

'Meet' scheduled on college campus

Several more candidates have indicated they plan to speak during "Meet the Candidates Night," scheduled this evening in the Fine Arts Theatre at Western Texas College.

The 7:30 p.m. event is sponsored by the chamber of com-

merce governmental affairs committee and is free to the public. The program will allow voters a chance to preview candidates prior to the March 13 primary election.

Among those who indicated this week their desire to speak are Frances Billingsley, incumbent for county clerk; Marlin Terrell, candidate for county judge; Bill Kimmel, candidate for precinct 4 commissioner;

Tommy Pate, precinct 2 incumbent commissioner; Elois Pruitt, candidate for district clerk; Wanda Rushing, candidate for precinct 1 justice of the peace; and incumbent Lealand "Pete" Greene, candidate for county attorney. All seven are running on the Democratic ticket.

Among those who earlier confirmed they will address the audience were State Rep. David Counts and Republican

challenger John Pennington. Others planning to speak are incumbent county judge Bobby Goodwin, incumbent county treasurer Rita Staton and challenger Polly Wadleigh Echols, justice of the peace precinct 1 candidate Ted Billingsley, district clerk candidate Patsy Williams and precinct 2 county commissioner hopeful Roy L. Idom.

It should be noted that when

candidates were invited to the event, they not asked to confirm whether they planned to attend.

Each political candidate will have five minutes to speak. Following the speakers, the floor will be open for questions.

Goodwin is being opposed in the Democratic Primary for county judge by Terrell, retired Farm Bureau manager. On the Republican ticket are Greg (see CANDIDATES, page 8)

College athletic program retained

Western Texas College board of trustees resolved the issue of the athletics Monday night, voting 5-2 to keep the program intact after some strong but order-

ly debate. The board had learned from a recent year-end audit that athletic expenditures amounted to \$227,524 last year while

revenues were only \$27,329, and indicated that a study of the program was necessary. Monday evening's vote came as something of a surprise,

however, primarily because it was forced by trustees who were in favor of retaining the program.

Board members who favored keeping athletics indicated they were calling a vote in order to prevent negative talk during recruiting and to "resolve this issue, once and for all."

After disposing of past minutes and budget approval, discussion centered around the athletic program.

Principal contract terminated

Ira school principal Larry Long's contract was terminated in a Monday night school board meeting, resolving a situation that had been up in the air since Long left his job on Jan. 18.

Supt. Ted Bedwell was not available for comment this morning, but he had left a statement saying, "Larry Long's contract has been terminated as of yesterday, Feb. 12, effective immediately.

discussions from time to time as to where our position is on the total athletic program, more specifically the basketball program," said Bill Wilson Jr., board president, in beginning the discussion. "We need to discuss and see where we are."

Following a report by Trustee Bob Hargrove on some ideas for the golf program, the tone of the discussion warmed up.

"Golf, men's basketball, women's basketball and rodeo have been our program since the year 1. If we're trying to get PR I think the best PR is through our men's basketball, women's basketball, golf and rodeo. They know who we are in Bozeman (Mont., site of the College National Finals Rodeo) and they know who we are in Hutchinson (Kan., site of the men's NJCAA National Basketball Tournament). If we want to cut out PR let's cut out athletics," said Hargrove, who added, "We've known about our athletic situation for a long time and I don't see any difference now."

"I'll tell you where the difference is," Trustee Roy Baze countered. "And I want you to know that this has been hard for me because I like basketball. Probably no one in this room watches more pro basketball than I (see ATHLETIC, page 8)

COMMON CAUSE — Snyder High School varsity basketball players Ed Rios and Evette Housden were discussing opposing players this morning in the SHS Student Center. Rios, a junior, will play in

the district-leading boys' next-to-last game at 7:30 p.m. in Sweetwater. Evette, a senior, will be in the girls' district play-off game with Big Spring at 7 p.m. in Coahoma. (SDN Staff Photo)

Academy instructor approved during college board meeting

Joe Barham, who has been with the Texas Department of Criminal Justice since July, 1987, was approved as a criminal justice instructor at Western Texas College during a meeting of the board of trustees Monday evening.

The board also approved the order and notice for a trustee election on May 5, okayed a small class report, signed a resolution concerning state appropriations, heard pre-bid information on cooling and heating units for the dormitory and were told that the college will cut \$13,900 from funds supplied by the county.

The board also listened to a report on enrollment from Dr. Duane Hood, dean of student ser-

vices. The consideration of hiring Barham included reports from Bettie McQueen, dean of instruction, and Mike Thornton, adult education director. They informed the board that 98 to 99 percent of the officers certified through Western Texas College were employed. They also noted that it has been predicted that the state will need 15,000 correctional officers during the next several years.

"We're going after that group," said Thornton, who told the board that the college will begin advertising the program in metropolitan areas now. In the past, advertising has been limited to a 50-mile radius.

Barham will work with the college's new daytime correctional officer training academy as well as in the college credit criminal justice classes. The college only recently gained approval to go ahead with six three-week daytime correctional officer classes a year. Coupled with the four existing evening classes per year, Western Texas plans to certify between 200 and 400 officers annually.

Barham is a certified correctional officer with the TDCJ and holds advanced peace officer certification. He served as a par-

Beating, murder case...

White still in custody

James J. "Jimmy" White remained in Scurry County Jail today in lieu of a \$100,000 bond in the Saturday night beating and kicking death of his wife, Belinda.

White, 37, of 2404 Beaumont Ave., an employee of Leamco Services, Monday was taken before Justice of the Peace Dan Callaway, who set bond.

His case cannot be considered by a grand jury until March 5, after which, if he were indicted, he would be arraigned and be called upon to enter a plea before

District Judge Gene Dulaney.

The 5-foot-11, 175-pound suspect was charged with murder Saturday night by city police after Snyder EMS Ambulance Service notified them that Belinda White had been critically injured in a domestic disturbance at the couple's home. Belinda White, 25, was 5 foot 7 and 145 pounds.

White was convicted of aggravated assault with a deadly weapon here in 1984, and he served a five-year term in the Texas Department of Criminal Justice.

The feller on Deep Creek says, "Most good arguments are spoiled by some darn fool who actually knows what he's talking about."

Educator-turned-historian Charles Anderson has been going through old newspaper files doing research for a county history book he hopes to publish later this year.

The retired junior high principal says things really don't change much. One example is a clipping from the Dec. 22, 1916 Snyder Signal. Anderson observed, "They were debating some of the issues that we still argue about today."

One end-of-the-year forecast—in 1916—was a civic improvement project involving Deep Creek. It was suggested that by next spring there would be Deep Creek dam with plenty of flowing water, swans, boats and fancy bathing suits.

The editor was also after city fathers. He admonished, "How about the City Council and street improvement? Sure am rough."

The editor further contended that it will be

necessary to "inclose the City Park auditorium in order to successfully establish a social center." He further urged civic leaders to "Keep busy on the job."

Under the heading of "Little Signals," the Dec. 22, 1916 issue had other recommendations:

—Continue to agitate a new Central school building for Snyder.

—Don't permit a "knocker" to reduce your progressive spirit. Snyder is coming to the front.

—The Dallas millionaires say they are going to take the "Snide" out of Snyder. Come on, the Mockingbirds are singing.

—Coming—the Hospital bond issue tomorrow week. Be sure and vote. Let's have it without fail.

—Next Business Men's luncheon is Tuesday, January 2. E. J. Anderson, Dr. W.R. Johnson and W. I. Hargis compose the committee. Pull off a good one, boys.

—Contracts are being let most every day for new cottages—come to the Golden West and On To Snyder.

Hoops heat up Playoff hopefuls in action

Basketball playoffs and playoff hopefuls highlight a crowded agenda for local sports fans today and this evening.

Topping the list for Snyder Tiger fans is a District 4-4A playoff between Coach Ken Housden's Lady Tigers and the Big Spring Lady Steers, set for 7 p.m. in the Coahoma Middle School Gym. The two teams tied for second place in the district this year with 9-5 records and will be vying for the right to continue in the postseason playoffs. Snyder is 16-9 for the season while Big Spring is 21-10.

In another key District 4-4A game tonight, Coach Larry Scott's varsity boys play the Mustangs in Sweetwater. At stake is a share of first place for the Tigers, who are already guaranteed a playoff spot. Snyder is 18-10 on the season and currently locked with Pecos for the 4-4A lead at 11-1. Game time is 7:30 p.m.

Locally, Roby and Rotan girls meet in a district cage playoff at 6:30 p.m. in Scurry County Coliseum. The Lady Lions and Lady Yellowhammers tied for first place in District 25-A and although both teams will advance to the playoffs, tonight's game will decide the loop winner and runner-up. Roby's Lions are 11-12 while the Rotan Lady Hammers are 16-5.

Immediately following the playoff, Roby's boys will battle Sundown in a Class 1A practice game, also at the coliseum.

Roby's boys were runners-up in 25-A this year to the Bulldogs of Ira. Coach Don Jones' Dogs are also in action this evening, playing a practice game with Eula at 7 o'clock in Roscoe.

Borden County fans will be in Lamesa tonight, where Coach Bill May's Lady Coyotes take on Grady in a battle for first place in District 16A hoops.

Q.—Are write-in candidates and votes allowed in a party primary election?

A.—No, except for the office of party precinct chairman and party county chairman. Write-in votes are permitted in the general election, however, the candidate must be an officially-declared candidate.

In Brief

Soldiers killed

FLORENCE, Texas (AP) — Two soldiers stationed at Fort Hood were killed and a third was hospitalized today after the car they were in collided head-on with a Greyhound bus near this Williamson County town, officials said.

Department of Public Safety spokesman Mike Cox did not have names of the soldiers, all of whom were men. Major Tim Vane, III Corps spokesman at Fort Hood, said names wouldn't be released until the soldiers' next of kin were notified.

The accident occurred at 3:55 a.m. just north of Florence.

Union audit

BROWNSVILLE, Texas (AP) — An audit team from the Mexican federal government has taken to Mexico City financial records from the Matamoros, Mexico, offices of the Confederation of Mexican Workers (CTM).

Agapito Gonzales Cavazos, CTM leader in Matamoros for more than 40 years, said the union was opposed to the treasury officials taking records with them, but the union had no choice.

Strike looms

DALLAS (AP) — A contract offered by Greyhound Lines to about 9,300 drivers, mechanics and clerks represented by the Amalgamated Transit Union has been rejected and the labor group could strike if an agreement isn't reached this month.

Weather

Snyder Temperatures: High Monday, 81 degrees; low, 39 degrees; reading at 7 a.m. Tuesday, 55 degrees; no precipitation; total precipitation for 1990 to date, 1.28 inches.

Snyder Area Forecast: Tonight, partly cloudy and colder. Low in the mid 30s. South wind 10 to 20 mph becoming north by morning. Wednesday, mostly cloudy and colder with a 20 percent chance of rain. High in the lower 50s.

Vaccinations set

DALLAS (AP) - In the wake of a measles epidemic that has stricken nearly 600 people in Dallas County, officials at Parkland Memorial Hospital have started a mandatory immunization project in hopes of protecting hospital employees.

Parkland has ordered immunizations for all employees born after 1957 who have not received a measles vaccine booster shot in the past 10 years. Officials say that by Friday they will have immunized 1,500 employees.

Dr. Ron Anderson, Parkland's chief executive officer, said Monday he authorized the mass immunization and is calling on other hospitals in the Dallas area to do the same because health-care workers are at greater risk than the general population of being exposed to the measles virus. Anderson said that 12 Parkland employees have contracted the measles and four of them have required hospitalization.

Ivana ups ante: prenuptial not enough

NEW YORK (AP) — He built a billion-dollar empire of hotels and real estate, owns a casino and an airline that bear his name, and wrote a best seller called "The Art of the Deal." But the art of making a marriage work appears to have eluded Donald Trump. He and his wife, Ivana, have split after nearly 13 years of marriage — proving once again that money can't buy you love.

In fact, money is a source of contention between the two, despite a prenuptial agreement under which she was to get custody of their three children, the Greenwich, Conn., mansion, and \$25 million.

Trump, 43, is worth considerably more — \$1.7 billion to \$4 billion, depending on who's counting. Ivana's lawyer, Michael Kennedy, issued a statement Monday saying: "We do not consider the so-called prenuptial agreement to be serious. It will have no relevance to a court because it is unconscionable and fraudulent."

In response, Donald's spokesman said: "The prenuptial agreement signed by Donald and Ivana Trump is a long and detailed document which covers all aspects and is 100 percent enforceable in courts of law. The agreement they have was updated approximately two years ago. Prior to that, this agreement has been updated on numerous other occasions throughout the years."

While lawyers and image-makers battle it out with press releases, tabloids and TV stations — always enamored of the tuxedoed Trump and the bejeweled, begowned Ivana — lap it up. The New York Post today reported that Donald locked Ivana out of her office Monday at the Plaza Hotel.

The Post, citing unidentified sources, also reported that some of Ivana's jewelry is missing.

Trump had given her the jobs of running the Plaza and the Trump Castle in Atlantic City, N.J., for a salary, as he put it, of "One dollar plus all the dresses she can buy."

Support surprises Andy Rooney

NEW YORK (AP) — Andy Rooney says he's been getting "incredible" support from colleagues and strangers since his suspension by CBS for racial remarks attributed to him by a magazine.

"It's like being at your own funeral. People I didn't even know liked me have come to my support," Rooney said Monday.

A CBS spokesman said the network's audience services unit has received about 2,600 phone calls backing Rooney and 45 supporting his suspension.

Rooney last week was ordered suspended for three months by CBS News President David Burke after The Advocate, a biweekly homosexual-oriented magazine based in Los Angeles, quoted him as saying blacks have watered down their genes because "the less intelligent ones are the ones that have the most children."

Astrograph by Bernice Bede Osol

Feb. 14, 1990

In the year ahead your philosophical outlook will be strengthened through personal experiences. Your faith in yourself and your ideas will grow from each encounter.

AQUARIUS (Jan. 20-Feb. 19) Others will be extremely uncomfortable dealing with you today if you tend to shift your position too often. If you hope to gain their respect and support, you must be steadfast. Aquarius, treat yourself to a birthday gift. Send for your Astro-Graph predictions for the year ahead by mailing \$1.25 to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

PISCES (Feb. 20-March 20) Don't be taken in today by a shrewd manipulator who is crafty enough to make concessions of small value in order to win the real pot.

ARIES (March 21-April 19) Team work is absolutely essential today if collective aims are to be fulfilled. Don't let any participant's behavior be a disruptive factor.

TAURUS (April 20-May 20) Objectives will slip by the board today if you and your co-workers engage in too much chatter and too little production. Less talk and more work is the formula that should be used.

GEMINI (May 21-June 20) Social involvements could be a bit more complicated than usual today. Be mindful of your actions or else you might unintentionally incur unnecessary problems for a friend.

CANCER (June 21-July 22) Someone might offer to help you dispose of a situation today that has been causing you headaches. There might be strings attached, however, and you'll merely trade one problem for another.

LEO (July 23-Aug. 22) If you hope to obtain a companion's cooperation and trust today, it's best you put all your cards out on the table. Glossing over facts is a disservice to you and the person you want to involve.

VIRGO (Aug. 23-Sept. 22) You're likely to be astute in commercial matters today, but be on guard anyway, because you might have to deal with someone who is a bit more cunning than anyone you've dealt with previously.

LIBRA (Sept. 23-Oct. 23) Today you can neither be too authoritative or condescending when dealing with subordinates. There is a delicate line you'll have to maintain if you hope to be first among your equals.

SCORPIO (Oct. 24-Nov. 22) Desirable end results are possible today, but you're likely to catch it from all sides before the final score is tallied. Don't be fainthearted.

SAGITTARIUS (Nov. 23-Dec. 21) Keep the stakes as low as possible if you get involved in some type of game of chance with friends today. Persons who lose will be resentful of the winners.

CAPRICORN (Dec. 22-Jan. 19) Your thinking might not be in harmony with another's today where a significant goal is concerned. You could be better off going it alone.

jack of hearts, finessing successfully twice. But now he was up against the cruel rocks of unlucky distribution. If he played a second club, West would surely ruff. But if he drew trumps in his hand, he would no longer be able to play a club through East's king.

Fortunately South was able to picture the end position. So he drew trumps in his hand, cashed the ace of hearts, and then played two more spades. East had to discard six times as the spades were played. It was easy for East to throw two diamonds and three clubs, but on the last spade the pace of play slowed considerably. If East blanked the ace of diamonds, declarer would play a diamond and East would have to lead away from the K-8 of clubs. If East threw a club, declarer would play club ace, and the king would fall. And if East chucked the diamond ace, a diamond play up to the queen would force West to win and give up a trick to the queen.

Getting out of a tight spot

By James Jacoby

When the opponents compete, particularly at a high level of the bidding, they deprive you of scientific methods for reaching the best contract. But South thought he might make a slam, so he bid it. Often non-vulnerable opponents sacrifice in these circumstances, but not this time. Everyone passed, and West led his singleton club; low from dummy, 10 from East.

Declarer won the club queen and played jack of spades. He intended to draw trumps ending in dummy, but the 4-0 split deprived him of that luxury. Instead he played a second spade to the ace and then played queen and

"Can't I just accept the engagement ring without the payment book?"

ON THE BOARDS — WTC's Jeff Shelley, 24, goes over Odessa's Lynn Collins in action Monday night at Scurry County Coliseum. The Wranglers won the contest 87-85 on a controversial official's call at the end of the game. (SDN Staff Photo)

Westerners lose to Wranglers

WTC falls to Odessa College, 87-85, on controversial call

By PHIL RIDDLE
SDN Sports Editor

An exciting Western Junior College Conference basketball game should not be decided by a striped shirt and a whistle.

But such was the case according to fans in attendance and at least one coach as Odessa College nipped the WTC Westerners, 87-85, Monday night.

With the Wranglers ahead by two and less than ten seconds on the game clock, Jeff Shelley inbounded the ball to Ray Johnson after a WTC time out.

Johnson took the ball and dribbled downcourt looking for the open man and finally deciding to shoot the ball himself with about three ticks remaining.

Johnson went up as did Lynn Collins of Odessa and referee Mike Scarborough blew his whistle.

Everyone in the coliseum was cheering because the obvious call in that situation was against the defensive man, but Scarborough pulled a travelling call against Johnson out of his hat and ended the game himself.

"The official that made the call just took the game out of our hands," said WTC coach Tony Mauldin.

"You can't make a call like that at the end of the game. If you miss a shot and lose, you miss a shot, but he basically gave the game away when he called the call."

Mauldin did praise his team for their effort against Odessa, a team that beat previously undefeated and then ranked No. 1 Howard College last week.

"We played awfully hard," he said.

"We have shot better but I don't think we've played any harder at any time this season."

The Westerners did play hard—and close.

After the first 10 minutes of the game, WTC held a 20-17 lead.

Dominick Byrd tossed in a 10-footer to give the Westerners a five-point margin with nine minutes to go in the first half.

Patric Nash gave the Wranglers a pair of buckets and a free-throw off a foul on the second to knot the score at 22-all.

David Smith went to the line for Western Texas and knocked down both freebies to put WTC on top again.

No lead lasted long in this game and this time was no exception as Austin Lane snapped off a three-pointer from the left wing to take a 25-24 lead for OC.

Orlando Barry padded the Odessa lead with a short basket followed by a David Smith put-back off the offensive boards for WTC.

Shelley got hot in the last few minutes of the opening half hitting a jumper from the top of the key at 6:10 to close the gap to a point at 29-28 and then hitting from just inside the three-point line following a Rodney Dent dunk for Odessa keeping the Westerners within one.

On the next Wrangler excursion downcourt Shelley snatched the defensive rebound and dished to Cedric Mason who passed inside to a wide-open Ken Critton for a lay-up and a WTC lead, 32-31.

Critton and the 6-10 Dent traded stuffs keeping the difference at one until Collins put up a long deuce.

Mason hit a pair of successful free-throws to narrow the lead to one with 1:41 left in the half.

Dent stumbled with a rebound and turned the ball over to the Westerners and Byrd wasted no time hitting an eight footer that hit nothing but net giving WTC a 38-37 lead.

Collins ended the first half scoring with a shot in the lane and OC led at intermission.

The second half was more of the same as each team fought and clawed for points, played tough defense and moved the ball around offensively.

Collins handed the Wranglers a six-point pad with four minutes left with two free-throws.

Critton was credited with a tip-in for the Westerners to close the gap to 79-75.

Collins was up again as he hit an acrobatic reverse lay-up at the 3:10 mark to put Odessa up by six again.

Shelley brought the score to within three with a baseline jumper from three-point land.

Two free-throws from Orlando Barry set the score at 85-80 with under a half-minute remaining.

Shelley came back with another trey for the Westerners and Nash scored again for the

Wranglers. Johnson made good on two crucial shots from the line with just :09 left in the game.

Collins was fouled by Shelley as soon as he touched the ball on the in-bound pass putting him on the line at the OC end of the court.

Collins missed the front end of the one-and-one and Shelley came down with the rebound.

WTC called their final time-out to arrange their offense for their last surge.

Then the referee struck ending the comeback and the upset attempt by WTC.

The Westerners offense was well-balanced against the Wranglers with five players in double figures on the night.

Johnson paced the squad with 18 points, including four three-point buckets followed by Shelley's 14 and a two three-point night, Byrd's 13 and Mason and Critton with 12 each.

WTC, now 17-8 on the season and 6-5 in league play, will host NMMI Thursday at 8 p.m. in the coliseum as the jockeying for play-off spots in the WJAC continues.

WESTERN TEXAS: A. Smith 4-0-8, Johnson 2-3-18, Mason 5-2-12, Shelley 5-2-14, Byrd 6-1-13, Joyce 0-1-2, D. Smith 1-5-7, Critton 3-6-12, TOTALS 27-19-28.

ODESSA: Barry 4-3-6-12, Lane 2-0-6, Martin 2-1-2, Lynn Collins 2-3-21, Nash 5-5-15, Love 1-0-2, Dent 9-0-18, TOTALS 32-11-17-87.

3-point goals: WTC 6, Johnson 4, Shelley 2; OC 3 (Lane 2, Collins 1). Total fouls: WTC 29, OC 22. Fouled out: none. Halftime score: WTC 38, OC 39. Records: WTC 17-8 (6-5); OC 21-4 (7-3).

Snyder cagers face 'must win' battles

Both Snyder's varsity basketball teams are in must-win situations in their respective battles tonight.

The Lady Tigers face Big Spring in the Coahoma Middle School gym at 7 p.m. tonight for a battle to determine the district's second post-season contender and the Tigers are in Sweetwater for a 7:30 p.m. contest that begins their last week of district action.

The Lady Tigers ended their regular season with a 68-45 win over Monahans Friday night.

That contest, along with Big Spring's Friday win over Andrews, 57-54, left SHS tied with the Lady Stees for the remaining playoff spot in District 4-4A.

Sweetwater's Lady Mustangs claimed the title with an unblemished, 14-0, loop record.

Snyder and Big Spring are both 9-5.

The Lady Tigers beat Big Spring in their last meeting 64-54 in a contest that saw senior Anne Osborn rack up 31 points for Snyder.

Big Spring won the first encounter between the two teams 67-53.

Snyder's boys need a win against the Mustangs to keep

pace with Pecos.

The Tigers and the Eagles, both sporting 11-1 district records, are tied atop the league standings and appear headed for a last-game showdown Friday in Pecos.

Snyder coach Larry Scott warns his squad against looking past Sweetwater.

"This could be our toughest game of the year," he said.

"They played us real tough at our place, they just missed a lot of shots in close."

Tim Taylor of the Mustangs missed nine shots from inside the paint as Sweetwater fell 68-44.

Tracy Braziel scored 16 points for Snyder in the win.

Snyder hosts practice game

Coach Albert Lewis and his Snyder Tigers take to the baseball diamond for the first time this season today in a 5 p.m. scrimmage against Lubbock Dunbar.

The Tigers, coming off the 1989 campaign that saw them share the district title with Pecos and Andrews, will return all-district second baseman Jason West, third baseman Randy Morris and outfielder Tommy Lane.

Bart Morton will be counted on to anchor the SHS pitching staff but help is expected from senior Bert Merritt and sophomore David Patrick.

Lane, a pitcher last season, will stick to the outfield this year due to elbow and shoulder injuries suffered as an all-district linebacker in football.

Lewis begins his thirteenth season at the helm of the Tigers' baseball squad.

He has coached his teams to a combined 260-116-3 record for a .686 winning percentage.

The Tigers under Lewis have won or shared 10 district crowns and gone to the state tournament three times, winning in 1983.

Crippled Dusters beaten by Odessa

By PHIL RIDDLE
SDN Sports Editor

With two strikes against them the Western Texas College Lady Dusters fell to Odessa College, 70-52, in Western Junior College Conference action Monday night in Scurry County Coliseum.

Point guard Carla Gladden and sophomore post Tami Wilson were both relegated to the bench for the majority of the game due to injuries.

Wilson, trying to get over a deep thigh bruise suffered against South Plains College earlier in the season, was able to contribute a few game minutes to the Dusters but was hobbled badly by the leg.

Gladden, recovering from a pair of pulled leg muscles, stayed on the pine for the entire game.

"I have been real pleased with the kids that have been coming on in place of the ones that are hurt," said WTC women's coach Kelly Chadwick.

"Kelsey Koester and Tracey Rome both played a good ballgame."

"The problem we're facing," said Chadwick, "is that we only have one starter from the beginning of the season, Bobbie Brown."

"We have Tami hurt and can't play, Carla's hurt and can't play, Jeanna Stockett didn't come back from Christmas break... that's almost our whole team."

"Bobbie is playing like a million dollars," the coach reported, "if we had three more playing like her, we'd be beating some people."

"We are making line-up changes every game and this is not the time of the season to be experimenting," concluded the coach.

The Lady Wranglers bolted out to a 29-8 lead in the opening minutes of the game and the Lady Dusters never quite recovered.

Bobbie Brown edged WTC

closer with a pair of good free-throws but sophomore Angela Meadough got the points back for Odessa with just over seven minutes to go in the opening half.

By intermission OC had staked themselves to a 45-22 lead.

Brown hit a three at 7:40 in the second to bring WTC within 21 points at 61-40 but it was too large a lead to overcome against a solid team with two starters watching from the sidelines.

The Dusters started a late rally on a pair of freebies from Jill Forrest that set the score at 65-44.

Tracey Rome scored twice in the last moments for WTC—once on a lay-up at 2:25 that moved WTC to a 65-46 deficit and once on a tip-in under the basket.

Forrest closed out the scoring with a bucket off a pass from Vicky Jones.

The Dusters are off Thursday and take to the road again next week against South Plains College in Levelland.

WESTERN TEXAS: Brown 7-5-6-20, Koester 2-2-7, Williams 2-0-2-4, Forrest 3-2-2-8, Rome 5-1-4-11, Wilson 1-0-0-2, TOTALS 19-10-16-52.

ODESSA: Parks 1-2-2-4, Hernandez 2-2-2-7, Meadough 7-8-9-22, Woodard 2-0-0-4, Rivers 5-3-5-13, Reynolds 2-0-1-4, Thomas 3-0-0-6, Wilson 4-2-5-16, TOTALS 26-17-24-70.

3-point goals: WTC 2 (Brown, Koester); OC 1 (Hernandez). Total fouls: WTC 17, OC 17. Fouled out: none. Technical fouls: WTC 2 (coach Chadwick). Halftime score: WTC 22, OC 45. Records: WTC 15-9 (2-4); OC 21-5 (5-3).

Three-year-old case is investigated

Police Monday reported that they had investigated a reported three-year-old sexual assault and had forwarded the case for consideration by the district attorney's office.

A detective said at 8 p.m. that the case was reported in the 500 Block of 27th St.

The age and gender of the alleged victim were not disclosed.

tolman with the Amarillo Police Department from 1978-80, a deputy sheriff in Nolan County from 1980-83 and a detective with the Sweetwater Police Department from 1983-1986.

He holds a master of arts degree in police administration from Sam Houston State University and a bachelor of science degree in criminal justice from Southwest Texas State University. He also earned the associate in applied science degree from Southwest Texas.

He is a graduate of Sweetwater High School and a Western Texas College alumni.

The board approved an order for a May 5 trustee election, to elect trustees for positions 1 and 2. Trustees seeing their terms end are Roy Baze and Bill Wilson Jr.

College President Dr. Harry Krenek told the board that \$13,900 will be cut from county funds supplied to the college which benefit the senior center, county veterans office and the museum.

"The county has asked us to see if we can reduce budgets in these areas by 17 percent and this does exceed the 17 percent," he said.

Some \$11,200 will be cut from the senior center's budget, including \$4,600 tagged for commodity distribution; \$2,800 by increasing meals from \$1.50 to \$1.75; \$800 by eliminating the recognition banquet for the current year; and \$3,000 by adjusting thermostat controls between the hours of 6 p.m. and 6 a.m.

In addition, \$462 would be pared from the county veteran's office and \$2,238 from the museum budget.

Leon Pettitt, maintenance director, told the board that it is necessary to replace eight floor-mounted, fan coil heating-cooling units in the dormitories. He noted that the dorm contains 96 such units and he suggested replacing an unspecified number of them each year.

The units are old and in many cases cannot be repaired.

Cost of the units, complete with three-way electric valve packages for both hot and cold water lines, is expected to run between \$600 and \$700 each.

The board gave its go-ahead to solicit bids.

Dr. Hood's report on enrollment indicated a spring headcount of 1,114 students as compared to 1,189 in the same semester of 1989. Total contact hours are up from 237,696 a year ago to 244,896.

He also noted that contact hours in letters programs has increased from 36,464 to 45,616 and in mathematics from 15,056 to 23,584.

The resolution signed by trustees will be sent to state lawmakers and urges them to "protect and defend the 1990-91 appropriations made to public community/junior colleges from reduction or diminution..."

Williams, a county native and former teacher, is running unopposed in the Republican Primary for the office of district clerk. Pruitt, chief deputy district clerk, is unopposed in the Democratic Primary.

Staton and Echois, a bookkeeper at Tri-State Construction, are bidding for county treasurer on the Democratic ticket. There is no Republican candidate for the office.

Six men are contending for two county commissioner positions, including Idom, a 15-year Snyder resident and member of the county airport board, running alone on the Republican ticket for precinct 2. Running for precinct 2 commissioner on the Democratic ticket are Pate and challenger Don H. Tucker, operator of San Andres Company.

Going after the precinct 4 commissioner's post, to be vacated by Ted Billingsley, are Kimmel, Jerry Gannaway and Jack Greene — all on the Democratic ticket. Kimmel is a partner in Midwestern Vacuum Truck Co.,

Gannaway is an area farmer and Greene is owner-operator of Jack's Roadboring.

Ted Billingsley has filed for precinct 2 justice of the peace, and will have opposition from Rushing in the Democratic Primary. Rushing is the current clerk in the JP's office. There is no Republican candidate for the office.

Frances Billingsley, Greene

and Hermleigh native H.M. Lomax, who is running for precinct 2 justice of the peace, are all unopposed.

Also unchallenged will be John H. Thomas for county chairman of the Republican Party and Earl (Hassie) Sneed for county chairman of the Democratic Party.

In-person absentee voting will be held Feb. 21 through March 9 at the county clerk's office.

do. I love the LA Lakers. But the difference is in our county tax base. When we were affluent in oil minerals... were paying 90 percent of the taxes. Everything else was paying 10 percent. We got paved roads in the county and we built the coliseum. But that shoe is changing feet. During the last seven years, we lost 65 percent of our minerals tax base," said Baze, who added, "I think what we have to do, not just the college, but all the entities in the county, is reassess our priorities; separate our real needs, wants and wishes. We cannot have everything we want.

"In an assessment of priorities, I have to make a decision that I don't really like but I think we have to give up some things, Baze added."

Hargrove pointed out that basketball programs have tried to eliminate costs by recruiting closer to home.

It was also brought up that it was hard to justify a program

Firefighters work 2 calls

Firemen answered two fire calls Monday, one a fire in which a vehicle was destroyed 20 miles north of town on U.S. 84.

A department spokesman said Robert Kiser of Houston had bought a 1982 Chevrolet in Abilene that had a hole in a piston and was trying to reach Lubbock when the oil pan filled up with gasoline and the fuel ignited.

The call came in at 7:02 p.m., and firefighters returned to the station at 8:05.

Two firemen went with a truck to "cover" the Colorado City Fire Department while firemen there battled a large grass fire west of Colorado City Monday afternoon.

They waited at the Colorado City fire station from 4 to 5 p.m. while the Mitchell County firefighters brought the emergency under control.

Schools open

SELMA, Ala. (AP) — Public schools reopened today amid heavy security after a week-long shutdown in a racial protest.

Two accidents

A 1984 Ford pickup driven by Charles Chrane of 4106 Jacksboro Ave. hit a parked 1987 Chevrolet owned by Jennifer Goodwin of 2409 21st St. at 8:50 p.m. Monday in the 4100 Block of Jacksboro.

An unknown driver and vehicle hit a parked 1982 Chevrolet pickup owned by Terry Moberly of Albany in an incident discovered at 2:42 p.m. Monday in the Western Texas College dormitory parking lot.

New platform is 'startling'

MOSCOW (AP) — In its revolutionary new platform, the ruling Communist Party casts aside Marxist economic theory by accepting private property and backs a strong presidency that would further erode its 72-year grip on power.

The platform advocates a bill of rights to protect the individual against abuses of the state in a country where Stalinist authorities stripped millions of peasants of land and had political opponents murdered by the thousands.

The document, approved during a landmark meeting last week and published Monday, represents President Mikhail S. Gorbachev's boldest break with Communist orthodoxy and contradicts public statements he made just months ago.

The official Tass news agency said leaders called Monday for a special session of the Congress of People's Deputies in the "near future" to strengthen the office of presidency, which would solidify Gorbachev's hold on power.

The country's highest executive body, the presidium of the Supreme Soviet, "unanimously favored the establishment of democratic presidential power in our coun-

Man held as suspect in robberies

One of two young men who was arrested here last week in a gasoline "drive-off" is a suspect in two recent Lubbock County convenience store robberies, sheriff's officers learned Monday.

A warrant was delivered to the sheriff's office for Curtis L. Wampler, 17, of Amherst in a Friday, Feb. 2, gunpoint holdup of a Preston's Milk Store at 114th St. and Ave. B outside the Lubbock city limits, a detective captain with the Lubbock County Sheriff's Office said this morning.

A second warrant for him is related to one of two February E-Z Mart robberies in which Wampler has been identified as a suspect by Lubbock city police, Sheriff's Capt. Bill Drewell said.

Snyder police were notified of the drive-off at 12:35 p.m. last Thursday by C&W store clerk Jenna Bennett in western Snyder off the Lamesa Hwy.

Wampler, driving a two-tone blue Chevrolet Camaro, was with an 18-year-old Lubbock man who has so far been charged only in the Scurry County misdemeanor theft case related to the attempted theft of \$23.62 in gasoline from the C&W store.

City policeman Trevlyn Pitner ran the two down about two miles outside the city limits after the gas theft report came in, taking them into custody without resistance.

They were being held on a \$750 bond each before the Lubbock County warrants came in for Wampler, who has been serving an eight-year probated sentence for the June 21, 1989, robbery of Village Pantry Food Store at 6901 Slide Rd. in Lubbock.

Drewell said he and another Lubbock County sheriff's investigator were planning to come to Snyder today to interview the two young men and to inspect the Camaro, which has been impounded.

JUST AROUND THE CORNER?

For Love to Be Shared, Love Has to Be Shown

By Abigail Van Buren
© 1990 Universal Press Syndicate

DEAR READERS: Can you believe tomorrow is St. Valentine's Day again? It seems like only yesterday we took down the Christmas decorations. Well, young husbands — and older lovers, too — some years ago I wrote a column on how to keep your man happy. As soon as that hit print, I was asked, in the interest of fairness, to write another column on how to keep your woman happy.

Always keep yourself kissing-clean from head to toe. Develop some interests besides him. The more interests you have, the more interesting you'll be.

Surprise him occasionally. A little love note taped to the bathroom mirror or hidden in his lunch pail or briefcase will warm his heart.

FOR MEN — BE A SWEETHEART

Tell her you love her. She can't hear it too often.

If you like the way she cooks, or the way she looks, dresses, smells — let her know it. You can't compliment a woman too much.

Never try to make her jealous. And treat her with the same respect and courtesy you show women you don't know very well.

In addition to remembering her on all the traditional gift-giving occasions — birthdays, anniversaries, Christmas, Hanukkah and St. Valentine's Day — surprise her with a little gift for no reason at all.

If you've had an especially wonderful evening, the morning after, send her flowers. If she works outside the home (and it's a 50-50 bet that she does) send the flowers to her place of business. She'll appreciate it twice as much. Tight budget? Bring home a single rose.

Be a little unpredictable. Walk up behind her and plant a kiss on the back of her neck.

Remember, cleanliness is next to godliness, so when you feel turned on, turn on the shower and jump in.

When you're at a party together, never leave her alone while you're off dancing (or being charming) with someone else.

Tell her she is absolutely the most wonderful person in the world, and she'll believe that you are.

If you want to be loved, be loving. Be nice to her relatives, and they'll tell her how lucky she is to have such a sweet guy.

FOR WOMEN — BE A SWEETHEART

Tell him daily that you love him. (If you're married, don't ask him if he loves you, or he's liable to say, "I married you, didn't I?") Never criticize him in public. If you must criticize him, let it be constructive and in the spirit of love and helpfulness — never in anger as a put-down.

Don't bad-mouth his friends — or worse yet, his relatives.

Keep him in mind when you're reading. Clip newspaper and magazine articles that might be helpful to him in his work, or share amusing cartoons to give him a chuckle.

Don't invade his privacy. Every man needs a desk, a closet or a cupboard to call his own. If it gets cluttered and somewhat messy, don't try to tidy it up for him. (Nobody's perfect.)

If he eats — or drinks — a little too much, don't nag him about it. Remind him gently that you wish he'd take better care of himself because you'd like to have him around to grow old and gray with.

Don't sulk. If something's bugging you, talk it out and clear the air.

Never give him the third degree about where he's been (or with whom) when you weren't with him.

Never lie to him. If there's something you don't want to tell him, reserve the right to remain silent. But if you tell him something, be sure it's the truth.

New survey finds few cheatin' hearts

NEW YORK (AP) — This just in for Valentine's Day: nine of 10 people in a survey claimed they had never been unfaithful, and four of five said they would marry the same person again, given the chance.

The Gallup survey, commissioned by Psychology Today and two television shows, King World's Inside Edition and ABC's Home Show, was released Monday.

Three of four respondents said their spouse is their best friend, and 64 percent said their marriage was "very happy."

Pollsters contacted 657 ran-

domly selected, married men and women nationwide shortly before Christmas. The margin of error was plus or minus 4 percentage points.

The report on the findings, by the Rev. Andrew M. Greeley and T. George Harris, called the widespread belief that married people are often unfaithful an example of "pluralistic ignorance — erroneous, cognitive beliefs shaped by some individuals about other individuals."

The report also put forth the theory "the availability of divorce for those who are unhappy has increased the average

level of happiness in the pool of couples who remain married."

The survey attributed marital happiness primarily to three factors: communication; cooperation in housework, child rearing and respect of each other's work; and romance. For instance:

—71 percent said they're trying very hard to improve their marriage.

—55 percent of male respondents and 47 percent of female strongly believe their spouse is romantic.

—39 percent said they work very hard to improve their sex life.

—53 percent of women respondents and 47 percent of men strongly agreed that their

spouse is a skilled lover.

—32 percent of women and 26 percent of men said their spouse is imaginative about sex.

The survey found so much bliss in America that 10 percent of the respondents agreed strongly their spouse is sometimes "like a god" to them. Eighteen percent of women agreed at least somewhat with the statement — and 37 percent of men did.

Other findings: —81 percent of men and 72 percent of women strongly believe their spouse is good looking.

—82 percent believe their spouse is good with children, and 63 percent strongly disagree that children take the fun out of marriage.

School district agrees to tax abatement for Opryland

SAN ANTONIO (AP) — Trustees of the Northside School District have approved a tax abatement for the \$100 million Opryland USA Inc. theme park.

The proposal was approved Monday night after a four-hour meeting.

The vote to grant the theme park a 10-year tax abatement was 6-1.

"All right, whew!" said Bill Hoelscher, special projects manager for Opryland, after the vote.

"We won't disappoint you. We won't disappoint you," Hoelscher told school trustees.

"We're going to give you a great project," the Opryland official told Northside Superintendent Jack Jordan.

KGB says three-quarters of a million shot from '30-53

MOSCOW (AP) — The KGB secret police said in a report today that three-quarters of a million citizens were shot to death as enemies of the Soviet state from 1930 to 1953, the years of Stalinist terror.

Under President Mikhail S. Gorbachev's reforms, government commissions and the KGB have been ordered to find the truth about Stalin's terror and rehabilitate those who were sentenced.

The figure does not include the millions who died in labor camps and prisons or in the famines instigated by Stalin during his collectivization of agriculture, but it represented the first time the KGB has given any figure for the number of Stalin's victims.

The official Tass news agency quoted a KGB committee as saying a review of its archives determined that 3,778,234 people had been sentenced for counter-revolutionary or crimes against the state from 1930 to 1953, the year Stalin died.

Governor wants to save the V-22

ARLINGTON, Texas (AP) - Gov. Bill Clements says he will help other officials and Bell Helicopter Textron in their efforts to save the V-22 tilt-rotor aircraft from landing in the latest scrap heap created by Defense Department budget cuts.

Clements and other state officials watched Monday as the unusual tilt-rotor aircraft was put through its paces at Bell Helicopter Textron's flight research center in south Arlington.

The governor used the phrase "Amazing" several times to describe the V-22 Osprey.

"I think the program is terribly important to this country," Clements said. "This program needs to go forward and I'm going to help in any way I can."

With the Bush administration hoping to end federal funding for the tilt-rotor in 1991, V-22 supporters want to make its survival a statewide crusade, similar to the successful campaign that brought the Superconducting Super Collider to Texas.

"We've got a lot of work ahead of us in Washington to convince the rest of the country how important it is," said U.S. Rep. Pete Geren, D-Fort Worth.

Bell, which is building the V-22 in partnership with Boeing Helicopters of Ridley Township, Pa., has only three aircraft ready for flight. Two are in Arlington; the third is at Boeing's flight test center in Wilmington, Del. Three others are at various stages of completion.

Although the two companies

hope to sell the first V-22s to the Marine Corps, the aircraft's designers believe it has potential for commercial air travel. Since it can land on a helicopter pad, a V-22 could pick up and unload passengers in the heart of any major city.

"I think it would be extremely shortsighted to give up the technology," Lt. Gov. Bill Hobby said in pledging his support.

Identifying types of Paget's disease

By Peter H. Gott, M.D.

DEAR DR. GOTT: In a recent column, you responded to a query about Paget's disease. Would you now speak of Paget's carcinoma-in-situ, especially as to its prognosis and, hopefully, a cure?

DEAR READER: Sir James Paget, a famous 19th-century British surgeon, had several diseases named after him.

Paget's disease of bone (osteitis deformans) is a common non-cancerous affliction of the body's bones, characterized by spotty areas of rapid bone destruction and regrowth, leading to pain and fractures.

Paget's disease of the breast is a rare form of cancer involving the nipple and milk ducts. Malignant cells grow outward from the ducts, causing a roughened and inflamed nipple, resembling eczema.

When the cancer is confined to the breast and has not extended or spread, it — like other malignancies — is called carcinoma-in-situ. Such a lesion is treated with surgery, radiation or chemotherapy.

If the cancer is confined to a limited area, the prognosis is good. However, as in other breast malignancies, if it has spread or involves a large portion of the breast, the prognosis is less favorable.

Some types of Paget's disease also affect other sites, especially the groin and external female genitalia. An extremely rare form of Paget's disease causes cancer of the penis in males. In general, the treatment and outlook for Paget's disease is identical to the therapy and prognosis of other malignancies.

To give you more information, I am sending you a free copy of my Health Report "Breast Cancer and Disorders." Other readers who would like a

copy should send \$1.25 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

DEAR DR. GOTT: I had back surgery seven years ago for a ruptured disc and have now been told that I have arachnoiditis of the spine. Can you tell me about it? Can I take walks and do stretching exercises as I used to?

DEAR READER: Arachnoiditis inflammation of one of the delir membranes covering the spinal cord. It can result from injury or infection. Spinal arachnoiditis will not cause symptoms unless the spinal nerve also become inflamed, resulting in pain and tingling.

If infection is to blame, antibiotics may cure the disorder. However, if arachnoiditis is due to injury or the consequences of surgery, treatment is more difficult. Physical therapy, pain medication and — sometimes — cortisone may relieve symptoms.

I suggest you ask your doctor to advise you about appropriate activities. In general, walking and gentle stretching exercises are beneficial. However, I think you need a detailed list of dos and don'ts.

Deciphering meaning of memorandum wasn't easy

PALO ALTO, Calif. (AP) — The quest seemed simple enough — find the meaning of a single sentence from a Santa Clara County Transportation Agency memorandum.

But the sentence under consideration wasn't your everyday, public agency-generated gobbledeyook.

The passage, as offered Monday by the Peninsula Times Tribune, read:

"A final and balancing change order resulting from monetary

adjustments in bid items as provided for in the Contract Documents under the sections dealing with 'measurement and payment' requires a simple majority vote by the Board if the contract amount is not being exceeded or if such adjustments are made pursuant to the supplemental work allowance item of the Contract Documents."
