HHS Plans Series of Classes For Mothers of High School Athletes

The women of this area, and especially the mothers of athletes, are urged to attend a series of classes planned by the Athletic Department and the Homemaking Department of Haskell High School.

Ray Overton Jr., head football coach, and Mrs. W. P. McCollum, homemaking teacher announced this week that beginning Monday, Aug. 17 and continuing through Friday Aug. 21, these classes would be conducted at the Homemaking Cottage each morning from 9 to 11 o'clock. Plans call for a study of the basic essentials of good diet, the study of special diets for athletes, demonstration of

Another phase of summer homemaking, that for high school girls will come to a close the following week. Girls who enrolled for the summer's work in June, and who have completed the required work will receive one-half credit toward graduation.

This summer the twenty-five girls taking the course painted the walls of the cottage living room, made new lined draw draperies for it, and planted and improved the lawn. Their experiences at home have included home management, home improvement, providing food for the family, laundry, personal improvement, construction of clothing for themselves and the family, care of children and other worthwhile projects.

The girls will meet Monday, August 24 at 9:00 o'clock to turn in reports, help in preparing the cottage for regular classes and to plan the annual slumber party.

Commissioners Approve Bond Election Petitions

Petitions to the Commissioners Court asking that a county-wide bond election be called to provide funds for financing improvements to the Haskell County Hospital, were approved Monday at the regular meeting of the Court.

The petitions, presented the Court two weeks earlier, were found to be valid with more than the required number of signatures of bonafide taxpayer voters. All signatures on the nine petitions were checked against county tax rolls. This was a legal formality, it was pointed out, required in all bond elections.

Approval of the petitions means that the Court will order the election, more than likely at its session Tuesday, Aug. 25.

Date of the election will be not more than 30 days from date of the election order, which would indicate that voting will be scheduled on or before Sept. 25.

Needed improvements at the county hospital include additional rooms for patients, and complete modernization of the institution originally built in 1938.

A bond issue of \$80,000 was suggested in the petitions given the court. Total cost of the planned improvements would be approximately \$160,000, with half this sum to be in the form of State or Federal Aid.

City Tax Rolls Gain Over Previous Year

Assessed valuation on the city tax rolls for 1959 showed a net gain of \$7,464 over 1958, with the increase accounted for in valuation of real estate.

These figures were revealed at the meeting of the City Council Tuesday night, when the tax rolls for 1959 were approved and the tax levy made apportioning the \$1.50 tax rate to

the various operating funds and interest and sinking funds.

The 1959 tax rolls, as approved by the Council, showed total assessments of \$2,701,000 on real estate, and \$339,555 on personal property, for a total of \$3,040,555. Estimated tax revenue, based on the \$1.50 tax rate per \$100, will be \$38,108.32.

For comparison, the 1958 tax rolls listed assessments of \$2,621,945 on real estate and \$351,136 on personal property.

Dryland Maize Yields 3,000 Pounds to Acre

A yield of 3,005 pounds of maize per acre on the Elmer Wheatley farm northeast of Haskell is believed to be a record turnout on dryland maize, local buyers said this week.

Mr. Wheatley reported harvesting 87,160 pounds of maize from 29 acres on his farm, for the average of more than one and half ton per acre.

The high yield was from Hybrid 610 variety, planted the first week in April. The maize brought \$1.40 per 100 at Kimbell Elevator here.

"I believe this is easily the best maize crop I can recall," Wheatley said. Last year he had a yield of 1,980 pounds per acre, he stated.

Wheatley had 90 acres of late maize planted between June 20 and July 15, which could produce a good yield he believes.

## Hog-Tie The Spendthrifts

Congress and the people of the United States are now told that a nine-month stoppage of the interstate highway construction program is impending unless new funds are provided. In other words, the administrators of the federal highway program have gone merrily ahead planning road work before they have money to pay the bills. Their plan to remedy the situation is simple—tax the people another 1 1/2¢ a gallon on gasoline, bringing the total federal gas tax up to 4 1/2¢ a gallon.

It is an old political game to tell the people a federal project will cost so much. Then, when the project is underway, the people are told costs have doubled and there is nothing to do but dig up more taxes to pay for them. In addition to state gasoline taxes, we now pay a 3¢ federal gas tax. Nearly one-half of the revenue from federal highway user taxes is spent for other purposes than road building—if it was put on roads, there would be no shortage in the highway building fund.

It is a good time now to call a halt to the spending habits of public officials. If they underestimate costs, let completion of projects wait until the money to pay for them is at hand under the plans originally proposed for raising it. Unless this is done, there will be no limit to the increased taxes the public will have to pay.

## Agriculture Still Important

Viewed as a market for goods and services, the importance of agriculture in the U. S. economy is relatively as great today as it was 20 years ago, despite the considerable decline in the number of farms and the farm population, according to the National Industrial Conference Board. Farmers' purchases of goods and services have quadrupled from the 1937-41 level, a gain approximately equal to the growth in gross national production.

### 60 Years Ago—Aug. 19, 1895

The trustees have had a new coat of paint put on the school building.

John Vannoy came down Wednesday on a visit to his numerous friends in Haskell. He is now located at Canadian.

Carl Ferguson got in from New Mexico Thursday. He sold out his sheep there and wants to go into business in Haskell County again.

C. H. Hand and brother have sold their leased pasture in the west part of the county to a Mr. Wasson of Breckenridge, who will move to Haskell.

Prof. T. D. Evans and family arrived last Friday from Ranger and occupy the Clifton residence. Prof. Evans has announced that school would begin on Sept. 4th.

G. J. Miller has sold 320 acres of land about 12 miles east of town to L. V. Smith of Denton County for \$500 cash. Mr. Smith has gone home to close out his affairs there, and will move to Haskell and put in a stock farm.

Very few people attended the reunion at Seymour. The following are about all we have heard of: W. T. Hudson and daughter

Miss Fannie, Messrs. M. S. Cook, Dock Brown, Corb Black and Sheriff J. W. Collins.

S. R. Edwards of Kansas is here buying a bunch of cattle.

G. W. Hazelwood sent another car of horses this week to Mr. Keister in Arkansas who is there performing the selling act.

The heavy coat of grass on the ground is getting dry enough to burn in many places and the chances are that inside of thirty days half of the county will be burnt off unless the people go to work and burn sufficient fire guards. Should a fire get under good headway in heavy grass with a stiff breeze blowing men could do little toward stopping it, and it would be terrible work this hot weather.

Frank Smith was bitten on Thursday night by a snake or some insect and Dr. Gilbert, who went out to see him Friday, says he has been suffering greatly from it.

A Mexican struck the town Tuesday night by a snake or Italian harp, and being something of a novelty here, the young people got up a party at Mr. Tandy's and enlisted the services of the bronzed son of Montezuma and with other stringed instruments and a piano, had a big musical time.

The following item is from The Dallas News of the 16th: "The survey of the route of the proposed Colorado, Texas and Mexican Railroad has been completed from Haskell, Texas, to Llano, a distance of over 200 miles. It is reported that the promoters of the railway enterprise have ample financial backing and that the work of constructing the line will soon begin."

A reader in California, Mrs. Preston Smith, sends a picture of earlyday Haskell, made some time around 1909 or 1910. Shown is a huge crowd gathered at the northwest corner of the square, more than likely for some sort of lottery or similar event.

People, wagons, buggies and horses are much in evidence and the gathering must have been of real importance judging from the size of the crowd.

A clear view is given of the courthouse and grounds, and the west side of the square, which had only three brick buildings when the picture was made. The former two-story brick on the northeast corner was occupied by a bank and the firm of McNeill & Smith. Next was Boyd Furniture Co., C. M. Hunt & Co. occupied the building where the Slipper Shoppe and Lyles Jewelry are now located. Also on the east side was a small frame building with a sign "The Eating Place" while a sheet iron building on the southeast corner was occupied by Wm. Wells Furniture Co., about where Perry Motor Co. is now.

Present-day Haskell residents who never saw a real "general store" would get an eyeopener from the old picture. A large sign extending out over the sidewalk from the building on the northwest corner of the square (the present Pierson Bldg.) spells out in foot-high letters "C. D. Grissom and Son, Dry Goods, Millinery, Groceries, Furniture and Coffins."

We'll print the picture some time, to give readers a glimpse of earlyday Haskell.

Liquor hauling in a dry territory must be a lucrative and highly competitive business, from what we are told.

Among the first to offer copies of the particular issue were Mrs. R. H. Darnell of this city, and Mr. and Mrs. Bob Foote of Paint Creek. Then Friday at noon, "Butch" McDonald, our carpenter friend, brought us his copy of the magazine.

Others kind enough to call and offer their copies of the wanted issue were Thurman Bynum, Mrs. Rice Alvis, Mr. and Mrs. Fred Brown, Mrs. Frank Spencer and Mrs. J. L. Tubbs.

We wish that a similar response could be reported on another classified ad in The Free Press recently. This particular ad concerned

a ladies shoulder purse, left in a restroom at Park Anchor in Scott Memorial Park on the afternoon of Sunday, July 26.

The purse, belonging to Margie Blackwell of this city, contained \$685 in currency, along with valuable papers, including doctor's prescriptions that will be difficult to replace.

Although less than 30 minutes elapsed before the loss was noted, the purse had disappeared when Margie went to look for it.

Later, suspicion centered on a couple who had left the park hurriedly. Park attendants recalled that a woman had been seen coming out of the restroom, then get in a car with a man and they left immediately.

People, wagons, buggies and horses are much in evidence and the gathering must have been of real importance judging from the size of the crowd.

A clear view is given of the courthouse and grounds, and the west side of the square, which had only three brick buildings when the picture was made. The former two-story brick on the northeast corner was occupied by a bank and the firm of McNeill & Smith. Next was Boyd Furniture Co., C. M. Hunt & Co. occupied the building where the Slipper Shoppe and Lyles Jewelry are now located. Also on the east side was a small frame building with a sign "The Eating Place" while a sheet iron building on the southeast corner was occupied by Wm. Wells Furniture Co., about where Perry Motor Co. is now.

Present-day Haskell residents who never saw a real "general store" would get an eyeopener from the old picture. A large sign extending out over the sidewalk from the building on the northwest corner of the square (the present Pierson Bldg.) spells out in foot-high letters "C. D. Grissom and Son, Dry Goods, Millinery, Groceries, Furniture and Coffins."

We'll print the picture some time, to give readers a glimpse of earlyday Haskell.

Liquor hauling in a dry territory must be a lucrative and highly competitive business, from what we are told.

Recently, a trio of local officers nabbed a "hauler" they'd been laying for a long time, and confiscated both his cargo of liquor and his automobile.

Officers figured they had pretty well slowed down the

flow of contraband into Haskell for the time being.

But within less than a week a raid on known bootleggers revealed the source of supply was open again.

Officers making the raids noticed one change, however. The "merchandise" was being delivered in original cases by the "new" supplier, instead of lugs used by the former hauler.

We doubt if anyone gets a bigger thrill or "kick" out of voluntary work than do the members of a small-town volunteer fire department.

Naturally, there's an element of risk involved and sometimes the dangers are very real and imminent, but those fellows take it all in stride and generally manage to find a little humor in whatever situation they're up against.

Ordinarily, you'd think a fellow who had just had a new suit soaked with smut and water or a new straw hat rained would be in a foul humor. But it's all in the day's, or night's work for a volunteer fireman.

At a fire recently, Chester Hodgins was on a hose line carried inside a burning house, and in nothing flat his straw was a disastrous mess, out of shape and flopping down over his ears when he emerged from the building.

When "Satch" Lusk made a remark about the hat, Chester slaps it on Lusk's head with the remark, "I'll give it to you." Lusk, not to be outdone, saw-headed and offered to sell him the hat. "Wouldn't give you more than a nickel for it," Ray countered. The deal was closed, Lusk pocketed the nickel, Overton got the hat, and Hodgins went home bareheaded.

Even at that, Hatless Hodgins was luckier than a fellow-firer, Covell Adkins. He went home minus the shoes he wore to the fire!

Adkins got on the roof of the building with a hose line, and when the wet roof got too slippery, he kicked off his shoes and pitched them to the ground, thinking he could easily retrieve them.

When the blaze was out, Adkins started searching for his shoes, without luck—they'd vanished—and he went home sans shoes.

## PEOPLE, PLACES AND THINGS

By A. PATE

Our thanks are due to a number of readers who have graciously offered us the use of their copies of the December, 1952 issue of the Reader's Digest, in response to a classified ad last week.

Among the first to offer copies of the particular issue were Mrs. R. H. Darnell of this city, and Mr. and Mrs. Bob Foote of Paint Creek. Then Friday at noon, "Butch" McDonald, our carpenter friend, brought us his copy of the magazine.

Others kind enough to call and offer their copies of the wanted issue were Thurman Bynum, Mrs. Rice Alvis, Mr. and Mrs. Fred Brown, Mrs. Frank Spencer and Mrs. J. L. Tubbs.

We wish that a similar response could be reported on another classified ad in The Free Press recently. This particular ad concerned

a ladies shoulder purse, left in a restroom at Park Anchor in Scott Memorial Park on the afternoon of Sunday, July 26.

The purse, belonging to Margie Blackwell of this city, contained \$685 in currency, along with valuable papers, including doctor's prescriptions that will be difficult to replace.

Although less than 30 minutes elapsed before the loss was noted, the purse had disappeared when Margie went to look for it.

Later, suspicion centered on a couple who had left the park hurriedly. Park attendants recalled that a woman had been seen coming out of the restroom, then get in a car with a man and they left immediately.

A reader in California, Mrs. Preston Smith, sends a picture of earlyday Haskell, made some time around 1909 or 1910. Shown is a huge crowd gathered at the northwest corner of the square, more than likely for some sort of lottery or similar event.

People, wagons, buggies and horses are much in evidence and the gathering must have been of real importance judging from the size of the crowd.

A clear view is given of the courthouse and grounds, and the west side of the square, which had only three brick buildings when the picture was made. One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going — and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: "the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests — all documented by published opinions of experts and on-the-record facts and figures.

**BEST ENGINE**—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

**BEST ROOM**—Official dimensions reported to A.M.A.\* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of the leading low-priced three.

**BEST BRAKES**—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy out-stopped both of the other leading

She suggested warm colors for rooms on the shady side of the house with the cool colors of blues and greens for the sunny side. Miss McAnelly told members to bring wallpaper home and study it before buying, keeping in mind different patterns make rooms appear larger or smaller and also gives height to the walls.

### Special Stamp To Honor Soil Conservation

Supporters of the California Creek and Wichita-Brazos Soil Conservation Districts and persons interested in commemorative stamps will be able to purchase a 4-cent soil conservation stamp locally starting Aug. 27. J. C. Yeary, SCS technician of Haskell said.  
 The stamp is being issued at Rapid City, S. D., on Aug. 26 as a tribute to conservation farmers, their local soil conservation districts, and the professional conservations of state and Federal agencies who assist them.  
 "I'm sure that most everyone in the California Creek-Brazos Soil Conservation districts will want to buy these colorful and historical stamps when they go on sale here," Yeary said.  
 Persons wanting "first-day" covers containing the world's first soil conservation stamp should send addressed envelopes to the Postmaster, Rapid City, S. D., within the next few days, Yeary said today.  
 Yeary pointed out that the Rapid City postmaster, upon request and receipt of properly addressed envelopes and a remittance to cover the cost of the stamps, will place the new soil conservation stamps on envelopes on the first day of issue. Note these special instructions carefully:  
 1. Address the envelopes plainly and in the lower right hand quarter of the envelope leave ample room for the stamp and the special cancellation device that will be used at Rapid City.  
 2. Place in the envelope a close-fitting enclosure of about postal card thickness (it may be an actual letter or a conservation message, of course) and seal or turn flap inside

the envelope. Collectors prefer the latter so the envelope isn't damaged in opening.  
 3. Enclose the addressed envelopes in a large envelope or package addressed to the Postmaster, Rapid City, S. D. Enclose a money order or certified check in the exact amount to cover the number of 4 cent stamps required. Write "First-day Covers, Soil Conservation Postage Stamp, August 26, 1959" on the outside of the shipping envelope or package. Make sure it carries adequate postage. As an accomodation to the local Post Office staff, try to get your envelope to Rapid City two weeks ahead of the release date.

# PAINT CREEK . . . COMMUNITY NEWS

BY MRS. GENE OVERTON

The rain was fine wasn't it? However not everybody had as much as they would have liked. In some parts of the community as much as three inches fell, and in others less than an inch. Right here we had about two inches. Anyway, we are all grateful for all of it, and the cotton is just beautiful. We were up in the Panhandle last weekend and the crops there are not any prettier than ours and they are all irrigated. Maybe some of the maize looks better than ours but the cotton doesn't. And when we left the cotton was beginning to look a little tired and droopy, but when we came home it was all washed off, and standing straight with the leaves so green and little flowers and buds showing through.

Mr. and Mrs. Randy Ballard and children spent last week vacationing in Galveston.

Mr. and Mrs. Bill Cockrell had as their guests last week his brothers and their families, Mr. and Mrs. Lee Cockrell of San Antonio and Mr. and Mrs. Everett Cockrell from Winters.

Jerry Hughes was stung on the lip by a wasp Sunday afternoon and it has been painfully swollen for the last three days.

Mr. and Mrs. Glen Walton, Glenda, Nelta, Larry and Jerry have gone to Carlsbad, N. M. and Colorado Springs on their vacation this week. They left Sunday afternoon.

Sandra Damron of Lubbock

is visiting her aunt Mrs. Bud Moore, Rev. Moore and daughters this week.

Mr. and Mrs. Bill Griffith and children have gone to Irving, Texas to visit their daughter's family, Mr. and Mrs. Glen Berry. The Berrys moved to Irving about two weeks ago. He drives a mail truck just as he did at Stamford, but it is a better job.

Will Weise of Mattson, who died Sunday, had the following nieces here at Paint Creek: Mrs. Paul Fischer, Mrs. Albert Bittner, Mrs. Lem Ivy, and Mrs. Dudenning. They and their families attended his funeral at the Haskell Lutheran Church Monday afternoon. A grand-nephew, Wayne Peiser, also lives here and he and his family attended.

Mr. and Mrs. Sonny Coleman and Martindale Coleman were in Pampa last week for the Pampa Rodeo. On Monday night they had the Junior Rodeo and Martindale won first place in saddle riding. He was awarded a trophy.

Dub Sims has returned from the maize harvest in South Texas where he worked with the James R. Mickler crew and drove a combine.

Willie Lee Medford is in Fort Worth this week attending the State Vocational Agriculture meeting.

Mr. and Mrs. Boyd Cathey and daughter Elizabeth from Grand Prairie spent last week end with her father, W. A.

Montgomery, Saturday evening they hosted a supper and the guests were Mr. and Mrs. Roy Overton, Mr. and Mrs. Howard Montgomery and Mr. and Mrs. Ray Overton.

Mr. and Mrs. Gene Overton and Waller returned Sunday afternoon from Amarillo and a visit with her sister and brother-in-law, Mr. and Mrs. Chas. McBeath. Mike and William returned home with them after a week's visit in Amarillo.

Mr. and Mrs. G. W. Roberts and Mr. and Mrs. Jack Daniels were at the bedside of the women's mother, Mrs. Lillian Banks as she underwent further surgery at the Haskell Hospital Monday morning.

The school board met Monday evening for their regular meeting and completed plans for the opening of school Monday, Aug. 24. The last house east on faculty row was rented to Mr. and Mrs. L. A. Davis and their three children. Mr. Davis works at the power plant for the WTU. Being able to live on our campus will allow him to be closer to his work. Mr. and Mrs. Champion and their daughters lived there last year. They have moved to the company house at the plant where Mr. and Mrs. Huss lived. The Husses have moved to Haskell. We welcome Mr. and Mrs. Davis to Paint Creek.

Mrs. Fred McMillan returned home from a week's stay in a hospital, and is much better.

Little Marilyn Griffith, 3-year-old daughter of Mr. and Mrs. Sammy Griffith underwent surgery last week for the removal of a small growth from the corner of one of her eyes. She only had to stay in the hospital one day.

The revival at the Baptist Church will begin Aug. 16 and continue until the 23rd. A pre-revival cottage prayer meeting was held at the parsonage home of Rev. and Mrs. Bud Moore Monday evening, and another will be held at the home of Mr. and Mrs. Morris Haynes Thursday evening.

Arvie Bergstrom spent Saturday night and Sunday in Seymour in the home of his sister, Mr. and Mrs. Allen Morris.

The week we were at the hospital and I didn't get in any news, we had a new addition to the community. Mr. and Mrs. Wayne Peiser became the parents of a baby girl. Little Tammy Gayle was born, at the Haskell Hospital. I saw her on her first day, and she is a tiny dark complexioned, dark haired little lady. Her big two year old brother is Robbie. Dale Peiser, Maternal grandparents are Mr. and Mrs. Johnny Earles, and her paternal grandparents are Mr. and Mrs. Alton Peiser of Mattson.

Tom Thane of Sagerton spent Saturday evening in the home of his sister and her family, Mr. and Mrs. Eric Bergstrom and Joy.

Recent guests in the Gene Overton home were his cousins Ben Overton and his son, Ben Jr., of Chicago. Ben lived in Paint Creek one year with his uncle and aunt, the late Mr. and Mrs. W. H. Overton. He is now an electrical engraver for a Chicago firm that makes loving cups, plaques, statuettes, etc. Ben also visited with Ray and Roy Overton and their wives.

The Eric Bergstroms are painting their house this week. It is green again, but lighter green than it was.

A group of men decided to fish all one day and have a big fish fry for their families. They fished in the creek at the Bill Cockrell's, on the Coody Ranch. They fished from early Friday morning until late in the afternoon and didn't catch a single fish. Isn't it embarrassing? To plan a fish fry and invite everybody, and not be able to catch any fish at all. They have decided to try again when the creek goes down some, and have that fish fry yet.

Mr. and Mrs. Jesse Cook and children have been vacationing this week on the west coast.

Guests in the Paul Fischer home Monday evening following the funeral of Will Weise were Mr. and Mrs. Charles Weise and Sue, Mr. and Mrs. Charles Hinze from Austin, Mr. and Mrs. James McGuire and David from Houston, Mr. and Mrs. Boyd Stephens, Peggy Pat and Debra and Mrs. Emma Hurt and Leroy from Rockdale. Mr. and Mrs. J. A. Woods and children Joyce, Rita and Robert and Kenneth Carlton are vacationing in Corsicana this week.
