Homeowners Get Bargain Offer On Shade Trees

Haskell homeowners are overlooking an opportunity to get shade trees at "giveaway prices" in a project sponsored by the Lions Club.

The Lions have offered to furnish and set out ash, sycamore, or hackberry trees for only 50 cents per tree.

This includes all work involved—digging the hole, furnishing the small tree and setting it out properly—at any home in Haskell.

A larger tree, non-bearing mulberry, is available at \$2.50 each, planted. Other varieties will be planted, such as pecan, etc., the charge depending on cost of the tree.

Lions are anxious to do this work as a contribution toward beautifying Haskell. But they must have all orders not later than Feb. 20. Persons interested in having trees planted should fill out and mail the coupon on Page 10, or contact some member of the Lions Club.

Local AA Group Gives Program At Munday

The local Alcoholics Anonymous unit, joined by members from Goree, presented an interesting and informative program at a meeting of the Munday Methodist Brotherhood last week.

The local group meets each Friday evening at 7:30 o'clock on the second floor of the county building on the southeast corner of the square. All persons interested in the work of AA are welcome at these meetings.

Left, speaker at C. banquet Friday evening, Jim Byrd, center, retiring president, smiles his approval of the idea. The gift was a miniature desk blotter with incoming president.

Mother of Rev. M. D. Rexrode Dies Tuesday

Mrs. L. A. Blair of Lockney, Texas, mother of the Rev. M. D. Rexrode, pastor of Haskell's First Baptist Church, died at 7:15 p. m. Tuesday in Plainview Hospital. Death was attributed to a heart attack.

Mrs. Blair had both been hospitalized for several days, with double pneumonia while she was ill with a heart ailment and complications.

Funeral for Mrs. Blair will be held at 3 p. m. today (Thursday) in the First Baptist Church at Lockney. Rev. Broadhurst, pastor and Dr. A. Hope Owen, president of Wayland College, Plainview will officiate.

Burial will be in Restland Memorial Cemetery, Plainview.

Mrs. Blair was a pioneer resident of the Lockney area, she and her first husband, the late W. S. Rexrode having moved to that section in 1915. They moved to the city of Lockney some 12 or 14 years ago. Following the death of her first husband eight years ago, she was married to Mr. Blair about four years ago.

Survivors include her husband; two daughters, Mrs. R. L. Jones of Hale Center and Mrs. W. A. Green of Plainview; three sons, M. L. and J. E. Rexrode of Lockney and Rev. M. D. Rexrode of Haskell; 15 grandchildren and 11 great-grandchildren; two sisters, Mrs. B. A. Bryant of Long Beach, Calif., and Mrs. J. H. Satterwhite of Mangum, Okla.

Elementary P-TA Seeks Children's Used Clothing

Any children's outgrown shoes and socks on hand? Elementary P-TA has given away to needy children all the shoes and socks it had on hand.

At this time of year, these two clothing items are especially needed.

Mrs. Jimmy Campbell makes a special appeal to anyone with outgrown socks and shoes and clothes for children under 12 years, to gather them and bring them to the Elementary School as soon as possible.

213 Births, 79 Deaths Recorded During Year

Births outnumbered deaths almost 300 per cent during the past year, according to vital statistics recorded in the office of Justice of the Peace Merle Weaver.

His annual report, compiled last week, listed a total of 213 births and 79 deaths. His records cover only the Haskell precinct and these figures do not represent county totals.

Boys outnumbered girls, the stork winging in with 108 boys and 105 girls.

Final Rites To Be Held Today for B. C. Patton

Funeral service for B. C. Patton, 72, who died at 5:50 p. m. Tuesday in the Haskell Hospital, will be held at 3 p. m. today (Thursday) at the Central Baptist Church.

Officiating will be the Rev. J. V. Vestal, pastor, and the Rev. Cleburn Moore, pastor of Bethel Baptist Church, in Stamford.

Burial will be in Willow Cemetery under direction of Holden Funeral Home.

Mr. Patton had been seriously ill for the past two weeks. He had been hospitalized since Jan. 30.

A retired farmer, he had lived in Haskell County since 1920, moving here from Decatur, Texas.

He was born June 16, 1887, in Arkansas. He came to Texas as a young man. On Nov. 20, 1910, he married Miss Tennie R. Caddell of Denton County and they later lived in Decatur before coming to this section. She preceded him in death in 1952.

Immediate survivors include two daughters, Mrs. C. S. Flannery of Haskell and Mrs. O. H. Jones of Alamogordo, N. M.; two sons, Arthur Patton of Alamogordo, N. M., and J. B. Patton of Arlington, Texas; eight grandchildren and five great-grandchildren; and two brothers, Gus Patton of Ponder, Texas, and Will Patton of Decatur.

An assessment of 10 per cent of the annual salary of the office involved will be levied against candidates for office to pay costs of the Democratic primary elections, it was announced following a meeting of the County Democratic Executive Committee Monday.

Assessment for each office will be divided among the candidates for the respective position, or where there is only one candidate the total assessment will be paid by the one individual.

The 10 per cent levy will raise approximately \$3,000, it was estimated. This amount should pay costs of the two primaries, a comparison with 1958 election costs indicated.

Assessment against each office was figured as follows: District Attorney, \$300, against one candidate; Tax Assessor-Collector, \$180, against one candidate; Sheriff, \$465, divided equally among four candidates; Commissioner, Prec. 1, \$425, divided equally among six candidates; Commissioner, Prec. 3, \$425, divided equally among three candidates; County Attorney, \$500, divided between two candidates; Constable, Prec. 1, \$120, divided equally among three candidates; Constable, Prec. 6 (Rule), \$120, against one candidate.

Notices of individual assessments will be mailed each candidate, and they have until Feb. 13 to pay the levy.

County Chairman Chas. M. Conner presided at Monday morning's committee session, and explained several changes made this year in the election laws.

One is the requirement that the voter's poll tax be stamped with the party affiliation (Democrat) at the time the individual votes. Also, that no person is eligible to participate in precinct party convention unless first having voted in the primary.

Another change governs the number of clerks or helpers used in holding a primary election, based on the number of votes polled.

The resignation of Albert English Jr., as chairman in Prec. 8, Jud, was accepted and Cecil Jetton was appointed as his successor in the precinct post.

During the committee session, Shelly Royal appeared before the group and stated because of business reasons, he was withdrawing as a candidate for Tax Assessor-Collector. He had filed his name just before the deadline, but then had changed his mind, he explained.

The number of voting boxes in the county has been reduced to 17, and Chairman Conner explained that the number of some boxes had been changed to make them run consecutively.

Voting boxes and precinct chairmen were listed as follows:

Prec. 1, Haskell—Clay Smith, chairman.

Precinct 2, Haskell—J. L. Collier.

Prec. 3, Haskell—Glenn Merchant.

Prec. 4, Haskell—Virgil Sonnakaker.

Prec. 5, Rule—Olen Carothers.

Prec. 6, Rochester—Clifford C. Abernathy.

Prec. 7, O'Brien—Ford Waldrip.

Prec. 8, Jud—Cecil Jetton.

Prec. 9, Weintert—Preston Weintert.

Prec. 10, Mattson—H. W. Smith.

Prec. 11, Irby—J. P. Moeller.

Prec. 12, Paint Creek—Wayne Perry.

Prec. 13, Cobb—R. H. Cobb.

Prec. 14, McConnell—Sam J. Hanson.

Prec. 15, Sagerton—Arthur Knippling.

Prec. 16, Plainview—J. C. Coleman.

Prec. 17, Tanner Paint—A. E. Fouts.

Brisk Demand Reported for Tickets To Booster Club's All-Sports Banquet

Good response was reported this week to advance ticket sales for the Booster Club's annual All-Sports Banquet, to be held Saturday evening, Feb. 20 in the Elementary School cafeteria.

The tickets, priced at \$1.50 per plate, are available from any member of the Booster Club.

The banquet will honor members of the HHS football and basketball teams, including girls' basketball, along with their parents and team coaches.

A highlight of the affair will be an address by Jack Harris, Wichita Falls banker and former All-America football player on the University of Texas team.

Special features will include the awarding of the Booster Club's "Most Conscientious Player" award to a member of the football squad, and Haskell Jaycee's Sportsmanship Award in football and basketball.

A canvass of the business section will be made in rounding out advance sale of tickets. Persons unable to attend the banquet can still help insure success of the affair by purchasing courtesy tickets for members of the football and basketball squads. Booster Club members have pointed out.

Virginia Pittman Presented Rotary Club Award

The Rotary Club honored a Haskell businesswoman as the city's "Most Courteous Sales Person of 1959" at their meeting and luncheon Thursday, and voted to register 100 per cent at Rotary District Conference in Wichita Falls March 18-19.

Honored as most courteous sales person was Virginia Pittman, checker at M System Super Market. She was accompanied by H. E. Stephens, manager of the store, who was a special guest. Presentation of a specially inscribed certificate of award was made by Jim Byrd, who explained that the award was based on vote by the public over a period of several weeks last fall.

Special recognition was given Mr. Stephens.

Haskell Rotarians have set a goal of 100 per cent attendance at the district conference as a special tribute to District Governor Robert R. King of Haskell.

A nominating committee to select a slate of new officers to be elected in February was named, composed of Henry Withers, chairman; Chas. M. Conner and Bill Barnett.

Concluding the program was a film illustrating the steps in selecting and inducting members of Rotary.

Out-of-town guests were Rotarians Bernard Bryant of Stamford, R. A. Shaver of Rochester, Ronald Carothers, M. E. Trice and Ernest Baugh of Rule.

L. W. Robertson Funeral Rites Held Wednesday

Laton W. Robertson, 47, well-known farmer and resident of Haskell County since 1922, died at 7:20 a. m. Tuesday in the Haskell Hospital. Mr. Robertson had been in failing health for the past two years and had been a patient in the hospital since Feb. 2.

Funeral rites for Mr. Robertson were held at 3 p. m. Wednesday at the First Baptist Church, with the pastor Rev. M. D. Rexrode and the Rev. Walter Copeland officiating.

County Singers Meet Sunday at Roberts Church

The Haskell County Singing Convention will meet at the Roberts Baptist Church Sunday, Feb. 14, for an afternoon program of singing. Truett Cobb, president of the convention, states that invitations have been extended to well known singers throughout this section, and that if the weather is favorable the program will attract a large crowd.

This is the first time the convention has met at Roberts Church in some time, and the people of the community are planning a big welcome for the singers.

The program will begin at 2:30 p. m., and plenty of books will be available, including a supply of 200 new Stamps and Stamps-Baxter song books, Cobb said.

337 Court Cases Handled By JP During Year

A total of 337 court cases were disposed of in Justice of the Peace Merle Weaver's court during the 12 months ending Feb. 1.

This represented only the cases in which final judgment had been entered and the case cleared from the docket. Majority of the cases involved traffic violations.

Possibly 25 or more cases filed during the past year are still pending on the court docket for various reasons.

Brother of Haskell City Secretary Dies in El Paso

Walter B. Arbuckle, 71, brother of City Secretary T. J. Arbuckle, died Monday, Feb. 8, in El Paso, where he had lived for a number of years.

He was the son of the late Rev. J. A. Arbuckle, early-day Baptist pastor here, and as a young man was employed in the old Collier Drug Store here.

The Haskell city official left Tuesday for El Paso to attend funeral rites for his brother.

Immediate survivors include five brothers: T. J. of Haskell, Homer of Pittsburgh, Penn., Herbert of Corpus Christi, William M. and Matthew Arbuckle.

Have Poll Tax Handy When You Vote in Primary

Here's a hint to all prospective voters in this year's Democratic primary.

Keep your poll tax receipt handy and take it with you when you vote.

This year, for the first time, the law requires that the election judge stamp your poll tax receipt designating your party affiliation when you vote.

In turn, your stamped poll tax receipt qualifies you to attend your party precinct convention. The law provides that unless you are a certified voter you are barred from the precinct and county conventions.

Abilene Minister To Be Speaker at Trinity Lutheran

Trinity Lutheran Church of Haskell has announced that a Spiritual Life Mission will be held at the church beginning with the 11 a. m. worship service on Sunday, Feb. 21.

The speaker for this series of services under the theme: "Christ In My Life," will be the Rev. Charles Boaz, pastor of Grace Lutheran Church in Abilene.

Services will be held at 7:30 each evening Sunday through Thursday, to which everyone is most sincerely welcome.

Pastor Boaz has had wide experiences within the church and also before becoming a minister of the gospel of Jesus Christ, the good news of pardon and forgiveness. He knows first hand the truth that faith in the redeeming blood of Christ (God's grace) is that alone which saves men. Your life will be spiritually enriched through these services, which is their main purpose.

Trinity Lutheran Church is located one mile east on the Throckmorton Highway.

City to Use Surplus Funds In Financing Water Lines

The City Council, in regular session Tuesday night, approved a method of financing the \$22,000 pipeline project to connect three new water wells to the municipal water system without having to borrow the money, as had first been planned.

Surplus funds in the water, sewer maintenance, and meter deposit funds will be used in defraying cost of the project.

Actually the money will be "borrowed" in the sense that it will be repaid to the three funds, but no interest charge will be made. The plan has the approval of the city's legal counsel, Aldermen said. Amount to be secured from each fund will be \$11,000 from the water fund, \$7,000 from sewer maintenance fund, and \$4,000 from the meter deposit fund.

Laying the pipeline to the three new wells on the Mrs. Annie Parrish farm southeast of town was to be started Wednesday morning. Ditching for the pipeline will be done by Carl Anderson Construction Company, and laying of the line will be done by employees of the city water department under supervision of City Engineer Roy Oliphant.

Rice Springs Roundup

Directors of the Haskell County Sheriff's posse are expected to announce definite dates for the 1960 Rice Springs Roundup and Horse Show within the next few days.

After dates for this year's show are set, plans can be started to lay the groundwork for another successful show. Also, it is likely that plans will be made for communitywide participation on a broader scale than heretofore, in assuring success of this year's show.

Last year, an added feature was introduced on a limited scale, in the form of an Old Timers Reunion and the one-day affair attracted much interest and drew visitors from a wide area. Whether a similar event will be included this year has not been decided, but whatever features are worked out in connection with this year's Roundup, cooperation on a community-wide scale will be necessary to make it a success.

We believe that a majority of the citizens of Haskell appreciate and want some type of annual program like the Roundup, and that they will cooperate in every way necessary for the success of the Roundup if they are called upon.

Gas Tax Into Court Again

It seems as if a segment of Texas history is repeating itself as the state and numerous gas companies go to court to decide the constitutionality of a new gas tax.

Some 80 gas companies have filed suit asking the court to declare invalid the natural gas severance beneficiary tax passed by the Legislature last summer. Six of the suits are set for trial beginning Feb. 15.

They will be tried in the same Austin district court in which the contest over the old gas gathering tax was begun. This tax law was passed by the Legislature in 1951 and eventually declared unconstitutional by the U. S. Supreme Court.

Gas companies are attacking the new severance beneficiary tax on much the same grounds they did the gathering tax. They contend it is in violation of interstate commerce laws.

Passage of the severance tax came after one of the hardest battles of the stormy six month session. It places a 1.5 per cent levy on the pipeline on the grounds that they benefit from the taking out of the gas.

Revenue-wise, the gas tax represents a rather modest portion of the overall tax program passed in 1959. It was estimated it would bring in about \$15,000,000 of an overall \$185,000,000.

Reprisals Against Castro Ruled Out

It is to be hoped that President Eisenhower is right in his policy toward the Castro regime while at the same time it is to be feared that he is wrong.

The President has made clear that there not only will be no intervention in Cuba but also that as far as the administration is concerned there will be no reprisals for the Castro regime's anti-American actions and rantings.

In other words, if Congress so much as impounds that portion of the price paid Cuba for sugar that is above the world price and uses it to compensate Americans for seized property, he will veto the legislation.

The President is depending upon Latin-American public opinion to curb Castro for the time being; possibly expecting a counter-revolution in time that would solve the Castro problem; and, if our protests are continually ignored, he says he will appeal to the appropriate international organizations.

This is all very patient and high-minded and probably futile. Meanwhile a system communist in all but name is being tightened upon the Cuban people. And Cuba, 100 miles or less from our shores, would make an excellent base for Soviet submarines and missiles.

What if the President's calculations prove erroneous? What if Castro or his henchmen succeed in making Cuba an out-and-out communist state? What if, instead of the other Latin-American states recoiling from that example, the Communists in those countries succeed in spurring adventurers and malcontents to successful revolution? PEOPLE, PLACES AND THINGS

By A. PATE

A would-be Negro shoplifter will probably think twice before attempting to grab money while Jerry Bradley, checker at the M System is around. Jerry, seeing the Negro grab a handful of currency, collared the culprit by the neck and held on until help arrived.

When the Negro whined that "You are hurting my neck," Jerry replied: "Hurt, hell, I'm trying to break it!" fellow employees in the store said.

Floyd (Satch) Lusk, city fireman, never owned a horse in his life, but he unknowingly played host to one the other night and as a result it will be several weeks before his backyard regains its former appearance.

It all happened when Night Patrolman Olen King and Nightwatchman Joe Larned noticed a stray horse on the highway near the depot. Because of the danger to traffic, they led the horse to the City Hall and penned him in the rear of the building.

It happens that Satch and Mrs. Lusk have gone to considerable pains in beautifying the backyard, planting flowers and grass and even cultivating a small garden plot.

All that made no difference to the horse. He made it a point to trample over every square foot of space in the small enclosure. Then he'd retrace his steps until he'd cut and tromped grass and plants into the ground all over the yard.

It turned out that the stray animal belonged to a man living in the east part of town, who was out early looking for the horse. Needless to say, Satch was perfectly willing to part company with the quadruped.

D. A. Jones, who with his wife operates the Modern News Stand, has not completely lost faith in his fellowman, but he's got his doubts how far some can be trusted. Fifteen or twenty cents is the limit for some, he believes.

For the convenience of their customers, Mr. and Mrs. Jones have been leaving their Sunday papers on racks outside the news stand when they closed for Sunday School and church.

For a while, purchasers dutifully left the correct change. Of late, however, papers have been taken and no money left. That was all right when only a few papers were involved, the loss didn't amount to much.

But a half dozen or more Sunday copies, at 20 cents each, eats up the profits on a large number of papers and quickly becomes a losing proposition.

So—no papers will be left on the racks in the future, the Jones have reluctantly announced.

The Lions Club has initiated a commendable project in their offer to furnish and set out shade trees anywhere in Haskell at cost.

We hope the club gets lots of takers, and that members are kept busy during the tree planting season.

The cost is negligible, 50c per tree for some varieties, and up to \$2.50 for non-bearing mulberries.

Nothing, in our opinion adds to the beauty and attractiveness of a home and community as shade trees and shrubbery.

What does it profit a man to shoot a birdie or an eagle, if he has no witnesses to the feat and his envious friends refuse to take his word?

Dr. J. G. Vaughter, playing with Henry Withers the other day, came up with an eagle on

the No. 2 green, a par 5 hole, when he hit the cup with his second shot.

"Doc" could hardly wait to get to town and tell Charles Swinson and Roy Johnson at the bank.

The two bankers, cynical in golf as they are in business transactions, inquired about proof of Doc's accomplishment and were told Henry Withers would vouch for the feat.

However, for some reason, Henry wasn't enthused over being a witness. He admitted seeing Dr. Vaughter doing what looked like a Comanche Indian war dance on No. 2 green, all the time whooping and hollering, but claimed he didn't know what the commotion was about.

Doc knows he's been framed, but what chance has a man got against a couple of bankers and a utility man?

Crisp, clear weather Saturday and Sunday had just enough touch of spring to turn Ralph Rane's thoughts to his favorite pastime, rattlesnake hunting.

Ralph claims to have located at least two prime dens where he thinks he will get plenty of rattlers during the early spring days ahead and he was out Sunday checking on prospects.

One spot he particularly favors is a rocky ledge with a south exposure, located on the Swenson Ranch east of town.

The other is the dam at Lake Stamford, where Ralph says he'll bet he can kill 100 rattlers. Personally, we had no idea the rattlers would be found that close to water, but we'll concede Ralph is the rattlesnake expert, not us.

One thing we know. Dude Montgomery, Scott Ranch boss, killed one of the biggest rattlers we've ever seen when he met the reptile on the lake dam a few years ago. The snake had just made a meal of a half-grown rabbit before Dude happened along.

The Commissioner's job in Precinct 1 appears to be the most popular in the county this year, according to the number of candidates seeking the place.

An even half dozen have announced, including the incumbent. All sections of the precinct are represented—Rochester, Rule and Haskell—and all are high caliber citizens.

Next largest number of candidates, four, are listed for Sheriff, the incumbent and three opponents.

Three-way races have shaped up in Commissioner's Precinct No. 3, and for Constable of Precinct 1, where the incumbent in each office has two opponents.

Another three-way race has developed for State Representative, with two Haskell men and a Knox County man seeking the post.

Only two-man race is that for County Attorney, with the incumbent being opposed for re-election.

With this many contests, in addition to the State races, considerable political interest should develop during coming weeks before Democratic primaries are held.

In addition to the county and State races, an undercurrent of interest is developing in city and school board elections which are due the first week in April.

In the city election, a mayor and three aldermen are to be elected, while in the school district balloting three trustees will be named this year.

Future of America Depends On Small Towns, CC Speaker Says

The hope of America is symbolized in the Golden Rule, and the future of America lies with the small communities and towns like Haskell, Rule and Stamford, declared Jack Lacy, Amarillo Chamber of Commerce executive in addressing the annual banquet and membership meeting of the Haskell C. of C. Friday night.

The affair, held in the Elementary School cafeteria, was attended by 325 guests, including visitors from 18 neighboring towns and cities.

Mixing humor with his message, the speaker kept the audience laughing as he pointed out the need for a Golden Rule in the small towns.

"Faith, vision and courage are the tools that build towns," the speaker declared. He pointed out that no community or town is given a ladder to help it grow. It must build its own ladder through faith and courage, he said.

The guest speaker asked those in the crowded banquet hall to share their ideas and their ideals, through this would come knowledge and growth. He stressed the need of unity of purpose, calling the word "together" the key to success for a chamber of commerce.

"The little village of Rice Springs didn't grow until its founders started sharing their ideas and working together," the Amarillo man declared.

The guest speaker who was introduced by A. C. Pierson, president of the Haskell National Bank, presented a small golden ruler to Tom Barfield, new chamber of commerce president.

In handing over the ruler, he told Barfield, "The Golden Rule is the symbol of the future of America, which includes Haskell. Let this be a reminder to your chamber through the practice of that motto, your community will grow."

Retiring president Jim Byrd presided as toastmaster, and the Rev. Oscar Bruce, Methodist pastor, gave the invocation and benediction.

The Rev. Dan Barfield, pastor of Rule and Throckmorton Presbyterian Churches, sang three special numbers with Mrs. Wallace Cox Sr., as accompanist.

District Judge Ben Charlie Chapman welcomed the guests and introduced visitors.

Praise for the chamber's efficient manager, Mrs. W. R. Johnson, was expressed by the retiring president, and she was given an ovation by the audience. Byrd also expressed

FOR COMMUNITY BETTERMENT

Membership In Lions Club Brings Opportunity for Richer Life

As I enjoyed the fellowship and the very interesting and informative program by Mrs. Carolyn Pippin at our Lions Club this week I had a feeling of negligence, knowing that there are hundreds of men in Haskell whose thinking and purpose in life fit them for membership with the Club who have never availed themselves of that opportunity. I am sure that they would have a much richer life if they could arrange to spend that one hour each week meeting with the Club and in planning our community betterment programs.

Although the Lions Club is a more recent organization than some other service Clubs it has a greater membership than any other Club. Its present enrollment has passed 600,000. Its territories are now more than one hundred countries or geographical locations. There is a cause for this phenomenal growth, and outstanding record of progress. Its founding fathers designed

for its non-politic, non-sectarian program of work with a dedicated purpose "To Serve."

It is a proven fact that men of every nation, of every race and creed endorse this as being the most coveted way of life and one that yields life's richest rewards.

It is an undeniable fact that all Cities and Communities are built and maintained by service clubs, chambers of commerce, City Councils, School Boards, P-TAs, Churches and others who delight to spend and be spent for the good of their fellowman. If you know yourself to be in this class you can multiply your usefulness in Haskell and add many happy hours to your days, by contributing "That Which You Hold In Your Hand," your time and talent, to make this a better community for those who follow you.

Acquaint yourself with the Lions Club program.

J. M. CRAWFORD.

Two Abilene Men Charged With Station Burglary

Two Abilene men are in jail charged with burglary in connection with a break-in at the Brannon Service Station and Grocery on the Throckmorton Highway east of Haskell early Saturday night.

Named in complaints signed by Sheriff Bill Pennington are Bobby Noel Hilley, 28, and Earl Granville Hughes, 42. Both men gave their address at Rt. 6, Abilene. Arraigned before Justice of the Peace Merle Weaver, bond for each man was set at \$2,000, pending Grand Jury action.

The burglary was reported by Bill Holt, farmer living in the vicinity of the station. He became suspicious when he saw a strange car near the station, knowing that the owner was absent.

Holt came to town and notified Sheriff Pennington, then accompanied the officer and they located the car and two men a short distance from the station and Sheriff Pennington took them into custody.

When the two suspects were arrested, they had several cartons of cigarettes in the car which they had taken at the station. Apparently nothing else was stolen, officers said.

Two tires and wheels found in the suspect's car were identified as having been taken from a cotton trailer belonging to Duncan Gin Company which had been left at the Kirby Kirkpatrick farm.

One of the men gave District Attorney Royce Adkins a statement admitting the burglary and implicating the second man.
