## Brucellosis Hearing Set For August 6th

The Texas Animal Health Commission at Austin, has acknowledged receipt of the Sherman County petition for a Type II Brucellosis Control Program. A proclamation has been issued and a hearing will be held August 6.

Anyone desiring to protest the petition should appear at the hearing in Austin on August 6. If there is no protest to interrupt the brucellosis control program, the livestock committee will proceed to work out with the Texas Animal Health Commission a date for testing cattle in Sherman County.

The members of the Sherman County Livestock Committee include Sam Wohlford, Shuler Donelson, Floyd Brannan, R. M. Buckles, Sam Cluck, Clay Spurlock, Odell Pugh and Ted Berry.

One of the problems this committee will work out with the Texas Animal Health Commission will be selecting the date for testing cattle in Sherman County. The members of the livestock committee will be glad to discuss the date for testing cattle in Sherman County and arrangement for testing in various communities of the county with any of our local livestock men before they meet with the Texas Animal Health Commission.

## Stubblefield Rites Held Monday

Funeral services for Mrs. J. W. (Rose) Stubblefield, 39, of Stinnett were held Monday afternoon in the Lincoln Street Baptist Church in Dalhart. She was a niece of Mrs. F. A. Judd, Mrs. Bessie Mitchell and Mrs. Jane Poole.

Rev. Marvin Tidrick of Borger, pastor of the United Pentecostal Church, conducted the service. He was assisted by Rev. Jack Pearce, pastor of the First Baptist Church of Dalhart.

Mrs. Stubblefield died Friday night in North Plains Hospital in Borger.

Burial was made in Texhoma. Mrs. Frank Judd, Mrs. Jane Poole, Ernest Hubbard, Mr. and Mrs. Paul Aduddell, Paul L. Aduddell, and Mr. and Mrs. Arthur Judd attended the funeral.

## Lorelyn Haile Is Attending Ridgcrest

Lorelyn Haile

Lorelyn Haile will complete her fifth week at Camp Crestridge for girls at Ridgcrest, North Carolina Friday. Her counselor is Miss Ferial Forbus of Auburn, Alabama, a student at the University of Alabama.

Miss Forbus and nine girls live in Senior I Cabin. There are 400 girls from many states attending the camp.

One of the outstanding features of the first two weeks of the camp was the trip to the recreation park in Asheville. Another activity Lorelyn took part in was the overnight trip up Mt. Shumont. After walking a short distance they reached the campsite, made camp, and proceeded to climb to the summit. "It is really a mountain", Lorelyn reported. Finally reaching the top, they were delighted with the view. They returned to the campsite for supper and a good night's sleep. Early the next morning, the camp bus returned them to the luxuries of civilization with memories of a wonderful overnight.

Lorelyn went to camp by plane. Her parents, Mr. and Mrs. Homer L. Haile, planned to attend the closing programs July 12 and 13, and continue their trip to Washington, D. C. before returning home.

## Mrs. Kirkwood Is Injured In Fall

Mrs. Eric Kirkwood sustained painful injuries Monday of last week when she fell while working in the yard at their home. She was sawing a limb from a tree when it unexpectedly came loose. Caught off balance, Mrs. Kirkwood suffered tendon and ligament injuries of one leg in the fall.

Mr. and Mrs. Benny Kirkwood and Becky Sue of Liberal, Kansas, Mr. and Mrs. Doyle Kirkwood of Sunray and Richard French were guests in the Kirkwood home Sunday.

Mrs. Kirkwood is responding to rest and treatment.

The dairy cow is the world's greatest food factory. She produces on the average from an acre of crops: 2,190 pounds of milk which contains 72 pounds of digestible protein and 712 units (therms) of energy.

## Laurina Riggs On Glorietta Assembly Staff

Laurina Riggs

Laurina Riggs, daughter of Mr. and Mrs. Everett B. Riggs, is serving on the administration committee of the staff yearbook, The 1962 Thunderbird. It is an office on the summer staff at Glorietta Baptist Assembly, New Mexico.

Miss Riggs is a member of the First Baptist Church and graduated from Stratford High School.

The yearbook is similar to a high school annual and is composed of 30 of the Baptist youths who serve at Glorietta, New Mexico. Among some 300 staff employees, most are college age. Representing Canada and 30 states, including Hawaii, some will be at Glorietta throughout the 12 weeks of operation and others will be replaced at the close of six weeks, according to Dr. E. A. Herron, manager.

Glorietta Baptist Assembly is owned and operated by the Baptist Sunday School Board of the Southern Baptist Convention. The Board also operates another summer assembly at Ridgcrest, North Carolina.

### Miss Keener Is Bride Of John Pulliam

Mr. and Mrs. Raymond Keener announce the marriage of their daughter, Karen, to John Pulliam. The wedding vows were read Saturday in the Assembly of God Church in Clayton, New Mexico by the pastor. John Pulliam is the son of Mr. and Mrs. J. O. Pulliam.

Both the bride and bridegroom were popular students in Stratford high school. Karen was a member of the freshman class and John was a member of the junior class during the last term of school.

Mr. and Mrs. Pulliam are making their home in Dalhart. He is employed at Betty Stewart's Conoco station.

### Meek Car Rams Well House On Fourth Of July

Mrs. Leo Meek of Conlen became involved in one of the most peculiar fourth of July activities of the territory. The family car plunged into a corner of the well house at their home near Conlen when her foot slipped off of the brake pedal. The radiator of the car was damaged.

### Kathy Sneed Is County 4-H Representative

Kathy Sneed

Kathy Sneed will represent Sherman County 4-H girls in the district dress revue to be held the latter part of this month. She won the honor in the county dress revue held Monday. She is the daughter of Mr. and Mrs. Horace Sneed.

Kathy Sneed won the honor among girls of the age limit eligible to compete in the district contest but was outpointed by a 12 year old girl and tied by a 10 year old girl. Girls must be 14 years of age or older to compete in the district contest. Kathy is 15 years old.

Linda Maxey, 12-year old daughter of Mr. and Mrs. Roland Maxey, scored 120 points of a possible 125 in the contest. Her age disqualified her for district competition.

Barbara Maxey, a 10-year old contestant, and the daughter of Mr. and Mrs. Roland Maxey, tied with the senior seamstress by scoring 118 points of the possible 125 points.

The contest brought to light the talent and determination of the younger girls. This year, Kathy Sneed had defeated a girl who held the state championship as a seamstress. Only a few months later, she found herself hard pressed for the winning honors by younger girls.

Kathy Sneed won the modeling plaque. Ellen Dyess placed second in the modeling contest. Barbara Maxey, Mary Katherine James and Lucy Baskin received honorable mention. Prizes included a bronze 4-H necklace awarded to Linda Maxey, silver 4-H necklaces awarded to Barbara Maxey and Kathy Sneed, and the 1962 4-H modeling plaque awarded to Kathy Sneed.

Girls appearing in the 4-H club dress revue were: Mary Bateman, Glenanna Ellison, Linda Maxey, Edith Wegner, Barbara Maxey, Irene Stevenson, Terry Blazier, Mary Katherine James, Ann Pickens, Pam Bennett, Lucy Baskin, Ellen Dyess, Martha Pronger, Ann Pronger and Kathy Sneed.

Ann Pronger and Kathy Sneed played piano selections as the guests arrived. The Clover Club led the pledge of allegiance and the 4-H pledge. A song was sung by the Southside Club and the creed and prayer was presented by the Junior Cooks.

Mrs. Ben Biddy served as narrator. Lorraine Mehner played the background music for the girls while they were modeling. The Moore County home demonstration agent and three of her adult leaders judged the dress revue. Mrs. Hattie Chesmer judged the modeling contest. Mrs. Charles Carter coached the girls at their modeling rehearsal Monday morning.

"A garden party" was the theme of the revue. The girls appeared on a stage of green grass, before a background of white which was covered with birds and butterflies. Yard lanterns hung from the ceiling. The judges were seated on lawn furniture under a large umbrella.

Refreshments were served by Sherman County home demonstration club members to about 40 guests.

### Funeral Rites Monday For Mrs. Elliott

Funeral services for Mrs. Melissa Mae Elliott were conducted Monday morning in the First Methodist Church by a former pastor, Rev. H. A. Nichols, of Abilene.

Mrs. Elliott died at her home in Stratford Saturday morning at the age of 81. She had been very active in caring for her home and yard until the last few weeks when her work was limited by a heart condition.

In her more active years, she had assisted her husband, the late J. W. Elliott, with the operation of the Stratford Abstract Company.

Mrs. Elliott had been a resident of Sherman County for 60 years. Her husband preceded her in death in 1949.

Survivors are, one daughter, Mrs. J. E. Crabtree of Conlen, one grandson, Elliott Crabtree of Conlen; and one granddaughter, Mrs. Elaine Aduddell of College Station.

Burial was made in the Stratford cemetery.

### School Teachers Need Homes

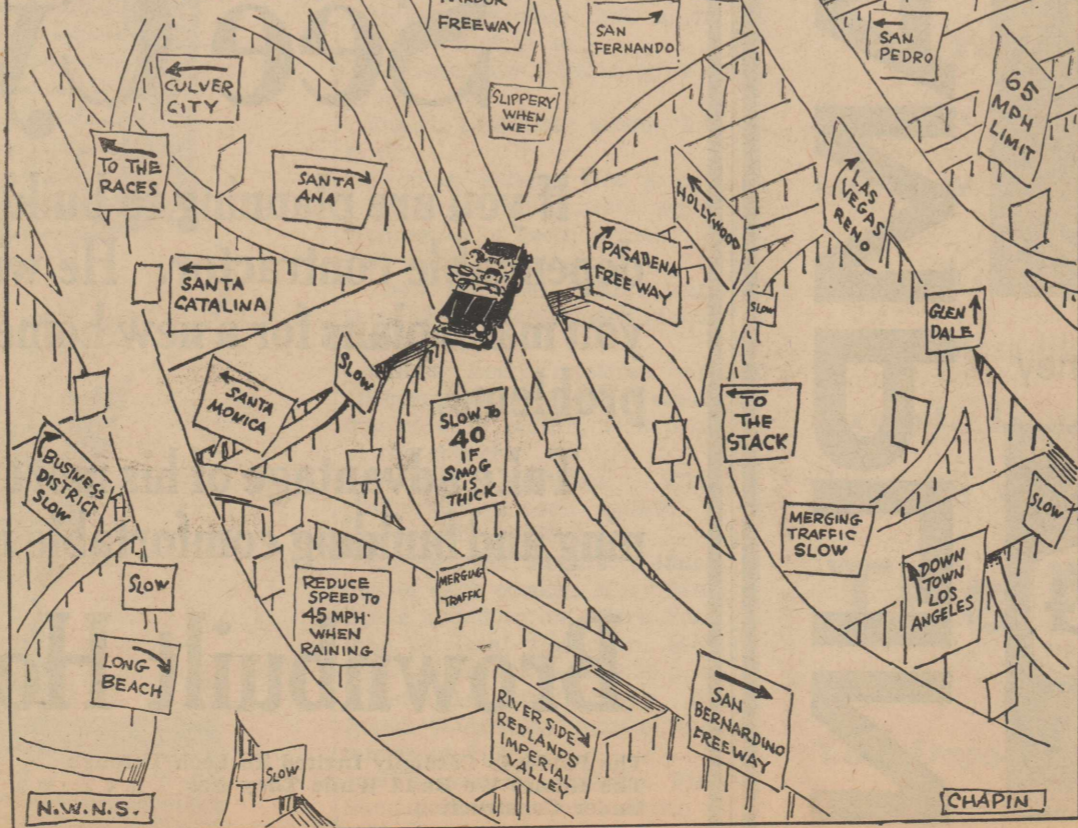

School teachers who will move to Stratford within the next few days, will need three two-bedroom and one three-bedroom house, it was announced this week by R. W. Standefer Jr., superintendent of schools.

Standefer will appreciate it if owners who have houses to rent will contact him.

The first telephone connection linking Texas A. & M. College and the nearby City of Bryan was made in 1883.

The secretary of agriculture has proclaimed quotas for the '63 crop of wheat on the basis of the present law and has announced that the referendum will be held July 24.

Producers who will share in the 1963 crop of wheat on a farm for which the 1963 allotment is more than 15 acres will be eligible to vote. In addition, any other producer that will have an interest in a farm in 1963 on which more than 15 acres of wheat will be harvested as grain will be eligible to vote.

The State Committee has determined that the polls for the 1963 wheat referendum shall open at 8:00 a. m. and close at 6:00 p. m.

Polling places will be open in the ASCS office in Stratford, the basement of the Spurlock Chapel, and the Texas school building in Texhoma for each of the respective communities.

### Friends Are Invited To Wedding

Mr. and Mrs. Wayne Harding wish to invite all of their friends to the marriage ceremony of their daughter, Lorelei, to Dale Carman at 2:30 p. m. Sunday, July 15, at the First Baptist Church.

### National Farm Safety Week July 22-28

The theme for the 19th annual National Farm Safety Week, July 22-28, is "Family Safety at Work and Play" and major emphasis is being placed upon highway and farm machinery safety.

According to the Texas Farm and Ranch Safety Council, motor-vehicle accidents account for almost half of the fatal, but only a fifth of the non-fatal injuries to farm people in the United States each year. In 1960, 11,300 farm residents died from accidents and 950,000 suffering disabling injuries. Of the total fatalities, 5,100 resulted from traffic, and 3,300 from work accidents.

The Council points out that studies of accident reports show that over 90 percent of all accidents involve some human failure, improper attitudes, carelessness, lack of attention to rules and regulations and many others.

Accidents, the Council continues, are the leading killers of young people from ages 1 to 36 (Continued on page 4)

**TFB Will Aid Young People In Agriculture**

A Texas Farm Bureau Young Peoples Committee has been organized and is ready to begin work on activities involving young adults in agriculture, according to J. H. West of Bishop, president of the TFB.

An organizational meeting was held June 28 at the Texas Farm Bureau headquarters in Waco. Steve Lilly of Nacogdoches served as acting chairman of that session. The committee voted to meet again July 24 at Corpus Christi in connection with a young peoples conference at the annual TFB training institute for county leaders.

The newly-organized Young Peoples Committee is composed of 13 young adults, both men and women, one from each of the 13 districts in Texas. They were recommended for appointment to the committee by TFB board members.

"Purpose of the committee is to evaluate needs and interests of young farm people in Texas, to develop programs in Farm Bureau to meet those needs, and to implement those programs," West said. "All such programs must first be recommended to and approved by the TFB board of directors," he added.

Committee members include: Jim Edlin, Channing; Mrs. G. E. Wilson Jr., Paducah; R. V. Allcorn, Olton; Vester Smith, Loop; Mrs. Hudson Long, Llano; Gordon Morrow, San Benito; Miss Marilyn Taylor, Cotulla; Larry Erler, Beeville; Mrs. Arno Schultz Jr., Needville; Miss Dortha Hoelscher, Burlington; Steve Lilly, Nacogdoches; Pat Potts, Dike; and Miss Rita Ann Blanton, Kaufman.

in production items are finding it in fertilizers. The use of this item of production is one of the best ways to reduce per unit production costs and increase net income, says Cecil Parker, extension farm management specialist.

The price of fertilizer did not increase during the period from

1951 to 1960. But, during the same period, wages for hired farm labor increased 34 percent, farm machinery costs increased 29 percent and real estate taxes 62 percent, added Parker.

Texas farmers and ranchers are realizing that fertilizer is a good buy because they increased the amount purchased during

this period 23 percent, and there is room for additional increases in fertilizer use.

In considering the use of additional fertilizer, a soil test should be made. A soil test will tell the amount of additional plant nutrients required for a given level of production. Also, it indicates the proper balance

between plant nutrients for optimum growth and yields.

The form of fertilizer from which the recommended plant nutrients are obtained will have some influence on their price. Study the various forms and analyses in order to save on fertilizer costs but be sure to buy the kind and amount needed.

ca's cost: \$100 billion. But no dollar total can hope to appraise the priceless value of human life, nor can it comprehend grief, loneliness and pain. No purpose is served by accident losses. And most can be prevented, emphasized the Council. Safety is no accident and the accomplishments of rural leaders and cooperating farm families and organizations in their work to reduce accidents was cited by the Council. During the past decade, an 11 percent decrease in the farm resident death rate has resulted from this cooperative effort.

But, warns the Council, we still have a long way to go to give farming and ranching a safety record equal to other national industries. Until every rural resident makes safety his business, our cooperative efforts must be continued, they add.

## Highlights And Sidelights From Your State Capital

(By Vern Sanford)

That "safe driver insurance plan" with its penalty points for traffic law violations and accidents goes out the window August 1.

State Board of Insurance bowed to legislators' demands that it be greatly modified. But Board members felt it would be better to scrap the whole thing, and

try to work out some other plan for later adoption.

Most Texans will find that the abandonment of the merit rating plan will cost them money. This despite the fact that insured Texas car-owners taken as a whole will pay \$10,000,000 less for car insurance in the coming year than they did this

year.

However, two-thirds of the car owners, those who have been getting 20 per cent discounts because they have had no accidents or reported traffic convictions, will pay the full rates in the year ahead. The other one-third, those who have been paying as much as 100 per cent extra because of bad driving records, will save substantially. They will pay the same rates as everyone else.

One factor in the decision to drop the plan was concern by members of the Board, and the insurance industry, over the increasing number of car owners who just were doing without insurance. Board members felt that to increase the penalties, which would have been necessary to maintain the 20 per cent discount for the "safe drivers", would drive even more people into un-insurance. This would have made the safe driving insurance plan even more out of balance statistically.

Because auto insurance rates are set by counties, and by types of cars and the age groups of drivers, it is not possible to say just what effect the rates will have. Local insurance agents soon will have the information. Schools' Allotment Cut

State Comptroller Robert S. Calvert advised the Texas Board of Education that the Available School Fund's income for the 1962-63 school year should be \$197,058,604. The revenue is reaped from ad valorem taxes, poll taxes, interest on securities the school fund owns, motor fuel taxes, omnibus taxes and other revenue.

Board deducted \$8,737,536 to finance cost of purchasing and handling textbooks, and divided the balance between Texas' 2,387,234 children of school age. So, the public schools will get \$78.50 per child next year; \$2 less for each than they were allotted in 1961.

While the 21-member board was on the subject of money, it passed a \$459,877,843 education budget for 1963, and offered State Education Commissioner J. W. Edgar a \$4,000 annual raise through federal funds.

Edgar "declined the honor", saying he felt his three assistants are more entitled to supplements since they are directly concerned with administering federal programs.

So, raises from \$11,000 to \$13,500 were voted for L. R. Graham, assistant commissioner of administration Lee J. Wilborn, assistant commissioner for instruction, and M. A. Browning, assistant commissioner for vocational education.

Then the board agreed to ask the 58th Legislature to raise Edgar's salary of \$18,500 a year to \$24,000 when it convenes in January.

**Cream Of The Crop**  
A preliminary glance at the Texas Education Agency's survey of 80,000 teachers revealed that the state's public schools system is getting the "cream of the crop" of high school graduates. Study chairman R. W. Byram of Austin said that new teachers came from the top 25 per cent of their graduating classes.

But the distribution of education specialists seems to be uneven: All teaching colleges in the state graduated a total of only 80 language teachers last year, and only 12 per cent of those who took mathematics education degrees plan to teach, so schools will suffer shortages in those areas.

On the other hand, there's an estimated surfeit of English and history teachers, almost all the college graduates who majored in those two subjects plan to teach.

**Junior College Cost Jumps**  
Texas taxpayers are having to pay more and more to educate youngsters who attend the state's 32 public junior colleges, according to a report from State Auditor C. H. Cavness.

In the year ending August, 1961, they spent \$223.67 apiece on 23,150 full-time student equivalents, but the per capita cost leaped \$42.91 to an average of \$266.58 for each of 26,075 student equivalents, a total of \$6,951,000.

Although 37,175 full and part-time students are actually enrolled in the state schools, the legislature bases its appropriations on the total number of semester hours taken, divided by 15 (a full-time course load).

Biggest share of the current appropriation of almost \$7,000,000 went to San Antonio Junior College, which got \$775,750 for its 3,323 student equivalents. Clarendon Junior College, which

## Guymon Golf Tournament July 21-22

Merchandise prizes totaling \$1,250.00 will be offered at Guymon's two-day golf tournament July 21 and 22, according to L. E. Chisum, tournament chairman, and golfers from all over the high plains are invited.

"This is the first year our Sunset Hills Golf Club has been host to the annual Panhandle Golf Association tournament," Chisum said, "and we want to make this one a gala affair. Hence the lucrative prizes."

In addition \$100.00 will go to any entrant registering a hole-in-one, several of which have

has 113 student equivalents, was 32nd on the list with .58 per cent share of \$40,600.

been made on the 135-yard par-three, second hole.

The tournament will consist of 36 holes of medal play, 18 each day, with five flights.

Entry fees have been set at \$10.00 and golfers from out of town may assure their participation by mailing entry checks to Chisum, 312 N. Academy, or to Jim Pruitt, club pro, Guymon.

The huge, rolling grass greens on Guymon's course are always in excellent condition, but the fairways will be particularly lush for this tournament since the irrigation system has been bolstered by recent rains.
