**Oklahoma Visitor Appreciates Hey-Day's Aims Here**

Few people can appreciate more the underlying meaning of Hey Day, the heritage-rich event to be staged here Saturday commemorating the coming of the railroad, than a visitor out of Haskell's past who was in town this week.

L. H. Owens of Altus, Okla., probably a forerunner, literally, of things to come, was "all for" the project underway here to restore Haskell's antiquated depot, purchased from the Fort Worth and Denver Railroad for \$1, as a museum and tourist attraction.

Tourist Owens was going through Haskell and took im- mediate notice of the removal of the archaic train station from its original spot to a vintage point overlooking Rice Springs Park here.

Stopping to reminisce a bit, the visitor said he had not seen Haskell's depot since he left his duties there 46 years ago. Owens moved to Haskell from his native Sagerton and was chief telegrapher and clerk in the depot here for the Fort Worth & Denver Railroad in 1917-18.

Owens has emptied many a scuttled depot stove being pre- served here as one of the chief attractions in the projected museum which citizens hope to launch with funds derived from Hey Day Saturday and its climax event, a historic pageant, "Reminiscent Relics of Yesteryear" written and di- rected by Mrs. Frank Caden- head, Jr.

**AFTER SETTING HOME RUN RECORD IN OPENER ALL ALL-STARS HERE BOW OUT TO IOWA PARK IN DIST. FINALS**

Haskell's courageous Little League All-Stars, winners of the area crown the preceding week at Monday, and conquerors of Knox City by a whopping 25-6 score in last Friday night's opening district play, fell to in- vincible Iowa Park Satur- day night, 3-0, in the finals of District 6 in the tourney hosted here last weekend.

It was Jim Clapp, whose of- ferings were almost too much for the Haskellites in a similar game at a similar stage last year, who triumphed against our Little Leaguers this time, stopping the home team with hits while fanning 11 in put- ting them out of the running.

Lanny Ivy, Haskell's star hurler, struck out 10 himself, but gave up five hits, one a homer to Wesley Bennett, to the hard-hitting Iowa Parkers, in losing a heart-breaker.

In downing Haskell, Iowa Park went into sectional play- offs in Lubbock this week with the solid support of fandom in this area. Haskell reversed the order last year, defeating Iowa Park to gain a berth at Big Lake, going all the way to the finals there, but succumb- ing one game shy of the state tournament.

In the consolation game last Saturday night, Graham laid it on Knox City, 4-0, with Richard Riggs turning in a 1- hit performance.

Haskell's hitters must all have been eating a lot of spin- acles the preceding night in the fracas with Knox City to earn a finals try. They hit 10 home runs to set a park record, which previously was seven, and Wayne Davis, the regu- lar season pitcher for Bill Reeves' Rams, went the route of the mound to register a no-hitter. He gave up three walks in the

magnificent effort.

The home run caper staged by Haskell was paced by Lanny Ivy with 3. Lee Pippin, who never previously had showed prowess as a long ball hitter, socked two of them over the fence. Roy David Pittman did likewise, sending two out of the park. Clifford Campbell, Darryl Crouch and Gary Fel- ker each smashed a four-ply wallop Campbell's was a grand slammer with the bases jam- med.

All in all, it was an exciting season for Little Leaguers here, and one of accomplish- ment on many fronts, even though their dream of going "all the way" fell a little short of realization.

Next year, maybe.

## Junior Teen-Age Baseball Tourney Opens Tonight

Pairings in the District 2 Texas Teen-Age Baseball League's junior tournament Haskell hosts this week were announced Monday by Bob Mobley, tournament director.

Haskell's Warriors open the single elimination tourney for the area bracket in a diamond clash tonight with Hamlin. Game time is 8 p. m. at Indian Field here.

Friday night's game at the same hour pits Stamford a- gainst Floydada, Mobley said.

The finals will send Thursday night's winner against the Fri- day night top scorer for the

## H-SU Students To Lead Paint Creek Baptist Revival

A youth-led revival will be held at the Paint Creek Baptist Church August 9 through 16, Rev. Kenneth Neely, pastor, has announced.

The youth team leading the revival services will be Gerald Saffel, evangelist, and Rhudy Naylor, singer. Both of these young men are ministerial students at Hardin-Simmons University.

Saffel is the minister of music and youth at First Baptist Church, Hobbs, Texas, and is also holding evangelistic meet- ings throughout the state this summer. He is a leader in religious and extra-curricular work on the H-SU campus.

Naylor is also active in the Ministerial Alliance and other campus affairs at H-SU, does pulpit supply work, and teaches Bible Study for youth groups.

Morning services will be held at 10 a. m., with prayer meeting at 7:30 p. m., and the evening services at 8 p. m.

Rev. Neely and the Paint Creek Baptist congregation have issued a cordial invitation for the public to partici- pate in these services.

## HEY-DAY SPECIAL EDITION

## C of C Budget Doubled In First Town Hall Session

Spurred into concerted action by spontaneous declarations of agreement by local leadership following a ringing challenge to growth and development delivered by Rex Jennings, executive vice president of the Wichita Falls Chamber of Commerce, Haskell citizens, without a dissenting vote more than doubled the annual budget of the Chamber of Commerce here in a rousing town hall session Tuesday night.

Asked to increase the Has- kell Chamber's \$6,000 annual budget to a minimum of at least \$10,000 on the recom- mendation of a research com- mittee which has studied the budgets of towns Haskell's size, the community-wide gathering, which filled the steamy 39th District Courtroom on a still night, enthusiastically voted a budget of \$13,500.

Abie Turner, president of the Haskell Chamber, immedi- ately put to work the research and finance committee, headed by Don Muenzner, druggist, and the membership com- mittee, chaired by Mrs. Viars Felker with directions to implement the program.

A hushed, perspiring crowd, called together at the request of Chamber officials here to consider a "community at its crossroads in its development," endorsed more than doubling its present budget after listen- ing attentively for more than an hour to Jennings' estimate of the situation.

Said the Wichita Falls Cham- ber executive, a professional in the field of community de- velopment, "What happens to this town has a dramatic and vital effect on each and every- one of you. To have this many people come to this hot Court- room on a hot night makes me feel something good is going to happen," he forecast early in his talk.

Jennings pointed out that while Texas gained 25 per cent in population from 1950 to 1960, more than half the counties of Texas (including Haskell) lost population in the same period. "There are 18,000 organizations in the country today trying to attract folks to their areas," he pointed out. Every town in this country is either going to decline, or go forward. It is not going to stand still, the speaker emphasized.

Citing the recent declaration of a noted economist in Wash- ington, Jennings told his audi- ence the gross national prod- uct of the United States will double by 1980. "If we are to get our rightful share, the popu- lation of Wichita Falls, Abilene and Haskell will have to double in the next 16 years," he said. That means 35,000 new homes will have to be built in Wichita Falls, 1100 new homes in Haskell. It also means 50 percent of the cities in Texas are going to decline. "Is your city going to be one of them?"

Jennings said nobody wants to be a partner in a communi- ty on a decline, and there is no such thing as maintaining status quo. "I'll guarantee Haskell won't be the same five years from now," he insisted. "You'll either be part of the progress parade with new bond issues, meeting all the chal- lenges, or a victim of it, with depressed values at every hand."

The speaker, who has suc- cessively and successfully been chamber executive at Mount Pleasant, Sulphur Springs, Brownwood, Longview and a key department manager at Fort Worth, before going to Wichita Falls, urged that "the most important single thing you have to do is get the right man in the chamber manager's job here." To do this takes more money than the current budget called for, he pointed out. (See C of C Budget, Page 10)

HASKELL STONE

## Haskell Stone Recipient Of 2 Top Awards

Haskell Stone, vocational agri- culture teacher at Haskell High School since 1944, was honored by the Vocational Agri- culture Teachers' Association of Texas in Houston Wednesday with reception of two lofty awards, Joe L. Tatum, of Fred- ricksburg, president of the as- sociation, announced.

Upon Stone were bestowed the Distinguished Service Award for his work and a 30- year-tenure award for service.

Both these honors were pre- sented at the annual awards breakfast of the association during a state-wide conference of vocational agriculture teachers attended by some 1200 persons. Educational features of the four-day meeting are under the direction of George H. Hurt, director of agriculture education, Texas Education Agency. He is being assisted by ten area supervisors, among them Hublan Harris, of Big Spring, who coordinates activi- ties in the Haskell area.

Stone is a graduate of Has- kell High School and holds the bachelor of science degree from Texas Tech and master of science degree from Abilene (See Haskell Stone, Page 10)

Harris will become an ex- officio member of the booster club board, taking the place of immediate past president Bob Dulaney. Two new directors will be chosen to take the places of J. P. Perrin and Bud Pogue, whose terms have ex- pired. Holdover directors are Howard Perry and Pete Frie- son.

In addition to a new presi- dent, a new vice president will be elected to succeed Buck Pland, and a new secretary will be chosen to succeed Al- len Reeves, both of whom have served in these capacities dur- ing the past year.

## Mr., Mrs. Coggins Have Car Mishap In North Abilene

Mr. and Mrs. W. I. (Scott) Coggins, well-known Haskell citizens, were admitted to Hendrick Memorial Hospital in Abilene with injuries received in a two-car accident on High- way 277 at the northern edge of Abilene about 10:30 a. m. Tuesday.

Mrs. Coggins suffered in- juries of a more serious nature than her husband when their car was in collision almost head-on with a California- bound automobile apparently making a turn on Highway 277, according to reports. The Cog- gins were driving to Abilene from Haskell at the time of the accident.

Neither of the youths in the second car was injured. Hess Hartsfield, partner with Cog- gins in an insurance business here, said Mrs. Coggins has a fractured shoulder and receiv- ing lacerations on her left arm which went through the wind- shield at the time of the crash. Coggins had a bump on the head, and bruises on the arm and knee.

Coggins was to be released from the hospital Wednesday, but his wife probably will re- main at Hendrick for several days.

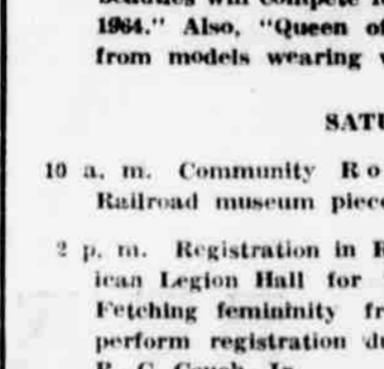

Th two young men in the second car had completed Navy tours of duty and were enroute from Shreveport, La., to California to find jobs at the time of the crash.

## Haskell-Pasadena In Tilt Opening Angelo Toumey

Haskell's Indians, champions of District 6, senior Texas Teen-Age Baseball League, in the 18-18 age bracket, faced a South Texas district champ, Pasadena, in the opening round of the state senior teen-age baseball tournament in San Angelo Wednesday morning at 10:00, State Highway Patrol Sgt. Frank Jircik, the man- ager, announced.

Haskell, winners of the six- team Cottonbelt League in this area with a 14-0 season rec- ord, won the district which this town hosted last week by elim- inating Matador, Caprock League champs, and Lorenzo, Tri-County League title hold- ers, in a double-elimination tournament. Lorenzo took the measure of Matador twice, and Haskell downed Lorenzo 7-4 and 6-0 to earn the state tournament berth behind the steady pitching of James Dav- is and Perry Turnbow.

The Haskell ball players and a group of staunch sup- porters went to San Angelo by car caravan Tuesday afternoon.

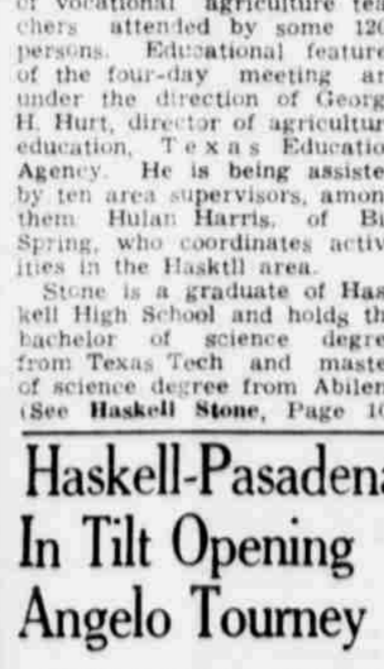

ROGERS DURHAM

## Rogers Durham Leaving Here For Indiana Pulpit

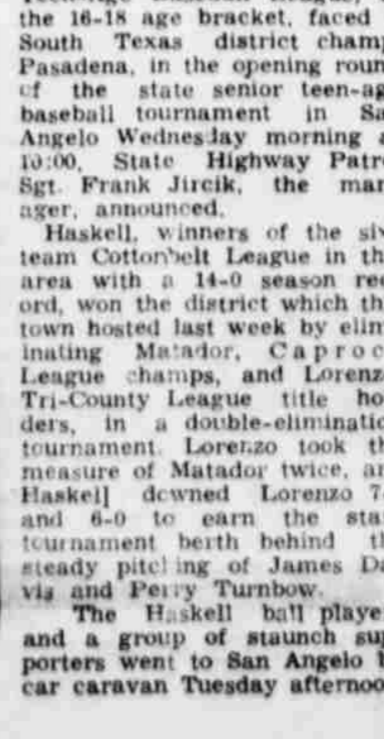

Rev. Rogers Durham, minis- ter of the Haskell Christian Church for the past four years, is leaving here to occupy the pulpit at the Logosotee Chris- tian Church in Logosotee, In- diana.

The popular young Disciples of Christ minister and his wife, Janice, a talented musician, came to Haskell on August 9, 1960, soon after he completed work on a degree at the Cin- cinnati Bible Seminary, Cin- cinnati, Ohio. He had held stu- dent pastorates in Ohio and Kentucky prior to coming to Haskell.

In their four years in Has- kell, the Durhams have been prominently identified with the religious and civic life of the community, having roles of leadership in many communi- ty endeavors. Both are talent- ed vocalists who have been called on frequently to appear

## The Latchstring Is On the Outside

Haskell County's Second Annual Hey Day observance has come a long way on the road to institutional status as a yearly county-wide reunion heralding the heritage of this territory since the first one last July.

At every turn the past few weeks have been graphic examples of a cohesive countywide effort that is bound to spell success for the scintillating spectacle that will unfold here this weekend.

Last year's original Hey Day, while a most commendable "roof raiser" in the building of an edifice of enduring community materials in this area, did not have nearly the number of artisans this year's project has. The 1964 Hey Day planning and programming truly has been countywide, with folks aplenty from Weinert, O'Brien, Rochester, Mattson, Sagerton, Rule and Haskell pitching in to help. This is a healthy sign.

The interest in one of our prime projects...restoration of the archaic and antiquated depot here, which holds so many nostalgic memories...is greater than ever. Last year's Hey Day made possible the removal of the structure from its original site to the vantage point overlooking Rice Springs Park. The financial outcome of this year's celebration should assure the restoration aim.

Perhaps it is "meet" here to recall on Hey Day Eve the opinion of a most respected observer, the FORT WORTH STAR TELEGRAM, which apparently felt we here in Haskell County are right on target with our belief in the potential of a restored depot as a lure for tourists. The STAR-TELEGRAM, said editorially:

"Haskell has probably done posterity a favor by arranging the rescue and preservation of its old railroad depot...The time is almost at hand when any such structure from railroading's hey-day is a museum piece. As more and more lines relinquish their passenger trains, fewer and fewer Americans remember their importance to the settlement and development of the country.

"The foresighted can be thanked for the preservation of such relics as the Haskell depot and examples of old steam locomotives and the rail coaches of another era, for the interest in seeing what they looked like will increase."

The STAR-TELEGRAM caught in its editorial the basic, undergirding reason for Haskell County's Hey Day and gives forth with a ringing endorsement of why all of us should give our all-out support to the events of Saturday here.

We must not forget on this second Hey Day the cooperative attitude and understanding thoughtfulness of the Fort Worth and Denver Railroad in boosting us toward our goal by letting us have our landmark depot for the sum of \$1. We cannot be too grateful to the officials of the line.

The "foresighted" mentioned above are a team of individuals which has grown so large countywide in each of Haskell County's seven communities, it is impossible to single them out here. Suffice it to say we are unreservedly thankful for their leadership and their sacrificial effort in staging this history-preserving spectacle, and our gratitude also goes out to all the service and civic organizations which have shared responsibility for the many, many phases of the activity-packed program. And for the vigilant and dynamic guidance of the co-general chairmen, Mrs. Tom Barfield and Dr. Frank Cadenhead, Jr., our appreciation knows no bounds.

The latchstring will be on the outside in Rice Springs Park, American Legion Hall, and environs Saturday. Say...Hey...we'll see you there.

By PORTER

We ain't no gambling feller, but we have heard all our lives the timeless expression, "Shoot The Moon." Well, brethren and sistren, we lived to see it. Our "team" did just that...shot the moon. So the gamblers may have to adopt something a little more far-fetched, literally...like Venus, or Neptune. And about the time folks get used to hearing, "Shoot Venus," or "Shoot Neptune," our Yankee Doodle Dandies probably will do those things, too!

With all that has happened in the super-stratospheric firmament the past few years, we still vividly recall the life-long impression we received as a child in an encyclopaedia-type set of books called "Our Wonder World." A double-page spread in color, unusual for those days, showed the relationship between Earth and the major known planets, and related on a chart the comparative times it would take to get from Earth to them.

It seems only yesterday that our six- or eight-year-old imagination was completely unleashed as we read, "at today's speeds it would take 80 days to get to the moon," the closest to us of all the objects hanging in the sky. And, by appalling contrast, it was to either Venus or Neptune, that "Our Wonder World," declared, "Starting in the days before Christ, you would be going still." This was by way of describing the magnitude of the universe.

So, by comparison with "Our Wonder World," the Ranger 7 has clipped exactly 77 days off the time predicted for a trip to the Moon some 40 years ago. That's moving pretty fast. And what were dreams beyond the realm of reason then have become reality. Our era already has made a piker of Buck Rogers and his projections of things to be in 1980.

What next? And to show our broad bilingual abilities, "Queen Sabe?" (That's what they told Sam Houston at San Jacinto in response to the whereabouts of Santa Anna?) We don't. You no savvy? We no either.

Heard Roundin' The Square From Valiant Member of Volunteer Fire Department After Another Blazing Trip: "Wonder who thought up that expression about 'Keep the Home Fires Burning.' Our job is to keep 'em from burnin'."

If you didn't hear Groucho Marx, subbing in last week for Johnnie Carson, "render" (quarter and draw, too)...the following, you missed a little bit of "C'est La Vie." Sang Groucho in pure marxian falsetto, "With a table between us, she looked exactly like Venus! Ohhh, how that woman COULD COOK!"

Jessie, whose picturesque patter brightens many moments for us other two Porters on the Square, me in Albert, had a doozie of an answer to our inquiry into his health the other day. Said Jocular Jess: "In answer to 'how are you?': 'Kickin', but not high, floppin', but not flyin'. Ready, but not to die, Mistah Pohtah.' You tell 'em, Jessie. We stutler."

And Albert, we came upon him givin' that Post Office mop a fit in the manner that should earn him a General Services Administration Crossed Mops Award, the other morning. We had just surveyed the remains of watermelon feast right in the middle of the street on the south side of the Square. The sight, from 50 feet away, was akin to that of a defunct victim of The Varmint. Albert Sharpe, sounding flat, was singing, "Mama don't allow no watermelon rinds in HEAR!" Pretty seedy song.

One of life's more memorable vignettes was recounted to us by Roy Johnson at the bank. Abe Turner had gone off to SMU banking school about three days when Abe's longtime sidekick, his loyal dog, Lady, appeared at the side door of the bank, and waited patiently for someone to open it. When Lady was admitted, she zoomed straight for Cashier Abe's desk, thoroughly investigated those premises, then beelined it for the back searching every nook and corner for her Master. Satisfied, dolefully, that Abe was not in the bank, she let out a mournful sigh, returned to the side door of the bank, and stood there, jowls down, and eyes watering, waitin' to be let out in order to continue a fruitless search.

But THAT was SOME reunion when Abe got back from Big D. Hope Abe remembered to greet Ruby and the kids, too, on his return.

Odd bits of information oftentimes produce pungent conclusions. We are told the bathtub was invented in 1850, but the telephone was not invented until 1875. All of which means, were you privileged to live in those days, you could have sat in the bath-tub TWENTY-

## Haskell County History

30 YEARS AGO

(August 9, 1934)

Miss Nettie McCollum left Sunday for Denver, Colorado, where she will join Miss Eunice Huckabee and Mrs. W. N. Huckabee for a two-weeks' vacation.

Mrs. J. E. Morris and daughter, Frances, of Spur, spent the weekend here with her sister, Mrs. T. J. Arbuckle.

Weighing only 345 pounds, the first bale of cotton from the 1934 crop was ginned here late Tuesday at the Sanders and Crawford Gin. O. L. Moore, who lives two and one-half miles from town, was the grower. According to Mr. Moore, it was necessary to pick over 12 acres to make that size bale, and a total of 1500 pounds of bolls was gathered.

Mr. and Mrs. Arthur Edwards and daughter, Frances Merle, have returned from a vacation trip to Carlsbad and Cloudercroft, N. M.

Miss Hassie Davis returned this week from Paso Robles, Calif., where she has been visiting in the homes of her brothers, Terry and Bert Davis, for several weeks.

R. E. Ellis, of Fort Stockton, spent several days here last week with relatives. His father, J. E. Ellis, has been ill at the family home here.

Ed Sprowls, of Happy, Texas, spent the weekend here. He was accompanied home by Mrs. Sprowls and their little daughter who had been visiting here.

Mr. and Mrs. W. E. Welsh and daughter, Ruth, left Wednesday for Houston, where they will visit in the home of their son and brother, Dr. Hugh Welsh.

Mr. and Mrs. W. L. Hills and family left Saturday for Chicago, where they attended the Century of Progress Exposition.

The Weinert School will begin the new school term August 27 with the following faculty: I. J. Duff, superintendent; Taylor Carter, Ernest Ingram, H. H. McGregor, Miss Elizabeth Hargraves, Mrs. C. T. Jones, Miss Jew Williams, Miss Thelma Therwanger and Mrs. C. C. Palmer.

60 YEARS AGO

(August 10, 1904)

We learn from reports this week that the Wild Horse country got but little rain during the rainy spell last week and the cotton there is suffering from the dry weather.

The Haskell school trustees have advertised in the Dallas News for bids for erecting our new \$10,000 school building. The bids are called for Aug. 15.

M. E. Park is out at Pinkerton this week putting W. T. McDaniel's ginning outfit in shape for the coming season.

Mrs. E. J. Hunt will leave Monday for the eastern markets where she will purchase her fall stock of millinery and dress goods.

J. C. McWhirter and wife returned Wednesday from their visit to Childress. Their daughter, Miss Geneva, who has been visiting there for some time, returned home with them.

J. F. Jones returned Wednesday from seeing the big exposition in St. Louis. He says it was so huge he figured he saw about a 20th of it and couldn't tell about more than half of that.

A. C. Foster and daughter, Miss Una, returned this week from St. Louis, where they spent several days seeing the exposition. Miss Una met her father in St. Louis on her return from Boston, where she had been studying art for the past two years.

J. E. Fitzgerald and family went down on Paint Creek Tuesday to spend a few days' fishing.

The biggest watermelon seen in town this week was a 78-pounder. We did not learn the name of the grower as it had

been sold to W. H. Wyman. The little folks enjoyed themselves at a party at Mr. Bud Smith's this week.  
Mrs. L. W. Roberts and children, and Miss Stella Couch arrived Wednesday from Lubbock County on a visit to Haskell friends and relatives.  
W. F. Draper and family left Wednesday on a visit to relatives and friends in Dickens County.

Gather Around and You Shall Hear  
The Story of How I Persevere...

Whew! I've been hustling like mad---have quit a minute, really, since the temperature started climbing---to keep your home cool a mountain breeze during these blistering days and nights. This is an extra chore in addition to my regular job of operating your other Flameless Electric appliances around the clock, of course, so...don't be surprised if my wages for the past month are a little bit more.

Mr. and Mrs. D. P. Fuller of Rule Feted With Reception on Golden Wedding

A longtime public official of Rule and his wife, whose courtship began in church, celebrated their golden wedding anniversary Sunday, Aug. 2, at a reception hosted by nieces and nephews at the Philadelphian Club House in Rule.

Seventy-five relatives were present, and 180 guests registered for the occasion. Mr. and Mrs. D. P. Fuller were married August 1, 1914, at Bonham, after a courtship which started in the Hebron Baptist Church. Mrs. Fuller, the former Leatha Mae Garrison, and her husband lived at Bells, Texas, eight years before moving to Rule 42 years ago, in 1922.

Mr. Fuller served as Rule city marshal for 10 years, was a Haskell County deputy sheriff three years, and is Rule's retired city water superintendent.

Mrs. Alfon Peiser, Mother of Four, Is Young Homemaker of Year In Haskell

Mrs. Alfon Peiser, mother of four boys, ages 2 to 5, has been chosen Young Homemaker of the Year for 1964 in Haskell.

Announcement of Mrs. Peiser's selection was made Monday night at the installation banquet of the Haskell Chapter, Young Homemakers of Texas, by Mrs. Jerry Sorrells, retiring president of the group. The event was held in the banquet room of Sam's Cafe here. In recognition of the honor, Mrs. Peiser was presented a charm bracelet with the Young Homemaker organization's emblem attached to it.

Installing the 1965-66 officers of the group was Mrs. John Joiner, of DeLeon, vice president of the Young Homemakers of Texas. The new officers of the Haskell Chapter are Mrs. Ray Bertrand, president; Mrs. Duward Campbell, vice president; Mrs. Wayne Bradford, secretary; Mrs. Jimmy Hannas, treasurer; Mrs. Jimmy Brown, parliamentarian; and Mrs. Jon Jameson, reporter.

Mrs. Sorrells was presented a miniature sterling silver gavel as a token of the club's appreciation for her services during the past year. Mrs. W. P. McCollum, home economics teacher in the Haskell schools, and chapter advisor, also was the recipient of a gift.

The Young Homemaker of the Year here, Mrs. Peiser is the mother of Monte Lee, age 2, David Alan 3, Greg 4, and Jeff 5. The father, Alfon, farms and is an employee of the West Texas Utilities Plant near here. He is an active member of the Haskell Jaycees and received an award for outstanding community service in 1963.

Dr. Rex Kiker, head of the speech department at Abilene Christian College, was the principal speaker for the occasion.

**ART FROM HASKELL**—Raina (English) Hendrix, student at Texas Tech, a native of Haskell, and daughter of Mr. and Mrs. Raul English, former Haskellites, now of Lubbock, is one of the featured performers in the 1964 Six Flags Over Texas Campus Revue. She stars in the show at the Six Flags Amphitheatre featuring 27 talented young people from 15 colleges and universities located in five states.

## HASKELL NATIVE STARS IN HIT "SINGING FLAGS" AT SIX FLAGS

Raina (English) Hendrix, student at Texas Tech, a native of Haskell, and daughter of Mr. and Mrs. Raul English, formerly of Haskell, now of Lubbock, is one of the featured performers in the 1964 Six Flags Over Texas Campus Revue, which has been labeled a "hit" by critic consensus since its recent opening in the Six Flags Amphitheatre.

The Haskell native, granddaughter of Mrs. W. D. Kemp, 704 North Third, Haskell, and the late Mrs. Edith English, pioneer resident here, stars in the show featuring 27 talented young people from 15 colleges and universities located in Texas, Oklahoma, Louisiana, Colorado and Illinois.

Raina, cousin of Dr. William J. Kemp, well-known Haskell dentist and civic leader, and niece of Mrs. Billie Fouts here, won high praise recently from two outstanding critics, Tony Zoppi, of the Dallas Morning News, and Jack Douglas, of the Fort Worth Star Telegram. She was acclaimed for her "show-stopping medley" of French songs.

The former Haskell girl, who attended school here and in Spur before moving with her parents to Lubbock, has the distinction of being the only married member of the cast of 27. She is 22 years old, and is married to Deral Hendrix, of Lubbock.

A recognized singer of talent since she was 13, Raina has

turned out two hit records now in the record shops. The 1964 Campus Revue, for which some 800 hopefuls auditioned to fill the 27 slots, is entitled, "The Singing Flags." Produced and directed for the third successive year by Chas. R. Meeker Jr., the lavish production concerns a musical junket through Six Flags' celebrated theme park.

The popular Campus Revue productions presented by Six Flags each season have attracted more than half a million theater-goers since they were inaugurated in 1962. Performances of "The Singing Flags" are staged three times a night for the remainder of the summer until the show closes on September 7.

During the fall and early spring months, Six Flags talent scouts make an annual tour of more than 100 colleges encompassing Texas and the Southwest auditioning talented undergraduates for the Campus Revue.

As a Texas Tech undergrad, Raina English Hendrix has earned widespread fame as an on-campus and Country Club entertainer in Lubbock.

### Speedy Car Wash Newest Addition To Service Here

Haskell will have a new business service, a "speedy car wash," within the next ten days to two weeks. Clay Hattox, the owner-operator, announced Tuesday.

Equipment is now being installed for a "no-rubbing, no-scrubbing coin-operated type of washing facility" dedicated to the proposition of cleaning cars. Hattox reported, in the 1400 block on North Avenue E, Haskell's main stem, just north of Kuenstler's Service Station here.

The customers themselves perform the washing privileges with the streamlined, easily accessible and speedily employed facilities at hand. The cost of the operation is contingent upon the length of time the facilities are used.

Hattox said when the service is opened, he will be on hand to explain the operation to all interested persons.

## HASKELL WHIPS LORENZO FOR We Had 24 100- DISTRICT SR. TEEN-AGE TITLE. Plus Degree Days In Rainless July

Haskell's Indians, managed by Frank Jircik, advanced to the state playoffs in Texas Senior Teen Age Baseball League by blanking Lorenzo, champions of the Tri-County League, 6-0 in the final game of a District 6 double elimination tournament at Indian Field here last Thursday night.

The state tournament is being held in San Angelo August 3-8.

Haskell, champions of the Caprock League in this area, drew a bye in the first round of the double elimination tournament here last week, then beat Lorenzo Tuesday night 7 to 4. Lorenzo gained the final round of the district clashes here twice by whipping Matador, the Caprock League titleholder.

Let Lorenzo down with two hits, struck out 8, and contributed a two-bagger himself to his team's winning cause. Other extra-base wallops were socked by Indian Catcher Scurlock, a triple; Joe Josselet and Joe Thigpen, a double each, in leading Haskell's hitting attack.

The game was played under protest by Lorenzo from the fifth to the finish after the visitors claimed Pitcher Turnbow threw his glove at a high bouncer through the box, in endeavoring to stop the ball. An after-game conference resulted in withdrawal of the protest.

#### Line Score

Haskell	130	000	2-4	10	3
Lorenzo	300	000	0-0	2	2

Haskell: Perry Turnbow and Jim Scurlock.  
Lorenzo: Bob Ater, Russ Lawson (5) and Jack Easter.

Friday's 101 degree thermometer reading in Haskell was the 24th day out of the 31 in July that the century mark was topped, the peak heat being 108 registered here on the 10th day of the month. Weatherman Sam P. Herren Jr., reported.

Minimum temperatures during the midsummer month just ended were the 59 and 67 recorded on successive days, July 13 and 14 which few folks here now can recall, so torrid have been the contrasting temperatures morning or evening since that time.

July was one of the driest, as well as one of the most sizzling, on record in Haskell. Only .11 of an inch of rain fell here the entire 31-day month, and there had been 40 consec-

utive days from June 13 to July 23 without a drop of moisture until a scant .02 fell that day. An additional .09 fell July 26 to complete the moisture totals for the seventh month of the year.

When Haskell had its top temperature reading on July 10, it climaxed a string of 12 days of 102-degree or more recordings.

The July rainfall normal in Haskell is 2.28 inches. The month still on the low side of the normal is 14.31 inches measured here on the 19th.

**WORTHY CAUSE**—C. H. (Bud) Herren, agent for the Haskell County Farm Bureau, second from left, presents to R. V. Black, second from right, Haskell volunteer fireman, a check from the Farm Bureau to cover a portion of the cost of his attendance at the recent Texas Firemen's Training School on the campus of Texas A&M University. On hand for the presentation in front of Haskell's Fire Hall are Tom Watson, extreme left, and Floyd (Satch) Lusk, extreme right, chief and supervisor, respectively, of the Haskell Volunteer Fire Department. The Farm Bureau's action is a tangible expression of its gratitude for the Haskell Fire Department's efforts in curbing fire hazards in rural areas, Herren said.

### HASKELL CO. FARM BUREAU SPONSORS FIREMAN TRAINING

R. V. Black, member of the Haskell Volunteer Fire Department, recently was presented a check by C. H. (Bud) Herren, Haskell County Farm Bureau agent, as partial reimbursement for expenses incurred through participation in the annual fire control training program held last month on the campus of Texas A&M University.

This is the second year that the Haskell County Farm Bureau has sponsored the training of a volunteer fireman. C. G. Hammer, the president of this county's Farm Bureau, said this is part of a statewide program coordinated by the organization and aimed at reducing fire losses in rural areas.

Black, who was accompanied by Haskell Volunteer Fire Department Supervisor Floyd Lusk, was one of some 140 volunteer firemen from 78 Texas counties who attended the 35th annual Texas Firemen's Training School July 19-24 under Farm Bureau sponsorship.

Conducted by the Engineering Extension Service in cooperation with the Texas Education Agency, the school provided instructions on fire protection and prevention as well as fire-fighting techniques. The Farm Bureau-sponsored students also attended two special conferences on rural fire protection in addition to regular courses at the school.

Lusk has been attending the A&M annual firemen's school for 17 years.

### PUBLIC NOTICE

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.**  
SENATE JOINT RESOLUTION NO. 10 proposing an Amendment to Section 51a of Article III of the Constitution of the State of Texas by adding a new Subsection to be known as 51a-2; giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amount paid out of state funds shall never exceed the amount that is matchable out of Federal funds for such purposes; providing that certain means relating to the correction or remedying of abnormalities of vision shall be included within such medical care service or assistance; providing for the necessary election, form of ballot, proclamation, and publication.  
**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**  
Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended by adding thereto a new Subsection to be known as Subsection 51a-2, which shall read as follows:  
"Subsection 51a-2. The Legislature shall have the power to provide by General Laws and to make payment for same, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for

needed medical services. The payments for such medical assistance on behalf of such needy individuals shall be in such amounts as provided by the Legislature; provided, however, that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds for such purposes; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."  
"The Legislature shall have the authority to accept from the Government of the United States, such financial aid in the form of medical assistance on behalf of the needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services, as such Government may offer not inconsistent with restrictions herein set forth."  
Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:  
"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amount paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."  
Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.

viding that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."  
"AGAINST the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amount paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."  
Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.

The meanest man I ever heard of was the restaurant owner who went around pinching the waitresses' tips.

The season of the "Big Sneeze" is just around the corner—for hay fever sufferers. Mid-August and September mark the maximum high in ragweed and other pollen counts. Despite all the hay-fever remedies... there is no free area or escape zone... so watch out for the signals of red noses, watery eyes and weary snuffles.

Just about all of us, including this scribe, complain about food prices, as we do about other prices, however, if we do a little reasoning we will realize that Americans get more food for a smaller percentage of our incomes than any other people on earth. The typical American family pays about 20 per cent of their after-tax income for food, while Russia, Italy, Sweden and a number of other countries, top that figure considerably. Some of us holler about the "good old days" when prime beef was 15 cents a pound, and bread two loaves for a nickel... but that had to be paid out of an \$11.00 a week family income, and food took 40 per cent of the whole. That isn't all either... for today's food is higher in quality,

and comes in infinitely greater variety.

When an accident has happened, how many times we wish we could live those few seconds over again. In most of the cases the accident would not be repeated. The reason is obvious; our mental processes would size up the situation and show us how to proceed safely. If those few seconds—prior to the accident—could be lived over, one factor would be changed; that of our mental attitude. This one factor could have prevented the tragedy, be it great or small. The hazard might have existed, but when we stopped for a brief moment of thought to consider the things that might occur, the hazard would have been rendered harmless and we would have remained unhurt.

It is very much like removing a fuse cap from a dynamite charge, the potential destruction of the dynamite is still there, but nothing happens because there is nothing to set it in motion.

Most accidents occur when a day-dreamer comes along and rouses them to life. An accident seldom claims a victim without the help of some person who didn't think.

I knew this was bound to happen sooner or later!

A woman driver, baffled by a rear-engine auto, put the gas in the wrong end and set her car on fire.

The woman told police she was driving a rear-engine Hillman to a dealer when she ran out of gas on a busy street. She ran off to get a can of gas, then surveyed the car. "There was this cap at the back of the car," she said, pointing to where the oil-filter cap used to be. "I pulled it off and saw a hole—so I poured in the gasoline. But when I started the car there was a loud bang and smoke." The gas had gone into the engine sump. The cap blew off, and firemen had to put out the fire in the engine.

Police later showed the lady the gas tank cap at the front of the car. "Oh," said the lady, "I thought that was on the

radiator."

Anyone, this hot weather, in need of, or desiring "sure enough snowballs," may contact this scribe. Last December, about a week before Christmas when this area received a light snow, I scooped up enough of the fluffy-white stuff from the top of my car to make a couple of large size snowballs. I placed these in the freezer compartment of a refrigerator we have here at the office. During this summer weather, I have been thinking about putting on a big "close-out special snowball sale," or at least I might charge a small fee to let customers hold the cool, sparkling white snowballs in their hands, or to take a peek at them. At least it might stimulate a cool sensation to creep over the on-lookers... and they in turn could remember "that was the week that was"... cool, man, cool!

In many of the beauty shops the ~~gossyp~~ alone would curl your hair.

Where are the "gals" going to wear the falsies, if topless bathing suits "catch on"? It's almost evident that manufacturers of falsies are going to suffer a business slump, if topless bathing suits "catch on."

A Detroit psychiatrist says that many persons who are unhappy and frustrated with their work are prone to on-the-job sickness and injury. This must not apply to newspaper people, because I have been frustrated in the business for 36 years.

Lions International, the largest service club in the world, is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the globe completed more than 400,000 individual projects.

## Lions Club Hears Knox City Man Tuesday Noon

In a very heart warming and inspirational message, Frank Hunt, of Knox City, told members of the Haskell Lions Club, Tuesday noon, what the Alcoholic Anonymous program is doing in this area, and all over the country.

Hunt, who is a dispatcher in the local AA organization, spoke frankly about the alcoholic problem and the good that AA's are doing all over the land. He related his own experiences; how Alcoholics Anonymous had helped him, and how the organization had helped many of his friends and neighbors.

Royce Adkins was in charge of the program and introduced the guest speaker.

Frank Cadenhead, M. D., called to the attention of Lions that their help was needed on Saturday to serve at "Hey-Day." A number of Lions volunteered their services.

Myron Biard and A. C. Richardson, were noted as guests at the Tuesday session.

### Durham Resigns

First Vice President, Rogers Durham, minister of the local First Christian Church, who is moving from Haskell in the near future, resigned the first vice president slot. Jim Sampson was moved to first vice. Hugh Ratliff moved into the second vice position and Jack McAdoo was named as third vice president.

### Receives Award

Haskell Lions President, Frank Martin, received the Distinguished Service Award from the National Association of County Agricultural Agents, at the Tuesday meeting. Immediate past president, Wallace Cox Jr., presented the lapel button, and read a letter from Bill Fallmeyer, of Matador, Director District III, Texas County Agricultural Agents Association, commending Mr. Martin for his 21 years of faithful, loyal and distinctive service in the agricultural field.

### C of C Budget

(Continued from Page 1)

"On the vision and leadership of your newspaper, your banks, and your city officials, rest the rise or fall of a town," Jennings declared. "They are the greatest force for good in the community and have more to do with building a town than anyone or anything else." He said these establishments and groups occupied positions of trust in a community and "no man has the moral right to occupy a position of trust in a town and not try to build for the future."

It was after Alfred Pierson, president of the Haskell National Bank; Jetty V. Clare, publisher of the Haskell Free Press; Mrs. Viars Felker, business and civic leader; Drs. T. W. Williams and Frank Cadenhead Jr., endorsed Jennings' utterances that the town hall audience voted the whopping budget increase and declared itself in "sleeves rolled status" ready for community action to achieve its goal.

E. J. Stewart and Emmett Russell made and seconded the motion that prompted the budgetary increase without a dissenting vote.

Jennings was accompanied to Haskell by Bill Shelton, new executive of Industrial Development, Inc., the Chamber of Commerce-sponsored industrial expansion organization in Wichita Falls.

## Haskell Stone

Christian College. In addition to his vocational agriculture, Stone has taught in other school programs.

Vocational agriculture students under his supervision have received top honors in livestock shows in Wichita Falls, Abilene, Fort Worth and Dallas. Several first place awards have been won in judging contests by students training under Stone. A total of 20 students have attained the Lone Star Farmer Degree in FFA work, and Stone himself was awarded the Honorary Lone Star Farmer Degree by the Texas Association for his outstanding work with students enrolled under him. This is the highest award given by the state association.

Stone is active in his community, serving as a deacon Sunday School teacher, and in other places of responsibility in the Baptist Church. He is a member of the Rotary Club, the Chamber of Commerce, and the Farm Bureau. He also is a Mason and has been head of each division, and is now serving as Commander of the local Commandery.

Elected grand junior warden in 1960, Colliard steadily rose to the position of Grand Master of Texas, having been chosen in 1963.

He is engaged in real estate, insurance, farming and ranching in Spearman. He also pilots his own plane. He is married to the former Marjorie Davis, and they have three children, Carolyn Susanne, Helen Lucille and Thomas Randle.

## Farmers Home Administration Sets Area Tour

A tour of area farms, the owners of which have been helped by the Farmers Home Administration, United States Department of Agriculture, will be conducted for a group of people interested in agriculture by FHA officials here on Friday, Donald R. Perry, Haskell County FHA supervisor, announced Wednesday.

The tour will be conducted by Oris R. Bruner, area supervisor; Perry, and Felix C. Clemens, assistant county supervisor.

Purpose of the tour of three farms will be to acquaint the public with the work FHA is doing and the improved farm practices FHA recommends, Perry declared.

Leaving the Haskell National Bank at 8:30 a. m., the group will be on tour until 11 a. m., returning to the bank to see a 30-minute film, after which a 15-minute discussion period will be held prior to completion of the tour agenda.

## Sterlin Holmesly, Ace Newsman, Home For Visit

Sterlin Holmesly, a Haskell "boy" who has made good as a newspaperman, is a visitor in his old home town this week.

Holmesly, now managing editor of the San Antonio Express, and still in his early thirties, brought his family to Haskell for a visit with his mother, Mrs. Pearl Holmesly, here. He dropped in at the Haskell Free Press Wednesday to "talk shop."

A 1949 graduate of Haskell High School, Holmesly graduated from West Texas State University and began his newspaper career with the Amarillo Daily News and Globe Times. He was on the editorial staff of the Hereford Brand and the Corpus Christi Caller-Times before going to San Antonio as a newsman. He has held increasingly responsible posts on the Express there for the past several years.

**VIGNETTE ON VALLEY FORGE:  
A "SCOUTS-EYE" VIVID VIEW**

By **BOBBY BLACK**  
(As Told to the Free Press)  
After leaving Abilene for the 1964 National Jamboree, we headed non-stop to Philadelphia, Pa. Well, almost. We had an hour's lay-over in Ardmore, Oklahoma while mechanics repaired a pressure valve in the rear of the airplane. Of course, we didn't mind at all, especially after the stewardesses began handing out cold drinks furnished by the air port. From there we flew to Philadelphia, unloaded, and rode to Valley Forge by bus. About 45 minutes later, the Scouts from the scheduled plane came into camp. However, they had a fairly good excuse. As the jet which they were to ride on landed in Dallas, it collided with an unattended tractor left on the airstrip. Although the tractor was demolished, there was no apparent damage to the jet. After a couple of hours of testing and checking, the Scouts were allowed to board.

Good turns were in order, also. One of my proudest moments was when Mark Jones of Abilene and I stopped a line of almost 700 Scouts with a single tweet of our new whistles, to let a jeep pass.

After visiting the gigantic World's Fair and the historic Philadelphia, we broke camp. The weather was perfect, the coldest, rainiest day of the week of course.  
As you can see, the 1964 National Jamboree left a vivid, lasting impression on me, one which I shall never forget.

**"ON STAGE"**—Millie Holden, Haskell High School senior, is preparing for this call as she puts on the finishing touches before her appearance as "Sarah" in "The Last of the Papier Mache Cupids," a production climaxing the second annual high school theater workshop recently sponsored by the University of Texas Drama Department. Millie, daughter of Mr. and Mrs. W. O. (Bill) Holden here, was one of 40 high school students selected for the 4-week course. The faculty included Mrs. Katharyn Crosby, wife of the celebrated Bing.

**"King" Patterson  
Passes Crown To  
Gaines Successor**

W. H. Patterson, Jr., 8-year-old son of Mr. and Mrs. W. H. Patterson, Sr., of Rochester, was one of the principals in Seminole's recent "Little Miss and Mr. Farm Bureau" contest of Gaines County.  
The Rochester youngster, who formerly lived with his parents in Seagraves, was the "Little Mister Farm Bureau" of 1963 in Gaines County, and passed on his crown to the 1964 winner in the recent event in Seminole. The Pattersons, originally from Rochester, have an established residence after living in Seagraves for a time.  
As out-going king of the pageant, the 8-year-old Haskell Countian was presented a gold travel case.

Thursday, we took in the memorable Washington D. C. Among the strange and new things visited were: the White House; our national Capitol (including the office of Granau Purcell, a friend of one of our assistant Scoutmasters); the Lincoln Memorial, Washington Monument, Arlington Cemetery, and a troop of Canadian Scouts. Of course, we couldn't leave without an exciting incident. It seems as though the bus driver "missed" the sign which read, "Weak Bridge; Load Limit 5 Tons." The do-right boy on the motorcycle didn't think it was funny for two 15-ton buses to drive over the bridge. After a ten-minute speech and two near tickets, the patrolman sped off after learning that 600 more buses were headed for the same bridge.

In Valley Forge, things got under way with a bang when hundreds of spectacular fireworks were exploded as the closing of an American Heritage program. A highlight of the program was a speech by Lady Baden-Powell, wife of the late founder of the Boy Scouts.

Swapping was the main attraction of the campers. Everything from Texas rattlers (most of mine were donated by West Texas Utilities), Pakistani sabers, crude oil, bull whips, patches, neckerchiefs, Canadian shorts, and surfboard neckerchief slides from California, were in order.

One of the highlights of our trip was when troops from different states came to visit us. We exchanged gifts, jokes, and cranky Scoutmasters (only the Scoutmasters didn't know).

There were many different signs of welcome at each troop's entrance. Among these were: Welcome to Texas, the

**2 Rule Churches  
Set Revivals In  
Next Few Weeks**

Two Rule churches are holding revivals during the next three weeks, their congregation leaders announced Monday.  
A meeting will be held in the Rule Church of Christ beginning Tuesday morning, Aug. 11, and continuing through Sunday, August 16.  
Roy Deaver, minister of the Brown Trail Church of Christ at Hurst will be the visiting preacher, and Arles Vandiver, minister of the Rule church, will be song leader.  
Morning services will begin at 7:00 and evening services at 8:00, throughout the revival.  
August 16-23 are the dates for a revival to be held at the Sweet Home Baptist Church.  
Dr. Joe R. Boles, pastor of the Gambrell Street Baptist Church in Fort Worth, will be the evangelist.

**1960-64 VOTER STRENGTH IN  
13TH DISTRICT REVEALS STORY**

The weather seems to be the same old story at this stage of summer, so how about switching to politics with the season fast approaching?

Texas 13th District's incumbent Congressman Graham Purcell, of Wichita Falls, and his Republican opponent, George Corse, of Graham, will have at least 90,363 voters to whom to present their campaign messages this fall. That's almost 6,000 more voters than there were in the 1960 general election. And more of them are in town these days.

Steady growth in the number of voters in the 13th Congressional District, which includes Haskell, and all the counties surrounding it except Jones, is shown by a tabulation of figures on poll tax payments and exemption receipts obtained in the district's nineteen counties.

Comparing presidential election years of 1960 and 1964 reveals that 11 of the 19 counties in the district have lost voters since 1960, including all in the Haskell area with the exception of one, Kent, which turned up with exactly the same number—680—as it had four years ago.

But the bigger counties, Wichita, Denton, Cooke and Wilbarger, have continued to gain in voter strength.

The tabulation shows that this congressional district has 90,363 qualified voters, in addition to those over 60 who live in towns under 10,000, and in rural areas, who do not need an exemption certificate to vote, and the voters who obtained the federal-only registrations entitling them to vote in Federal elections only. Haskell County, for example, is reported to have some 1500 potential voters in this category, over and above its 2949 registered ones. The "ever-60's" and "federal only's" are not reflected in the tabulation.

The 1964 figure of 90,363 compares with 84,417 voters in the same counties in 1960. But in 1960, there were 87,255, indicating a drop in population in some counties during the drought era.

The following tables compare the 1960 and 1964 voting strengths of the counties in the 13th district:

County	Polls		Exemptions		Totals	
	1960	1964	1960	1964	1960	1964
Archer	1739	1833	41	58	1780	1891
Baylor	1541	1443	33	50	1574	1493
Clay	2282	2356	46	28	2328	2384

Stonewall	1311	1197	35	27	1346	1224
Throckmorton	1038	995			1038	995
Wichita	24,896	24,179	2167	6973	27,063	31,152
Wilbarger	4207	4145	1715	1868	5922	6013
Wise	4173	4165	109	113	4282	4278

Totals	76001	76050	8416	14333	84417	90363

Since the 1964 voter gain principally is in exemptions, it can be assumed this gain is comprised of people attaining voting age and citizens over 60 moving from rural areas to the larger towns.

**Cancer Center  
Will Be Closed  
During August**

Haskell County Cancer Center located on 3rd floor of the Courthouse here, will not hold its weekly Thursday work session during August unless a need for supplies to serve cancer patients arises, Mrs. P. C. Spenny, one of the workroom coordinators, has announced.  
Should the need occur, there will be a called meeting for volunteers to prepare bandages and other necessities, Mrs. Spenny said.  
The cancer center here will resume its services the first Thursday in September from 2 to 4 p. m. at its workroom in the Courthouse.

Volunteer workers at the Center during the past three sessions have included Mmes. Spenny, Jim Darden, Alice Mayes, R. R. Overton, Howard Montgomery, J. R. Davis, Ed Hester, J. B. Edwards, H. Russell and McMeans.

**Mrs. Mayfield To  
Be Secretary Of  
Rule WTU Office**

Mrs. Billy Mayfield, of Stamford, has accepted the position of secretary in the West Texas Utilities office in Rule, and will assume her duties on August 15.  
The Mayfield family, which includes four children, will move to Rule soon, and Mr. Mayfield, an employe of the Lone Star Gas Company in Stamford, will commute between Rule and his duties there.  
The Mayfield children include Debra, 10, a fifth grader; Ira Don, 7, a third grader; Charles, 2½; and Cynthia, 1½.  
Rule's newest citizens are members of the Baptist Church.

Mrs. Mayfield is replacing Mrs. Don Sims, who, with her family, will be moving to Stamford, where her husband is employed with Humble Oil and Refining Co.

**COLORADO CITY NEW COMPETITOR**  
**WOE IS US! ANOTHER BALL CLUB HAS BEEN ADDED TO 6-AA**

It may not be the proper time to bring it up in some quarters, but the football fortunes of Haskell's District 6AA Indians is a matter of year-around concern to the frenzied following here. So here goes.

The Indians' 1964 gridiron schedule came to light here recently, and something new will be added to the torrid 6AA district this fall for the first time. That something new is Colorado City which boasts to seven the number of elevens in what has come to be regarded in schoolboy football circles as "The Little Southwest Conference" on account of the dog-eat-dog tactics of this district's teams and the way they have of knocking off each other with no regard for who beat whom the previous week.

September 4. Then comes a tussle with some other Bull-dogs, Class A, Clyde, variety, on September 11, here, followed by 5-AA Seymour, also here on September 18.

The final pre-district scrap will be with the Munday Muggs, always tough for Haskell, Class A, or no, at Munday, on September 25.

The full Haskell Indian schedule:

Sept. 4, Electra, there; Sept. 11, Clyde, here; Sept. 18, Seymour, here; Sept. 25, Munday, there; \*Oct. 2, Colorado City, here; \*Oct. 9, Winters, there; \*Oct. 16, Stamford, here; \*Oct. 23, Hamlin, here; \*Oct. 30, Anson, there; Nov. 6, open; \*Nov. 13, Ballinger, there. (\* Denotes conference games.)

There shouldn't be too much joy in the six other 6AA camps when coaches, squads and fandom all arrive at the full realization that the hide-strapping gauntlet through which each has to pass now lasts six weeks instead of five, adding another week of misery all around.

Title-hopeful Haskell, with a new head coach, Sonny Everett, ex-Breck and Rice star brought up from the ranks succeeding the popular Ray Overton, has the dubious distinction of colliding first with the 6AA newcomer, Colorado City, opening league play here Oct. 2.

Following that for Haskell will be four fearful Fridays of leather pounding in a row, then a finale with Ballinger on November 13 after one open weekend Nov. 6. The Indians take on their arch-enemy Stamford's Bulldogs at mid-season this fall, a new departure in scheduling. Last November, Stamford knocked Haskell out of a share in the 6AA title with Winters in the season's last game.

Before hitting the district warpath against Colorado City on October 2, the Indians have four "warmups," two each against Class AA and Class A clubs. The first of the season is a pre-Labor Day ball game with Electra, of 5-AA, there, on

**Ray Bennett New Addition To HHS Coach Crew**

Haskell High School's coaching staff is at peak strength again with the announcement that Raymond Bennett, who has coached at Cameron, Texas High School the past two years, will be assistant varsity coach in football and head coach of all junior high school athletics here.

Supt. of Schools Hooper T. Wilkinson here said Bennett fills the vacancy created when Sonny Everett, former Breckenridge all-state and Rice University star, was moved from assistant to the head coaching slot upon the departure of Ray Overton, head coach for seven years. Overton has gone to a post at Cooper High School in Abilene.

Bennett takes over the duties formerly performed by Everett. He worked a year with

Everett on the Cameron High staff in 1962-63. Everett came here from Cameron.

The new assistant coach, a graduate of Lufkin High School, lettered three years and was a standout at guard at Austin College, Sherman. He was 'B' team football coach and head baseball coach his two years at Cameron.

Bennett is married and the couple have one child. They plan to move to Haskell from Cameron immediately. They will live at 1404 North Avenue H here.

**Chester Jones Is Signally Honored By Defense Dept.**

Chester Jones, son of Rev. and Mrs. Jesse Jones, of Haskell, recently was the recipient of an "outstanding and sustained superior performance" award from an agency within the Department of Defense in Washington, D. C.

Jones, a 1958 graduate of Haskell High School, has been employed by the Department of Defense as a mathematician since his graduation from the University of Texas in 1962.

The outstanding young man is married to the former Linda Lane, daughter of Mr. and Mrs. R. A. Lane, of Haskell. The couple live in Riverdale, Maryland, with their two children, Lane 3, and Jessica, 18 months.

**CARD OF THANKS**

We would like to take this means of saying "Thank You" to all our friends and neighbors for the nice visits and words of cheer, the cards, the lovely flowers and food that was brought to our home during my recent illness and stay in the hospital. Especially, thanks to the doctors and doctors, kitchen crew and all those who helped so much that day, and to Bro. Nobles, and the Baptist Church for their kindnesses, flowers and prayers.

May God bless each and every one of you.

**Roark Barnes Is Leaving Band Director's Post**

Roark Barnes, director of bands in the Haskell schools, has resigned his post to enter the insurance field, Supt. of Schools Hooper T. Wilkinson announced Friday.

Barnes came to Haskell from a similar post at Jayton in September, 1963. Members of his Haskell High School Band, individually and collectively distinguished themselves in various competitive performances during his year of supervision here.

Frank Porter, who was director of bands here for several years until the end of the 1962-63 school year, also resigned the position to enter private business.

Supt. Wilkinson said Haskell "is in the market" for someone to fill Barnes' vacated position.

**Revival Starts At Foursquare Church Sunday**

Special prayer services are being held all this week at the Haskell Foursquare Gospel Church in preparation for the opening of a revival which begins Sunday, August 9, and continues through Sunday, August 16.

Rev. David Wood, of Dallas, will be the evangelist. Special music by the choir of the church here will be a feature of each service.

Evangelist Wood, according to Rev. Roy Herricks, pastor of the church here, "presents the gospel message in a striking and challenging manner." In addition to his Bible teaching, the young evangelist has a unique musical talent which he demonstrates as he plays his own arrangements on an electronic accordion of beautiful hymns.

Prayer services will be held before each worship period during the revival. Worship begins at 7:45 o'clock each evening, and Sunday morning services are at 11 o'clock.

Rev. Herricks has issued a cordial invitation for all persons regardless of denomination to participate in the revival.

The Good Earth

by MRS. B. F. COBB

Haskell has something new to boast about this month. Mrs. R. C. Couch Sr. has three coffee trees. She brought the beans from Hawaii, planted them in pots, and from what she told me, watered and cared for the seed until her patience was exhausted. Finally the tiny plants appeared. The foliage is a dark glossy green. One little tree now has 5 leaves on it. Mrs. Couch hopes to exhibit these novelties this fall at the flower show.

There are many succulents that make attractive house plants, too, and can be planted now for the fall show.

Succulents are plants with thick juicy tissues in their leaves that hold moisture for long periods of time. Cacti is of the succulent family. House leak, the kind Mrs. Paul Kuenstler has planted in the flower box at the clinic, is equally at home in the house or garden.

This type plant can be had either with orchid blossoms or the lacy star shaped white blooms. One variety has variegated leaves. The plants die down in the fall, if left outdoors, but come back from the roots next spring. Kalanchoes, another thick leaved plant of the succulent family, is highly valued as an indoor plant. The thick pointed leaves are notched, as though some one had used pinkish shears to cut them out. In each notch tiny plants make their appearance, to grow and finally drop on the ground, to root and start a life of their own. The Kalanchoes also bloom a cluster of star-shaped salmon pink flowers, but are very slow to come into bloom.

All varieties of succulents require very little water; and should never have soggy roots. Be sure the pot has good drainage.

Wandering Jew: Plants of the spider web family, make very attractive hanging baskets or spill their long tendrils down beside the pot, often trailing to the floor. There are two varieties of this plant found in nurseries and seed houses. T. fluminensis, a plant of solid colored leaves, some purple and some green. Zebrina Pendula comes in a variety of purple and white striped leaves. Most plants of the Wandering Jew family eventually blossom. The flowers are either white or blue.

Hermann Sons Launching Big Member Drive

Hermann Sons Lodge of Haskell No. 241 is joining 165 other lodges of the Order of The Sons of Hermann in Texas in conducting a membership campaign from August 1 through October 31. Fritz Schilo, grand president of the order, has announced.

Membership representatives of the Haskell Lodge are Frank W. Moeller and Martin G. Rueffer both of Route 1, Haskell.

Some 60,000 men, women and children belonging to the order are eligible to participate in the campaign and will get special awards for successfully recommending new members during the three months, Schilo said.

The Hermann Sons order, which dates back 103 years in Texas, operates its own home for the aged and a youth summer camp, both at Comfort, in the Texas Hill country.

Capt. Harry Logan In Pilot Instructor Program At Waco

Captain Harry D. Logan, husband of a Haskell native, has entered the U. S. Air Force pilot instructor course at James Connally AFB, near Waco.

Upon completion of the training program, Capt. Logan will be assigned as an instructor pilot at an Air Training Command pilot training base for duty. ATC trains airmen and officers in the diverse skills required by the nation's aerospace force.

A member of Alpha Tau Omega, he attended the University of North Dakota prior to entering the service in December, 1951. He was commissioned in 1953 through the aviation cadet program.

His wife, Mary, is the daughter of Mr. and Mrs. R. E. Bounds, of Route 2, Haskell.

JUST ABOUT EVERYBODY HEEL AND TOEING IT FOR HEY DAY!

Townpeople in Haskell County's seven communities, and their cousins in the rural areas, were heel-and-toeing it up, down and all across this 107-year-old county early this week feverishly preparing for the two huge events which will mark the observance of the second annual Hey Day in this West Texas domain, Thursday and Saturday.

A recording-breaking "Pageant of Punctitude" Thursday night at the Texas Theater to choose a reigning queen for Hey Day, and Hey Day itself on Saturday with a Senior Citizens' "Fiddlin' Fiddle," a Haskell-Jaycee sponsored carnival, a beautiful barbecue of "varmint steaks," and a panoramic pageant of historic setting directed by Mrs. Frank Cadenhead, Jr., are the main attractions upon which everyone is toiling to be ready for the parades expected here, Mrs. Tom Garfield and Dr. Frank

Cadenhead Jr., co-general chairmen reported Monday. Meanwhile, Mrs. R. A. Lane and Mrs. Viars Felker, co-chairmen of the beauty pageant in which 70 aspirants are entered, called a rehearsal of the candidates with their 70 recently named escorts in the Texas Theater here at 6 p. m. Tuesday. After the rehearsal, the Hey Day committee hosted a "Coke" party for the principals on the lawn of the R. A. Lane home here. Sandwiches were prepared by the Haskell Chapter, Young Homemakers of Texas, and soft drinks were furnished by Fogue's Grocery, Modern Way Food Market and Super-Save Grocery here.

Thursday, a tea for the queen contestants will be given at the Royce Adkins home under sponsorship of the Haskell Business and Professional Women's Club, from 3 to 6 p. m. Then, a Hospitality Committee from the Magazine Club here will open the homes of many Haskell citizens to the out-of-town contestants, that they may rest and prepare for the judging of candidates at 8 p. m. Thursday.

Most every civic and service group in Haskell has vaulted into action with Hey Day "chores." One of the busiest here was the membership of the Progressive Study Club door-to-dooring it for prizes to give away at the Jaycee carnival in Rice Springs Park on Saturday afternoon.

Herb Ray Will Be Leader At Veterans' Meet

Fred H. (Herb) Ray, Jr., veterans' service officer for Haskell and Stonewall Counties, and vice president of the Veterans County Service Officers of Texas, will be one of the leaders at the 17th annual statewide rehabilitation conference to be held at the Granada Hotel in San Antonio September 7-10, Charles L. Morris, executive officer of the Veterans Affairs Commission of Texas, has announced.

The annual meeting of the state veterans service officers association will be held in connection with the rehabilitation conference. Hugh Ramsey, of Cameron County, is the current president, with Ray as vice president. New officers will be elected on Monday, September 7, for the coming year.

Also on Monday, Sept. 7, the regular quarterly meeting of the Veterans Affairs Commission will be held. This commission is a state agency established to assist veterans and their dependents or survivors in obtaining the federal and state benefits to which they might be entitled. The five commissioners are appointed by the Governor and serve without pay.

Beginning on Tuesday, Sept. 8, Ray will be a member of discussion panels dealing with various veterans benefits, such as disability compensation and pension, GI loans, education and training, and government insurance.

John Guitar III Edges Wooten For Top Gun Honors

John Guitar III, of Abilene, in a hot gun duel with Haskell Gun Club President Wallace Wooten, prevailed in a 25-bird shootoff at 16 yards to take the high gun honors at a registered shoot held at the traps here Sunday afternoon.

More than 4,000 clay pigeons were released in the spirited shooting session. At Sunday's shoot, Wooten announced that the gun club here plans to buy one new trap and add another in expanding its facilities. Winners at the registered shoot here included:

- Class A singles: Wooten, 99x100.
Class B singles: Dick Lindsey, Graham, 99x100.
Class C singles: F. W. Schmoker, Vernon, 96x100.
Handicap: Lindsey, 49x50; Guitar and David Frierson, Haskell, runnersup tie, with Guitar winning shootoff after each posted a 48x50 score.
Class A Doubles: Wooten, 48x50.
Class B Doubles: Lloyd Taylor, Wichita Falls, 42x50.
Class C Doubles: Dr. Harold Stout, Waurika, Okla., 39x50.

Early Morning Fire Destroys Hay And Shed

Spontaneous combustion was believed the cause of a "hot" fire which consumed several hundred bales of new hay and the shed in which the hay was stored about 200 yards north of the old Eagle Courts on Highway 277 some two miles north of Haskell shortly after 5 a. m. Monday.

The hay, owned by John Paul Perrin, was stored there a week ago, it was reported. A dozen members of the Haskell Volunteer Fire Department manning two trucks went to the scene of the blaze, where flames were leaping high into the air by the time of their arrival. The shed and contents already were "gone" and the fire fighters had to be content to prevent spread of the flames to adjoining parched grassland. Fire Department Supervisor Floyd (Satch) Lusk and Fire Captain E. J. Stewart reported.

Former Pastor Is Evangelist At Mattson Revival

A former pastor of the church will be the evangelist at a revival in the Mattson Baptist Church beginning Friday and continuing through Sunday, August 16.

Rev. Lavoid Robertson, who filled the pulpit at the Mattson church in 1956-57, will be the evangelist. He now has a pastorate at Twin Falls, Idaho.

Morning services will begin at 7 a. m., and evening worship starts at 8 o'clock each night during the revival. Prayer services at 7:30 p. m. will precede each night's preaching.

Rev. H. H. Sego, pastor of the Mattson church, has issued a cordial invitation for the public to participate.
