Goodfellows Fund Grows, But More Money Needed

Douglas B. Finch Elected President Of Haskell Ministerial Alliance

L. D. Regeon Lions Speaker Tuesday Noon

"Don't leave Jesus in the manger, but take Him into our hearts and make Him the center of our lives," Rev. L. D. Regeon, pastor of the local East Side Baptist Church told members of the Haskell Lions Club at the Tuesday noon-day luncheon meeting.

Rogers Durham, minister of the First Christian Church, was in charge of the program, and introduced the guest speaker.

Rev. Regeon pointed out the importance of the love and tradition of the Babe in the Manger, and what a thrill it is to teach the wonderful story to our children...

DOUGLAS B. FINCH

The Haskell Ministerial Alliance, meeting in the banquet room of the Texas Cafe, elected officers for the calendar year 1963. Douglas B. Finch, pastor of the First Presbyterian Church of Haskell, was elected President; Mr. Rogers Durham, pastor of the First Christian Church of Haskell, was elected Vice President; and Mr. James Schaefer, pastor of the Trinity Lutheran Church of Haskell, was re-elected Secretary-Treasurer.

Meetings of the local ministerial organization will be held on the second Tuesday in each month at 7 a. m., during which meetings breakfast will be served. Present at the election meeting were: Mr. Ray Nobles, Mr. L. D. Regeon, Mr. Ira M. Burns, Mr. C. E. Leonard, and Mr. Finch, Mr. Durham and Mr. Schaefer.

The purpose of the alliance is to create a condition where in local ministers of Christian Churches can discuss their common problems and ways of better serving the Haskell community. Projects of mutual interest and community benefit are undertaken through this cooperative medium.

All ministers are invited to participate in the affairs of this organization during the coming year, regardless of race, creed, or denominational affiliation.

Reports of the Union Thanksgiving service were given at the meeting, and \$81.25 was reported received at the service. Expenses incurred amounted to \$20.00 and \$61.25 was turned over to Mr. Bill Holden at Holden Funeral Home for the continuing fund for migrant and needy persons passing through our community. It was reported also that in excess of 200 persons were in attendance at the Thanksgiving service held at the Presbyterian Church.

The Alliance voted to erect a flagpole at the High School football stadium so that flag-raising ceremonies can be held prior to each athletic event. Mr. Robert King, Superintendent of the schools, has expressed his approval of such a venture.

County Court Proceedings

In County Court here Thursday afternoon, Dec. 6, trial by jury in the case of State versus Charlie Floyd Lewallen (10,162), Lewallen was found not guilty on a DWI charge filed April 9, 1962.

In the case No. 10,284 styled State versus Louise Scott, scheduled for Friday afternoon, Dec. 7, postponed for lack of state witness. Joe Williams acted as presiding judge in the place of Judge Jim Alvis, as Judge Alvis disqualified himself due to the fact he filed the complaint.

Bill McGuire's Balmorhea Bears Win Regional

Bill McGuire, head coach of the Balmorhea Bears, Balmorhea, Texas, has led his lads to an unbeaten year, as the Bears dropped the Mertzon Hornets 81-44 in a regional six-man football game played Friday night, Nov. 30, at McCamey, Texas.

McGuire is the son of Mr. and Mrs. Floy McGuire of Weichert.

Balmorhea won district last week, dumping Fort Hancock 43-34.

Mr. and Mrs. McGuire were in McCamey to see their son's team take the regional honors.

Many more Goodfellows must be recruited during the next few days if Christmas baskets are provided needy and unfortunate families in our community at Christmas-time.

Contributions to the Goodfellows have been generous during the past week, but the total raised to date is far short of the amount needed to meet demands being made this year.

In almost every request for help to the Goodfellows, a plea is made for something for the children—toys, candies, nuts, etc. These requests are the kind that have the Goodfellows concerned.

There are numerous homes in Haskell where the only touch of Christmas will be that brought by the Goodfellows. There are children in many of these homes, too. Can you picture a little child seeing Christmas come and go without so much as a toy or a single piece of Christmas candy? That thought worries the Goodfellows.

It can happen unless more Haskell people come to the aid of the Goodfellows. Gifts may be sent to the Free Press and will be acknowledged in this newspaper's columns as received.

Santa Claus Greeted Throngs of People

Hundreds of people of Haskell were present at the young and old man from "Santa Claus" as he arrived in a headdress, led just east of town, where the Free Press on the company used a Dallas fleet Santa Claus.

After landing, he was taken through the courthouse to the city of Haskell. The parade was a success.

It was a perfect Santa Claus parade. The Santa Claus Express was sponsored by room mothers of Mrs. Bill Richey's First Grade.

Rotary Club Hears Student From Israel

Steve Ateek, senior student at Hardin-Simmons University, and a native of Nazareth was the guest speaker at the noon-day luncheon meeting of Rotarians, Thursday, Dec. 6. Accompanying the guest speaker to Haskell was Past District Rotary Governor Dean Truitt Walton.

Ateek's interesting talk brought out the differences in our country and his native land, and the contrasts of the old and new that is so evident in Israel today.

One thing which was very different to Mr. Ateek when he came to Texas was the food. For more than a month he said he didn't know anything to order to eat except "hamburger" three times a day.

Two things which impressed the guest speaker most about the United States was the freedom that is enjoyed by all here. In Nazareth the people cannot leave the city without a permit from the military government.

Also the friendliness of the people in Texas made a lasting impression on Ateek. Upon his return to Israel he will enter the ministry and work with his native people, the Arabs.

Guests other than the speaker and Mr. Walton were Rod Ezell, Rule; Jack Watson, Warren Tayman, Hap Davenport, and Horace Pruett of Stamford.

OUR SOIL ★ OUR STRENGTH

The 1963 Agricultural Conservation Program which is administered by the Haskell County Agricultural Stabilization and Conservation Service has been formulated. It will be placed into operation on Jan. 2, 1963. There were very few changes made in the 1962 program over that of the 1962 program. Highlights of the '63 program are cost-share assistance offered to county producers for the establishment of permanent vegetative cover for soil protection or as a needed land-use adjustment to include Coastal Bermuda grass. Other practices available to the producers of Haskell County are the establishment of additional acreages of vegetative cover in the crop rotation, the improvement of an established vegetative cover for soil or watershed protection, deferred grazing, controlling competitive brush and cactus, the constructing of dams or pits for livestock water, the establishment of permanent grassed waterways to disposed of excess and outside water, constructing new terraces, and rebuilding old terraces, constructing diversion terraces to intercept and divert excess water, constructing erosion control dams, reorganization of irrigation systems, land leveling, constructing spreader terraces to divert and spread water, planting of annual summer and winter legumes, stubble mulching, deep plowing, and the application of cotton burs to aid in controlling wind and water erosion.

Applications for assistance under the 1963 AC Program will be made as usual at the Haskell County ASCS office. All practices requiring engineering assistance will be automatically referred to the Soil Conservation Service after the producers application has been approved.

A hearty welcome is extended to Chas. E. Gary of Haskell, a new cooperater with the Wichita-Brazos Soil Conservation District. His farm is located four miles east of Weinert. Also welcomed as new cooperaters with the California Creek Soil Conservation District is J. M. New, whose farm is located just north of Sageron, and Van Laughlin of Rule, whose farm is located four miles east of Rule.

E. L. Hollar of O'Brien, whose farm is located three miles north of Rule, has signed a district Agreement with the Wichita-Brazos SCD, and has made application for assistance through the Great Plains Conservation Program. C. H. White of Rule, whose farm is located four miles southwest of Rule, has made application for assistance through the GPCP. Both producers are interested in the establishment of Coastal Bermuda grass under irrigation. Plans are now being prepared for both farms for the development of Great Plains Contracts.

The wet, warm weather that Haskell County has been experiencing has certainly not been beneficial in helping the cotton farmers get their crop harvested, but it has been beneficial for the growth and development of winter cover crops of Austrian Winterpeas and small grains. Care should be exercised to prevent excessive grazing of winter cover crops. When too much of the crop growth is removed the prime purpose, that of soil protection and improvement, is lost. Don't be too hasty about destroying your winter cover crops next spring. Let them grow until early booting stage for maximum results.

Now that cotton harvesting is underway and cotton burs are available, take advantage of the golden opportunity of using burs for applied mulches to the land. Cotton burs applied at the rate of three to five tons per acre aid in the control of wind and water erosion, but when fertilized with ten pounds of nitrogen fertilizer to the ton of burs they provide a good soil improvement practice. Burs also add much needed organic material to the soil which increases the moisture and fertility holding capacity of the soil.

The "If" In Tax Reduction

Writing in Nation's Business, Walter W. Heller, who is chairman of the President's Council of Economic Advisors, says that taxes must be cut. In his words: "It now seems clear that one of the chief reasons for the sluggish behavior of our economy over the past five years or so is the persistent drag exerted by our present federal tax system."

There will be general agreement with that statement. And a tax reduction will come as welcome news to all of us—if:

The "if" lies in whether or not the tax saving is offset and more by increased living costs, due to a new surge of inflation. And one of the surest ways to produce inflation is found in successive, growing and huge government deficits.

The intelligent—and safe—way to institute tax reductions is to accompany them with the most stringent possible reductions in non-essential government spending. This means less welfare state—a renewed dependence on local government to handle local problems—a similar renewal in individual self-reliance and responsibility—and the elimination of government from business operations which can and should be conducted by taxpaying, self-supporting private enterprise.

You may, or may not, like this prescription. But either way, it is the one the national health demands.

Hon. Jim Alvis
 County Judge
 Haskell, Texas
 Dear Judge Alvis:

I read a couple of weeks ago an editorial in the Wichita Falls Times relative to the passing of Mr. Lon Pate. I was greatly grieved to learn about his death for I enjoyed knowing him and appreciated his friendship.

I know the citizens of Haskell and the entire county had a great loss for he was always ready to work for all types of civic improvements.

Please extend my regrets to his family and the personnel of the Haskell Free Press.

Yours sincerely,

ITS RELIABILITY COMES FROM ITS QUALITY

A nutshell description of Chevrolet trucks could be "Trucks That Work". It's not exactly earthshaking but it says a mouthful. It's what Chevrolet trucks are best known for—their reliability. Ready to work, day after day, whenever you are.

You can't build trucks that perform like this if you don't put quality into engine, chassis and body. Chevrolet does: double-wall construction insulated cab, select-wood body floor, chain supported tailgate, ladder-type frame, the careful attention to upholstery and finish. It's this kind of quality that makes any Chevrolet truck—big pickup to heavyweight tandem—worth more than the average at trade-in!

A Pastor's Study

By DOUGLAS B. FINCH

Pastor, First Presbyterian Church
Haskell, Texas

Presbyterian Church in the United States sees its history extending back to the time of Abraham, as do most other churches. We acknowledge that the Catholic Church, up to the Reformation, and the essential part of the Reformation, which the Reformed churches have since that time, is a part of the Christian faith which they had under the British es-

meeting" originated. The Presbyterians and the Methodists held joint meetings of this type in time. Due to the development of excessive and disorderly emotional "exercises" which developed with our second generation and largely unlearned frontier people, the Presbyterian Church withdrew from the revival effort which it had begun. Certain "exercises" called the "jerks" and "whip" (wherein ladies would whip their hair around for long periods in insane motions), and "dancing" exercises — all of which unseemly and undignified behavior we found repugnant and not at all related to the Holy Spirit (much of which was provoked by liquid spirits) caused us to withdraw our support.

The Presbyterian Church, because it has always insisted on an educated ministry, did not develop in the frontier country the impressive statistics that other churches with no educational requirements did. To worship God with dignity and reverence, while proclaiming His word with a sense of urgency and sincerity, has been characteristic of Presbyterians through the ages. To insist on a duly qualified ministry, sound in doctrine, and sincere in faith, has proven to be the bulwark of American Presbyterianism. It is fast coming to be the bulwark of American Christianity as more and more churches adopt the practices which we have never forsaken.

Many historians also give credit to John Calvin, the great teacher of the Presbyterian Church, for the entrance of capitalism, as we know it today, into society. His ideas, Biblically based, concerning the "call" of people to various pursuits in life, lent a new dignity and respect to labor and business alike, and caused people to see that Christ was the Lord of all life. Capitalism began thus to grow in Europe among the Calvinists, and came to America through them.

Henry Hall Is Winner of First Freeze Contest

Henry Hall, Haskell High School student, son of Mr. and Mrs. Melvin Hall, of 1200 South 12th St., was the winner of the "first freeze" guessing contest, sponsored by the Wooten Oil Company, 300 S. Avenue E. Hall received as his prize, two gallons of Zerex antifreeze as he guessed the first freeze of this winter would be registered at 5:00 a. m., Thursday, Dec. 6 — and the "first freeze" officially arrived at 6:12 a. m. on the above date. Sheriff Garth Garrett guessed the first freeze would arrive at 4:30 a. m. on Dec. 6. Mrs. Dave Strickland guessed 4:30 a. m. on the above date, with Mrs. Fred Brown guessing 4:00 a. m., and Audrey M. Green, 4:20 a. m. on Dec. 6 — so the contest was a very close one, owner-operator of the business, Wallace Wooten, pointed out.

Eleanor Howell WMU Circle Meets In Clanton Home

The Eleanor Howell WMU Circle of the First Baptist Church met Dec. 11, in the home of Miss Betty Jo Clanton for their royal service program on "Spiritual Life Development" Mrs. C. V. Schwartz, chairman, presided, presenting in her introduction many interesting thoughts on "Red Letter Days" in December.

Mrs. Schwartz discussed the First Red Letter Day, Mrs. Scarborough had the Second Red Letter Day, Mrs. W. C. Copeland read the prayer calendar and offered special prayers for all missionaries on the foreign fields. The third and fourth parts were given by Miss Betty Jo Clanton and Mrs. Clarence Taylor. Mrs. Schwartz closed the program with prayer, and the group then sang Christmas carols.

Refreshments of fruit cake, nuts, mints and coffee were served to the following members: Mrs. W. C. Copeland, W. L. Scarborough, W. C. Collins, Al Cousins, Clarence Taylor, Slover Bledsoe, C. V. Schwartz, Miss Betty Jo Clanton, and one new member, Mrs. Lura Mayfield.

Douglas B. Finch Progressive Study Club Speaker

Douglas B. Finch, Minister First Presbyterian Church, spoke to members of the Progressive Study Club Dec. 6 on the subject of "Today's Families." This interesting program was the sixth key to better living, and was directed by Mrs. Howard Perry.

Remarks by the Rev. Finch included a verse from Proverbs: "Train up a child in the way he should go, and he will not depart from it." We as parents should notice this implication of the word train rather than teach. For training is telling, but training is more than telling, it is leading or showing the way with ourselves setting examples.

It is peace, love, faith, that make a happy home. Jesus selected a home with these qualities when he visited with Mary, Martha and Lazarus. That happy home welcomed the presence of Jesus and if we would welcome Him into our homes today then they would also reflect peace, love, faith.

The nation rests upon the homes. Education must have as a corner stone happy homes, and the church is dependent upon the homes. If the homes of America fail, then these agencies cannot remedy that failure. We must pass on a heritage worth keeping if the generations to follow succeed.

During a business session, with Mrs. Arlos Weaver presiding, the club members voted to send donations to CARE and the TB association.

Hostesses for the evening were Mrs. Ed Hester, Mrs. Roy Everett, and Mrs. Kenneth Lane.

Fidelis SS Class Christmas Social Held Monday

The Fidelis Sunday School Class met in the home of Mrs. Scotch Coggins Monday, Dec. 10, for the Christmas Social. "Group Two," with Mrs. Tom Rhoades as captain, was hostess for the occasion. The home was beautiful with decorations and the lovely silver tree was profuse with Christmas balls, bells and tinsel emphasizing the holiday season.

Mrs. Veta Furrh, president, presided at the business meeting, and report of the secretary for the quarter was given by Mrs. Norris Gibson. It was voted as the class project to make pillows for the rest home for Christmas. Each group was well represented.

Mrs. Cadenhead led the opening prayer and the class sang "Silent Night." Mrs. A. L. Foote gave the devotional of the Christ Child taken from Luke. She spoke of the meaning of Christmas, and of the Carols and legend of the tree and Santa Claus, who has become a symbol of the happy holiday season. She stated that Japan was the most commercialized country concerning the meaning of Christmas. But the birth of Christ is connected with the Shepherd, the Angels, and the Wise Men who came bringing gifts to the Christ Child who was born in a manger in Bethlehem and was to become the Saviour of the World.

Mrs. Foote gave the story from the Hour of Decisions which noted that the story of Jesus was the most stupendous story of all time that was ever told.

purpose as is shown in the miracle of Jesus' birth, that He sent His Son to die on the cross for mankind. Christmas is sharing with others the joy of giving, as it is more blessed to give than to receive.

Gifts were exchanged with music was played, each receiving the gift that was in their hands when the music stopped.

An offering for Lottie Moon Christmas was given for forty

eight missions. The hostesses served delicious spiced punch, cake and bon-bons to the following members and guest Mrs. McFadin. WHY DO YOU ATTEND CHURCH?

In Job 1:9 we find this question, "Doth Job fear God for naught?" This leads us to ask a very similar question, "Will a man serve God for nothing? Do we serve God because He is God or because of what we can get out of it? Sometimes we make the mistake of appealing to people on the basis of what the church can do for them. We say we can offer you better advantages, etc. When we do this we not only make a mistake, we are departing from the teachings of Christ. Christ never made His appeal on the basis of "I can offer you more." Surely there are many advantages to following Christ and to belonging to His church, but this is not the basis of His appeal. Jesus said, "Take up your CROSS, and follow me." Jesus said "In this world you will have persecution." Our Lord said "I will make you fishers of men." His appeal to the woman at the well was not what He could do for her but what she could do in His service and

He said to her, "Give me to drink." We need to come back to the true meaning of the church. Remember this, **THE CHURCH DOES NOT EXIST TO SERVE YOU AND ME, BUT TO GIVE YOU AND ME A PLACE TO SERVE GOD.** This is why the true church still exists. Do you attend church to be served or to serve? We at South Side Baptist believe that you should seek the place where God would have you **SERVE.** In other words, "Where can I serve God best?" When we find that place we have found God's will.

There are three very fine Southern Baptist Churches in Haskell. If you are a Southern Baptist or if you are not yet a member of any church, we invite you to make one of these your church home. We at South side especially invite you to our church. There you will find a place to serve God.

"Thoughts Along the Way"

By MIKE CAMPBELL
Notice where the owner of a chain of restaurants in Old

Mexico was shot and killed recently. After his death twelve widows with 21 children showed up to share in his property. Apparently the man was trying to emulate the record set by the late Brigham Young. At least he was making good

progress toward that end at the time of his demise.

The best way to discourage listeners to your conversation is the excessive use of the personal pronoun "I."

If you haven't noticed it, Haskell has about as an efficient and courteous post office staff of employees as you'll find anywhere.

Many folks in the audience applaud a grand opera aria, because they recognized the number, rather than they enjoyed it.

Two Indians stood watching water skiing for the first time, when one asked: "Why man in boat run so fast?" The other Indian replied: "Man on string chase him."

It is said that marriage is a great institution, however, the fellow who coined that expression failed to state that there were many hazards involved along the route.

Money saved for a rainy day won't buy as swanky a raincoat as it used to.

Read where a fellow was fined \$25 for kissing his girl while driving through heavy traffic. Didn't the lady aid and abet him?

Alcohol brings out some queer quirks in some characters. For instance, one Saturday night I saw a fellow reeling along the street with a lit cigar in each corner of his mouth.

Should you be thrown from your car on the highway, watch out for beer bottles and cans as you skid along the shoulder -- you could get hurt.

To avoid the rigors of cold weather this winter, just tune in on the TV commercial where just one cigarette of a certain brand will bring "Springtime flowers and beautiful green trees."

Holidays take their toll in injuries and deaths. Of course, they boost the hospitals' and undertakers' business.

As I was walking to town the other morning, a little black dog (man's best friend) joined me. I used every means that I knew to discourage his company. He stayed on my heels until I arrived in front of the Texas Cafe. The dog viewed the flowing highway traffic for several moments, and the pregarious little canine then trotted away to whence he came.

The fire, which originated in the Clark Grocery, was discovered by Robert Monse, who lived in the back of his cafe about 12:00 that night, but the buildings were too far gone to save anything, although the Rule Fire Dept. did all they could. The building owned by Stamford Cotton Oil Co. in which some Latin-Americans were living, which joined the cafe, was saved.

Thanksgiving

The community joins in expressing our sympathy to the daughters of Mr. Henry Kretchmer who died Sunday. We have always been grateful to the Kretchmers for their fine children who have contributed much to our community. We have three of their children, Mrs. Lem Ivy, Mrs. Albert Bittner and Mrs. Clement Dunsing. Mr. Kretchmer had four grandchildren who are students in our school, and Mrs. Irvin Overton is his niece. Coach Pat Morrison's girls basketball team lost their second game at the Dyess Air Base Tournament. They beat Wylie and then were beaten by Baird. Paulette Fischer was chosen all-tournament forward.

Paul Fischer came home for two days last week, but had to return to the hospital Friday afternoon. He is better and should be back home in a day or two. He is recuperating from stomach surgery.

The Scouts of Troop 48 enjoyed a hike and cook-out at the Lennis Jones Ranch near Rule Saturday. Scoutmasters Roy Wiseman and Gene Overton took them. Scouts making the trip were Danny Isbell, Bob Earles, Derrel Davis, Randy Wiseman, Gary Felker, James Wall, Charles Andress, Joe David Thompson, Mike Wright, Terry Lowry, Kenneth Felker, Johnny Josselet, Quincy LeFevre, David Allen and Steve Smethie.

Mrs. Allen Overton spent the weekend in Wichita visiting her brother, Mr. Delmon Bailey and his family. She helped them move into their new home.

The Eagle Patrol of Troop 48 had an overnight camp-out in the Gene Overton pasture at their Patrol hut. Boys camping out were: J. F. Cadenhead, James Redding, Gary Lytle, Roland Brand and Wayne Cadenhead.

In the Junior basketball tournament at Weibert this past weekend our boys' team brought home the 2nd place trophy. The girls lost their first game. Mr. Van Morrison is their coach.

Haskell, Paint Creek, Carney Schools To Participate in Betty Crocker Search

A senior high school girl from this community may well be among those who will share in \$110,000 in college scholarships being offered again this year in the ninth annual Betty Crocker Search for the American Homemaker of Tomorrow. Schools in this area which will participate in the program and where the test will be given are: Haskell High School, Paint Creek High School and Carney High School, O'Brien.

In past years, winners have come from every type of community—large, small, medium and rural—and from all types of schools, public, private and parochial. Sponsor of the program is General Mills.

The test, prepared by Science Associates, Chicago, to emphasize the importance of homemaking as a career, is the determining factor in selecting local and state winners. Personal observation and interviews are added factors in selecting national winners.

The 1963 All-American Homemaker of Tomorrow and three runners-up will be named in the spring at the culmination of an expense-paid educational tour of New York City, Washington, D. C., and Colonial Williamsburg for winners from the 50 states and the District of Columbia and their advisors. Scholarships range from \$1,500 for each State Homemaker of Tomorrow and \$500 for each state runner-up to \$5,000, \$4,000, \$3,000 and \$2,000, respectively, for top national winners. A complete set of Encyclopaedia Britannica is awarded the

Fire Destroys 3 Buildings At Sagerton

Damage caused by an early-morning fire at Sagerton last Thursday which destroyed adjoining brick veneer grocery and cafe buildings has been estimated between \$10,000 and \$12,000.

Destroyed were the Clark Grocery, with loss estimated between \$5,000 and \$6,000, and the Monse Cafe, estimated at about the same.

Three fire fighting units from Rule and Stamford battled the blaze and prevented its spreading to an adjoining Latin-American workers' barracks.

Sagerton has no fire department of its own. The trucks began battling the blaze about 1 a. m., about one hour after the fire was reported.

The grocery store had been operated by Joe Clark about a year. Robert Monse, whose living quarters were in the rear of the cafe, had operated the business about five years, taking over from his brother, Fred Monse of Abilene, who had operated it about 15 years.

Monse said Thursday he planned to rebuild. No statement was available from Clark.

Is It True?

Trials, temptations and disappointments are all helps instead of hindrances. They are the indispensable materials for building strong character.

Insufficient Samples Classed During Week Ending Dec. 7 at USDA Office

Insufficient samples were classed during the week ending December 7 to give a summary on grades and staples, according to A. D. Peebles in charge of the U.S.D.A. Cotton Classing Office in Munday, Texas.

Market activity was about normal with Middling Light Spot 15/16 averaging 30.56, Middling Light Spot 31/32, 30.85; Strict Low Middling Light Spot 15/16, 29.33; Strict Low Middling Light Spot 31/32, 29.84.

Farmers lose money each year as a result of "special conditioned" bales of cotton. Most of these special condition bales that create problems in classing and marketing can either be avoided or corrected.

As the name implies, a "special condition" bale is different from an ordinary bale and requires special attention. They may be Repacked, False Packed, Water-Packed, Small "plates" and numerous other conditions.

Repacked cotton is common throughout the harvest season. "Repacks" are a result of combining two or more remnants or small bales regardless of whether they belong to the same farmer or whether they may be of the same quality.

Water-Packed and False Packed bales are not too common as they can usually be prevented. Water-Packed bales
