"Romans 13: 4"

On December 13th 2018 the Stratford Police Department was contacted by a local business regarding an email that they had received about a possible threat.

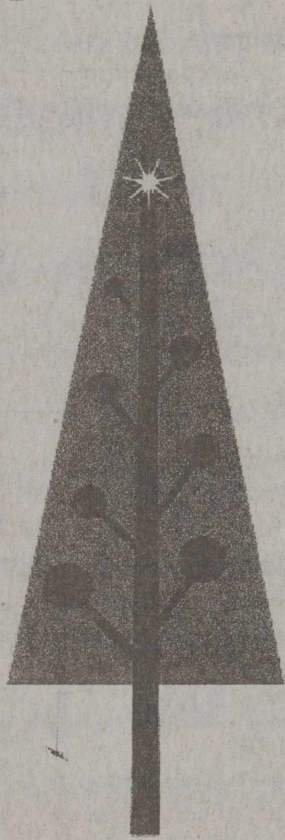

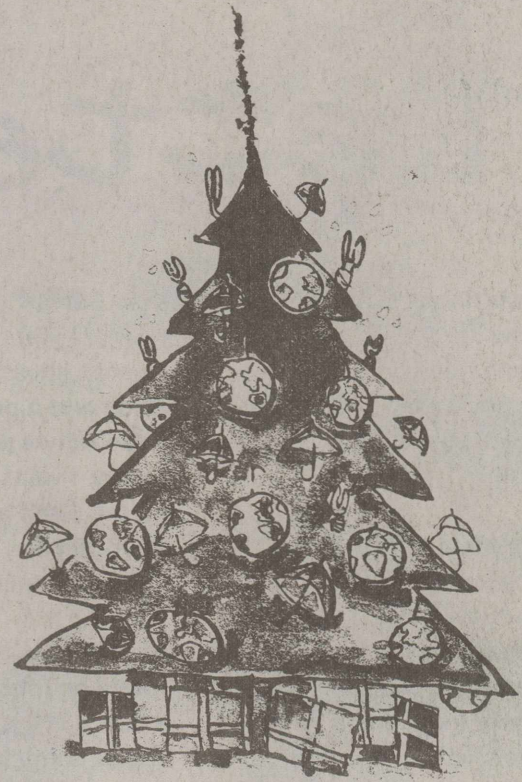

I responded to the location and read the e-mail, upon reading the email I made contact with a representative with the Department of Public Safety intelligence unit and was informed that the email was being sent nationwide including churches and banks and was a not a credible threat.

As a precaution I made contact with our schools and banks. This information was also shared with the Sherman County Sheriff's.

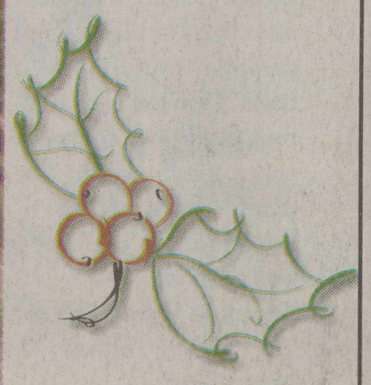

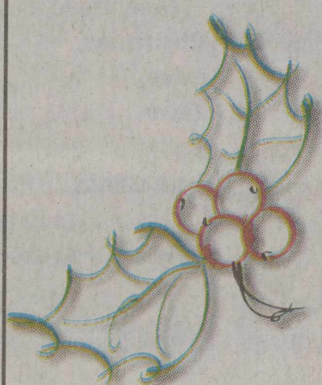

As always if you see something suspicious please contact the Police Department or Sheriff's Office all calls to us are important.
