

Santa Claus Flies Into Haskell Sat. Dec. 8th

tomorrow, Friday, Nov. 30, at 5:45 p. m., and the following Saturday, Dec. 8. Santa Claus will arrive via helicopter, at 3:00 p. m.

At 5:45 p. m. Friday, Nov. 30, the Christmas lights will be turned on in downtown Haskell, and merchants will unveil their Christmas windows.

Each Saturday on the above dates, \$100 in cash prizes will be given away, divided into three awards—\$50, \$25, and \$15.

Baptist Church To Send Pastor To Japan

RAY NOBLES

The First Baptist Church of Haskell will send Rev. Ray Nobles, pastor, to Japan March 17, 1963, upon the invitation of the Baptist General Convention of Texas.

This is quite an honor to come to Rev. Nobles as he is one of 125 out of 3,500 Baptist ministers in Texas chosen to make the trip.

The Foreign Mission Board has long recognized the fact that Japan constitutes one of the most strategic areas in the world for missionary endeavor.

"This fact was emphasized at the close of the war, the Foreign Mission Board placed Japan on an emergency basis, and sent every available missionary as quickly as possible.

The Board has continued to place strong emphasis on Japan by continuing this "top priority" emphasis through the years.

Although the Board has missionaries in more than 50 countries, they have consistently placed in excess of one million dollars per year in Japan for the total mission enterprise of the Southern Baptist Convention in that country.

There will be in Japan five area revivals with Billy Graham closing each one, except the Tokyo revival which he will open.

Other evangelists for the other services in the areas will be assigned by the Japanese, and will include witnesses from several lands. Dr. Graham has agreed to speak a total of 19 times while he is in Japan.

"This crusade to Japan next year will be the largest attempt at evangelism ever made on a mission field, perhaps in the history of Christian missions," Rev. Nobles said.

In speaking of the crusade, Billy Graham said: "I doubt that there is a greater spiritual need in the world than in modern Japan. After the war, we took away their faith in the emperor; but as yet we have not been able to replace it with another faith. Therefore, there is an emptiness, frustration and vacuum in Japan which is frightening."

Rev. Nobles will be in Japan some five or six weeks during the Japan Evangelistic Campaign.

Goodfellows Will Provide Holiday Cheer for Needy

Lions View Slides Tuesday Noon; Goodfellows Project Underway

Only Short Time Remains to Write Letter to Santa

A number of children have written their letters to Santa Claus to be printed in the special Christmas Edition of The Free Press, and more letters are being received almost every day.

Children who have not written their letters should do so today, to be certain their messages appear in the special edition. Letters must be received by this newspaper not later than Friday, Dec. 14.

That deadline is only two weeks away, so get busy on your letter and mail it today to Santa Claus, in care of The Haskell Free Press, Haskell, Texas.

Jaycees Present Heart Machine To Hospital

The Haskell Jaycees held their regular fourth Tuesday night luncheon this week in the dining room of the Texas Cafe.

Present were 39 Jaycees both men and wives and also Texas State Vice President for Area 2, Bud Gray from Abilene. Also guests were Dr. and Mrs. T. W. Williams and Mr. and Mrs. Hallie Chapman.

At the conclusion of the meeting, President of the Haskell Junior Chamber of Commerce Billie Jack Ray, presented Hallie Chapman Administrator of the County Hospital with a check for \$975.00 to pay for a Defibrillating machine.

This is to be used for anyone who might need it at the hospital.

Dr. Williams explained and showed the machine to the group present. It is a machine to be used both on heart attack victims, drowning victims and surgery patients. Dr. Williams explained this machine is used for stoppage of the heart and will start it to beating again. Also, it will help control irregularities of the heart.

President Ray explained to the group present that this machine was bought and paid for out of proceeds from the Type I and Type II oral polio vaccine which the Jaycees sponsored in Haskell County. These donations came from all over the County, and the Jaycee organization felt that every person who donated to the oral vaccine program had a hand in helping them to be able to present this machine to the hospital.

Eldon Anderson New Owner of Medlin Tire Co.

Announcement was made this week of the change in ownership of the Weaver Medlin Tire Company, 300 South Avenue E, Haskell.

Eldon B. Anderson, former employee of the Weaver Medlin Tire Company in Stamford, for the past 7 years, is the new owner.

Mr. Anderson states he will carry a complete stock of Goodyear and Dayton Tires and solicits the continued patronage of residents of this trade area.

Mr. Anderson has a wife and two daughters, Judith Ann, 16, a sophomore in High School, and JoAnn, 13, 7th grader, who will move his family to Haskell at mid-term.

\$31,000 Highway Project Approved For County

The Texas Highway Commission today approved the expenditure of \$31,000 for highway safety and betterment in Haskell County during 1963, announced District Highway Engineer J. C. Roberts of Abilene.

He said a total of 0.6 highway miles in the county will be involved. The work will be under the supervision of F. N. Shave, Resident Engineer, Hamlin, Texas.

This work is part of the 1963 State Highway Safety and Betterment Program just authorized by the Highway Commission.

District Engineer J. C. Roberts said a total of 10.6 miles in this district would be involved, at a total cost of \$327,000.

The following improvement projects will take place in this county: Highway No. 283, from 2.5 miles north of Rule to 1 mile north (2 sections), approximately 0.6 mile, grading, structures and surfacing.

In addition, \$485,000 was authorized for 237 miles of asphalt seal coats on the various highways over this district.

As they have for a number of years past, Haskell Goodfellows sponsored by the Lions Club, have started work on plans to provide holiday cheer for needy and less fortunate families in our community at Christmastime.

To carry on their program, Goodfellows will need the help of every public-spirited citizen of Haskell, and the cooperation of local organizations and civic clubs as well.

Food and clothing, along with candy, fruits and a few toys where there are children in the families, are the principal items that will go into the Christmas baskets the Goodfellows distribute each year during the holiday season.

The program costs money, more than the Goodfellows have in their treasury. That is why they are asking you to become a Goodfellow by sending in a contribution today.

Donations in any amount should be sent to "Goodfellows, in care of The Free Press, Haskell." All contributions will be acknowledged in the columns of the newspaper unless otherwise requested.

Useful toys may be left at the Fire Station. Individuals, as well as churches, clubs and civic groups are asked to turn in names of all needy and deserving families to the Chamber of Commerce office, Royce Adkins, head of the Goodfellows said.

Information that is needed will be the name and address of the family, number in the family group, whether boys or girls, and their ages.

The following contributions to Goodfellows have been made to date:

Mr. and Mrs. Hallie Chapman \$5.00
Mr. and Mrs. George Neely \$5.00
Dr. and Mrs. J. F. Cadenhead \$5.00
Dr. and Mrs. T. W. Williams \$5.00
Mr. and Mrs. J. M. Crawford \$10.00
Mr. and Mrs. Douglas Finch \$10.00
Mr. and Mrs. Robert Speer \$3.00

Nearly Two Inches Rain Here Monday

A spring-like cloud accompanied by heavy thunder and lightning rolled into this area Monday morning and before the day had ended dumped a total of 1.89 inches, according to weatherman Sam Herren.

The heavy downpour brought to a standstill the harvesting of the country's cotton crop.

Surviving are his wife, two children, Sammy Joe and Kathleen; his mother, Mrs. Roy Self of Rule; two brothers, Roy and Travis Self of Big Spring; Mrs. Alvin Moore of Abilene; Mrs. Eloise Young of Deming; N. M., and Mrs. Ed Wolsch of Sageron.

B&PW Club To Sponsor Home Lighting Contest

The Business and Professional Women's Club will sponsor the Home Lighting Contest in Haskell again this year.

West Texas Utilities Company and B&PW Club will offer attractive first, second and third prizes in four divisions: the best lighted window, the best lighted door, the best lighted tree in yard, the most beautiful and appropriate Christmas scene in the yard.

Lights are to be turned on from six o'clock to nine o'clock each night, starting Dec. 15, and burn through December 25.

Out-of-town judges will judge the entries on Saturday night, Dec. 15. Winners in the different divisions will be notified as soon as possible concerning their entries.

Citizens planning to enter the contest are asked to complete the application form in this paper, and return it to the chairman of the Projects committee, Miss Madalin Hunt, Box 576, Haskell, Texas, not later than noon Dec. 13.

The Business and Professional Women's Club hope the citizens of Haskell will participate in the contest and help to make Haskell a more beautiful and happy city this Christmas season.

Steven Smethie to Receive God and Country Award

Steven Smethie, son of Mr. and Mrs. C. A. Smethie, will be presented the God and Country Award, Sunday morning, Dec. 2, in the Christian Church, The Smethie family who now reside in Wichita Falls, Texas, formerly lived in Haskell seven years.

During the past year and-a-half Steven worked diligently on the many difficult requirements and service projects and completed them shortly before moving to Wichita Falls.

The God and Country Award is the highest a scout can earn and Steven will be the second son of the Smethie's to receive this award. Allen Smethie was presented his award during the past summer.

The many friends of the Smethie's and the general public are invited to attend the morning worship service beginning at 10:45 Sunday, during which time Steven will receive his award.

and Election Is Held Tuesday

Property owners of Haskell will go to Tuesday, Dec. 4, to vote on a special election for the issuance of \$650,000 bonds for water, sewerage and electric improvements and pledging the city's combined water and sanitary sewer systems to the payment thereon.

The issuance of the bonds for water and sewerage improvements and pledging the city's combined water and sanitary sewer systems to the payment thereon.

The City of Haskell from the North Municipal Ward.

of this election will affect the present indebtedness or which the city is obligated, to the Texas Municipal Bond Act.

Jaycees Dec. 1st

Junior Chamber of Commerce will begin selling Christmas trees on or about December 1st at the Darnell Building, Room E.

They have been handling Christmas trees in Haskell for several years and will continue to do so on worthwhile projects.

Year's crop has been harvested by Jaycees, and Christmas trees of any size will be in the same quantity by December 1st.

Planning Wednesday

Friday P-TA meeting will be held Wednesday, 7:30 p. m. in the auditorium, at the elementary school during the program.

Two Car Wreck Near Haskell Injures Six

Mrs. Della H. Barton, 62, of Abilene, injured Saturday night in a head-on collision south of here, remained in fair condition Tuesday in Stamford Memorial Hospital.

Mrs. Barton, of 2925 Orange, suffered fractures of the collar bone, left elbow and ribs, as she was en route to Haskell to visit her mother.

The two-car wreck occurred about 7:45 p. m., nine miles south of Haskell on U. S. 277. Three Odessa residents in the other car were hospitalized, but are in good condition.

They were M. H. Dorsett, 47, the driver; his wife, about 44; and Mrs. Dorsett's mother, Mrs. Ada Atwood, 69, of Vernon.

Two Dorsett children, Betty, 15, and Kenneth 3, were treated and released from the hospital.

The Dorsett family reportedly was enroute from Vernon to Odessa when the accident occurred.

Investigating officers Jesse Priest and Tommy Wood said the Dorsett car was traveling south and Mrs. Barton's vehicle north about three-tenths of a mile south of the intersection of Highway 277 and F-M Road 618 at the time of the mishap.

Both vehicles were demolished.

Cecil Corley Moves Feed and Tire Repair Shop

Announcement was made this week of the change in location of the Cecil Corley Feed and Tire Store.

Mr. Corley, who is also now operating the Shamrock Station, 1000 North Avenue E, has moved his Kimbell Feed Store and Tire Repair Shop to that location.

Mattson High Harvest Festival Slated Friday

The Mattson High School will hold its annual Harvest Festival on Friday night, Nov. 30. Several booths are being planned as well as the crowning of a high school and grade school queen and king.

The entire school extends a cordial invitation to the general public to attend and be a part of the carnival. The class will be serving short orders, chili, etc., in the lunchroom.

Representatives from the different classes are:

1st and 2nd Grades: Glenda Chapman and Joe Kretschmer
3rd and 4th Grades: Rowena Rueffer and Allen Moeller

5th and 6th Grades: Susan Weise and Terry Chapman.
7th and 8th Grades: Susan Hale and Keith Chapman.

Freshman Class: Linda Klose and Jerry Campbell.
Sophomores: Kathy Moeller and Mike O'Keefe.
Juniors: Karen Witenborn and Don Thompson.
Seniors: Shirley Klose and Curtis Darden.

Buford Cox Wins In G. I. Case Mystery Contest

E. J. Stewart, Haskell G. I. Case dealer, announced today that Buford Cox was the local winner in the recently ended G. I. Case Mystery Operator Contest.

Cox was recipient of a 19-inch G. E. Portable T-V awarded by Stewart in conjunction with G. I. Case.

Stewart made 24 demonstrations of Case tractors to area prospects, with Buford Cox winner of the prize. The contest was open to residents all over the United States and Canada through the months of August, September and October.

500 Expected for Haskell-Knox Associational "M" Night Here

choir is composed of members of the various churches in the association.

Inspirational speaker for the evening will be Dr. Otis Strickland, native of Johnson County, Texas. He was reared on a farm where he early learned the natural beauty and unlimited bounty of God.

The Strickland family moved to Fort Worth, where he completed elementary school and began high school at Paschal High School. When called to preach he completed high school at Decatur Baptist College. Then he took his Associate in Arts degree at Decatur Baptist College and graduated from Howard Payne College, Brownwood in 1939, with the A. B. degree. Later this institution conferred upon Dr. Strickland the Doctor of Divinity degree. He also received theological training at Southwestern Baptist Theological Seminary in Fort Worth.

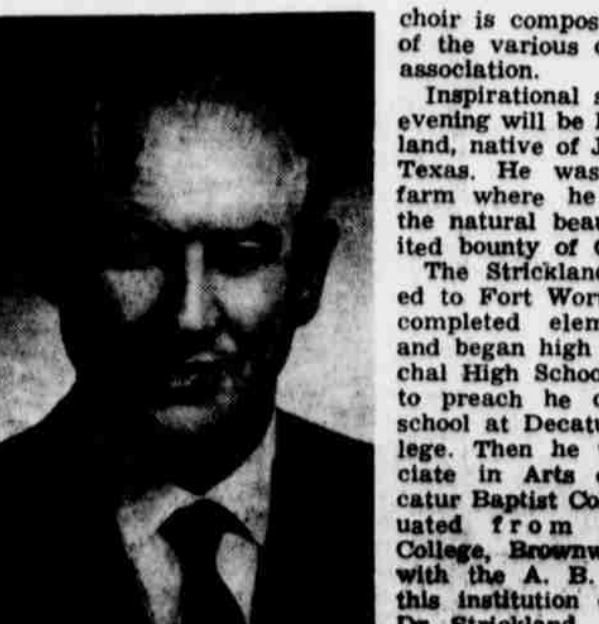

Dr. Strickland pastored a number of churches including the First Baptist churches at Fargo, Crowell and Cisco, and has conducted more than 350 revival meetings. He is an effective evangelist, expository preacher, and personal soul winner.

In 1950 Dr. Strickland became President of Decatur Baptist College and has continued in this position.

The attendance goal for "M" Night is 500.

The Association "M" (Mobilization) Night for the Haskell-Knox Baptist Association will be December 8, meeting with the First Baptist Church, Haskell, at 7:00 p. m. Theme of the program is "Be Ye Witnesses" under the direction of Rev. Ray Nobles, pastor of the First Baptist Church, Haskell, and associational Training Union Director.

The Associational Choir, under direction of Danny L. Boone, will be featured for the first time at "M" Night. This

Tax or Revenue Bonds... Which Should It Be?

Which should they be? What is the difference and who profits most by the improvement? The property owner is the one who profits most by city improvement and the greater his holdings the more he stands to profit. In a tax bond issue each taxpayer pays his share according to his investment and according to what he stands to profit.

A revenue bond is paid for by users of the water and sewer whether they own property or not. An old couple existing only on a pension, the low income bracket people, people who are struggling to maintain a decent standard of living because of low income, will pay just as much on a revenue bond as the wealthiest property owner in the city if they use as much of the water or sewer. Yet they stand to receive no benefit from increased property values.

Certainly it would be to the interest of every property owner to do all civic improvement by revenue bonds if it were possible. But is it fair to the less fortunate to demand of them the same toll as is taken from the big property owner who certainly benefit more than just the service he uses?

Successful Merchandising

Writing in the magazine Successful Grocer, John W. King observes that in every community there are retailers who have lifted themselves above the mere existence level, and these are the ones who are "leading the way in better advertising... Advertising has two jobs to do...sell merchandise and sell the store."

Mr. King's article is devoted to grocery super-market operations in a competitive system, but the points he emphasizes apply with equal force to just about every kind of store, and just about everything sold at retail to the general public. Consumers have widely varied wants and ideas—and price is just one of the elements that determine their judgments.

"Selling the store" through advertising is certainly a basic goal in any successful merchandising operation. It means creating—and justifying—faith in the integrity of the merchant. It means honest claims and representations. And it means keeping the name in question constantly before existing and potential customers.

Another thing the good merchant does is to make his full contribution, in all ways, to the welfare and development of his community. He does that in his own interest, if for no higher reason. It used to be charged that the national chains had no interest in the communities in which they operated except to take money out of them. This quickly proved baseless—for a chain outlet, like any other kind of retail outlet, can prosper and progress only as the community prospers and progresses. Merchandising, chain or non-chain, is a purely local business. Each store must compete locally, and meet the particular wants of local people, and chains have done that to a remarkable degree.

Haskell County History

Nov. 19, 1943
The Rev. Kenneth Copeland, minister of the First Christian Church in this city for the past three years, was returned to the local church for his fourth year by the Northwest Methodist Conference.

Assessor-Collector J. B. Gipson resigned from his office following his induction into the U. S. Army.

The Selective Service Board re-classified a number of registrants this week, with the following listed as eligible for military service and placed in class 1-A: William R. Shaver, Grady Hughes, Kenneth W. Eaton, L. B. McLellan, Roy Clay Brock, John W. Foster, Rufus C. McKee, Carol C. Bledsoe, James Wiseman, Ira D. Robinson and Willie Erwin.

A 3-act Negro Minstrel "Harlem in Haskell," written and directed by Wanda Dulaney and sponsored by the Girl Scouts was presented at the High School auditorium on Tuesday night.

Four Haskell men who were inducted into the Armed Service left for Lubbock, where they will go to a Naval Training Station. In the group were R. A. Coburn, Buster Viney, Johnie Camp and Buford Cathey.

Mr. and Mrs. F. T. Sanders had in their home over the weekend, Major and Mrs. Hugh Wallace Sanders and son, Wallace Jr. of Boston, Mass.

Aviation Cadet Quinton E. Bailey has completed his basic flight training in Independence, Kansas, and has been sent to Ellington Field, Houston, for advanced training. He is the son of Mr. and Mrs. Virgil Bailey.

Cpl. Robert C. Cobb of this city recently arrived in Ireland, and in a recent letter to Haskell relatives, wrote that the country was very beautiful, but lots of rain and fog. He is the son of Mr. and Mrs. Vaughn Cobb, and his wife is the former Annie Bess Gilliam of this city.

30 Years Ago—Nov. 24, 1913
To represent the Haskell Harmony Club at the Convention of the First District, Texas Federation of Music Clubs, Mrs. Carl Powers, Mrs. E. M. Whiteaker and Mrs. J. A. Shriver leave tomorrow for Bowie.

Jas. A. Lindsey, agent for the department of commerce bureau of census, reports 39,669 bales of cotton ginned in Haskell County from the 1932 crop, prior to Nov. 1st as compared to 26,881 bales on the same date last year.

Mr. and Mrs. Jno. E. Robertson of Houston are here visiting with their daughter, Mr. and Mrs. Barton Welsh and son and Mr. and Mrs. French Robertson.

Byron Frierson was elected treasurer and Cecil Reeves was elected Farm Watchdog at a meeting of the Future Farmers of America in Abilene Saturday, Nov. 12.

Mr. and Mrs. Joy Bagwell are entertaining a new girl at their house.

Mrs. M. M. Nolliner of this city celebrated her 72nd birthday and had the pleasure of having all her children and grandchildren with her for a dinner.

Classified: Wanted, girl to keep baby. Will pay \$1.50 per week.

Classified: Shampoo and set, 30c.

60 Years Ago—Nov. 22, 1902
Commissioner Ousley of the Northeast corner, says there is a good deal of wheat sown in his section and it is the finest he ever saw at this time.

Mr. C. K. Jones arrived home Sunday from New Mexico where he has been for several months.

Dr. J. E. Lindsey came in from Abilene Thursday night.

The County Judge was authorized to have the well on the public square cleaned and dirt banked around it.

It is very suggestive of the literary taste and culture of the ladies of Haskell that a considerable number of them have organized a magazine club, with the following officers: Mrs. F. R. Leonard, president; Mrs. William E. Sherrill, vice president; Miss Ellen Isbell, recording secretary; Mrs. W. C. Young, corresponding secretary.

On the first program, Nov. 29, were Miss Lillie Rike, Mrs. Bert Brockman, Miss Maude Isbell, Mrs. F. R. Leonard and Mrs. H. R. Jones.

The Rev. R. S. Helzer was appointed pastor of the Methodist Church and the Rev. G. A. Nance was placed on the Haskell mission by the N. W. T. Methodist Conference.

Dr. E. E. Gilbert went on a business trip to Fort Worth this week.

Messrs. J. E. and F. C. Wilfong and F. M. Draper and their families went on a peccan hunt several days this week.

Judge O. E. Ontee left yesterday morning for Livingston, Polk County, to attend court.

Rev. W. C. Young will occupy his pulpit at the First Presbyterian Church morning and night of the fifth Sunday in this month.

Mr. Jack Redwine of the north part of the County brought in and disposed of a wagonload of fine turnips and sweet potatoes. The turnips were extra fine, some of them measuring 6 to 7 inches in diameter. He said the seed was sown on Sept. 3rd.

Prof. L. T. Cunningham has bought Mr. Bert Brockman's residence on the east side. Now what?

"Thoughts Along the Way"
By MIKE CAMPBELL
If you should notice the worn strip in our carpet between the couch and TV, it's just where the viewers run to and fro to cut off the commercials.

In this day and time very few people believe in ghosts, however, quite a few still go for spirits—the 86-proof variety, that is.

Not so funny on a cold day—a neighbor woman holding a door open and talking for 15 minutes because she "hasn't time to come in."

One employee to another: "You can't say that I'm always a yes man, for when the boss says no, I say no."

Somehow when I see Mitch in "Sing Along with Mitch," I can't help but think of the Cuban situation.

Three elderly ladies, inmates of a mental institution, sat talking, when one of the

LETTERS... To The Editor

Dear Editor:
Water users should vote AGAINST revenue bonds.

Before our last city election, someone opposing the state of candidates who were elected, mailed to the voters a sheet stating that a water revenue bond in the amount now proposed by our City Council would cost an average of \$52.03 per year for each of the 1400 water meters now in use in Haskell. This was based on a bond issue drawing 4 1/2% interest and not the 5% issue to be voted upon in the election of Dec. 4.

Being a poor man myself, I have always taken the side of any question that was beneficial to the poor people of our town. That is why I take a stand against a bond issue that must be paid from the sale of a necessary item like water. I do not favor making people who are completely dependent upon the town to furnish them water pay for the cost of government. The town as a whole will benefit from a good water supply, but the greatest benefit will be gained by the big out-of-town property owners, the big businesses such as the gas company, the railroad and the utilities company, and they will not have to pay any more than the poorest family in our town. In fact, the out-of-town property owner will not have to pay one penny. But the little filling station operator, laundry operator or other small businessman will be compelled to pay more than \$100.00 a year if he has more than one water bill to pay. The barber shops and beauty shops and small cafe operators will have to pay for two water bills. This is unfair to the water users of our

town. I think that all property owners should pay in accordance with their investment in the town, because their income is derived according to their investment. The people with the larger investment get the greater income. Therefore they should pay a greater amount of the cost of government.

It is unfair to require an old person or couple, or a large family that is having to struggle to make ends meet from month to month, pay as much as the bank or any other big business with an income of several thousand dollars per month. That is exactly what will occur when water revenue bonds are voted.

It is time for the little property owners to band together in this election and vote against any water revenue bond issue. We already have a program for financing the water situation in Haskell, and the cost will be allocated in a more equitable manner under the plan, even though many of our small property owners have been unable to see it. Believe me, it will cost the old age pensioner and other little property owner a lot less under that plan than it will under the revenue bond plan advocated by our city council.

Many of the big property owners are fighting the so-called Miller Creek Plan, and they have told the old people and poorer people of our town that it will ruin them. They just can't stand the idea of paying their fair share. They want the benefits of good water, but they want to put the burden of paying for it on the backs of their less fortunate neighbors. They are loud to

women slapped her knee, and exclaimed: "You know What? I wish a great, big handsome man would grab me up and take me out of here." The second lady turned to the third, and said: "We're going to lose Sarah, she's beginning to talk sense."

A poet once said: "Flowers for the living and tears for the dead." However, in these modern times, too often the flowers and praise don't come until after he has passed on.

In the government's invasion of Mississippi, it cost the taxpayers \$1-Million, over one lone Negro. Neither major political party is as much concerned over the welfare of the Negro as they are interested in his vote.

I always get a thrill out of finding a dime in my pocket that I didn't know I had.

proclaim their goodwill for the old age, the widows and unfortunate, and then they have the unmitigated gall to stand up and boldly ask them to cut their own throats so that they, the people with thousands of dollars worth of property, won't have to pay any taxes.

I don't think that the little people are going to do it this time. They are going to vote AGAINST this revenue bond on Dec. 4th.

—A Taxpayer of Haskell

"SPACE ROCKET" COMING
 Taystee Bread's promotion "Spaceship"—X-5 Rocket—will make its first appearance Friday and Saturday at Haskell Retail Grocery stores. The Taystee "X-5" Rocket will carry a crew of 15 youngsters on an exciting 3½ minute trip to outer-space. The ride will be FREE. When the children are seated in the Rocket and the door closed, a film sound trick starts by introducing the Pilot. The film explains the route of the ship and all important features of the trip. The landing shows the re-entry into the earth's atmosphere. Upon completion of the trip each youngster will receive a Taystee "X-5 Rocket Astro-naut" Card.

BASKETBALL NEWS

WEINERT WINS
 The Haskell girls were downed by Weinert in a basketball game by the score of 48-40. Leading Haskell in scoring was Carolyn Fischer with 17 points followed by Eva Bartley and Jennabeth Pitman, both with 8 points. Weinert was led by Linda Adams with 27 points followed by Dorothy Raynes with 16 points.
 Haskell will meet Olney in Haskell Dec. 4, 6:30 p. m.

BOP BENJAMIN
 The Haskell "A" girls opened their season with a bang on Benjamin "A" by downing the latter in a basketball game, 46-28. Haskell, hitting 40 percent of their shots from the floor the first half, was leading 30-12 and was never threatened. Led by forwards Carolyn Fischer with 13 points and Eva Bartley with 13. Closely behind these girls was Jennabeth Pitman with 12 points. The guards, doing an outstanding job, held Benjamin to only five baskets the entire ball game.
 High girls for Benjamin were Doris Petty with 21, followed

by Gayle Draker with 6.
"B" GIRLS WIN
 The Haskell "B" girls won

BUY YOUR CHRISTMAS TREES FROM HASKELL JAYCEES
 And Help Promote Worthwhile Community Projects

- Jaycees will begin selling Christmas Trees on or about December 1.
- Located at the John Darnell Building, 300 South Avenue E.
- Trees range from 2 and 3 feet tall to 10 and 12 feet tall.

The beautiful Christmas Trees will be in the same price range to be found anywhere—but when you buy from the Jaycees you are helping the community — as all money raised from this project will be used locally for the betterment of the community.

WHEN YOU THINK OF CHRISTMAS TREES THINK OF HASKELL JAYCEES!

Should Haskell Vote \$650,000 Bonds to Be Paid by WATER USERS Only?

IT IS AN UNFAIR BURDEN ON WATER USERS... IT IS A WASTE OF PUBLIC FUNDS PAID BY WATER USERS FOR A NECESSITY AND VOTED UPON THEM BY THE TAXPAYERS.

The City of Haskell is proposing to vote \$650,000 for the purpose of providing Lake Stamford water. It is our understanding that the \$650,000 would be amortized over a 40-year period at an interest rate of 5% per annum and paid by the water users.

The first consideration on this proposition is whether there is a sufficient yield from Lake Stamford to cover the period of the bonds—40 years.

Yeats & Decker in May 1961 made a study for the City of Haskell which states that there will be sufficient water for all users to 1980. This would be by the time facilities were completed—about 17 years. Shortly after 1980 Haskell would be faced with the problem of being cut off from Stamford Lake. It seems highly doubtful that the City of Stamford would enter into any contract which would shorten the life of their water supply.

The City Council minutes of the City of Stamford will show that Haskell has not approached them on this proposition in over two years.

To amortize \$650,000 in 17 years would require a payment of about \$100,000 per year or if the bonds are voted for 35 or 40 years Haskell would be paying for this issue for 18 or 20 years after the water is exhausted.

It would appear to prudent people that the City of Haskell would be well advised to take this \$650,000 and apply it to a water supply project that would meet their long range needs. A 15 or 16 year water supply may appear to some to be rather short sighted. And it would be better to own your supply than to be in the position of a tenant for 40 years.

WATER USERS INTERESTED IN A FAIR DEAL FOR EVERYBODY

NEWS OF INTEREST TO WOMEN

Killingsworth Family Reunion Held Thanksgiving Day at Lake Brownwood

As in previous years, the Killingsworth family traveled from far and near to Lake Brownwood for a family reunion on Thanksgiving Day. From California and Alabama and Oklahoma came relatives to join the Texas members in a Reunion which was filled with joy and sorrow.

The youngest member, Julie Price, ventured up from San Antonio and kept the group lively. While Hobeeppe, whose canine origin began in Iraq, arrived from Oklahoma City with her master, Jimmy Isbell.

Much chatter took place, as many of the family meet but once a year. Floyd Killingsworth of Ranger provided films of previous reunions. This past and present was shared and a day of joy and thanksgiving was achieved.

Missing from the group were three family members who passed away during the year.

Rev. Douglas Finch Speaks At B&PW Meet

The B & P W Club met Nov. 13 in the community room of the Haskell National Bank for a program on "Peoples of the World."

Clara Beard, club president, presided over the short business session. Mrs. S. Hassen, chairman of the world affairs committee, introduced Rev. Douglas Finch, minister of the Presbyterian Church, as guest speaker.

Rev. Finch brought an interesting and thoughtful message on "Communication is Essential to Understanding."

During the social hour, Mrs. Hassen and Mrs. R. C. Couch Sr. showed their collection of dolls representing the various countries.

The projects committee served refreshments to members and three guests, Mr and Mrs. Douglas Finch and Mrs. R. C. Couch Sr.

Bean-Smith Wedding Vows Exchanged Sat.

Miss Patricia Elaine Bean, daughter of Mr. and Mrs. E. A. Bean of Lueders, was united in holy matrimony to Mr. Fenton Smith, son of Mr. and Mrs. W. D. Smith, of Avoca, on Saturday, Nov. 24, at 7:00 p. m. in a candlelight ceremony at the First Baptist Church at Lueders.

The double ring ceremony was performed by the pastor, Rev. Lewis Markwood, before a Roman arc of palm leaves flanked by white candles and white mums. Miss Anne McLennan, pianist, accompanied Mr. Rudolph Smith, uncle of the bridegroom, who sang "Because" and "Wither Thou Goest." Given in marriage by her father, the bride wore a gown of white velvet designed with a scalloped neckline encrusted with pearls and long sleeves. The fitted bodice accented the full skirt. From her tiara of pearl and sequins flowed a finger-tip veil of net bordered with Chantilly lace. She carried a Bible and a red rose. Maid of Honor was Linda Bean, sister of the bride, and bridesmaid was Mrs. Don Hager, sister of the bridegroom. Debbie Smith was flower girl. All wore identical dresses of red embroidered taffeta.

Best man was Howard Stevenson of Azle. Wayne Smith, brother of the bridegroom, was groomsmen. Don Hager of Fort Stockton was usher. Kent Boulding acted as ring bearer. Stacey Bean, brother of the bride, and Spencer Patty, were the candlelighters.

The reception was held in the Fellowship Hall of the church. Assisting in the receiving line were Mr. and Mrs. Ellis A. Bean, parents of the bride, and Mr. and Mrs. W. D. Smith, parents of the bridegroom.

For traveling the bride chose a red two-piece dress with black accessories. The bride is a graduate of Lueders High School and Hendrick's Medical Record Technician School. The bridegroom is a graduate of Stamford High School and attended John Tarleton College. The couple will reside in Abilene.

Out-of-town guests were present from Midland, Lubbock, Haskell, Avoca, Stamford, Abilene, Seagraves, Waco, Denton and Denver, Colo.

Charlie Conner Homemakers Club Speaker Recently

Charlie Conner spoke to members of the Young Homemakers Club Tuesday, Nov. 20, on the "Shapes of Shrubs." Every member had a copy of the names of shrubs and their shapes, and after the meeting Mr. Conner answered various questions asked by the group.

The next meeting will be Dec. 11 at which time Mrs. Clovis Winchester will demonstrate gift wrapping and bow making.

Every young homemaker is invited to attend.

Mattson Honor Roll Students Are Named

A list of honor roll students was released this week from Mattson school as follows:

Second Grade: Ricky Piemister, Hal Guess, Judith Moeller, Glenda Chapman.

Third Grade: Doris Wootan, Manena Rueffer, Sue Hager.

Fourth Grade: Caron Guess, Rowena Rueffer, Eddie Stewart.

Fifth Grade: Glenn Rueffer, Terry Chapman, Linda Brueggeman, Deborah Grogan, Debbie Campbell.

Sixth Grade: Kathy Hager, Susan Weise.

Eighth Grade: Keith Chapman.

Freshmen: Roger Leonard, Galen Peiser.

Sophomores: David Smith, Dennis Opitz, Dewane Grogan, Juniors: Karen Wittenborn.

Seniors: Shirley Klose and Yvonne Moeller.

Son-in-Law of Mr. and Mrs. I. N. Simmons Is Keeter Award Winner

Frank Junell, of Lubbock, son-in-law of Mr. and Mrs. I. N. Simmons, of Haskell, received the coveted John J. Keeter Jr. Memorial Award recently.

Junell is married to the former Maxine Simmons of Haskell, a 1937 graduate of H-SU. The couple has three children, Janice 23, Robert 15, and Dan 6.

Following is the complete story carried in the Abilene Reporter:

It wasn't planned that way, but Hardin-Simmons University's John J. Keeter, Jr. Memorial Award was presented "in absentia" Saturday.

It went to Frank Junell of Lubbock, just a few seconds after Junell had left the annual alumni luncheon which highlighted H-SU's 1962 Homecoming program.

Junell had to leave the program early, in fact just about the time Alvin Woody was to make the surprise presentation. By the time Woody had completed his introduction and announced the name of the winner, the recipient had vanished.

So Woody, a Ranger resident and last year's winner, presented the trophy to Junell's sister, Mrs. Worth Baugh of Abilene. Junell also Saturday was elected president for 1963-64 of the ex-students association.

Mr. and Mrs. John J. Keeter of Throckmorton award the honor annually in memory of their son, who was killed in World War II. This was the 20th annual presentation.

Junell was cited not only for his long service to Hardin-Simmons University, but also for his contributions in his own fields of endeavor, including banking, radio and television broadcasting, and education.

Mrs. Johnson Hostess To Rainbow Club

Mrs. Eddie Johnson was hostess to the Rainbow Sewing Club Tuesday, November 20. The home was decorated with pot flowers.

The president, Zada Smith, called the meeting to order, and Sallie Patterson led the group in singing, "Let Me Call You Sweetheart."

Reports from committees were given and cards sent to the sick. Sallie Patterson, won honors for most sewing. Flossie Rogers sponsored the reception by leading the group in various games.

Annie Thomson gave a reading, "Thanksgiving," and Ethel Edwards read a poem, "The Pilgrim's Thanksgiving." A skit was played by Sallie and Stella. "Ma and Pa Landed in the U. S. A.", followed by the group singing "God Bless America." Each member gave a memory of Thanksgiving in childhood days.

Mrs. Johnson gave this thought for the day: "Gossip Needn't Be False to Be Evil—There's a Lot of Truth that Shouldn't be Passed Around."

Annie Pearl Lusk drew the hostess gift.

Refreshments were served to Mmes. Sallie Patterson, Zada Smith, Essie Bland, Flossie Rogers, Eva Pearsey, Annie Pearl Lusk, Annie Thomas, Stella Josselit, Florence Lained, Ann Taylor, Cora Pitman, Ethel Edwards, Eddie Johnson.

The meeting was closed with singing "Willing Workers."

Next meeting will be held on December 4, with Mrs. Stella Josselit, hostess.

Students Bring Program On Citizenship

Five students of Mrs. Porter's History III class brought the panel discussion to the regular Junior High P-TA meeting in November on "Citizenship and Freedom of the Press."

Mrs. Fred Brown, President, Junior High P-TA, brought the meeting to order, and Mrs. Roy Wiseman, program chairman, presented the panel: Barry O'Neal, Martin Rueffer, Judy Segoe, Sue Long, and Bassett Owens. A discussion was enjoyed on the recent election and the part the newspapers of our land play in their support or non-support of a candidate.

Mrs. Roy O'Neal gave a report of the art exhibit recently presented by the Junior High group. Tommy Jones won the prize for having sold the most art tickets for the exhibit.

In December the P-TA will

First Baptist Church Youth Hold Rodeo

The youth of the First Baptist Church had a Western Day last Saturday at Rice Springs Rodeo Grounds, and there were approximately 25 who attended. At the close of the events there was a wiener roast, singing and personal testimonies around the campfire.

The events were as follows: Boot race, horsemanship, calf roping, calf scramble, Tim Everett and Jerre Sue Couch placed first in the boot race. No one placed in calf roping. Mike Felker placed first in older boys' calf scramble and Riley Couch placed first in younger boys' calf scramble. Riley Couch placed first in Horsemanship, and won the grand prize for the most points won.

First Baptist Church Launches Financial Program

For weeks the finance committee of the First Baptist Church has been meeting and planning the annual campaign. The budget for the year 1962-'63 is \$70,425.16. This amount requires \$1,345.33 per week. Some of the highlights of this year's budget are the \$24,432.76 for Missions; \$9,620.00 allocated for building and equipment; \$1200.00 for Christian Education, etc.

A Pastor's Study

By DOUGLAS B. FINCH

Pastor, First Presbyterian Church Haskell, Texas

heart, your happiness, and your duty."

Presbyterians teach no peculiar theology, though we may emphasize certain truths more than other churches do. We are often asked to defend predestination as if it were some distinctive teaching, but it is a view which all churches hold. Without a view of predestination, there would be no religion. It means that God is sovereign. He rules... and because of this fact our lives have meaning, purpose, and direction.

The phrase "the sovereignty of God" describes the theological position of our church. We hold that God did not create his universe and then leave it to run by itself. His power and wisdom constantly sustain and control it. Back of this world is not blind chance or crazy luck or unthinking fate, but an all-powerful, all-wise, and all-loving Father. Faith in God's sovereign rule has brought courage and peace to people of the Reformed faith through all ages.

We hold also, that God is sovereign in our redemption. Our "decision" to accept Christ can be nothing more than our acknowledgement that Christ has already accepted us. This is the story of the Cross and the Resurrection. Our blindness to this fact is what sends us to Hell. A Presbyterian fairly well encompasses the scope of his theology when he says: "I believe in God the Father Almighty, maker of heaven and earth, and in Jesus Christ, His only Son, our Lord."

PAINT CREEK... COMMUNITY NEWS

Paint Creekers had one of the most enjoyable programs we have had at the school in a long time Monday night when the Gospelaire sang for us. The program was sponsored by the Future Homemakers of America, and in spite of the bad weather they had a good crowd. The music was wonderful, and we hope they will come back to the community and sing for us again soon. There were many visitors from Haskell, Stamford and Anson.

Paul Fischer underwent abdominal surgery at the Haskell Hospital last Friday and had a portion of his stomach removed. He is doing fine but doesn't need much company for a few days.

Mr. and Mrs. Buddy Brazzel had as Thanksgiving guests her brothers, Mr. and Mrs. Charles Walker and Greg from Burleson, Mr. and Mrs. J. T. Walker and children from Munday and her sisters, Mr. and Mrs. O. C. Hollingsworth and children from O'Brien and Miss Billie Sue Walker from Munday.

William Overton, English teacher in Sam Houston Junior High at Garland spent the Thanksgiving holidays with his parents, Mr. and Mrs. Gene Overton. He and his mother attended the Broadway Theatre production "Mary, Mary" in Abilene Thursday night.

Mrs. Marie Kahout and Raymond spent Thanksgiving in Graham with their son and brother's family, Mr. and Mrs. Theodore Kahout and children. Mr. and Mrs. Furr spent the holidays with their daughter, Mrs. Rolin Baliff, and her family in Wichita Falls.

Mr. and Mrs. Alex McLennan and Alex Allan, had their daughters Mary Lou and Ann home for the holidays, from their studies at North Texas State University at Denton.

Cadet Mike Overton, freshman from Texas A&M, spent the holiday weekend at home with his parents, Mr. and Mrs. Gene Overton.

Also home from Texas A&M were senior Cadet James Griffith who visited his family, Mr. and Mrs. Bill Griffith, Brenda and Linda, and his fiancée, Miss Dorothy Coleman. Mr. and Mrs. Jerry Loe and baby daughter, DeNan from Garland spent the holidays with her parents, Mr. and Mrs. Garland Calloway. Jerry works for the Kraft Food Company in Garland.

Mrs. T. A. Coleman, mother of Ira and J. C. had a good old well come in on her farm last Thursday or Friday. Wasn't that a good Thanksgiving for her? The company is already getting ready to drill an offset well. Mrs. Coleman is 82, and everyone was enjoying seeing her able to wade around in the oil and having such a thrill about the well. They had a hard time getting it under control and it blew over the top six or seven times. What a thrill.

Glenda Walton spent Thanksgiving with her family, Mr. and Mrs. Glen Walton, Larry and Terri. Glenda is a student at Tech.

Mrs. Annie Patti spent the holidays in Oklahoma with her granddaughter's family.

Mr. and Mrs. James Raughton and children from Highland spent the holidays with their parents, Mr. and Mrs. Roy Overton and Mrs. Clarence Raughton.

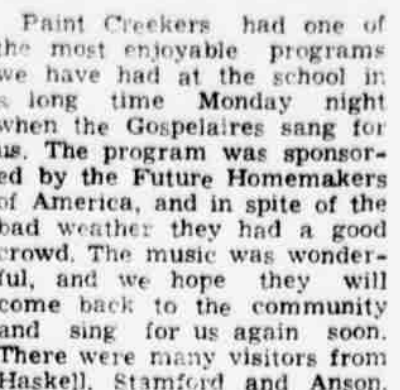

Mr. and Mrs. Sammy Griffith had as guests Thanksgiving their children JoAnn Griffith from Hardin-Simmons University at Abilene, and Mr. and Mrs. Dan Riley Griffith from College Station.

Dub Sims, vocational agriculture teacher in Eastland High School, spent Thanksgiving with his parents, Mr. and Mrs. Frank Sims.

Carolyn Livengood, Paulette Fischer attended the funeral of Carolyn Loop, Stamford senior, who was killed in a pick-up.

Mr. and Mrs. Ernest Cantrell and his family have moved to the green house on the Stamford highway, across the street from the old air port. The children will still come to school here.

Mr. and Mrs. Delmon Bailey and children of Wichita Falls visited his sister and her family, Mr. and Mrs. Allen Overton and children during the Thanksgiving holidays.

Pvt. Dwight D. Stone

Private Stone Completes Four Weeks Training

Camp Pendleton, Calif. (FHTNC)—Marine Private Dwight D. Stone, son of Mr. and Mrs. A. D. Stone of 404 South 12th St., Haskell, Texas, recently completed four weeks of individual combat training with an infantry training regiment at Camp Pendleton, Calif.

The training provides newly enlisted marines with a background of experience in the field under combat conditions. Live-firing exercises are conducted, in addition to field trips and classroom lectures.

Under carefully selected instructors, the young marines learn to take their places in small fighting units, such as the four-man fire team and the 14-man squad.

VISIT IN FORT WORTH

Mr. and Mrs. Willie Baccus and granddaughter, Linda Baccus, spent the holiday weekend in Fort Worth and Arlington with Mr. and Mrs. Duane Baccus and Sherry, also Mr. and Mrs. Richard Baccus and family. Mr. and Mrs. Richard Baccus have a son, Richard Irwin Jr., born Nov. 4. They also have two daughters, Joanna and Cynthia.

VISITS PARENTS THANKSGIVING

Mr. and Mrs. Dwight Maxon of Denton visited in the home of Mrs. Maxon's parents, Mr. and Mrs. Harold Spain through the Thanksgiving holidays. The Maxons reside at Denton, Texas.

DEATH OF A GREAT LADY

The miracle of Eleanor Roosevelt was that this painfully shy, uncertain, timid, plain and unpretentious girl became beloved around the world.

She was, in her own simple words, an "ugly duckling," orphaned at 10, reared by a strict grandmother who instilled in her that passion for self-discipline which was to be her great bulwark and strength.

One wonders what would have become of Eleanor Roosevelt if she had not married her handsome, dashing, debonaire fifth cousin, Franklin Delano Roosevelt, or what would have become of him.

She was just 19. He was 21—a very social young man, vain, cocky, self-assured, somewhat of a snob; fresh out of Groton and Harvard and trailing no discernible clouds of glory as he came.

Eleanor fought a quiet, patient battle with her smothering mother-in-law, a rich and formidable widow who saw in her pampered son everything except the greatness for which he was destined. And Eleanor won.

She watched her husband grow in stature—and promise and saw him cruelly brought down in the prime of life by polio which robbed him not only of his legs, but of his confidence.

Sagerton News

BY MRS. DELBERT LEFEVRE

Peggy Clark, daughter of Mr. and Mrs. Joe Clark, a 4th grade student at Sagerton Grade School, was crowned Queen at the Sagerton Harvest Carnival Tuesday night, Nov. 13. Her escort was Kent LeFevre, son of Mr. and Mrs. Delbert LeFevre. They were crowned by Diane Monse and Rickey Lehmann, 1961 Queen and King.

Ray Clark was the announcer. Princesses and their escorts were: Sandra Henderson, escorted by Calvin Stegemoeller, and Dora Macias, escorted by Sammy Bell.

Flower girls were: Vickie Lynn Hertel and Norva Jane Lehmann, and Gift Bearers were: Sammy Henderson and Johnny Lee Baitz.

Music was furnished by Jana Kule and Paula Pinkard of Ryle High School, accompanied by Janice Hertel.

Nearly \$300 was taken in as net profit at the carnival. Mrs. Joe Clark, president of the PTA, wishes to thank all those who worked so hard to make the carnival a success.

Karen, Bill and Carole Tabor of Fort Worth are visiting their grandmother, Mrs. John L. Brooks, and Beulah Mae Summers while their parents, Mr. and Mrs. Jack Tabor, are deer hunting.

Thanksgiving Day Service will be held Thursday morning at 9:00. Sunday, Nov. 25, has been set aside as the day for the Harvest Festival. A fellowship meal will be served in the church basement on that day at noon.

Mr. and Mrs. C. C. Bredthauer plan to observe their 50th Wedding Anniversary next Saturday, Nov. 24.

Mr. and Mrs. C. E. Stegemoeller visited in Tulsa over the weekend with Mr. and Mrs. Marvin Stegemoeller and children.

Mrs. John Clark went to Midland Saturday to visit with Mr. and Mrs. Leslie Cobb and sons. The Cobbs younger son, Johnny, was recently injured in a fall, but he is getting along better.

Mr. and Mrs. Grayford Moore of Maxwell, Texas, visited in the home of Mrs. John Clark last week and in the homes of her sons and their families.

There has been quite a good bit of illness in the community this week and last. There have been colds, sore throats and flu.

Mr. and Mrs. M. Y. Benton visited with Mr. and Mrs. Bill Marr and family in Haskell on Sunday. Mr. Marr, who was injured when a garden plow went out of control last spring, is still having trouble with his foot. He is Mrs. Benton's brother.

Those enjoying turkey and all the trimmings at the annual Thanksgiving supper given by the members of the Stitch and Chatter Club Friday night were: Mrs. Ewell Kitley, Mrs. R. N. Sheid, Mrs. W. B. Dedmon, and Mr. and Mrs. Pete Kitley and Jimmy, and his friend from Ryle, Mr. and Mrs. M. Y. Benton. Mrs. John Clark and Whit, and Mr. and Mrs. Cliff LeFevre.

The Freshman class of Ryle high school, accompanied by Mr. and Mrs. Johnny Reid, and Mr. Kooch, their sponsors, and Mr. and Mrs. Rex Murray and Mr. and Mrs. Sally McCandless of Ryle, enjoyed a hayride and wicker roast in the Delbert LeFevre pasture Friday night of last week.

Mr. and Mrs. Eddie Kainer visited with Mr. and Mrs. Carl Kainer in Lubbock last weekend. When they returned Sunday, Mr. and Mrs. Wayne Wells and two daughters and Albert Thane and Carl Kainer of Paint Creek visited them.

Mrs. G. A. Leach received word that she is a great-grandmother. Her grandson, Charles Gibson and his wife of Lubbock, are the parents of a son, born Friday. Mr. and Mrs. R. O. Gibson Sr. are the other great-grandparents.

Special Thanksgiving services will be held at the Zion Lutheran Church at 9:00 a. m. on Thanksgiving Day. Everyone is invited.

Several members of the Zion Lutheran Church Lutheran Laymen's League attended an area meeting at the Trinity Lutheran Church at Albany Sunday.

Mr. and Mrs. A. C. Knipping and Mrs. Reece Clark.

LETTERS... To The Editor
 The North Central Texas Municipal Water District is a matter of law, an agency established by the vote of the people with no provision for a city to get out once it has voted the creation of the district. Taxpayers voters in the four towns comprising the Water Authority overwhelmingly approved the bond issue according to an official tabulation of election returns.
 The legal status of North Central Texas Municipal Water District has been firmly established. The Attorney General has approved and the State Comptroller has certified and registered some of the \$150,000 bonds issued by the authority.
 Approval of these bonds en-

THE RELIABLE LIFE INSURANCE COMPANY

abled the Water District to proceed with preliminary work on the Miller Creek Lake. Much of the money has already been spent on this approved project.
 And a great deal of the taxpayers money has been spent by the present city council of Haskell in many lawsuits of harassment in fighting the water district that has already become the law of the land. The latest move has been to call an election for Dec. 4, confusing the issue more than ever before. Can the City of Haskell afford another \$650,000 bond issue? Add this to the cost plus the obligation of the water district as already contracted and an unnecessary burden is again placed upon the people.
 Who is to blame that we turned down the opportunity to go to Stamford for our water supply long ago? Why was it not Lake Haskell? Every school child should know the answer. Why has the city council not presented an open statement to the people of their plans? Has Stamford been consulted and has Stamford accepted this plan. Why the secret maneuvers? "Give Light and the people will find the way."
 And didn't most of the harassment start when the firm of Prichard and Abbott was hired to make a revision of property evaluation of county and state taxes for the first time in 30 years? A member of that capable firm informed this writer he had never seen such a difference in tax valuations—some too high and many much too low. Prichard and Abbott were dismissed without much ceremony before they could go very far into the survey—Power? Selfish interest? Greed? You name it.
 Our city council has no more authority over the North Central Texas Municipal Water Authority than it has over the Independent School District. Because we are a democracy they were entitled to their day in court. They have certainly had their day in court. Every suit challenging the legality of the water district has been dismissed and they were further enjoined from spending city funds in fighting the water district.
 In a surprise testimony in a water district hearing in Austin read by Judge Otho Dent of Littlefield, a member of the board of engineers stated that a recently completed engineering report showed that Lake Stamford will not have a sufficient water supply to serve more than its present users in 1980. If the city of Haskell contracted to purchase water from Stamford at their lake, the amount of water we could take could always be restricted.
 Knowing this, does city council really intend to go to Stamford, or is this just a political move to try to kill the water district?
 Not long ago the people of Haskell missed a golden opportunity when men of outstanding ability and character offered themselves for public service and were rejected because of a vigorous and unflinching whispering campaign. These men are of a quality seldom found on the political scene, because they are not politicians and their holding of office would have been a personal sacrifice. They would have served effectively for the good of all and not for special interests of a few.
 Without belittling in any way the men who were elected, one cannot help but pity the voters who failed to recognize that opportunity. It was not the candidates who lost. The people of Haskell lost. We can only hope that men of equal stature will not be discouraged from trying again in the future.
 Couldn't these two groups get together around a council table just once and come to some logical understanding and conclusion of this matter?
 "If my people, which are called by my name, shall humble themselves and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin and will heal their land. 2nd Chr. 7-14.
 — A Longsuffering Taxpayer

Tonight Shelter Construction Workshop Set
 Professor C. J. Childers, Jr., Texas Technological College, who has been trained in protective construction methods will conduct the Abilene Shelter Construction workshop. Mr. Don Timberlake, Abilene Civil Defense Director, will serve as the Coordinator.
 The four-hour meeting is designed for key personnel of the construction industry including architects, engineers, contractors, builders, and related groups. The construction industry will be briefed on the entire shelter problem, including methods of identifying, improving, constructing or improving community and family shelters.
 The meeting will be held in the Abilene Public Library tonight, Thursday, Nov. 29, beginning at 7:00 p. m.
 It is the hope of this Civil Defense office that the attendees will form a nucleus of planning and construction personnel willing to assist this office in giving advice and assistance to the public on shelter identification, construction, or methods to improve emergency shelters.
 Arrangements have been made for at least two hundred representatives of the construction industry to attend this Civil Defense workshop. The information that will be presented to us will be of vital importance to all interested personnel.
AH! SWEET REVENGE
 For thirty-two quarters I fretted and yelled
 And finally faced the scores that spelled
 Defeat, defeat, Alas! Defeat
 Each time the Bulldogs and Indians meet.
 Another night, another year
 Again that fatal game was here.

The difference was two points, you see.
 And that was quite enough for me.
 My dear ole Indians had finally reached home.
 After eight years of waiting my face really shone.
 To my "Bulldog" husband, I want to repeat.
 Waiting that long vengeance twice as long.
 — Bobbie Merritt

Ford ideas so contagious they started a new trend in cars!
 If you think today's cars have a lot in common, credit the Ford sketches above. For these ideas sparked a revolution in car design that's reflected wherever you look on the American road.
 Ford ideas have a habit of being exciting—practical, too. Consider the innovations found only in our '63s. There is Ford Galaxie's smooth new velvet ride. It cost Ford \$10 million to bring it to you, but costs you not a penny extra to enjoy. There is Ford's full twice-a-year or 6,000-mile maintenance schedule that cuts service worry and expense to a minimum. There's a new manual transmission that lets you shift down from second to first without coming to a stop. And for '63, there's the biggest choice of models ever offered—44 in all!
 Only Ford offers all these advantages now. Other cars will eventually catch up—but if you can't wait, here's a tip: See your Ford Dealer today!

Here's America's most contagious revolution as seen on the 1963 Ford Galaxie 500/2L.

America's liveliest, most care-free cars! **FORD** PRODUCTS OF Ford MOTOR COMPANY

Three Haskell Men Complete Recruit Training

San Diego, Calif. (FHTNC) — Marine Private James O. Underwood Jr., son of Mr. and Mrs. J. O. Underwood of 501 North Avenue E, Marine Private Trenis D. Turner, son of Forest N. Turner and Marine Private Modesto Munoz, son of Mrs. Clotilde Gonzales, all of Haskell, completed recruit training Nov. 14, at the Marine Corps Recruit Depot, San Diego, Calif.

HERE FOR THANKSGIVING

Mrs. Pearl Holmesley had all of her children and grand-

J. W. Aycock, whose farm is located two miles south of Mattson School, has just completed the shaping of a grassed waterway. This waterway will be seeded to a permanent grass such as K. R. Bluestem. The waterway was designed to take excess water from Aycock's terrace system, and outside water that enters the farm on the southwest corner, through the farm to a safe outlet. Aycock's farm is in the Wichita-Brazos District.

New terraces are being constructed on Wayne Josslet's farm just north of Weinert in the Wichita-Brazos District. When these terraces are finished, this will complete the system on Josslet's farm. L. B. Jones, whose farm is southeast of Haskell in the Paint Creek Community and the California Creek District, is in the process of rebuilding an old system of terraces to make a good level system. E. E. Teichelman of Sagerton, whose farm is located south of Haskell and Thomas Gillespie of the Paint Creek Community, both farms situated in the California Creek District are in the process of conservation work on their farms. Teichelman is rebuilding terraces and Gillespie is constructing a farm pond. Elmo Stephens of O'Brien, whose farm is in the Wichita-Brazos District, has requested assistance in constructing a farm pond. M. C. Josslet of Weinert, whose farm is located north of Weinert in the Wich-

THE NEW VALIANT

5 YEAR OR 50,000 MILE WARRANTY*

Its price makes it just perfect

Imagine... this completely restyled 1963 Valiant at a price down with America's lowest-priced compacts offering a 5-year or 50,000-mile warranty—an assurance that America's highest-priced cars don't match. Valiant is a compact with unbeatable quality—backed up in writing. Come in and see this new car today!

*Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules.

Valiant will outperform any compact at its price... see it at:

Prattle

By AL HINDS

Food for Thought: A hard fall should mean a high bounce if one is made of the right material.

I have heard the word Peace spoken so much by preachers, and laymen; printed many times over TV and radio, uttered in prayers—and yet there are wars and rumors of wars. Just what is Peace. It is definitely more than a word; it is more than a sound on our lips; it is more than a five-letter word stamped with a spot of ink on a piece of paper. I remember reading several years ago some worthwhile definitions of Peace... and if followed would certainly help this old muddled world in which we live.

Peace is everything that makes life worth living; Peace is God on both sides of the conference table; Peace is goodwill in action; Peace is world-wide neighborliness; it is pulling with people instead of pushing them around; Peace is sanity and common sense in human relations; Peace is

open-mindedness. It is a willingness to listen as well as to talk. It is looking at both sides of a situation objectively; Peace is patience. It means keeping our tempers, rising above petty irritations, taking the long look. It means keeping our shirts on and giving time a chance to work its magic; Peace is having the courage and humility to admit mistakes and take the blame when we are wrong.

Peace is international courtesy. It is good sportsmanship in world affairs; Peace is tact, and tact has been defined as the ability to pull the stinger of a bee without getting stung; Peace is vision. It is being big enough to give up small individual advantages for the universal advantages of a warless world; Peace is using the Golden Rule as a measuring stick in solving world problems; Peace is the open hand instead of the clenched fist. It is tolerance and understanding toward men of every class, creed and color; Peace is a mighty faith. It is a radiant belief in the potential goodness and greatness of men. It is a thing of the heart as well as the head. It is a warmth, a magnetism, that reaches out and draws people together in a common purpose; Peace is to-level, thinking, feeling, acting. It is rising above tanks, planes and atom bombs as a way of settling disputes; Peace is a way of living!

The poor husband had been terribly hen-pecked, but now that he was dead, the widow was struck with grief. She even spent part of the insurance money for a modest headstone which she had engraved a most fitting inscription: "At peace, until we meet again."

Did you know that birds save man from starvation? The great basic fact of nature, as far as the human race is concerned, is the war for survival. The two adversaries: man against the insects. Which will ultimately inherit the earth? Every farmer knows that much of the time bugs and insects have the best of it; however we should keep in mind that with the use of powerful poisons of today, many of the good insects are destroyed along with the bad. The fact remains that in the war on insects we must still depend chiefly on our old allies—the wild birds. Birds are the bug eaters, and without them we would soon be overwhelmed and starved to death.

A crime wave is a period when you can get away with anything except parking over time.

About the time you learn to make the most out of life, most of it is gone.

Isn't the number of hours a man puts in—it's what a man puts into the hours that count.

In case you have a baby in your family and he scares easily from funny faces—then you should be happy—believe it or not—a noted psychologist points out. The psychologist went on to say that one may test a baby's intelligence by scaring him with funny faces. If he doesn't scare, the chances are he isn't too bright. So, please notice Abe Turner, Wallace Cox Jr., and (Bill Tomlin-

son, Haskell Free Press Printer, a proud papa to be.) Why not slip up on the little one, stick out your tongue at him, and make the ugliest face possible—If the baby screams and becomes excited—that's fine—he's going to be smart like his mother. But if the baby pays no attention to the funny faces—then he'll be kinda dumb and is a chip off the old block.

When I boasted that our son Larry got his intelligence from his Dad, the wife replied that he must have because she still had hers.

We'd all have more book-cases for our books, if book-cases were as easy to borrow as books.

There may not be much to see in a small town, but what you hear makes up for it.

Persistence will win out; It is reported that Jack Dempsey, the greatest fighter of all time, once was riding a train as a youngster, with his sick mother. They were about to be put off the train, because he had no ticket, nor the money for one. His mother was crying, Jack was scared and embarrassed. He grew up in the worst kind of poverty, and was constantly embarrassed by it. He determined, while just a child, he would some day be rich. Having no education the only thing he could think of was to fight. So at the age of 8 years, he vowed he would some day become a great fighter—so he began to train. At the age of 12 he fitted up an old abandoned chicken house as a gymnasium, and went to work in earnest, and on July 4, 1919, the little boy who was persistent and stuck to his promise to himself that someday he would be rich and famous, became the heavyweight champion of the world. You can't call that luck—it was persistence.

Girl Scout Troop Holds Court of Honor

Haskell Girl Scout Troop 462 had its first Court of Awards Monday, Nov. 19, at 7:30 p. m., at the Fellowship Hall in the Methodist Church. The girls' parents and friends were guests.

The program began with a flag ceremony. Each scout then gave an explanation or some demonstration of the things learned and skills acquired to earn the badges about to be awarded.

Mrs. Jack Pippin, former leader of Troop 467, presented badges to the older Junior High girls. Suzann Mercer received child care, athlete, adventurer, outdoor cook, and homemaker. Patti Jewel received adventurer and outdoor cook. Cecile Pitman received adventurer and outdoor cook and Rita Woodard received adventurer and rock and mineral.

Mrs. H. E. Stephens, leader of Troop 462, was assisted by Mrs. John Bronaugh, assistant leader, as she awarded the second class adventurer badges to the following girls:

Cora Feinster, Donna Gordon, Melinda Bronaugh, Janet Faelstaedt, Kathy Harris, Pam Burson, Suzanne Montgomery, Dora Stephens, Doris Gordon, Lucy Kennedy, Susan Helweg. One year membership stars were presented to the two scouts transferring from other towns. Linda Lowe from Petersburg and JoAnn Sparkman from Amarillo, as well as to the entire membership of the troop.

Refreshments, which had been prepared by the refreshment committee, were served to members and guests.

The program was concluded by forming a friendship circle and singing "Taps."

College Students Home for the Holiday Weekend

The following college students were home for the Thanksgiving holidays: Phil Spain, Kenneth Cook, Tom Anderson, Bryan Corley, Buddy Herren, Jerry Collins, Jane Ann Sego, and Robby Collins, all students in North Central State University of Denton. David Hiebert, Ronnie Friereson, Louisa Herren, Jane and June Bell, Jane Bynum, and Ted Dement, all students in McMurry College of Abilene. Jackie Harvey and Dudley Perrin, students in Cisco Junior College, Philip Bledsoe, Ranger Junior College; Volley Ivy, Leveland Junior College; James Gay, New Mexico State; Tommy Hester, Texas University; Wayne Herrington, Tarleton State College; Sarah Lees, Hardin-Simmons; Linda Ivy of Dallas. Robert Coburn, Rodney Davis, John Gansaway, all of A&M; Billy Fouts and Bertha Sue Christian of Texas Tech, Lubbock.

Christmas Seal Dollars Spent In Finding New Active Cases TB

This year's Christmas Seal shows two children happily decorating the Christmas tree. Christmas time is especially for children. How tragic when a little one has to spend Christmas in a hospital. But there are many new active cases of tuberculosis each year among children under five and many will die of the disease this year. Have you seen the tiny cribs that are placed row on row at the State Sanatorium at Slaton, Texas? It breaks your heart until you realize that through early diagnosis and treatment most of these children will live and grow into healthy and normal adults. Children catch tuberculosis from adults with active disease who may not be aware that they are carriers of this highly infectious killer.

Christmas Seal dollars are spent to help find new active cases of TB so that they can be treated until they are no longer infectious. No one is more aware of the need of early diagnosis than Mrs. W. P. Trice, public school nurse. Mrs. Trice has been active in the Haskell County Association since it was organized in 1926. One of the most important activities of the association is the TB patch test given to school children under the supervision of Mrs. Trice.

At one time mass x-rays by the mobile unit were made of

hundreds of school children, and Haskell County residents. Some active, open cases were detected and treated. And as long as one active case of TB remains untreated, there is danger of infection to all who come in contact with the cases of TB in varying stages that are not detected. The elimination of many of the social taboos about the disease has done much to bring about the reduction in the number of cases not receiving care. Even in this day and time much remains to be done in this field. For more than six years now, the Haskell County Association has been fighting TB. A lot of work goes into the Christmas Seal campaign. The amount of work it takes volunteers just to check the mailing list and prepare 1000 letters for mailing is amazing. Much of this preliminary work was done several months ago when the beloved editor of the Free Press, the late Lon Pate, contributed much of his time, talent and personality to the association.

Highway Patrol Investigated Six Haskell Rural Accidents in October

The Highway Patrol investigated six rural accidents in Haskell County during the month according to Sergeant Frank Jirock, Patrol Supervisor of this area.

These wrecks accounted for seven persons injured and an estimated property damage of \$5,100.00.

The rural accident summary for Haskell County from January through October of 1962 shows a total of 56 crashes. As a result of these crashes there were no persons killed and 30 persons injured. The estimated property damage amounted to \$37,875.00.

We are on the threshold of December which signals the start of our Holiday Season and the cold grip "Traffic Facts." During the last five years there has been a total of 11,902 traffic fatalities in Texas. Of this total 2,354 or 20 percent were killed during the months of November and December. For the year thus far there has been 1,811 traffic fatalities as compared to 1,766 for the same period of 1961, an increase of 75 or 4 percent with deadly December yet to come. "These cold grim traffic facts alone are a challenge for every responsible citizen in this state to join in an all out effort to stop this needless tragedy this Holiday Season. This can be done by obeying all traffic laws and being a "defensive" driver; that is, be prepared for the unpredictable actions of the other driver," stated the veteran Patrol Supervisor.

Rains Slow Receipts At USDA Office

Light general rains over the territory slowed receipts most of the week so that the USDA Cotton Classing Office in Munday, Texas, classed only 3,046 samples for the week ending Nov. 23, according to A. D. Peebles in charge.

The micronaire showed a slight drop with 10 percent dropping below 3.5, 27 percent 3.5-3.9, 36 percent 4.0-4.4, 20 percent 4.5-4.9, 7 percent 5.0-5.4.

Grades ran 36 percent Middling Light Spot, 27 percent Strict Low Middling Light Spot, and 6 percent Low Middling Light Spot.

Staple percentages for the week were 9 percent 29/32, 37 percent 15/16, 37 percent 31/32, and 10 percent 1 inch and longer.

Market activity remains slow with Middling Light Spot 15/16 averaging 30.49, Strict Low Middling Light Spot 15/16, 29.28; Middling Spot 15/16, 29.10 and Strict Low Middling Spot 15/16, 28.85.

New Fire Marshal To Assume Duties Friday, Dec. 1

Earl Carroll will assume duties as Fire Marshal Friday, Dec. 1, taking the place of R. A. (Shady) Lane, who has served in that capacity for eight years.

Mr. Lane said he is resigning due to the fact he feels he does not have the time to serve as Fire Marshal.

Carroll said he is planning an inspection program for the business section and fire zone, also churches, schools, gins, lumber yards, etc., every three to six months, at which time he will have inspection blanks made out and give each occupant a report of inspection. Nothing will be compulsory, but he said he will request that hazards be cleared up in order to help keep down fires.

Mail Early For Christmas

Postmaster Harold Spain launched his 1962 "Mail Early for Christmas" campaign today by offering the following helpful suggestions to guide you in planning your Christmas mailings this year.

Bring your Christmas card and gift lists up-to-date immediately. Be sure each address is complete, with full name, street and number, city, zone and state. Avoid abbreviations of city and state names.

Send your Christmas cards by first class mail, using the new 4c Christmas stamps, to secure priority of dispatch and delivery, forwarding without additional charge, and return to you without cost, providing you put your return name and address on the envelopes. Also, Christmas cards sent First Class may be sealed and carry written messages.

Separate your Christmas cards into "local" and "out of town" bundles, using the handy labels you can secure from the Post Office or your letter carrier.

Stock up on the new 4-cent Christmas postage stamps. They will "dress up" your Christmas cards and gift packages. Schedule your Christmas mailings so that your cards and gift packages going to most distant points are mailed by Dec. 10. Mail Christmas packages for local destinations by Dec. 15, and by all means, be sure to mail your Christmas cards for friends and relatives in this area at least a week before Christmas.

Use Air Mail for Christmas cards and gift parcels for distant points, especially for your last minute mailings.

ATTEND BALL GAME IN LUBBOCK

Mr. and Mrs. Norman Bevel and daughter, Darlene, were in Plainview Wednesday where they were joined by another daughter, Jot, and attended a basketball game at Lubbock Coliseum between the Flying Queens of Wayland College and the women's team of Russia. The Russian team is on a tour of the U. S. and have made several appearances here.

REV. DOUGLAS VAUGHN TO PREACH AT PINKERTON

Rev. Douglas Vaughn, student of the Baptist Theological Seminary of Fort Worth will preach both morning and evening Sunday, Dec. 2, at Pinkerton Baptist Church.

Selective Service Local Board No. 77 Announces Tougher Policy

Selective Service Local Board No. 11 of Anson, which has jurisdiction over Haskell, Shackelford and Jones counties, announces a tougher policy regarding men who register late for the draft.

This policy was established after a board survey which determined that 30 youths had registered late in the past six months.

Federal law requires that young men register with the nearest draft board on their 18th birthday, or within five days thereafter.

Under the new policy, the board determined that all registrants who were late must sign a statement in writing as to why they were late. All registrants who are over 30 days late in registering, will be asked to come before the local board to explain their tardiness. The board will give formal official consideration to declaring these men delinquent under the law and processing them for armed forces induction ahead of other men in their age group.

The following registrars are maintained for the convenience of young men:

Mrs. Mae Dunwoody, board clerk at 1029 12th St., Anson; Mr. James M. Cottle, Post Office, Moran; Mr. Aubrey Dunwoody, Post Office at Anson; Mr. John L. Rose, Post Office at Albany; Mrs. Ethel Lou Shelton, located at office of County Judge, Haskell; Mrs. Erma O. Reves, Post Office, Anson, Texas.

ASC NEWS

Any grains put into storage in the Haskell Warehouse Company, Rule, Texas, will not be eligible for price support loans during the period this facility is suspended from the list of warehouses approved by the Commodity Credit Corporation, beginning November 26, 1962, the Haskell Agricultural Stabilization and Conservation office said today.

Suspension action was taken by the Agricultural Stabilization and Conservation Service Commodity Office at Dallas, pending an investigation to determine whether or not the facility has failed to comply with provisions of the Uniform Grain Storage Agreement which controls the storage of government-owned grains. Any change in the status of the facility will be announced.
