## Leaders approve multi-party system

MOSCOW (AP) — Communist Party leaders today agreed to surrender their monopoly on power guaranteed by the Soviet Constitution, allowing rival parties to compete for the first time in more than seven decades, a delegate said.

The decision by the powerful party Central Committee was a victory for President Mikhail S. Gorbachev in his drive to transform the party from a static oligarchy to a modern political force able to compete for power.

Svyatoslav Fyodorov, a famed eye surgeon and participant in the three-day meeting in the Kremlin, said the committee agreed to support abolishing the constitution's Article 6, which guarantees power to the Communist Party.

"Article 6 will no longer be, there will be a multiparty system. There will be a normal democracy," Fyodorov said. He called the move "fantastic."

The official news agency Tass and official Radio Moscow reported the approval of the platform, but did not provide details. They said the document would be published in official newspapers.

Both hard-line Communists and reformers had sharply criticized Gorbachev's platform, with hard-liners complaining he was going too far and reformers saying he failed to go far enough.

Populist leader Boris N. Yeltsin cast the only vote against the platform, Fyodorov said, apparently because it was not radical enough. Yeltsin on Sunday addressed a huge crowd that gathered outside the Kremlin to demand reforms, and he promised to present the demands to the Central Committee.

There also was one abstention, Fyodorov said.

There were few major changes in the document Gorbachev presented to the Central Committee on Monday, he said.

The 249-member Central Committee was joined in the meeting by more than 700 other officials from around the Soviet Union, and all were allowed to vote on the platform, he said.

The committee agreed to move up the date of the next party Congress from October to no later than July, Radio Moscow said. The Congress, the most powerful party body, is the only group that

has the right to choose a new Central Committee.

The Central Committee, the party's policy-making body, is considered by reformers to be the main bastion of hard-liners wary of Gorbachev's reform program, and the Congress offers Gorbachev the last step in a long struggle to reform the committee to his liking.

Final authority rests with the Supreme Soviet's parent legislative body, the Congress of People's Deputies.

## Appraisal board approves budget contracts, additions

Scurry County Appraisal District Board of Directors Tuesday night approved existing contracts and amendments for the 1989 and 1990 appraisal and collection budgets.

Directors approved the carryover of \$16,861.46 from the 1989 budget, bringing the 1990 total budget to \$345,938. The carryover will be used in the areas of salaries, retirement, unemployment insurance and medicare.

Chief Appraiser Ray Peveler said he has had one employee out for two months following surgery, and he hired a former

employee with some eight years experience in the office to take up some slack. He said the additional employee is certainly needed, and hiring her was the best option because she did not have to go through extensive training.

Directors also approved existing contracts since they are a new two-year board. They approved collection contracts with Ira and Hermleigh school districts which they have continually carried since 1984. The contracts are carried per-actual expense.

The board also approved contracts with the city of Snyder for data processing and maintenance on 1/3 of the central (see BOARD, page 8)

## 900 feed on flapjacks, making Kiwanis Club project major success

Noon Kiwanis Club members were to hear in their regular noon meeting today at the Golden Corral restaurant that last weekend's annual "Pancake Feast" was the most successful in years, with about 900 people served.

Club president Larry McAden said Tuesday that the 40-plus-member group will probably net \$3,500 to help finance its broad array of charitable projects.

In addition to revenues from the \$3 tickets, some of which were pre-sold but not cashed in Saturday, 48 local merchants paid \$25 apiece to be on placemats at the all-day feast in the West Elementary School cafeteria.

The Kiwanians made about \$2,700 from the event last year, when 600 to 700 people showed up.

"We had more aggressive ticket-selling, and we advertised and got a lot of cooperation from the media," McAden said. "It was good weather, and we didn't have a lot of conflicting things on that day."

He said most of the people came between 8:30 a.m. and 1 p.m., although some arrived when the feast began at 7 a.m. and a few came around closing time at 5 p.m.

About a third bought tickets at the door.

Longtime club member Art

Feinsod chaired the event, and the club's new women members also took part — Dana Cooley, Shirley Leftwich, Blanche Butler, Elizabeth Potts and Polly Echols.

Kiwanis clubs began admitting women members last year, disbanding the auxiliary Kiwanianes.

"Ninety percent of the club was involved in some way or another," McAden said.

Other officers are first vice president Jim Tully, second VP Don Osborn, third VP Gary Sisson and secretary-treasurer Scott Gassiot.

## Stamp price may go up 5 cents a lick

WASHINGTON (AP) — Mailing a love letter, paying the phone bill and checking out your congressman likely will cost more next year — postage rates appear headed up again.

The Postal Service is poised to launch the long, complex process of raising prices on March 6.

Postmaster General Anthony M. Frank says a 30-cent stamp seems likely for first class mail in 1991, although the final price (see STAMPS, page 8)

## The SDN Column

By Roy McQueen

The feller on Deep Creek says, "Money is what you'd get on just fine without if other people weren't so wild about it."

It's time for another birthday. Young people celebrate birthdays, but those in or near middle age simply endure them. We notice that many seniors also actually enjoy 'em. We suspect making it to senior status actually is a cause for celebration.

People who keep up with statistics say that Americans are living longer. Not only are folks living longer, they are retiring earlier.

Women still outlive the men by seven or eight years. If you don't believe it, watch any tour bus unload at a fast-food restaurant.

Dear Abby told her readers recently that a husband and wife who were not intimate at least twice a week could likely assume the male was having an affair.

We know of a guy who tried that statistic on his middle-aged wife, and her reply was total indifference. "Honey, I hope you're having fun."

Another advice columnist suggested that a mid-life crisis may actually be beneficial to a marriage relationship. A friend of ours says it ain't so—he's been having a mid-life crisis ever since his daughter became a teenager.

We thought about a mid-life crisis, but simply can't afford it. We can't afford gold jewelry, we've never been big on a sports car, and we hear rumor that young women complain if you snooze off in the easy chair.

Besides, if those statistics are correct, we're already past the age for a mid-life crisis.

We like the honesty of youth. A five-year-old held up five fingers at his birthday party and announced, "From now on I'm going to be a handful."

Q—Is Texas still the leading "cattle state" in the United States? If not, which state is?

A—It's still Texas. The Lone Star State ranks on top with 13.60 million head, or 13 percent of the U.S. inventory.

## In Brief

### Joint venture

DETROIT (AP) — The first joint manufacturing agreement between two of the nation's Big Three automakers began like "the mating of porcupines," a Chrysler official said.

Chrysler Corp. and General Motors Corp. announced the formation Tuesday of New Venture Gear Inc., a Troy, Mich.-based company operating two plants in New York state and Indiana.

Big Three automakers have been involved in joint research projects before, but never a manufacturing business.

### Police chief

HOUSTON (AP) — Elizabeth M. Watson's nomination as chief of the Houston Police Department is expected to receive resounding approval from the City Council today.

Several council members Tuesday said they predicted the vote to be unanimous.

"I have not heard one bad word about her," Councilman Frank Mancuso said.

### Lung implant

SALT LAKE CITY (AP) — The world's first recipient of a device that works like a lung died early today, 4½ days after surgeons implanted the mechanism.

LDS Hospital spokesman Tim Madden said the teenage girl from Texas who received the experimental IntraVascular Oxygenator — a slender, 20-inch bundle of hollow synthetic fibers that delivers oxygen to the body — died at 5:30 a.m.

He said he could provide no other details immediately.

# Medicaid payments remain suspended

ODESSA, Texas (AP) — Medicaid payments to Odessa's New Horizon Nursing Center will continue to be suspended because of apparent violations of Texas Department of Health standards,

some of which allegedly contributed to the deaths of two patients, a TDH official says.

Reports on file in the Austin TDH office indicate the alleged violations vary from inadequate staffing and patient neglect to improper charting of vital statistics and doctor's orders being disregarded.

Some of the violations alleged inadequate care contributed to the deaths of two nursing home residents, Health Department investigative reports show.

New Horizon Administrator John Hemple did not respond to questions Tuesday evening, the Odessa American reported.

"The questions should be cleared by the parent company," he said.

New Horizon's parent company is Texas Health Enterprises based in Denton.

TDH reports said the investigation began in October after a resident died.

"The death of the resident was due to failure to notify physician of patient's change of condition and lack of appropriate emergency care," said Jean Bohls, an Austin-based disclosure officer with the department's long-term care bureau.

Neither the name of the patient nor the date of death were released by Bohls.

The patient death spurred an 11-day visit to New Horizon in October by Health Department nurse Janice Wagner and social service supervisor Kitty Hibler.

"The facility was cited and administrative penalties were recommended," Bohls said, noting that penalties usually involve monetary fines.

Bohls said a follow-up six-day visit in November and December by Lynn Morgan, a Health Department nurse investigator, determined that problems apparently were continuing at the nursing home.

"During the course of what the staff denied understanding, and refused to acknowledge, the seriousness of the problems with infection and lack of infection control in the facility," Bohls said, reading from a seven-page report filed by Morgan.

"The deficiencies caused an immediate threat to the health and safety of the residents and staff. It is recommended that the facility be placed on a fast-track cancellation contract," the report stated.

"The Medicaid funding was suspended and administrative penalties were also recommended again," Bohls said.

## Dear Abby

By Abigail Van Buren

© 1990 Universal Press Syndicate

DEAR ABBY: I am in a pickle with my mother. My first wife and I were divorced 13 years ago. I remarried eight years later. My former wife remains close to my family — especially my mother.

My mother has continually invited my former wife to family get-togethers — Christmas dinner, Thanksgiving, etc. — when she knows full well that I, my current wife and our children will be there. This has been a problem since my divorce.

I have talked to my mother and ex-wife about this, and they refuse to budge. My current wife is very uncomfortable in that situation, so I declined Mother's Thanksgiving and Christmas invitations for 1989.

Abby, I must remain firmly loyal to my wife and considerate of her feelings or my marriage vows are meaningless. She is, after all, my lifelong partner now, and has done nothing to warrant the cold shoulder she receives at these family get-togethers.

Am I taking the most appropriate stance since diplomacy has failed? My mother's nose is still out of joint.

HAD IT IN FLORIDA

DEAR HAD IT: I'm sorry about your mother's nose. I'm all for family unity, but if your wife risks pneumonia by the reception she gets at your family get-togethers, she has every right to avoid them. And so have you.

and relatives may have felt ignored. (Rare is the person who, upon learning that a friend or relative has recently married, will rush out and buy a gift.)

Apparently those to whom you sent gifts for their second and third marriages felt no obligation to reciprocate, since there were no festivities to attend.

DEAR ABBY: I am married with two teen-age sons. My husband's business requires a great deal of travel — sometimes overseas.

When I tell people that "Jim" is in Japan, Germany or Hong Kong, they ask, "Why didn't you go with him?"

Abby, I can't just dump the boys with friends every time Jim goes to a foreign country. Teen-age boys are involved in so many activities, and I have my own commitments, including a part-time teaching job. Furthermore, although Jim's travel expenses are paid for by the company, mine would not be. (Would any of these people like to pay my air fare?)

Abby, I hope you find my letter worth printing. Having a traveling husband is lonely enough without having to respond to this thoughtless question. (By the way, folks, how about having us over for dinner sometime?)

I'm sure other wives of traveling husbands have been asked the same question.

HOME ALONE A LOT

DEAR HOME ALONE: The "why didn't you go with him" question is asked by well-meaning but thoughtless people. Perhaps after this hits print, many will think before they speak. (Me included.)

"How to Write Letters for All Occasions" provides sample letters of congratulations, thank-yous, condolences, resumes and business letters — even how to write a love letter. It also includes how to properly address the clergy, government officials, dignitaries, widows and others. To order, send a long, business-size, self-addressed envelope, plus check or money order for \$3.95 (\$4.50 in Canada) to: Dear Abby, Letter Booklet, P.O. Box 447, Mount Morris, Ill. 61054. (Postage is included.)

DEAR ABBY: My son recently married his "live-in" girlfriend. It was a very private wedding with only their attendants. They sent no invitations or announcements. The reception following the ceremony was a quiet family dinner.

I am very hurt because not one friend or relative who has known my son since he was a boy sent a present. I gave expensive presents for their children's second, and even third marriages. Am I wrong for feeling this way?

HURT IN VERMONT

DEAR HURT: You need never apologize for your feelings — only your actions.

Since no announcements or invitations to attend the wedding were issued, your friends

## Abilene, Dyess may lose JROTC programs by 1991

ABILENE, Texas (AP) — Abilene and Dyess Air Force Base could lose their Junior Reserve Officer Training Corps as early as 1991 under Department of Defense cuts.

"We're looking at (cutting) that program along with a lot of other programs in an effort to

gain money," said DOD spokesman Bill Caldwell in Washington.

More than \$61 million is included in the Bush administration's 1991 budget proposal sent to Congress last week, including \$10.11 million for Air Force JROTC.

Caldwell said the 1991 budget proposal sent to Congress includes these funds for JROTC programs, by service branch: Army, \$29.28 million; Navy, \$13.28 million; Air Force, \$10.11 million; and Marines, \$8.80 million.

## Bridge James Jacoby

### Playing logically

By James Jacoby

Bridge writer-expert Mike Lawrence has a winner with "How to Play Card Combinations" (Devyn Press). With his imaginary partner Alex, Mike gives the reader insight into his own thinking at the table.

Cover today's East-West hands and plan your own play when confronted with the opening lead against three no-trump.

Did you win the king of spades with dummy's ace? Tsk, tsk. For starters, ignore the possibility that West might be making a desperation lead from K-x of spades. If he has done that, he deserves success. So assume the lead is from K-Q and some number of spades. If West has only three or four spades, the contract is safe and declarer's play immaterial. But if West holds five spades, declarer must duck the opening lead. Otherwise the scenario is: Win the spade ace, play a club. East grabs the ace and returns a spade. Now West clears the spade suit while he still holds the club king for an entry. And with the duck? West continues spades, and declarer makes the logical play to win the second trick.

**Kid's Kampus**  
School Age Center  
1807 27th St.  
573-4848

Then, when clubs are played, if East wins the ace, he does not have another spade to play. If West wins the first club, he can set up his spade suit but will have no quick entry to cash those tricks, and South can safely play a second club to East's ace.

Our own postscript to this interesting deal is that West would do better by leading the eight of spades at trick one. Now East can take the first club and return a spade, and poor declarer is dead in the water.

James Jacoby's books "Jacoby on Bridge" and "Jacoby on Card Games" (written with his father, the late Oswald Jacoby) are now available at bookstores. Both are published by Pharos Books.

### Hearing Test Set For Snyder

SNYDER—Electronic hearing test will be given at the Senior Citizen's Center 2603 Ave. M, Friday Feb. 9th, from 10:00-12:00 noon.

J. Wampler, Hearing Instrument Specialist, will be at 2603 Ave. M to perform the test.

Anyone who has trouble hearing is welcome to have a test using modern electronic equipment to determine if the loss is one which may be helped. Some of the causes of hearing loss will be explained, and diagrams of how the ear works will be shown.

Everyone should have hearing test at least once a year—even people now wearing a hearing aid or those who have been told nothing could be done for them. Only a hearing test can determine if you are one of the many a hearing aid can help.

The free hearing tests will be given Friday, Feb. 9th, from 10:00 a.m. to 12:00 noon at the Senior Citizen's Center, 2603 Ave. M. If you can't come in, call for in-home service.

## Dawson falls prey to Borden County

**GAIL** — The Borden County Lady Coyotes rebounded after Friday's loss to Grady with a 77-18 pounding of Dawson in District 16A cage action Tuesday night.

Lisha Sternadel paced the Borden County girls in the win with 22 points.

Randi Woodward contributed 13 and Kristi Adcock tossed in eight for BCHS.

Borden County had a 25-6 lead after a quarter and was ahead 45-8 by halftime.

Dawson didn't score in double figures in a quarter the entire game, scoring six points in the first and fourth, just two in the second and four in the third.

The win ups the Lady Coyotes record to 22-3 with a spot clinched in the playoffs.

They are 8-1 in district play.

The Borden County boys lost for the ninth time in loop competition, despite leading at one time by six points.

Dawson defeated the Coyotes, 60-56.

Jimmy Rios scored 21 points

## Cards upset Ira in finale

**HERMLEIGH** — The Hermleigh Cardinals did something Tuesday night no other member of District 25A could do in the 1989-90 basketball season. They beat the Ira Bulldogs.

In the season ender for both squads the Cards upset Ira, 79-74.

Felix Martinez scored a whopping 38 points for Hermleigh on the night while Ira's leading scorers were Jason Withers with 23, Shane Bearden with 15 and Corey Clark with 13.

Ira, 18-5 on the season and 5-1 in loop competition, had clinched the district title before last night's game.

Hermleigh finished the cage season with a 15-10 mark overall and 2-4 within the circuit.

The Hermleigh girls gave the Cardinals a sweep of Ira with a 72-31 thrashing of the Lady Bulldogs.

## Lady Tigers defeat Lake View Maidens

**SAN ANGELO** — The Lady Tigers from Snyder High School pulled into a tie for second place with Big Spring and Andrews after the smoke had cleared on Tuesday night's slate of games in District 4-4A.

Snyder defeated the Lake View Maidens, 57-50, to give the Lady Tigers an 8-5 loop record, 16-9 overall.

The SHS victory combined with Andrews beating Monahans, 64-36, and Big Spring falling to loop champion Sweetwater, 64-46, creates a three-way tie for the second play-off spot with only one game remaining for the squads in district competition.

Snyder faces Monahans Friday night while one of the three in the log-jam will be eliminated as Andrews and Big Spring play Friday, also.

"We played a pretty good game," said Snyder coach Kenneth Housden of the win on the Maidens' home court.

"Lake View has a good team and they are awfully tough on their home court."

"Our free-throw shooting in the game was probably the difference," Housden reported.

"As a team we shot 64 percent and Dessie Ware and Evette Housden each were two of two in the last minute of the game."

"Anne Osborn came on in the fourth quarter, too," said the coach.

"She scored nine points in the fourth quarter."

Snyder broke on top, 15-10, in the opening period, but by halftime the lead had been whittled to 25-24.

At the end of the third Lake View had taken a 41-37 lead.

With the effort from the line and Osborn's nine points, the Lady Tigers scored 20 points in the final eight minutes, allowing the Lake View squad just nine.

Osborn was the leading scorer for Snyder with 20 points. Ware added 10.

Vineta Allen of the Maidens was the game's high scorer with 26 on the night including a pair of three-pointers.

The Lady Tigers close out the regular season against Monahans Friday night.

## Tigers keep on pace for District 4-4A title

By PHIL RIDDLE  
SDN Sports Editor

The Snyder Tigers came alive in the second half of Tuesday night's District 4-4A matchup as Tracy Braziel, Ed Rios and Jeffery Wortham combined for 46 points as the Lake View CHIEFS became Snyder's latest victims in the run for the loop crown, 54-26.

The Tigers, 17-10 and 10-1, held a seven-point lead at the halt but they managed to score just 19 in the first two quarters of their final home game of the season.

"We told the kids 'we're in the playoffs, now,'" said coach Larry Scott of Snyder.

"Andrews or Pecos will one lose a game because they still play each other once."

"We have to keep our record clean," he said, "when we head into Pecos for the last game of the season."

When asked about the 19-12 first half score Scott said that Lake View was playing the role of the spoiler in the district title chase.

"They have nothing to lose. They are playing strictly for pride," said Scott.

"As far as what they did in the first half, they used a little different defense that confused us in the early going."

"They forced us outside and we missed four or five shots from the perimeter in the first quarter."

At the end of the first period the Tigers held a slim 8-6 lead that stretched to 19-12 by halftime.

A 13-point third quarter by Snyder coupled with Lake View's third six-point period of the night expanded the margin to 32-18 and put Snyder comfortably in front of the Chiefs.

The opening portion of the contest was a sloppy affair for both teams as passes ended up in the wrong hands and shots went awry.

Braziel took control of the SHS fortunes at the 5:37 mark in the second quarter as he broke an 8-8 tie with the Lake View crew scoring Snyder's first points in the period.

Braziel scored three more on a free-throw and a bucket in the paint by the 4:00 mark to put Snyder up, 13-9.

A basket by Lake View's Jerry Flowers narrowed the Tiger advantage to 13-12 with just three minutes left before halftime.

Braziel intercepted an errant Chiefs' pass and dished to Robert Gray.

Gray took a shot from inside but the ball was partially deflected.

Braziel was Tracy-on-the-spot again as he tipped the ball in for a

15-12 lead.

Rios scored next on a lay-up off a bounce pass from senior guard Lee Hamilton.

Braziel scored the last points in the half with a double-pump lay-up in the paint.

It took very little time in the third quarter for the Tigers to establish dominance.

Rios made a shot from the line to give Snyder a 24-14 margin with only three minutes gone in the period.

The last quarter was a clinic in offensive positioning put on by Wortham off the bench.

Wortham scored all 10 of his points on the evening in the final stanza on shots from the paint or just at the top of the key.

The sophomore post scored a bucket at 5:25 in the fourth to put Snyder up by 25 and scored the last two field goals against Lake View, the final two-pointer falling with just 13 seconds left.

Braziel scored 25 points in the contest to pace the Tigers in that regard, followed by Rios with 11 and Wortham's 10.

The SHS junior varsity had little trouble with the Chiefs as they took a 63-39 win Tuesday.

Barron Wesley scored 14 points to lead the JV offensively.

The Tigers remaining games will be on the road.

They travel to Monahans Friday to tangle with the Lobos.

could be from 28 cents to 32 cents. First class postage rose to the current 25-cent rate on April 3, 1988.

If things follow the normal course, the new charges would take effect about 11 months after the filing, or in February 1991.

Frank doesn't expect the new proposed raise to play well.

Noting a 5-cent increase would be a 20 percent raise, substantially above the 14 percent he projects that consumer prices will have risen from 1988 to 1991, Frank said recently he was "committed to paying back to the American people that 6 percent" difference.

To do that, he has pledged to keep future increases below the inflation rate and said Tuesday, "We may very well be able to hold increases in rates after the 1991 adjustments to one more increase in the balance of this century."

## One collision

A vehicle and driver that had not been identified were in collision with a 1976 Buick driven by Luis Carrisalez of 903 Ave. Q at 1:15 p.m. Tuesday in the Furr's supermarket parking lot.

## Burglary noted

Police are investigating a burglary that was discovered Tuesday morning at the Exxon service station at 1401 25th St.

Owner Travis Bunch reported at 7:25 a.m. that some currency, the amount of which was not reported, was missing.

Richard Davis reported at 12:15 p.m. Tuesday that someone had stolen two speakers from a vehicle belonging to him in the 900 Block of 30th St.

## Officers report several arrests

A 35-year-old Snyder man was arrested on a probation revocation warrant Tuesday at his Ave. U home.

Joe G. Martinez of 1009 U had been on four years' probation for a Nov. 15, 1986, felony DWI offense.

Martinez received a two-year sentence upon his conviction and was placed on probation for four years.

Other Tuesday arrests included a 35-year-old man who was arrested on an indecency with a child warrant, having been indicted by a county grand jury earlier in the day.

Alfredo Carrizales was arrested by a city policeman at 5:49 p.m. at a home in the 400 Block of 33rd St.

A 23-year-old man was arrested Tuesday by a county sheriff's deputy on a misdemeanor Mitchell County warrant for probation revocation, at a location that was not reported.

Feb. 3, 1990

If you are not overly concerned about being in the spotlight, you might find yourself indirectly involved in a profitable arrangement in the year ahead. Taking a back seat occasionally has its advantages.

**AQUARIUS (Jan. 20-Feb. 19)** Things should go quite smoothly for you today in your relationships with others if you don't expect more than you're prepared to give in return. **ARIES (March 21-April 19)** Spontaneous social activities could be particularly appealing to you today. Have fun without feeling guilty about it just because it's in the middle of a work week.

**TAURUS (April 20-May 20)** Today you're likely to be more concerned about looking out for others than you will be about taking care of your own affairs. You'll enjoy being helpful.

**GEMINI (May 21-June 20)** Your creative instincts will be rather pronounced today, especially in situations that require communication. Try your hand at writing, selling or promoting.

**CANCER (June 21-July 22)** There are times to be frugal, and there are times to splurge. Today you may be able to combine these two extremes in ways where neither one is abused.

**LEO (July 23-Aug. 22)** Today you might feel strong inclinations to be noticed by others. You will be observed as if you're on center stage, and your audience will be eager to follow the example you set.

**VIRGO (Aug. 23-Sept. 22)** More can be accomplished today by functioning as the power behind the throne. Subtly presented ideas will be immediately picked up and played out by others.

**LIBRA (Sept. 23-Oct. 23)** Good things could happen for you today in involvements where you deal with lots of people. Large groups hold special promise, because you'll have something special to offer them.

**SCORPIO (Oct. 24-Nov. 22)** The pride you'll take in what you will do today will be noticed and admired by others. What you accomplish won't be as important as the way you go about it.

**SAGITTARIUS (Nov. 23-Dec. 21)** Have faith in yourself today, especially if you're trying something new. Think back on your past successes in other areas, and use those victories to build a positive foundation.

**CAPRICORN (Dec. 22-Jan. 19)** Joint ventures look more promising for you today than things you can accomplish solely through your own efforts. If you don't already have one, find a collaborator.

# Report: Dallas is on road to recovery

DALLAS (AP) — Dallas has recovered much of its economic health, according to a report on the city's real estate environment that says there's money to be made investing in Big D — with certain qualifications.

"In Dallas, the worst is behind, whereas for other markets it lies ahead," says the report released Tuesday by Salomon Brothers

Inc. Despite the overall optimistic tone, the report cautions potential investors to be wary, and not to look for quick profits.

"Whoever comes is going to have to have deep pockets," said analyst Therese E. Byrne.

The report by the New York investment firm's real estate analysts says the availability of

airports, plus the city's growing telecommunications industry, will provide fuel for employment growth which will spark an economic revival.

"Dallas today resembles New York at the start of the century," the report says. "New York's harbor captured world commerce much as Dallas' DFW is creating the nation's next

business center."

The report said Dallas-Fort Worth International Airport, plus the new Alliance Airport northeast of Fort Worth and the in-town Dallas Love Field have changed Dallas from a freeway city to an "airport city."

In addition, "the telecommunications industry has achieved a critical mass that promises additional growth," the report says.

"Dallas' troubled real estate and banking sectors have — perhaps unfairly — dominated perceptions of the Dallas economy," the report says, noting that the city has more than replaced the jobs lost as it went through a decline that began with the fall of oil prices and subsequently toppled financial and real estate markets.

"In this sense, Dallas has recovered," the report says. "The recent spate of corporate relocations has brought or will

## Scuba diving signups due

Scuba diving will be taught in a Continuing Education course starting Feb. 15 at Western Texas College.

Richard Reed of San Angelo, a former Snyder resident, will be the instructor. He is a member of the Professional Association of Diving Instructors (PADI).

Classes will meet on Thursdays and Saturdays to March 10, a total of 20 hours of instruction. The Thursday classes will be from 7-9 p.m. while the Saturday classes will be from 1-5 p.m. All classes will meet at the WTC swimming pool.

Students only need to provide a mask, snorkel and fin. The cost of the course is \$175.

An open water check-out is planned at the end of the course, possibly during spring break in March. Balmorhea is being considered for the site. The trip will be at the student's expense.

## Bruce Willis goes skiing

LEAVENWORTH, Wash. (AP) — Film star Bruce Willis caused young hearts to throb when he turned up unannounced at a ski area while the set for "Die Hard II" was being arranged.

"Oh yeah, he created quite a stir," said Gordon West, a manager at the Mission Ridge ski area. "He had every lady going 'ooh ah ooh.'"

## Dr. Gott Peter Gott, M.D.

By Peter H. Gott, M.D.

**DEAR DR. GOTT:** Is there such a thing as gouty arthritis? I developed arthritis 15 years ago and continue to be plagued by pain. Certain foods tend to aggravate the problem, and I need some advice.

**DEAR READER:** Gout is gouty arthritis. That is, gout typically causes joint pain. Patients with gout have a high level of a natural product, uric acid, in their bloodstreams and in other fluids.

Under certain circumstances — such as injury or exposure to cold — the uric acid crystallizes (much like dissolved sugar in a container of cold water) in joint fluid. The crystals are needle-shaped and irritate joint linings, leading to inflammation, swelling and pain: gouty arthritis.

Treatment with anti-inflammatory medicine, such as Indocin or Motrin, usually relieves the pain of gout.

Sometimes strong anti-gout medicine, such as colchicine, is required. Other drugs (allopurinol and probenecide) are particularly helpful in reducing the level of uric acid, thereby preventing gout.

Prevention is preferable to treating the gouty arthritis itself. Some foods, such as organ meats (liver and kidneys), are high in uric acid and should be avoided because they can trigger an attack of gout. I suggest you ask your doctor to give you treatment and specific advice.

To give you more information, I am sending you a free copy of my Health Report "About Gout." Other readers who would like a copy should send \$1.25 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

**DEAR DR. GOTT:** Why is so little written about tuberous sclerosis?

**DEAR READER:** Tuberous sclerosis is an unusual inherited neurological/skin disease causing epilepsy, mental breakdown, tumorlike growths on the face, tumors of the eyes, hard patches on the brain, skin discoloration and growths in the heart and kidneys. It is untreatable and incurable.

Little is written about the affliction because it is so rare. However, several medical centers have ongoing research programs that should provide helpful information about the cause and future treatment of this tragic disease.

You can obtain further information by writing to: National Tuberous Sclerosis Association, 4351 Garden City Dr., Landover, MD 20785. Be sure to enclose a self-addressed, stamped envelope.

**DEAR DR. GOTT:** Two and a half years ago, I was operated on for a ruptured fistula due to diverticulitis, which was causing the stool to pass through the vagina and, on occasion, through the urethra. After surgery, the problem was lessened, but it has begun occurring more frequently. My physician is completely bewildered. My urinalysis is normal, and I feel perfectly well. Is this a life-threatening condition, or can I ignore the problem?

**DEAR READER:** Don't ignore the problem. Although it is not life-threatening, it is certainly an embarrassing inconvenience. I believe that further surgery to close the fistula (an abnormal passage between the rectum and the vagina) would be appropriate.

Ask your doctor to refer you to a gynecologist who is experienced with surgical problems of the female genital tract. Such a specialist should be able to correct your disorder and return you to normal.

## Prince Charles appeals to architects, planners

LONDON (AP) — Prince Charles appealed to architects and planners to minimize their use of tropical hardwoods, whose harvest is one cause of rampant deforestation.

"The sands of time in the tropical hour glass are running out fast and we can't turn it upside down and watch the sands

run out again," Charles said Tuesday in a speech to the Royal Botanical Gardens.

Despite agreements to import only timber grown in sustainably managed forests, it is impossible to know whether given shipments come from properly managed forests or not, he said.
