## Carter, Reagan Even In Poll

NEW YORK (AP)—President Carter and his Republican challenger, Ronald Reagan, ran even in Time magazine's latest poll of voter preference, the magazine says.

Carter and Reagan both attracted 39 percent of those surveyed, Time said Sunday. The poll's sampling error was plus or minus 3 to 4.5 percent, a spokesman said.

Meanwhile, Rep. John B. Anderson was favored by 15 percent of the 1,644 registered voters nationwide surveyed Aug. 26-28 for Time by the polling organization Yankelovich, Skelly and White, the magazine said.

## Refugees Attack Camp Fence

FORT McCOY, Wis. (AP)—Soldiers and security officers formed a "human fence" to keep back Cuban refugees after some 300 Cubans tore down a chain-link fence and looted a mess hall at this refugee center officials said.

Eight people were injured, none seriously, in the disturbance Sunday.

Officials said they knew of no escapes, but as a precaution military representatives drove along rural roads near the western Wisconsin infantry training camp to knock at farmhouse doors and advise residents to be on alert.

The cause of the uprising was not determined immediately.

## Top Chinese Officials Resign

BEIJING (AP)—Chinese Premier Hua Guofeng, Vice Premier Deng Xiaoping and six other top officials have resigned their government posts, signaling an infusion of new blood into the top level of the Chinese bureaucracy and intensification of Deng's pragmatic economic policy.

Both Hua and Deng will retain their more important, policymaking posts as chairman and vice chairman, respectively, of the Chinese Communist Party.

## 7-Year Old Escapes Captor

DALLAS (AP)—Youth investigators are tight-lipped about their search for the kidnapper of a 7-year-old boy who broke free from his abductor while his frantic parents and authorities tried vainly to rescue him.

More than 28 hours after he was snatched from his northside neighborhood, Matthew Mueller was reunited with his tearful mother.

"That's my baby! I want a kiss!" Beth Smith, cried as a police car carrying Matthew turned into her driveway last Saturday night.

## Gunmen Take Hostages

PORTLAND, Ore. (AP)—Three gunmen who apparently bungled a robbery attempt took several persons hostage at a popular steakhouse early today, then demanded \$500,000 and a getaway vehicle, authorities said.

Five of the hostages later were released, but deputies said seven more were believed still to be held. One of the freed hostages said the gunmen served free drinks and told the captives not to worry.

## Hijacks Jet With Bottle

MIAMI (AP)—A Spanish-speaking man carrying a bottle of liquid and demanding to go to Cuba hijacked an Eastern Airlines jet carrying 88 people en route from New York to Florida today, authorities said.

No injuries were reported, and the plane, Eastern Flight 161, landed at Jose Marti in Cuba at 11:52 a.m. the Federal Aviation Administration said.

## Clayton Presses For Speedy Trial

HOUSTON (AP)—Texas House Speaker Billy Clayton wants to accelerate the wheels of justice when the Texas Brilab trial opens Tuesday—the first trial in the FBI's far-reaching undercover Texas Brilab operation.

More than 100 jury panelists have been called to appear in the Houston courtroom for a proceeding that could sound the death knell to Clayton's political future in the state.

Clayton and two Austin attorneys, Donald W. Ray and Randall B. Wood, have been charged with racketeering, extortion, fraud and conspiracy.

The crux of the prosecution's case is a tape recording of a Nov. 8, 1979 meeting between Clayton, Deer Park labor leader L.G. Moore and FBI informant Joseph Hauser.

From that tape and other evidence, the government has outlined an alleged scheme chock full of bribery allegations and intrigue centering around the speaker, who has expressed hopes of running for governor in 1982.

Moore, the regional director of the Operating Engineers Union, also indicted by a federal grand jury, has been granted a separate trial. Hauser posed as an undercover agent for Prudential In-

urance Co. during the undercover operation.

The government claims Clayton, a 20-year legislative veteran, accepted a \$5,000 payment from Moore with another \$500,000 promised if he could reopen a \$76 million state employee insurance contract.

Clayton acknowledged he received the money but considered it a campaign contribution and planned to return the stack of \$100 bills to Moore at a later date.

But Clayton never reported the contribution, and Assistant U.S. Attorney Ron Woods said "this has become an important element in the case. There would not have been a case if Clayton had reported the \$5,000," he said.

The Brilab investigation—Bribery-Labor—has brought additional indictments in Louisiana and prosecutors have said more are expected in Texas.

The tape recordings of the November meeting include a statement from Moore asking the speaker if he would accept a contribution from "an old friend."

Clayton said the donation would be "no problem" and "we appreciate this."

The speaker said the contribution would have to be reported.

Hauser asked, "Why do you have to report it?"

EMMY FOR SNYDERITE—Snyder's Powers Boothé was the only actor to appear in person to accept his Emmy award last night, as more than 80 stars boycotted the 32nd annual Television Academy presentations on NBC. Boothé, shown here with young Tony Foster in a scene from his winning role, said he supported the academy as well as the striking actors' stand. Boothé won his Emmy for his portrayal of Jim Jones in CBS' "Guyana Tragedy: The Story of Jim Jones." His performance earned him the award for best lead actor in a limited series. See story on Page 10.

## Tropical Storm Pushes Damp Spell Into Area

Tropical Storm Danielle was credited with pushing rains inland as far as the Snyder area early today, although the measurements here were small.

Heavy showers were reported late Sunday in the southeast part of the county, and .80 fell at the Lake Thomas dam 20 miles southwest of Snyder. The showers at the lake continued a pattern that started last week and managed to contribute a small amount of water to the lake's supply. The Colorado River was reported flowing a very small stream this morning. Earlier showers in localized areas of the watershed had raised the lake's elevation by .70 feet, accounting for about 1,500 acre feet of water.

Snyder had only .05 inch of rain this morning. However, temperatures were relatively cool, with a high of only 83 degrees Sunday.

The possibility of more rain appeared bright this morning, according to forecasts. Heavy rains drenched the Hill County and moved into West Central Texas today. Flash flood warnings were issued for some counties.

The storm remained at most stationary for several hours just east of San Angelo during the night. Junction received .98 of an inch in an hour.

Law enforcement agencies said water covered roads and highways but there was no serious threat to travelers. Some

roads were temporarily closed.

Flash flood warnings were up today in Menard, Mason and Kimball counties. Ballinger and Brady were two communities reporting more than 2 inches of rain.

Partly cloudy skies prevailed over much of East

Texas with early morning fog developing along the upper Gulf Coast northward to Lufkin and eastward to Beaumont. The Panhandle remained mostly clear.

The weather service predicted afternoon highs in the middle 80s in West Texas and the middle 90s elsewhere.

As the storms plagued West Texas, the southeast corner of the state was drying out from Tropical Storm Danielle, which moved ashore Friday night, causing heavy flooding in the Golden Triangle of Beaumont, Port Arthur and Orange.

Port Arthur residents in the Montrose addition were expected to be back in their homes by tonight. By midmorning, only one evacuation center with about 75 people remained open, the Jefferson County Sheriff's Department said.

## Farm Bureau's Convention Set

The Scurry County Farm Bureau has scheduled its annual barbecue and county convention for 7 p.m. Tuesday in the Scurry County Coliseum.

During the business meeting, three directors will be elected. The terms of A.J. Rosson, C.D. Gray Jr. and Doyle Wemken expire this year.

## Ask Us

Q—Was the combining of Stanfield Elementary School's two kindergarten classes into one done with the knowledge and approval of the school board?

A—This question puzzled school officials, since there are two kindergarten classes served by two teachers and one aide at Stanfield. There has been no change and none is contemplated. Supt. Bill J. Hood wondered if the fact that some team teaching is done there may have led someone to believe classes had been combined. Anyway, Hood said operation of the kindergarten at Stanfield fully complies with board policy.

SNYDER TEMPERATURES: High Saturday, 93 degrees; low, 66 degrees; reading at 7 a.m. Sunday, 70 degrees. High Sunday, 83 degrees; low, 66 degrees; reading at 7 a.m. today, 71 degrees; precipitation, .05; total precipitation for 1980 to date, 11.93.

West Texas: Occasional rain and a few thunderstorms extreme southeast tonight with locally heavy rains possible. Otherwise, play them partly cloudy through Tuesday with widely scattered showers and thunderstorms. Turning cooler north Tuesday. Lows tonight in the 50s in the mountains. Lows 60s in the Panhandle to near 70 south. Highs Tuesday upper 70s in the Panhandle to the mid 90s in the big bend.

## Hostages In Day 310...

# Iran Closer To Filling Cabinet

By The Associated Press—In another step toward debate on the American hostages, Iranian President Abolhassan Bani-Sadr accepted two-thirds of Prime Minister Mohammad Ali Rajai's proposed cabinet and submitted the names to Parliament for approval. But the Bani-Sadr and Rajai remained at odds over the other seven ministers.

Tehran Radio reported Bani-Sadr accepted 14 of the 21 ministers nominated by Rajai, who was elected prime minister by the Majlis, or Parliament, after Bani-Sadr's first choice for the job was rejected. The broadcast said Rajai nominated seven other men for the vacant posts, but five of them were the same nominees Bani-Sadr refused to agree to earlier. Hosseini Musavi, Rajai's pick for foreign minister, was among them.

In a letter to the Majlis, the prime minister said he hoped Bani-Sadr "will finalize the investigation of some cases and that I can take the necessary measures to introduce the rest of the members of the Cabinet."

The Majlis will begin consideration of the cabinet nominations on Tuesday, Radio Tehran said. Approval of the lineup will advance the Parliament another step toward consideration of problems facing the country, including the fate of the 52 American hostages who today were spending their 310th day in captivity.

Ayatollah Ruhollah Khomeini, the leader of the Iranian revolution, has given the Majlis authority to determine the fate of the Americans taken prisoner when militant Is-

lamic students occupied the U.S. Embassy in Tehran last Nov. 4.

The Foreign Relations Commission of the Majlis held preliminary discussions on the issue Saturday, but no date was announced for debate in the full parliament to begin. However, Secretary of State Edmund S. Muskie said Sunday, "There are signs that they're beginning to think actually debating the hostage issue. There are signs of increasing awareness on the part of leaders of the various factions that the hostage issue ought to be settled in Iran's interest."

Appearing on CBS-TV's Face the Nation, Muskie predicted there would be a

U.S. congressional inquiry after the hostages are released into the U.S. role in Iran during the reign of Shah Mohammad Reza Pahlavi. In other developments:

Eight people were executed this morning—seven in the city of Yazd after being convicted of espionage and one in Tabriz on conviction of adultery and prostitution—the official Pars news agency said.

William Sullivan, the last American ambassador to Iran, wrote in the magazine Foreign Policy magazine article that the U.S. government made a serious mistake by refusing to recognize the inevitability of the Iranian revolution.

## City Budget Up For Final Okay

Second and final reading of an ordinance approving a budget for the fiscal year

beginning Oct. 1, and ordinances adjusting sanitation rates, utility tap fees and two zoning requests highlight the agenda for tonight's meeting of the Snyder City Council.

The meeting is set for 6:30 p.m. in the council room at city hall.

Also on the agenda are a request by Our Lady of Guadalupe Catholic Church for permission to hold a parade on Sept. 14; a request by Bill Warner, chamber of commerce manager, for allocation of some motel tax funds for maps and brochures, approval of bid forms for securing a bank depository, approval of requests for bids for hydrated lime and for some equipment

needed to install sirens for an emergency warning system.

The budget was approved on first reading at the Aug. 4 council meeting, along with changes in fees for city services.

The budget of \$3,493,211 is approximately \$450,000 greater than the budget for the current fiscal year. However, it includes over half a million dollars in capital items and provides for a pay increase averaging about seven percent for city employees.

Reports and discussions on the agenda include repainting of the city's outdoor advertising signs, the city's contract for the alfalfa farm adjacent to the wastewater disposal plant, and left turn lanes on 25th St. in the central business district.

## Campaign Embroiled In 'Peripheral Questions'

By The Associated Press—Ronald Reagan was defending himself against criticism on Social Security, George Bush was defending Reagan as a "peace candidate," and John Anderson weighed in with more in the debate on debates.

So it went as the fall presidential campaign entered its second week Sunday, with much of the rhetoric still concentrating on issues such as Republican Reagan's 1964 comments on Social Security, the Klu Klux Klan, and who would debate whom.

Bush, the Republican vice presidential candidate, himself questioned the direction the campaign was taking when asked about Reagan's statement last month that he had doubts about the theory of evolution.

"I'm not going to answer that," Bush said. "I'm not going to answer peripheral questions that do nothing but divert the American people from the No. 1 issue—getting Americans back to work."

Bush made the statement in an interview on NBC's "Meet the Press," while his running mate, Reagan, was campaigning in Philadelphia, and independent presidential candidate Anderson was in upstate New York.

Both President Carter and Vice President Walter F. Mondale took the day off Sunday, but they are to head out campaigning again Tuesday—Carter to New Jersey and Mondale to Chicago.

On Sunday, Reagan promised a "strong and reliable" Social Security system in a speech to a senior citizens rally in Philadelphia.

"As president," he said, "I will defend the integrity of the Social Security system. That system will be strong, reliable and protected under a Reagan

administration." Reagan's comment came after Carter charged last week that the Republican had once suggested making Social Security voluntary.

The Republican nominee had already denied the accusation repeatedly.

Actually, speaking in October 1964 in behalf of GOP presidential candidate Barry M. Goldwater, he had asked rhetorically in discussing Social Security whether it would be possible to "introduce voluntary features that would permit a citizen to do better on his own."

## School Enrollment Now Over 3,400

Enrollment in Snyder Public Schools has gone over the 3,400 mark for the first time in two years.

Figures this morning as the second week of the fall term began showed a total of 3,432 pupils, with substantial gains in the elementary grades. Secondary schools were showing fewer students than at this time last year. The high school had 918 reported at the end of the past week, and an up-date report there was not available this morning. At this time last year, the high school

had 970 students. However, at the end of school last May, the total had dwindled to 866. The junior high had 486 this morning, which is exactly the same as it had at the end of the spring term May 30. However, the junior high had 497 at this time last year.

All elementary schools had gains. North had 305, compared to 284 last year; Central had 357, compared to 343; East had 343, compared to 320; West had 397, compared to 388; North-east had 351, compared to 335; and Stanfield had 275, compared to 268.

our unlikely allies

We've had Iran - or to put it another way, in Iran we've had it.

Now we have Somalia, the newest base for American power on that 2,000-mile arc where the strategic Mideast and strategic East Africa meet along the strategic Indian Ocean.

After a year of skittish negotiations, Somalia has agreed to make facilities available to U.S. forces in return for an arms and economic aid package.

Somalia is one of the world's poorest sovereign states - no industry, no mineral resources waiting to be exploited, only semi-desert and an agricultural economy that with considerable effort just might be brought up to the subsistence level.

It is a nominally Arab nation that became independent of British and Italian colonial rule in 1960. Since a 1969 coup, it has been under the autocratic rule of General Mohammed Siad Barre, the founder of what he calls 'scientific socialism.'

Not even the Soviets are quite certain what that is supposed to be, but it was enough to make him appear a natural ally at first. For a time there was more to it than appearances and they enjoyed the use of the former British port of Berbera.

Since 1977, Somalia and Ethiopia have been squabbling over the Ogaden, a Somali-populated but Ethiopian-administered wasteland that no one else could possibly want, its most distinguishing features being giant anthills.

That off-and-on-again war has, however, produced one bumper crop. Refugees, more than a million of them in a country whose resident population is less than five million.

As such arrangements go, the U.S.-Somali pact is no big deal. The United States gains access to Berbera and the port-capital of Mogadishu as bases for a Rapid Deployment Force still largely on the drawing boards.

It is a minimal new investment in a region in which the United States has already sunk bundles. Which is just as well considering how things have gone in those parts.

But then, all that was in the '50s, '60s and '70s. If it's 1980, it might as well be Somalia.

"It sort of balances out - when I look at the price of food it ruins my appetite."

no records seen in car sales

NEW YORK (AP)-The most sobering economic news of the past week wasn't the rise in food prices or the rise in interest rates.

The chairman does expect the sales pace will accelerate over the course of the model year, and reach a rate of 14 million units by net summer.

Berry's World

"I BELIEVE! Do you BELIEVE? All of you who BELIEVE in a tax cut come forward and

dominated headlines recently throughout the island nation. The saying is not Japanese, but Russian. As such, however, it could not have been more appropriate to the implications of the event - the rescue operation mounted by the Soviets to salvage their nuclear submarine disabled off Okinawa.

With the crippled sub under tow, escort vessels took the shortest route home to Vladivostok despite Tokyo's denial of permission for passage through Japanese territorial waters that this entailed.

But the Soviets sailed on, disregarding protests they full well knew were all that would be forthcoming from the Japanese.

The latter, who will never be in danger of being considered dense, drew the obvious lesson: Those who lack meaningful military power have no real leverage with those who possess it - in this case in abundance and in the immediate neighborhood.

For several years the Soviets have been building up their Pacific fleet, based in Vladivostok, to the point where it is now by far the most powerful force in East Asian waters. Further, they have been staging naval exercises almost within Japanese waters, practicing troop landings on islands seized after World War II but still claimed by Japan, and making regular reconnaissance flights off the Japanese coasts.

If there was any possible question about the point being made, there can no longer be in the wake of the nuclear sub incident in which the Japanese had no alternative but to eat their protests.

Well, almost none. In what could not be a more exquisitely timed coincidence, the Japanese government has come up with a proposed new defense budget that calls for a 9.7 percent increase. It would raise military spending in the coming year up to the equivalent of more than \$10 billion, depending on the yo-yoing yen-dollar rate.

No big deal by superpower standards, but a big jump in Japanese spending and thinking. It is a jump that has been a long time in the preparation, with the encouragement of some intensely interested outside parties.

To obvious Chinese interest, is to strengthen an unofficial, Sino-Japanese-American common front against the Soviets. Not too subtly they have been leaning on the Japanese Socialists to drop their long-standing opposition in the Diet to meaningful defense spending.

For some time Japanese opinion has been moving away from the post-war principle of maintaining no more than a token military establishment. A strengthening of forces was an issue in the Diet election earlier this year and the thumping victory of the ruling Liberal Democratic Party has been taken as settling it.

There is no question as to eventual Diet approval. The real question is whether this may be a first step toward a more impressive rearmament effort. Japan at present ranks

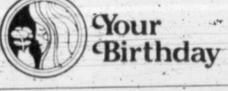

something like seventh in the world in military spending, trailing the superpowers, the major West European nations and neighboring China. But it trails by quite a bit. The projected increase will not make all that much difference in its combined air-sea-land forces of under a quarter-million men.

Japan has the resources, however, to do much more. It is a question of deciding to do so, and the Soviet sub may have hastened a decision.

It has been a forceful demonstration to the Japanese of the relationship between principles and force: In the company of wolves, the former can be meaningless if there is not enough of the latter to back them up.

## Dating Average Improves With Right Pitch

By Abigail Van Buren

DEAR ABBY: What does a healthy, normal, 25-year-old girl do when no man will date her because she looks like she's "for girls"?

I'm tall, slim, athletic and a college graduate. I keep my hair short because it's more convenient for tennis, swimming and sailing. I wear very little makeup and prefer tailored clothes. Get the picture? I love fun, but I'm not asked for dates, so I do what other dateless girls do—I go out with the girls.

Several people have told me that guys think I prefer girls. Nothing could be further from the truth, but I can't wear a sign to that effect.

So tell me, Dear Abby, how can I let a man know I am a warm, loving female who would be thrilled to death to have a date, a love affair and eventually a husband, without throwing myself at a guy's feet?

FRUSTRATED IN SANTA MONICA

DEAR FRUSTRATED: Don't throw yourself at a guy's feet, but do pitch a little. Come up with tickets to something or an invitation somewhere, and invite a man to be your escort. If you strike out, don't be discouraged; try again with another man. God helps those who help themselves.

DEAR ABBY: Here's the scenario: My wife and I are having dinner in a lovely restaurant. A friend of ours (a woman) spots us just as she is leaving, so she stops by our table to say hello. Naturally I stand up as soon as she approaches our table.

She says, "Please don't get up." I get up anyway. She continues to talk to my wife while I remain standing. Then she says, "Please, sit down," and she talks some more. I do not sit down because I would feel uncomfortable seated while a lady is standing by my table.

Meanwhile she is talking a mile a minute to my wife, so I interrupt with, "May I get you a chair?" She doesn't take the hint, but instead says, "No, I'll only be another minute." Abby, by that time I am really ticked off. Had you been in my shoes, what would you have done?

CHICAGOAN

DEAR CHICAGOAN: I'd have put my shoes under my table.

DEAR ABBY: Re: PROBLEM ROCKER: This may not help the lady with the 19-year-old son who still rocks in his bed, as this may have become some kind of habit. I had a "rocker" baby, and because I noticed that he panted when climbing a set of stairs, I took him to the doctor.

The doctor asked me if my child rocked in bed. The diagnosis was that he had enlarged adenoids, and the doctor moved these adenoids and allowed him to breathe better.

After having the adenoids removed (age 13 months), he never rocked in bed again. Maybe this will help some new mothers.

M.L.R. IN HOUSTON

DEAR M.L.R.: I heard from a surprising number of "rockers." Many claimed they were cured by meditation, vitamins, prayer, hypnosis and marriage. Readers of all ages, men and women, reported that they're still rocking, and other than an occasional poke in the ribs from a sleepy spouse, it hasn't hurt them.

DEAR ABBY: Regarding your multiple letters column on barking dogs, I suggest to all those frustrated readers, FIGHT BACK! Raise roosters! Sincerely,  
JONATHAN M. WILLIAMS, M.D.

Alan: "Here is a hand that readers will enjoy most if they cover up the East and West hands. The defense starts with four rounds of hearts. West discards the six of clubs on the fourth heart and East promptly leads the deuce of clubs. As declarer, on the fourth heart you would have dropped the three of diamonds from your hand and a spade from dummy."

Oswald: "West is the sort of player who might have used that six of clubs play as either a true or false signal so you

have no information from the play as to the location of the king."

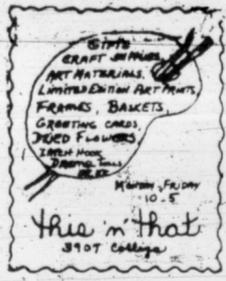

Alan: "You are looking at eight top tricks. The club finesse is a 50 percent chance for your ninth trick. You can also get your ninth trick if diamonds break 3-3. That is only a 36 percent chance so at first blush you want to take the 50 percent chance represented by the club finesse."

Oswald: "Now look at the West hand. You see four diamonds and the king of clubs so apparently neither line of play will win."

Alan: "Nevertheless you should make your contract. Just rise with the ace of clubs and cash your four spades while chucking the jack and ten of clubs from dummy. West will have to discard a diamond or the king of clubs on that last spade and the squeeze will give you the ninth trick."

Oswald: "For the record this is the best percentage play. It works if the man with the king of clubs holds the long diamonds."

# More Packed In Platform Than Governor Wanted

SAN ANTONIO (AP)—Gov. Bill Clements got a lot of what he asked for in the Texas Republican platform after two days of state and national speakers calling for defeat of President Jimmy Carter plus 4½ hours of bitter argument over platform and a few minor party rule changes.

The 23-plank platform

approved generally followed the national platform, but also covered a number of controversial single-interest issues, plus a long list of legislative proposals that Clements wanted sanctioned.

Last Wednesday, James Kaster, Clements' top legislative liaison aide, told the convention's platform committee that the gover-

nor did not want the group to consider any planks on the Equal Rights Amendment or the so-called "pro-life" issue.

"He is concerned that we don't get divisive in the state platform," Kaster told the committee. "He feels that we have the national platform and that addressed the meaningful issues."

Despite Clements' advice, much of the convention's argument Saturday night over the platform was spent on the two old controversies — women's rights and abortions.

After numerous unsuccessful efforts to amend, the convention shouted approval of planks opposing the Equal Rights Amend-

ment and urging the Legislature to restrict use of state funds for abortions.

Still another plank would recognize the right of states who have ratified the national ERA amendment to rescind that approval. This was a direct attack on Texas' 1972 ratification of the national ERA.

Other "firecracker" planks approved would mandate non-probated penalties for those convicted of a crime while carrying a gun, urge the Legislature to end mandatory licensing for church schools, encourage strict enforcement of pornography laws, oppose forced busing of children be-

yond neighborhood schools, and urge the Legislature to approve voluntary silent prayer in public schools.

A plank endorsing the state's right-to-work laws was amended to urge prohibition of union or agency shops, where non-union members must join the union or pay dues to hold a job.

The pro-Clements planks would urge the Legislature to pass a provision allowing citizens to initiate legislation.

Branon Funeral home in Lamesa is in charge of arrangements.

**Vandalism, Thefts  
Drug Cases Logged**

A drug arrest early this morning concluded a busy weekend that included criminal mischief reports and minor traffic accidents.

Taken into custody shortly before 5 a.m. today was a 27-year-old man. Pending the results of lab tests, the suspect was tentatively booked on a felony charge of possession of a controlled substance and a misdemeanor charge of possession of marijuana. The arrest was made by Lt. Steve Warren and Ed Neely.

A theft was reported Sunday at 108 Birch. Andy Maldonado told Sgt. Dale Burns he was missing a \$210 set of tools. The tools were reportedly stolen between Sept. 2 and Sept. 7. That report was received Sunday afternoon.

Saturday, two criminal mischief complaints filtered in. In one, Elton Weems

said his 1972 Oldsmobile had been written on, possibly with lipstick, causing about \$400 damage. Working that case was Sgt. Ed Covington.

Covington also worked a vandalism complaint at the Pizza Inn. Javid Saleem reported a broken windshield and several slashed tires. Damage in that incident was pegged at \$200.

Three traffic accidents were also worked. The first occurred Saturday at 11 a.m. at 2604 25th St. There, a parked 1979 Dodge owned by Allen Dale Northcott was struck by a vehicle which left the scene. It was worked by Covington.

The next accident was worked by Don Whittenburg at 6:25 p.m. Saturday at the Handy Hut. In that accident, a 1977 Chevrolet driven by Jerry Wemken was in collision with a 1976 Mercury driven by Daphne Fox.

The last accident was at 3500 Beaumont at shortly after 11 p.m. Saturday. A report filed by investigating officer Bill Armstrong showed a 1974 Ford driven by Rex Gard struck a tree.

In 1975, a London subway train crashed into a tunnel wall, killing 41 persons.

Lawrence E. Lamb, M.D.

**Too long on laxatives**

By Lawrence Lamb, M.D.

**DEAR DR. LAMB** — I am concerned about my husband. Many years ago he had an operation for hemorrhoids and is afraid of becoming constipated. He takes 12 or 13 Milk of Magnesia tablets at night. Please tell me if this can harm him.

**DEAR READER** — Yes, it can. After all these years of taking such a large dose of laxatives, he'll probably need some professional help to get rid of the habit. He can help avoid constipation by using a proper diet that includes adequate amounts of bulk. He may need some bowel training and other help, however, at this stage of his problem.

I don't believe in the regular use of any of the magnesium salt laxatives. These salts work by "purging the bowels." A major portion of the magnesium stays in the bowel and draws water out of your circulation, and body tissues. In this way the excess water stimulates bowel function. In larger amounts it can cause frank diarrhea.

Magnesium salts may act in other ways as well. The principle action is by their inability to be absorbed from the digestive tract. This is not complete and that's why they can be dangerous. About 20 percent of the magnesium can be absorbed into the bloodstream. In a normal person who has normal kidney function, that won't pose any major problem because the kidneys will just simply get rid of the excess magnesium.

The problem is in the person who has any abnormality in kidney function for any reason. This is particularly apt to occur in older people. They may not be able to eliminate this 20 percent of magnesium that's absorbed. As a result, the magnesium level in the body builds up rapidly and this can be particularly hazardous in older people. It can affect the function of the brain and the rest of the nervous system.

I'm sending you The Health Letter number 12-8, Laxatives, Enemas and Suppositories, to give you information that applies to most of the available laxative-type products, which ones are useful and how many of them can be harmful. Other readers who want to see this issue can send 75 cents with a long, stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, N.Y. 10019.

For most people with ordinary bowel problems, they should limit their use of laxatives to one of the bulk-forming agents if they need this kind of help at all.

**DEAR DR. LAMB** — I've had a swollen gland for 12 years at the uppermost part of my leg. There is no pain. This past year though, because I've been very active, it has been bothersome. Could this be treated without surgery? I'm 59 and have been taking medicine for high blood pressure for two years.

**DEAR READER** — "When in doubt, take it out," is not a good idea in all cases but it is often a good idea regarding lumps. It is important to know what a lump is before deciding what to do about it. The length of time you have had your lump suggests that it is not dangerous. But is it really a lymph gland? If so, do you have other swollen lymph glands and why are they enlarged? Is it something else, such as a small femoral hernia? The point I'm making is that it will have to be examined before anyone can tell you what it is. Your doctor may have a pretty good idea by feeling it. If he is still in doubt then he too will want to be sure what it is before advising you.

MANAGER OF YEAR—State director Charles Crain, right, presents Snyder Oilers manager Charles Freeman with a plaque, recognizing him as Manager of the Year in Texas Teenage League baseball. Freeman, Oilers, sponsored by Pool Well Service, won the Junior League State Championship this year. Representing Snyder at a recent meeting where the plaque was presented were Mr. and Mrs. Freeman, and son Kyle, and Mr. and Mrs. Benny Bollinger.

# QBs Have Field Day On Openers

By The Associated Press  
Pro football had its opening during baseball's summerfest, so it's fair to steal this basic from the national pastime: After the first week of the season, the pitchers (quarterbacks) are way ahead of the hitters (cornerbacks).

Translated into Xs and Os, that means quarterbacks, an endangered species that did a lot of limping around last season, easily won Sunday's battle with cornerbacks, those aggressive headhunters who try to keep up with the Joneses of the National Football League by running backwards.

Phil Simms, the second-

year quarterback of the New York Giants, tossed five touchdown passes—four to Earnest Gray—in victimizing the St. Louis Cardinals 41-35.

Dan Fouts, who set a single-season record with 4,082 passing yards in 1979,

fired four TD strikes, two of them to John Jefferson as the San Diego Chargers crushed the Seattle Seahawks 34-13.

Tommy Kramer, emerging from Fran Tarkenton's long shadow, completed 30 of 42 passes for

395 yards and three touchdowns, rallying the Minnesota Vikings past the Atlanta Falcons 24-23.

Terry Bradshaw ran for one touchdown and passed for two others in leading the Pittsburgh Steelers over the Houston Oilers 31-

17.

Iton Jaworski's three touchdown passes carried the Philadelphia Eagles past Denver Broncos 27-6.

Bert Jones, who missed all but seven games of the past two seasons with a damaged shoulder, ran for

one touchdown and passed for 257 yards in leading the Baltimore Colts past the New York Jets 17-14.

Dan Pastorini, playing his first regular season game for Oakland after being traded by Houston for Ken Stabler, tossed two TD passes to Bob Chandler and set up another score with a 52-yard bomb as the Raiders downed the Kansas City Chiefs 27-14.

Steve Grogan of New England threw for three touchdowns in the Patriots' 34-17 triumph over the Cleveland Browns.

## Steelers Dump Problem Plagued Houston Oilers

PITTSBURGH (AP) — The Houston Oilers may be back here this season. They may get another chance to kick in that door, Ken Stabler may make the difference.

But maybe aside, the Pittsburgh Steelers beat Houston 31-17 Sunday to open the National Football League season and launch their drive for a fifth Super Bowl title.

"The more we win, the more spoiled we get. We don't want to accept anything else," cornerback Mel Blount said after he grabbed two of the five interceptions thrown by Stabler.

"I didn't play as well as I'll be playing in four or five weeks, but we got it done," said quarterback Terry Bradshaw, who helped the Steelers to a 17-0 lead, watched the Oilers rally for a tie, and then broke the game open in the last quarter with a touchdown sneak and a 50-yard scoring pass to John Stallworth on a broken play.

"The Steelers are a great football team," said Oiler Coach "Bum" Phillips. "They don't have any weaknesses. If they do, we haven't discovered them, or we haven't exploited

them."

For two years running, the Steelers have finished just ahead of the Oilers in the American Conference Central Division. Each year, the Oilers have made it to the AFC title game as a wild-card and lost in Pittsburgh.

Stabler threw all five interceptions Sunday, while hitting 24 of 43 attempts. Oiler receiver dropped several balls, and tipped three of the five interceptions.

"We just didn't play well. We didn't execute and we got beat," said Stabler.

But beyond the dropped passes and tipped balls, the Steelers suggested Stabler was forcing some passes.

"We had seen in the films that Stabler will throw the ball even if you've got the man covered," said Blount.

The Steelers took a 17-0 first-quarter lead on a 29-yard touchdown reception by running back Sidney Thornton, a 1-yard run by Franco Harris and a 27-yard field goal by Matt Bahr, set up by Blount's second interception.

The second quarter was scoreless. But the Oilers, who didn't cross midfield

the first half, erupted for 17 points in the third quarter.

"We got off to such an easy, quick start. At half-time there was kind of a downer for our guys," said Steeler Coach Chuck Noll.

Toni Fritsch booted a 31-yard field goal on Houston's opening series of the second half.

"In any other year, it probably would be better to get a look at them for three or four games," said Theismann. "But this year, they have had many changes on defense. Harris is gone and you don't know how the others are going to play. You would like to see everything set but I'm not one to wait and

## SWC Gives 2-0 Show In Season Openers Saturday

By The Associated Press  
The Southwest Conference, which posted its best record in history last year against outside foes, got off to a perfect start Saturday in the 1980 season with quality performances from two veteran quarterbacks.

Texas A&M quarterback Mike Mosley dashed for 43 and 40 yards for touchdowns to lead the Aggies to a 23-20 victory over Mississippi and Texas Tech quarterback Ron Reeves threw three first-half touchdown passes to carry the Red Raiders to a 37-7 victory over Texas-El Paso.

Coach Tom Wilson's Aggies rolled up 358 yards rushing against Ole Miss but it took two big defensive plays toward the end of the game for A&M to hold on.

Defensive end Keith Baldwin sacked Ole Miss quarterback John Fournace twice for losses in the last four minutes to keep the Rebels away from the Aggie goal.

Mosley had 116 yards rushing on 16 carries and completed 11 of 19 passes for 128 yards.

The senior quarterback from Humble, is perhaps the fastest collegiate football player in the country. He has been timed in a 4.3 40, which is what Bob Hayes used to run.

Reeves is a junior quarterback coming off a lackluster sophomore year. He threw a 65-yard touchdown pass to run the score to 14-0 against the Miners and connected on a 27-yarder with four seconds left in the half for his third touchdown pass. He had opened the game with a 15-yard touchdown pass.

## 'Skins Have Advantage Tonight Says Theismann

WASHINGTON (AP) — Quarterback Joe Theismann believes the Washington Redskins have an advantage in their 1980 National Football League season opener tonight against the Dallas Cowboys, the defending National Conference East champions.

"We are playing in our park, on a Monday night, so it's to our advantage."

Theismann referred to the retirement of all-pro free safety Cliff Harris

and the uncertainty of cornerbacks Benny Barnes and Aaron Kyle, both of whom are coming off surgery. Randy Hughes, who was to replace Harris, had shoulder surgery Aug. 25 and has been replaced by Dennis Thurman.

However, Theismann was quick to add that the Cowboys aren't going to change much on defense from what they have been doing over the years.

"They have the four horses up front and they are going to send them at you," he said, referring to defensive ends Ed "Too Tall" Jones and Harvey Martin and tackles Larry

Cole and Randy White. "If you are going to look at the strength of the Cowboys, it's their front four. They are among the best."

Theismann conceded that the Cowboys game is important to him as a test of how well he has performed.

### McEnroe, Lloyd Win At Open

NEW YORK (AP) — Defending champion John McEnroe defeated Bjorn Borg of Sweden, 7-6, 6-1, 6-7, 5-7, 6-4 to retain his U.S. Open tennis title.

The 4-hour, 10-minute victory came less than 24 hours after McEnroe's 4 1/2-hour semifinal triumph over archrival Jimmy Connors.

In women's play, Chris Evert Lloyd defeated Hana Madrikova of Czechoslovakia, 5-7, 6-1, 6-1 to win her fifth Open.

### Tigers Win Angelo Volleyball Tourney

SAÑ ANGELO — Snyder's Tigers will have to clear room in their already over-stuffed trophy case once again. The Tigers, 11-0 on the season, overpowered four teams during weekend play in the Angelo State Tournament of Champions to win their second meet championship of the season.

Coach Joyce Elrod's charges stopped Crane 17-15 and 15-13 in the first round, defeated Abilene Cooper 14-10 and 15-10 in the second round, and outlasted Big Spring, 15-8, 11-15 and 15-4 in the semifinals before downing San Angelo Central 15-11 and 15-11 in the final match.

"The final match was the best we've played by far this year," said Elrod, whose Tigers also defeated Denver City 15-3, 15-2 in

non-tourney action Thursday. "We beat them blocking and hitting," she added of Saturday's two games. "We had a lot of long rallies where we just managed to outlast them. We still had some let downs, but they were fewer and farther between than last week (Snyder Tournament)."

Scoring on serves against Central were Sherri Rich, 8, Kathy Northcott 7, Shanna Koonsman 5, Lisa Cobb and Toni Elrod 4, and Sherry Mayes 2.

The Tigers return to San Angelo Tuesday for games at 6 (JV) and 7 p.m. with Central. Snyder begins District 2-AAAA play Saturday, host Pecos at the high school gym.

Snyder freshmen open their season at Seminole tonight, at 6:30.

## Principal Proposing Pay For Attendance

SAN DIEGO (AP)-Memorial Junior High School lost \$132,000 last year because students played hooky. Principal Bob Amaran figures the school could save some dollars by paying the kids to show up.  
"My idea may sound a little crass, but it ought to appeal to them," says the principal of the school with the worst attendance record in the San Diego area.  
"I could drop all these truant kids and let them become a permanent problem on the streets. In-

stead, it's bold and controversial, but why not convince them that school is in their interest?"  
The district-wide school board is to vote within two weeks on whether to experiment for three months with Amaran's proposal. Under the plan, each of the 950 students would be issued a card marked "25 Cents" for each day he or she attended class the month before.  
**Air Conditioner Theft Reported**  
Deputy sheriffs reported they are investigating the theft of an air conditioner from the Kevin Murry residence near Ira.  
That theft was reported this morning.

## Three Hurt In Two-Car Road Crash

Three persons were taken from the scene of a two-vehicle accident last night for treatment at Cogdell Memorial Hospital.  
Injured were Mrs. Robin Plott, 3-year-old Jason Plott, and Gary Plott, all of Wolforth. Mrs. Plott and son Jason are listed in satisfactory condition, at Cogdell, reported a hospital spokesman, and Plott was treated and released.  
Investigating troopers of the Department of Public Safety said the accident occurred about 10 p.m. Sunday, approximately 12 miles east of town at the intersection of Highway 84 and Farm Road 1606.  
Plott, officers said, was driving a 1977 Thunderbird northbound on 84 and was in collision with a 1978 Chevrolet driven by Karen Lee Cook, a Texas Tech University student in Lubbock. The Cook vehicle was westbound on the farm to market road.  
Heavy damage was reported to both vehicles.

Snyder's Powers Boothe Only Actor To Accept Emmy.

# Most Stars Failed To Show For Emmy Awards

LOS ANGELES (AP) — The stars didn't come out for the 32nd annual Emmy Awards. Ed Asner watched from home as his "Lou Grant" chalked up the most wins, and more than 80 stars boycotted the presentation to support an actors' strike against movie studios and television networks.

The Television Academy Awards presentation on NBC was bereft of acceptance speeches, glamour and excitement as Emmy winners were announced Sunday.

A few variety stars such as Steve Allen and Dick Clark, who stepped in as hosts at the last minute, showed up to keep the program going. Allen quipped, "We've got a star-studded audience — three stars and 14 studs."

The only actor who appeared to accept his award was Powers Boothe, named best lead actor in a limited series for CBS' "Guyana Tragedy: The Story of Jim Jones."

"This is either the most courageous moment of my career or the stupidest," said Boothe. He said he supported both the Television Academy and the actors' stand.

The Screen Actors Guild and the American Federation of Television and Radio Artists walked off their jobs July 21 in a dispute over money for pay television and sales of video cassettes.

CBS was the night's numerical winner, with 13 Emmys, followed by ABC with 10 and NBC with five. The rest went to PBS of syndicated shows.

"Lou Grant," CBS's series on life at a Los Angeles newspaper, was named best dramatic series and picked up five additional awards — for Asner as best actor in a drama series, absent Nancy Marchand as best supporting actress, writer Seth Freeman, and director Roger Young and in

the technical area of music composition.

ABC's "Baryshnikov on Broadway" got four awards. Three each went to ABC's "Taxi" and NBC's "Móviola" and "The Miracle Worker." Some of the awards, in technical categories, were announced Saturday.

It was the fifth Emmy for Asner, who plays the irascible city editor, and his

second for best lead in "Lou Grant." The other three were supporting awards for "The Mary Tyler Moore Show."

"I'm delighted with the success of the show," Asner said later. "I'm sorry we're not there, but hopefully we can contribute a little bit by not being there. It will call attention to the fact that we have a strike to take care of."

Johnny Carson, voted the academy's Governor's Award, also stayed home, sending John McMahon, president of his production company, to pick up the statuette.

Patty Duke, Astin was named best lead actress in a limited series for her role as Anne Sullivan in NBC's "The Miracle Worker," which was named best drama or comedy

special. She had won a supporting Oscar in 1962 for playing Helen Keller in the movie version.

Britain's "Edward & Mr. Simpson" was named the outstanding limited series. Barbara Bel Geddes, Miss Ellie on CBS' "Dallas," was named best lead actress in a dramatic series. Richard Mulligan, the spaced-out Burt of ABC's

"Soap," and Cathyry Damon, his suffering wife, were named best lead actor and actress in a comedy series.

Harry Morgan and Loretta Swit teamed up as best supporting actor and actress in "M-A-S-H." ABC's "Taxi" was named the best comedy series, scoring something of an upset over the favored "M-A-S-H." James L.

Brooks, a "Taxi" executive producer, noting the show's crew had been laid off due to the strike, said, "We want them to know this is as much for them as anybody."

"Taxi" director James Burrows also picked up an award for best directing in a comedy series, and "Taxi" won an additional award in the technical area.

"Baryshnikov on Broadway" was named best variety or music program and its director, Dwight Hemion, won an Emmy. It also picked up two technical awards.

Marvin Chomsky was named best director in a limited series or special for ABC's "Attica." David Chase won the writing category for ABC's "Off the Minnesota Strip."

### Oil Firm May Move To Dallas

DALLAS (AP)—A move from New York City to Dallas may be in the making for a top money-making oil company with more than 60 foreign operations, according to a published report.

In a copyright article in Sunday's editions, the Dallas Times Herald quoted sources as saying officials of Caltex Petroleum Corp. have been flown to Dallas in recent weeks on highly secretive trips.

If Caltex moved to Dallas, city officials say it would be the city's largest corporation in terms of revenues and would bring immeasurable international prestige to the growing area.

Caltex, co-owned by Standard Oil Co. of California and Texaco Inc., reported revenues of \$14.6 billion in 1979, according to company officials.
