## Energy contest rules

by 2nd Lt. Joseph L. Martin  
Wing Energy Manager

Welcome to Energy Awareness Month and Reese AFB's Energy Awareness Contest.

This is your chance to win an AM/FM clock radio; and a three-day pass if you are an active duty military member. Here are the rules:

•Contest Categories: Posters, Editorial Articles, and AF Suggestions.

•Eligibility: (a) All military and civilian personnel assigned to Reese AFB may enter any one or combination of contest categories; (b) multiple entries within a single category will also be accepted; (c) be sure to include your full name, rank/grade, organization, and duty phone on the reverse side of all entries; (d) all entries become the property of the Wing Energy Man-

agement Office.

•Judging: The Wing Energy Steering Group shall judge all entries and their decision shall be final. The Base Commander, who chairs the Steering Group, shall vote only in the case of a tie within the group.

•Entry Procedure: All entries must be hand-carried to the Base Commander's secretary in Bldg. 800 or placed in distribution to the Wing Energy Manager (64ABG/CCXE/3) and must be received no later than Nov. 14.

•Posters: Use any combination of graphic arts on standard size poster board. Posters will be judged on creativity, applicability, adherence to the National Theme, motivational value, and suitability for base-wide display.

•Editorial Articles: Type or

print, double-spaced on standard size paper; limit 500 words maximum. Editorials will be judged on creativity, applicability, adherence to the National Theme, motivational value, sincerity, and suitability for printing in the base newspaper.

•Air Force Suggestions: Submit on AF Form 1000. All suggestions received will be processed through the normal suggestion program channels after submission to the contest. Only those suggestions receiving at least base level approval shall become valid contest entries. Judging will then be based upon creativity, applicability, and anticipated monetary savings.

Remember, the National Theme is "Invest Now for our Energy Future."

1985 CFC goal  
\$113,000

1986 CFC goal  
\$127,500

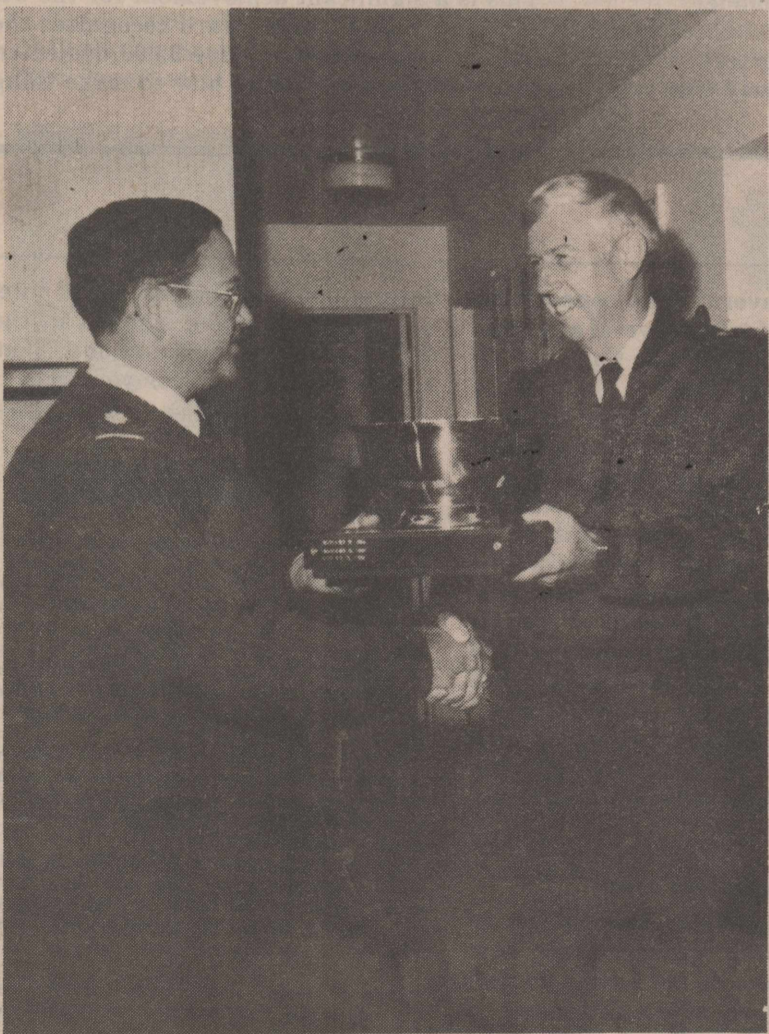

Currently, Reese has reached 49 percent of the 1986 CFC campaign goal. Be a 'Super Giver!' Support the CFC campaign.

### Winners

Sgt. Martha Meza (left) was selected as the Wing Honor Guard Member of the Month for September. A1C Javier Cruz (right) was selected as the member of the Quarter, fourth quarter. Selection for these honors is based on outstanding appearance and continuous participation in numerous Honor Guard details. Sergeant Meza works in the hospital and A1C Cruz is assigned to the 64th Flying Training Squadron.

(USAF PHOTO)

### Congratulations

Lt. Gen. John A. Shaud, commander, Air Training Command, presents the ATC Family Housing Branch of the Year Award to Lt. Col. Paul Baker during his visit to Reese Oct. 6-7.

### Welcome!

Col. James McIntyre, commander, 64th Flying Training Wing, welcomes Lt. Gen. John A. Shaud to Reese AFB during his initial orientation visit to ATC bases.

## Honor guard awards banquet scheduled

The Reese Honor Guard will hold its Fourth Annual Awards Banquet on Oct. 17, 1986.

The banquet will be held at the Enlisted Open Mess at 6:30 p.m. The banquet is held each year to recognize those Honor Guard members who have contributed extraordinary time and effort to the Wing Honor Guard and Reese Air Force Base. The awards will be presented by Col. James McIntyre, commander, 64th Flying Training Wing. The guest speaker for the event will be CMSgt. Coy Martin Jr. Chief Martin is the 64th Flying Training Wing's new Senior Enlisted Advisor.

Other activities during the banquet include demonstrations by members of the Reese Precision Rifle Drill Team and an audio visual spectacular covering the past year of Honor Guard performances.

# As I see it

Reese AFB, Texas

## Page One: Lt. Gen. Shaud's Visit

Lt. Gen. John Shaud thoroughly enjoyed his visit to Reese, his first since becoming our new ATC Commander. The reason was simple. It was clear to him that the folks at Reese were proud to have him here and to show off their areas. The last landing he had made at Reese, almost 30 years ago, was in a B-25, he told me. It was a brief visit but I guarantee it didn't take him long to feel the pride, and sense the energy of the Reese family. As he departed Tuesday, General Shaud asked that I thank all of you for the great job that each of you do training the best pilots in the Air Force. He saw the team effort here, involving every area on and off the flight line, and particularly the dedicated military and civilian men and women, from top to bottom. Some key points which I'd like to pass on from General Shaud are:

- The UPT mission is our number one priority. While other commands practice daily to stay prepared to carry out their missions if called upon, we at Reese are actually performing ours every day—graduating the best pilots in the world. That's significant and critical to the AF, because it means capability in future years. The ability of the other commands to stay prepared depends on the outstanding pilots this community graduates. It's essential that each & every member of Reese recognize the critical part he or she plays in our UPT mission. Folks, there is no doubt in my mind (or his) that the Reese team understands this very well.

- Discipline and integrity. Both individually and collectively, the folks at Reese continually display the highest standards. That's a precious and fragile commitment that you have understood for a long time. The proud community of Reese stands taller for it.

The base never looked better, that's for sure—particularly in October. Thanks to all you building custodians, our new grounds maintenance contractor who was just out of the starting blocks on Oct. 1, and to the Civil Engineers. From your Wing Commander's perspective, it was simply an honor to show Lt. Gen. Shaud around. Reese shined—under a blue sky even, hiding the fact that so much of the effort to mow, edge, and clean up had been juggled between rainstorms for days. No place looked sharper than our Family Housing area. Thanks to all.

No doubt my greatest privilege, though, was to introduce our new ATC Commander to a few of the genuine "winners" at Reese who are representative of the community as a whole.

- Capt. Chuck Hatcher's billeting crew, ATC's Innkeepers for 1986, who are representing the ATC Commander in the Air Force Innkeeper competition. The inverted organizational chart behind their service counter says a lot about why our crew is the best in the Air Force.

USAF Photo

Col. James McIntyre

- Col. Roy Bobbitt and Maj. Mike Neese, and a proud hospital staff, who have so obviously committed themselves to excellence in health care—and it shows.

- Lt. Col. Paul Baker, our CE Commander, who with Mitzie Hallgarth and the entire Family Housing Branch received the silver trophy from Lt. Gen. Shaud personally, for being ATC's Outstanding Family Housing Branch of 1986—and therefore are now ATC's competitors in the Air Force-wide competition. What a terrific job Mitzie did, with the help of CE, fixing up the office area for General Shaud's visit.

- Lt. Col. Cliff Hardison and Chief Tom McKnight, who walked and talked the General through Hanger 82, highlighting significant improvements in OMS capabilities accomplished by self-help at great savings to the Air Force. Just so you know, Lt. Gen. Shaud did notice "his" aircraft parked in the hanger, travel pad and all.

- Maj. Bruce Clinard and CMSgt. Lenny Minzer, who led him through a sampling of our FMS. Mr. Bobby Hinds showed Gen. Shaud fabrication work we do to repair T-38 wingtips, and geardoors. Mr. Lloyd Morris walked him through "the biggest and best Chemical Cleaning Plant in ATC." And SMSgt. Vic Torres talked the general through the propulsion branch, highlighting the stock of spare engines ready to go.

- Lt. Col. Mike Vizzone, MSS Commander, who articulated the tremendous accomplishments of his unit—a year long test under MIP that stands to change the way the Air Force does business in the future.

- Capt. Danny Thomas, and so many of our proud "Reese Defenders," and in particular TSgt. Art Rennels, who explained a computer routine he personally developed that assists in Security Police response to emergencies on base.

- MSgt. Jim Edwards, the ram-rod behind our new "SELF-HELP STORE", who described the successes already achieved in assisting folks who want to fix up their areas, saving big bucks to be applied for other improvements around base.

- SMSgt. Mike Custy, who has proved what a little leadership and a group of talented OMS dorm troops can do to turn their living area into "the best dorm in the Air Force," according to not only the Pentagon's CESMET team and the ATC staff, but now Gen. Shaud himself, I'm sure.

- Lt. Col. Rich Galloway, Commander 35th FTS, who beamed the pride of his squadron as he showed the "Turkey Shoot" trophy—the best T-37 squadron in ATC, and Capt. Joe Hebert, "F" Flight Commander who briefly explained the goings-on in his flightroom. And don't forget Lt. Col. Stick Turner would be able to show the sister trophy—the best T-38 squadron in ATC. Next trip Stick.

There was one twist during the visit that the Reese team handled in stride. General Shaud asked to meet with a representative group of IPs and flight supervisors to give him a thorough run-down on the Advanced Training Recommendation Board process—used to designate which graduates will be FAR qualified. A special thanks to that group, in particular Lt. Col. Steve Maddox, who prepared and presented an excellent "NO NOTICE" briefing. Tremendous job, Steve.

## Page Two: The Rest of the Story

Wednesday morning, I attended Capt. "Aggie" Steadman's "A" Flight briefing at o-dark-thirty, and then briefed up a formation sortie with 1st Lt. Dana Dabbs, for a 7:30 a.m. takeoff. We subsequently taxied all the way to the hammerhead when ground fog set in, making it necessary to abort the mission. I thought for sure it would just be one of those days as I headed back to the office. I was wrong. Today, Reese people got tremendous news. It is my pleasure to announce to you all that I received the following message from the ATC Commander:

**"THE 64TH FLYING TRAINING WING HAS BEEN SELECTED FOR THE AIR FORCE OUTSTANDING UNIT AWARD."**

This is a significant achievement for the 64th FTW. AS I SEE IT, this award recognizes the spirit and cooperation of some 3,000 dedicated men and women who know how to make things happen.

# Care line

The CARE Line is prepared by Col. James McIntyre, 64th Flying Training Wing commander, on a weekly basis. All information provided to the CARE Line will be held in strict confidence. Callers are urged to give their name and duty telephone number so that a personal reply may be made; however, neither are mandatory. Callers should use the CARE Line only after all possible means to air their views or complaints through the chain of command have been exhausted. The CARE Line number is 885-(Ext.) 3273.

## Lax Varsity Sports Program?

*I'd like to know why we don't put more emphasis on participation in varsity sports at Reese? Of all the bases I've been at, we are the most lax in putting a little effort into the sports program.*

## THE TWO WOMEN IN MY LIFE

There are two women I would call,  
Most important in my life;  
The first one as you might have guessed,  
Is my loving wife.

My second lady faithfully stands,  
In New York Harbor tall;  
And holds the torch of liberty,  
And gladly welcomes all.

My wife is watching over,  
Our home, the kids, and me;

*As I mentioned in my "As I See It" column in the Sept. 26 Roundup, we are renewing our commitment to athletic excellence by striving to succeed in those areas as we have in all mission related activities. I have recently asked Lt. Col. Mike Vizzone, our Mission Support Squadron commander to head up the push for excellence in the varsity sports program. I hope to get more support from everybody on base—athletes and fans alike, and I guarantee that you've got mine. Thanks for your call.*

## MCI phone service

*In my opinion the MCI service on*

The lady in the harbor,  
Insures our liberty.

From all the whole world over,  
Come travelers day and night;  
My lady in the harbor,  
Is their most welcomed sight.

And so I make a prayerful wish,  
Today, for all my life;  
God save my Lady Liberty,  
God bless my loving wife.

By SSgt. Raymond W. Courville

*base is poor overall. The connections are poor and it takes several attempts just to get a line out. Can you do something about this?*

We converted to MCI long distance with the intent of providing as good or better service to our people for less money. I'm told we've already saved a thousand dollars in the first three months, and that most organizations on base have not had significant problems using MCI. However, based on your experiences, I've asked the 1958 ISS to take a critical look at what we're getting for our money to see if the dollar savings outweigh any potential loss in customer service. Thanks for the call—and your concern.

## Need Laundromat on base

*Colonel McIntyre: Everything at Reese is going great except that those of us who do not have a washer and dryer have to go downtown. I would like to know if you could get an on-base laundromat for us to use?*

I've asked the AAFES and services folks to check up on the feasibility of a coin operated laundromat on base. If

determined that the number of potential customers could support it, then we'll start examining options. That's a good idea. Thanks for your call.

## Commander's Column

# Reese's reputation for excellence

by Col. Ramon Broerman

Last week, at the super, well organized Retiree Banquet, the speaker, currently the commander of the B-1 wing at Dyess, commented that he could hardly recognize Reese as the same base he had visited before. Not a new comment—as virtually every-

one who has been gone from Reese for any period of time says the same thing. What happened? What changed Reese from the typical West Texas air base, dusty and sere, to its current, manicured garden atmosphere? No question, the Reese Reunion had a lot to do with the things you see—but the Reese populace didn't stop when it was over. They continued to add to the base—and still are. During my short tenure here, I've seen a multitude of additions to base beautification—all self-help—all self-generated. Look around—at the front of the 1958th ISS Building—the Supply complex—the RM orderly room. Look at the MWR office and what SSgt. Bobby Smith has done there. The boss mentioned the Physiological Training Unit's efforts in his column last week—I drove by to look—tasteful—professional. My folks and the supply folks who live with us—at Building 955—design guidance provided by CE and my civilian Resource Advisor, Loretta Downey—ramrodded by TSgt. Roland Duhart—shovel operation courtesy of Sgts. Rhonda Ozanich, Rory Tomlinson, and others. The result—desert

landscaping—shrubs—polish. The hills and mounds around the 3500th MSS—I watched those folks hand plant flowers around the trees and trim and weed the mounds to keep it up—and they're still doing it. I know last weekend we were preparing for our new ATC commander's visit. That should explain why I saw the folks from the miniscule Services Squadron out retrimming and re-edging around all the VOQs—and mowing the whole thing. I've got to tell you—I've seen them out there a lot of weekends—when we didn't have Lt. General Shaud coming—they did it anyway. In fact, I think that the most of what our folks do is out of pride—and a desire to show off what we have—and what we do with it. That's somehow wrapped up in what our boss talks about as customer service. Our final customers are the taxpayers—of Lubbock and everywhere else. They deserve to see what care we take of their investment—in the quality of our graduates—the safety of our operations—and the appearance of our base. Speaking of customer service—I got the full benefit last week—from CBPO. My daughter's

purse was stolen—off base. A 17-year-old dependent without an ID card is an orphan—even Texas wouldn't give her a new driver's license—she couldn't prove her identity. Seven minutes from the time we walked into CBPO—a new ID card—thanks to SSgt. Donna Bergevin and Sgt. Linda Dornak, who stayed overtime that few minutes that made the difference—because they cared. That's a big part of customer service—caring. About what the taxpayers see—and think of us. Customer service—our TMO—our finance office—our Chapel. Did you know for instance that in addition to our normal large services for Catholics and Protestants, Chaplain Rob Stroud even has an early morning service 8:45 a.m. on Sundays, for the small group of Protestant folks who were brought up in a more formal, liturgical atmosphere? One more example of customer service (no pun). All in all, the image of Reese is one of caring—for each other—for what the taxpayers think of us—and for our own self-satisfaction as to our image. That's probably why we have such a reputation for excellence.

## Safety and common sense

by Lt. Col. Phillip Marzolino  
Chief, Safety Division

A recent mishap at another ATC base goes a long way toward exemplifying why safety officers and unit supervisors sometimes become old far too early. The individual involved in

the mishap was driving a pickup truck with his girlfriend in the cab and two friends in the truck bed, sipping on some tall-cool ones. The driver decided to join his friends in the

back, put the pickup on cruise control, told his girlfriend to take over from the passenger seat, and climbed out the window of the truck to crawl into the back. You guessed it, when the truck hit a bump, he was catapulted into space at 55 mph.

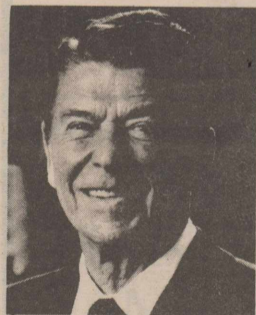

These types of stories are the ones that are the basis of comedy. The humor, however, is undoubtedly lost on

those individuals who end up spending time in the hospital. Unfortunately, Reese AFB is not immune and we could just as easily point to some mishaps which have occurred in our own backyard during the past year that reflect a large degree of inattention and a breakdown of good old fashioned common sense.

We are entering a different season of the year with its own unique challenges for avoiding accidents and personal injury. The ever-changing weather will present some unique driving challenges (almost without warning), the upcoming holiday weekends will provide an opportunity to expand our normal weekend area to pursue leisure activity, and a whole new array of sports will be available with the advent of winter weather. The keys of avoiding laying yourself up for the season with an injury is simple: plan ahead and apply common

sense. Preparing yourself mentally for winter driving as well as preparing your car for those sub-freezing days can avoid those unwanted auto accidents. Proper conditioning for the upcoming sports can minimize the chance of injury and maximize the pleasure you receive from being able to participate at your optimum level. These are only two examples; I'm sure you can think of others.

One last word. A high percentage of the mishaps I see both at the Command level and at Reese involve alcohol. I believe this should be enough of an indicator to cause all of us to recognize the need to apply common sense to drinking. The "Buddy System" can go a long way toward saving a life. If you've been drinking, turn the keys over to someone else. If you buddy has been drinking, take their keys away. You may be saving their life.

THE WHITE HOUSE  
WASHINGTON

September 12, 1986

## It's an art

by Chaplain (Lt. Col) Bill McGraw

A Chaplain spotted a woman coming up the front walk toward the Chapel (not Reese). Looking more closely he saw it was his leading troublemaker, Mrs. Talkathon. Hiding in his office, he let one of the Chapel Managers handle the caller. An hour later he opened his office door and hearing nothing, called to the Chapel Manager, "Has that terrible gossip gone?"

There was a moment of painful silence, then the Chapel Manager said, "Yes, Chaplain, she left some time ago; but Mrs. Talkathon is here to see you now." Now that is what one might call quick thinking. No doubt the Chaplain recommended the Chapel Manager for an award.

Actually it is not necessary to play loosely with the truth in order to be diplomatic. It is not an either-or-situation. In-

tegrity dictates a both-and-situation. We dare not equate "white lies" with diplomacy. They are not the same. A diplomat simply employs tact and conciliation; especially in situations which may produce unnecessary stress.

The true diplomat sees the best in his associates—even his fierce competitors. And diplomacy really is an art. One has to really concentrate on the good qualities of those about him in order to say the appropriate thing at the proper time.

Try being more diplomatic today. You will discover the truth that "A soft answer turneth away wrath—but grievous words stir up anger." (Proverbs 15:1) No one who listens to the radio, watches T.V. or reads the newspaper needs to be convinced that there is a great need for more soft answers and less grievous words.

## Banquet scheduled

The Noncommissioned Officer Academy Graduate Association will host the Annual Enlisted Awards Banquet Nov. 22, 1986, at the Officer's Open Mess.

CMSgt. James C. Binnicker, Chief Master Sergeant of the Air Force, will be the guest speaker for the banquet. The Wing's outstanding First Sergeant, Senior NCO, NCO and Airman of the Year will be announced at the banquet. Those selected will then go to compete at the ATC and possibly become one of the Air Force's 12 Outstanding Airmen of the Year. The NCOAGA sponsors this event annually through fundraising events. The project coordinator for this year's event is CMSgt. Leonard Minzer, Ext. 3446. If you would like to assist, contact one of these key personnel: MSgt. Frank Berg, co-chairman and entertainment, ext. 3474; MSgt. Roy Wilson, publicity chairman, Ext. 3615; TSgt. Lafayette Butler, seating chairman, ext. 3028; and TSgt. Art Rennels, decorations chairman, ext. 3951. Contact your First Sergeant for reservations.

## Health alert

The early autumn months are high-risk months for the transmission of encephalitis by mosquitoes in Lubbock. Encephalitis (Western equine and St. Louis types) is a virus disease of the nervous system transmitted by mosquitoes. It is seldom fatal but can result in physical pain, loss of productivity and even hospitalization. The disease is not spread from person to person. The wet conditions allow the mosquitoes to breed. Base housing residents are urged to eliminate breeding sites such as empty flower pots, to report mosquito problems to Base Entomology, and to use mosquito repellents at night when necessary.

## Graduation nears

NCO Leadership School Class 87-A will be held at the Enlisted Open Mess, Oct. 30, at 6:30 p.m. Col. Ramon Broerman, deputy commander for maintenance, will be the guest speaker. Everyone is invited to attend. Make reservations to SSgt. Paula Jenkins, ext. 3147, by Oct. 24.

## Awards given

Length of Service Awards for twenty and ten years of service will be presented to the following personnel at appropriate ceremonies.

The following personnel will receive twenty year awards: William P. Tynan, PA; Salvador Anguiano, MAFF; Joseph T. Rosendo, LGSD; Mort E. Reynolds, ACFC; and Eldridge H. Perry, DEMM.

The following personnel will receive ten year awards: Charlotte D. Broussard, 1958th; Johnny M. Morgan, LGSD; John J. Sferes, MAFA; and Gloria D. Schumacher, SE.

## Training given

The Reese Dental Clinic will be starting a Red Cross training program for dental assistants. The program will be six months long and upon successful completion of the program a training certificate will be issued. Training will consist primarily of practical experience from assisting in the dental treatment room. The class will begin approximately Nov. 1. For more information, call TSgt. Harold Hiatt or Lt. Col. Fred Blosser, Ext. 3711.

## Holiday closing

The library will be closed Monday due to the Columbus Day holiday. Regular hours resume 10 a.m. to 8 p.m., Tuesday.

## Workshop held

The Planned Parenthood Association of Lubbock, Inc. and Lubbock Interagency Action Council are pleased to present "A Day With Sol Gordon, Ph.D." on the subject "Preparing Today's Youth for Tomorrow: Raising a Child Conservatively in a Sexually Permissive World." This is a day which offers parents and leaders in schools, community agencies, religious, medical and volunteer organizations training to communicate more comfortably and constructively about sexual topics with children and teens. This workshop is open to anyone wanting to attend.

Admission is free to the public and parents are encouraged to attend. The workshop will be held in the Pioneer Room-Ranching Heritage Center (4th St. and Indiana) and begins at 9 a.m. Oct. 20, 1986. A luncheon is planned at noon and reservations for the luncheon are necessary and can be made by calling 795-7123. To get a brochure or more information, come by Social Actions, Bldg. 32, or call Ext. 3640.

## Photo not required

Officers meeting promotion boards through the end of the year and affected by the new criteria for wear of the overseas ribbon will not be required to update their official photographs. Official photographs need not reflect the new criteria until January.

## Story Hour moves

Library Story Hour moves from Wednesday to Tuesday for two weeks, Oct. 14 and Oct. 21, 10-11 a.m., and 12:30-1:30 p.m. The hour is free and includes reading aloud, movies, activities and games and other fun things to do. All children are invited

to share in the fun. Story hour will move back to Wednesday starting Oct. 29.

## Luncheon held

The Federal Women's Program will be sponsoring the annual "Bosses' Day" luncheon, Tuesday at 11:30 a.m. at the Officer's Open Mess. The meal will be spaghetti, salad, garlic bread, tea and coffee. For more information, contact Cheri Re, Federal Women's Program Manager, Ext. 3448.

## Property lost

The Security Police Investigations Section has the following lost or abandoned item: one female's wristwatch. If this property belongs to you, please call the Investigations Section, Ext. 3999.

## Troop meets

Boy Scout Troup 548 meets every Monday at 7 p.m. at 226 War Highway. Any boys 10 and one-half-years-old and in the fifth grade, or 11-years-old and in any grade are invited to attend. For more information, contact TSgt. Dennis Sebranek, Ext. 3701.

## Golf tomorrow

The Air Force Sergeants' Association is sponsoring a golf scramble tomorrow at the Reese Golf Club. Drawing for teams will be today, and gift certificates will be awarded to the first three places. Everyone is welcome. Sign up at Reese Golf Club.

## Time for shots

The 1986-87 Influenza Immunization Program for Reese AFB will be conducted Oct. 20-Nov. 14. Immunization

## REESE FEDERAL CREDIT UNION: Where People Count

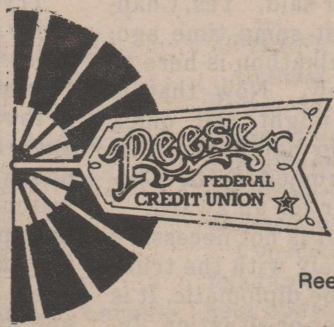

Reese Federal Credit Union is the place you can go to get plain talk about your money, even if you don't have a lot. We do more than just give you a good deal on a loan and pay you a good return on your savings. We look after your interests as no other financial institution can. RFCU is a cooperative, an organization of people, not just money.

Thursday, October 16 is International Credit Union Day. We want to remember those who helped to build the credit union movement around the world and you our members who help keep it strong. Join us for Open House and refreshments in the Main Office lobby on October 16 in honor of this occasion.

We will be closed in observance of Columbus Day, October 13, 1986. Our M-PACT machine will be available to serve you.

continued from previous page.

tions are mandatory for all active duty personnel (IAW AFR 161-13).

All personnel should be aware that the immunization is most effective in preventing illness when received early in the season. All active duty personnel who have a valid medical waiver prohibiting the immunization (pregnancy, allergic to eggs) must bring proof of the waiver to the Immunization Clinic to avoid receiving a 'no-show' notification.

All base organizations must contact the Immunization Clinic at Ext. 3846 to establish the date, time and location for their immunizations and to provide the name of their contact person. Each organization is expected to provide a qualified individual who can validate the unit's personnel roster and to pull notification cards.

All personnel, including those on mobility, are required to have their shot record with them when receiving the immunization.

Immunizations for dependents and civilian government employees will be given after Nov. 14 based on the availability of vaccine.

For more information, call SSgt. Willie Garth, Ext. 3846.

## Weekly Housing Winners

The housing inspection that was conducted on Sept. 30 yielded the following winners. The selection was made by Col. Michael Vizzone, commander, 3500 Mission Support Squadron.

Enlisted Duplex: SSgt. Neal and Karen Smith, 210 Mitchell, assigned to Air Force Institute of Technology, and Sgt. Johnny and Raquel Deleon, 208 Mitchell, assigned to 64th Civil Engineering Squadron.

Enlisted Single: MSgt. Doug and Donna Johnson, 323 Harmon, assigned to 64th Supply Squadron.

Officer Duplex: 1st Lt. Carl and Halina Boyer, 216 Harmon, assigned to 64th Student Squadron, and 2nd Lt. Burnett and Loree Lachance, 218 Harmon, assigned to 64th Student Squadron.

Officer Single: 2nd Lt. Wayne and Denise Mann, 110 Andrews, assigned to 64th Student Squadron.

## Regulation change

New or first-time employees of the Air Force who work in hazardous noise receive an initial reference hearing test. This test establishes a baseline for comparison with later hearing tests. In the past, workers have been required to be 40 hours noise free prior to the test. This caused considerable scheduling problems for shop supervisors. A change to AFR 161-35 redefines the reference to hearing tests to require only 15 hours noise-free prior to testing.

## Theater discounts

The Mathis Recreation Center has discount theater tickets to the following:

United Artists tickets for the cinema at the South Plains Mall - \$3.75  
Fox-Mann tickets - \$3.25

Tickets may be purchased at the Mathis Recreation Center Monday-Friday, 10 a.m. to 9:30 p.m., and Saturday, Sunday and holidays, noon to 9:30 p.m.

## Carvings displayed

Wood carvings by Maj. Doug Lane are currently on display at the Library. Major Lane is a self-taught carver whose work runs from realistically painted ducks to whimsical cowboy figures and boots complete with holes in the soles. Along with the figures are displayed several of the

books used in developing his skill.

The Library has similar woodworking books and other related craft materials. This is the right time of year to begin thinking of Christmas and other holiday makings and there is a good selection of how-to books available in the Library.

## Tea scheduled

The Reese Officers Wives' Club will host a tea for the Women's Division of the Lubbock Chamber of Commerce.

The tea will be held in the Officer's Open Mess Thursday, from 2-4 p.m. Reservations are needed. Permanent reservations do not apply. Call Robin Tragus, 885-2174, or Lana Kaut, 793-3023, to make reservations.

## Holiday deadline

Due to the short work week of Oct. 13 because of Columbus Day, the Roundup copy deadline is moved up to today for the Oct. 17 issue.

# Expect the unexpected

by 2nd Lt. Ronald Taylor  
64 Supply Squadron

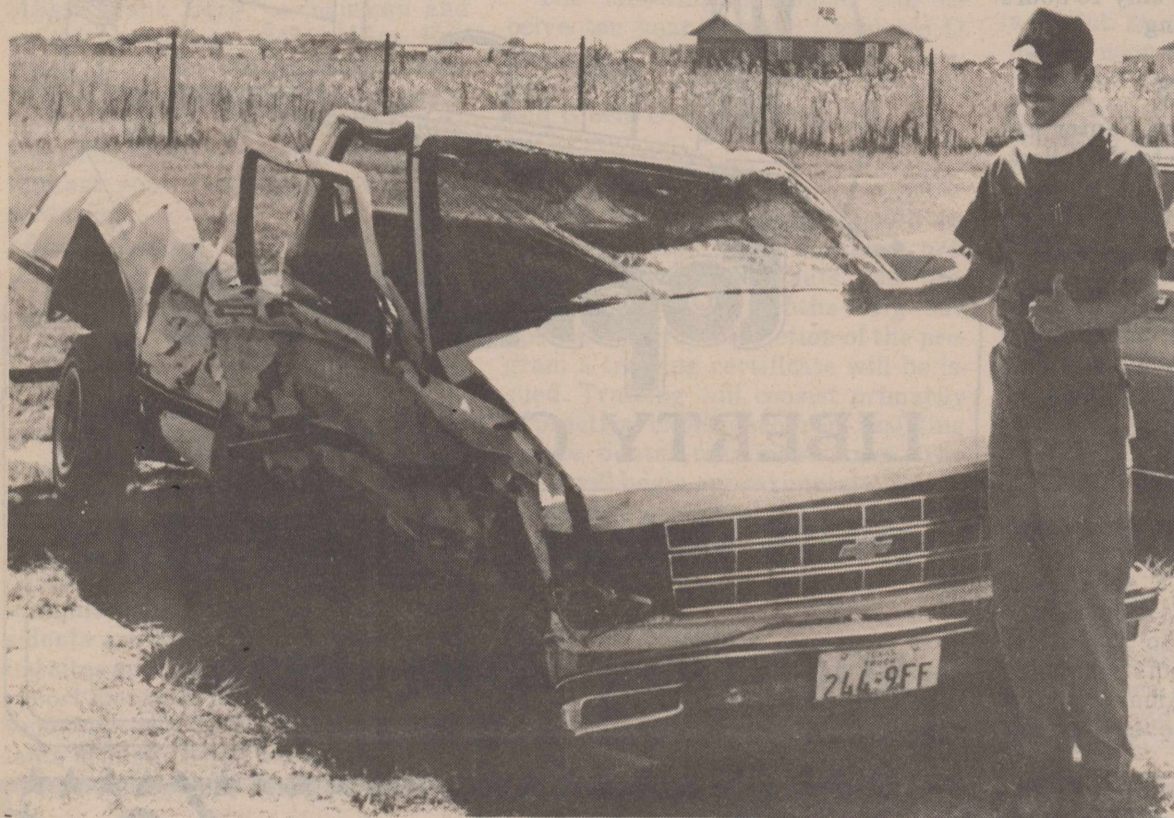

On Friday night, Sept. 26, 1986, Sgts. Matthew Wetmore, Randy Bauer, and his three year old daughter Krystal Bauer were heading east on 4th Ave. A man driving north on FM 179 traveling in excess of 60 MPH ran the stop sign at the 4th Ave intersection and collided with Wetmore's pickup truck. The driver who ran the stop sign was drunk and sustained fatal injuries when he was thrown from his vehicle. Ironically,

the interior of his car was only slightly damaged—there was room to live—and his whisky bottle landed beside him on the pavement—unbroken.

Sgt. Wetmore and his two passengers had their seatbelts fastened. Lubbock police investigating the accident believe seatbelts saved all of their lives. The seatbelts worked.

Sgt. Westmore didn't expect to be hit by a ton of steel traveling over 60 MPH. Like all of us, he believed it would

never happen to him. Fortunately, Sgt. Wetmore didn't gamble his life away with a moment's laziness. When you're traveling at 88 feet per second you don't have time to prepare yourself for the unexpected, you must be ready ahead of time. The motto: "expect the unexpected" is pessimistic in connotation, but when it comes to the safety of yourself and your family, why not give seatbelts a fair chance? Sgt. Wetmore did, and he's proof that seatbelts save lives.

(USAF Photo)

## Crunch!

Even though his truck didn't pull through, Sgt. Matthew Wetmore gives the thumbs up as he proves that seatbelts make a difference.

## End the lose/gain game.

At Diet Center you can lose 10 pounds in 2 weeks... be 2 sizes trimmer in 3 weeks. It's quick. It's safe. And perhaps best of all, you won't see the weight you lost come back. We can show you how, right now. Your first personal consultation is free. Call today.

## HURLWOOD BAPTIST CHURCH

*A Military Family's Home Away From Home*

All Reese Air Force Base personnel are invited to attend revival services at Hurlwood Baptist Church. Our church is located at 9417 W. 4th, right across from Reese Village. The revival will run from Sunday, Oct. 12 through Oct. 17. Services will be held at 9:45 a.m. and 7 p.m. Sunday and at 7:30 p.m., Monday-Friday. We will also be having our popular noon services each day. There will be a nursery available during all services.

Allen McHam is our evangelist.  
The Murphy Family will provide music.

# The common cold, it's the season

by Capt. Dan R. Hansen  
Primary Care Clinic

The "common cold", also more correctly known as a type of upper respiratory infection (URI), accounts for 30 to 50 percent of time lost from work for adults and from 60 to 80 percent of time lost from school by children. More than one billion cases occur annually in the United States with almost seven days lost from work per person per year! URIs are caused by 12 major groups of viruses with more than 150 sub-types. Three of these 12 groups are responsible for symptoms consistent with the common cold and are responsible for the overwhelming number of URIs. Other causes of upper respiratory infections include *Mycoplasma pneumoniae*, streptococcal sore throat (group A strep), bacterial pneumonia, and sinusitis. In this article, I will concentrate on the symptoms and treatment of the upper respiratory viruses that cause the common cold.

The common cold refers to an illness characterized by na-

sal obstruction and discharge, sneezing, sore throat, a feeling of being tired, and occasionally, fever. Ear and sinus discomfort can be present as well but not because of direct viral infection of these areas. The eustachian tube, a passage for maintaining equal pressure on both sides of the ear drum and for draining the middle ear, is unable to function properly when swollen. A malfunctioning eustachian tube can create ear discomfort and can cause fluid to accumulate in the middle ear. The sinuses, likewise, have openings into the nasal cavity to facilitate drainage and pressure equilibration.

Each person will be affected differently by the same virus depending on their age, their health, and their ability to fight off infections. Children have more URIs and more severe URIs than the adult population; children under the age of six have twice as many URIs as the general population. The negative effect of tobacco smoke on the lung's ability to ward off infections predisposes smokers to more frequent and

severe respiratory infections with chronic bronchitis and pneumonia being the most common.

Once a respiratory virus is contracted, there is no means of preventing cold symptoms. The time between exposure and the onset of symptoms—the incubation period—ranges from one to five days. The winter season is the peak period of URIs with approximately one-third of all individuals being affected; Summer has the lowest incidence. Colds rarely progress to pneumonias; they resolve spontaneously within one week with treatment, seven days without treatment. Despite many people's insistence, antibiotics are not effective for viral infections, and should not be taken for colds. In addition, no sound scientific evidence exists that proves taking Vitamin C prevents or cures the common cold.

Treatment is directed towards handling the symptoms of nasal congestion and discharge, headache, body aches, cough and fever. Oral decongestants work by decreasing

the amount of secretions but for some patients they are not tolerated well. Some common side effects include elevations in blood pressure, inability to void in some elderly men, drowsiness and insomnia. Nasal sprays overcome many of these problems but they are not suited for use beyond several days because of a phenomenon called rebound congestion. After nasal sprays are used for several days the nasal mucosa becomes markedly swollen after the drug wears off. The patient becomes extremely congested, perceives that the drug is not working as it should, and begins to use the spray more frequently. Rebound congestion is easy to avoid if nasal sprays are used for no more than three to four days. Remember nasal sprays are for short term therapy; oral decongestants are for long term therapy.

Aspirin and acetaminophen (Tylenol) are good for relieving the headaches, fever, and aches that frequently accompany a URI. In children and adolescents, Tylenol is felt to be a better choice than aspirin because of the associ-

ation of Reye's Syndrome with aspirin use in many viral infections. This is especially true of flu or influenza and chickenpox. Warm steam from a vaporizer or cool mist from a humidifier are more effective in loosening secretions than medications. Cough suppressants are helpful in helping cold sufferers sleep uninterrupted by cough. Each physician has his own criteria for prescribing cough suppressants.

The common cold is a viral infection whose duration is unaffected by current medical therapy. Treatment is symptomatic: aspirin or Tylenol for body aches and fever, decongestants for nasal discharge and congestion, cough suppressants, if indicated for cough, fluids to prevent dehydration, and rest. Antibiotics and Vitamin C are of no benefit in treating colds. As a patient, you should seek medical care if you have a temperature, a prominent or productive cough, and a persistent or more severe illness than in the past.

"Only through asking of the right questions are we led sometimes to a solution."

—Plato

# Area of responsibility outlined

On Oct. 1, Crawford Technical Services (CTS) took over Base Grounds Maintenance from Civil Engineering. Since then there has been a lot of confusion over areas of responsibility, the buildings occupant's area of responsibility is outlined on the map by the shaded areas.

Building occupant's are responsible for: Mowing, trimming and edging lawns; trimming hedges; maintaining flower beds, desert landscapes, & plant beds; and for irrigating all areas within the occupant's area of responsibility.

If you have any problem with the Grounds Maintenance Contract or need more information please contact the Quality Assurance Evaluator, Mr. W.C. Teal or MSgt. Normal Mecham at Ext. 3427.

## The President Said

**F**ree men do not lose their patience, their courage, their faith, because the obstacles are mountainous, the path uncharted. Given understanding, they invariably rise to the challenge.

# Why the Roundup?

by A1C Robin Reams  
Staff Writer, Roundup

The Roundup? How did the paper get its name?

Way back when, before Reese became the 64th Flying Training Wing, the Public Affairs office of the 3500 Flying Training Wing ran a base wide contest, in search of a new name for the paper then call **The Fly Paper**.

In late 1949, Margie Hoxie submitted her entry to name the paper. For first prize, she was awarded a coffee pot, she still has it, and we still have The Roundup.

Why the Roundup? "The Reese Roundup, sounded good, and seemed appropriate for the area" Mrs. Hoxie said.

Mrs. Hoxie was a civilian Form 5 employee. Her husband, Lt. Col. (Retired) Lloyd E. Hoxie was a B-25 instructor pilot here at Reese.

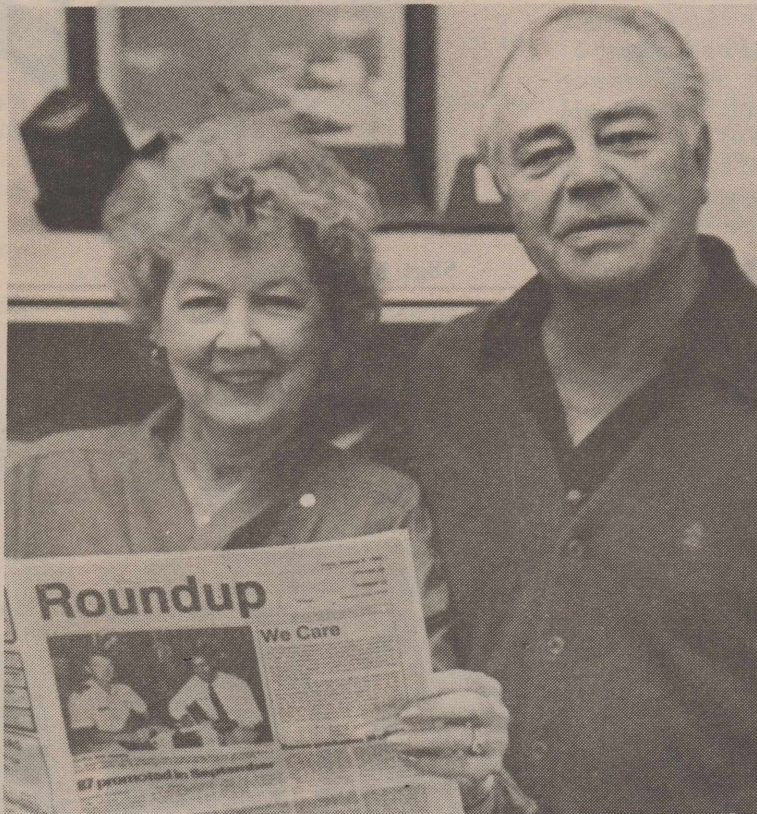

The couple was the first to be married at the old Chapel here at Reese by Chaplain (Col. Retired) Frank Gilchrist, on Jan. 14, 1950.

On their first visit back to Reese since March of 1951, Mr. Hoxie was "impressed

with the base as a whole" he said. "Everything is immaculate," Mrs. Hoxie said.

The Roundup has recently been re-copywrited, so for at

least another 10 years, Mrs. Hoxie will continue to be accredited with the naming of the Roundup, will the coffee pot last that long?

Contest winner

# What's going on in the 35 FTS?

## IP ASSIGNMENTS!

The latest Instructor Pilot assignment block has been released, and five out of the six IPs received one of their top choices. The assignments and locations are as follows:

Capt. Steve Atkins, P-Qual - B-52, Wurtsmith AFB, Mich.

Capt. Jack Briody, Check Section - A-10, Bentwaters AB, United Kingdom

Capt. Pat Canon, P-Qual - C-130, Clark AB, Philippines

Capt. George Hooper, Check Section - C-5, Dover AFB, Del.

Capt. Gary Plumb, Check Section - F-16, MacDill AFB, Fla.

Capt. Mike Schardt, A Flight - B-52, Fairchild AFB, Wash.

## 35th FTS IP's ON THE MOVE!

•Maj. Russ Russell is the new squadron executive officer.

•Maj. Rufus Hutchinson is the new Section II Commander.

•Capt. Dan Sanders moved to the 64th STUS as a Class Commander.

•Capt. Steve James has been selected to be a 64FTW FCF pilot.

•Capt. Mike Schardt has moved to Asst. Flt/CC, A Flt.

•Capt. Kelley Fields has moved to

the 64 STUS, Academic Instructor.

•Capt. Chris Lewis is moving up to Asst. Flt/CC, D Flt.

•1st Lt. Dan Holmes has moved from B Flt up to P-Qual.

•1st Lt. Roger Boyer has moved from A Flt up to P-Qual.

•1st Lt. Bill Cool is moving up to Asst Flt/CC, C Flt.

•1st Lt. Russ Wayant has moved to Asst Sec II/CC.

•1st Lt. Jeff Kanarish has moved to Check Station.

## AIRMEN ON THE MOVE!

•A1C Mandy Williams has been nominated to be Senior Airman below-the-zone, effective Nov. 15.

•Airman Tim Faass was promoted to A1C on Oct. 7.

•Airman Selma Christopher will be promoted to A1C on Oct. 19.

## OUTSTANDING IP's—Class 86-08

The members of class 86-08 selected two individuals as Top T-37 IP's. Section I chose 1st Lt. Scott Shankland from B Flight and Section II chose 1st Lt. Scott Poppleton, formerly of D Flight.

## 35th FOOTBALL INTRAMURALS

The 35th flag football team leads the league with a perfect 4-0 record. The 35th has allowed only 12 points while scoring 72 points to annulate the Civil Engineers, 14-0; Resource Management, 12-0; Reese Hospital, 14-0; and the 64th STUS, 35-12. Team scorers were Brad Arnold, Denny Moore, Jeff Spraggins, Dave Gottschalk, and Steve Lyzenga. Super Job!!! Let's all get out and support our team, they're on the way to an undefeated season!!

## COMING EVENTS

•Get ready for the Squadron Octoberfest extravaganza scheduled for Saturday, Nov. 1 at the officer's club. Highlights feature a German buffet dinner, Polka music/dancing, games, and more!! All Wing T-37 pilots are invited. We're informed every flight will have an individual table along with their guest help, even a table for Stan/Eval.

•A squadron raid to Davis Monthan AFB, Ariz. is being planned for mid November. Up to ten two ship formations (20 aircraft) will be making the trip early Friday, and then taking a

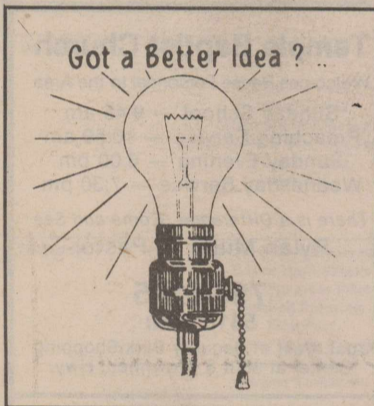

tour of the "Bone Yard," playing golf and enjoying the sun and fun in Tucson, Ariz. on Sunday.

## MEXICAN DELEGATION VISITS THE 35th FLYING TRAINING SQUADRON

A thirteen member delegation from Leon, Mexico, toured the 35th FTS during their exchange visit to the South Plains area. Head of the delegation was Mayor Hernandez who was made an honorary member of the 35th. The entire group especially enjoyed witnessing the solo tank tradition in action, arranged by B Flight. Capt. Jose Lopez and 1st Lt. Chris Jergens served as escorts for a base tour. Capt. Lopez provided timely and helpful interpretation. Sgt. James Plyler and SSgt. Karl Kurtz were instrumental in preparation for the tour.

## COMMENDATIONS

1st Lt. Scott Shankland, Paul Chapman, and Word Worster are commended for their superb work with squadron plans—a recent staff assistant visit rated their work "excellent."

# The silent killer

by Sgt. Cherie Powers  
Ground Safety Specialist

You cannot see it, hear it, smell it or taste it.

Depending on the concentration of air, it can kill within minutes.

It causes more deaths than any other gas.

What is it? It's carbon monoxide—also referred to as the silent killer. A very small amount of carbon monoxide can have a substantial effect because it combines with blood 200 times more readily than oxygen. Breathed into the lungs, the gas makes its way into the blood stream and prevents the blood from carrying oxygen to the tissues. Carbon monoxide gradually seeps into the victims vitals, causing drowsiness, then puts the victim into a painless, permanent sleep.

Be alert for a strange tight-

ness across the forehead which is often the first sign of poisoning. It may be followed by throbbing in the temples, headache, dizziness, nausea, and loss of muscle control. Unfortunately, if the concentration is great enough the victim may fall unconscious without any prior symptoms.

There are precautions that can be taken against carbon monoxide poisoning, including:

- Have heating systems checked annually by a qualified inspector. Most gas companies and fire marshals will check these for a minimal fee.
- Don't close fireplace dampers until the fire is completely out.
- Seal off attached garages from your home and never run the car engine in a closed garage.
- Always use charcoal grills in well ventilated areas.

Should someone get poisoned by carbon monoxide, get the victim into fresh air as soon as possible. Immediately begin artificial respiration if breathing has stopped. Call a doctor. Keep the victim cool to reduce the oxygen demand of the body, and do not allow the victim to do any strenuous activity.

Last year several base personnel were poisoned by carbon monoxide. If you or anyone in the family begins to experience the symptoms of carbon monoxide poisoning, don't pass off the symptoms as a virus and go to bed to sleep it off. You might not wake up.

Be alert to the situations that can lead to carbon monoxide poisoning. Knowledge is a potent weapon. In the case of the silent killer, it may be the only weapon.

# Reese Rattlers take two

by Capt. Allen Wallace

The Reese AFB Rattlers opened the 1986-87 varsity with two hard-fought wins over Altus AFB, Okla. last weekend. The Saturday night game was characterized by aggressive play by both teams throughout the game. The Reese team, although outnumbered (Altus had 20 guys suited up) wasn't out-gunned, nor could they be out-run.

The game was close for the first five minutes, but the devastating fastbreak used by the Rattlers began to take its toll and Reese began to pull away. Reese led at half time,

46-36. In the second half, Reese built a 20 point lead on the strength of good defense, rebounding, and fastbreaking. That lead came in handy when the Rattlers got in foul-trouble, especially after four players fouled out. The final buzzer caught Reese ahead 87-79.

Reese was led by Al Wilhite with 20 points, followed by Steven Talbot with 15, Tony Chatman, 14, Enoch Jackson, 9, Harmon Hagan, 7, Dorian Kempfer, 6, Tony Hardwick, 5, Craig Ulmer, 4, Alonzo Miller, 4, and Victor Fulton with 3 points.

The second game on Sunday noon was well played by both teams. Altus got off to a quicker start than Reese, but the Rattlers came back to

lead 39-36 at the half. Reese opened up a 10-point lead in the second half, and Altus could come no closer than seven points. Clutch free-throw shooting by the Reese team resulted in an 80-70 victory. Reese was again led by Al Wilhite's 17 points, followed by Alonzo Miller's 16. They were supported by Steven Talbot with 12, Tony Chatman, 9, Tony Hardwick, 8, Enoch Jackson, 7, Craig Ulmer, 6, Harmon Hagen, 3, and Dorian Kempfer with 2 points.

Reese's next big test will be here tomorrow and Sunday against Dyess AFB, Texas. Game times are: Saturday at 7 p.m. and Sunday at noon.

# You have a right to know

by 2nd Lt. Gregory Zigulis  
Chief, BES

Have you ever worked with a chemical and wondered if it was a hazard to your health? The "Right to Know" or Hazard Communication Law is designed to ensure that employees know the hazards associated with the chemicals they work with on their job.

Reese AFB personnel continue to be well informed of not only chemical, but also many other potential hazards of their work environment. This is done in a number of ways.

One is through annual industrial hygiene surveys per-

formed by Bioenvironmental Engineering Services (BES). These surveys evaluate worker exposures and provide informal hazards training. Final survey reports are provided to the workplace supervisor to alert workers to potential hazards and insure that these hazards are minimized appropriately. These reports are filed with AFOSH briefing packages and are also available for review in BES offices, Bldg. 35.

Another way workers are informed is through formal courses. These courses are provided to shops by Environmental Health on a multitude of potential hazards including

chemicals, noise and radiation.

A source of information infrequently used by readily available to all Reese personnel are Material Safety Data Sheets. These sheets outline any health or physical hazards associated with chemicals and are available for review in BES offices.

You have a right to know! If you ever have a question about the health or physical hazards of a procedure or chemical that you're working with, or if you'd like to review past industrial hygiene surveys or Material Safety Data Sheets, just call BES at Ext. 3327.

# Motorcycle mishaps increase

by SSgt. Wayne Johnson  
Ground Safety Technician

Air Training Command experienced 12 motorcycles injuries and two fatalities during the month of August 1986. This is the worst monthly trend in recent ATC history. Both fatalities involved "Driving While Intoxicated" and "excessive speed." In one of the fatal mishaps, no helmet was worn. In almost every mishap, the cyclist was at fault. The majority of the cyclists were inexperienced on their machines.

Fortunately, none of these motorcycle mishaps occurred at Reese; however, during Fiscal Year 1985, Reese experienced three motorcycle mishaps. During Fiscal Year 1986, Reese doubled this figure (six).

Every cyclist who registers a motorcycle at Reese MUST attend a Motorcycle Safety Foundation course and pass the Motorcycle Operator Skill Test. During these courses, protective equipment/clothing, riding skills, and the effects of drugs/alcohol are co-

vered extensively. The problem here at Reese is not a lack of training; it is a lack of cyclists applying what they have learned during this training.

Five of the six motorcycle mishaps during Fiscal Year 1986 were alcohol involved. Alcohol and motor vehicles do not mix - PERIOD. The bottom line is - all of the testing and training go out the window when a cyclist hops on a motorcycle drunk.

Remember, "Friends don't let friends drive drunk."

# Sports notes

## Football Tickets available

Football tickets for the Los Angeles Raiders vs. Dallas Cowboys game Nov. 9 may be purchased for \$21.50 at the Mathis Recreation Center. Ticket sales for this game will begin at 10 a.m. Tuesday. Due to the limited number, tickets will be sold on a first come, first serve basis. Limit four tickets per person.

### Football tryouts held

Varsity flag football tryouts are scheduled for Monday and Friday Oct. 17 at 5 p.m. both days.

Coaches are also needed, to apply contact A1C David Krajcovic.

## Flag football standings

Intramural flag football  
standings as of Oct. 2, 1986

National League			American League		
	Wins	Losses		Wins	Losses
35 FTS	4	0	FMS	3	0
STURON	3	3	MSS	4	1
Comm	3	3	CES	3	2
HOSP	2	4	54 FTS	1	3
OMS	2	4	RM	1	4

## Bargain available

Discount Texas Tech football tickets for the remaining home games on Nov. 8, 15 and 22 are now available at the Tour & Travel Office, Mathis Recreation Center.

Discount tickets are \$10.25 per person for sideline seats. The regular ticket price is \$14 at the gate.

Discount tickets must be purchased not later than Tuesday, the week of the scheduled game, during Tour & Travel Office hours Monday-Friday, 10 a.m. to 6 p.m.

For more information, call the Mathis Recreation Center at Ext. 3787.

## For the trophy

### Commanders Points

The 1986 Commanders Points race is over and the winners are as follows:

### Division I

RM	1570
FMS	1457
STURON	1295
HOSP	1065
OMS	941

### Division II

MSS	1570
CES	960
54th	814
Comm	775
SPS	771
35th	695

### Coaches still needed

A womens varsity basketball coach is still needed. Eight to 10 women who are interested in playing varsity basketball are also needed.

To sign up contact A1C David Krajcovic at Ext. 6026.

## Weekend Tours available

A weekend trip to New Braunfels "26th Wursthfest" is available through the Tour & Travel Office for the weekend of Nov. 1. The cost is \$76, and registration deadline for the trip is Wednesday.

For the weekend of Nov.

15-16, a trip to Billy Bob's Southfork Ranch, Fort Worth, Dallas is available. The deadline for the trip is Oct. 15, the cost is \$67.

For more information call the Mathis Recreation Center, Ext. 3787.
