The newly revived Miss Snyder Scholarship Pageant, with 11 contestants vying for the opportunity to advance to the Miss Texas Pageant in Fort Worth in July, will be staged here Saturday in Worsham Auditorium.

An approximate two-hour show is promised, set to begin at 7 p.m. In addition to the talents of the 11 competitors, the local audience will be entertained by two reigning beauty queens, who will be the special guests of the pageant.

Appearing here will be Teresa Rodriguez, the reigning Miss

Mexico who competed at the Miss America Pageant in September; and Lori Bloodworth, the reigning Miss West Texas named last August.

Both will offer songs during the breaks in the three-event beauty contest. The 11 competitors will appear on stage in the swimsuit competition, the talent competition and, in the finale, the evening gown competition.

The talent portion of the contest will be divided into two segments. Those performing during the first half will be:

—Chiva McKinley, 19, a freshman student now attending WTC. She graduated from Coronado High School in Lubbock last spring and has returned to Snyder, where she was born. Her talent will be a vocal presentation.

—Natalie Elliston of Fort Worth, a 21-year-old sophomore attending Tarrant County Junior College. At the contest, she will perform a jazz dance.

—Kristy Ann Kitchens, 21, of Lubbock, who is currently enrolled as a sophomore at Texas Tech

University. Her talent category will be singing.

—Becky Bynum, 18, a senior at Snyder High School. She will play the piano Saturday.

—Shauna Moody, 18, a senior this year at Permian High School in Odessa. Singing will be her talent.

Following an intermission, contestants in the talent competition will be:

—Michele Anderson, 18, a Snyder High School senior. She will play a piano selection.

—Rhonda Jo Horn, a 20-year-

old sophomore coed at Texas A&M University originally from Seymour. She will sing as her talent.

—Deanne Hood, 20, a 1987 graduate of Snyder High School now attending Angelo State University. Her entry will be a jazz-style dance.

—Diane Gregory, 21, a 1986 graduate of Colorado High School who attended Western Texas College and now lives in Snyder. She will sing at the competition.

## Third guard class scheduled at WTC before unit opens

College officials here have learned that a third correctional officer training class can be offered locally in time for the opening of TDC's Daniel Unit at the end of June.

Graduates of the 120-hour program will be eligible for employment with TDC and would graduate from the program at

approximately the same time as the opening of the prison.

Applications for the third class will be accepted beginning March 27, the first Monday after spring break at Western Texas College.

Because of the constricted time frame, the signup period will be relatively brief with all applica-

tions due by April 7.

Interviews of class applicants will take place on campus on April 25. TDC will then notify those qualifying to report May 3 for registration and a fingerprinting process. The first day of class will be May 4.

Those enrolled will take 120 See CLASS, Page 11

## Scurry unemployment figured at 8.8 percent

Scurry County's unemployment rate for January is figured at 8.8 percent by the Texas Employment Commission.

This estimates 8,237 individuals employed here with another 798 "actively seeking employment" through the TEC. These two figures are combined to equal the county work force

now estimated at 9,035 persons.

In addition to the local estimates, figures were provided for four other neighboring counties served through the TEC regional office in Sweetwater. These figures include:

—Nolan County: unemployment figured at 8.3 percent with a

work force of 7,884 comprised of 7,227 persons employed and 657 seeking employment.

## Snyder, WTC begin annual spring hiatus

Classes were to dismiss at 2:45 p.m. Friday for Snyder school students as they begin their annual spring break.

Classes were to dismiss at Western Texas College at 1 p.m. The dorm will be closed during the break and will not reopen until Sunday, March 26.

Making the best of a trying situation was underscored in an article by Marshall Day in the Seminole Sentinel. Q. — When was the last beauty contest held in Snyder?

A. — The Snyder Jaycees sponsored a Miss Snyder Pageant from 1960-63. The winners of those events were Sherene Gladson, Lady Falls, Jackie McNabb—who married during her reign and relinquished the crown to Betty Morgan—and Robyn Beaver.

In Brief

Cheney ok'd

WASHINGTON (AP) — The Senate today confirmed Rep. Dick Cheney as defense secretary, 92-0, one week after President Bush selected the six-term Wyoming congressman to replace rejected nominee John Tower.

The ratification procedure ended a nearly two-month Senate struggle over the Pentagon post that was marked by a bitter, partisan debate over the selection of Tower and quick consideration of Cheney.

On March 9, the Senate rejected Tower by a 53-47 vote largely along party lines and handed Bush a major defeat in his first high-stakes clash with Congress.

Halt on hold

WASHINGTON (AP) — The Treasury Department blocked a decision to ban the import of additional kinds of semiautomatic weapons after the National Rifle Association objected, a published report says.

The Bureau of Alcohol, Tobacco and Firearms had intended on Thursday to announce a ban to supplement an import ban announced two days earlier on such better-known weapons as the Uzi and AK-47. The Washington Post reported today.

## New plan may raise LD rates

WASHINGTON (AP) — The Federal Communications Commission's decision to change the way American Telephone & Telegraph Co. sets its prices is likely to mean increased long-distance rates for the first time in four years, critics of the new plan say.

The commission's 3-0 vote on Thursday to allow AT&T to set prices based on an inflation-linked index will reverse the steep decline in long-distance rates that has taken place since the breakup of the old Bell system in 1984, the critics said.

The FCC claims the new method will save ratepayers some \$900 million over four years.

"I fear that the days of real long-distance price reductions for the average residential caller may be over," said Rep. Edward J. Markey, D-Mass., who added that he would co-sponsor legislation requiring close monitoring of the new plan to "cap" AT&T's rates.

Markey, who is chairman of the House Energy and Commerce subcommittee on telecommunications and finance, said the FCC's plan "does not contain sufficient consumer safeguards to ensure that residential telephone customers will fairly share in rate reductions which should result from new telephone technologies."

Since the mid-1960s AT&T has been allowed to earn a set percentage profit above its costs — currently 12.2 percent. Under this so-called rate-of-return regulation AT&T's long-distance rates have dropped 38 percent since 1984.

Much of that decrease has resulted from higher prices consumers have been paying to connect to local telephone networks. With consumers paying more, long-distance companies have paid less to the local telephone networks, and the FCC has forced AT&T to pass those savings along to its long-distance customers.

The new price caps plan, which goes into effect July 1, will allow AT&T to raise rates to three percentage points less than the rate of inflation in each of its three categories of service: residential and small business; 800 calls; and other business services, mainly for large customers.

If the inflation rate were 4 percent, AT&T could raise rates in each of the three categories or "baskets" by 1 percent — which the FCC calls the price cap index.

Within that residential-small business basket, prices may go up or down for the six individual services in that basket — daytime calling; evening; weekend and night; international; Reach Out America; and operator assistance and credit card calling — as long as the average increase for the basket of services does not exceed 1%.

### Trinity planning March revival

Trinity United Methodist Church will have a revival Sunday through Thursday of next week. Dr. William J. Abraham will be the guest evangelist.

The revival kicks off Sunday morning during the regular worship service. A reception and evening service will follow at 6 p.m. that day.

On Monday and Tuesday, breakfast services will be conducted at 6:30 a.m. and evening services will begin at 7:30 p.m. A women's group meeting will begin at 1:30 a.m.

On Wednesday, a breakfast service is slated for 6:30 a.m. and a supper that evening hosted by Wednesday Home Ministries will begin at 6:30 p.m. with worship services to follow at 7:30 p.m.

On Thursday, breakfast services will begin at 6:30 p.m.

**Your Birthday**

March 18, 1989

You are likely to have a very strong sense of independence in the year ahead, yet you will be capable of working in close harmony with others. These gifts will be major contributors to your success.

**PISCES (Feb. 20-March 20)** Make it a point to try to treat co-workers as friends and equals today instead of merely people with whom you labor. They'll be keenly attuned to the difference and resentful of variations. Know where to look for romance and you'll find it. The Astro-Graph Matchmaker instantly reveals which signs are romantically perfect for you. Mail \$2 to Matchmaker, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428.

**ARIES (March 21-April 19)** In critical matters that could reflect upon your image today don't let your emotions and feelings overrule your logic and common sense. If you do, you might not look good to others.

**TAURUS (April 20-May 20)** Try not to get your mate involved in something today that includes people who make your mate feel uncomfortable. It could put a damper on the event.

**GEMINI (May 21-June 20)** Guard against tendencies today to take yourself and life too seriously. Look on the bright side and start counting your blessings, and you'll see you have a lot to cheer about.

**CANCER (June 21-July 22)** Try to determine in advance how much you should spend today if you plan to go out on the town with others. Unless you have a definite figure in mind, you might make a big dent in your wallet.

**LEO (July 23-Aug. 22)** In order to complete all you hope to accomplish today, you will have to be methodical and orderly. Don't even attempt to do two things simultaneously.

**VIRGO (Aug. 23-Sept. 22)** At a social gathering today don't attempt to classify or catalog people you meet for the first time. Your initial impressions could be way off the mark.

**LIBRA (Sept. 23-Oct. 23)** Financial involvements must be handled with prudence and caution today, because if you do make an error in judgment, it could be quite expensive and offset anything you've gained.

**SCORPIO (Oct. 24-Nov. 22)** Even though you will have good intentions today, you might do things in ways that companions will find offensive. Try to govern your behavior so that you do not ruffle anyone's feathers.

**SAGITTARIUS (Nov. 23-Dec. 21)** Any serious complications you experience today could be of your own doing. In situations where others control events, all should go more smoothly.

**CAPRICORN (Dec. 22-Jan. 19)** If at all possible, try to steer clear of business involvements with friends today. This is a critical area and there's a chance neither you nor your pals will handle things properly.

**AQUARIUS (Jan. 20-Feb. 19)** In any matters that are meaningful to you materially today, it's best you heed your own counsel instead of following the suggestions of others. Your judgment is apt to be better.

They are Janet Susan Musick, daughter of Mr. and Mrs. Austin Peay Leavell Jr. of Snyder and Maury Neal Gruben, son of Mr. and Mrs. Alvin Glen Gruben of Rotan.

Musick received a master of family therapy degree and Gruben received a bachelor of business administration degree in accounting.

## Wind ceremony planned in Post

POST—On Wednesday, March 22, Post will host the "Sunrise Wind Ceremony" which is the translation from the Comanche Indians for "Taba'na Uyan'e". This ancient custom was used by the Comanche Indians to predict good or bad conditions for the coming year. They later taught the early settlers this custom.

Once again Chief Frank Runkies will be performing the ceremony with the assistance of Ken LeBlanc.

This Indian ceremony will begin at 6:15 a.m. at the Post City Park, followed by a full catered breakfast.

The Algerita Art Center will be open following the ceremony for an open house and reception, open to the public. Indian pictures and sculptures will be on display Wednesday until 5 p.m. The art center will also be hosting a reception Sunday, March 19, from 1 p.m. to 5 p.m. The exhibit will run from Monday through Wednesday, 9 a.m. to 5 p.m.

Admission to the ceremony and art exhibit is free, but the breakfast will cost \$3.

## Adams awaits Dallas hearing

DALLAS (AP)—Randall Dale Adams, featured in the movie "The Thin Blue Line" and whose murder conviction was overturned two weeks ago, is awaiting a bond hearing in Dallas following his transfer from state prison.

Adams, convicted in the 1976 slaying of Dallas police officer Robert Wood, was moved from the Texas Department of Corrections in Walker County Thursday to the Dallas County jail system, said Jim Ewell, public information officer for the Dallas County Sheriff's Department.

"He stays in our system until the court acts — probably a bond hearing," Ewell said.

Adams' guilt was questioned in the Errol Morris documentary movie "The Thin Blue Line" and later by state District Judge Larry Baraka, who recommended Adams receive a new trial or be set free.

After a hearing in December, Baraka ruled that Adams did not receive a fair trial in 1977 because witnesses lied and the prosecutor suppressed evidence.

On March 1, the Texas Court of Criminals Appeals overturned Adams' conviction. That came just days after a three-member panel of the Texas Board of Pardons and Parole denied Adams' latest parole request.

The appeals court ordered Adams transferred from state prison to the custody of the Dallas County sheriff, where he would be eligible for release on bond, said his attorney, Randy Schaffer.

Kim Smith, deputy clerk for Baraka's Criminal District Court No. 2, said the court will not schedule a bond hearing until it receives the appellate court's mandate in the case. Ms. Smith said she had no word on when that might be.

## Knowing what is needed

By James Jacoby

No doubt North should have been pleased that he had four-card support for his partner's second suit and should have simply passed, hoping the part-score would make. Instead he invited game in diamonds. Who can blame South for going on to five?

After leading the spade ace, West switched to the club nine. Declarer let that ride around to his queen. Then, to get to dummy for the diamond finesse, South played a club to dummy's jack. East ruffed and played the spade queen. Declarer salvaged what he could by ruffing with the diamond queen and playing ace and another trump. That was still down one. Could declarer have done better?

Of course it seemed unlikely that West was leading from the club king when he played the nine. But declarer's only chance is for the club king to be with West and the diamond king with East. Therefore, instead of playing low from dummy, declarer should insert the club jack. That will hold the trick. With the lead in dummy, South can take the diamond finesse, cash the diamond ace and then go about his business in the other suits, easily making 11 tricks. The point of the deal is that declarer does not need three club tricks since his A-K-Q of hearts will take care of one club loser in dummy. But it is important that declarer be in dummy as soon as possible to take the diamond finesse — hence the play of the club jack.

# 'New Irish' search for jobs

HOBOKEN, N.J. (AP) — Bob Michael threw back another shot of Jameson's whiskey, wiped the excess from his stubby chin with the back of his hand and gazed at the rest of the "illegals" crowded into the Shannon Lounge.

Michael, a 40-year-old carpenter from County Waterford in the Republic of Ireland, was too busy working today to partake in the St. Patrick's Day festivities a 10-minute train-ride away in New York City.

"The Irish are workers," Michael said. "That's all we want to do — work and have a few drinks at the end of the day."

But Michael is an illegal alien, one of the "new Irish" who hit U.S. shores every year and never leave, even when their visas expire.

The Irish government last year reported that high taxes and 17 percent unemployment had prompted an exodus of as many as 30,000 residents a year.

"That's the one reason all the way down the line," said the Rev. Michael Walsh, pastor of Holy Angels Church in Trenton and a native of Ireland's County Clare.

"Many parts of Ireland have had over 20 percent unemployment. The Irish economy bottomed out

1½ years ago." The number of illegal Irish in the United States is estimated at 150,000, with about half of them living on the East Coast.

The Irish Immigration Reform Movement, an advocacy group for undocumented Irish, estimates that 15,000 illegal Irish came here just last year, setting mainly around New York and Boston.

"Most of them are enjoying themselves," said Pat Sloyan, president of the New Jersey chapter of the Irish advocacy group. "It's not that they're having a hard time. Some of them

are buying new houses and trucks. But it's the uncertainty of it."

In barroom talk, most say they make good wages, but add that they have to pay their bills in cash and are afraid to return home because the trip out of the United States could be one way.

"Obviously I would love to take a trip home and see the folks, but there's a fear," Michael said. "I got a phone call tonight for a \$12,000 job. But do I give up that opportunity for folks and family? No, I don't."

So many of them continue working "off the books," as domestics or in hotels and motels. Others find jobs in construction and are attracted to the northeastern United States because of the availability of work for skilled labor.

Michael arrived here two years ago, quickly found a job and has been working since.

William Tillman, deputy director of the U.S. Immigration and Naturalization Service's Newark office, said that compared with the roster of illegal immigrants in New Jersey, the Irish are a small problem.

Of the 31,000 people granted immigrant visas in New Jersey in 1987, only 274 were Irish, he said.

And in Boston, where the population of illegal Irish immigrants is estimated at 15,000 to 25,000 people, about 4,700 of the 10,000 visas issued since 1986 went to people from Ireland.

### Broadway producer wants to preserve Loy's statue

LOS ANGELES (AP) — A Broadway producer wants to help preserve a statue of actress Myrna Loy that has been repeatedly damaged by vandals.

Charles Suissman, who is producing the upcoming Broadway musical "Nick and Nora," heard of sculptor William Van Orden's efforts to restore the statue after it was again damaged last month and offered to pay for a security system.

Miss Loy posed for the Venus statue outside Venice High School in the 1920s when she was an art student named Myrna

Williams. Since then, it's been hit by vandals about a dozen times, including one attack in 1978 in which the head was blown off by dynamite.

Van Orden, 66, has made it a personal crusade to restore the statue each time, but he fears he may not be able to fix it this time because he is suffering from cancer.

When Suissman learned of the statue's condition, he sent Van Orden a donation.

Miss Loy, 83, lives in New York.

## DR. GOTT PETER GOTT, M.D.

By Peter H. Gott, M.D.

**DEAR DR. GOTT:** I'm so confused about all I read on estrogen replacement therapy. If estrogen helps protect younger women from heart attacks, but causes tumors when given long-term post-menopausally, what's a woman supposed to do?

**DEAR READER:** A woman can best be advised by her gynecologist. Like any medicine, female hormone (estrogen) plays an important role in treating certain conditions, but should be used under medical supervision.

I am not aware of any studies showing that supplemental estrogen protects women against heart attacks; however, natural estrogen appears to play a role in slowing aging of the heart. Pre-menopausal women have a lower incidence of heart disease than age-matched men; after the onset of menopause, the rates become similar.

In general, estrogen is useful in the treatment of menopausal symptoms (fatigue, hot flashes, moodiness and painful intercourse) and to prevent excessive loss of bone calcium (osteoporosis) in older women. Low-dose estrogen is not associated with a high risk of uterine cancer, provided it is administered in conjunction with progestin, another female hormone. The dosage and schedule of the hormones can be adjusted by the doctor to suit a woman's individual needs.

Ask your gynecologist to answer specific questions about your particular circumstance.

For more information, I am send-

ing you a copy of my Health Report "Menopause." Other readers who would like a copy should send \$1 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

**DEAR DR. GOTT:** I got a rash from my boyfriend. My doctor says it's generalized pruritis. It's moved from his groin to his back and stomach and is all over me. What do you think it is?

**DEAR READER:** I don't know. Several possibilities, including scabies (rash caused by the itch mite) and skin infection, should be considered. The term "pruritis" simply means "itchy"; it is not a diagnosis.

See a dermatologist for clarification, and ask your boyfriend to do the same.

**DEAR DR. GOTT:** I'm 29. Since I was a child I've always caught colds. My sinuses are constantly draining. I have terrible breath and had earaches until I had my tonsils out. Who do I see about this?

**DEAR READER:** Some healthy people seem to be particularly susceptible to frequent upper respiratory infections. This may be due to allergies (that can weaken tissue resistance), underlying chronic infection (that can predispose patients to acute infection) and unusually frequent exposure to infection, as occurs in health-care workers and schoolteachers.

I suggest that you seek advice from an ear-nose-and-throat specialist, who will examine your upper respiratory tract and sinuses to identify factors (such as inflammation, blockage or polyps) that may be contributing to your problem. In addition, this specialist can refer you to an allergist, if indicated.

Remember that smoking is a major element in making people susceptible to respiratory infections. Therefore, if you smoke, I urge you to stop.

## This Irishman's Eyes Smile On Everything That's Green

By Abigail Van Buren  
© 1989 by Universal Press Syndicate

**DEAR ABBY:** I am enclosing a copy of a well-worn clipping that I've carried in my wallet for 15 or 20 years. I could be the person described here. It fits me to a "T." I'm Irish and buy everything in green that I can — even my office furniture!

Please print that letter again. The Irish will love it.

R. E. MEVERS,  
CHARLESTON, S.C.

about our relationship, he wouldn't go through with it.

I've already told him that if he doesn't withdraw, I will make myself available for dates with other men. He still insists he must honor his commitment.

What do you say, Abby? Should I let him go to the highest bidder, or should I dump Prince Charming?

BACHELORETTE NO. 2

**DEAR MR. MEVERS:** I saved your letter for St. Patrick's Day:

**DEAR ABBY:** In the book of etiquette it says that all personal notes should be written in either dark blue or black ink. Well, how about a professional Irishman who uses nothing but green ink?

This man is so proud of the fact that he is Irish that he never lets anybody forget it for a minute. His house is painted green. He drives a green car, and has cute little shamrock designs on everything from his business stationery to his mailbox.

Don't you think someone ought to tell that Jolly Green Giant that using green ink for correspondence is not considered good etiquette, in case he doesn't know better? Sign me ...

KNOWS BETTER

**DEAR KNOWS BETTER:** I'm sure it wouldn't faze him, but you can bet your shillelagh he's gained more by being a professional Irishman than he's lost.

**DEAR ABBY:** I am a 32-year-old, soon-to-be-divorced career woman. I've been dating a very attractive eligible bachelor for almost a year now. I'm very much in love with him, but he's uncertain about his feelings for me. (He did take me home for Christmas to meet his family.)

Although we have an understanding that we date only each other, he has volunteered his services for a local charity — and that's why I'm writing. This organization has an event called "Bid for Bachelors" — the idea being that women bid for a date with the bachelor of their choice.

Naturally, I am very hurt by my boyfriend's involvement. He's told me that he committed to this charity several months ago, and now it's too late to back out. My feeling is that if he really cared

### Fred Astaire's widow files lawsuit

LOS ANGELES (AP) — Fred Astaire's widow has filed a \$10 million libel lawsuit against Globe International magazine for allegedly describing her as a reclusive, greedy slob.

The magazine's Jan. 31 editions featured an article titled "Fred Astaire's Widow Is Living In A Dump" citing sources identified only as an "insider" and a "pal," according to the lawsuit filed in Superior Court on Thursday.

The article said Robyn Astaire is bitter about not inheriting Astaire's full estate, that she has let the couple's home fall into disrepair and that friend's have abandoned her, the lawsuit said.

The story also said Mrs.

Astaire's home isn't cleaned regularly and that its cupboards are bare, the lawsuit said.

Globe International officials couldn't immediately be reached for comment.

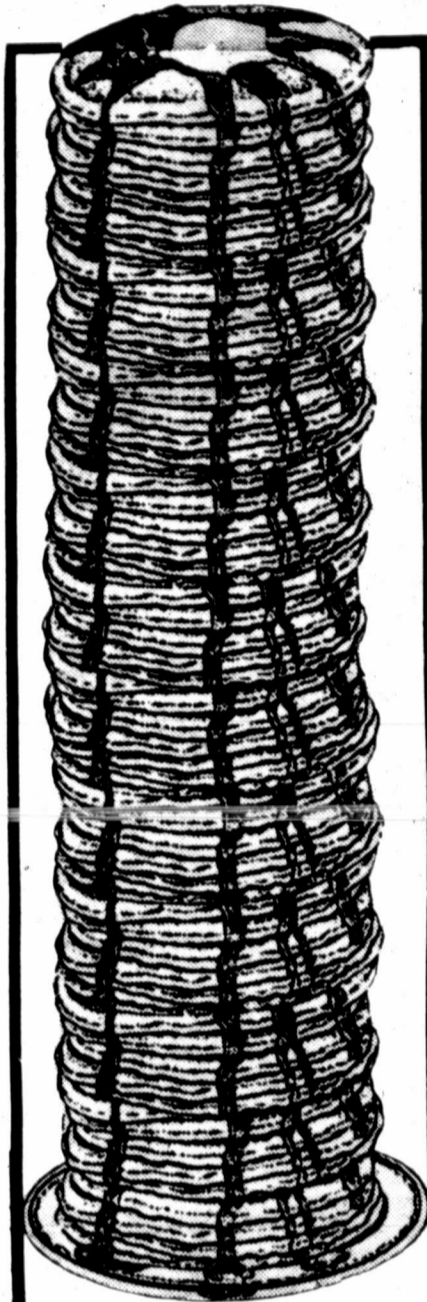

### March 15 was historic day for U. S. veterans

March 15 was a historic day for the nation's 27 million veterans, E. H. (Dan) Dever, Jr., Scurry County Veterans Service Officer, said this week.

It marked the transition of the Veterans Administration to the Department of Veterans Affairs and elevates the VA to the president's Cabinet.

"In making this change, Congress and the president recognized that veterans and their families constitute a third of our population and deserve representation at the highest level of government," Stephen Lemons, VA director, stated. "Veterans are served by the nation's largest hospital system. Veterans buying homes through VA's guaranteed home loan program are a major economic force in the national real estate, home building and mortgage lending industries. Veterans are a major force in the financing of higher education through participation in GI Bill education assistance programs."

# Dusters nudged by Florida

By **BILL McCLELLAN**  
SDN Sports Editor  
**TYLER**—Western Texas College had its championship hopes dashed in a 78-74 loss to second-ranked Florida College here Thursday, but Coach Kelly Chadwick had only praise for the

injury-riddled Lady Dusters. "These kids are winners already. They won the region and were conference co-champs and they are one of the best eight teams in the nation. They are winners," said Chadwick. Thursday's loss put the

Dusters against Hilbert College of Hamburg, N. Y. at 2 p.m. Friday as the tournament continues. A win would give the Dusters a shot at fifth place on Saturday. Here Thursday, Western stayed close to the Lady Stars despite playing without 5-10

freshman starter Valery Jackson and with Julie Roewe nursing a sore knee.

Chadwick credited Florida for taking advantage of the situation. "I thought Florida played really well. They took away what we do best," said Chadwick, referring to WTC's inside game. "They doubled us on the post and gave us the outside shot. With Valery in there, they wouldn't have been able to do that."

Jackson was replaced in the lineup by Bobbie Brown, freshman from Jayton, and by Tabitha Walton, who is essentially a post player. Walton had 10 points in the game and Brown scored 15—including a trio of 3-point baskets in the waning moments. Jackson's quickness and court-awariness were missing, however.

Florida concentrated on stopping Allen, WTC's all-conference, all-region sophomore, who had 42 points in the win over Blinn. The 5-11 Amarillo native scored 18 for the afternoon. Tami Wilson scored 14 and Roewe added 11.

Florida, now 30-1, was led by 6-0 wing Demetra Adams. The highly-recruited sophomore scored 33 points—including a dozen from 3-point range.

"We could not guard Adams. I don't know if anyone can. She's a great player," said Chadwick.

Jeanette Polk, a 6-2 freshman, scored 14 while Maria Teal notched 12 and Annette Lorentzen, a 6-2 sophomore, added 10.

Florida led by as many as 13 points in the game and was ahead 67-56 before Brown nailed two of her 3-pointers. Adams countered for Florida, but Brown knocked another one in response. She was fouled on the shot and made the free throw to put WTC within four points with 3:01 left.

Sixteen seconds later, point-guard Stacy Smith fouled out. When Chadwick protested the call, he was slapped with a technical. Adams made two of the four charity shots (two for the foul and two for the technical). She then bagged a 3-pointer after Florida inbounded the ball to give the Stars a 75-66 lead.

Western battled back again. Allen scored the next six points—including a 3-pointer—to put WTC in striking range. With 35 seconds left, she was whistled for a foul and Florida's Lisa Mathews went to the line. Mathews hit her first shot but missed the second, and Allen rebounded. A 3-point attempt by Roewe missed, however, and WTC was never able to get off another shot.

"I thought the kids played as hard as they could play," said Chadwick whose Dusters are now 27-9.

"I really in truly felt like that might have been the championship game. I might be wrong, but I think that might have been it."

CANYON REEF—Snyder's Tiger Stadium will be filled with young athletes Saturday at SHS hosts the annual Canyon Reef Relays. Preliminary events start at 9 a.m. Among those participating will be senior Holly Fuller who last weekend placed fifth in the 100-meter hurdles at Denver City. (SDN Staff Photo)

## Canyon Reef Relays start 9 a.m. Saturday

Snyder's annual Canyon Reef Relays Saturday will draw athletes from some of the best track and field programs in West Texas, with preliminaries in running events and field events to open at 9 a.m. at Tiger Stadium.

Coaches Patty Grimmett and Joe Granato said participants from schools ranging in classification from 2A to 5A will take part, with the bulk of athletes from 4A schools, the classification in which Snyder High School competes.

Schools in the boys' division of the meet will include Sweetwater, Big Spring, Andrews, Lubbock Christian High and Lubbock High. Also entered is 3-A Slaton.

The Midland Lee Rebels' ninth grade team will participate in the junior varsity division, he noted.

Girls' 4-A schools will be Sweetwater, Berger and Big Spring, along with Lubbock Christian. From Class 5-A will be Midland Lee, Midland High, Abilene Cooper, Abilene High, Odessa High and San Angelo Central.

Granato said Lubbock Estacado and several other schools that are well known for their track and field athletes would have competed here this weekend except for commitments to other meets that are being held on the same weekend.

## Net play continues

The Snyder High School varsity and junior varsity tennis teams are hosting the Snyder Invitational Tournament today and Saturday.

In addition to the two SHS squads coached by Charlie Chrane, other teams entered are from Plainview, Andrews, Sweetwater, San Angelo Lakeview, Abilene High JV, Abilene Cooper JV and Colorado City.

## Golfers open 4-4A play

Snyder golf teams open District 4-4A competition this Saturday. Coach Mackey Greene's boys will play in Fort Stockton while the girls, under the direction of Penny Perry, vie in Pecos.

Both 18-hole tournaments are set for 9:30 a.m. starts. Making up the boys varsity squad are Jay Parker, Ron Baker, Shane Wade, Brian Bowler and Kenny Gambrell. Playing as individuals will be Shawn Hays and Curry Koenig.

## Tigers top Ponies in diamond tourney

The host Snyder Tigers, behind the three-hit pitching of senior Bert Otto, captured a 5-3 victory over the Sweetwater Mustangs Thursday in the opening round of the Snyder baseball tournament.

In other first-round action, Brownfield pounded Lamesa 13-3 while Brownwood edged Levelland, 4-3. In the nightcap, Canyon shutout Pecos, 2-0.

The tournament was to continue Friday at 11 a.m. with Lamesa squaring off against Sweetwater in the consolation bracket. At noon, Snyder was to face Vernon, a team that drew a first-round bye.

Other games Friday included a 2 p.m. tilt between Levelland and Pecos and a 4:30 p.m. game between Brownwood and Canyon. The 7 p.m. game Friday would put the winners of the Lamesa-Sweetwater and Levelland-Pecos contests.

On Saturday, action begins at 11 a.m. The tournament's consolation game will be played at 3 p.m. and the championship battle

is set for 5 p.m. at Moffett Field. Otto went the route for the Tigers, giving up only three hits while walking three and fanning nine.

Sweetwater struck first with a run in the first inning, but Snyder countered with two runs as designated hitter Toby Goodwin advanced on an error and scored when Willie Garcia slugged a triple and Garcia then scored on an third-baseman's error.

Snyder picked up another run in the fourth inning when Tommy Lane singled and then scored on a single by Bert Otto.

In the fifth, Jason West started the inning with a double and a single by Garcia drove in West. The Tigers picked up an insurance run in the bottom of the sixth when Simon Gutierrez drew a free pass and then scored on another double by West.

Snyder bats collected a total of eight hits—three of them by West, two doubles and a single. Garcia had a double and single while single-base hits were contributed by Lane, Otto and Tracy Odom.

## Richardson's Hogs run past Marymont

INDIANAPOLIS—Former WTC Coach Nolan Richardson, who led the Westerners to a NJCAA national finals championship and Tulsa University to a NIT crown, overcame a major hurdle Thursday in the opening round of the NCAA Midwest Regional Tournament.

The Arkansas Razorbacks, champions of the Southwest Conference, ran to a 120-101 victory over Loyola Marymount, the nation's highest-scoring team this season.

"We played in the 25th century today, but I am glad to be back down in the 20th," said Richardson whose team topped the Midwest record for points (119) set by Houston in 1971. "I wouldn't want to play this way every night. I wouldn't have every night. They put us through the ringer."

The Razorbacks, 26-6 for the season, will play a more conventional Louisville, 23-8, at 1:20 Saturday in the second round. The Cardinals defeated Arkansas-Little Rock, 76-71, in the first-round game Thursday.

Both teams were dragging by game's end which was played at

the Hoosier Dome. Some 37,232 fans watched in amazement as there were 73 free throws, 179 shots and 119 rebounds. Richardson said a 15-point lead against the Lions was like a two-point lead against anyone else.

"I thought we were going to beat them with 1:30 left and down by 14 points," Lions coach Paul Westhead said. "A dozen points is nothing for us. I thought we were in good shape at that point."

Arkansas, however, outscored Marymont, 7-2, during the last 1:30. The Lions averaged 112.5 points and broke the NCAA record of 110.5 held by Nevada-Las Vegas since 1976.

Arkansas center Mario Credit scored a career-high 34 points, and he had 24 of them in the first half and the Hogs held a 68-53 advantage at halftime.

The Texas Longhorns are making their first trip to the NCAA tournament in a decade, and the 11th-seeded SWC representative are a five-point underdog to No. 6 seed Georgia Tech, 20-11, in Friday night's first-round game in the NCAA Midwest Tournament to be played at Reunion Arena in Dallas.

## 6-under sets pace at Tucson Open

TUCSON, Ariz. (AP)—Martha Nause says the 6-under-par 66 that gave her the lead after the first round of the \$300,000 LPGA Tucson Open was one of her better rounds.

"Emotionally, this is one of the best rounds I've played in years," she said. "I missed my share of shots, but I recovered well."

Nause, who consults with sports psychologist Chuck Hogan for consistency, said she had shot a 65 competitively, but felt her play Thursday at Randolph North was her "steadiest" round ever.

# Decision favors Christian group

BROWNSVILLE, Texas (AP) — A Christian group cannot be stopped by the town of South Padre Island from distributing literature on beaches during spring break, according to a federal judge's ruling.

U.S. District Judge Filemon Vela advised the town Thursday that handing out religious literature is protected by the Constitution and that "the public beaches are a public forum."

Outreach ministers had sued the resort town after a South Padre Island official sent the ministers a letter advising that distribution of tracts would violate an anti-soliciting ordinance.

Kevin Pitt of Brownsville, Jerry Davis of Conroe and Davis' Street Reach Ministries filed the federal suit here Tuesday. The suit was prompted by a letter they received from town Public Works Director Gary Becher.

The public works director wrote in the Feb. 3 letter to Pitt, "I interpret preaching the word of God as soliciting and therefore falls under these ordinances."

Town attorney Paul Cunningham said town officials agreed Thursday to leave the ministry alone as long as it did not solicit funds on the beaches.

Attorney Jay Sekulow, representing the Christian group,

said, "It's unfortunate that it did have to come to court, because frankly all that was involved was the distribution of free religious literature and sharing Jesus on the beaches of South Padre Island."

Sekulow, with the Atlanta-based Christian Advocates Serving Evangelism, added, "Certainly we had to go to court because of the letters that were sent by the city themselves. Now, fortunately justice prevailed here and the right to proclaim Jesus on the streets of South Padre Island is going to be fully protected by law, as Mr. Cunningham has now said."

Sekulow was assisted by attorneys from New Hope, Ky.-based Free Speech Advocates and Brownsville attorney Ron Armstrong.

The ministry had sought a temporary restraining order and injunctions against the town, but Judge Vela said such measures were not necessary after South Padre Island agreed not to interfere with the ministry.

"I don't blame them for coming to court in view of the fact that they have received a letter to the effect that the ordinance was going to be enforced," the judge said. "The activities (of the ministry) are protected under the Constitution."

## Gun sales up, dealer reports

By The Associated Press One gun dealer said he could have "sold a trailer load" of semiautomatic assault rifles and others sold the weapons at twice the normal price following a ban on imports and an American company's decision to stop selling them.

"It's hysteria running wild," said Donald G. Davis, owner of Don's Guns, a chain of three stores in Indianapolis. "We could hardly give one away prior to this mass hysteria, and now every other customer that comes in here wants (one)."

Dealers said the run on guns has been limited to the rapid-fire assault weapons, and the buyers are not only gun enthusiasts worried the stock soon would be depleted. Many who bought semiautomatics Thursday were labeled by dealers as investors.

"A lot of guys who don't even know what they are want them as an investment," said Wilhelm Helfrich, owner of Duffy's Sports in Butler, Md. "They're just putting them in their cellar and waiting for the price to rise."

Prices already have tripled in some stores. "My price has gone up from about \$350 to \$1,000 today, and when I sell half of what I have left the price will go to

\$1,500," Davis said. At The Gun Gallery in Dallas, an AK-47 cost \$369 on Monday, \$599 on Tuesday, and \$799 today. "They (customers) don't care how much it costs," said owner Paul Rosenberg.

A semiautomatic rifle fires a round each time the trigger is pressed. The government already bans sale of automatic weapons, which fire bullets as long as the trigger is pressed.

On Wednesday, Colt Industries Inc. of Hartford, Conn., said it was suspending sales to the public of its AR-15, which authorities say is among the semiautomatic weapons used by drug dealers and other criminals. The company said the suspension was a voluntary reaction to the Bush administration's temporary import ban on semiautomatics.

The AR-15 is the civilian version of the military's standard M-16.

The ban came in response to an outcry from law enforcement officers who say they are being outgunned by criminals, particularly drug traffickers, and from doctors and nurses in big-city hospitals who say emergency rooms are resembling war-zone trauma units.

## Workers told to take time off

By The Associated Press million is more than Eastern has ever earned on the shuttle even in its best years."

Strike-decimated Eastern Airlines told many of its remaining workers to take time off without pay, and the chairman of its parent, Texas Air Corp., hinted that selling the airline might be his next step.

Eastern, which once had 30,000 workers, told its 1,500 remaining non-union employees Thursday to work 60 hours without overtime pay some weeks, and take other weeks off without pay, as it sought new ways to cut costs.

"There are not going to be any layoffs right now," said Eastern spokesman James Ashlock. "As we are now stabilized at this schedule of about 110 flights a day, there's not enough work to justify the amount of people on hand."

Eastern does not want to lose the employees because it still hopes to rebuild, Ashlock said. But in an interview scheduled for broadcast tonight, Texas Air Chairman Frank Lorenzo said selling the airline off could be more likely.

"It's possible that the most sensible way for Eastern Airlines to proceed would be for some different types of ownership in some way," Lorenzo told Barbara Walters for ABC's "20-20" show. Citing the planned sale of Eastern's profitable Northeast shuttle to millionaire developer Donald Trump as an example, Lorenzo said the deal would produce more than \$300 million, and "just the interest on that \$300

Also Thursday, Eastern resumed jetliner service between Boston and Washington, but Ashlock had no comment on reports that Eastern was trying to hire new pilots it needs to add other routes.

The company is operating at about 10 percent of its former schedule of 1,040 daily flights. Ashlock said Eastern returned seven direct round-trip flights between Boston and Washington to the schedule Thursday, but "the loads are not heavy. We have a lot of seats."

Before Thursday, Eastern was offering only flights on its shuttle service, between Boston and New York and between New York and Washington, and some flights to Latin America.

Federal regulations restrict pilots from flying more than 30 hours per week, preventing Eastern from returning to other routes without more pilots.

The Eastern pilots union, which estimates that fewer than 200 of 3,600 Eastern pilots have flown since the Machinists strike began, predicted that Eastern's reported search for pilots would be fruitless.

"I know they're out there trying to hire, but I don't know where they would get them," said union spokesman J.B. Stokes.

He said other airlines "are offering better pay, better conditions, certainly better management."

# Crew prepares for Saturday's landing

CAPE CANAVERAL, Fla. (AP) — Discovery's astronauts packed today for the end of their 1.9 million-mile voyage and prepared the shuttle for a fiery plunge toward a dawn landing Saturday on a California desert. Discovery commander Michael L. Coats and pilot John E. Blaha planned to run through a series of tests today to make sure the shuttle's computers and control jets were ready for the return to Earth.

The other astronauts made final runs on a group of experiments and followed a script to shoot the last 4,000 feet of film in a powerful 70mm IMAX camera used principally to study the Earth's environmental trouble spots. Then they were to stow their equipment for the trip home.

Discovery's early bird crew pre-empted the traditional morning music from Mission Control in Houston for a third day in a row.

Tarleton State University and a 1987 graduate of Snyder High School. Her featured talent will be twirling.

Jana McCoy, 21, a native of San Saba now attending Texas A&M University. Her talent presentation will be singing.

There will be five judges for the contest, each with a long association with other beauty competitions in Texas.

The judges will include Jerald McMullin of Fort Worth, a member of the board of trustees for the Miss Texas Scholarship Pageant; David and Pat Austin of Odessa, longtime officials with the Miss West Texas Pageant held in Odessa; Glenda Vaughn of Arlington, an associate with the Miss Texas Pageant; and Tom Edgmon, currently the business manager for Miss West Texas.

Tickets at the door for Saturday's competition will be \$4.

Serving as master of ceremonies will be Chamber Manager Bill Moss.

The winner from the local event will qualify for a \$500 cash scholarship to Western Texas College for the fall and spring semester of 1989. They will also qualify for the Miss Texas Pageant in Fort Worth in July.

Also to be named Saturday will be a first and a second runner-up. Trophies and flowers will be given to these winners.

## Schools plan spring haitus

also plan two Fridays off in April, although it was noted one of these might be used for a bad weather makeup day.

## Third class set at WTC

Continued From Page 1  
hours of instruction with classes meeting on Tuesday and Thursday nights with some sessions on Fridays and Saturdays. Class graduation is slated for June 29.

Four documents are required from applicants, a driver's license, social security card, certified birth certificate—one issued by a state, county or municipal authority—and a copy of a diploma or transcript documenting the highest level of education completed.

The first TDC guard class offered through the college completed its training in mid-December with 26 graduates. Twenty-three of its members are now employed at TDC units south of Houston.

The second guard class is now underway with 37 students enrolled. It is to graduate April 20. Students in this class will also be eligible for employment at the Daniel Unit when it opens since a six month probation period before transfers are allowed has been waived.

For the third class, an enrollment of around 40 is sought.

If this number is reached, correctional officer training classes implemented at WTC since the fall will have trained some 100 potential guards for the local unit.

Once opened, the 1,000-man unit is projected to employ around 180 guards.

A few minutes before they were to be awakened, the astronauts beamed to Earth a tape of "Hi Ho, Hi Ho, It's Off To Work We Go," the work song of the seven dwarfs in the animated movie classic "Snow White."

Mission Control capsule communicator David Low, referring to the seven dwarfs, responded, "We can account for Grumpy, Sleepy, Happy, Sneezy and Doc up there. Who wants to sign up to be Bashful and Dopey."

"I'm not gonna touch that," said Coats with a laugh.

The other Discovery astronauts are James F. Buchli, Robert C. Springer, and Dr. James M. Bagian, a physician.

Early on Saturday, Coats and Blaha will fire two powerful rockets on the back of Discovery to slow the craft and allow it to drop into the Earth's atmosphere. The shuttle will then make a powerless glide halfway around the world and land at 6:36 a.m. at Edwards Air Force Base, Calif., in the Mojave Desert.

The landing will complete a flight of four days, 23 hours and 38 minutes that circled the Earth 79 1/2 times.

If the shuttle lands at the time now scheduled, the mission will have been about 1 1/2 hours shorter than planned. Discovery was launched almost two hours late on Monday, because of weather considerations, and this put the craft in position to land in California one orbit early.

NASA officials said the forecasts call for good weather at Edwards for the shuttle landing.

Discovery will return to Earth with almost three miles of film shot with the IMAX camera. The crew captured views of urban sprawl, of pollution patterns in the oceans, and of vast areas in South America where the tropical rain forest is being cleared and burned.

The camera also photographed floods in Africa, burned areas of the Florida Everglades and western United States, and erupting volcanoes in South America and Southeast Asia.

Film from the IMAX will be edited to create a study of the environmental wounds inflicted on the Earth by industrial man.

# Legion set to honor its 70th anniversary

The American Legion turns 70 this month, and in honor of this occasion, the local chapter will have a special dinner for members and their families at 7 p.m. Friday at the American Legion Hall located at 1802 Avenue R. Commander David Adams urges all members and their families to attend.

Snyder's chapter of the American Legion has been located at its present site since 1975. Other officers include Russell Jones, finance officer and acting adjutant; Dave

Haywood, first vice; Ray Turner, second vice; Bill Mapes, judge advocate; and James E. Wall, Don Baxter, and Ralph Evans, all executive officers.

In 1919, from March 15-17, servicemen of the American Expeditionary Force met in a caucus in Paris and founded the American Legion. Since then the organization has grown to a count of more than 2.8 million men and women who have served their nation during one of the four wars of this century.

# Gas drive-off nets state parole violator

A 23-year-old man who was being sought as a state parole violator was arrested on several charges early Friday after allegedly driving away without paying for gasoline at a northern Snyder truck stop.

Randy Don Cowan of Meridian, in Bosque County in Central Texas, was arrested at 2:51 a.m. on U.S. 84 near Ezell-Key Grain Co.

He was taken into custody by a city policeman who had been alerted at 2:25 a.m. that a man driving a gray 1978 Chrysler had left the Plaza Truck Stop, going

south, without paying for \$12.50 in gasoline.

Cowan was arrested on the misdemeanor theft charge and for driving with his license suspended and having an expired motor vehicle inspection sticker.

The officer also discovered that Cowan was wanted on DWI and DWLS warrants from Somervell County, in north central Texas, and on a "blue" warrant from the State Board of Pardons and Paroles in Austin. Blue warrants are issued for the apprehension and detention of parole violators.

## Anderson's captivity remembered

By The Associated Press

Journalist Terry Anderson, in his fifth year as a prisoner of the politics he once reported, is "tired of being caged like an animal," his sister said.

"Enough is enough. ... This cannot continue," Peggy Say said Thursday at a ceremony in Washington, D.C., attended by members of Congress, Anderson's colleagues and relatives of the hostages in Beirut, Lebanon.

The ceremony marked the four years Anderson, the chief Middle East correspondent for The Associated Press, has been held captive and was one of many observances across the country. The anniversary also included a congressional resolution calling for release of all the hostages and a statement from President Bush

expressing his sympathy.

Anderson, 41, the longest held of the American hostages, was kidnapped March 16, 1985, in Beirut by a group believed to be made up of Shiite Moslem zealots loyal to Iran.

In Washington, the Senate, on a voice vote, said it "condemns all forms of hostage taking for whatever purposes by individuals, groups or governments."

The Bush administration called Anderson's detention a "criminal act which serves no cause."

"The president certainly is concerned about the hostages," said Marlin Fitzwater, Bush's spokesman, who was in Houston with the president.
