

# Black Heritage observance begins Sunday

Sunday marks the beginning of the Air Force observance of Black Heritage Week and Reese has extensive plans to commemorate the event with a wide range of activities.

At 3 p.m. Sunday the Base Chapel will sponsor a Gospel Hour featuring the Reese Gospel Choir and guests such as the Peace Tabernacle Youth Action Singers and the Ford Memorial Church of God in

Christ. Refreshments will be served following the service.

Monday at 7:30 p.m. a talent show will be held in the base theater. Such talent as gymnastics, opera, poetry recital, dance and song will be on display.

Neil Simon's "California Suite" will be shown free of charge at the Rec Center Tuesday at 7 p.m.

The Rec Center will also be

the host for a Thursday morning style show featuring Reese models. The show, slated for 11:30, is still seeking models. Those interested should contact Black Heritage Week project officer, 2nd Lt. Art Everett, at Ext. 3171. Sign-ups will close Monday.

Thursday evening at 7:30 an art show featuring black art will be held at the Officers' Club. The Imam (Muslim minister)

Shakir Hafeez Muhyee will be guest speaker. Muhyee is connected with the Masjid Muhammad in Lubbock. Refreshments will be served.

On Friday a Greek Jamboree will be held at the base gym at 7:30 p.m. Greek letter organizations from Texas Tech will be on hand to show some fraternity steps and give some background on their groups. In addition, Sabu, a black unity

group from Tech, will present a short history of their organization.

Wrapping up the week will be an all night disco at the Recreation Center beginning at 10 p.m. All events for the week are free of charge.

In addition to all the activities scheduled, the Caprock House will feature Soul Food on their lunch line.

VOLUME XXXI

NUMBER 5

LUBBOCK, TEXAS

## Reese commissary shares in Air Force level award

Civilian personnel at the Reese commissary will share the Air Force Organizational Excellence Award with their counterparts Air Force-wide.

The Air Force Commissary Service received the award for "exceptionally meritorious service from April 1, 1976 to Sept. 30, 1979." Although there is a ribbon for military personnel who receive the award, Reese's commissary is run exclusively by civilians. They will be authorized to wear a distinctive lapel pin.

According to Clothing Sales Store manager Val Torres, the lapel pin will have to be special ordered and the date of arrival is unknown at this time.

The award, signed by Dr. Hans Mark, recognizes the "significant and far reaching improvements in all aspects of

the operation of Air Force commissary stores" made by AFCOMS personnel.

"Their efforts," reads the citation accompanying the award, "were responsible for improved facilities, tighter inventory control, better stock selection in stores, greatly enhanced customer service and increased savings to the patrons through special sales and promotions."

In presentation ceremonies held at Kelly AFB, Texas January 30, 1980, Maj. Gen. William D. Gilbert said, "it is with particular pride and pleasure that I present this award to General Woods and to all of the men and women in AFCOMS. I know that AFCOMS people around the world have worked long and hard to give their patrons the

very finest service. Their efforts, as individuals and as a team, have earned them this richly deserved award. I congratulate them all on a job well done." General Gilbert is chairman of the AFCOMS Board of Directors and the USAF Director of Engineering and services.

AFCOMS was activated on April 1, 1976 following Department of Defense direction to centralize management of Air Force commissaries. AFCOMS took control of all 160 Air Force stores on October 1, 1976, a full six months ahead of schedule. The headquarters was built around a highly trained core of carefully picked military and civilian personnel recognized as authorities in their fields. The

## FMS nets AFRAP trophy

Air Force recruiters are seeking more than 76,000 enlistees during the present fiscal year and through the Air Force Recruiter Assistance Program, Reese units are helping in this effort. Leading the pack and winning the AFRAP Commander's Trophy for the best unit program for the period Oct.-Dec. was the 64th Field Maintenance Squadron.

Outdistancing their nearest competitor, Civil Engineering, by 22 points, FMS ended the last quarter of 1979 with an impressive 42 points total for all categories in the trophy contest.

Their rundown was 33 lead referrals, two tours/escorts, one Lubbock recruiter helper and six points for special programs. Civil Engineers was next in line with one tour/escort, 13

Lubbock recruiter helpers and six for special programs. Hospital finished third with three lead referrals, two tours/escorts and six points for special programs.

AFRAP entered 1980 in full swing with 14 individuals nominated to participate in the Recruiter Helper program

(Continued on page 5)

Reese people will have to wait a little longer this afternoon to hear the strains of "The Star Spangled Banner." Security Police will begin lowering the flag at 5:15 p.m. today, 15 minutes later than usual. Officials say this is to better manage their people. Since the back gate closes at 5 p.m., the guards at the gate will be able to serve double duty by performing the retreat ceremony. (U.S. Air Force Photo)

New time

## Inside

### AFAF

Gen. Bennie L. Davis, commander of Air Training Command, makes an appeal to military members to be generous during the upcoming Air Force Assistance Fund. See page 2.

### Budget

Local budget officials see little change in the Reese economic picture from the recently announced military budget hike. See page 4.

### Income tax

Income tax time is rapidly approaching and the Legal Office has provided some insight into military members' liability for state income tax. See page 7.

THE ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is in no way connected with the department of the Air Force. Opinions expressed by publishers and writers

are not to be considered an official expression by the Department of the Air Force. The appearance of advertising, including supplements and inserts, in the publication does not constitute an endorsement by the Department of the Air Force of the products of services advertised.

# IG visit approaches

by Col. Monte Montgomery  
deputy commander for operation

As the ATC Inspector General's visit approaches we are becoming increasingly aware of our day to day operations and finding that we are doing a good job.

In the past few years, we have proven to ourselves that we can perform our primary mission with less money, people and time, and this year has been no different. With these things in mind we "owe it to ourselves" to portray to the IG that we are doing a good job and seeking alternatives to do a better job.

Now is the time for each individual on Reese Air Force Base to take a close look at themselves, their work area, and the base in

general. Although this wing currently has a commendable record in all areas, there is always room for improvement. The individual is the key to the success of our mission and to an outstanding IG visit.

The pride we place in our status as Air Force members and the quality of the performance in our duties and responsibilities is the secret to a successful inspection. The energy we put forth in our responsibilities is contagious and spreads throughout our units, and will be exhibited to the IG team.

So don't wait for the announcement of the IG arrival on base to begin your preparation. Let's make this wing the showcase for the Command — depicting the individual and unit pride for which we are noted.

Colonel Montgomery

## CARE Line

(Editors note: All information provided to the CARE Line will be held in confidence. Callers are urged to give their name and duty number so that a personal reply may be made, however, neither are mandatory. Callers are urged to use their chain of command or the office of primary responsibility to air complaints or comments if possible. If not, call the CARE Line at Ext. 3273.)

### Cold shoulder

Civil Engineering has been called twice today concerning a lack of hot water in building 320. At 11 a.m., TSgt. George Rabe personally went to CE and they said they never received a call from the dorm. Although they took the work order and said they would get on it as soon as possible, we still have no hot water. To add to this, we have no toilet paper.

### Dear Cold Water

The Services Division has taken the blame for the delay in notifying CE about your problem and action has been taken to avoid any future delays. However, the problem could have been avoided at the source had someone not turned

off the circuit breakers that control both the heat and hot water in your dormitory.

The lack of toilet paper was due to a low supply at Central Dorm and was corrected in a couple of hours. New procedures are being implemented to help insure a sufficient supply is available at all times.

### Parked cars

On Dec. 30 about 4:50 p.m. I called the Security Police to tell them that a car was blocking the fire lane in the alley behind 104 and 106 Mitchell and the Security Police did not respond. Behind 104 Mitchell there are always two cars, a motorcycle and a motorcycle trailer parked either on the grass or partially blocking the fire lane of these vehicles.

On one occasion the dumpster wasn't emptied because of these vehicles blocking access to it. This situation is creating a fire hazard and ruining the little grass that is left in Reese Village. Is there something you can do for us?

### Dear Blocked Lane:

Investigations shows that you apparently contacted the Command Post instead of the Security Police. Because of the similarity of numbers, this has happened frequently in the past.

I appreciate your interest in safety and thank you for bringing this to my attention. SP patrols have been instructed to monitor the fire lanes in base housing and in this area in particular.

# Healthy teeth require early dental care

by Capt. (Dr.) John Ward

Though dental caries is the most widespread disease in the United States, it is also one of the most preventable.

The primary methods parents can use to reduce the number of cavities are proper diet and good oral hygiene in the home.

Most people are aware that sweets are a major cause of tooth decay. The bacteria in the mouth digest the sugar and an acid is produced.

This acid breaks down the hard enamel layer of the tooth. The bacteria then reach the dentin which contain more organic material and thus a very good growing medium. If the tooth is not restored by a dentist, this decay will progress to

the pulp—the area of the tooth containing the nerve. When the pulp becomes diseased the child develops a toothache and abscess.

The best diet for a child is one that is low in sweets and high in proteins. Between meal snacks should be limited and when given such food as fruits should be encouraged.

Good oral health habits should be taught at a very early age. The parents should begin cleaning the teeth as soon as they appear in the mouth. This can be done by simply placing a piece of gauze around your index finger and gently wiping the teeth and gum area. As the child grows, he or she can be taught to manipulate a tooth brush. Most children should be able to brush their own teeth by age two.

Residents of the South Plains are fortunate to have fluoridated water. Though the natural water is high fluoridated, those living in Lubbock and Reese Village receive city water which is de-fluoridated to the safe level of about 1.5 parts/million. People living outside these areas risk permanent staining because of changes which occur in the teeth due to high fluoride levels. These people should consider bottled water for their children.

During Children's Dental Health Week the Reese Dental Clinic emphasizes the importance of good oral health for your children. A little time spent on taking care of children's teeth can save them a lot of pain and the parents a lot of dollars in the years ahead.

## The fund is people. Give to people.

### The Air Force Assistance Fund

Air Force Aid Society  
Air Force Enlisted Men's Widows  
and Dependents Home  
Air Force Village

## Air Force Assistance Fund campaign begins Feb. 28

By Gen. B.L. Davis  
Commander,

Air Training Command

This year the annual Air Force Assistance Fund campaign will run from Feb. 28 to March 31. As always, all monies donated will be used to support the Air Force Aid Society, the Air Force Enlisted Men's Widows and Dependents Home and the Air

Force Village.

The AFAF is strictly a family affair — Air Force members taking care of their own. It advances cash to some who find themselves caught in the bind of a temporary emergency, helps dependent children attend college, and gives many Air Force widows and widowers, forced to subsist on limited

incomes, a chance to live decently in the Air Force Village or the Air Force Enlisted Men's Widows and Dependents Home.

The AFAF goal for 1980 is the same as last year's, \$2.8 million. Of this amount, active duty forces are being asked to contribute \$2 million. ATC's goal has been set at just under \$260,000.

THE ROUNDUP is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc., mailing address: P.O. Box 2415, Lubbock, Texas.

#### Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser, user or patron. A continued violation or rejection of this policy of equal opportunity by an

user or patron. A confirmed violation or rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source."

News for THE ROUNDUP should be delivered to the Public Affairs Division, Bldg. 800, no later than noon Monday prior to the Friday publication date. Classified ads of noncommercial nature may be placed free of charge by Reese personnel if they are in to the Information Division by noon Monday prior to the Friday publication. Other advertising is handled exclusively by Barron Publications, Inc., Phone 762-1551

# Ruined careers possible for military drug abusers

(Editor's Note: For obvious reasons, the author of this article wishes to remain anonymous, but this is a true story. He was a marijuana user at an Air Training Command base; he knew it was illegal; and he got caught. Now he's suffering the consequences.)

Over and over again I've heard the expression "Hindsight is 20/20." Now, more than ever I believe it because I took the gamble with marijuana and lost... big! Perhaps though, by learning from my mistakes, those of you still using marijuana can be winners.

Though it's an illicit drug, there are many reasons why many people use marijuana. Many users just like to get "high" which is a distortion of reality. As with alcohol, there is enormous peer pressure among young people to use or at least try marijuana. Still others use it because it is not addicting, whereas other drugs, including alcohol, might be.

**Made choice**

After comparing the effects of marijuana and alcohol, I determined that marijuana's physical effects are less damaging. It has been proved that alcohol kills brain cells, but this has not been determined of marijuana.

I minimized the risk involved in using marijuana because I felt it could never

happen to me; I was always too careful. My false sense of security was shattered when I was identified as a marijuana user. The resulting impact on my career, family and lifestyle was more than I ever could have imagined.

Taken off flying status, I was questioned by the Office of Special Investigations. Events during and after the investigation seemed like something out of "Dagnet" except it was really happening to me.

After the initial investiga-

tion, I was given another job which, while offering very little responsibility, gave me a lot of time to think. It became very apparent that the career I love and for which I had prepared myself for the last five years was now less than a dream.

**I was responsible**

At first, I blamed the Air Force and the person who turned me in and I had great animosity toward both. Finally, I came to realize that the one person responsible was myself. At this point, all the

rationalizations for using marijuana were gone, along with my career as an Air Force pilot.

As I thought about my career, I also pondered over the idea of telling my family who, up to this point, had been very proud of me. It was the most embarrassing thing in my life. It really hurt me, but I know it hurt them even more. Fortunately, they accepted it maturely and this took a great weight off my shoulders. More importantly, their confidence in me gave me the moral courage to start being honest with myself and others.

After much discussion with my family and Air Force officials, I started to question my lifestyle which I realized had to be compatible with my goals. This mean I would not use marijuana or an illicit drugs. Also, my associations would have to change to meet the new lifestyle I was establishing.

Marijuana made a tremendous impact on my entire life. I had known the drug was illegal, but I didn't have the foresight to really understand all the ramifications of my act. I became the typical user, rationalized my actions, and was finally identified. To me the price to pay for marijuana use is much to great, but that's hindsight for me. Perhaps though, it isn't to late for you. The ultimate decision is yours. (ATCNS)

# Reese official predicts little increase from budget hike

Reese will see little if any of the proposed 5.4 percent increase in defense spending proposed by President Carter according to Daniel A. McIntire, base budget officer.

McIntire maintains that most of the additional money will go toward research and development of systems. The beefed-up budget totals \$158.7 billion.

Announcing details of the budget recently, Defense Secretary Harold Brown noted the 1981 budget, and those to follow through fiscal 1985, represent a long-term commitment to sustained increases in the defense program and the funding needed to support it.

The sustained effort, Dr. Brown said, will be necessary to reverse long-standing adverse trends in the military balance with the Soviet bloc and to deal

with increased international turbulence.

The 1981 budget includes \$46.3 billion earmarked for Air Force programs. The Air Force figure represents a \$6.4 billion increase over this year's budget.

The Air Force will spend more than \$3 billion to improve its Minuteman ICBMs, produce the air launched cruise missile, launch satellites and purchase equipment for the space shuttle.

In addition, \$1.5 billion is programmed for research and development of the MX missile.

Much of the Air Force's budget will be spent acquiring up-to-date weapons. More F-16s, A-10s, KC-10s and TR-1 tactical reconnaissance aircraft are being sought, and modifications are being planned for B-52s, EF-111s, C-5s and aircraft

in the Civil Reserve Aircraft Fleet.

Additional F-16s and A-10s will be purchased to continue to flesh out 26 fighter/attack wings in the active-duty inventory, and F-4s, A-7s and F-105s will be transferred to the reserves. Air Force Reserve and Air National Guard fighter/attack forces will be increased by the equivalent of 2½ squadrons of aircraft. The number of B-52 and FB-111 squadrons will remain constant at 25.

The Air Force will also move ahead in the development of an advanced transport aircraft, the CX. The service is scheduled to begin selecting a builder for the aircraft during the end of this fiscal year and will start full-scale engineering development on the selected design during fiscal 1981.

## Organizational award ...

(Continued from page 1)

young command took 13 different major command management systems and converted them all to a streamlined, vertical organization with a common goal: to improve customer service.

"The men and women who are AFCOMS have earned this award," said Maj. Gen. Charles E. Woods, AFCOMS Commander, "It was truly an organizational effort."

"Their professionalism and dedication to the AFCOMS mission resulted in patron savings and improved management and operations, the Air Force Organizational Excellence Award recognizes these accomplishments."

All military members and civilians who worked in AFCOMS during the period specified in the citation are eligible to wear the decoration.

## Commissary sales jump

Complimentary receipt of the Air Force Organizational Excellence Award, sales in all 15 Air Training Command commissaries increased in Fiscal Year 1979.

Locally, sales were up \$867,131 over the 1978 mark of \$5,460,548.

Air Force Commissary Services reports don't indicate if the increases, a total of almost \$22 million in ATC, resulted from higher costs of goods or an increased number of customers. "Most likely," an AFCOMS official said, "it's a combination of both."

Command wide, commissary

sales were \$237,723,988 in FY 79 compared to \$215,741,094 the year before. The average sales increase was \$1.465 million ranging from a \$518,074 increase at Vance AFB, Okla. to a \$4,429,775 increase at Lackland AFB Texas.

As expected, Lackland led the command in total sales both years going from just over \$39 million in FY 78 to around \$43.5 million last year. Vance AFB, with its small military population, was last in sales each year with \$3.069 million in FY 78 and \$3.587 million in FY 79.

(Continued from page 1)

during January with 11 already selected to assist recruiters in their hometowns. Presently TDY are Amn. Dennis W. Sission, FMS, and Amn. Donna J. Weber, Supply. Airman Sission's trip has been extended an additional 15 days because of his outstanding work with his recruiter.

AB Robert S. Doane and Amn. Jay C. McLane, OMS, Amn. Mark E. England, CES and AB James C. Obleton, Supply, will be helping their recruiter in February. Going TDY during March will be AB Bradley I. Samuelson and AB David D. Warren, OMS, Amn. Carmen I. Jalocha, Hospital, Amn. Gregory J. Malone, Communications Squadron, and Amn. Larry A. James, Weather Squadron.

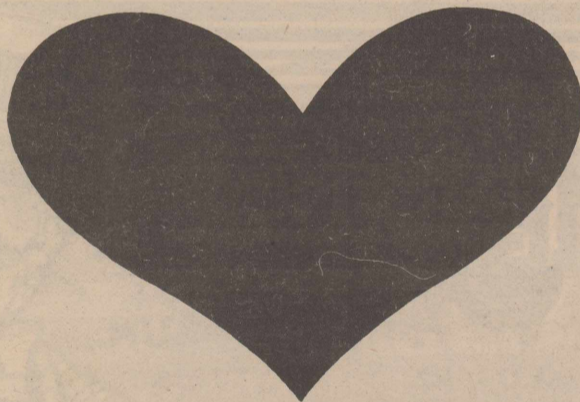

With the Air Force falling short of recruiting goals last year and increasing the 1980

goal by 7,300 enlistments, the Recruiting Service will be sending more airmen back home to assist their recruiters. Recruiters have indicated that these young airmen and others throughout the Air Force help tell the Air Force story to thousands of high school students all over the United States.

Individuals interested in participating in the Recruiter assistance program should contact the recruiter in their hometown. They may also assist the Lubbock area recruiters. If interested in either of these programs or know of anyone eligible and qualified for the Air Force, contact your unit AFRAP monitor. Help your unit win the AFRAP Commander's Trophy next quarter.

Dwarfing the T-37 and 38 on static display during last week's Career Day, the massive C-5 Galaxy stands ready to receive the estimated 2,000 visitors that came to Reese to see the latest in military aircraft. Below, visitors get a look at the F-16 multirole fighter. (U.S. Air Force Photos)

## NATO allies receive F-16 multirole fighter

The air forces of Denmark and Norway accepted delivery of their first F-16 multirole fighter aircraft in late January, marking a major milestone in the cooperative F-16 multinational fighter program and U.S.-NATO defense efforts.

"The fact that within days all the European participating governments will have received this aircraft testifies convincingly to the ability of our nations to coordinate and integrate an effective and deliberate defense alliance," said Under Secretary of the Air Force Antonia H. Chayes.

Ms. Chayes represented the United States in ceremonies marking delivery of the jointly produced fighter in both Norway and Denmark. The effort to coproduce the F-16 was undertaken by the United States and North Atlantic Treaty Organization allies

Belgium, the Netherlands, Norway and Denmark.

With deliveries in Norway Jan. 25 and Denmark Jan. 28, all participating governments have now received their first F-16 fighters.

Quoting Joint Chiefs of Staff Chairman Gen. David C. Jones in nothing the significance of the event, Ms. Chayes said, "The continuing durability and stature of the NATO arrangement reflects a widely shared view that the nations involved, working together — however imperfectly — are stronger and more secure than the same nations acting individually."

The deliveries mark the first time international coproduction of a common weapon has been programmed from the beginning, allowing the F-16 to be introduced nearly simultaneously into the front-line forces of five NATO allies.

# State income tax laws for military members may vary

by Capt. Richard A. McDonald  
Office of the Staff Judge Advocate

The various states of this country are constantly in need of additional money to support their programs and to pay the salaries of state employees. In light of this fact, state governments are determined to include more service members and their families on state tax rolls.

The liability of a service member or his dependents for state income taxes depends on the power of a state to tax particular income and whether that power has been exercised by the state. In order to understand tax liability it is necessary to be aware that the term "residence" refers to the place where one lives (where he physically dwells) and the term

"domicile" (or legal residence) refers to his permanent home. Under the Soldier's and Sailor's Civil Relief Act, a service member does not necessarily lose nor gain a domicile for tax purposes because of moves caused by military orders; however the act does not apply to dependents.

state can tax residents (who are not domiciliaries) on all income except military pay. On the other hand, a state may tax non-residents only on income earned within that state.

The chart below should be helpful in answering questions about the taxing power of the states. Those with questions concerning potential state income tax liability should contact their unit tax representative, state income tax official, or the base legal office.

**Facts: Military member and spouse residing in State X (where member assigned); both are legal residents (domiciliaries) of State A; assume state Y is nearby state.**

### POWER TO TAX

	STATE X	STATE Y	STATE A
Military Pay	No	No	Yes
Member's off Duty Pay Earned in X	Yes <sup>1</sup>	No	Yes <sup>2</sup>
Member's off Duty Pay Earned in Y	No	Yes <sup>1</sup>	Yes <sup>2</sup>
Dependent's Pay Earned in X	Yes <sup>1</sup>	No	Yes <sup>2</sup>
Dependent's Pay Earned in Y	Yes <sup>3</sup>	Yes <sup>1</sup>	Yes <sup>2</sup>

1 - state can tax income earned within that state (other than military pay) 2 - usually would grant credit if tax paid to other state on same income 3 - dependent not protected by SSCRA

## Moped riders must soon wear helmets

People who plan to save money by riding Mopeds this spring will need to include the expense of a helmet in their budget, according to Reese safety officials.

A recent change in Air Force regulations now classifies Mopeds as motorcycles, thus requiring that riders wear

protective headgear. Although the change became effective Feb. 1, Security Police will be giving verbal warnings only until the end of February.

Beginning March 1, citations will be issued to Moped riders who are not wearing helmets on base. This grace period is to allow riders time to purchase a helmet.

## Base Pharmacy provides free cold medicine

With the cold and flu season here, the Reese Hospital pharmacy reminds base personnel that over-the-counter non-prescription drugs are available free of charge.

Selected items are available at the pharmacy during duty hours that can be used to gain symptomatic relief of the common cold and/or flu. These selected medications are available by filling out a required form located inside the hospital main entrance and presenting the completed form to pharmacy personnel at the dispensing window.

The program was instituted last year to alleviate the need to see a health care provider to obtain medication to treat colds and/or flu. The medications available are all deemed safe and effective for symptomatic relief when instructions on the container are followed.

The program was instituted to save patrons of Reese AFB Hospital some time and possibly money.

# January legal actions jail two Reese airmen

Nine Reese airmen received courts-martial and Article 15s during January.

An airman basic charged with selling, transferring and possessing LSD, and using, selling and transferring marijuana, was convicted and sentenced. He received a dishonorable discharge, confinement at hard labor for two years and six months and forfeiture of all pay and allowances.

Another court case involved an airman who was charged with being absent from work for 26 days without approval. He was convicted by a special court-martial and sentenced to confinement at hard labor for 82

days, reduced to airman basic and was to be admonished.

Five Article 15s issued in January included a senior airman who was charged with possession of marijuana and received a suspended reduction to airman first class, forfeiture of \$100 for two months and seven days extra duty.

A senior airman was given a suspended reduction to airman first class, seven days extra duty and forfeiture of \$100 for two months, for being absent from duty and willfully disobeying an order.

Another senior airman was reduced to airman first class for his intent to deceive. For the wrongful use of provoking

words, an airman received a suspended reduction to airman basic, forfeiture of \$50 and seven days extra duty.

An Article 15 was given to an airman for striking a person and drunk and disorderly on station. He received a reduction to airman basic and forfeiture of \$100 for two months.

Two Article 15 punishments, previously suspended were carried out. An airman first class was reduced to airman for failure to obey.

A reduction to airman basic and forfeiture of \$100 for two months was given to an airman for being absent from duty.

# Carter condemns Soviet aggression

Editor's note: The following statement is an excerpt from President Jimmy Carter's Jan. 4 State of the Union message.

"We must recognize the strategic importance of Afghanistan to stability and peace. A Soviet-occupied Afghanistan threatens both Iran and Pakistan and is a stepping stone to possible control over much of the world's oil supplies.

"The United States wants all nations in the region to be free and to be independent. If the Soviets are encouraged in this invasion by eventual success, and if they maintain their dominance over Afghanistan and then extend their control to adjacent countries—the stable,

strategic and peaceful balance of the entire world will be changed. This would threaten the security of all nations including, of course, the United States, our allies and our friends.

"Therefore, the world simply cannot stand by and permit the Soviet Union to commit this act with impunity . . .

"The response of the international community to the Soviet attempt to crush Afghanistan must match the gravity of the Soviet action.

"With the support of the American people and working with other nations, we will deter aggression, we will protect our nation's security, and we will preserve the peace."

# Transportation Department proposes new requirements

Requirements designed to improve the comfort and convenience of safety belts installed in new vehicles have been proposed by the U.S. Department of Transportation.

The proposal, prepared by the department's National Highway Traffic Safety Administration, is an effort to raise the current use of safety belts which is only about 14 percent among American drivers.

Though the majority of Air Training Command members use safety belts, ATC safety officials point out that they have the same complaints addressed by the NHTSA: uncomfortable shoulder belt fit; excessive shoulder belt pressure; inconvenient operation of motorized automatic belts;

inconsistent shoulder and lap belt retraction; and inaccessible latch plates.

Joan Claybrook, head of the NHTSA, said, "In spite of the clearly established value of safety belts in reducing deaths and injuries, the rate of belt use in the United States has not been encouraging." She said a large number of research projects point conclusively to the fact that comfort and convenience play an important role in affecting seat belt usage.

The NHTSA proposal, which would be effective Sept. 1, 1981, would apply to manual lap belts and automatic belts installed in cars and to manual belts installed in light trucks and vans weighing less than 10,000 pounds. (ATCNS)

"The finest in solid wood bedroom groups"

Other Stores: 2305 Ave. O & South Plains Mall

**Take a letter** Cheri Re, Word Processing Center, prepares to transcribe a letter received over the Dial Dictation system. Mid and upper-level managers at Reese may use the system for dictating letters, reports or memos. (U.S. Air Force Photo)

## “Dial dictation” aids managers

There is a system at Reese to help mid and upper level managers cope with time and personnel shortages.

Maj. Gary Taylor, Chief of Central Base Administration, informs base managers that the dial dictation system is available 24-hours a day for letters, statements or memos. To use the service, simply dial 3131. A short tone followed by a soft continuous tone lets the caller know the system is open. A busy signal informs the caller that the system is in use.

To dictate, begin to speak. The continuous dictation standby tone will cease and the recorder will automatically begin to record. Features such as Hold/Restart, Review/Playback, Editing, Fast Forward/Rewind may be employed by dialing specific numbers. A list of these numbers and their uses may be obtained by calling Word Processing at Ext. 3176.

Dictation will be transcribed on a first in/first out basis, but priority work will be accepted with adequate justification.

#### Scoutmaster needed

Boy Scout Troop 514, a special unit of handicapped scouts, will soon lose their scoutmaster. TSgt. Harvey Schirmer will soon leave Reese PCS and is looking for a dedicated replacement. Anyone interested in donating their time and effort to this cause may contact Sergeant Schirmer at Ext. 3386 or 745-3257.

#### AF seeks women

There are openings right now for women to become pilots or navigators in the Air Force. The women must have a four-year degree from an accredited college and be physically and mentally qualified. If they are selected, they'll attend officer training school in San Antonio, Texas, and on graduation they will be commissioned second lieutenants.

#### Civilian drug abuse

Under a change to Air Force Regulation 47-51, civilian government employees are now required to attend an interview at Social Actions if referred by their supervisor for drug or alcohol abuse. Tom Ireland, chief of Civilian Personnel, stresses that the only requirement is to attend an

initial interview, but that disciplinary action may be taken if the employee refuses.

#### AFAS

The Air Force Aid Society is available to assist military personnel when an emergency exists and financial aid is needed. They provide interest-free loans or grants, depending on the situation.

Due to the expanded types of assistance available and the increased work load, those needing financial assistance should first contact the Red Cross, 765-8534.

#### Reese Beautiful campaign

With periodic high winds and the possibility of dust storms it is incumbent upon all base personnel to use dumpsters properly and to maintain the high standards of appearance that Reese enjoys.

#### Pet clinic

All personnel with pets on the Veterinary Services off-base surgery list, please contact the clinic at Ext. 3535.

#### Check ride

2nd Lt. John W. Mangan III made an Outstanding on His Instrument check ride in the T-37. He is in A Flight.

#### OWC notes

The OWC will hold a Hail and Farewell coffee for the wives of Classes 81-02 and 80-03 at 9:30 a.m., Feb. 21 at the Officers' Club. Also, there will be a board meeting Feb. 28 at 9:30 a.m. at the club.

#### Civilian awards

The following people have or will receive Length of Service Awards for ten, twenty and thirty years of service.

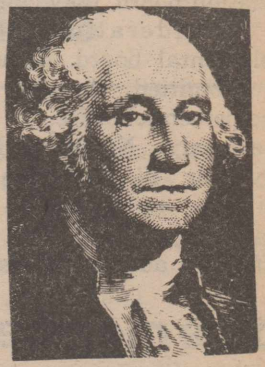

Those selected for thirty years of service are Ralph E. Denney and Herminio E. Lara, 64 FMS, and Tot M. Yeager, Supply. Those receiving twenty year pins are Janice M. Campbell, Supply, and William J. Droll and Wendell O. Swisher, Civil Engineering. Personnel selected for the ten year service award were Gary D. Williams, 64 FMS, and Arnold Miranda and Annette Fraley, Civil Engineering.

#### Free trip

High school seniors are eligible to win an all expense paid trip to Washington D.C. during the spring of 1980. The trip, a prize for the winning student essay on "The Right to Vote," is sponsored by the Naval Aviation Foundation in conjunction with the Association of Naval Aviation. All essays submitted should be 2000 to 2500 words in length. Deadline for submissions is March 1. Send entries to: The Naval Aviation Foundation, 5205 Leesburg Pike, Suite 502, Falls Church, Va. 22041. Winners will be published in the ANA official magazine.

#### Tax help

Unit tax reps have attended an IRS seminar on the preparation of tax returns. These individuals will act as tax advisors in their units to help with returns. Also, the Staff Judge Advocate's Office is available to help with any questions that the tax advisor is unable to answer. Contact Capt. Felix Stalls at Ext. 3505 for more information.

#### Holiday-February 18

Reese personnel will enjoy a 3-day weekend this month in observance of the birthdays of George Washington and Abraham Lincoln.

#### Talent contest

All Reese active duty personnel and dependents are invited to participate in the 1980 talent contest sponsored by the Morale, Welfare and Recreation Division on Feb. 28. Deadline for entries is 5 p.m. on Feb. 22. Contact Bob McFall at the Rec Center, Ext. 3787. for more information.

#### Moods in Blue

The Air Force Academy Band vocal and show group, Moods in Blue, will perform two concerts for Reese personnel the 19th and 20th of February. The dining out will feature the performers at the officers' Club Feb. 19. Enlisted personnel and dependents may see a free show the next evening at Mathis Rec Center.

## Frame Factory™

# Stretch It FREE!

For February, we'll stretch your needlepoint, crewel, FREE with the purchase of a frame from Frame Factory.

5424 Slide Rd  
Phone: 797-3154

### Hobo Joe's Panhandler Breakfast

Featuring Colony's Buttermilk bread, one egg cooked the way you like it, two strips of crisp bacon or two sausage links, and your choice of one slice of Buttermilk French Toast or three buttermilk hot cakes with whipped butter. **\$1.69**

Biscuits & Gravy w/ coffee ... \$1.25

Sunday - Thursday  
6 A.M. - Midnight  
Friday & Saturday - 24 Hours

# Base Exchange schedules Washington's birthday sale

Reese's Base Exchange will be participating in an Air Force-wide George Washington's Birthday sale beginning Thursday.

Some money-saving items on sale includes the 16-oz. size of Revlon Flex Conditioner for 98 cents, regular price, \$1.75. The jewelry department is offering a Texas Instruments LCD men's watch with alarm at \$55,

regular price, \$72. Ladies watch from the same manufacturer are available at similar savings.

Small appliances are another category chosen for this event. A G.E. lightweight iron for \$12.95 saves the purchaser \$2.30. A Sunbeam food processor may be picked up for \$75, a savings of \$13.95.

Heavy-duty batteries are also on sale. C or D size cells are only

38 cents a pack while G.E. lightbulbs in four-packs are only 99 cents — your choice of 40, 60, 75 or 100 watt sizes.

Dan Arias, exchange manager, warns that all items may not be available in all stores, but many other money-saving buys may be found. Arias also urges exchange patrons to take advantage of the BX layaway plan to get full benefit from the sale.

# Veterinarian warns of wild pet dangers

Pet lovers who plan to purchase a wild "domesticated" animal need to beware according to the Reese veterinarian.

There has been an increasing number of individuals who purchase skunks, raccoons, foxes or other wildlife with the idea that the animal is rabies free simply because it was purchased from a reputable dealer.

The usual incubation period for rabies in a skunk is three-

and-a-half to six months. However, there have been cases of domesticated skunks living as house pets which have become rabies positive 12 to 18 months after their domestication.

The usual incubation period for a raccoon is 80 to 110 days. There is at present no approved, effective rabies vaccine for wild animal species. That cute little skunk or raccoon could later turn into a carrier of sickness or death.

# AF simplifies procedure for senior promotions

Procedures for senior non-commissioned officers to request supplemental promotion consideration have been simplified, according to SSgt. Wilbert Theriot, a spokesman for the promotion and testing branch here.

Now, if people believe their records had errors when reviewed by an original senior or chief master sergeant evaluation board, they can ask for consideration by a supplemental board. Requests are submitted through the Reese personnel office.

Previously, NCOs had to apply for a correction of military records to be considered.

Officials advise NCOs to

# Some members due rent refund

Air Force members who lived in low income housing between 1975 and 1977 may be eligible for a rent refund as the result of a \$60 million settlement with the Federal Department of Housing and Urban Development.

Those eligible for the refund include individuals who lived in HUD Section 236 Housing Projects in all states, as well as Puerto Rico and the Virgin Islands, during any period of time between Feb. 1, 1975 and Sept. 30, 1977 and who paid more than 25 to 30 percent (depending on location) of their income for rent during that time.

All claims for refund must be filed before Jan. 31 with the clerk of the U.S. District Court, Post office box 60864, Los Angeles, Calif. 90060.

Information including an application for refund may be obtained by calling toll-free 1-(800)-824-7980.

**Sadie Hawkins Dance**

A Sadie Hawkins Dance is being sponsored by the Officers Wives Club Feb. 15. The dance, which is open to all Officers Club members and their guests, starts at 8 p.m. OWC members get in for free while women who are not OWC members will be admitted for \$1. All men will be weighed and charged a penny per pound. Several special events are planned for the dance. Dress for the dance is "extremely" casual, say OWC officials.

## The Perfect Pair

Today, your family needs two cars. Scoggin-Dickey has the perfect pair — Buick Regal Coupe and the Century 4-door Sedan. The Regal is today's most popular Buick with easy handling, fine performance and classic styling. The Century Sedan, Buick's little limousine, complements the pair with its economy and gas mileage - 20 city, 27 highway.

# Four IM teams hold lock on playoff slots

As the last week of intramural basketball action draws to a close, four teams hold a lock on playoff positions. 54th Flying Training Squadron, Youth Club, Air Base Group and Field Maintenance are the guaranteed contenders.

The standings of the four are 12-0, 9-2, 9-3 and 7-4 respectively as of Wednesday morning. A strong possibility exists that the 35th Flying Training Squadron and Organizational Maintenance will also reach the

post-season play with records of 6-4 and 6-5, respectively.

Resource Management has a mathematical possibility of making the playoffs with a 5-5 record currently, but it would require that OMS lose its next game and RMS win both remaining contests.

Tuesday night's action found the consistently dominant 54th downing Sturon 2, 55-41 while the Youth Club maintained its second place position by dumping Hospital, 57-30. ABG slipped by Supply, 60-57.

Standings for the intramural league are:

54th	12-0
Youth Club	9-2
ABG	9-3
FMS	7-4
35th	6-4
OMS	6-5
RMS	5-5
Hospital	4-7
CE	3-8
64th #1	3-8
64th #3	2-8
Supply	3-9
64th #2	2-9

# AF athletes eye winter games

Eleven Air Force people are attempting to qualify for the U.S. team that will compete in the XIII Olympic Winter Games at Lake Placid, N.Y., in February.

Nine of the 11 seek to represent the United States in the bobsled event. Eight are bobsledders and the ninth is a coach.

Another is competing for a spot on the U.S. Luge Team — a type of racing sled — and the 11th person will compete for the ski-jump event.

Competing for the bobsledding event are: John J. Hickey, coach, Plattsburgh AFB, N.Y.;

Roderic G. Gress, Offutt AFB, Neb.; Fredrick L. Whittican, Griffis AFB, N.Y.; Louis M. White, Offutt AFB, Ill.; John R. Proctor, Plattsburgh AFB; Randy C. Dinella, MacDill AFB, Fla., and Martin L. Long, also from Griffiss.

Michael T. Grady, Mountain Home AFB, Idaho, is competing for the luge team and Kevin A. Whitworth, Plattsburgh AFB, for the ski-jump team.

If any of the Air Force athletes make the team they will be working with a Reese officer at the Olympics. Lt. Col. George Wilson will be at the winter games as director of

transportation for the luge events.

Colonel Wilson will be responsible for seeing to it that the athletes and their sleds get to the starting line on time.

Steven A. Simon, F.E. Warren AFB, Wyo., had previously been selected as one of the athletes who will carry the Olympic torch in a 1,000-mile relay from Langley AFB, Va., to Lake Placid.

The torch is scheduled to arrive at Langley AFB Jan. 31, after a flight from Greece. It will be relayed to Lake Placid to signal the start of the Winter Olympics Feb. 8.

# Sports in brief

## Women's league

An organizational meeting for the Women's Slow-pitch Softball League will be held Feb. 25 at 6 p.m. in the Mathis Recreation Center. The league is open to women 16-years-old or older.

hold its quarterly meeting in the 35th Flying Training Squadron briefing room.

Topics of discussion will include the reopening of the base skeet range, plans for a skeet shoot and open house, forming squadron/unit intramural skeet teams and other pertinent details.

Contact Capt. Pete Wertz, Ext. 3191 or Maj. Art Christie, Ext. 3620, for further information.

## Rod and gun club

On Feb. 21st at 7 p.m., the Reese Rod and Gun Club will
