### Agricultural producers, sign up is underway for assistance through the Environmental Quality Incentives Program

TEMPLE, Texas, October 10, 2018 – Now is the time for agricultural producers to sign up for FY19 financial assistance to implement conservation practices on their land through the USDA Natural Resources Conservation Service's (NRCS) Environmental Quality Incentives Program or EQIP.

EQIP financial assistance for this signup is available through specific program and landscape initiatives. Sign up is currently underway. The completed and submitted application deadline is November 16, 2018.

Program Initiatives are the National Air Quality Initiative, National On-Farm Energy Initiative, National Organic Initiative, High Tunnel System, and the StrikeForce Initiative. Landscape Conservation Initiatives included are the Long Leaf Pine Initiative, National Water Quality Initiative, Working Lands for Wildlife and the Monarch Butterfly Habitat Development Project. Other eligible activities will include Disaster Relief Funding, Conservation Activity Plans and WaterSmart. Any applications submitted in FY18 under the above programs and initiatives that were not funded will be deferred to this first EQIP signup for FY19.

Additionally, applications for the Regional Conservation Protection Program or RCPP-EQIP will include the Texas Gulf Coast Stream and Wetland Initiative and OPJV – Grassland Restoration Incentive Program.

EQIP provides financial and technical assistance to agricultural producers to address natural resource concerns and deliver environmental benefits such as improved water and air quality, conserved ground and surface water, reduced soil erosion and sedimentation or improved or created wildlife habitat.

This Farm Bill program is a competitive process and EQIP applicants compete for funds in funding pools. Various funding pool categories allow similar application types to be grouped together when competing for funds. In order to compete, EQIP applications are ranked using environmental ranking points based on planned practices and resource concerns being addressed. Local NRCS field office staff will work with the applicant to rank the application and plan the conservation practices. Applications for EQIP are accepted on a continuous basis. Producers interested in EQIP can contact their local USDA service center or visit [www.tx.nrcs.usda.gov](http://www.tx.nrcs.usda.gov).

The USDA is an equal opportunity provider, employer and lender

## Time Out with Rog!

Well the upstarts came to town thinking they would be the upstarts but we made them the down starts. Stratford 35 Vega 6!! Even the Vega band left in the 3<sup>rd</sup> quarter because they knew the outcome. The Stratford Elks played a very good 2<sup>nd</sup> half but let's talk about the 1<sup>st</sup> half. This field reporter personal opinion was that we came out Flatter than Dean Hauser's haircut and that's flat! (I had special permission from Dean to make that comment). But the 2<sup>nd</sup> half we looked as good as Eddie Metcalfs afro in college. I did not ask for permission for that!!!! During the game we had some razzle dazzle with a double reverse polarity pass, and it worked. During the game I told my top notch staff that I smelled cigarettes. He said...no, that's just Oldman County. It was a complete white out but thank goodness minus the tighty whites. Our Lady Stratford Elks, student body and band were so fired up that if they were a gas station they, could have filled up a bus. AKA, Vega's bus! Now we are 2-0 going into playing the Open Raiders. In other words we no game this week. Let's talk about how will our band did today as we were writing this article. They got All 1's!!!!!! Dr. Victory, you got our trombones a rolling, our drums a drumming and our flutes a fluting. Great job and keep it up. I'll be watching yall. It's a good day to be a Stratford Elk on a beautiful day in the Texas Panhandle. Thank you Lord for the rain and all our blessings. Let's pray for our country and President. Once an Elk, Always an Elk.

No One Won The Trivia Question From Last Week.

Answer Was Rene Horsford's Dad. Freddie Fangman #AA

Trivia #1E What was Stratford's original mascot's name? Read your God, Grass and Grit and you'll get it.

P.S. Some people don't like Coconut Shampoo, Right E.M.?

P.P.S. I have credible knowledge that the next time our reserved seating section in our stands is not fired up they will be challenged by our Lady Elks, Student Body and Band. You have been warned!!

P.P.P.S. even an ex-Elk from Mississippi came to watch the Elks play.

P.P.P.P.S. Go OSU, Texas is not good enough to be #7!!!!

# Thrift Store Returns \$8000 To Community

Several community organizations recently shared an \$8000 gift from the Community Thrift Store in Stratford. Organizations who received gifts from this out reach mission of Stratford included the nine churches in the community.

Children's toys along with furniture, dishes, housewares, and seasonal decorations may also be found as the merchandise changes each week!!

The Community Thrift Store thanks people for shopping as the money goes back into the community. Since 2013, the Thrift Store has shared over \$86,400 with community churches, organizations, and groups. This partnership of donated items and great support of the customers is a prime example of people working together making Stratford better!! The Thrift Store expresses appreciation to all who donate items to the store and those who purchase those items.

The store depends on volunteers to keep its doors open for those who shop there and are welcome to come and assist for one to 6 hours. You will be blessed and will bless others by spending some time-sharing your gift of time at the store.
