

Wheat Exceeds Estimates Harvest Starts

Wheat in Haskell county is rapidly getting underway, with preliminary reports showing an exceptionally good crop reported from all parts of the county.

The wheat started coming in Monday and Tuesday. The grain is dropping in price, and the grain combined with the wheat started during the weekend. The grain is being worked to get the early start in order to get the grain out of the field before the windstorm damage brought in now from 20 to 30 percent, farmers reported to the Albert in the Paine Creek area a 12-acre field this week averaged 40 bushels per acre. The grain is being shipped out by truck about as fast as it can be handled. The grain is going to terminals and elevators, they said. The grain is being harvested by hand and machine. The grain is being shipped out by truck about as fast as it can be handled. The grain is going to terminals and elevators, they said. The grain is being harvested by hand and machine.

Bears and Tigers Go Out Front In Little League Play This Week

The Bears went out front in the minors, while the Tigers set the pace in the major division of Little League baseball this week as the eight-member league moved well along in season play.

Bears and Tigers have identical records, 4-1, through Monday night, May 23. Results of games during the past week:
May 17—Bears 13, Cats 8; Tigers 9, Rams 7.
May 19—Frogs 4, Bears 13; Hawks 18, Tigers 0.
May 20—Cats 9, Red Horses 8; Rams 28, Cubs 1.
May 23—Cats 1, Bears 9; Rams 11, Tigers 12.

Wayne Cadenhead of the Red Horses. Schedule for the coming week, with minors starting at 5:30, majors at 7:30 p. m.
May 26—Cats vs. Frogs; Rams vs. Hawks.
May 27—Red Horses vs. Bears; Cubs vs. Tigers.
May 30—Bears vs. Frogs; Tigers vs. Hawks.
May 31—Red Horses vs. Cats; Cubs vs. Rams.

Diplomas, Awards Presented 49 H.H.S. Seniors

Diplomas and honor awards for members of the 1960 Senior Class of Haskell High School were presented Monday night, when Commencement Service for the graduates was held in the auditorium of the First Baptist Church.

Fire Insurance Rate Inspectors Here for Survey

A team of five inspectors from the State Board of Insurance started a survey in Haskell Monday.

The survey will require a month or possibly longer to complete. The inspectors have their office in the High School Cafeteria and can be contacted by telephone at UN 4-2707. In the group making the inspection here are Jim Nixon, Belton; John Tabor, Denton; John Schulze, Marlin; Clinton Bryan II, Houston; and George Shaw, Austin.

Rodeo Crowds Gathering For Rice Springs Roundup

Roundup Parade Route

Route of the Roundup Parade, scheduled at 5 p. m. today (Thursday) has been announced as follows:
Assemble at Rodeo grounds and enter courthouse square on Avenue D at southeast corner.
West to Ave. E and north to North First; west to Ave. F and north to North Second, then east one block and turning south to re-enter square at northwest corner.
East on north side of square to Ave. D, north one block and east on North Second to Ave. C. South one block turning west to re-enter square.
South along east side of square one block, then east along South First one block and return to Rodeo grounds.

GREASED PIG CHASE DUE FRIDAY NIGHT

Haskell Jaycees have come up with something new and different in the way of entertainment in connection with the Rice Springs Roundup Friday night.

Western Week activities reached a peak today, in preparation for opening the seventh annual Rice Springs Roundup and Horse Show here this afternoon for three nights of thrilling entertainment.

Parade at 5 P. M.
A parade at 5 o'clock this afternoon will officially open the 1960 Roundup.

Refreshments will be served throughout the day. Members of early day families in Haskell County will be among those serving as hosts and hostesses during the day.

Program of rodeo events each night includes the following:
Cowgirls barrel race, in which money will be paid to four places.
Bareback bronc riding for \$300 in prize money, for the show.

Appraisal Firm Hired To Assess Oil, Gas Values

Pritchard & Abbott, appraisal engineering firm of Fort Worth, has been employed by the Commissioners Court to handle the appraisal of oil, gas, and utilities valuations for Haskell County for the years 1961-62.

Contract between the county and the appraisal firm was approved by the Commissioners Court at its regular meeting Tuesday.

Country Club Golf Tourney Starts May 28

The Haskell County Country Club has announced a City and Club Golf Tournament, the first of the season, which will be held Saturday, May 28 through Sunday, June 5.

Miss Jean Duncan Receives Austin College Degree

Jean Duncan, Haskell, received a bachelor of arts degree in commencement exercises May 23 at Austin College, 115 year old liberal arts school in Sherman.

Stores to Close On Memorial Day

Haskell retail stores will observe a business holiday Monday, May 30—Memorial Day—with all business establishments being closed the entire day.

Final Rites Held At Rochester for Mrs. Hutchens

Funeral rites were held Sunday at 4 p. m. in the Rochester Baptist Church for Mrs. Julia Roberts Hutchens, 92, who died Saturday night in the Haskell County Hospital after an illness of one month.

Stores to Close On Memorial Day

Also closing the entire day will be the Haskell National Bank and the Haskell Post Office. There will be no mail delivery on rural or city routes. However, all outgoing mail will be dispatched on regular schedule. Postmaster Harold Spain stated.

Automobile Body Repairman Joins Perry Motors

Clyde Williams, formerly of Littlefield, expert automobile body repair man, has been employed by Perry Motors, Plymouth and Chrysler dealers here, and began work this week. He has had years of experience in body and fender repair and painting.

Many Absentee Votes Being Cast

Indicating continuing interest in this year's political campaign, a number of absentee ballots for the second primary have been cast in the office of County Clerk Horace Oneal.

Maye Bell Taylor Returning to Brazil

Miss Maye Bell Taylor, after a year's leave in the United States, left Saturday for Dallas, from where her sister, Mrs. Tom French accompanied her to New Orleans.

E. H. Baugh, 66, Longtime Rule Resident, Dies

Ernest H. Baugh, 66, well-known Rule business man and resident of Haskell County 53 years, died at 12:05 a. m. Sunday in the Haskell Hospital following a brief illness.

Bank to Observe Legal Holiday on Memorial Day

The Haskell National Bank will observe Memorial Day as a legal holiday and will be closed the entire day.

First Methodist Vacation Bible School Underway

Between 50 and 60 children are attending the Vacation Bible School at the First Methodist Church this week. The school opened Monday, and will continue through Saturday, May 28.

Pioneer of Rice Springs Recalls First School Started in Haskell

When early-day residents of Haskell County gather here Saturday for the Roundup's "Old Timer's Day," one of the surviving pioneers who came here when Haskell was known as Rice Springs will be unable to attend.

Jimmy Vaughter Elected Member Of Crimson Key

James G. Vaughter, a freshman at Harvard College, has been elected member of the Crimson Key Society, one of the major service organizations at the college.

Stores to Close On Memorial Day

Also closing the entire day will be the Haskell National Bank and the Haskell Post Office. There will be no mail delivery on rural or city routes. However, all outgoing mail will be dispatched on regular schedule. Postmaster Harold Spain stated.

THE HASKELL FREE PRESS

Established January 1, 1886 PUBLISHED EVERY THURSDAY

JETTY V. CLARE, Owner and Publisher ALONZO PATE, Editor

Entered as second-class matter at the postoffice at Haskell, Texas, under the act of March 3, 1879.

SUBSCRIPTION RATES

Table with subscription rates for Haskell, Throckmorton, Stonewall, Jones and Knox Counties, 1 Year, 6 Months, and Elsewhere, 1 Year, 6 Months.

NOTICE TO THE PUBLIC - Any erroneous reflection upon the character, reputation or standing of any firm, individual or corporation will be gladly corrected upon being called to the attention of the publishers.

Attend the Roundup

With the Rice Springs Roundup opening here today, boots and saddles, cowboys and horses will convert our town into a semblance of its earlier days...

The celebration starting today is an attempt to recapture a part of the spirit of pioneer days when ranchers and cowboys would gather once a year for feasting, fellowship, and entertainment.

You'll enjoy the Roundup more if you will try to become a part of it by joining your friends and neighbors in attending the nightly events.

You'll enjoy meeting and mingling with our neighbors from nearby communities, and you'll have the opportunity of making new friends among the scores of strangers attracted to our town for the Roundup.

All this awaits you at the Rice Springs Roundup, plus the most thrilling program of rodeo events that you can see anywhere. So make your plans to attend... to "let your hair down" and really enjoy yourself at this once-a-year event.

We Should Do Our Part

There are six children from Haskell County at Austin State School, a 45-year-old State institution for retarded children. There are more than 2,000 children at the school...

Three years ago a group of volunteer men, women, and ministers began the work of raising \$95,000 to build an all-faith Chapel for the Children. Only \$25,000 remains to be raised. Although contributions have gone in from people in 123 counties, no money has been received from our county.

There may be those among our readers who will want to have a part in doing for these children who cannot do for themselves.

Contributions are fully deductible. Checks or money orders should be made to "Chapel for the Children, Austin State School", and mailed to Mrs. Homer Leonard, Secretary, Volunteer Council, Austin State School, 3223 Gilbert St., Austin 3, Texas.

PEOPLE, PLACES AND THINGS

By A. PATE

"In Flanders Field the poppies blow" - and so the flower that precipitated one war became the symbol of another, and Memorial Day, of all those who have died in war.

The poppy was first associated with war in 1840 - in the form of opium. The fireworks started, according to World Book Encyclopedia when the Chinese clamped down on Great Britain's smuggling of opium to China.

Britain took the opium issue as an excuse for declaring

war. But when the Opium War ended in 1842, the issue was left unsettled while Britain concentrated on exacting trading privileges - and economic power - from the Chinese.

Three-quarters of a century later, the poppy became a symbol of World War I.

In 1918, when a YMCA staff worker named Moina Michael read the poem about Flanders Field, a U. S. military cemetery in Europe, she conceived the idea of wearing a poppy in memory of those soldiers

who had died in World War I. Miss Michael persuaded the American Legion to adopt the poppy as its Memorial Flower, and the national convention approved the resolution in 1920.

The Veterans of Foreign Wars adopted the poppy and conducted the first nationwide poppy sale for the benefit of war veterans - in 1922.

Local communities now choose one day from the week before Memorial Day as Poppy Day, when volunteers sell the artificial flowers in order to provide medical and educational services for disabled and needy veterans of both World Wars and the Korean War.

Some of our senior citizens who recall a famous bronc rider of the past, "Booger Red", still believe that he could out-ride any of today's rodeo cowboys who are rated on eight second rides inside a rodeo pen, then are lifted off by pick-up men.

In the days of "Booger Red" when he or any other rider got aboard a bucking outlaw horse the "ride" wasn't finished until either the man or the animal was established as master.

In the period around 1910 or earlier, "Booger Red" and his Wild West Show visited Haskell regularly for a week's stay or longer. Cowboys from the area ranches would flock to town to compete with the "professional" riders with the horse the "ride" wasn't finished until either the man or the animal was established as master.

Old-timers recall only one instance when "Booger Red" was the loser. Two young cowboys had brought in a spirited outlaw they had been unable to break after repeated tries. He was an iron grey stallion, a regular man-killer that required two husky cowboys to ear him down for saddling. After "Booger Red's" unsuccessful attempt to ride the outlaw, he paid off the \$100, then promptly bought the bronc for his show. Given the name of "Steel Dust", the outlaw became one of the biggest drawing cards of "Booger Red's" show as the bronc that had never been ridden.

Though 50 years have passed since "Booger Red's" time, his name will more than likely crop up this week during the Rice Springs Roundup whenever old-time cowboys get together.

The era of the Wild West Show and traveling carnival was recalled one evening last week, when Sheriff Bill Pennington had a long distance call from a man in California who said he had once lived here.

The caller was wanting to get in touch with some of the old-timers here who might recall a visit or visits to Haskell by the late Cole Younger, reputedly a member of the Jesse James Gang at one time. The story goes that Younger had reformed after

Haskell County History

20 Years Ago - May 17, 1940 Closing exercises of Haskell High School have been announced for May 26-27, to be held in the First Christian Church. The 1940 graduating class is composed of 53 students, 29 girls and 24 boys.

The class roll: Isabella Margaret Bruggeman, Clara Busby, Frances Viola Carruth, Frances Anita Coburn, Mary Helen Coleman, Jean Conner, Ethel Rebecca Couch, Syble Inez Davis, Wanda Eloise Dulaney, Nettie Lowell Harrell, Flossie Hester, Audrey Norene Hise, Bonnie Dell Hisey, Martha Jane Holt, Mary Lou Johnson, Josselyn Lois Faye Lackey, Margaret Frances McClintock, Lydia Marie Mobley, Naomi Christine Morgan, Constance Maureen Morris, Delnah Maurine Reeves, Lela Edna Reynolds, Dorothy Lee Rose, Ruthie Mae Scheets, Edna Louvenia Shelley, Betty Jane Stanton, Stella Mae Ulmer, Mary Lou Warts, Geraldine Leatrice Wheeler.

Also, Frederick Lee Odell Barnett, Bradley Forrest Buford, Roy Elwood Frierson, Buster Frederick Gholson, T. C. Griffin, Eulis Wilmot Hays, Jr., Norman Hancock, Jimmie Dale Harris, Duncan Harrison Head Jr., Hassell Eugene Hunter, Edwin Terrel Jeter, Paul Arnold Kuenstler, Wayne Laird, Willis Franklin Larned, Franklin Foyle Martin, Veltion Dewitt Moore, Thomas Raymond Odell, Jr., Bernard Phelps, Zeldon Bryan Thompson, Ray Ulmer, Joseph Edward Thompson Jr., William Chester Via, Richard Lavar Ward, Garland Wood.

Al (Dutch) Jordan, who operated Rice Springs Swimming Pool last season, has leased the pool this year and plans to open at an early date, possibly around the close of school.

Marvin Post of Lubbock was here several days this week on business. Mr. and Mrs. T. C. Cahill are in Del Rio this week, where Mr. Cahill is a delegate to the State Elks Convention.

Dr. Kenneth Oates, who is finishing his work at Baylor Medical School this year, is spending this week at home with his mother and other relatives. He plans to go to Tulane University for further studies.

Mrs. G. C. Lagow of Menard is visiting in the home of her sister, Mrs. W. P. Trice and Mr. Trice.

50 Years Ago - May 21, 1910 T. W. Smith of Amarillo is here to take charge of the Adams Express office in this city.

Mr. and Mrs. F. H. Ellison of Manchester, Ohio, who are connected with the Rock Island Land Company, spent last week here.

The fire boys received their new firefighting clothes. With the splendid record the boys have made in the past, these waterproof suits will place them in the class of expert firefighters.

The laying of steel from the depot to the square for the street car line was suspended this week on account of rain.

Miss Boyd Roebuck, who has been teaching in the public schools, left a few days ago to visit at Ballinger. She will go from there to Honey Grove to attend the wedding of her friend, Miss Florence Baldwin, to J. U. Fields of this city.

L. L. Morrison of Kansas City has gotten out a booklet, carrying a description of Haskell, containing many photographs of public buildings and private residences in this fast growing city.

The rain has kept on falling this week. There is the largest crop of grain forage and cotton in this section before and prospects for a bumper yield are indeed flattering.

Farmers around O'Brien have decided to burn lamps in their fields at night to try and destroy the boll worms. Some have already begun to burn them and soon the fields will be dotted with lights, and by burning them every dark night for the next three or four months they hope it will be the means of getting rid of a great portion of the worms and saving at least a part of the cotton crop.

H. H. Franklin came to town with another one of his good shows and opened a week engagement last Monday night. His tent theatre is located on the south side of the square.

60 Years Ago - May 26, 1900 Rev. R. E. L. Farmer, the popular and able young pastor of the Baptist Church of this place, and Miss Lois Gowdy of Jacksboro were united in marriage Thursday at the home of the bride in Jacksboro. They arrived in Haskell Monday.

The Haskell Brass Band went up to Benjamin and gave an entertainment Wednesday night, and one at Munday on their return trip Thursday night.

Dr. and Mrs. J. F. Tomlinson and Misses Stella and Mary Dodson, Belle Rupe and Lila Smith, Messrs. Sam Pierson, Dan Warren, Walter Tandy and Mr. Curry made up a party that went out on North Paint Wednesday evening to try their luck at fishing. They spent the night in camp and returned Thursday evening.

Mrs. P. D. Sanders left Thursday on a visit to her relatives in Burleson County. The "frying size" had an enjoyable party at the J. E. Ellis home Thursday night.

The cattlemen have been busy the past week working out their pastures and branding calves.

T. J. Lemmon has been appointed cattle quarantine inspector for this section. His postoffice and headquarters are at this place.

Quite a crowd of our citizens went down on Mule Creek near Mr. Keister's Wednesday and enjoyed the day picnicking.

There were some parties here this week buying large mules for use on sugar plantations. We understand they paid \$40 to \$65 for mules.

A geologist who passed through here a few days ago said that from his observation a few miles east of town it was his opinion that there was a very large bed of mineral paint there.

The ladies of the Presbyterian Church will serve a public dinner on Thursday, May 31, to raise funds for some repairs to be made on their church building.

Mercury's the better low-price car and you can prove it

ADD UP MERCURY'S EXTRA VALUES: Just stop in at our showroom and see the proof firsthand. Open the front door of a Mercury... it's up to 5 inches wider than other low-price cars so you can get in and out that much easier. Slide into the front seat. Notice how the instrument panel has been moved far forward. Notice how the car gives you this feeling of spaciousness? Now accept our invitation to go on a private demonstration. Notice the steady, silent smoothness of the ride. That's because Mercury has a 7-to-8-inch longer wheelbase than other low-price cars... is up to 494 pounds heavier, and has far more sound-proofing all-weather insulation.

Try the brakes. They're up to 26% larger in a Mercury. Notice the view. Mercury's windshield and windows give you up to 21% greater visibility than other low-price cars. Now, for the best news of all, just keep on reading...

COMPARE MERCURY'S LOW PRICES: \$63 to \$66 below even the lowest priced powered Plymouth Fury or Chevrolet. And we're not talking about a "stripped" price comparison is based on a deluxe-equipped Monterey with luxurious nylon interior and wall carpeting. So why settle for less? Get all you can buy with Mercury... the better low-price car.

Bareback Bronc Riding is Tough Risky Sport

This hate is intensified when man tries to ride him. The horse actually starts soon after the rider has gotten astraddle him in the chute, by putting his head between his legs, arching his back, raising all four legs for a sensational jump, and descending with a nerve-rendering jar. If he proves to be a sincere but unimaginative buckner, he will continue in this fashion until he is quite worn out; but the more intelligent rodeo type buckner displays an almost unlimited repertoire of vanity and invention—all with the sole intent of unseating his rider. Sudden lunges of a shoulder or hip, miraculous convulsions of the spine, jumps rearward or sideways all have a tendency to sort rodeo performers into two classes—those who stay on—and those who don't.

When a rider throws his hat in the ring for the Bareback Bronc Riding contest, he literally asks for it—and more often than not—he gets it. Fate was liberal in dealing out two arms to cowpokes the same as to any other hombre but the judges and the men who make the rules have proven not quite so liberal. They limit that waddy to using only one arm to stay in the middle of his bronc which makes the rider believe Bikini must have been mild in comparison. Seems as though outlaw horses call on a heritage as old as the peerless stallions that grazed over half a continent with their coterie of mares.

Welcome TO HASKELL

Three big days of spine-tingling action. Don't miss a single performance.

And when man mounts, that bronc is fighting the same as those stallions with with the courage he encountered. He's a bucking, striking, kicking, and biting hunk of horse flesh to anything that's close.

WTU Magazine Wins National Recognition

For the second consecutive year, the Electric Times, West Texas Utilities Company's employee magazine, has been awarded first place in the Public Utilities Advertising Association Annual Better Copy Contest.

The awards were announced May 13 at the association's annual convention in New York.

The Electric Times is one of the oldest employee publications in Texas and is now in its 32nd year of publication. Jimmie Martin has served as editor for the past fifteen years. West Texas Utilities Company won first place in 1959 at the annual convention held in Dallas.

More than 2,500 entries were received in this year's contest, the oldest advertising competition in the world. The contest includes newspaper advertising, magazines, employee publications, direct mail, publications, display, posters, billboards, annual reports, radio, television and motion picture.

The WTU publication competed in Class C, which is the largest classification in the Better Copy Contest. Award certificates were presented at the convention to representatives from the United States, Canada, Hawaii and Cuba for achievements in 19 classifications and public relations.

Reunion of SMS Ranch Employees Stated at Spur

A reunion of SMS Ranch employees and former employees will be held Saturday, May 28 in Spur, T. F. Falls of Throckmorton, reunion director, announced.

Approximately 600 are expected to attend. More than 300 attended the SMS reunion last year.

Gail Williams to Receive Degree From U. of T.

Gail Williams of Haskell is among 64 University of Texas College of Fine Arts seniors scheduled to receive bachelor's degrees at June 4 Commencement exercises.

Miss Williams is the daughter of Mr. and Mrs. Al C. Williams of Haskell.

Bucking Horses Just Ornerly and Can't Help It

Bucking horses are just plain ornerly mean! Why do they buck, no one knows! They just don't want to be ridden. The Spanish word bronc means a wild horse, but the buckin' horse is more than just wild, he's canny. He figures out how to unseat a cowpoke and then stays with his trick right after the ride. Most of the buckers come from the high Northwest of the United States or Canada where the climate and rough terrain make them long on size, short on temper. Some men hope that buckin' horses can be bred but like the harness racers who hope to breed a natural trotter, none has been produced to date.

There's a proverb in the rodeo ranks that says: "There never was a horse that couldn't be rode. There never was a

cowboy that couldn't be throwed."

The deeds of brones have produced many fables. Riders tell of the fabulous Widow Maker, a mythical beast no one could top save Pecos Bill the South-west's Paul Bunyan. Widow Maker is said to have heaved one cowboy so high he landed on Pike's Peak.

The first real live buckner to gain fabled fame was Steamboat, an ebony-black that snorted like a river boat whistle through his broken nose and splowed riders to the number of 1,999 all over the Plains. Now he's immortalized on Wyoming number plates.

Scott Memorial Park adjacent to Lake Stamford, was a gift to the people of Haskell County from Mrs. S. W. Scott and her children.

Tree farms in the Pacific Northwest contain more than 100 species of trees, 23 of which are of major commercial importance.

Many Factors Affect Outlook For This Year's Cotton Crop

BY F. W. MARTIN
County Agent

In order to get a clear perspective of the outlook situation for cotton for the current year, consideration should be given to factors that affect supply and demand.

Some of the major factors affecting outlook on the supply side are: the acreage that will be planted in 1960, the carryover, domestic and foreign mill operations, the effect of our export policies on foreign productions, and the trend in the use of cotton.

With an increase in the number of farmers selecting Plan B for 1960, there will be a potential increase in acreage planted. Much of this increased acreage under Plan B will be in the areas of highest per acre yields, especially in the irrigated regions of the Southwest and West. However, this

increase will be somewhat diminished by the additional land signed up under the Conservation Reserve for 1960.

Subsoil moisture is good at the start of the year, but the crop is getting off to a slow start. If the weather turns out favorable, the increase in acreage could give a total yield greater than 1959.

The steady increase in foreign production of about one million bales per year has slowed down. There was an actual decrease in 1959. The increase in foreign planting over the past has used up much of the better lands and additional increases will require the use of the less profitable lands. Lowering the price of United States cotton by our export policies will probably discourage or retard the rate

of increase in production, especially in the Foreign Free World countries.

The carryover of U. S. cotton on August 1, 1960 is expected to be about 88.1 million bales, down about .8 million bales from that of a year earlier. The decrease is being caused by a substantial gain in exports and some increase in domestic mill consumption. Total disappearance in the 1959-60 marketing year is expected to be about 4 million more bales than in 1958-59. This large disappearance for 1959-60 of about 15.5 million bales is perhaps larger than should be expected next year.

The most important demand factor is the present economic situation of the mills, both domestic and foreign, trends in various uses of cotton, trends in uses of man-made fibers, the rate of population growth, the striving of people everywhere for higher standards of living and trends in export of U. S. cotton.

Cotton mill margins are wider at present than they have been in several years. Mills

have a substantial backlog of orders that should keep operations profitable for some months. In other words, mills are on the upswing of the cycle following several years of downswing and in the trough of the cycle. Most mills are sold through the first half of 1960 and many have booked substantial sales for later shipments. Total domestic mill consumption should run close to 9 million bales this year and about 300,000 bales over last year. Foreign mills are also producing again at a high level after a considerable period of downswing in the cycle. The present rate of consumption in foreign mills indicates their consumption should exceed last year's by 1 million bales.

The three major uses of cotton are for clothing, industrial and household furnishings. In some of the uses cotton has been taking a terrific beating for a good many years. Per capita consumption of all fibers has greatly increased in recent years, but the increase has been almost entirely in man-made fibers. Per capita consumption of cotton has been fairly static for a long time. Man-made fibers made large inroads in all major uses, in some new trends are now discernible. Cotton for clothing has been making a remarkable comeback, rising from 2.5 million bales in 1947 to 4.5 million bales in 1959. Cotton, therefore, has been increasing its share of the clothing market. The spread of prices between synthetics and cotton also has been narrowing.

Cotton has taken its worst beating in the industrial field, especially in such things as tire cord and bags. However, there are signs indicating industrial consumption of cotton may level out or rise rather than continue to drop. Household uses have been steady since 1947 with a slight increase. Cotton still must fight hard to hold what it has or to gain ground.

Population growth will not increase demands for cotton in the short run but an increase of over two million per year in the U. S. with comparable increase in other countries bodes well for cotton in the long run. Also, the people of the world are striving for higher standards of living, which means more demand for clothing and more industrial and household uses.

The present export situation is brighter than we should expect to continue. The present outlook of exports this year of 6 to 7 million bales possibly higher than we can maintain next year. However, there are some encouraging features in the export outlook for American cotton. Foreign production for a number of years has

been rapidly narrowing the gap between total foreign production and total foreign consumption. This gap had been narrowed to near 1 million bales by 1955. Now there is some reason to believe the gap may widen again with foreign production tending to level out and foreign consumption in the Free World to increase on an average of about .8 million bales per year. The chances are good foreign consumption may outpace production over the next few years.

The cost-price squeeze in the months ahead shows no indication of improvement for the producers with prices they pay for production resources continuing to rise but with little likelihood of increases in the price of cotton. The prolonged crisis in the cotton economy is not yet over, but there are some brighter hues appearing in the picture that are sufficient to stimulate some enthusiasm for the future.

Cotton producers must remain alert in adopting practices which will lower unit costs. The encouraging sign in the current outlook should not breed complacency. Growers who utilize fully the proven technological advances surely will remain in the best competitive position.

Opportunities for lowering costs are unusually greatest in the area of harvesting and the use of mechanical harvesters is increasing sharply. The use of chemicals for weed control and/or the rotary hoe often bring savings. Careful calibration of spray equipment along with close field observation of insect activity may avoid waste of pesticides that could increase costs.

Some cotton growers are reducing their overhead costs for machinery such as pickers or strippers by one of two methods (1) renting additional "allotments" or (2) spreading the machine use through custom work for neighbors.

Remember when small economies are realized throughout the production and marketing chain the total results can bring material boosts in profits. The widespread use of cost reduction technology can assure better long outlook for American cotton.

James Fowler to Receive Degree At NTSC

James Fowler of Haskell is one of 558 seniors who have applied for bachelor's degrees at North Texas State College this semester.

Baccalaureate services will be held at 11 a. m. May 29 with the Rev. Granville Walker of Fort Worth's University Christian Church as speaker. Commencement exercises are scheduled for 8 p. m. May 31.

Fowler, son of Mr. and Mrs. William A. Fowler, 1108 N. 8th St., is a candidate for the bachelor of science degree in physical education.

News from Rule

MRS. FAYE DUNNAM

Mr. and Mrs. Frank Campbell visited their daughter, Mary Jane in Lubbock Tuesday of this week. Mary Jane is receiving her degree from Texas Tech Monday night. She is remaining in Lubbock to work this summer and will teach next year.

Mr. and Mrs. Paul Sloan and three daughters of Dallas, visited recently with her parents, Mr. and Mrs. Ben Kittley.

Mrs. Earnest Simpson and children, and Mrs. Weldon Norman and Craig, are visiting with Mrs. Simpson's parents in Meridian, Miss.

Mrs. Maude Colbert has returned to her home in Fayette-

ville, Tenn., after visiting with the R. E. Colbert family. Jackie Colbert, Barbara, and Gerri Colbert made the trip to Tennessee. Barbara will remain most of the summer, and Gerri will visit with her other grandparents in Mississippi.

Mr. and Mrs. Jack Wilcox and Jackie are vacationing in Canada.

Mr. and Mrs. Clyde Laughlin spent the weekend in Fort Worth visiting with relatives.

Mr. and Mrs. C. W. Dunnam and Kenny brought home second place trophies in Junior Paint and Junior Combat flying.

Mr. and Mrs. Boyce Poil visited their son and family, the Roger Poils, in Abilene Sunday.

Mr. and Mrs. Ben Kittley have been visiting her mother in Weatherford.

Wheeler-Hill Engagement

Mr. and Mrs. J. J. Wheeler of Rule are announcing the engagement and approaching marriage of their daughter, Myra Lou, to Ronald Hill, son of Mr. and Mrs. Raymond W. Hill of Rule.

The couple will be married June 4, in the home of the bride-elect's parents. The Rev. H. H. Sego of Haskell, pastor of Mattson Baptist Church and uncle of the bride-elect, will officiate.

Miss Wheeler was graduated from Rule High School and is employed by Floyd West Co. in Lubbock. Her fiancé, also a graduate of Rule High School, attends Texas Technological College and is employed by South Plains Drug Co. in Lubbock.

School Honors Awarded

Marijane McAdoo and Johnny Westbrook, both fourth graders, received the citizenship award for grades four through eight at the Eighth Grade Commencement exercises Thursday night. Kenny Tanner and Caron Cloud received the award for the first three grades. They are both in the third grade. Crawford Allison, a sixth grader, received the Spelling Award.

Thirty-one elementary and junior high students received certificate for being neither absent nor tardy.

On Friday night at the Senior Commencement Tom Horton and Barbara Stryker, both juniors, received the school citizenship award. Keith Whitaker, a junior, received the American Legion Citizenship award, and Judy Guinn and Jackie Colbert, both seniors, received the Rotary and Rotarian Award.

Fern Ross Honored

Fern Ross, bride-elect of Marian Singleton, was honored with a miscellaneous gift tea Saturday evening, May 21, from 7 to 8:30 in the Philadelphia Club House in Rule.

The club house was decorated in the bride's chosen colors of pink, green and yellow. The refreshment table was laid with pink net over taffeta. The centerpiece featured yellow and green. Table appointments were of silver and crystal.

Mrs. J. E. Geer and Mrs. N. S. Ousley alternated at greeting guests. Those in the receiving line were Mrs. Alton Ross, the bride-elect's mother; Miss Ross, Mrs. Alvin Singleton, the groom-to-be's mother; Mrs. Lillian Reeves, his grandmother; Sonia Singleton, his sister; and Mrs. Genevieve Miller, the bride-elect's sister.

Mrs. J. J. Wheeler and Mrs. W. A. Fischer showed the gifts. Mrs. Ed Cloud and Mrs. John Estes registered guests. Janet Hannsz played the piano during the evening.

Ladies serving were Meses. A. D. May, L. M. Jeter, Bruce Miller and Davis Jones. Other hostesses were Meses. E. B. Whorton, Tom Florence, Edwin Kinney and E. C. Smith.

Sagerton News

BY MRS. DELBERT LEFEVRE

Vacation Bible School will start at St. Paul's Lutheran Church and at the Sagerton Methodist Church Monday, May 30, at 8:30 a. m. Any children in the community who are interested, are invited to attend one of the Bible schools.

Mr. and Mrs. Cliff LeFevre visited in Wortham last week end with relatives.

J. S. LeFevre of Coleman was a guest in the Delbert LeFevre home Sunday.

There were only three in the Sagerton school who were neither absent nor tardy last year. They were: Steve Clark and Larry and Kent LeFevre. Children in the Sagerton school were absent from school during the year because of measles, mumps, and other sicknesses.

Mr. and Mrs. Jack Tabor and children of Fort Worth, accompanied by Bill Tabor, attended the senior commencement exercises in Rule Friday night. Judy Guinn returned to Fort Worth with them for a weeks visit.

Miss Jana Ulmer returned to Lubbock with her brother, Winston, who was here from Texas Tech last weekend.

Mr. and Mrs. Clyde Gwyn and daughter, Pauline of Midland, accompanied by Mrs. Gyn's mother, Mrs. J. M. Reising, spent last weekend with Mr. and Mrs. B. Hess. They attended the Rule High School commencement Friday night.

The Zion Lutheran Church will begin their Vacation Bible School on June 13, for two weeks, each week day morning from 9 until 11:15. Mrs. Lemuel Dippel in the superintendent.

Mr. and Mrs. August Angerman were guests of Mrs. Minnie Koch and son, in Lueders Sunday.

The wheat harvest is now in full swing in this community with the average yield of about twenty bushels per acre.

Emil Kainer Jr., and daughter, Gloria Faye, of Bisbee, Ariz., were here with Mr. and Mrs. Emil Kainer Sr. last week while Mrs. Kainer was with her mother, Mrs. Marr, who is very ill in a hospital at Quanah.

Guests in the Emil Kainer home Thursday evening for Mrs. Kainer's birthday party were: Mr. and Mrs. J. C. Kainer and family, Mrs. Bertha Freeman and children, and Mr. and Mrs. Wm. Barnett, all of Stamford; Mr. and Mrs. Bill Bradshaw and children of Anson, Mr. and Mrs. Jerry Kainer, Mr. and Mrs. J. D. Kupatt and family of Rule, Mr. and Mrs. Albert Stremmel, Hilda and Emil, and Mr. and Mrs. August Angerman.

Guests in the home of Mr. and Mrs. Charles Clark Saturday night for a fish fry were Mr. and Mrs. Charles Clark, Mr. and Mrs. Joe Clark and family, Mrs. John Clark and Whit, Mr. and Mrs. Ben Kittley and Mr. and Mrs. Ollie Kittley and sons, Mrs. Ed Wilson of Dimmit, Mrs. A. C. Denson, Mrs. R. N. Sheid, Mr. and Mrs. Bogan Rhea of Stamford, Mr. and Mrs. M. Y. Bentson, Mr. and Mrs. HGail Baitz of Tuxedo, Mr. and Mrs.

Davis Jones and family of Rule, Mr. and Mrs. Roy Fredrickson and Miss Ellen Lundquist of Duluth, Minn. The latter are visiting with Mr. and Mrs. Pete Kittley and the fish fry was given in their honor.

Last Sunday a dedicatory service was held at the Zion Lutheran Church for the new pews, the new missal stand, and the recently constructed sidewalks on the churchground.

Mrs. Melvin New returned home last week from Cleburne where she was called to the bedside of her mother, Mrs. McCarty.

Bull Riding One Of Rodeo's Big Action Events

Heads up for thrill of the rodeo! Not so many years ago somebody got the idea of crossing the sacred bull of India with the bullfighting breed of Spain and the Longhorn cow—and there came into being the Brahma. Not a thing of beauty and definitely not dairy-minded, the chief aim in the Brahma's life was to be vicious and thus become a rodeo favorite. Agile, strong and tough, these most dangerous of all cattle not only buck beyond compare but seek vengeance by attempting to gore the dismounted riders.

The clown's task is to look amusing while he does the very serious job of protecting the rider. This event is somewhat like bronc riding—the contestant draws for his steer and must ride ten seconds to qualify. On leaving the chute the rider has both spurs against the steer's shoulders and must spur the steed until he hears the signal to dismount. Both the steer and rider are judged.

Earlyday Rodeo Was Impromptu Affair

Today's preparations for staging a rodeo differ greatly from the few plans necessary for the West's first cowboy competition in roping and riding, back before the word rodeo came into popular use.

Newspapers, radio and television spread the news about today's rodeos, and people in all parts of the country are given complete details concerning the rodeo program.

It was not that simple a matter in the 80's.

History states that the first rodeo was born when cowhands of early-day outfits gathered in some frontier town and the old dispute as to which outfit had the best ropers began. So it was decided on a contest to settle the dispute. Word was spread by horseback over a period of several months and leading ropers were chosen from each ranch. Cash prizes were then posted, a barbecue was arranged, and the affair became a gala celebration.

This small group of cowboys, seeking entertainment to break the monotony of the open spaces, paved the way to what is perhaps the most colorful of present day sporting events.

Eileen King to Receive Degree At Texas A&I

Eileen King of Haskell will receive the Bachelor of Science degree in commencement exercises at Texas College of Arts and Industries, Kingsville, May 28.

Dean J. C. Jernigan states that 326 students are candidates for degrees. Of these 320 are seeking bachelor's degrees while 16 are candidates for the master's degree.

Miss King is the daughter of Mr. and Mrs. Robert R. King of Haskell.

NEWS OF INTEREST WOMEN

Junior Hi P-TA Installs 1960-61 Officers

Junior High Parent-Teacher Association met May 19 at 9:30 a. m. in the Visual Aids Room of the high school. Mrs. J. V. Frizell Jr., of Stamford, installed the new officers for the year. They were:

President, Mrs. Edwin Jeter; vice president, Mrs. Joe Thippen; secretary, Mrs. Geo. W. Fouts.

Mrs. Ferrell Coston was presented a past-president's pin as a token of the association's appreciation of her successful year's work.

Mrs. J. L. Mullins presented an inspiring devotional on "What Kind of Parent Are You?"

Mrs. R. W. Herren, past 18th District President, instructed those present on the Leadership Course. Those members who have not gotten their books, please contact Mrs. Fred Brown. There were fourteen members in attendance. Lunch was enjoyed in the high school lunchroom and study was concluded at 2 p. m.

Parchisi is a game of East Indian origin.

Scholarship Is Established by B&PW Club

Miss Mylta Kreger was the recipient of the Scholarship in Business Administration, presented by the Haskell Business and Professional Women's Club, in the graduation exercises Monday night, May 23.

The Scholarship established by the club in 1959 was presented for the first time this year. It is the major project of the Career Advancement Committee.

The Scholarship is presented to the Haskell senior girl, who has in the four years completed the curriculum set up by the Business Administration Department of Haskell High School.

Students are carefully screened by the committee from the B&PW Club and the supervisor of the Business Department of the school. Selection is based on Scholarship, Leadership, Citizenship, Personality, and appearance.

The principle of the barometer to forecast weather was discovered by the Italian physicist, Torricelli.

Workshop Held On Home Utility Appliances

A workshop on major household equipment was held Wednesday May 18, when information was given to home demonstration club members and non-club women on the selection, use and care of washers, dryers, refrigerators, freezers and ranges.

General things to consider in selecting household equipment was given by Barbara McAnelly, county HD agent. Such questions as: Do I need the equipment? Are the features on it true conveniences or gadgets? What is the cost? were discussed.

The group visited Frazier's Appliance Store where J. W. Davis, their service man, discussed washers and dryers. Such features as exterior finishes, temperature control, washcycles, steps in washing, loading, etc., were covered.

Mrs. Earlene Horton, with West Texas Utilities, demonstrated the use of the electric range and discussed freezers and refrigerators.

The group had an excellent opportunity to inspect and ask questions about appliances.

A booklet on "Home Appliances and What to Look For" was given to each person attending. Copies of these are available from the county home demonstration agent.

Elementary P-TA Honors Two Members, Mrs. Ed Hester and Miss Madalin Hunt

MRS. ED HESTER

MISS MADALIN HUNT

The Haskell Elementary Parent-Teachers Association presented "Life Membership Pins and Certificates" to Miss Madalin Hunt, teacher of the third grade in the Elementary School, and to Mrs. Ed Hester, past president of the association, at the last meeting of the school year.

Mrs. Hester has been a member of the Parent-Teacher Association continuously for 15 years. During this time she has served as a Room Mother almost every year, dividing her attention between two rooms at a time. During one school year, she served as Room Mother for three rooms, when her oldest daughter, now Mrs. Raymond McBroom, entered high school, her youngest daughter, now Mrs. Jimmy Browning was a junior high school student, son Eddie was in Elementary school and son Gene in kindergarten.

At the same time, Mrs. Hester held membership in both junior high and elementary school associations. She served on hospitality, study course, health, membership, program, and publicity committees, and was reporter, parliamentarian and vice president.

Mrs. Hester was president of Junior High P-TA for part of two years, filling the unexpired term of another president. She has held office of vice president in both associations, and is chairman of the nominating committee this year in Junior High and has been appointed membership chairman for next year. She has taken the Parent-Teacher procedure course twice and is working on the Parent-Teacher leadership procedure now.

She has served on the board of District 13 for two years as chairman of yearbooks and publicity record books.

Mrs. Hester helped organize District 18 and served on the district executive board three years as vice president of Haskell, Knox and Stonewall Counties. She was chairman of the courtesy resolutions committee at the district conference in Abilene.

Mrs. Hester has traveled hundreds of miles going to district board meetings, district conferences, schools of instruction and state conventions in Wichita Falls, San Antonio, Corpus Christi, Ft. Worth and the National Congress of Parents and Teachers in Oklahoma City, Okla.

In addition to her activities in P-TA, Mrs. Hester has given time to youth programs in various fields, including Camp Fire Girls and Council, Boy Scouts three years, and Little League three years.

During this time, Mrs. Hester has not neglected her work in the First Presbyterian Church. She taught the Primary Sunday School Class when her children were small. She served as president of local Women's Work. She was a district chairman three years in Mid-Texas Presbyterial, holds a life membership in the Women's Work, and has been elected to serve as president next year.

Miss Hunt started her teaching career as a Public School music teacher in Brownwood. After her first year of teaching she was elected to teach music in the Haskell Public School, in North Ward. She taught music until she was elected Principal of North Ward. She served as Principal of

Center Point HD Club Meets With Mrs. Denson

Mrs. Oris Gibson, president, presided when the Center Point Home Demonstration Club met Thursday afternoon, May 19, in the beautiful spacious country home of Mrs. Alice Denson, midway between Sager-ton and Stamford.

The program was given by Misses Mary Lou and Ann McLennan, 4H girls from Paint Creek. The demonstration was a gelatine salad made of milk and milk products.

Miss Ann McLennan will attend 4-H State Roundup at college Station June 7, 8, 9.

Mrs. Travis Smith was elected as a nominee for State delegate to attend THDA meeting in Brownsville in September.

Refreshments were served to Mrs. Lorene Fouts, Eva Pearsey, Autie Bland, Janie Whitaker, Zada Smith, Marie Kohout, Emma Bland, Julie Gibson, Sally Patterson, Tilda Marugg, Claudia Mae Bland, Frances Bird, the hostess, and special guests: Mrs. Johnson, of Fort Worth, Mrs. Emma Holcomb of Rule, Mrs. Vennie Lytle, and Misses Mary Lou and Ann McLennan of Haskell.

Miss Scarbrough, Dick Heaberlin, To Wed July 16

Mr. and Mrs. W. L. Scarbrough are announcing the engagement and approaching marriage of their daughter, Glenda Sue, to Dick Heaberlin, son of Mr. and Mrs. O. L. Heaberlin of Orange, Texas.

The wedding will take place July 16 in Grace Temple Baptist Church of Denton, Texas.

Miss Scarbrough is an English major in North Texas State College, where she will graduate in January.

Heaberlin was graduated last August from North Texas State, and has taught this year in Dickenson schools.

LEAVING THIS WEEK FOR CHARLESTON, S. C.

Electronics Technician First Class Kenneth R. Easterling, accompanied by Mrs. Easterling and their little daughter, Kay Marie, are leaving this week for Charleston, S. C., where he will be stationed. Mr. and Mrs. Easterling and daughter returned in January from 17 months stay in Oahu, Hawaii. Mrs. Easterling is the former Mamie Voyles of Haskell. Mr. Easterling has just completed a submarine school and advanced equipment maintenance school at New London, Conn. He joined the Navy in September, 1952.

Rainbow Sewing Club Meets With Mrs. Thomas

The Rainbow Sewing Club met in the home of Annie Thomas May 17. The house was beautifully decorated with flowers. Several songs were directed by Zada Smith with Annie Pearl Lusk at the piano. Annie Thomas gave this thought for the day: "A good conscience is to live close to God." A reading, "Buying Friendship" by Sallie Patterson. Reading, "Yacking in Church" by Flossie Rogers. Zada Smith won honors for the most sewing.

The club planned to have a party in the home of Eddie Johnson Tuesday night, May 31.

Florence Larned sponsored several games which were enjoyed by all.

Ann Taylor drew the nice hostess gift. The meeting closed by singing the farewell song. Refreshments were served by Mrs. Eddie Johnson, Sallie Patterson, Annie Pearl Lusk, Flossie Rogers, Essie Bland, Ethel Edwards, Stella Josselle, Cora Pitman, Florence Larned, Ann Taylor, Annie Thomas.

Next meeting will be with Flossie Rogers.

Mrs. R. C. Liles Directs Weinert WMS Program

Weinert WMS met Monday for Mission Study under the direction of Mrs. R. C. Liles.

The meeting was opened with prayer by Mrs. G. C. Newsom. Mrs. Liles taught two chapters of "Educating Youth in Missions," by Mildred McMurry. Mrs. O. W. Vaughn led the group in the closing prayer.

The next meeting will be the first Monday in June when the WMS will meet for the Royal Service program with Mrs. C. C. Childress directing. Theme will be "Unto the Children's Children," a study of Brazil.

Local B&PW Club To Be Guests of Hamlin Club

The Business and Professional Women's Club of Haskell will be guests of the Business and Professional Women's Club of Hamlin, Tuesday night, May 31, at 7:30 p. m. The meeting will be held in the Hamlin Oil Mill Guest House. The affair is a covered dish supper. All Haskell members have received a cordial invitation to attend this meeting. After the supper, Miss Madalin Hunt, president of the Haskell club, will install the 1960-61 officers of the Hamlin club.

Mrs. Withers. Beginning with The Forest Park Municipal Opera of St. Louis, Mrs. Roy Everett, guest soloist, and Mrs. Floyd Cook rendered "With a Song in My Heart," selection from Aida, and "Oh What a Beautiful Day."

Piano compositions by Hayden and Mozart, representative of the Anchorage Music Festival held at Anchorage, Alaska each June were presented by Martha Meadors and Mrs. R. M. Middleton.

Mrs. Clinton Kimbrough sang "The Birth of the Blues," representative of the Jazz Festival of Newport, R. I., and the Dixieland Jazz of New Orleans.

Later, in the native dress of the Hula girl, authentic grass skirts lei and anklet ornaments, and playing her own accompaniment on the ukulele, Mrs. Kimbrough sang "Aloha," suggestive of the Hula Festival observed in August in Honolulu, Hawaii.

From the various Festivals

PAINT CREEK . . . COMMUNITY NEWS
BY MRS. GENE OVERTON

In District F.F.A. Competition last Tuesday at Hawley Jeff Smith won first in Public Speaking. He gave the speech for those who attended the Soil Conservation movie at the lunch room Thursday night, and it is really good. I hope you may hear him give it sometime. He will enter Area competition next month.

Mr. Willie Lee Medford and 1's Agriculture boys spent last Friday afternoon and night and Saturday morning at Cisco Park. They all had a wonderful time.

Mrs. George Free has been a patient in the Stamford Sanitarium for the past two weeks, but was able to return to her home Friday. She is still not able to be up all the time, but she is better.

Daily Vacation Bible School is in progress at the Methodist Church this week. Mrs. Ray Bergarten Department is under Mrs. Allen Overton and Mrs. Irvin Overton. Mrs. Roy Overton and Mrs. D. E. Livengood have the Primary, and Mrs. Allen Isbell and Mrs. Ray Perry have the Juniors. Mrs. Ray Overton is pianist. They are having about 10 children every morning.

Mr. and Mrs. Pat Morrison spent last Sunday with his parents Rev. and Mrs. V. P. Morrison.

Kay Overton and Milla and Ricky Perry were in recital at the church last Thursday evening. They are pupils of Mrs. Hubert Bell.

The members of the senior class returned from their senior trip to New Orleans last Friday. They had a wonderful time. They had a boat trip up the Mississippi River, and visited Chris Owen's and her husband's night club. They said the big topic of conversation in Louisiana was that they were going to integrate their first grades in the schools this coming year.

The Cub Pack No. 48 of Paint Creek had their last regular Pack meeting Monday night at the school and enjoyed a weiner roast with their families. They re-registered the Pack and Ray Perry was elected Pack Master. Several awards were made, and Gordon Don Harris completed his Cubbing and was awarded the Webelos Badge.

This week is Soil Stewardship Week, and the California Creek Soil Conservation District brought a film called "The Soil is the Lord's" to show us in the lunch room last Thursday. It was a most impressive and beautiful film, and everyone enjoyed it. The Vocational Agriculture boys served coffee and cookies after the show, and it was a nice affair. Mr. Garth McCollum and Mr. W. D. Poole from the Soil Conservation office brought and showed film.

Miss Cynthia Russell, Bill Wallace and Mrs. John (Buddy) Russell went to Dallas Tuesday where they met Buddy Russell at Love Field. He has been discharged from the Army in Carolina after his 6 months service. He plans to return to Abilene and will work for M-System where he was produce manager before entering the service.

Mike Overton and Mr. and Mrs. Ervin Frierson and little daughters were in Abilene Sunday to attend the Model Plane flying contests. Kenny Young, a member of the Haskell Club won two second place trophies.

Cadet Jimmy Griffith of Texas A&M spent last week end at home with his parents Mr. and Mrs. Bill Griffith and sisters Linda and Brenda. Jimmy took the family pick-up back to school to move in when school closes.

Mr. and Mrs. Boyd Cathey and daughter Elizabeth of Grand Prairie spent last week end with Mrs. Cathey's father W. A. Montgomery. This was Mr. Cathey's first trip out here since his surgery, and he is looking so well.

Mr. and Mrs. Dennis Mudd of Cleburne were here Monday and guests in the home of Mr. and Mrs. W. S. Cox. Mrs. Mudd

Hospital Staff And Families Enjoy Picnic

The Hospital nursing staff and their families met at the Rice Springs municipal park Tuesday, May 17 at 7:30 p. m. for a picnic.

There was a lot of talking, plenty of fun, singing, and an abundance of food which everyone enjoyed.

Hot dogs, pickles, potato chips, onions, brownies, cookies, punch and coffee provided a delicious picnic meal.

The following were present: Mr. and Mrs. George Turner, and family, Mr. and Mrs. Albert Knippling, Mr. and Mrs. Bill Berry and Carl Wayne, Mr. and Mrs. J. E. Jetton, Mr. and Mrs. Clinton Kimbrough and girls, Mrs. Omyle Harbon and Pat, Mrs. Irene Boland and Johnny, Mrs. Reta Baccus and grandchildren, Mrs. Linnie Teague, Mrs. Faye Fowler, Mrs. Jean Lawson, Mrs. Betty Turnbow.

Hospital Notes

The following persons have been listed as patients in the Haskell County Hospital during the past week:

Roy Oliphant, medical, Haskell.

T. F. Blythe, surgical, Haskell.

F. I. Pearsey, surgical, Haskell.

Roy Calloway, surgical, Haskell.

Mrs. George Gobie, medical, Rochester.

Byron Haynes, surgical, Haskell.

Mrs. R. C. Couch Jr., surgical, Haskell.

Mrs. Harold Yearwood, surgical, Haskell.

Lisa Dutton, medical, Weirter.

Mrs. R. C. Montgomery, medical, Haskell.

Mrs. D. E. Brazell, surgical, Haskell.

J. C. Rice, medical, Munday.

Mrs. W. A. Harbin, medical.

was making arrangements to move the bodies of her son Buster Cox and his father A. L. Cox to the Cleburne Cemetery, from the Howard Cemetery. Now that she and her children live there, they wanted the bodies in a perpetual care cemetery near them.

Dr. David Ballard is getting an oil well on his place. The heavy machinery moved in all week end. Hope they find some oil.

Mr. and Mrs. L. W. Jones, Sr. spent Sunday in the home of their daughter's family, Mr. and Mrs. Gene Overton.

Here is another poem for you who called to tell me you enjoyed the other.

"What makes a home?" I asked my little boy.

And this is what he said: "You Mother, And when Daddy comes, our table set all shiny, And my bed—and, Mother, I think it's home Because we love each other!"

You who are old and wise, what would you say If you were asked the question? Tell me, pray.

And simple as a little child, The old wise ones can answer nothing more—

A man, a woman, and children—their love, Warm as the gold hearth-fire along the floor, A table, and a lamp for light— Only the old, sweet fundamental things.

And long I learned— Home may be near, home may be far, But it is everywhere that love And a few plain household treasures are.

Haskell, Weinert Graduates Due H-SU Degrees

Five graduates from Haskell County will be among the group of 200 receiving degrees at Hardin-Simmons University in commencement exercises May 30.

Receiving bachelor of science degrees will be Emilee Griffith of Route 3, in elementary education; Alton Wayne (Bud)

Dismissed

Mrs. Donald Simes, Rule; Mrs. C. F. Oman, Weinert; Mrs. R. M. Walker, Weinert; Mrs. Laura Massey, Haskell; Mrs. Hugh Gober, Rule; Mrs. G. R. Coleman, Stamford; Mrs. H. Hartsfield, Haskell; Mrs. C. R. Epley, Rochester; Mrs. O. N. Honea, Haskell; Mrs. O. N. Westmoreland, Rule; Mrs. W. P. Ruff, Haskell; Mrs. N. J. Larned, Haskell; Mrs. R. M. Middleon, Haskell; Mrs. L. D. Ratliff, Haskell; Mrs. Bobby Anders, Stamford; Mrs. Jack Neathery, Rochester; August Rueffer, Haskell; Mary Delao, O'Brien; Alan Coleman, Haskell; Lyns Free, Lamesa; Miss Oval Huddler, Rule; Sandra Barton, Rochester; J. J. Drinnon, Haskell; E. R. Starr, Haskell; B. W. Webb, O'Brien; Freddie Ray, Haskell; Hugh L. Smith, Throckmorton.

The Very Newest

The following births have been recorded in the Haskell Hospital:

Mr. and Mrs. W. L. Giles of Haskell, a boy, Charles Landis, born May 23, 1960, weight 6 lbs. and 8 oz.

Mr. and Mrs. Bobby Eugene Jenkins of Haskell, a boy, Darrell Wayne, born May 23, 1960, weight 8 lbs. 3 1/2 oz.

Charles Lindbergh made his historic flight across the Atlantic on May 20, 1927.

Minnesota's nickname is the Gopher State.

Water surface of the Arctic Ocean is 5,440,000 square miles.

Mongomery, Haskell in physical education; Ruby Neil Pogue, Haskell, in elementary education; and Cleatus Woodrow Drinnon, Weinert, in physical education.

Bachelor's degree in business administration will be awarded Wanda Sue Rhoads Haskell, in secretarial science.

Other than his interest in canals, submarines and ships, Robert Fulton also patented a mill for polishing marble.

Whether you are a cowboy, cowgirl, or spectator — you'll enjoy the fine food served at—

West Texas Utilities

the Austin office of the highway department, more than 115,000 boat numbers have been assigned as of May 1, under the new water safety law.

Really the popularity of boats in Texas is not too surprising when you stop to consider the state's geography. Texas is bounded on the south by the Gulf of Mexico, with wonderful bay fishing or deep sea fishing, or both, from Port Arthur to Brownsville.

Our northern boundary is the Red River and the mammoth bass fishing area provided by Lake Texoma.

To our west is the Rio Grande River with its increasingly popular and highly productive Lake Falcon.

On the east we have the Sabine River with an abundance of good fishing all the way from Lake Texarkana and the Caddo Lake south to the Gulf of Mexico.

That's not all that Texas has to offer the fisherman. Not by a long shot.

Did you know that there are more than 700 lakes in Texas? You'll be surprised too to learn that not one of them is a natural lake. All are man-made. Over 600 of them are 100-acre lakes and larger, with the remaining 100 much larger.

You can draw a not too wavy line through the center of Texas, north to south, from the Red River to the Gulf of Mexico, that will touch such wonderful lakes as Possum Kingdom, Bridgeport, Dallas, Fort Worth, Eagle Mountain, Whitney, Brownwood, Waco, Belton—and the six beautiful Highland Lakes (Buchanan, Inks, Granite Shoals, Marble Falls, Travis and Austin)—not to mention Lake Medina and Lake Corpus Christi.

Then toss in some wonderful lakes east and west of center and you have a tidy lot of temptation for the angler.

For example there is Lake Kemp, Oak Creek Lake, Shaft-er Lake, Cedar Lake, Devil's Lake, Lake Nasworthy, San Angelo Reservoir, Lake Abilene and a handful of others in what once was known as dry West Texas.

Good fishing spots abound in the Eastern half of Texas, with fish-filled rivers and clear running streams providing plenty of outdoors pleasure.

To name a few of East Texas' popular lakes there's Alcoa Lake, Lake Houston, Dam B. Reservoir, Mountain Creek Lake Lavon . . . all fine fishing spots. And there are many more, such as Lake Mervel, Striker Lake, and others.

So, you see there's a reason for all those boats.

And there is a special reason too, why why you haven't done so should have your boat registered.

Ever have your boat stolen? Well, it has been done, you know. Maybe not yours, but there has been plenty of others pilfered. And yours could be next.

Numbering your boat will lessen the danger of theft.

Haskell Marine In Amphibious Exercise

Camp Pendleton, California (PHTC) Marine Pfc. Warner W. Griffin, the son of Mrs. Veda E. Griffin of Rm. 3, Haskell, serving with the First Marine Division, took part in an amphibious exercise on the beaches of Camp Pendleton May 4-13.

The exercise, nicknamed "Operation Big Top," involved over 15,000 Marine and Navy personnel, and was designed to test new equipment and tactics, as well as to train personnel in the many facets of amphibious warfare.

Highlight of the operation was a night amphibious assault by the 20 Navy ships and 60 Marine helicopters of "Big Top's" task force.

According to the National Safety Council, a drinking driver is involved in 2 out of 10 fatal motor vehicle accidents.

Warden Warns Keep Hands Off Wildlife Young

Leave the babes of the woods in the woods. That's the advice of Captain E. M. Sprott, director of the Game and Fish Commission.

During the spring season when the young of wildlife come into the world, they are subject to many predators, not the least of them being persons who think the baby birds and animals are cute.

There is a tendency on the part of children to pick up baby rabbits or baby birds, but grown-ups have their weakness, too. It seems they just cannot pass a little fawn. They'll be driving down the road and spot a baby deer. Chances are that the mother is in hiding in nearby brush, but the fawn-napper doesn't realize this. He gathers up the small animal and takes it with him.

Bottle fed, the little animal grows up and becomes the family pet, unless someone re-

Jimmy Reeves of Weinert Receives Degree at ACC

Jimmy Reeves, Abilene Christian College senior from Weinert, received the Bachelor of Science in Education degree in physical education at ACC graduation ceremonies, Monday, May 23.

Reeves, whose minor field is social science, is a 1956 graduate of Weinert High School. He is the son of L. V. Reeves of Weinert.

At ACC, Reeves was a member of the track team and Trojans Men Social Club.

ports it to the warden beforehand. Then one day the family pet reverts to nature and injures someone. The game warden then is called to take the deer back to the wild.

"If you have reason to believe a mother deer has been killed, then notify the game warden," says Captain Sprott. "Don't try to raise these babies yourself. It is illegal and dangerous."

POGUE'S 113 NORTH AVENUE E

Our Fabulous Friend, The Spider

BY F. W. MARTIN
County Agent

Nature is prodigal with wonders. Every one of her creatures is astonishing, yet occasionally Nature excels even herself. She did so with spiders. Everything about them is incredible; they are Nature's own believe-it-or-not Ripleys.

If, suddenly, there were no spiders, we'd starve to death within weeks. Overwhelming hordes of insects would destroy crops and pastures. Spiders eat astronomical numbers of insects every year. Scientists have estimated that the weight of insects eaten is far more

than the combined weight of the 3,000 million human beings on this globe.

It is hard to believe this because we don't realize just how many spiders there are.

Incredibly, an acre of rough grassland may swarm with from 1-4 to 2-4 million spiders, depending on the time of year. Dr. W. S. Brisowe, the British spider expert, made the count by taking representative samples of earth in Sussex, England.

The great benefits conferred on us by spiders entitle them to our tolerance, the more

particularly as very few are dangerous to man. Out of 50,000 species in the world less than a dozen can harm us. No spider ever deliberately attacks us. Most of them can't pierce tough human skin with their fangs.

Another astonishing thing about spiders is that they thrive almost anywhere. A British entomologist clambered 22,000 feet up Mt. Everest and found spiders living on rocky islands among ice and snow. A French entomologist went 2,000 feet down a mine and found spiders—some of them blind.

Spiders live in Alaska and Greenland, on Spitsbergen in the Arctic and on Macquarie Island and Tierra del Fuego in the South. Some live in bird's nests, in termites' nests, in the nests of badgers, squirrels, moles and hedgehogs. Some even live unharmed in the nests of ants.

Though spiders are air-breathers some prefer to live in water. One British spider marches down the stem of a water plant with an air-bubble for an aqualung. Then it spins a silken diving bell and stocks it with air. There it lives, mates and rears its family.

Another chooses a crevice in rocks submerged at high tide. There, in a silk-lined chamber with a thick doorway of massed gossamer that holds back the sea, the spider waits, secure and comfortable. At low tide, it comes out to prey on crustacea.

Other spiders flourish in sewage filter beds. A human parallel might be for a man to live on a rock below Niagara Falls.

Even in the heart of great arid cities, there are more spiders than mosquitos. Dr. Brisowe had a tiny rooftop garden in London and in its area of only 15 square feet, he found 19 species of spiders.

Most spiders are drab gray and brown creatures because they're designed to merge obscurely with their background. But in the tropics, they are as brilliant as jewels.

Spiders don't dine only on flies but on a great variety of insects. (They are never vegetarians and never damage garden crops.)

The first spiders emerged from the sea 300 million years ago. They hunted on foot and their snapping venomous fangs drove many insects to acquire wings. Few spiders countered this move by building intricate sticky snares. Most spider, however, did not learn to build these elaborate snares. Instead, they sharpened up their hunting technique in truly remarkable ways.

For instance, the wolf spider builds a little camouflaged nest above its silk-lined burrow and waits like a robber baron for an unwary insect to stumble past.

The jumping spider combines the skills of the mountaineer, the American Indian and the kangaroo. It fastens a silk safety line and pays it out while it stalks its victim on plants, walls and fences. It sneaks up within seven or eight inches and then leaps unerringly.

The side-walks-walking crab spider exercises fabulous skill in disguise and costume changes. It lurks inside flowers and changes coloring according to its surroundings. One crab spider mimics a grain of sand. Another Asian type imitates birds' droppings to trap butterflies which settle there.

The net-casting spider makes a snare about the shape and size of a postage stamp. When an insect strays by, the spider picks up the snare with its four front legs, stretches it five times its previous size, runs forward and hurls it over the victim. After a night's hunting, most net-casting spiders eat what they have snared on the spot but one thrifty Brazilian hunter slings it up over his shoulder and carries his catch home.

Some nocturnal spiders fish for their living. They hang from a branch of a tree and dangles a short line baited with a globule of syrup to lure moths and insects. When one comes near, the spider swings the globule toward it. The syrup sticks fast and the insect is hooked fast on a line so elastic it will stretch to twice its length without breaking. It soon tires and is reeled in.

A South American fishing spider builds a tunnel-shaped net between two stones in a pond and drives tadpoles into it.

Spiders do not grow to great size. The largest, the bird-eating spider of the tropics, has a body three and one-half inches long and eight-inch-long legs. The smallest is about a thirty-fifth of an inch. The bird-eating spider's name is not rightfully earned. It hunts by night, feeds mainly on insects and only occasionally manages to trap and kill a small bird.

All spiders are pocket Samsons. A man can lift about two-thirds of his own weight, but a trap-door spider heaved open its door after three ounces of lead had been piled on top. This is equal to man lifting several tons.

(To be continued)

Munday Student Wins AFL-CIO Scholarship

Two senior high school girls—one in Travis High School in Austin, the other in Munday High School—have won the first and second awards in the Texas State AFL-CIO scholarship contest.

A \$250 scholarship, offered by the Texas State Association of Electrical Workers, was won by Deanna Elise McGuire of Gilliland, who attends high school in Munday, for her essay on "Do We Need Unions?" Winner of the \$500 scholarship for the best essay in the labor organization's contest is Marilyn Preusse, Austin, for her essay on "Labor's Rule In Our Society."

Evans School News

SCHOOL REPORTER
We thank those who helped to make the Barbecued Chicken Dinner a success. The following persons donating to the affair were: Richard Washington, Earnest Franklin, Morris Curtis, Albert Sharpe, Sandra Hill, Betty Hammon, Freddie Kingsberry, George Billington, Billy Thomas, L. C. Johnson, Mae Catherine Lewis, Lorene Henson, Juanita Lewis, Mae Verna Jackson, Rev. O. T. Jackson, Ora Ellis, Leona Walker and Principal Bremby \$18.88 worth of food.

Present for the dinner were our City Superintendent of schools and wife, Mr. and Mrs. R. R. King; Wallace Cox Jr., Mr. and Mrs. Chas. Swinson, Mr. and Mrs. Carl Anderson, Hubert Bell, Mr. and Mrs. W. P. McCollum, Mr. and Mrs. Bud Herren, Mr. and Mrs. Lynn Pace Jr., Mrs. W. O. Holden, Mr. and Mrs. Jean Elliott, and Mr. and Mrs. J. M. Crawford. Plates were sent to J. A. Eynum who was ill. W. O. Holden and Barney Swinson. We were very happy to have our distinguished white citizens present. Fifteen of our children and parents were also present. For the spelling bee coming from room one, prizes of \$2 dollars each were given to Patricia Franklin, Charles Williams, Betty Hammon and Sandra Hill by Mrs. Crawford. We are wishing them many happy returns for their Golden Anniversary. Mrs. Willie Hall barbecued the chickens, and Mrs. Lorene Henson baked the rolls and Mrs. Bessie Mae Reed helped out in serving.

The singing featuring the Soul Saver Quartet of Austin was a success Sunday night. Prizes given by Principal Bremby went to Sandra Hill, \$2 and Marybelle Billington \$1.

The first and second grades had their closing program Monday night which was a big success and enjoyed by all. Out of town visitors were: Prin. and Mrs. Boozer of Munday, Mmes. R. C. Christian, McBride, and Smith, Miss Dorothy Chairman of the Seymour Public Schools played for the exercises.

The Evans Little League Baseball team was in Graham Saturday. The game was over-timed with the scores 11-12 in favor of Graham. We are grateful to our Supt. King for six bats, one chest protector, one mask and six balls. To Dr. Kemp for one glove. Dr. Thigpen one glove, Mr. Gipspon \$8 and White's Store for \$3. We plan several games here with dates to be given later. Coach George Billington and assistant manager, B. T. W. Bremby, organizer and manager.

Little League baseball games are played four afternoons and evenings weekly, on Monday, Tuesday, Thursday and Friday.

Haskell, Sagerton Students Due Tech Degrees

Two Haskell County students are candidates for degrees at Texas Tech, Lubbock. Commencement exercises will be held May 30 at 8 p. m. Candidate for the Bachelor of Science degree in Civil Engineering is Richard Ray Barton, while Harmon Franklin Mathis of Sagerton is a candidate for a Bachelor degree in agriculture.

ATTENDS FUNERAL OF GRANDMOTHER

Mr. and Mrs. Archie L. Jones of Houston attended the funeral here Sunday of Mr. Jones' grandmother, Mrs. E. A. Hutchens of Rochester. The Houston couple also visited their parents, Mr. and Mrs. Ab Hutchens and Mr. and Mrs. D. A. Jones.

NOW LOOK WHAT CORVAIR'S GONE AND DONE!

The same Corvaire that tallied a thumping 27.03 miles per gallon* in the Mobilgas Economy Run... went right on to climb Pikes Peak earlier in the spring than any car has ever tried!

We wanted to show you what the fabulous traction of Corvaire's rear-engine design and the sure-footedness of four-wheel independent suspension really mean. So the identical Economy Run car went right on to 14,110-foot Pikes Peak—and right up to the top of that savage mountain, on April 15, still deep in winter's snow and ice. No other car—even specially equipped—had ever been able to conquer that nightmare alpine road so early in the spring. But Corvaire (with United States Auto Club officials aboard to certify that not one nut or bolt was changed) purred right to the summit without chains or even snow tires! That just underscores the fact that Corvaire is totally unique. But you'll find that out the first five minutes you're at the wheel!

LETTER TO THE PUBLIC

Specially the Voters of Precinct No. 1

I like to review with you my record as your Commissioner for the past 5 1/2 years. Since there have been many mistaken rumors about the financial status of the Precinct No. 1, I certainly want you to know the facts of the record.

At the first regular Commissioners' Court meeting in January, 1955, I had to borrow \$1,000.00 to pay a loan and some outstanding bills, and the Precinct owed about \$11,962.22 for machinery payments.

Because of the indebtedness we had some Farm-tractors and other ways to work up and they always had a bit, and we also had some equipment we had to sell. We had quite a struggle financially for three years, but we did pay out of debt. As this is the third year that we have operated on a cash basis and paid cash for what we had to have.

We have a total cash balance as of May 1, 1960 of \$17,000.00 with which to operate on and make repairs on equipment badly needed.

For 5 1/2 years that I have served as your Commissioner I have secured the right of way for seven F-M roads, for an estimated total of about \$100,000.00 in Precinct 1. It is a big job to secure right of way and to clear one up. It is also tedious and, of course all of that expense comes out of Precinct 1 operating funds.

It would be difficult for me to estimate the number of miles that we have gravelled, but it adds up to many miles and we have also re-gravelled roads that had worn out.

The reason that I would like to continue to serve as Commissioner, is that we have things shaped up with the number of F-M roads, and the ones we have gravelled, we should be able in a few years to have all or the most of our roads made into all-weather roads. I can tell you one thing: I won't be satisfied until we do.

I have a great satisfaction from the fact that I have been hard trying to do the job like I thought it should be done, and in the way I thought you would like it done, and to give sincere consideration to the problems that confronts us.

We have certainly tried to see that your tax dollars are used wisely and not wasted, and to make sure we go as far as we could. We have tried to do the road work over all parts of the Precinct as we could.

With your careful and sincere consideration you decide it would be best for Haskell County and for me to continue to serve as your Commissioner. Then I would be most happy to continue to serve and I will certainly appreciate your vote and support in this coming election June 4.

Yours again,
CLAUDE ASHLEY
(Pd. Pol. Adv.)

Haskell Merchants Attend Fashion Market in Dallas

Haskell stores were well represented among the buyers and merchants attending the American Fashion Association market in Dallas this week.

More than 3,000 lines of women's and children's apparel were displayed in the Adolphus and Baker Hotels, and "The Fashion Look for the Great Southwest" for Fall '60 made fashion news.

Those attending from Haskell were Mrs. W. V. Felker, Mrs. R. A. Lane, Mrs. Elma Gues, Mrs. Opal Dotson and Mrs. Veta Furrh.

WEEKEND VISITORS IN REE GARDNER HOME

Mr. and Mrs. Ree Gardner has as guests in their home last weekend their daughter and family Mr. and Mrs. Dale Garrett, Dale Ann and Allen of Olney; also Mr. Gardner's mother, Mrs. E. D. Gardner, and his sister, Mrs. Clifford Glenn and her daughter, Mrs. Faye Lee and son Rickey, all of Austin.

Afghanistan, buffer nation between Soviet Russia and Pakistan, has a population of about 2 million.

Political Announcements

The Free Press is authorized to make the following announcements for office in Haskell County, subject to action of the Democratic Primaries in 1960:

FOR STATE REPRESENTATIVE, 33rd District: J. C. (Carl) Wheatley, Bill Bams.

FOR SHERIFF: W. H. (Bill) Pennington. For re-election. G. T. (Garth) Garrett.

FOR CONSTABLE, PREC. 1: Ace Davis (first elective term). H. K. (Buddy) Thompson.

FOR COMMISSIONER Prec. 1: John Brock. Claude Ashley. (Re-election.)

Wheat Growers Referendum Set For July 21

In line with currently controlling legislation, Secretary of Agriculture Benson, has proclaimed marketing quotas on the 1961 wheat crop and set July 21 as the date for a referendum to determine producer approval or disapproval of quotas.

The Secretary also proclaimed a national wheat acreage allotment of 55 million acres, the minimum permitted by law and announced State shares of the allotment. Texas' share of the allotment was set at 4,947,136 acres. This compares with 4,092,251 in 1960. An announcement was also made that the minimum national average support price for 1961 production will be determined before the wheat referendum on the basis of the latest available supply information.

If producers approve marketing quotas, under the proclamation announced, the national average support price available to eligible growers in the commercial area will be not less than the minimum support to be announced before the referendum. On the basis of the present supply of wheat and present legislation, the legal minimum wheat support price for the 1961 crop would be at 75 per cent of parity.

Individual farm marketing quotas will be the normal production or the actual production from the farm acreage allotment, whichever is larger. Growers in the commercial area who stay within their allotments will be eligible for price support on their entire production. Growers who exceed their acreage allotments will be subject to market quota penalties if they have more than 15 acres of wheat for harvest.

Growers who sign applications for exemption under the feed wheat provision permitting 3 acres or less to be used exclusively for feed on the farm will not be subject to marketing quota penalties.

If marketing quotas are not approved by the necessary two-thirds of the voting producers in the July 21 referendum, there will be no restrictions on wheat marketings. Acreage allotments will remain in effect as a condition of eligibility for price support at 50 per cent of parity as required by law.

SAC Aircraft Commander Is Rotary Speaker

Tremendous striking power of the Strategic Air Command is the greatest deterrent against an attack by communist Russia, members of the Rotary Club were told by Major Walker R. Reynolds of Dyess Air Force Base, Abilene.

Major Reynolds was guest speaker at the meeting and luncheon of the club Thursday at noon in the Highway Drive In. Thos. B. Roberson, program chairman, made arrangements for Major Reynolds' visit to Haskell and introduced the speaker.

Major Reynolds is an aircraft commander in the 4th Strategic Support Squadron, flying the huge C-124 Globemasters. During World War II he flew 27 combat missions in the Pacific for which he was awarded the Air Medal with Oak Leaf Cluster.

Defense posture of our country centers around manned aircraft which have the ability to strike anywhere in the world the speaker explained, capable of destroying the enemy's ability and will to make war. He also discussed the nation's missile developments and showed slides of several types now available to the armed forces. Some of these missiles have a range of 5,000 miles and strike within one-fourth mile of target at that distance, he stated.

Club President Hooper Wilkinson told members that Haskell was in eighth place in attendance for April, and urged 100 per cent attendance during the remainder of May and June, ending Rotary year.

A visitor at the meeting was Roarian Bill Chambers, vocational agriculture teacher in Rochester High School.

The word "blarney" is derived from the Irish Lord Blarney who was famed for his "fair words and soft speech."

A firth in Scotland, such as the Firth of Forth and Firth of Clyde, means "an arm of the sea."

In India, the 400 million population speaks 14 languages.

Lions Hear Hassen Discuss Economic Trends

"A Summation of the Development of Economics With a Quest for Certainty," was the theme of the Lions Club speaker, Raja Hassen, at the Tuesday noon-day luncheon meeting of Haskell Lions.

Presented in a well versed and well phrased manner, Hassen discussed the progress of "Economics."

"Man resents social change which might affect his social order," Hassen pointed out, and emphasized that a good community is one that accepts change.

Bailey Toliver was in charge of the program.

Harold Spain and Dr. T. W. Williams reminded Lions of the Rice Springs Roundup and Horse Show to be staged here Thursday, Friday, and Saturday, May 26, 27 and 28th.

Prexy C. O. Holt read an invitation from the Seymour Lions Club, to their Ladies Night and installation of officers program, slated Thursday night, June 2.

Holt reported that Haskell Lions would be represented at the District 2E-1 convention at Mineral Wells, June 12th and 13th.

An increased attendance was noted at Tuesday's luncheon session.

The first friction matches were made in the late 1700's and cost \$2 for 50.

The plain song is the ancient chant melody of the church service.

Pitch Lake, on the Island of Trinidad, is the largest known deposit of asphalt in the world.
