Mr. Johnson opened his informative, interesting, and timely report with the remark: "Texas

Number One problem has been referred to as the water problem, and the local situation is no exception." He noted that vast irrigation projects, and the increase in population have created the main water shortage in our area. The towns comprising the North Central Texas Municipal Water District hope to have a solution for the water shortage problems, and full details of their plan will appear in local newspapers soon, Mr. Johnson stated.

The Deborah Sunday School Class met in a regular business and social meeting in the home of Mr. and Mrs. J. P. Payne Tuesday evening at 7 o'clock.

For something old she wore a gold ring belonging to her mother and carried a handkerchief of blue linen. She wore earrings belonging to her sister, Mrs. Pauline Terry of Pampa, for something borrowed. In her shoe was a penny for luck.

Mrs. L. J. Caddell of Pampa, sister of the bride, was matron of honor. She wore a street length dress of navy blue knit with black accessories and a corsage of white carnations.

A reception was held immediately following the ceremony. The bride's table was laid with a lace cloth over ice blue and a Christmas centerpiece of ice blue and white encircled with blue candles in cut glass holders.

Mrs. L. J. Caddell presided over the punch bowl. Mrs. Preston Wallace, sister-in-law of the bride, served the three-tiered cake which was topped by a miniature bridal couple.

Owl Club Members Hear Review of 'Cindy and I'

The Owl Club had its annual book review Jan. 6, in the HHS auditorium.

We were fortunate enough to have Mrs. Lee Smith of Aspermont review the book "Cindy and I" by Joey Adams.

This was the delightfully intimate, infinitely amusing private life story of Joey Adams, the world-famous comedian, and his fabulous wife Cindy. Beginning with their honeymoon trip to France, England, Italy, Israel and all over Europe, Joey tells all about their hectic days and nights together—and it's all wonderfully funny because of Joey's fresh and off-beat slant on the adventures, problems, and familiar, situations of married life.

As this book review is the Owl Club's only money-making project, we would like for the public to attend next year.

After the review, Mrs. Luther Burkett hosted a reception for Mrs. Smith and Mrs. Martin, also of Aspermont, and all Owl Club members.

Mattson School Receives Plants and Shrubs for Beautifying Grounds

(School Reporter)

Last August on a routine trip through Haskell, E. W. Johnson was urged to visit some of the smaller schools and places so in need of plants and grounds beautification. Mr. Johnson, a veteran of the Woodward Experiment Station was taken to the Mattson School and Wm. R. Baker talked for a few minutes in the hot August weather about plants for his Mattson school grounds.

Then it was so hot and dry that the plans seemed very idealistic, but Santa as a result brought in December, 1957, twenty-six beautiful plants for study, and for ceremonial planting.

Each class planted and named, and is nourishing a shrub. Also "fences" were built by each group to protect their winter-garden.

Just drive by Mattson School in the late spring and see for yourself what E. W. Johnson via his experiment station, Supt. Baker and the co-operative student body and community have done to prove "A thing of beauty is a joy forever." Thank you, E. W. Johnson and Uncle Sam.

Those listed with perfect attendance at Mattson and likely on the exemptions from finals are as follows:

Junior Class, Dorinda Kretschmer, Sophomore, Kathryn Ann Rueffer, Freshman, Burlie Pelser, Jerry Don Klose, Winford Selig, Junior High, Carolyn Ann Klose, Brenda Campbell.

From Elementary School those with perfect attendance records are Margana Walker, Kenneth Allen Putman, Anita Kay Newton, Dennis Keith Chapman and Terry Don Chapman.

From the fresh enthusiastic attitude at Mattson this week (the first week of school after two full weeks of Christmas holiday) the students and faculty seem to be beginning a "new" school year. All are plunging into a real schedule and drill not only on athletics but word-drill as well.

From the lunch room we learn that Jerry Prater and his brother Pete Prater of Lawton, Okla., are here for a prolonged visit with their parents.

Mrs. Lucile Marlow had as holiday guests Miss Marie Johnson, third grade teacher of the Tahoka school, Mr. and Mrs. Bill Ray and Andy, Elizabeth and David, all of Abilene, Mr. and Mrs. Harold Payne and little Miss Sharon Payne, and Miss Ronda Gail Payne, all of Lamesa.

Mrs. Beulah Gibson had as house guests her sister's family, Mr. and Mrs. J. E. Robinson and Jimmy and Glenda, all of Dallas, also Mr. Gibson's mother, Mrs. J. L. Gibson of Rule.

From Mattson Mr. and Mrs. Duff Lane journeyed to their Abilene home and spent the holidays with relatives.

Coch and Mrs. Homer Putman and Kenny, Bonny and Kim were in East Texas to visit Mrs. Putman's parents, Mr. and Mrs. S. W. Matthews of Paris, Texas, and en route stopped in Abilene to see Mr. and Mrs. M. H. Putman.

Jimmy Trimble was with his parents at Woodson for the holidays.

Supt. and Mrs. Baker, Billy and Timi travelled to Ruidosa, N. M., to visit Mr. Baker's parents, Mr. and Mrs. Ray Baker, and then to Pettit as guests of Mrs. Sally Turner.

As each classroom re-assembled after the holidays each student gave an oral report of individual activities with their family groups during Christmas vacation.

Supt. Baker left Wednesday for a school Administrators meeting in Austin Jan. 8, 9, and 10. The Texas Small Schools Association will have a dinner meeting Wednesday at the Driskill Hotel and have as the speaker Dr. Haynes, president of the American Medical Association.

Electricity can save you from carrying 2 1/2 tons of wet laundry 40 miles to the clothesline!

In a year's time, a leading magazine tells us, the average housewife of a family of four washes 28 tons of wet clothes and walks 40 miles in hanging them up on the line.

We're glad electric dryers and automatic washers make this big job a little easier. And, of course, this is just one of the many jobs electricity helps you with each day.

What else do you use that helps so much to do so many things — yet costs so little?

An Abilene diver, Joe Tucker, member of the Taylor County Rescue Unit, made an unsuccessful

attempt Friday to explore the lake waters.
A patrol of the lake shoreline has been maintained by boats, while other searchers have covered the shoreline on horseback, checking on the possibility that Seyfarth's "body might surface and drift to shore.

Mrs. Gail Ozburn, mother of the missing man, who came to Haskell Dec. 30 after learning that her son had disappeared, left Tuesday to return to her home in Houston. Her son, Capt. Officers and others helping direct the search indicated Wednesday evening, that volunteer workers would continue dragging and checking the lake shoreline until the body is recovered.
