Haskell County History

MARCH 13, 1942

Gene Overton left Sunday March 1, for Fort Benning, Ga., where he is currently stationed.

Registration of cars and trucks in Haskell County to date is far below the total for last year.

Mrs. Jesse Jasselet underwent major surgery in a Dallas hospital Monday.

Several teachers from Haskell and Rule attended the meeting of the Oil Belt Teachers Association in Sweetwater last weekend.

A model airplane club has been organized by a group of Haskell High School boys.

Mr. Gilmore as their sponsor, Goldie Smith was elected president.

Mr. C. Pruitt, who has been city water superintendent in Rule for several years.

Mr. and Mrs. F. L. Peavy returned Sunday from Dallas, where they spent the past week with relatives.

Mrs. Vivian Shelton of National City, Calif., has been visiting her father, W. O. Whitely of Haskell.

30 YEARS AGO MARCH 12, 1881

At the meeting of the School Board this week, Prof. C. B. Breedlove was re-elected as superintendent of Haskell Schools for the 1931-32 term.

Fire thought to have started from a water heater destroyed the home of Mr. and Mrs. Parks Woodson in the north part of town between 12 and 1:00 Monday morning.

Miss Maurine Couch of Stamford spent the weekend here with her parents, Mr. and Mrs. John A. Couch.

Mr. and Mrs. N. I. McCollum spent Sunday in Cisco visiting Mrs. McCollum's brother and family.

The Vocational Agriculture Department in Haskell High School is investigating the possibility of establishing a community cannery here.

Three school trustees are to be elected in the annual election Saturday, April 4.

Jason W. Smith, W. P. Trice, T. C. Cahill and Sterling Edwards attended the Fort Worth Fat Stock Show several days last week.

Miss Nellie V. Wheatley left this week for San Marcos.

Misses Dessie Kennedy and Maidee Watson of Munday spent the weekend in Haskell with their parents.

M. D. Crow, Oran McDonald and Miss Nevada Baker, who are working for the telephone company in Lubbock, spent Saturday and Sunday with relatives and friends here.

50 YEARS AGO MARCH 17, 1911

Haskell Co. Operative Association has opened a new grocery store here with J. F. Posey as manager.

Earl Cogdell shipped two cars of steers to the Ft. Worth market this week.

Judge A. C. Foster and family, accompanied by Mrs. Westbrook, Mrs. Ed Ellis and John A. Lee, all of Rule, were in town Thursday.

Lee Pierson and family have returned from Waco, where they spent the winter.

H. C. Scott went to Weinert the first of the week to relieve Alvy Couch, cashier of the Weinert State Bank.

The West Side Pharmacy and Gambill Brothers have exchanged buildings and moved their stocks of goods.

Miss Ruby Poole has resigned her position in the postoffice at Stamford.

Throckmorton school trustees are taking a direct approach in notifying property owners who are delinquent in payment of school taxes.

The board has announced that beginning around April 1, the names of delinquent taxpayers and the amount of taxes due the school district will be published in the town's newspaper.

We're waiting to see what happens, Frankly, we approve the trustee's move and glory in their spunk but we're afraid they're in for some explosive criticism.

Raymond Melton, one of the key service men at Wooten's Service Station, has found out a little-known feature about cars with automatic transmission.

Recently, Raymond suspected that some used tires stolen from the station might have been hidden under a highway bridge.

As he poked around under the bridge, his car, equipped with automatic transmission, started creeping slowly down the bank of the barrow ditch.

When he emerged from under the bridge, he was surprised to see his car had followed almost on his heels.

The vehicle was unharmed, but the ditch was so steep that Raymond had to have help to pull his car back up onto the highway.

Incidentally, his hunch about the tires was groundless.

Haskell voters will get some good exercise in casting their ballots in the city election and the special election for U. S. Senator on April 4.

Voting in the city election will require a trip to the City Hall. Then, to cast a vote for one of 70 candidates for Senator, the voter will have to go to the courthouse.

After seeing a sample of the ballot in the special election, with its 70 candidates, we sympathize with the election judges and clerks who will have to tally the votes.

Although the top contenders will be confined to six candidates (in our opinion) these six are widely separated on the ballot and that will necessarily slow down the count.

Also, there are bound to be some ballots on which the voters will fail to clearly mark out all but one name and this will require added time of judges in puzzling out the voters' intent.

People, Places & Things

By A. PATE

Mention was made here recently that our not-too-distant neighboring town of Eastland had developed a highway route squabble on a par with Haskell's Miller Creek ruckus.

Partisans for and against changing the highway route through Eastland had drawn the Highway Commission and a Congressman into the fuss.

New, Eastland is up in arms against Abilene as the result of pending legislation that would move the 11th Court of Civil Appeals from Eastland to Abilene.

Eastland people feel they are being made the victim of a big town "grab" and they are not a big backward letting their feelings be known.

On the other hand, proponents of the move point out that Abilene would be a more central point for the counties served by the appeals court.

Incidentally, the Civil Appeals Court at Eastland is headed by a Haskell-reared man, Chief Justice Clyde Grissom, who has been a top figure in West Texas legal circles for years.

Chief Justice Grissom began his legal career after World War I as a practicing lawyer in Haskell.

He entered politics in 1922 when he ran for and was elected County Attorney, defeating the late Ed Wilfong.

In the intervening period of almost 40 years, Grissom served as County Attorney, District Attorney, District Judge and Associate Justice of the 11th Civil Appeals Court before becoming Chief Justice.

And, remarkable as it may seem, since his first race for County Attorney, he has never had an opponent in any campaign!

In 1961, The Free Press is observing its Diamond Jubilee Year, having been established in 1886 when Haskell was no more than a small village.

Through ups and downs, droughts and hard times, the newspaper survived and today is Haskell County's oldest business institution and one of the oldest newspapers in West Texas.

With the exception of one or two years, files of the newspaper are complete for the span of 75 years and comprise a record of this section's development as well as an interesting insight into the lives of the pioneers and the more important incidents of their days.

The paper's founder, Oscar Martin, earlyday lawyer turned newspaperman, was plain spoken and in his writings left no room for misunderstanding as to the points he wanted to convey to his readers.

Printers, also, were forthright in expressing themselves when the opportunity was at hand, as one issue of The Free Press in 1886 revealed.

Editor Martin evidently was out of town that week, leaving to his printer the chore of "getting out" the paper.

Apparently under great stimulus, the printer had a special item in the paper in which he challenged: "If Old Man L. don't like what we put in the paper we have a great big Irishman to help us do our fighting and Old Man L. can jump it or like it." The tirade continued, but the letters were so jumbled as to be unintelligible, probably due to added stimulant taken by the printer.

The following week there was a brief item to the effect that the paper was without a printer temporarily, and the editor expressed regret that only a small amount of news could be handled under the circumstances.

Editor Martin's views on some subject, evidently had drawn the fire of critics, judging from the following blast in an 1886 issue:

"It has been said that one-third of the fools in the country think they can beat a lawyer expounding the law; at least one-fourth believe they can beat the doctor in healing the sick; two-thirds of them think they can outshine a minister in preaching the gospel; and all of them think they can do a better job than the editor in running a newspaper."

When was the courthouse square paved? When was natural gas first used in Haskell? When was the first highway built in the county?

These are some of the questions that are settled by newspaper files when arguments develop over events of 10, 20 or 30 years ago, or longer.

Few people (unless they are really old-timers) would estimate the age of the brick pavement around here.

City Court Would Pay Its Way

In the last fiscal year, the City of Haskell received a total of \$245.25 in fees from justice and county court, representing the city's share of fines paid in cases developed by city police officers.

During that period, cost of operation and maintenance of the city police department amounted to \$8,322.89, not including cost of a new police car.

With exception of \$245.25 court fees, expenses of the police department were paid from tax funds.

Setting up a city or corporation court, in which all law violations covered by city ordinances could be handled, would result in several thousand dollars additional revenue to the city, it is estimated.

Only added expense would be the compensation allowed the court judge, and this could either be a fixed monthly salary or on a fee basis with a maximum agreed upon.

With a city or corporation court available for handling violations, a more consistent enforcement of traffic laws could be carried out, and the program would be self-supporting.

Enforcement of all other city ordinances would be simplified also. Many of these statutes enacted by the City Council from time to time, are enforceable only in city court.

Under the present set-up, this would require the Mayor to receive complaints and preside as magistrate. That this is an inconvenient and unworkable arrangement is borne out by the fact that no cases have been handled in this manner for the past decade or longer.

We believe that if the City Council can work out a plan to set up a corporation court, if only for a trial period, it will meet with approval of a majority of Haskell citizens.

Thorns or Roses?

Spring is the optimistic season. The cleansing rains refresh the spirit as well as the air. Green shoots of buried bulbs push up toward the sun, symbolizing the promise of a renewed world.

In this season, even the confirmed pessimist is hard put to defend his drab outlook. The pessimist sees the thorns on the bush, the optimist the roses.

And, spring is the season for the supreme religious observance of Easter and Passover. In essence, both commemorate the triumph of life over death.

With Easter, it is the witness of the Risen Lord to the promise of eternal life. With Passover, it is the witness of the Lord's "passing over" of the houses of the children of Israel.

In both festivals the coincidence with spring signifies the purpose and power of God to bestow upon all men the abundance of His grace. The word Easter itself means spring.

So spring connotes a renewal of spiritual life and the hope for a better future. In the spring, Faith means optimism and gratitude to God for His victory over the long winter of despair.

Because this is so, spring is also the season of thanksgiving—and nowhere can we express our thanks to God better than by worshipping Him regularly in the church of your choice.

Prove Culinary Ability; Win Award In Foods Project

Patricia Simons added many county and district level awards to her record. For their demonstration on "Dairy Foods Party Refreshments," Carol Bennett and her co-worker won the number one spot in the Team division at the county, district and state levels. Included in the demonstration were cottage cheese cookies, a ribbon loaf sandwich and a sour cream dip.

Carol, a freshman at Texas Women's University, is the daughter of Mr. and Mrs. B. K. Bennett, Texarkana. She is in her ninth year of 4-H work, and has been enrolled in the dairy foods project for the last four years.

Miss Bennett has participated in many projects during her 4-H career. She is presently coaching a group of younger 4-H members in foods and nutrition, and after encouraging them to enter the junior dairy foods demonstration, they placed first in the county and district contests.

The Cooperative Extension Service of Texas A. and M. College System supervises the 4-H program, and annually selects award winners.

The captain explained that trailers with a gross weight exceeding 4,000 pounds also must be inspected.

The safety inspection sticker which must be on all registered vehicles operated over public streets, roads, and highways by midnight, April 15, may be obtained at any of the seven approved vehicle inspection stations in this county.

Texas Trading Turkeys For Arizona Quail

Forty south Texas turkeys have been sent to Arizona for planting. In exchange, Texas will get a shipment of Gambel's quail. This is a trade made between the Texas Game and Fish Commission and the Arizona Game and Fish Commission, to increase the quantities of the species in the two states.

The turkeys were trapped on the King Ranch and moved to Midland by truck. There they were met by two planes from Arizona. They were released in the Nogales area.

When Texas receives its shipment of the Gambel's quail, they will be released in the Black Gap area, according to W. J. Cutbirth Jr., assistant executive secretary of the Game and Fish Commission.

At the present time, the Gambel's population along the Rio Grande Valley in West Texas is low. It is hoped

through this exchange of wildlife to increase the population of this popular bird. Already the Black Gap has been stocked with Chukar from Nevada and California.

Bighorn sheep from Arizona also have been placed on the Black Gap management area.

BIDS WANTED
Bids will be received by the Commissioners Court of Haskell County until 10 a. m. March 29, 1961, for the sale to Precinct 1 of two new 2-ton trucks with two-speed axle, 8.25x20 tires on front and 9.00x20 tires on rear. Bids are desired on outright cash purchase, and alternate bid with trade-in. Prospective bidders should contact Commissioner John Brock for any further information desired. The right is reserved to reject any and all bids.

Mrs. Sue Peavy was hostess Tuesday evening, March 7, in her home for the regular meeting of the Rainbow Sewing Club.

The meeting was called to order by the president, Mrs. Stella Josselet. Mrs. Flossie Rogers led the group in singing the club song, "Let Me Call You Sweetheart." The secretary, Sallie Patterson, conducted roll call and dues were paid. Minutes of the last meeting were read and approved and new business was discussed, after which names of Pals were drawn. The thought for the day was given by Mrs. Johnson, and needlecraft was won by Mrs. Edwards. Several special songs were given. Those taking part on the special program were LaVerne New, Sallie Patterson, Ann Taylor and Elizabeth Andrews. The hostess gift was won by Mrs. New. Recreation was led by Mrs. Edwards. A skit portraying Mary and George Washington and cutting down the cherry tree was presented by Mrs. Edwards and Mrs. Stella Josselet. A reading by Florence Larned concluded the program.

A refreshment plate was served to a visitor, Mrs. Alpha Dyche, and club members, Mesdames Flossie Rogers, Erlinda Andrews, Essie Bland, Sallie Patterson, Eddie Johnson, Ethel Edwards, Eva Pearsey, LaVerne New, Zada Smith, Cora Pitman, Stella Josselet, Ann Taylor, Florence Larned, Anne Pearl Lusk and the hostess, Mrs. Peavy. Next meeting of the club will be in the home of Mrs. Cora Pitman, and new officers will be elected at that meeting.

CARD OF THANKS

We wish to express our sincere appreciation for the beautiful floral offerings, words of sympathy and acts of kindness at the loss of our beloved daughter and sister, Lillian Bell Walker. We also wish to thank those who served our meals. Your thoughtful kindness was a comfort to us.—The Family of Mr. and Mrs. Bill Tanner, Weinert, Texas. 11p

Supt. Robert R. King Is Speaker At Elementary P-TA Meeting

During National Education Week, on Wednesday, March 8, the Haskell Elementary met in the grade school cafeteria. New officers for the year 1961-62 were elected. They are:

President, Mrs. Gentry Middleton; Vice President, Mrs. Glen Sammons; Secretary, Mrs. T. R. Foster; Treasurer, Mrs. Eurnell Gilleland; Historian, Mrs. J. S. Newcomb; Parliamentarian, Mrs. Bill Lawson.

Mrs. T. J. Brueggeman, Vice-President, presided. Minister of the Assembly of God Church, Mr. I. A. Burns, led in opening prayer. Mrs. Wallace Stark, Chairman of the Child Welfare committee reported 45 haircuts given to needy boys and girls of the community through the courtesy of our local barbers and beauticians during National Barber and Beauty Week. The Elementary P. T. A. wishes to express most sincere thanks to all those who helped in this project.

Mrs. Brueggeman introduced Haskell School Superintendent Robt. R. King, as speaker of the day. Mr. King, in special keeping with National Education Week, gave some very informative and instructive thoughts on "Education for A Better Community." Central thoughts pointed out that transition is a constant and ever-growing reality in educational fields as well as most other phases of life. In this vein of thought, he said, we must recognize that our generations of today are truly citizens of the world, and not just of any one small community. From all standpoints of spiritual, economic, educational, physical and emotional stability, we must measure up to what is needed in our teaching.

As the only nation which endeavors to give each and every child the opportunity of education, we have developed a system which has multiple problems. Thinking on two of these we first have the problem of those who seek a high school education as the end means of a livelihood. Secondly, we have those who seek a high school education as a stepping-stone to college entrance. Our local school leaders are constantly working on how to help tend both these needs and solve the curriculum needs involved. At the Junior High levels in Haskell this year we offer Art, and Spanish.

This summer a Driver Education program will be begun through the school. Advanced mathematics is now offered in the 12th grade, enabling those preparing for college an opportunity to better equip themselves in this field. There is being considered an expansion in the Physical Education field. It is hopefully anticipated that Chorus will be offered in the Junior as well as Senior High this next year. This school year there has been added to the school equipment several new science equipment has been installed for that department. The school guidance program, which helps the boy or girl best decide their individual areas of excellence or adaptability, has been expanded. This guidance is most important in helping to advise for the future of our boys and girls.

It is evident that all these programs take time and money as well as an active interest of the citizens in our schools. What can YOU do? Your first opportunity, as well as obligation to help, is to provide the right kind of an environment in the home life of your child. In your home activities, SELL your children on high type interest. Sell them their schools, its importance to them and you and the idea that they give it their best. Never hesitate to talk with teachers or administrators about problems as you may see them. Also, it doesn't

hurt to tell them when you see progress has been made! Then try to take the time to support your school at the state level. When issues and bills arise in the state houses of government, try to be informed or interested enough to find out what YOU can do to help your child to have the kind of edu-

cation that will help him or her to live life to the fullest. Kindergarten won the March room count. Refreshments were served to about 80 Parents and Teachers by the 4th grade mothers.

and sons, Bob and Steve. Mrs. R. O. Gibson Sr. was a patient at the Stamford Hospital several days last week. Bill Hertel was also a patient at the Stamford Hospital with a touch of pneumonia over the weekend. Mrs. R. N. Sheid, who has moved to Haskell, was visiting here with old friends Saturday.

Friends of Mr. and Mrs. Joe Ray Baltz honored them with a "housewarming party" at their home here Sunday evening. Norvell Lehrman was recently appointed to the Sagerton school board to fill the place left by Alvin Bredthauer who moved to Stamford. Barney Ross and Carl Hertel, whose terms are expiring, will be up for re-election at the School Board Election on Saturday, April 1. M. Y. Benton, Cliff LeFevre and Emil Stremmel have been appointed to hold

the election. Mrs. Edwin Stremmel was re-elected as president of the Sagerton P-TA at their meeting last week. Mrs. Carl Hertel was re-elected as vice-president, and Mrs. Charles Clark was elected secretary-treasurer.

The Red Cross Fund Drive was started in this community last week. Several families were contacted after the P-TA meeting last week and the business houses in Sagerton have been contacted. No house-to-house drive is being planned, but anyone who wishes to contribute is asked to contact Mrs. Edwin Stremmel, chairman of the project, or Miss Irene Stewart.

Mr. and Mrs. Bill Askew and daughters of Waco visited with the A. C. Knipplings last weekend.

Mrs. Reece Clark was called to San Antonio Monday when her daughter, Mrs. Ted Terrell, called to say Clark Don Terrell was in the hospital with the measles and a throat infection. Mrs. Clark went to stay with the Terrell's little daughter, Kay.

Guests in the home of Mr. and Mrs. Fred Spitzer over the weekend were: Mr. and Mrs. Cavnie Spitzer and family of Lubbock, Mr. and Mrs. Louie Spitzer and Mr. and Mrs. Garrett Spitzer of Old Glory, Mr. and Mrs. Martin Rueffer of Haskell and Mr. and Mrs. J. C. Spitzer and family of Sagerton.

Good Management Can Hike Income From Wildlife

Everyone likes to make money, and here is a possibility that many Texas farmers and ranchers may have overlooked. It could be possible to increase income by managing and harvesting the wildlife resources on the land. A new Texas Agricultural Extension Service publication discusses and explains how this can be accomplished.

There is one important point to remember, however. All wild animals in Texas are the property of the people living in the state. Game animals, including birds, fish and mammals, either dead or alive, cannot be sold. Landowners may, however, lease their land for hunting and fishing privileges.

Naturally, the better the hunting or fishing, the more people will be willing to pay for the privilege. This is where the management part of the program comes in. By providing, or leaving, adequate food and cover for the land animals and by properly stocking and managing the pond or lake, the landowner can insure a plentiful population of game animals.

Other factors that help determine the price of the lease are the number of people to be accommodated, facilities available and the accessibility. Many landowners, especially those with fishing waters, have found it profitable to make additional facilities available to the sportsmen. Boat and cabin rental, bait selling and other extras can increase the owner's income.

Another important point to remember is the matter of licenses. Persons who sell hunting licenses are required to purchase a shooting preserve license, and persons who sell bait are required to purchase a bait dealer's license. These may be obtained from the Texas Game and Fish Commission, Austin.

A copy of the Extension Service publication MP-463, "Increasing Your Income Through Wildlife Management," may be obtained from the local county agent. Other assistance and advice may be obtained from the county agent, Texas Game and Fish Commission representatives or U. S. Fish and Wildlife Service personnel.

355 People Gain New Income By Reading Papers

Over 355 persons, an undetermined number of them readers of this newspaper, are now mighty glad they have been reading their hometown papers. In 1957, 1958, 1959, or early 1960, they had applied for social security retirement benefits, only to be turned down because they didn't have enough credits to be insured under that system.

But, according to R. R. Tuley Jr., manager of the Abilene district office of the Social Security Administration, many of them told him that they read in their hometown papers at some time in the past 10 weeks that the law was changed in 1960. Others heard of the change from radio announcements. The change reduced the number of social security credits needed to be insured and eligible for retirement checks each month. So, they took themselves to the social security office, or met a representative of that office when he was in their community, and filed new claims.

Now, at least 355 of them have already received notice that their new claims have been approved, and are receiving regular monthly checks, dating back to October of 1960 when the first checks under this amendment were payable.

Tuley explained that the new law reduced by about one third the amount of work people need to qualify for social security benefits. Under the old law, some of those 355 needed almost five years of credits to qualify. Now, however, anyone reaching retirement age in 1960 (age 65 for men, 62 for women) needs only three years of such credits. Some qualified with as little as 1½ years of credits, the minimum requirement for those reaching retirement age before 1956.

So, if you have ever had an application for social security retirement or survivor benefits denied because of insufficient work credits, follow in the footsteps of the 355 who

have already profited by the change in the 16 county Abilene district. Write the Abilene office of the Social Security Administration today. They will be glad to recheck the records and see if you are now eligible for monthly checks under the 1960 changes.

PAINT CREEK... COMMUNITY NEWS

BY MRS. GENE OVERTON

One can hardly be anywhere in Paint Creek, unless it is down in the ranch country, without hearing the sound of tractors these days. The land all looks so pretty since it is being put up, and the farmers feel lucky to have had a full week of good weather in which to work. Everyone comments on the good condition of the soil. It is just right to plow. Bedding may cause it to dry out pretty fast, and we will need a rain soon. The wheat and other grain is growing so fast it will need another rain soon, too. But this is a wonderful time for farmers. I just love to smell the fresh turned dirt, and to see the brown fields next to the green wheat. I had better write the news before I wax poetic.

The Scouts of Troop 48 left last Thursday for Austin for the "Adventure in Leadership" trip. They left Abilene at 6:00 and arrived in Austin about 11:30. They stayed at Bergstrom Air Base, and took their

meals there. They visited Gov. Daniels, the Dept. of Public Safety, the museum, toured the capitol and the University of Texas. They returned to Abilene Saturday night at 7:30. Boys making the trip were Bob Earles, Danny Isbell, Walter Felker, Randy Wiseman, Roland Branch, Derrell Davis, Phil Coleman, Rickey Perry, Joe David Thompson, Riley Couch, Thornton Gilmore, Thurman Howeth and Mike Overton.

Another group of Paint Creekers went to Austin Saturday to see the State Finals in girls basketball. Mr. and Mrs. Pat Morrison, Paulette Fischer, Carolyn Livengood, Rita Woods and Margie Earles made the trip.

Future Homemakers of Paint Creek High School, under supervision of their instructor, Miss Billie Boshier, have announced plans for a bake sale. Orders for pies and cakes may be given by telephone to Miss Boshier at Paint Creek School, or to any member of the Future Homemakers chapter at the school.

All proceeds from the venture will go to the FHA chapter. Mr. and Mrs. Jess Mickler have been in Ft. Worth the past week with their son, Bob, who has been in the hospital with Rocky Mountain Spotted Fever. Bob works with horses all the time, and it is supposed he contracted the fever from a tick bite. He is at home now and getting along fine, but he was pretty sick last week. His

sister and her husband, Mr. and Mrs. Phil Williams of Lubbock came by here and went to Ft. Worth with the Micklers.

Sonny Coleman underwent surgery on his back in General Hospital in Wichita Falls last week. He had been having trouble with his back, and decided to have the surgery so he can ride and rope broncs in the rodeos again. His family brought him to the Haskell Hospital Sunday where he will have to stay for a week or more.

Commissioner Louie Kuentler had a painful accident last week. He was driving one of the big maintainers on that windy day last week and once when he opened the door the wind blew it shut on his thumb. It was caught on the side of the door the hinges are on, and the thumb was badly broken and torn. It required 12 stitches and he has to wear a cast for some time. That's how hard the wind can blow at Paint Creek. Imagine that heavy door being blown shut.

Dorothy Coleman attended Spring Military Day at A.&M. campus this past weekend. As she and three other girls were returning home in Jimmy Griffith's car, the girl driving dozed off and turned the car over. Luckily no one was hurt, though they all were bruised and one girl was in the hospital a day or two suffering from shock. Jimmy's car was pretty badly torn up. Mr. Bill Griffith and Mr. Ira Coleman went for it Monday morning. The wreck happened at Rising Star.

Mrs. Clarence Raughton spent several days at Highland last week with her sons, Rudy and Mr. and Mrs. James Raughton and children. Mrs. James Raughton and children returned home with her and spent Sunday night with Jeanie's parents, Mr. and Mrs. Roy Overton. Little Jimmy had some dental work done Monday before returning home.

Arthur Montgomery is at home after spending a month at Grand Prairie visiting his daughter's family and recuperating from the heart attack he suffered. Mr. and Mrs. Boyd Cathey and Elizabeth came home with him and returned home Saturday.

Mr. and Mrs. H. E. Montgomery took her Sunday School class to a skating party at Knox City Monday night. This is the Intermediate Class of the Methodist Church. Those enjoying the evening were Da Jay, Jeanne and Janice Isbell, Nelda, Buddy and Rickey, Suzanne Montgomery, Melanie, Eloise Livengood, Mella and Rickey Perry, Joy Bergstrom, Linda and Brenda Griffith, Ronnie Medford, Sandy Tate, Pheemister, Mr. and Mrs. Van Morrison.

Mr. and Mrs. L. W. Jones Sr. of Rule spent Sunday afternoon in the home of their daughter, Mrs. Gene Overton, and her family. Their grandson, William, was home for the weekend and they took him to Haskell from where he returned to his practice teaching in Fort Worth.

Mrs. Emma Young of Pecos spent last week end with her parents, Mr. and Mrs. J. M. Mickler. Mrs. Mickler's sister, Mrs. Mittie Wright from Pecos is spending this week with the Micklers.

Rev. Don Davidson preached at the Methodist Church on Sunday night and showed films and talked about the new Home for older people that is being built at Hereford, Texas, by the Methodists.

Irvin Overton, Woodrow Smith, H. B. Montgomery and Gene Overton attended the domino tournament at Knox City last Thursday night. Irvin and Woodrow were in the final play-off, but didn't win. They were guests of Dwight Gothard of O'Brien.

First Baptist To Host Banquet For HHS Seniors

Annual banquet sponsored by the First Baptist Church for high school seniors will be held Friday, March 17. George L. Graham, executive vice president of Hardin-Simmons University, will be the speaker.

The banquet will start at 7:30 p. m. Members of the senior class will be special guests. The event will be held at the church.

Entertainment will be provided by Mr. and Mrs. Sammy Scifres, H-SU students from Rule. They will present a program of popular music.

June and Jane Bell To Teach Twirling This Summer

Misses June and Jane Bell, daughters of Mr. and Mrs. Hubert Bell, and 1961 seniors in Haskell High School, have announced plans to conduct classes in twirling during the coming summer months. Classes will begin the first week in June.

Two classes will be taught: One for the upper Elementary age level, and another for girls of Junior High age level, or above.

June and Jane were majorettes in the High School Indian Band this past year, and served their junior year as flag twirlers. They attended twirling school at T.C.U. in Fort Worth last summer.

Girls who are interested in the twirling classes should contact June or Jane in the near future.

Nine Teens to Sing This Week In Abilene

The Nine Teens, popular high school choral group directed by Mr. and Mrs. Hubert Bell, have accepted an invitation to appear in Abilene this weekend.

On Saturday night they are to sing at a district Bankers meeting and dinner at the Wooten Hotel in Abilene. They will be accompanied by Mr. and Mrs. Bell.

B&PW Members Make Tour of WTU Plant

Members of the Business and Professional Women's Club combined a regular meeting with a pleasurable outing on Thursday evening, March 9, when they visited and toured the Paint Creek power plant of West Texas Utilities Company.

Theme of the program for this meeting was "Interest in Local Industry" with Madalin Hunt, chairman of the Public Relations Committee as director.

After being shown through the huge plant, club members enjoyed a sack lunch in the plant's snack room.

Chief Engineer C. O. Holt and Mr. Montgomery gave club members information concerning the plant and its operation.

Rev. Harrison To Lead Revival At Local Church

Rev. Ira Harrison of Abilene will be the evangelist for a revival beginning Sunday at the East Side Baptist Church, and continuing through Sunday, March 26.

Services will be held at 10 a. m. and 7:30 p. m. daily during the revival. A prayer service each evening at 7 will precede the night's evangelistic service.

Jess Kreger will be music director and George Turner pianist. The evangelist will also be in charge of a special junior choir each night.

Rev. L. D. Regeon, pastor of the church, invites everyone to attend the services.

Double Trouble Hits in Form of \$200 Fine

It was double trouble for Dorothy Hill, Negro woman of Haskell, when lawmen confiscated whisky, wine and beer found at her residence Friday afternoon.

Charged with possession for the purpose of sale, she entered a plea of guilty before County Judge Jim Alvis. Before pronouncing sentence Judge Alvis reminded the defendant of his warning in a previous case that her fine would be

doubled on a second offense. Judge Alvis then assessed a fine of \$200 and costs, a total of \$227.50. He warned that a third offense might result in a gain doubling the penalty. Officers making the seizure were Sheriff Garth Garrett, Chief of Police Tom Paul Barnett, Liquor Control Board Officer Eugene L. McNeely, and Stamford Police Chief B. Q. Cooper who had accompanied McNeely to Haskell.
