

THE FLOYD COUNTY HESPERIAN

VOLUME NUMBER 27

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, JULY 29, 1920

NUMBER 21

PAT NEFF AND J. W. BAILEY IN RUN OFF FOR GOVERNOR

With 150 to 200 thousand votes to be reported it is evident that Pat Neff and J. W. Bailey will be the candidates in the run off Democratic Primary to be held on August 28th.

Bailey took the lead in the first reports coming in and up to the 400,000 vote reported had consistently held his lead of 2,000 to 5,000 votes over Pat Neff, second man, with every indication that the official count next Saturday will give him a slight majority.

Thomason ran a poor third and Looney was left far behind. The biggest political news anticipated this week is the new alignment of Thomason and Looney and their cohorts behind the two majority men, and the fight between Bailey and Neff is expected to develop into one of the hottest campaigns in the history of the state. In Floyd County apparently more Thomason and Looney voters are lining up behind Neff than Bailey, at the former senator was never able to carry West Texas and this alignment is no more than expected. The former senator, however, will get a much larger vote than even his strongest supporters would have believed three weeks before the first primary.

THEODORE POPE DIES IN SANTA FE, NEW MEXICO

Theodore Pope, 20-year-old brother of Mrs. S. E. Duncan, of this city, died on last Friday at Santa Fe, New Mexico, from an attack of appendicitis which was followed by peritonitis. An operation, which it was thought had saved the young man's life, proved to be unsuccessful.

The body was shipped to Floydada for burial and reached here Monday, July 26th, and funeral and burial services were held at the Floydada Cemetery Chapel at 3:30 in the afternoon. Elder Brooks Stell, of Delight, Ark., conducted the funeral.

Deceased became ill about a week before his death. Mr. and Mrs. Duncan were notified of his illness and left for Santa Fe immediately. His condition became more promising following the operation and Mr. Duncan remained, while Mrs. Duncan remained, accompanied the remains of her husband here and at Lockney.

TEACHERS' EXAMINATION SET FOR AUGUST 23 AND 24

Co. Supt. J. W. Howard announces that a teachers' examination will be held in Floydada on August 23rd and 24th, advices having just been received from State Superintendent Webb Blanton to this effect. The examination will come on Friday and Tuesday, instead of on Monday and Saturday, as usual.

FARMERS' UNION

Floydada Local Union will hold its regular meeting on July 31st at 2 p. m. and officers for the coming year will be elected. No other business is to be transacted.

W. L. KING, President, and A. BEEDY, Secretary.

Moore, of Canyon, has friends here the past

J. A. WYMAN SELLS PLACE NEAR TOWN AT \$125

J. A. Wyman has sold his 160-acre farm one and a half miles west of Floydada. The deal was contracted Tuesday afternoon, effective to give possession with the crop on October 1st.

The price paid was \$125 per acre and the purchaser was J. T. Fitch, of Pilot Point, Texas.

Mr. Wyman said Tuesday afternoon that he and his wife would leave probably in September for California to spend the winter, also visiting in their former home in Kentucky for a time. He will resign after August as carrier on Route No. 1, which place he has held in the postal service for the past seven years.

Aside from the visit in Kentucky and spending the winter in California his plans are indefinite.

The price paid for this place is the highest ever paid for as much as 160 acres of farm land in this immediate section.

Considerable activity is being noted in local real estate circles the past two weeks, several deals having been made, whereby eastern and north Texas people have become owners of land here.

ATTENTION, SOLDIERS AND SAILORS

Members of McDermott Post American Legion are called to meet at the Legion Rooms on Monday night, August 2nd at which time the matter of further maintenance of this post will be taken up.

Either say by coming to this meeting and paying all dues promptly that you want to keep the organization going, or stay away, not pay up, and thus indicate that you are not interested.

J. H. REAGAN, Adjutant.

FLOYD COUNTY WHEAT CROP PAYING FOR LAND GROWN ON

The Floyd County wheat crop is this year paying for the land on which it is being grown. Continued reports of yield averages indicate that the 20-bushel average estimated shortly after the threshing season began is justified. Large numbers of crops are running as expected from 27 to 30 bushel averages.

The 30-bushel crops are making gross returns of over \$70 per acre, and a large part of the crop is being grown on land that has been on the market at \$50 to \$60.

WHEAT AND OAT REPORTS

Among the good-sized crops finished last week is that of Glad, Snodgrass northeast of Floydada a few miles. He had 130 acres of wheat that he says he "niggered in" last fall. The yield averaged 20.3 bushels per acre of 61-pound wheat.

CAR SITUATION SHOWS SLIGHT BETTERMENT HERE

The grain car situation the past few days has shown a slight betterment, all grain dealers getting a few cars during the week.

With cars taking some of the wheat out of the way raisers are able to get a few loads each more of the crop on the market.

Hesperian Publishing Co. Floydada.

SATURDAY'S PRIMARY VOTE LIGHT IN FLOYD COUNTY

Howard and Clark for Judge, Bolding and Ewing for Assessor Will be in Run Off

That many Floyd County voters were more deeply interested in saving a grain crop than in exercising their franchise as voters is indicated by the returns compiled from all precincts in Saturday's primary election. Less than 1,700 votes were cast, out of a possible 2,250 to 2,350. A large percentage of the threshing crews operating in the county did not stop their machines to vote.

Saturday night, however, large crowds were gathered around the bulletin board until a late hour, interested in the returns as they were received and bulletined by The Hesperian across the street on the McAdams Lumber Company building. The complete vote of the county, with the exception of four boxes were received and tabulated by one o'clock Sunday morning, these four boxes failing to come in because of country telephone wires being down. At noon Sunday the last of these were in complete and definite information given as to standing of all candidates in the county. The first state bulletin was received and put on the board at 7:30, and bulletins on the governor's race were chalked up all night Saturday night and all day Sunday.

In the county judge's race it became apparent before the last four boxes were tabulated that J. W. Howard, present incumbent, would be the leading man in this race. Final tabulations, however, showed him to be only 88 votes ahead of the low man, Tom W. Deen. Mr. Howard's plurality over W. B. Clark is 37 votes. The last two mentioned will be in the run-off.

In the tax assessor's race Ewing and Bolding ran neck and neck, Ewing's lead in the final count being 17. Allen and Harris were third and fourth in the order named. Ewing and Bolding will be in the run-off.

Miss Lola Walling, unopposed for County and District Clerk, received 1,632 votes, the highest vote received by any unopposed candidate.

In the commissioners' races King beat Trowbridge in Precinct No. 1 by 16 votes, R. L. Orman beat W. B. Wilson in No. 3 by 16 votes and Rainer beat Favver in No. 4 by 30 votes. J. B. Teaff, in Lockney Precinct, unopposed on the ticket, was elected, a number of votes being cast however, for M. F. Barber, present incumbent by appointment, and J. F. Dollar an announced candidate whose application for a place on the ticket was received too late to be complied with by the executive committee.

In the sheriff's race, J. A. Grigsby, candidate for re-election was an easy winner over Watt Griffith, the vote being respectively 1,063 and 598.

J. T. Howard was elected by a heavy vote as constable of precinct No. 1 to succeed J. A. Fawver, present incumbent and S. B. McCleskey was re-elected weigher for Commissioners' Precincts No. 1 and 4, winning over W. A. Gound, a recently announced candidate.

In the state and district races Pat Neff was given a clear majority in this county for governor. Thomason ran second and Bailey third. W. A. Johnson for lieutenant governor led in this county by a clear majority. W. L. Davidson for Judge Court of Criminal Appeals ran nearly three to one in lead of F. B. Martin, of Gregg county. William Pierson, of Hunt county, was first in the Supreme Court race, Hawkins of Travis county second and Key of Travis county third.

For District Attorney, Charles Clements was given a majority of 28 in this county over A. C. Hatchell. A canvass of the returns over the district will be necessary to determine how great is his lead over Hatchell but he is conceded to have been elected by 100 to 200 votes.

R. A. Baldwin, of Lubbock county, was elected representative from the 122nd district. In Floyd county he received 1,162 votes to 250 for T. G. Marks, of Lynn county.

L. F. MOORE DISTRICT CLERK NOMINEE IN LUBBOCK

Louie F. Moore, of Lubbock, son of Mrs. Will Moore, of this city, was nominated Saturday by the Democrats of Lubbock County for the newly-created office of District Clerk of the county, friends here learned Sunday. Mr. Moore has been living at Lubbock the past several years.

Read the Hesperian Want Ads.

GREENVILLE MAN WILL BE COTTON GRADER HERE

E. M. Johnson, of Greenville, Texas, for two years past buyer for one of the largest export firms doing cotton business in that district of Texas, will be cotton grader for the Floyd County Cotton Association, in co-operation with the Extension Service of the A. & M. College of Texas.

Mr. Johnson has been in Floydada this week and will make his home here. He expects his wife and daughter to join him here about August 1st. The Cotton Association has made arrangements for Mr. Johnson to office at the Public Weigher's office on the cotton yard, and he will thus be available to all sellers of cotton to grade their cotton as it is taken to the yard.

Mr. Johnson has been in the cotton buying business the past several years, spending most of his time on the road. The local association is paying him a good salary to quit the exporters for whom he has been working to take up classifying in Floyd County.

BOAR FROM ALEXANDER, MICHIE AND JONES HERD BROUGHT HERE

Luther Nickel, of the firm of West & Nickel, Duroc Jersey breeders, who with H. F. Brunnehan and W. H. Darrow spent the earlier part of last week in Childress at the Duroc Jersey Farm Show and Sale conducted by Alexander, Michie & Jones, bought while there one of the best young individuals in that firm's herd. The young boar was bred by Great Sensation Orion, head of the Childress breeders' herd. He is a fall pig and gives every indication of being an outstanding individual. His dam is Col. Lady A. Mr. Nickel purchased him with the understanding that the sellers may exhibit him at the fall shows as a member of their herd.

Henry Conway also bought a spring pig that is a good prospect, the pig being from Great Sensation Orion, considered one of the greatest hogs of any breeding ever brought to Texas.

MEMPHIS NEXT TO LOSE ICE AND LIGHT PLANT

Memphis has a hard luck story to tell now, too. The Amarillo light, power and ice plant was put out of commission for several days last Saturday night. The Plainview ice plant is out of commission for an indefinite period and Monday morning Memphis' ice and power plant was entirely destroyed by fire.

The town is now entirely out of ice and electric power.

COOK COUNTY REPRESENTATIVE VISITING HERE

Hon. J. C. Murrell, of Gainesville, representative in the legislature for the past several years from Cooke County, is here on a visit with his friend, Frank Dougherty, taking a rest following some weeks of campaigning for R. E. Thomason for governor.

The announcement is made that Mr. Murrell will make an address Saturday afternoon, favoring the candidacy of Senator Bailey for Governor.

LOONEY AND THOMPSON WILL NOT SUPPORT BAILEY

Greenville, Texas, July 27.—Ben F. Looney, eliminated as a candidate for Governor in the Democratic primaries Saturday declared in a formal statement today that he would not support former Senator Joseph W. Bailey, leading candidate, or any other enemy who has tried to destroy the Democratic party.

Looney did not mention Pat M. Neff, who will oppose Bailey in the run off next month.

Thomason Support Neff
Dallas, July 27.—Robert E. Thomason, defeated candidate in the race for governor, announced today he will support Pat M. Neff in the Texas run off primaries.

MARRIAGE LICENSES ISSUED

Among the marriage licenses issued this week by County Clerk Tom W. Deen, was one issued to Watt Griffith, recently candidate for sheriff and tax collector. The license was issued Tuesday afternoon and Miss Jeffie McGhee, of Lockney, is the other party to the marriage.

License to marry was issued on July 26th to W. H. Basham and Miss Orbie Norris.

G. R. Griggs has been ill at his home the past several days.

FLOYDADA WINS BOTH GAMES AT MATADOR PICNIC

Floydada Baseball Team had a better run of luck in their two games at Matador last Thursday than they had had their two last games.

In the forenoon they won from Paducah again, this time 2 to 0. Their winning of the morning game entitled them to play the afternoon game against Matador, and they won that game 6 to 5. The afternoon game was more loosely played than the morning game, both sides making more errors.

Burleson pitched the morning game for the locals and Mickey hurled for them in the afternoon. Large crowds attended the picnic and barbeque from Floydada.

OLD MEXICO MISSIONARY A VISITOR IN FLOYDADA

Rev. H. L. Ross and family, of Old Mexico, are in Floydada this week visiting Rev. Ross' sister, Mrs. E. C. Henry, and will leave here sometime next week for Montreat, N. C., on a visit.

Rev. Ross is a missionary of the Southern Presbyterian Church. He has spent a number of years in Old Mexico.

JACK SILVERS PHYSICAL CULTURE SHOW ON BOARDS

The Jack Silvers Physical Culture Show has the boards at the Olympic Theatre this week.

They have been playing to good crowds all week, and the show is said to be above the average.

TULIA VISITOR IN FLOYDADA MARRIED FRIDAY NIGHT

Miss Margaret McCune, of Tulia who last week visited here with Mrs. O. P. Vaughn, was married at the Methodist Parsonage in Tulia Friday night of last week, to a Mr. Tirmier, of Amarillo.

Miss McCune was visiting here and left for Tulia to be married.

SHOWERS OVER PANHANDLE

Showers fell over the panhandle Tuesday, a portion of Crosby County and a portion of the south side of Floyd getting around an inch of rain.

A light shower fell at Floydada, a half inch fell at Plainview, a shower at Snyder, good rains at Channing, Dalhart and Tascosa, .75 of an inch at Littlefield, good rains Groom and Adrian, and scattered showers over the rest of the country.

In Floyd County the row crops still look fine. On many farms the feed crops are already made and are now filling out, while cotton looks better than in a number of years for the latter part of July.

TUCUMCARI WELL GETS GAS FLOW AND WATER

The chances of striking oil in this new "wildcat field" took a sudden rise the past week when the Dripping Springs well being drilled by the big Standard Petroleum Corp., struck gas the amount of which is not known but the salt water is being forced over the top of a 121-2 casing. It was struck last Thursday and the flow has been steady ever since. The company has to postpone operations to await the arrival of 10 inch casing with which they expect to shut off the water and gas if possible.

It is said that gas pressure sufficient to force water out of a 12 1-2 inch casing is quite strong. The water shows small traces of oil where the bubbles burst and the operators are quite favorably impressed with the showing. They feel that success awaits them as they go down. The well at present is only 1,140 feet in depth and should oil be struck within the next 500 feet it means much to this country.—Tucumcari News.

KINDER HOME IN PLAINVIEW SOLD TO OTUS REEVES

Otus Reeves closed a deal this week for the S. L. Kinder home on South Ash Street. This is one of the fine residences of Plainview. Mr. Reeves and family will move into the new home soon. Mr. Kinder and family will leave within a few days for an extended visit in Colorado and other northwestern states. They will continue to make Plainview their home.

Mr. Chapman, of Lamar County Monday bought the F. L. Hargis quarter section three miles west of Floydada paying around \$80 an acre for the place, which is an improved quarter.

AMARILLO POWER PLANT FIRE MAKES ICE SITUATION WORSE

This section of the plains is suffering a real ice famine now, as a result of the destruction by fire of the power and storage plant in Amarillo Sunday early in the morning.

Following the fire there was also considerable congestion of telegraph matter at that point, the receipt of election returns in Floydada being somewhat affected that day by the fire there, and the Amarillo newspapers were affected by it.

With the Plainview ice plant broken down and only small factories operating in Amarillo this section is lacking ice except for the most necessary uses.

Monday one Floydada druggist sent out telegrams to seven distributing points in Texas, New Mexico and Oklahoma asking for a carload of ice. He received negative replies.

DELEGATES ATTEND P. P. OF C. MEETING

T. S. Stevenson, L. C. McDonald and Henry Edwards spent Tuesday in Amarillo where they attended a meeting of the Panhandle-Plains Chamber of Commerce, held to discuss the financing of the organization for a period of the next several months and to discuss further the grain car situation.

The meeting was attended largely by delegates from over the entire panhandle.

Floydada and Lockney both had of the towns presented the organization of the National Government with a draft for \$600 as Floyd County's part in the financing of the work for the ensuing fall and winter.

A conference of local people with Santa Fe officials, held Tuesday afternoon late, developed the fact that the Santa Fe officials will make every effort to effect a more equitable distribution of cars that reach the Panhandle and Slaton Divisions of their lines.

FEDERAL TAXES IN TEXAS SHOW BIG INCREASE

Washington, July 27th.—Texas contributed \$103,004,360.39 toward maintenance of the National Government during the 1920 fiscal year, which ended June 30, and toward payment of the war debt, the Treasury Department announced last night.

This was in the form of payment of various Federal taxes. This is an increase of \$40,789,297.15 over payments during the 1919 fiscal year and establishes a new record for Texas.

Texans paid \$76,817,330.96 alone in income and excess profits taxes, or nearly \$15,700,000 more than total payments last year. Income and excess tax payments exceeded last year's by \$29,016,755.61.

Miscellaneous taxes paid in Texas this year were \$26,187,029.34 against \$14,414,507.80 last year.

Total Texas Federal tax payments have more than doubled and almost tripled in two years.

A. B. CLARK AND MISS JACKSON MARRY AT MATADOR

A. Byron Clark and Miss Edna Jackson, of this city, were married Sunday morning in Matador, Rev. Geo. W. Ellis, Baptist minister there officiating.

The young couple will make their home in Floydada, and will reside on South Main Street where Mr. Clark recently purchased a home.

The groom is junior member of the firm of Price-Goen Dry Goods Company, and the youngest son of Mr. and Mrs. W. B. Clark.

The bride is a daughter of Mr. and Mrs. R. F. Jackson, who reside east of Floydada. She has been employed with the Price-Goen firm the past two years as saleslady.

Both are popular young people and have a wide circle of friends and acquaintances in Floydada and surrounding communities.

S. E. DUNCAN MADE DIRECTOR OF FIRST STATE

At the last regular meeting of the directors of The First State Bank, S. E. Duncan was elected to the office of the institution and actively engaged with them.

ADDITIONAL TRUCKS FOR EMERGENCY

To provide for the emergency of the Texas Union, a second truck was purchased for their line in Floydada.

HESPERIAN WANT ADS—QUICK RESULTS

PRECINCT DELEGATES NAMED HERE SATURDAY AFTERNOON

Saturday afternoon the Floydada Democratic Precinct Convention was held, and six delegates were chosen to represent the precinct at the county convention to be held next Saturday afternoon. These delegates are: J. C. Gaither, A. P. McKinnon, S. B. McCleskey, E. C. Nelson, A. C. Goen and Homer steen.

County Chairman R. C. Scott has called the convention to meet at 2:00 o'clock, Saturday, July 31st.

The Executive Committee of the party will meet at ten o'clock to canvass and declare the results of the primary.

Good Things to Eat

The best cook in the world cannot make good things to eat with inferior quality products.

Good meals have their beginning at the grocery store.

We handle the best grade goods at reasonable prices.

Come and see us and we will help you to have economical as well as delicious meals.

One of our best values is Belle of Wichita Flour—a fine grade flour that invariably gives good results.

Let us send you a sack.

An Unusual Opportunity

We are placing before our customers an opportunity of securing farms in what is known as "The PRICE BROTHERS Land," located northwest of Plainview, in the Whitfield neighborhood.

For FORTY-FIVE YEARS, no one has been able to buy any portion of this land, though it has been eagerly sought by many homeseekers. It has been held intact with the hope that the owners might have the pleasure and profit of developing the whole tract as a magnificent wheat farm, but business connections will not permit of carrying out that plan, and with the wish to in no way retard the general development of the country that is now so well in evidence, the owners have concluded to place a portion of their holding on the market so that they may be developed with the balance of the country. We have entered into a contract by which we are now ready for business.

We will sell the sections mentioned below in tracts of 160, 320 and 640 acre tracts, according to the needs of the homeseeker. A good portion of land is already under cultivation, and splendid wheat yields have been secured, and row crops are coming on nicely.

The soil is equal to any in the state of Texas for the raising of wheat, alfalfa, cotton and all row crops, together with every variety of fruit and vegetable that can be grown in the temperate zone.

We can offer good terms, and with the present system of wheat farming, any one who knows the business and is willing to apply the up-to-date scientific methods of farming is very likely to pay for the land out of one crop of wheat.

We are prepared to show the land and make contracts in accordance with your needs. Do not let the opportunity pass you by.

Take any county map and check up on the sections, or come to us and let us show you the details. The lands are SECTIONS 73, 75, 77, 79, 81, 83, 85, 87, 89, 91, 93, 95, 97, and 99.

We still have a few choice homes in Plainview, but will mention only the following: A dandy new five room bungalow, with all conveniences. Close in. Come quick if you want it. Immediate possession.

A fine home on West 7th, 100 ft. front, fine lawn, 8 room house, with bath, toilet, lights, etc. Good garage. Fine shade trees, lawn and shrubbery.

Fine home of 5 rooms, 100 ft. front, fine lawn, lots of trees and shrubbery, \$3,300.

Fine suburban home, 20 acres of land. Dandy.
40 acres, improved, outside corporate limits. Fine.

Perry & Cram

7th Street. PLAINVIEW, TEXAS Phone 437

FROM NOODLES TO EYE SALVE

Fifty manufacturers and dealers have discovered that the food and drugs act, enforced by the United States Department of Agriculture, is an exceedingly live regulation. Among the 51 misbranded or adulterated articles appear many varieties of products not ordinarily thought of as coming under the jurisdiction of the act.

Corned beef cases, so marked as to indicate that the contents complied with the requirements of the United States Navy, when they did not; eye salve that consisted principally of zinc ointment; egg noodles in a package marked "8 ounces" in large letters, and "6 ounces" in small, indistinct characters, and which product proved to contain very little egg at all; canned salmon that was really putrid and decomposed; gelatin, so marked, which the chemists found to contain glue and other added and poisonous materials; and rice bran heavily adulterated with rice hulls instead of bran, are among the items mentioned in the announcement. Butter, capsicum, aspirin tablets, santal-oil capsules, cordial, cottonseed meal, eggs, fish, flour, peppers, spring water—these and many other indicate the extensive nature of the work carried on by the Government in protecting the public health.

The charter for the new State Bank at Idalou, Lubbock county, has been granted, and will soon open for business. James Reed, present assistant cashier of the First National Bank of Lockney, will be cashier of the new bank. Mr. Reed is an experienced and successful banker, and has made many warm personal friends while living in our city, the best wishes of whom will go with him.—Lockney Beacon.

F. M. Light, is manager for the new lumber yard on East Locust St. He is building his office, and will soon begin the erection of his sheds. He has a large stock of lumber enroute which he expects at an early date.—Lockney Beacon.

Mr. Haynes Bobbitt of Hillsboro came in Wednesday on a visit to his son Bert, who lives in the Lone Star community. Mr. Bobbitt lived in Lockney in long ago, and remembers many of our old time settlers. This is his first visit to Lockney in a number of years, and the changes that have taken place in the town and country presented a new vision to him.—Lockney Beacon.

We Want Your Land ON OUR LIST

If you will put the price right we can sell it for you. If you have any land to rent or lease we can handle it.

**SOAP BOX ORATORY WAR
RAGING IN CHICAGO**

Chicago, Ill., July 21.—A soap box war is raging in Chicago.

Street corners on these hot summer nights resound with the most unique verbal fanfare the town has ever heard.

An organization of Chicago philanthropists and citizens of public spirit who call themselves "the United Americans," have taken the soap box against the long-haired, violent radicals, who are back in all their glory, preaching the good old Government overthrow and the coming of the "revolution."

It is a heckling ill natured outfit—this "United Americans." Every time a radical speaker puts up his gaslight and soap box and gets a good start on the line of talk to which street corner audiences are accustomed, one of the "United Americans" puts up his box on an opposite corner and starts selling his argument—to wit: America is a fair sort of place in which to live.

The result is that these meetings are becoming hotter propositions every night. The police have been called in time and again to settle the disputes between the two factions. Tuesday night a radical speaker at Twelfth and Holman street had a sympathetic audience of 1,000 cheering his revolutionary remarks, when Ray O. Wayland, head of the United American speakers' bureau, took his stand

across the street. Wayland was all but mobbed before he was rescued by the police.

Selling America

Wayland came back today when he led seventy five Lithuanians to the Federal Building for their naturalization papers.

"Bolshevism has been sold to 250,000 foreigners in Chicago," said Wayland. "We are trying to sell America over it. It is a tough job, but we will keep on working if we have to take every one of these men and women away from the radicals one at a time."

The new organization, amply backed by wealthy citizens, has rented a large suit of offices and engaged prominent speakers for nightly street corner talks on Americanism. They have mapped out the city and know every radical rendezvous. They have invaded the stockyards district, where hundreds of thousands of Lithuanians, Poles, Croats and Slavic foreigners live and work. They have engaged natives of each nationality to talk Americanism and citizenship. They are holding morning, noon and night meetings, talking nothing but Americanism.

"Just because the war is over is no reason for our stopping work along patriotic lines," said Wayland. "The Bolsheviks never stop. It may seem like old stuff to Americans who have always been here, but it is brand-new to the foreigners, and we are trying to beat the radicals to them with our American information."

The United Americans addressed 38,000 foreigners here last week.

**22nd ANNUAL SESSION OF
TEXAS FARMERS' CONGRESS**

Texas Farmers Congress will hold its twenty-second annual session at College Station, August 9, 10, and 11. Besides the general sessions, the following affiliated organizations will have separate programs: Horticultural Society, Dairymen's Association, Poultry Raisers' Association, Field Crop Improvement Association, Honey Producers Association, Truck Growers Association, Farm Management Association, Experiment Association, Horse Breeders Association.

Among notable out-of-state speakers will be D. G. F. Warren of Cornell University, Ithaca, N. Y., Dr. W. B. Bizzell, president of Texas A. & M. College, will also address the Congress, and among other speakers will be Will B. Munson of Denison, president of the Congress; Judge L. Gough of Hereford, extensive and practical farmer; J. T. Orr of Dallas county, farmer and president of State Council of Agriculture, and O. H. Cross, extensive farmer of McLennan county.

All meetings are free to the public. Railroad rates of one and one-half fare have been granted. However, be sure to get a receipt from your local agent, in order to get your return ticket at half fare as soon as many as 250 receipts are turned in at College Station. Those attending the Farmers Short Course the week ending August 7, and staying over for the Congress, will get the benefit of the half fare return ticket, upon presentation of local agent's receipt.

Rooms will be free at the College only a small charge being made for incidental expenses. All dormitories have been screened, insuring every room being comfortable. Special attention will be given to ladies attending the Congress, and arrangements have been made to care for automobile parties. First class meals will be served in the mess hall at low rate.

**NATION'S INCOME
EXCEEDS EXPENSES**

Washington, July 25th.—The Government's income for the fiscal year ending June 30 exceeded its expenses for the first time in three years, Secretary Houston declared today in a statement in which he announced a reduction in the gross public debt and forecast a further "important reduction" for this coming twelve months.

While the annual operations of the Government showed a surplus of \$291,221,547, the more important change, Treasury officials said, was the cutting of \$1,185,184,692 from the gross public debt during the year. The national debt aggregated \$24,299,321,468 on June 30, and \$25,484,506,160 a year previously, but in the meantime the obligations of the nation had mounted to their highest point—\$26,596,701,648 on Aug. 31—due to the operations incident to the handling of maturities of Treasury certificates of indebtedness. Thus, a reduction of \$2,297,380,180 from the peak is shown.

Surplus Shown

Outside of the transactions involving the gross debt, Treasury receipts for the year aggregated \$6,694,565,388, while expenditures totaled \$6,403,343,841. The statement revealed, however, that the surplus was due largely to a partial liquidation of the assets of the war finance corporation. Exclusive of the special income from that source there was a deficit of \$71,879,072 in the actual handling of income and expenditures.

On July 20, 1920, on the basis of daily Treasury statements, the gross debt amounted to \$24,264,309,321, showing a further reduction of about \$35,000,000 after taking into account the \$201,061,500 face amount of Treasury certificates issued under date of July 15. The floating debt (loan and tax certificates unmatured) on June 30, 1920, amounted to \$2,485,552,500, as against \$3,267,878,500 at the close of the previous fiscal year on June 30, 1919, and \$3,938,225,000 on Aug. 31, 1919. On July 20, 1920, the loan and tax certificates outstanding amounted to \$2,453,946,500, showing a further reduction of about \$31,000,000 as the result of the redemption of loan certificates since the close of the fiscal year, 1920, in the amount of some \$232,000,000, and the issue of loan and tax certificates dated July 15, in the amount of some \$201,000,000.

CARD OF THANKS

I take this means of expressing my deepest appreciation to the voters of Floyd County for the loyal support which they gave me in my race for county assessor, and I ask your support in the run-off election, August 28th.

I promise you that I will do my best to prove myself worthy of such support. If you see fit to elect me as your assessor I promise you I will do all in my power to faithfully and efficiently discharge the duties of that responsible office.

Gratefully yours,
D. I. BOLDING.
(Political Advt.)

W. H. Steen, who was among the Floydada boys who enlisted in the navy during the war, finished his enlistment term Wednesday of this week. A letter to his brother, Calvin, said that he would send an address from Philadelphia.

OZARK TRAIL MEETING

Monte Ne, Ark., July 26.—W. H. (Coin) Harvey, president of the Ozark Trails Association, announced today that the next Annual Convention of the Association is set for October 7th, 8th and 9th, to meet at Pittsburg, Kansas. There are now five thousand miles of the Ozark Trails, in six states Missouri, Arkansas, Kansas, Oklahoma, Texas and New Mexico. Pittsburg is well prepared to take care of the convention and it promises to be a great assemblage of the good roads men of the southwest interested in the Ozark Trails.

W. R. COLVILLE BUYS OUT S. R. RAMSEY

W. R. Colville has bought the plumbing business of S. R. Ramsey, and will have charge of this business hereafter. Mr. Ramsey's plans are indefinite for the present.

Have You Ever Figured it Out This Way?

The danger of buying goods away from home is more than the fact that they are not always as represented; there's sure to be a long delay, and possible dissatisfaction when the goods actually arrive. And, besides, your own home merchant can make you a better price on anything you buy than you can obtain elsewhere.

Be a home booster—It helps you and it helps us; and remember We're always right here to back up everything we sell with our guarantee of absolute satisfaction. Come in and make yourself at home.

WHAT A FORD WORKER CAN DO

If this Ford man which we will follow through his day's activities at the Ford factory has been frugal, as many of them have, he will arrive at work in a Ford car. During his morning's work he may be stricken with toothache and headache whereupon he will visit the Ford doctor or dentist for relief. At noon, he is served with a lunch consisting of sandwiches, fruit, hot coffee or soup and after that may see a Ford safety film.

Now supposing that this is the man's pay day. After subtracting living expenses, he may deposit the remainder toward a Ford Investment Certificate. Finished with the day's work, he can go to the shoe store for shoes for himself or son who is in school; or to the grocery store where, among other things, he can buy a sack of flour made from wheat grown on Henry Ford's farm—where Fordson tractors do the work—and ground in Henry Ford's flour mill, and then hauled by Ford trucks to the Ford store where it is sold to Ford men; or he may want to order a custom-made suit, or buy one ready made which he does in the Ford clothes shop. Maybe, a toothbrush is all he needs, but he gets it at a Ford store. Then, he can purchase his meat in the Ford market. Or order his winter's supply of coke from the Coke department. Everything is sold at cost to Ford men.

If this Ford man wants to rent a house, goes to the Ford rental exchange; Legal advice is given him by the Legal Aid Department. But possibly he is a student in the Ford school in that case he attends class after work. And stops in the Ford library on the way out.

Then he may go to the Ford Athletic Field for a set of tennis or for baseball practice. Possibly he desires to take his family to the Ford Band Concert that evening; he purchases tickets before driving home in his Ford car.

Clarence Snodgrass left Monday morning for Dallas on a business trip.

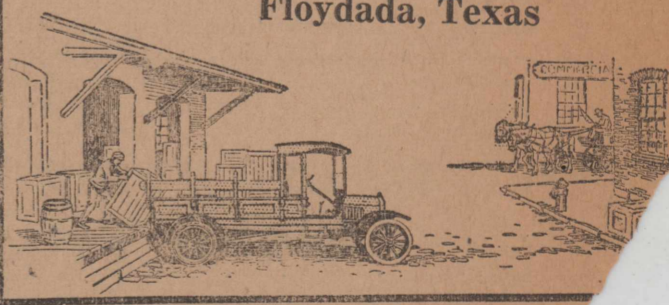

Bert Bobbitt, of Lone Star, and his father, Haynes Bobbitt, of Hillsboro, were visitors in Floydada Monday. Haynes Bobbitt was formerly a resident of Floyd County, leaving 13 years ago. This is his first visit back here. The country has developed so much since he left that he is unable to locate section lines and improvements in the county, once so familiar to him.

Ford

THE UNIVERSAL CAR

The Ford One Ton Truck is serving business just as faithfully and economically as does the Ford Touring Car serve all the people faithfully and economically. The Ford Truck is a necessity to the grocer both in delivering goods and in bringing goods from the stations, docks and from the country. It is an ideal motor car because there isn't a want of the farmer or business man that it doesn't supply in the way of quick transportation at a minimum expense. Come in, examine the Truck, and let us talk over the subject.

No sir-ee, bob!

No premiums with Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor! Your say-so about Camels will be:

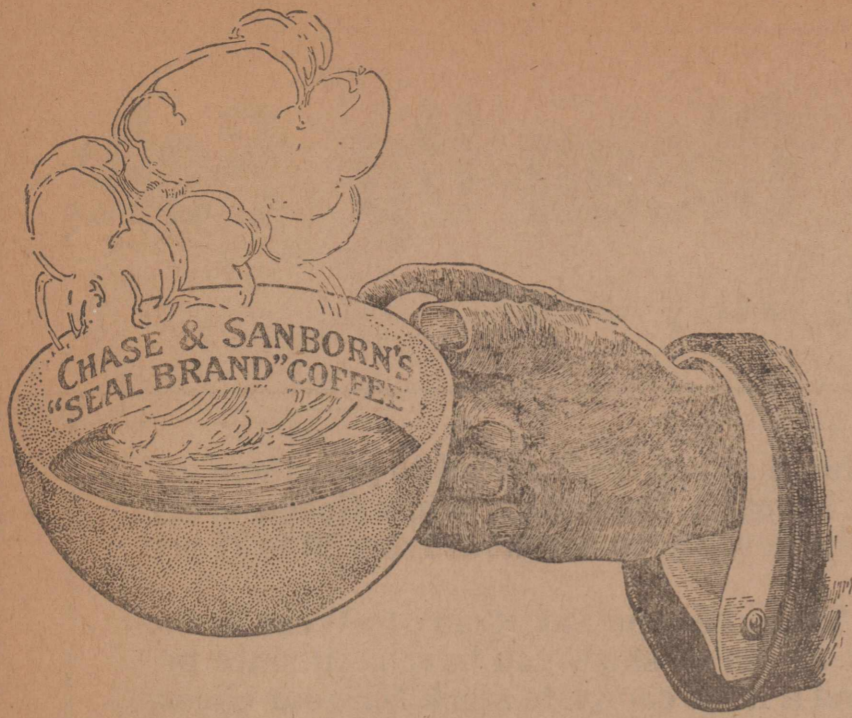

"My, but that's a great cigarette".

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents; or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

**MAN-EATING SHARK
ROAMS ALL SEAS**

He Has Several Interesting Cousins,
Who are Also Repulsive

Washington, July 14.—As the "open season" for sharks approaches, South American liners arriving in New York report the sighting of these sea monsters, a fact which lends interest to the following communication to the National Geographic Society by Dr. Hugh M. Smith, a world-famous authority on fish:

"When giant fishes are mentioned most people will at once think of the shark, among which, indeed, are found the largest fish now existing," writes Dr. Smith. "Of the many species of sharks noteworthy on account of their size there are about half a dozen which are pre-eminent. These differ much in their disposition, some being as harmless as doves and others the incarnation of ferocity.

"The sleeper shark (Somnium microcephalus, whose scientific name fits it so admirably, appears to have developed its body at the expense of its brain, for it is a sluggish, stupid glutton, about six times as long as an average man. At home in the Arctic regions, it sometimes makes visits as far south as Cape Cod, the British Isles and Oregon. It is most often observed lying quietly on the surface, apparently dozing and easily approached, but at times, when hungry, it rouses itself and fiercely attacks whales, biting huge pieces off of their sides and tails, and when feeding on the carcass of a whale which has been killed by hunters it is so voracious that it permits spears and knives to be thrust into it without seeming to take any notice.

Man-Eating Monster

"One of the most prodigious and perhaps the most formidable of sharks is the 'man-eater' (Carcharodon carcharias.) It roams through all temperate and tropical seas and everywhere is an object of dread. Its maximum length is forty feet and its teeth are three inches long. While there are few authentic instances of sharks attacking human beings (prior to the recent tragedies,) there have undoubtedly been many cases where sharks simply swallowed people who had fallen overboard, just as they would swallow any other food. How easy it would be for a man-eater to devour a person whole may be judged from the finding of an entire 100-pound sealion in the stomach of a thirty foot shark on the California coast. A certain man-eater thirty six and one-half feet long had jaws twenty inches wide, inside measure, and teeth two and one-half inches long. This may have been the 'great fish' of the Scripture narrative, and it is possible that at that time much larger man-eater existed than are now known, as shark teeth have been found on the sea bottom, and these are believed by naturalists to have belonged to sharks not long dead. The phosphate beds of South Carolina yield very large fossil teeth of a shark which was related to the man-eater of the present day, judging from the comparative size of these teeth. Professor Goode thought that sharks seventy or eighty feet long must have been common.

"Many years ago a Norwegian bishop in a learned paper brought to the attention of the scientific and theological worlds a shark which he attempted to prove must have been the 'great fish' that swallowed Jonah. This was the basking shark (Cetorhinus maximus), known also as the elephant shark, which is an inhabitant of the Polar seas, but occasionally is found as far south as Virginia.

the sun with its back partly out of water. It reaches a maximum length of fifty feet and is exceeded in size by only three or four animals extant. Provided with small teeth, it feeds on fishes and floating crustaceans and is not of a ferocious disposition. It is dangerous only by virtue of its powerful tail easily demolishes boats. In former years the basking shark was hunted for its oil on the coast of Norway and Ireland; it was also harpooned on the shore of Massachusetts in the early part of the last century, and as many as twelve barrels of oil were sometimes obtained from the liver of one shark. There are many records of basking sharks twenty-five to thirty-eight feet long from the coast of New York, Massachusetts and Maine, but the species has not been common in our waters in recent years.

Largest of Fishes

"The largest of all fishes, the largest of all cold-blooded animals and the largest of all existing animals, with the exception of a few species of whales, is the whale shark (Rhincodon typicus), originally described from Good Hope, but now known from India, Japan, South America, Panama, California and various other places, a small specimen having been obtained on the Florida coast a few years ago. This shark has a very broad and obtuse snout and an exceedingly wide mouth armed with numerous minute teeth; the dark-colored body is marked with many small whitish spots. The species is stated to attain a length of seventy feet and is known to exceed fifty feet. Notwithstanding its immense size, however, it is harmless to man unless attacked, and feeds on the small creatures for which its teeth are adapted. Its huge bulk makes it dangerous in the same way that a whale is dangerous. Years ago it was reported that the sperm whale fishermen of St. Denis, in the Indian Ocean, dreaded to harpoon a whale shark by mistake, and stories are told of a harpooned fish 'having by a lightning-like dive exhausted the supply of rope to the boat, dived deeper still, and so pulled a pirogue and crew to the bottom.'"

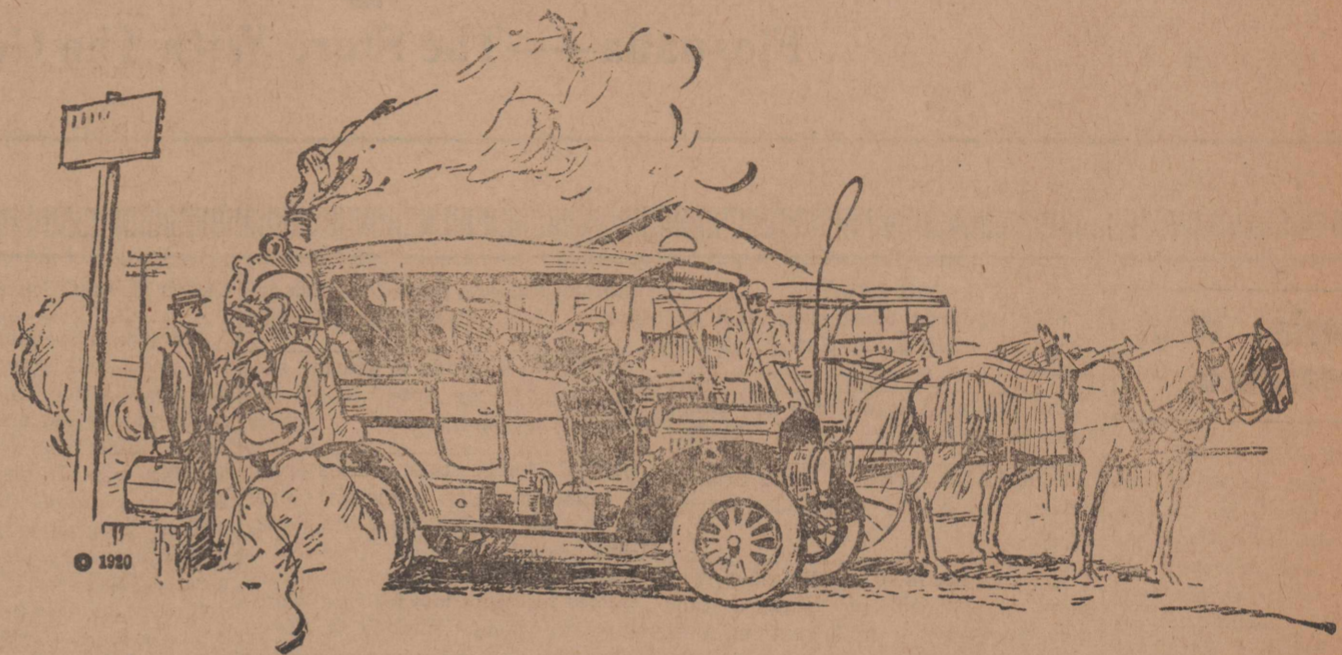

VALUABLE GIFT

Austin, Texas, July 26.—A valuable addition to the Wrenn Library of the University of Texas has just been received from A. J. Wise of London, England, who was associated with the late John W. Wrenn of Chicago in the collection of the Wrenn Library. The main feature of Mr. Wise's gift is some twenty-five items of Swinburn, which he had printed from the manuscript in his possession. These privately printed ventures were made during the past three years, and several of them have introductions by Edmund Gosse. They contain ballads that have never before been printed, early letters, unpublished poems, translations from the French, and short prose tales, which Mr. Watts-Dunton, the literary executor of Mr. Swinburn, found in the author's room in manuscript form.

Other items included in this recent requisition are privately printed letters of both Robert Browning and Elizabeth Barrett Browning. These express the literary opinions and criticisms of both Mr. and Mrs. Browning on such authors as Walter Savage Landor, Dante Gabriel Rossetti, Thackeray, Shelley, Edgar Allen Poe, and Dickens.

Other rare articles are items from Charlotte, Emily, and Annie Bronte, included also in the collection are ten items by George Barrow, which contain ballads, translations, and folk tales.

Mart Martin left Tuesday morning for Gainesville, where he will spend some two weeks on a vacation and visit with friends and relatives.

**When the train came
in back in 1910**

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—anywhere—U. S. Royal Cords.

STAR CASH GROCERY SOLD

R. O. Fields last week sold the Star Cash Grocery business to J. M. Hamner, of Plainview.

Mr. Hamner will run a general merchandise store at the same location.

S. W. Ross and family and E. P. Nelson and family reached home last Friday from a tour of South Texas. They spent sometime in the Devil's River country and following an outing in that section they traveled on to San Antonio and spent several days in that city and section of the country.

Joe Hicks, wife and son, and Mrs. C. W. Eubank returned home Monday from an extended visit at their former home, Whitney, in Hill county. They were accompanied home by R. A. Eubank and family, who will visit the Eubank, Allen and Johnson families here.

Mr. and Mrs. F. W. Cooksey, of Plainview, in company with Mr. and Mrs. Ed Brown, of McLennan county, were in Floydada Friday and spent the day in this county. They visited Mr. Cooksey's farm and looked over the country southeast of Floydada. Mr. Brown is an uncle of Mrs. Cooksey.

W. I. Cannaday reached home the latter part of last week from a business trip to Dallas and Houston.

FAIRVIEW NEWS

Fairview, July 26.—We are having some very warm still weather these days. Crops are looking good so far. Everybody is still busy and the threshers are still running. Everyone should be very thankful for the grain-crop of Floyd county.

We met Mr. J. F. McCarty and wife in town Saturday. We were glad to have a talk with these good people again.

Bro. Trammell failed to preach for us yesterday, though we had a good large crowd for Sunday school.

Carmon Irwin and Claude Snodgrass took dinner at the Bullard home Sunday.

Miss Beryl Nix took dinner at the Austin home Sunday.

Several from Fairview attended church at Center Sunday night. Several of the youngsters went to Campbell Sunday evening.

Mr. Bullard's and others took dinner at the O. H. Johnston home Sunday.

There was quite a crowd at the cream supper at the Wilson home Friday night. Everyone had a real nice time as there was good music all the time.

Mr. Neeley is having a well drilled on his place.

Mrs. W. R. Cope's sister from Arkansas is visiting them for a few days.

The protracted meeting will begin at Fairview the second Sunday in August. We extend an invitation to all.

Mr. Nix and wife are the proud parents of a wee baby girl.

Mrs. Branson and son, Earl, visited at the Choate home Sunday afternoon.

Mrs. Brown is on the sick list this week.

Mrs. Choate visited at the Brown home late Sunday evening.

Would be glad if all the correspondents who used to write would come forward again.

Miss Mary Beth Alderman, of Mexico, Texas, is visiting here the guest of Miss Marie Henry.

ECZEMA!
Money back without question if HUNY'S Salve fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER or other itching skin diseases. Try a 75 cent box at our risk.

WOODY DRUG COMPANY

New Car of Furniture on display this week at

Kirk & Sons

Though good furniture is scarce and hard to buy, we are pleased to tell our customers this week that we have just received and unloaded another car of furniture.

We think that we made some purchases among this lot of new furniture that put us in position to give our customers the advantage of some bargains in GOOD FURNITURE.

Included among other things are some pretty suites and pieces in period designs, of excellent quality.

Be sure to visit at our store during the next few days. We will be glad to show you, and we are sure you will be enthusiastic if you admire pretty and useful furnishings for the home.

population of Hale County is over ten thousand persons automatically causes the separation of the office of sheriff and tax collector and also of the office of county clerk and district clerk.

A continuance of petty thieving exists in Plainview this week. Last night Mrs. Tom Garner lost her purse containing a ticket to Portales, New Mexico, and about twenty dollars in cash to a clever purse snatcher. Just as Mrs. Garner was ready to board the train she noticed her purse was gone. The thief had cut the purse from the string holders and had made his getaway before the loss was discovered. Claude Witherspoon, who happened to be near, bought Mrs. Garner another ticket and got in touch with Mr. Garner who came at once to the scene. Several persons believe they saw the guilty party running from the depot toward the freight depot.

Saturday night about thirty dollars worth of clothing which had just been brought from the laundry, was stolen from the car of Fred Gordon. The same night several hats and other articles of clothing were stolen from the Woodman hall, where a dance was in progress. Some people claimed that their pockets were picked while they were watching the street dance Saturday night.

Miss Erma Leach suffered several broken ribs, a broken shoulder bone and other injuries last night when a car in which she was riding turned over a mile north of town. Ralph Garret, who was driving the car, escaped without injuries. As the accident occurred near a residence medical aid was summoned and Miss Leach was taken to her home. Although her injuries were very painful physicians state that they are not serious.

Manager Ware has signed up a team of the best all-round base ball players in the Panhandle for the local Elk team. All of the players have moved here to make this their home during the season and when games are not being played the team will practice regularly. It is hoped to match three games weekly.—From The Herald.

R. M. Reeves and family, and T. J. Herd and family, of Temple, arrived in Floydada last Thursday afternoon to spend sometime in this county on a combination business and vacation trip. They came cross-country by auto. They are former neighbors of J. R. Terry, and Mr. Herd owns land here.

W. R.—BILL—COLVILLE

Has bought the plumbing stock and business of S. R. RAMSEY, and is now ready to figure on your plumbing supplies, plumbing and fixtures.

A supply of materials, fixtures and fittings will be carried at all times and first class workmanship is assured.

College of Industrial Arts

(THE STATE COLLEGE FOR WOMEN)
DENTON, TEXAS.

The College of Industrial Arts, Denton, Texas, enrolled during the past session 1,462 students and during the summer session 666, or a total of 2,128 Texas girls, making it the largest College for girls in the United States with the exception of two, both of which are located in Massachusetts. It is a college of the first-class; and gives literary, technical, industrial, and vocational education and training of the best quality, designed solely to develop mental discipline, social culture, industrial efficiency, and spiritual vision and outlook.

Its courses of study are composed of correlated subjects, including every necessary phase of women's education, and are grouped as follows:

- (1) Literary, (2) household arts, (3) fine and applied arts, (4) manual arts, (5) rural arts and science, (6) music, including piano, voice, violin, and public school music, (7) reading or expression, (8) secretarial studies, (9) kindergarten training, (10) homemaking, rural and urban, (11) teacher-training for public school music, public school art, household arts, vocational home economics, primary grades, and high school subjects; practice teaching under expert supervision, (12) vocational training of both college and non-college rank for many of the most remunerative and attractive vocations, rural and urban, for women. It confers the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Music, Bachelor of Literary Interpretation, and Bachelor of Business Administration; awards vocational diplomas and certificates of proficiency; and issues teachers' State certificates.

The College plant is valued at \$1,500,000; the management is modern, safe, and wholesome; the faculty is one of the best in the Southwest; it is a Texas College for Texas girls. The next session opens Tuesday, September 14, 1920. For further information or for the latest catalogue, address:

Where Can They Go?

Homes are more difficult to find and more costly to build than ever before.

When the home burns, possessions that money cannot replace are destroyed—frequently lives are lost.

Adequate fire insurance repays the money loss; but safety can be secured only by preventing fire.

A Hartford Fire Insurance Company policy entitles you to Hartford Fire Prevention service at no extra cost. Both are obtainable through this "Hartford" Agency. You should have them both.

EARL RAINER

APOSTROPHE TO WATER

All hail to the drink of drinks—to water, the daily need of every living thing! It ascends from the earth in obedience to the summons of the sun, and descends in showers of blessings. It gives forth of its sparkling beauty to the fragrant flower; its alchemy transmutes base clay into golden grain; it is the radiant canvas upon which the fingers of the Infinite trace the rainbow of promise. It is the beverage that refreshes and brings no sorrow with it. Jehovah looked upon it at creation's dawn and said "It is good."—From Bryan's Total Abstinence Speech, N. Y., 1915.

BORN—To Mr. and Mrs. C. B. Lyles, July 24th, a son.

Mr. and Mrs. M. L. Kizzair have as guests this week Mr. Kizzair's parents, Mr. and Mrs. M. L. Kizzair, his brother, Bernard and sisters, Miss Odie Kizzair and Mrs. Ernest Kizzair, all of Albuquerque, New Mexico, who arrived Tuesday afternoon to spend a few days in Floydada.

SAYS RECKLESS BUYING IS SUBSIDING IN COUNTRY

St. Louis, July 27.—Extravagant buying is rapidly subsiding despite the fact the purchasing power of the public has not diminished, according to the monthly report of the Eighth Federal Reserve District, issued here today.

The report states advices from department stores indicate customers are demanding the worth of their money in quality and quantity.

Statements from bond houses that the public is buying liberty bonds over the counter "with eagerness" and the fact that there is a "well defined slowing down in the automobile industry", are further indicative of the general trend toward saving, the report states.

Prices of certain commodities have shown a sharp decline according to the report, but the reduction will hardly be felt in bills covering the cost of living.

No change is forecast in the shoe industry and clothing for Fall delivery is steady to higher, the report says.

WEEK'S KANSAS CITY LIVE STOCK MARKET IN DETAIL

Kansas City Stock Yards, July 26.—Cattle receipts today, 21,000 were the largest of the season, and prices ruled lower, in most cases down 15 to 25 cents. Fed grades were scarce. Hog prices were 10 to 15 cents lower, top \$15.90 and bulk \$15.40 to \$15.35. Sheep and lambs were in active demand at strong to 25 cents higher prices.

Receipts today were 21,000 cattle, 6,000 hogs, and 6,500 sheep compared with 15,000 cattle, 5,000 hogs and 7,000 sheep a week ago, and 25,500 cattle, 9,600 hogs, and 8,400 sheep a year ago.

The market today was well supplied with grass fat cattle and prices ruled 15 to 25 cents lower. Few good fed cattle were offered and they were fully steady. Most of the grass fat steers which were in the 900 to 1,000 pound classes sold at \$10.00 to \$12.25, heavy grassers up to \$14.00 and wintered grassers up to \$14.75. In the quarantine division steers sold at \$9.50 to \$12.25. Packers made liberal purchases and there was considerable shipping demand. Cows and heifers were 10 to 15 cents lower. Most of the grass fat cows sold at \$8.00 \$9.50, and heifers at \$9.00 to \$10.50. Veal calves were 25 to 50 cents higher, top \$14.00.

Thin cattle were in liberal supply with prices slightly under last week's close. Inquiry for the better grades was fairly active and the plain kinds were hard to move. Good stock calves were firm.

W. R. COLVILLE BUYS OUT S. R. RAMSEY

W. R. Colville has bought the plumbing business of S. R. Ramsey, and will have charge of this business hereafter.

Mr. Ramsey's plans are indefinite for the present.

Mr. and Mrs. W. O. Tye and Mrs. Leslie Tye are here for a visit with Sam McCleskey and F. L. Haines and families. Mr. and Mrs. W. O. Tye will be here some weeks.

S. L. Rushing returned last week from a tour of southern trans-Mississippi states, visiting in Tennessee, Kentucky, Mississippi and Alabama while away.

Miss Minnie Airhart, of Dallas, and Miss Margaret McCune of Tulsa, were guests of Mrs. O. P. Vaughan two days last week.

Miss Stella Vaughn, of Tucumcari, New Mexico, is visiting here with Mrs. Lee Montague and Mrs. H. B. Callihan, they having returned home the latter part of last week from Tucumcari, following the funeral held for Guy Pitts.

L. T. Bishop returned Tuesday from a two-weeks vacation trip to Dallas and San Antonio, visiting near the latter place with relatives.

The tile in the office of the Barker Bros. garage is being laid this week, the long-delayed shipment of tile having been received last week.

Lee Young, manager of the Mator yard of Echols-Cannaday Lumber Company, spent a part of this week in Floydada.

Mrs. F. V. Hilburn left Friday last for Amarillo, Bovina and Littlefield to visit with her children. She expects to return home about the last of August.

Notice to the voters of Floyd County

BOTH LADIES AND GENTLEMEN

I want to thank you for your loyal support and many courtesies tendered me in my recent campaign for re-election to the Second term as County Judge of Floyd County, and having come out in the lead of both of my opponents 37 votes and not getting a majority vote, myself and Mr. W. B. Clark will have to run it off in the Second Primary, which will be August 28th. Now, I am a Democrat and running on the Democratic Ticket, and on my own merits, and if I have made good I feel like I should have the privilege of the second term, as has always been the custom in the Democratic Party. And I would be glad that anyone feeling an interest in the County Judge's race would make all the investigation they feel necessary as to my ability to attend to the duties of this office. If you find me worthy of the honor of the second term as your county judge I certainly will appreciate your vote and influence in my behalf, and if not it is your duty to vote for the other fellow.

Now, as the duties of my office claim my time I will not be able to make a canvass and am taking this method of advising you that I certainly appreciate your support in the first primary and will certainly appreciate your support in the Second Primary.

Very sincerely yours,

J. W. Howard

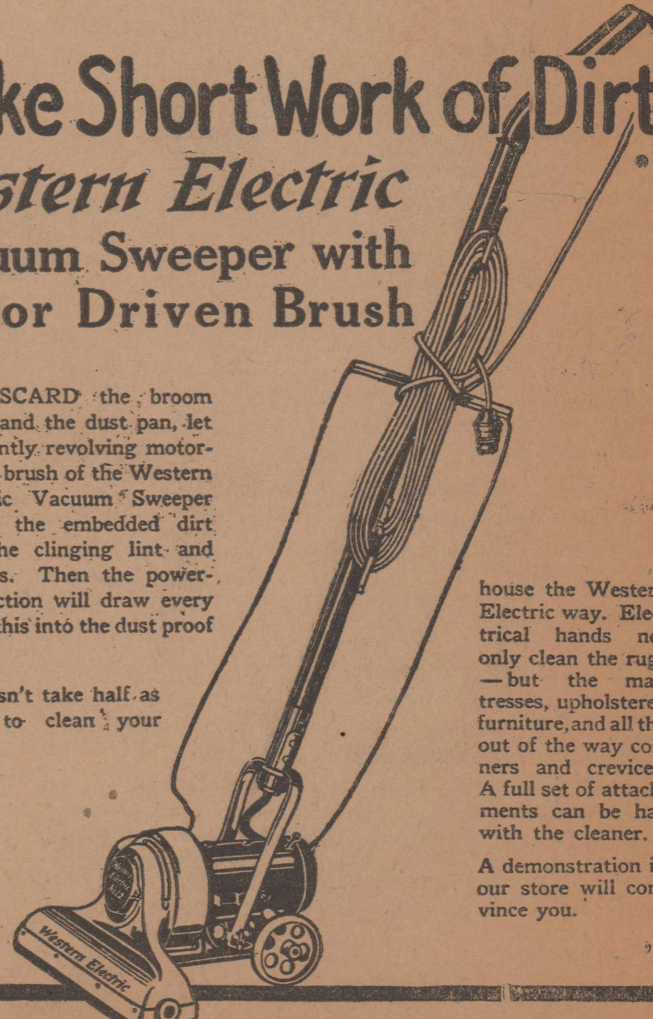

Candidate for Re-election to the Second Term as County Judge of Floyd County, Texas.

Make Short Work of Dirt
Western Electric Vacuum Sweeper with Motor Driven Brush

DISCARD the broom and the dust pan, let the gently revolving motor-driven brush of the Western Electric Vacuum Sweeper loosen the embedded dirt and the clinging lint and threads. Then the powerful suction will draw every bit of this into the dust proof bag.

It doesn't take half as long to clean your

house the Western Electric way. Electrical hands not only clean the rugs—but the mattresses, upholstered furniture, and all the out of the way corners and crevices. A full set of attachments can be had with the cleaner. A demonstration in our store will convince you.

Brown Bros.
