Flag Retirement Ceremony recently held

Recently, Cub Scout Pack 3038, along with help from the Sherman County Sheriff's Office, held a flag retirement ceremony at the Sherman County Courthouse. They retired United States flags and Texas flags that had been collected from various people and businesses around town. It had been several years since the Cub Scouts and Boy Scouts had held a retirement ceremony, so there were a lot of flags that needed properly retired. By the end of the night, over 300 American and Texas flags were retired and disposed of. If you have flags that need to be retired, please contact Jesse or Crystal Mariscal and they will make sure they are properly retired and disposed of at a future flag retirement ceremony.

Project Christmas Card Set to Begin

Project Christmas Card is a project benefitting the Sherman County Public Library being sponsored by The Stratford Star this year. How does the project work? Instead of sending Christmas cards locally to your friends and neighbors in the Stratford Area you are asked to make a donation to the library, estimate how much it costs for the cards and stamps, add little extra and bring your donation to the Sherman County Library or the First State Bank of Stratford. Names of donors will be placed on a full page Christmas Card printed in the December 20, 2018 Christmas edition of The Stratford Star wishing everyone a "Merry Christmas." Previous years' donations have purchased e-books, computers, large print books, audio books and shelving. Our library is one of the best of its size in this area if not the state, so let's help continue to support it. The deadline for donations will be closing time on Friday, December 14, 2018. For more information, please contact Sandy Baskin at 366-2200.

CHOO CHOO LOLLIPOP NEWS!!

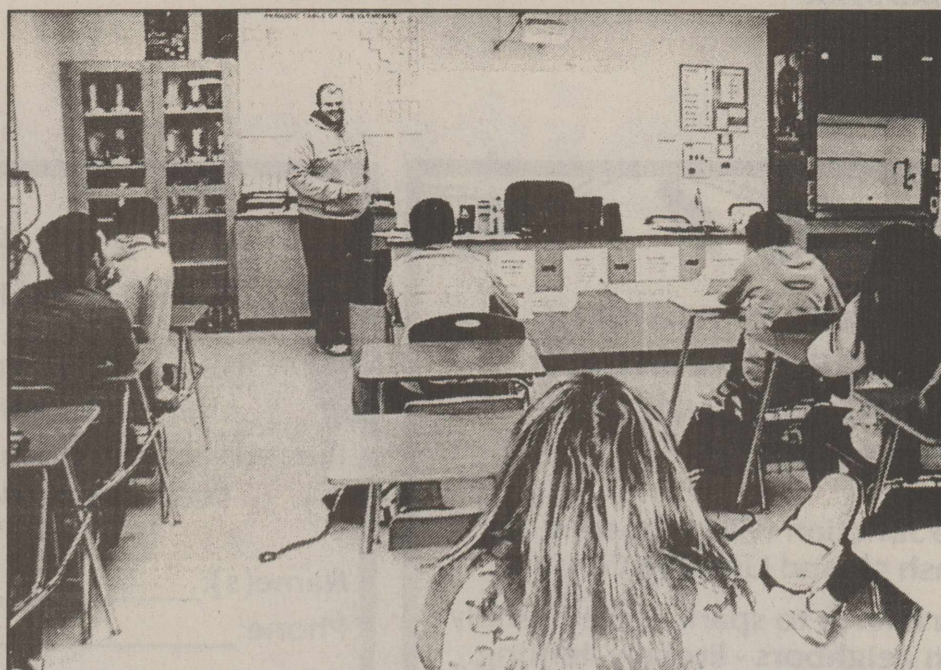

THANK YOU to everyone who helped make our recent fundraiser a success with your support of the Pumpkin Rolls, Holiday Cakes and Pies and Cheese fundraisers. Proceeds from the fundraiser will go toward renovations of the new building. We are pleased to announce that over \$45,000 has been raised for this project.

Holiday Cakes and Pies was a new product offered for sale this fall. Lollipop Junction and our supplier, Biti Pies are very interested in knowing how our customers felt about the baked goods. Please share with any board member or Lollipop staff any concerns you have regarding the quality of the baked goods. Your feedback helps us provide quality items for future fundraisers.

Building Update—the tear out phase of the project is 90% complete. The board and staff will be meeting in early January to evaluate current renovation plans. The new building will allow the center to expand serviced to infants and offer a multi-purpose room and a more functional kitchen for food storage and meal preparation. A laundry facility and conference room is also in the plans. The cost of the project will be approximately \$80,000 as all new electrical, plumbing, and heating and air conditioning will be required for a functional facility. The childcare center is licensed for 51 children and currently has an enrollment of 49 serving 38 families. This addition will allow the center to serve more children in our community.

Individuals and businesses can be a part of this expansion with gifts of donations, honorariums, and memorials. Lollipop is a 501(c)(3) non-profit organization and donations can be made at either the daycare center or at First State Bank.

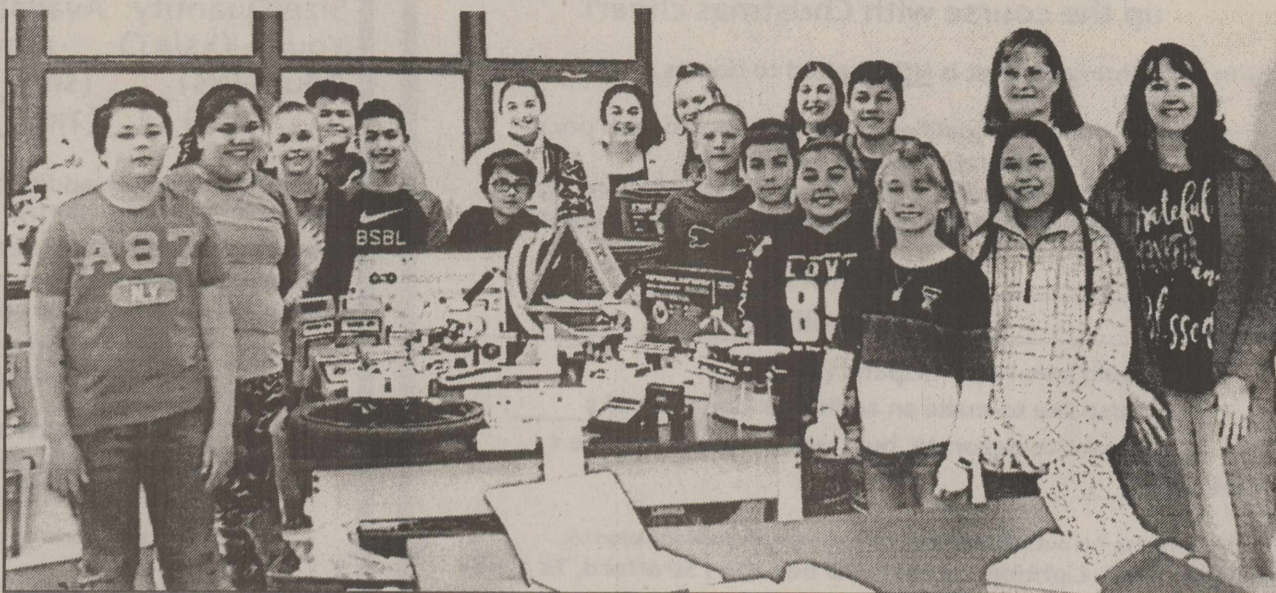

Again, thank you Stratford for making our Fall Fundraiser a success!

Time Out with Rog!

In standing room only the Stratford Elks dehorned the Farwell Steers 45-20. Question....if it is standing room only, it wasn't in a room it was in an outdoor football field. That is a question ending with no question mark because it ended up not actually being a question. Stratford, with their strong ground game and stern run defense, sent them back to the feedyard and as close to New Mexico as you can get. Our huddle offense was at a faster pace than their no huddle offense because they couldn't get their players back to the huddle! Our next opponent is the Vega Longhorns. Last time we saw them they were at Dr. Swains Vet clinic getting rehoofed. I guess their hooves are still intact because that's who we play. So we play a district foe at Dick Bivins Thursday night at 7:00 p.m. Let's all pray for our country and our president. Once an Elk, always an Elk.

Sue Hudson texted the answer to the trivia question. She is ineligible because is related to Gary and Tim Hudson, past winners. Sorry for the inconvenience.

Trivia Question 1L. When was the last time played Vega in a playoff football game?

P.S. L.H. next time you are in a hurry to get to church and you ask your wife where your slacks are make sure they are men's slacks and not women's!!

P.P.S. The answer to last week's trivia question was ACTUALLY at the game. BOOM!!!!

Tales from No Man's Land Museum

About a hundred years ago, coal and copper were mined in Cimarron County. In the 1930s, however, a mineral was discovered in the eastern Panhandle that was used to produce outstanding pieces of art. No Man's Land Museum in Goodwell has the truly unique works of alabaster carving of the Duckett family. They might have appeared to be ordinary Panhandle farmers, but they were extraordinary artists.

Alabaster is a type of gypsum that has been used for carving for centuries. It is mentioned in the New Testament in the Bible. A perfume jar of alabaster was discovered in the tomb of Tutankhamun who died in 1323 BC in Egypt. Major museums in Europe display ancient works of art, but, fortunately, the Museum in Goodwell has large, lovely displays that are easily accessible to the people of the Panhandle and surrounding states.

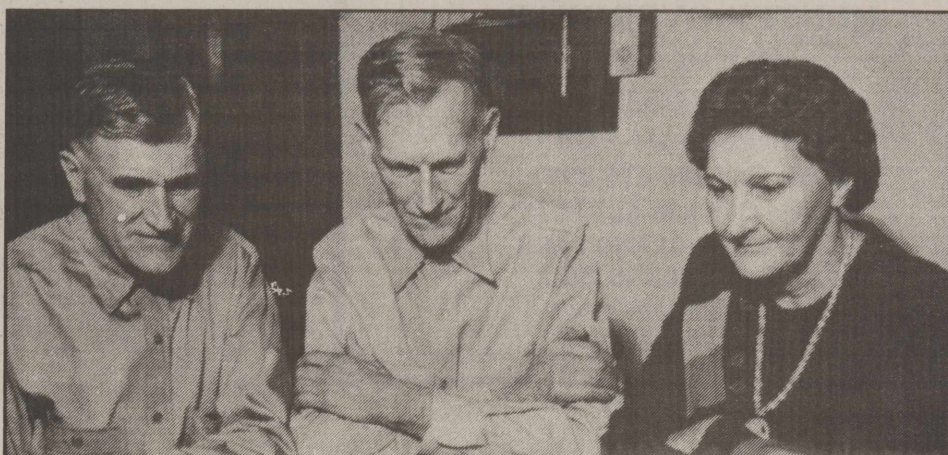

In a July, 1950 article in the Panhandle Daily News-Herald, it is reported that in the late 1930s, Eunice Duckett and her brothers, Russell and John, were looking for petrified wood and arrowheads about 25 miles from their home near Tyrone. Russell found an interesting rock with a white surface with red showing through. After taking it home, he later discovered that it could be used for carving. His first carving was a paper weight finished on Christmas Day, 1938. This initial carving led to a hobby for all three members of the farming family. Although no one in the family had any training in sculpting or painting, their natural talent was soon apparent.

The Guymon Daily Herald article in January, 1990, by Melyn Johnson describes the many works of art including bookends, vases, lamps, and ears of corn, longhorn cattle, and many other items relating to Oklahoma. "The Praying Hands", was a piece modeled after a painting by Albrecht Durer, (a German Renaissance artist). Eunice used her brothers' hands as models for this beautiful work of alabaster. John carved many pen and pencil holders using geometric shapes.

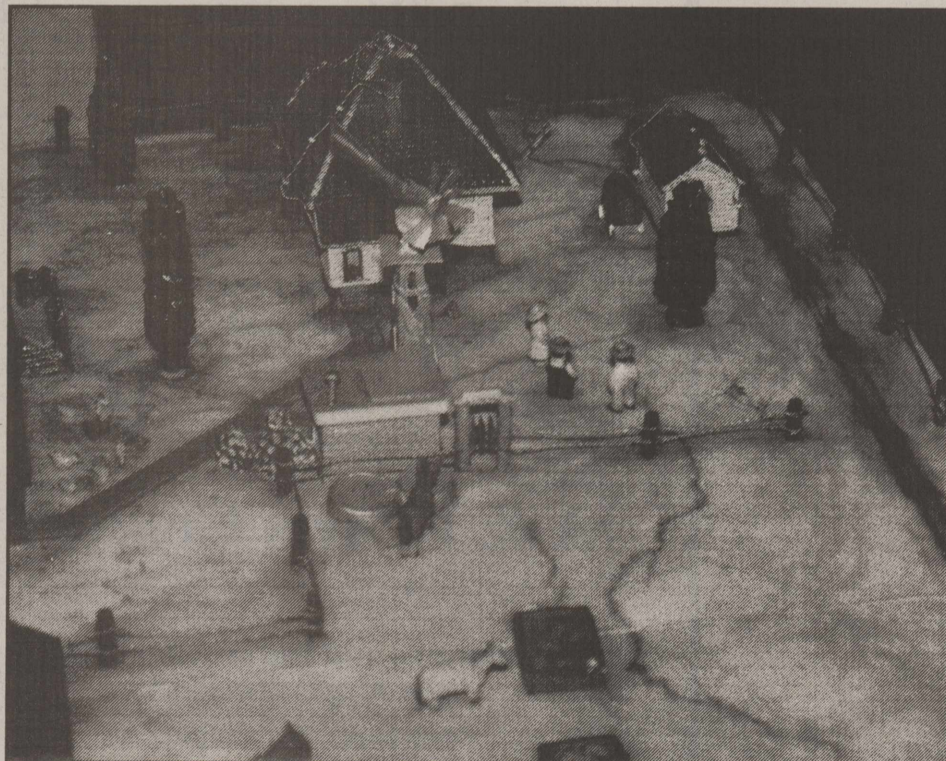

A favorite of many visitors to the Museum is the carved replica of the Duckett 1,000 acre farm. Besides the family home, it contains seven outbuildings, two granaries, haystacks, 14 farm animals, equipment, a windmill, fences, and the three family members. The tiny carvings of Eunice, Russell, and John are all complete with minuscule hats. Other small items include the many works of intricately carved pieces of jewelry by Eunice such as earrings, pins, necklaces, and hat pins. The Ducketts never sold anything but retained their growing collection for future generations.

John died in 1954, and Russell died in the late 1960s. Eunice survived her brothers and lived to the age of 88, dying in 1981. She must have realized the importance of their talent and legacy to the Panhandle so she bequeathed their more than 1000 piece collection to the No Man's Land Museum.

The Museum is available to everyone to enjoy the wonderful, unique displays of the Duckett alabaster and the hundreds of other interesting exhibits. The Museum is open Tuesday - Friday, 10 AM - 12:00 and 1 - 4 PM. and Saturday 10 AM - 4 PM.
