

Rolling Spasmodic Wheat Harvest

Cut-as-you-can wheat harvest continued this week as local showers falling over the territory evenings and nights added delays to a stubbornly ripening wheat crop.

Rain and hail Thursday of last week left a path of destruction. Damage ranged from negligent amounts to almost total losses. The estimated damage of the seeded acreage in the county has been from 5 to 10%.

Thunder showers Wednesday night and early Thursday morning added additional delays.

Most ripe fields were expected to be ready for cutting by this afternoon.

An ample number of men and machines have been standing by to take care of the fields as rapidly as operations can be started.

Fields of irrigated wheat still have patches of green wheat.

Rain, hail and tornadoes have caused considerable damage with Hansford County reporting a loss of 35 percent. Ochiltree and Moore Counties estimate losses range from 5 to 10 percent.

Wheat harvest over the most of the territory had reached its peak for the season Wednesday afternoon. Wet fields in the southeast part of the county were still delaying harvest operations.

Hail And Rain Take Toll Of County Wheat

Damage in varying degrees has been reported over the territory during the week as local showers accompanied by hail have fallen.

The greatest damage was reported Thursday evening of last week. Hail fell over much of the territory. Chunks of ice 8 inches in circumference were found near the James Cameron home.

Fields in the path of the storm were reported to have been damaged from 20 to 100% during the downpour.

Windshields were broken in the Ross Wells and Jack Dettle pickups, in the C. W. Wells station wagon and car, in the J. W. Smith truck and the F. D. Branman car during the hail storm.

Iridescent necklaces and short sleeves and were repeated in the trimmings of the empire jacket. The lace sleeves of the jacket ended in petal points over the wrists. A double fold of taffeta accentuated the empire line of the jacket and pointed up the tiny button closing at the back. Her finger-tip veil of illusion was attached to a pill-box crown of sequins and pearls. To complete her ensemble the bride carried a bouquet of lilies of the valley showered with stephanotis.

Miss Betty Patton, of Russellville, Alabama was maid of honor and Miss Lana Tomason of Cherokee, Alabama was the bridesmaid. They wore identical sheath dresses of light blue lace and carried multicolored nosegays of tiny pom-poms.

Louis Frank James

Louis Frank James Will Speak To Junior Hereford Association

Louis Frank James will be the principal speaker at the meeting of the Panhandle Texas Junior Hereford Association to be held in the Herring Hotel in Amarillo Saturday.

James is the 15-year old son of Mr. and Mrs. Newton James of Kerrick. As a freshman in the Stratford school this year, he won the FFA Green Hand Farmer award.

The talk he will deliver at the association meeting Saturday follows:

MY FUTURE WITH HEREFORDS

Henry Clay, one of our great Americans of the eighteenth century, was born in the hill country of Virginia. He served our great country during a period in which there were great areas of disagreement between the leaders of the nation. Because of his constant efforts to reconcile conflicting interests, he became known as the "Great compromiser." He did much to smooth the rocky path of history during the nineteenth century.

I am proud to say that there was one important decision made by Mr. Clay in which there was no hint of compromise. It was in 1817 when Mr. Clay made the following statement, and I quote, "My opinion is, that the herefords make better work cattle, are harder and, will, upon being fattened, take themselves to market better than any rival breed." At the time Mr. Clay made this statement, he was indeed a proud man, for he had just received the first shipment of herefords into the United States. This shipment of cattle from England was small in number, only two females and one bull, but the impact upon the cattle industry of America was truly great. Today, we find the hereford even more superior to their rival breeds and these areas of superiority are much more important than those mentioned by Mr. Clay in

Guthrie, Mrs. F. L. Yates and Mrs. Cone Donelson.

Baskin-Dean Nuptial Vows Read In Church Ceremony Saturday

MRS. WAYNE M. DEAN

Miss Carolee Baskin, daughter of R. L. Baskin and the late Mrs. Baskin of Stratford, and Wayne M. Dean, son of Mr. and Mrs. B. C. Dean of Canyon, exchanged wedding vows on June 9 in the sanctuary of the First Baptist Church in Stratford.

Rev. Olin Boles of Ft. Worth, relative of the bridegroom, read the double ring ceremony, as the couple stood before a large heart designed of leather leaf fern and Oregon greens which was flanked by wedding candelabra banked by Woodwardia, emerald greens and baskets of white gladioli and stock. Rev. M. E. Upchurch, pastor of the First Baptist Church assisted Rev. Boles with the ceremony.

At the rear of the sanctuary, cupids placed on pedestals and holding ice green candles indicated the bridal aisle. The family pews were marked with white satin bows.

Mrs. Martha Harrison, organist played traditional wedding selections and accompanied Bill Knighton of Canyon as he sang "Because" and "I Love You Truly".

Mrs. Bill Minkley of Lubbock attended the bride as matron-of-honor. Her dress of deep aqua organza was fashioned with a cowl neckline which draped into a deep vee in the back. The dress was sleeveless and the skirt was attractively made with a panel of pale aqua inserted in the back, with a harmonizing corsage at the waist.

Bridesmaids were Misses Kay Sybrandt of Johnston, Colorado and Martha Lamm of Krum, Texas, cousins of the bride. They wore dresses styled identically to that of the matron-of-honor with the colors reversed, the dresses being of pale aqua with darker aqua panels. The attendants accessories were identical halo hats of aqua organza, finished with flat bows of organza in the back, and aqua shoes. They carried nosegays of daisies.

Nathan Walker of Athens, Texas served as best man. Groomsmen were Bill Minkley of Lubbock and Ken Yager of Pampa. Ushers were J. A. Dunklin of Phillips, uncle of the bridegroom and Joe Ray Brown of Weatherford, Oklahoma, and not to be outdone, (Continued on page 4)

O.E.S. Installed New Officers Saturday

Open installation was held Saturday night in the Masonic Hall by Stratford Chapter No. 960 Order of the Eastern Star.

Mrs. Peggy Jackson was installed as Worthy Matron and Randolph McAdams as Worthy Patron.

The meeting was called to order by Arthur Judd, retiring Worthy Patron. The Lords Prayer, led by Arthur King, repeated in unison, was followed by the Pledge of Allegiance to the Flag and singing of the National Anthem.

The Bible was presented by Vickie Jackson, daughter of the Worthy Matron, and Rowena and Randolph McAdams, children of the Worthy Patron.

Mrs. Wanda Woolsey, retiring Worthy Matron, welcomed the members and guests, and introduced Mrs. Robbie Yates, Grand Examiner of the Grand Chapter of Texas, Order of the Eastern Star, and Master of Ceremonies for the evening. Mrs. Yates introduced the installing officer, Mrs. Lucille Phillips, who in turn introduced her assistants, Arthur King, assistant installing officer; Sallie McAdams, installing marshal; Kathleen King, installing chaplain; Maudie Flores, installing organist; and Amolee McMinn, secretary pro-tem.

A very impressive ceremony followed as Mrs. Jackson approached the East, escorted by her husband, Jimmie Jackson, as their daughter, Vickie, sang "To Each His Own."

As Mr. McAdams approached the East escorted by his wife, their twins, Rowena and Randolph, sang "Yes Sir, That's Our Daddy."

Other officers installed were Pauline Martin, associate matron; J. W. Smith, associate patron; Wanda Riffe, secretary; Marge Lowe, treasurer; Mildred Gore, conductress; Mabel Sweeney, associate conductress; Nina Judd, chaplain; Cleva Garrison, marshal; Ione Kendrick, organist; Mozele Tillery, Adah; June Lowe, Ruth; Jane Smith, Esther; Clara Morris, Martha; Jean McAdams, Electa; Della Drumgoole, warder; Ray Gore, sentinel.

After the address of the worthy matron and worthy patron, Vickie Jackson presented her mother with a beautiful gavel, made by Floyd Phillips of Petersburg from a tree in the yard of the worthy matron.

The closing ode, "An Evening Prayer", was sung, followed by the Mispah benediction.

Mrs. Wanda Woolsey and Arthur Judd signed the Bible at the altar and were presented past matron and past patron jewels by Dick Woolsey and Nina Judd. Nellie Ingham sang "Prayer is the Key to Heaven."

As a special tribute to the worthy matron a beautiful candlelight ceremony was given by Wanda Woolsey and Robbie Yates and the officers, closing with Nellie Ingham singing a parody of "When Irish Eyes are Smiling."

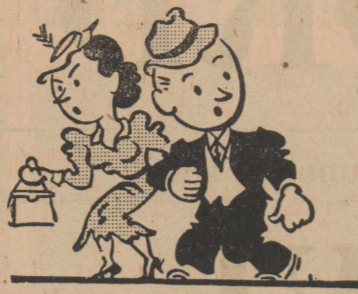

Following the meeting a reception was held. Refreshments were served from a beautifully appointed table. Mrs. Jean McAdams and Mrs. Mildred Gore presided at the punch bowls.

Mrs. Mary Lou Cotney and Mrs. Rowena Williams registered 75 members and guests.

Louis Frank

(Continued from Page 1)

or perhaps in order to get an early start into something I know to be a good thing, I too, have planted the seed which will produce my future with herefords.

I will have to give credit to one of my uncles for starting me into the hereford business, for you see, when I was born, he gave me a grade hereford heifer. Mother and dad cared for this gift and its off-spring until I was old enough to take over the chores myself. Since then I have taken the profits from my commercial cattle and reinvested it in hereford cattle. Today I own nine registered and 16 commercial hereford cows.

For me this is just the beginning, for I definitely plan to make herefords my future. It is my goal to build on the knowledge acquired by my father and forefathers, to keep pushing, culling the herds, and produce the kind of bulls that will be a definite credit to the hereford cattle world.

There are many lessons to be learned from history, and many decisions can be made simply by studying and understanding the events of the past. I feel however, that history alone has not caused me to decide to stake "my future with herefords."

By the year two thousand, the population of the United States will have grown to well over 200 million. Research people tell us that our present day population is consuming beef at the rate of 82 pounds per person per year, and this is due to increase. When we consider the tremendous increase in our population, plus the fact that each person will be eating more beef, it seems that the long range outlook for the cattle industry is good. Perhaps the day will come when it will be a challenge to the rancher to produce enough beef for the exploding population.

When one faces a challenge, he should arm himself with the best possible means of conquering the problem. In my opinion there is no better way to prepare for the future, than with herefords.

There are many facts that I could relate to you which have convinced me that herefords are superior to their rival herds. Time will allow only a few of these to be discussed.

It seems that adverse conditions and "cow country" are one

and the same. Herefords are the hardiest of all breeds and will do you a better job, regardless of the environment. The American National Cattleman's Association has proven that herefords produce seven more calves per cow during her lifetime. Texas A. & M. has produced evidence that herefords yield a higher percentage of the "high-priced" cuts of beef, and in the Cow Palace Show in San Francisco in 1961, a "Car-cass cut out value contest" was one of the highlights. Herefords placed first, second and third in the event.

Today, more than ever before, we hear discussions, and read articles about the "ideal" beef carcass. Just last month a group of impartial men discovered a carcass which met with the ideals that have been developed. The carcass was found at the Munford plant in Colorado. At the time the discovery was made, no one had any idea of what breed this animal might have been, but due to the complete records kept at the Munford plant, they were later able to determine that the carcass was that of a hereford steer.

If there is going to be more demand for beef in the future, it is my opinion we should give them the best, give them hereford beef.

There is much more to life, other than making money. One must be satisfied with the job he is doing, he must enjoy satisfying moments to remain happy. To me, the most rewarding experience in the cattle business, is the calving season when each day you check the herd and the new born. There's something about it that makes one know our good kind Heavenly Father is still on His throne and saying as He did when He first made animals, "This is good."

Because of the things I have told you here today, I have no fear in staking my future with herefords.

Molly Ann Davis

Molly Davis Is Honored With Shower

Miss Molly Ann Davis, bride-elect of Jerry Galloway, was honored with a prenuptial shower Tuesday afternoon from 4:00 to 6:00 in the home of Mrs. Kenneth Kendrick. Co-hostesses were Mrs. Roy Harris, Mrs. Emmett McBryde, Mrs. Bob Burgess, Mrs. Joe Brown, Mrs. Glenn Hart, Mrs. O. H. Ingham and Mrs. Cone Donelson.

The bride-elect's chosen colors of light blue and white were carried out in the decorations. The serving table was laid

with white net over white satin. A ball of greenery hung above the centerpiece fashioned as a fountain spraying light blue water over white gladioli and greenery. Blue candles burned in silver candelabra.

Dainty sandwiches and punch were served by Ann Burgess. LaRuth Kendrick presided at the bride-elect's book. She registered the guests and pinned small favors on each guest as they arrived.

cousin of the bride. Jeff Hart and Steve Baskin of Stratford, nephew and cousin of the bride, lighted the candles.

Corsages and boutonnieres for the organist, and male attendants and receptionists at the bride's table were of white carnations.

The bride, given in marriage by her father, was attired in a floor length gown of white taffeta and re-embroidered chantilly lace designed with a lace yoke, scalloped neck line and three quarter length sleeves. The waist featured a bias fold of taffeta and flat center bow. Unpressed pleats and appliqued lace designs marked the full skirt which terminated in a chapel train. Her finger tip veil of French illusion was attached to a tiara of pearls and rhinestones. Her bridal bouquet was of white cypidium orchids arranged in a cascading bouquet of white roses and ivy. For the traditional something old the bride wore a lavalier containing the diamond from her late mother's engagement ring; something borrowed was the veil belonging to Mrs. Bill Joe Luckett, a cousin of the bridegroom; a blue glove belonging to Mrs. Joe Ray Brown, the bride's cousin, was pinned to the train of the wedding gown, and a penny was in her shoe.

Mrs. O. M. Jahns of Tucumcari, New Mexico, aunt of the bride, was attired in a beige frock accented with white and black accessories.

Mrs. Dean, mother of the bridegroom, wore a gold colored ensemble of silk shantung with white accessories. Both ladies

wore corsages of white roses.

Immediately following the ceremony the bride's father hosted a reception in the Fellowship Hall of the church. Parents of the couple and members of the bridal party formed the receiving line. Mr. and Mrs. Glenn Hart, brother-in-law and sister of the bride, assisted with the introductions.

The bride's table, laid with an ice green taffeta cloth, had an overskirt of white tulle draped at intervals with small shower bouquets of lily of the valley and ribbon, and was appointed in crystal and silver with a centerpiece composed of the wedding cake and bride's bouquet. This arrangement was flanked by the punch bowl and silver cake basket.

Small Accounts

There are many persons in this territory who feel, possibly, that their business does not warrant the keeping of a bank account, but who would, in reality, be greatly benefited thereby.

This is a mistaken idea. A bank account is valuable to every person who transacts business.

You are enabled to keep your money where it is safe yet it is available in part or whole at any time.

You can pay all bills by check. This gives you a receipt for every dollar paid, for all checks are returned to you after having been paid by your bank.

The fact that you possess a bank account gives you a better standing among business men and enables you to establish a credit with your bank when you have need of it.

We welcome small accounts at this bank.

ELECTRIC SERVICE Plenty of value all over the house

When you buy groceries or dry goods, you make sure you get full value for every dollar you spend. But have you ever stopped to realize the full value you get for every dollar you spend for electric service?

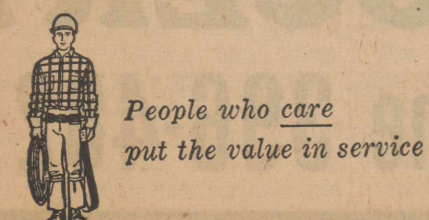

We bet you'll be surprised to realize that you put electricity to work

in so many ways. No doubt about it, electric service is your best value.

It's true — my wages to serve all of my customers' homes averaged just 26 cents a day in 1961.
