point to be considered too, the sooner the error is found, the easier it can be corrected. This applies to everyone whether he is working in his own business or for someone else as an em-

ployee. Austin says that the manne of checking a particular record is simple. Just ask your social security office for postcard 7004, fill in the blanks and drop it in the mail box. The form is a self addressed post card. In about two weeks you will receive a statement showing the total earnings credited to your social security account. It will also show a yearly breakdown of your credited earnings for each of the past three full calendar years. If, after receiving this statement, an error is noticed, get in touch with your social security representative. He will be glad to help you

CHRYSLER 1960

The car of your life for the time of your life!

There have never been so many new advances . : . in any single year : : as there are in the new Chrysler for 1960.

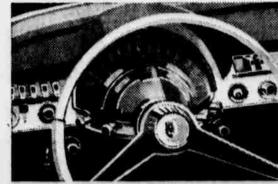

New Ideas in Styling. Bold, strong grille. Graceful rear deck. Clean lines sheathed in Lustre-Bond . . . the hardest automotive finish known.

New Ideas in Convenience. Chrysler offers automatic Swivel Seats . . . pushbutton controls. Three-dimensional AstraDome houses instruments.

New Ideas in Comfort. The driver's seat has been raised . . . padded with extra foam rubber. There's more leg, knee, hip and head room.

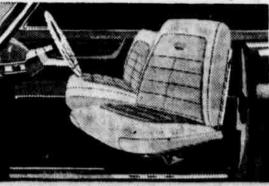

New Ideas in Reliability. Body and frame are built as a single, rattle-free Unibody. Stronger, quieter, roomier A new dipping process locks rust out of vital areas.

Get touching close to this new Chrysler soon. Compare its fresh beauty with other cars. See how Chrysler has actually built in more room while other cars continue to be cramped. Then take it out on the road and have the time of your life! *

New AstraDome Control Center. Three-dimensional dome projects instruments toward the driver . . . makes them easy to read. At night, new Panelescent lighting gives reflection-free illumination.

This is Chrysler's greatest

This new Swivel Seat is Automatic. Open the door and the seat swings out to greet you automatically! When you leave the car it automatically swings inside. Chrysler's High-Tower seat adds driver comfort.

Support The United Fund

During the coming week, starting on Oct. 21, every citizen of Haskell will have the opportunity of placing their giving to charitable and humanitarian agencies on a systematic basis.

On that date will be launched the initial drive of the Haskell United Fund to raise a budget of \$11,070 to meet the needs of 10 approved agencies in 1960. This total represents the aggregate amounts raised each year, as near as could be determined, for the causes and programs included in the United Fund.

Purpose of the United Fund is to consolidate into one concerted drive, the fund-raising activities which heretofore have been carried out on a sporadic basis, sometimes overlapping, and generally placing an undue burden on both the giver and the volunteer workers needed in the various campaigns.

Much planning and study has gone into the organization of the United Fund, with civic leaders and heads of all local clubs and service groups working together in perfecting the of the Athenan Club, campus Ion Smith, is visiting in this

All money given through the United Fund will go to the approved agencies in the amounts set out in the 1960 budget. In addition, 10 per cent of the 1960 budget will be held in reserve to Seymour this week, visiting in meet any miscellaneous need that might arise. However, this the home of her sister, Mrs. sum will remain intact unless needed and any surplus will be available for inclusion in the following year's budget,

The United Fund will have no paid workers, with the possible exception of a negligible sum for helpers in preparing for mailing letters sent out in connection with the opening of the campaign. All other work in administering United Fund activities will be done on a voluntary basis by officers and directors of the organization.

The Bible and You

It is possible that Nikita Khrushchev has heard of Horace Greeley. We hope that Mr. Krushchev is also aware of a bit of Mr. Greeley's philosophy: "It is impossible to mentally or socially enslave a Bible-reading people. The principles of the Bible are indwork of human freedom."

The nineteenth annual observance of National Bible bers: Horace Ivey, Alvin Bland, buggy horse broke loose from Week will be from October 19 to 25, 1959. The theme for the Buster Therwhanger. Tommy his hitching post last Sunday Week will be, "The Bible and You."

H. E. Humphreys Jr., chairman of the Board, United States Rubber Company, is the national chairman for this year's Bible Week observance. In his statement on the Week, Mr. el, F. K. Rose, Floyd Lusk, Henrietta and proceeded to Humphreys said, "There is no better guide, no better set of principles or source of inner strength than the Holy Bible. It is the answer for us as individuals, as a society, and as a world searching for the truth."

National Bible Week is sponsored by the Laymen's National Committee, Inc., of New York, an interfaith organization founded in 1940 to reawaken religious thought, to conduct a campaign of Bible reading and study, and to encourage church attendance.

Don't Be Naive

Taxpayers got another jolt with the one-cent increase in the Federal gas tax for "the next 21 months."

If anyone is naive enough to think this "emergency" tax will be dropped at the end of "21 months" he is undoubtedly due for a sad awakening. "War emergency" transportation and other taxes have now been in effect for some 15 years,

At the end of 21 months the plea will probably be to add the revenue from the one-cent gas tax hike to the general fund instead of dropping it. Already a large portion of the existing 3c gas tax and certain automobile-related tax revenues go into the Couch. Treasury, instead of on the roads as was intended

If Congress had worked half as hard trying to stay within the Federal income as it did in trying to find new ways to spend money and increase taxes, it could have made headway in bal- M. Conner, ancing the budget and saving the value of the dollar.

Winter Cover

"For the Lands Sake Keep It plan to do, according to Hinds A. McGowen Jr. SCS techincian of Haskell.

It is true that most fields over the county do not have sufficient moisture where a winter legume such as Austrion Winter Peas or Vetch is to be planted following grain sor-ghum. However there will be hundreds of acres dry sown in small grain. So why not take a chance with a winter legume crop. The chances for success with a winter legume crop this year will be far greater by dry planting than waiting for a rain. Then the crop will have a chance to make good growth before frost and provide adequate cover during the

winter months. Cover crops of oats, rye or barley planted on the sandier natured soils in the county the soil from damaging winds and hard rains but will catch and hold the winter snows. To obtain the maximum benefits from a cover crop do not graze or harvest the grain. Soil that is left bare will be heavily Don't let your soil end up on the fence row or the neighbor's farm, keep it for future
