PAINT CREEK... COMMUNITY NEWS

BY MRS. GENE OVERTON

I don't know about the rest of the world, but it is winter-time in Paint Creek. It is almost too cold to strip cotton, but the farmers just bundle up more and go on stripping. The late cotton still hasn't dried out from the freeze, and most farmers are waiting on it. But that that has been defoliated is ready, and the gins are covering their wide yards with full

trailers every day. In a week or two, if the pretty weather continues, it will be hard to get cotton ginned and the empty trailer back in 24 hours. The community said goodbye to one of its senior citizens last Thursday afternoon at funeral services for Mother M. L. Mid-dlebrook. I guess she must have been our oldest citizen. The other older people have moved to town, but she lived alone near her daughter and son-in-law, Mr. and Mrs. Louie Kuenstler, until just a few weeks ago. She killed a rattlesnake in her hen house just last summer and was the most independent onew hen it came to doing everything for herself. She'll be missed by the community and especially the Baptist Church, where she has been a pillar for as long as I can remember. Our sympathy goes to her children, Cilla Mae Kuenstler and Velton Middlebrook.

There isn't any news really. All the men are stripping cotton and the wives are hauling cotton to the gins or getting ready for Christmas.

Farm And Ranch Census Taking Starts In County

A census of agriculture, supervised by the Bureau of the Census, U. S. Department of Commerce, has begun in Haskell County under the direction of Mrs. Elsie Dowden, Throckmorton, crew leader for this area.

Mr. Erma Banner, Rule. THE VERY NEWEST Mr. and Mrs. Hinds McGowen Jr., of Haskell, girl, Judy Irene, 7 lbs., 8 1/4 oz., Dec. 7, 1964. Mr. and Mrs. Kenneth Isbell, of Rule, boy, Clifford Dewayne, 7 lbs., 10 1/2 oz., Dec. 4, 1964. Mr. and Mrs. Isabel Torres, O'Brien, boy, Isabel, 7 lbs., December 1, 1964. Pete Gererra, Rochester, boy, Gererra, 10 lbs., 1 oz., Dec. 2, 1964.

Enumerators working specific sections of the county will bring up to date the farm and ranch statistics last collected in 1959. Here are a few of the many facts recorded in the 1959 agriculture census for Haskell County:

There were 1,183 farms and ranches in 1958, compared with 1,330 in 1954. The average size farm and ranch was 432.9 acres in 1959 compared with 395.6 acres in 1954.

The value of products sold by the County's farmers and ranchers in 1959 was \$14,531,827. The value of all crops sold was \$11,074,109. The value of all livestock and livestock products sold was \$3,547,718.

The 1964 national Census of Agriculture is the 18th in a series which began in 1840. Because of the rapid changes American agriculture has been undergoing in recent years, Census Bureau officials, according to Department of Commerce report, regard the current census "as one of the most significant

ever taken." They ask every farmer and rancher to cooperate in compiling an accurate record of the changes by filling out the census form he receives in the mail and holding the completed questionnaire until a census taker calls for it. Everybody reads the classified page of the Haskell Free Press.

Miss Markham, Bill Norton Exchange Vows In Ceremony In Oklahoma Church

Miss Peggy Joyce Markham, daughter of Mr. and Mrs. Charles T. Markham, of Tyrone, Okla., became the bride of William Norton of Amarillo, a former Haskell resident, at six o'clock in the evening on Friday, Nov. 27, at the Baptist Church in Tyrone. The groom's parents are Mr. and Mrs. Clovia Norton, formerly of Haskell, now of Bentonville, Ark. His grandmother is Mrs. W. C. Norton, longtime resident here.

The double ring ceremony was performed by the bride's brother, Rev. Keith Markham, of Kansas City, Mo.

Church decorations included two seven-branch candelabra and an archway covered with greenery and accented by white satin bows and wedding bells.

Mrs. Elvin Carpenter, of Tyrone, organist, played traditional wedding music and accompanied Miss Kidka Haydel, soloist, of Amarillo.

Best man was Philip Norton, of Lubbock, brother of the groom, and groomsmen were Jim Sumner, of Denver, Colo. Ushers were Kenneth Woodward, of Guyton, Okla., brother-in-law of the bride, and Orville Scoggins, Tyrone. Matron of honor was Mrs. Joe Wood, Perryton. Bridesmaid was Miss Lema Chupp, Amarillo.

Miss Dollie Norton, of Bentonville, sister of the groom, was in charge of the guest book.

The bride, given in marriage by her father, wore a street length dress fashioned with a Chantilly lace fitted bodice, sabrina neckline, and long sleeves. The skirt was of full-gathered chiffon over bridal satin, with a deep double hem. Her elbow length veil fell from a tiara of sequins and seed pearls. She carried a white lace covered Bible with an arrangement of carnations, each centered by a tiny pink rosebud, and cascades of satin ribbon tied with lovers' knots.

The attendants wore street-length dresses of blue brocade

The reception was held in the church social room. The bride and groom ornament which topped a three-tiered cake was used at the wedding of Rev. and Mrs. Keith Markham.

As the couple left on a wedding trip to New Mexico, the bride was wearing a three-piece rose-beige knit suit with brown accessories and a corsage from her bridal arrangement.

Mrs. Norton graduated from Tyrone High School in 1960, and from Northwest Texas Hospital School of Nursing in Amarillo in November of 1963. She is now employed as a registered nurse at the hospital.

Killingsworth Family In Annual Joyous Holiday Reunion At Lake Brownwood

Members of the Killingsworth family, many of whom are long established citizens of this area, converged on the shore of Lake Brownwood for their annual family reunion over the Thanksgiving holidays.

All of the brothers and sisters made the trip. They included Charles Killingsworth, from California, Lee and I. D. of Houston; Mrs. Elmer McPherson, of Plainview; Mrs. Grady Roberts, of Wichita Falls; Mrs. Alfred C. Pierson, Mrs. John Pierre Payne and Mrs. Thomas Ballard, all of Haskell. Many of their children and grandchildren joined the gathering.

Newest members of the clan, born since the last reunion, are John David Price, grandson of the John Pierre Paynes; and Denise, granddaughter of I. D. Killingsworth. Also among the youngest generation present were Julie Price, of San Antonio, and Aubrey and Kimberly Smith, of Amarillo.

Mr. J. D. Graves, a distant cousin, who had lived in Birmingham, Alabama, and only last year, at the age of 93, had made the trip to the reunion, died this fall. Mr. Graves, who, in his youth, had lived with members of the Killingsworth family, always reported remembrances of the first Killingsworth to live in Texas; and his presence was missed from the annual gathering.

TOGETHER AT VENERATED HOME— FAMILY REUNION HAS FROM FARAWAY

Mr. and Mrs. Edwin Fisher, of Longview; Mr. and Mrs. Gordon Taylor, of Kingsland; and Mrs. Rutland and Mrs. Smith, of Waco.

The entire family group was entertained by Dr. and Mrs. Floyd Taylor in their Abilene home for dinner Friday evening after Thanksgiving.

Also on hand was Effie Thompson, the family cook, who has been with the Taylor family 46 years.

The day was happily spent in reminiscing about early days of the large family. They moved to Haskell 55 years ago, in 1909, and two of the children were born here. Many pictures of early Haskell homes and buildings were displayed as childhood events were recalled. Photographs of the old horse, "Patsy," who took Dr. Taylor in his buggy to make many a call in the early days, were included in the album of memories.

Following a bountiful Thanksgiving dinner, Mrs. Lucille Sherrill took her place at the piano as the family gathered around for an old-fashioned sing-song of old favorites loved by the entire group. To climax the day, movies were shown which brought intermittent laughter and tears.

The day ended in a prayer of true Thanksgiving for the blessings enjoyed by this large family and all its members. As one member of the family from far away put it, "The family will always cherish Haskell, their home town."

Attending the reunion were: Mrs. Richard Sherrill, of Pittsburg, Pa.; Dick Sherrill, of Abilene; Mr. and Mrs. T. M. French, of Bedford, Texas; Miss May Bell Taylor, of Aracaju, Brazil; B. E. Taylor, of Mesa, Arizona; Mr. and Mrs. George Henshaw, of Haskell; Dr. and Mrs. Floyd Taylor, of Abilene;

Big Cattle Run, Market Higher At Auction Here

A total of 736 cattle went through the ring at Haskell Livestock Auction at the weekly sale Saturday in one of the liveliest buying and selling sprees in several months at the well-facilitated layout here.

The market on better kinds of cattle was very active, and slightly higher, Bill Lane, co-owner and operator of the facility here with T. R. Foster, reported. The market on lower grades and butcher cattle remained about steady, he said.

Cattle receipts since September have remained constant, Lane said, but with the holiday season at hand, the outlook is for larger runs and possibly higher prices.

Hogs are off to 14.75, which is uncommon for this time of year, the auction officials declared. Lane said the Haskell Livestock Auction will furnish prices on different classes at any time.

lue, Baird, Hamlin, Jim Ned, Hawley, Clyde Canutillo, Stundown, El Dorado and Lueders.

Among contending teams are Baird, which captured the state Class A title last season, and Trent, which annexed the state Class B championship last year. These two teams met in the Dyess 1963 finals, and Baird edged Trent 59-57 in the last seven seconds.

Sundown High School, only contender to take a Dyess championship two times, returns for a third title attempt.

O'Brien Bulldogs Are Champs Of Region II-6

Hard Running James Duncan and Swivel-Hipped LaCarlton Rhodes gave a small crowd in sub-freezing weather a thrill-a-second last Friday night at Knox City in pacing O'Brien's unbeaten Bulldogs to the Region II championship of Class B, six-man football. O'Brien laid it on the Strawn Greyhounds by a 72-33 score.

Duncan personally scored 40 points for four touchdowns and eight of nine successful kicks for 2-point conversions. He covered 224 yards in 20 carries for an 11.2 average per tote.

Rhodes entertained the brave fans, 300 in number, who turned out, with a dippy-doodle display of gear-shifting running. The 157-pounder packed the pigskin 16 times for 175 yards, a 10.9 average, and scored three times.

O'Brien, of District 5-B, finished the season with a perfect 10-0 record. The regional playoff is as far as Class B-6 teams go.

Head Coach Charles Thorn, of O'Brien, was reported "happy in his work" all evening, and praised the team effort of his potent Bulldogs.

MRS. JACK PIPPIN PRESENTS SIDE SPLITTER FOR ROTARIANS

Haskell Rotarians, in a marked change of program pace, were treated to a new high in hilarity at their last meeting when Mrs. Jack Pippin, a home townier who continues to take the wraps off new talents, presented a side-splitting, unique, first-person review of the currently popular book, "O Ye Jigs and Juleps." It is a collection of essays of a sprite of 10, Virginia Carey Hudson, brought to light after 40 years in the recesses of an attic trunk.

Mrs. Pippin, donning a hair ribbon, and enacting the role with vigor, becomes the 10-year-old in a first-person recitation of several selected essays, among them those on personal appearance, how to behave in church, what you do in church, the spring season, books, and the people and architecture of China.

The author's Episcopalian background is revealed in a rollicking manner by the reviewer, who casts a mirthful insight on the characteristics of other denominations. In one declaration, Mrs. Pippin quoted the spritely author as having told the Baptist Church being located next to the Episcopal house of worship. "The Baptists sing so loud the Lord can't hear us," she wrote.

In another answer to a question posed, she expressed her opinion that the Presbyterians believe in procrastination, "and their pledge cards prove it."

One of Virginia Carey Hudson's philosophies of life, as recounted by Mrs. Pippin, was: "I'd rather be ignorant and have fun, than be educated and satisfied."

Mrs. Pippin was commended for bringing "one of the best programs we ever had" at the conclusion of her Rotary appearance.

**MRS. ED HESTER AND FELIX MULLINO ATTEND—
COUNTY CANCER UNIT LEADERS
REPORT ON STATE CONVENTION**

Mrs. Ed Hester, president of the Haskell County Unit, American Cancer Society, was the official delegate to and one of the key speakers at the recent annual meeting of the Texas Division at the Granada Hotel in San Antonio.

A report on maintaining a volunteer information service center was presented by Mrs. Hester during a session at which four other cancer society leaders in Texas, two from Dallas County and one each from Nueces and Bexar Counties, were also heard on the operation of successful service programs.

Two other volunteer leaders from this area participated in the San Antonio meeting of the Texas Division. They were: Mrs. E. M. Pittman, of Anson, president of the Jones County Unit, and Felix Mullino, Rochester, the 1964 Cancer Crusade chairman in Haskell County, under whose direction this county bettered its best previous record, contributing some \$3600 to the fight against cancer.

Highlights of the meeting were special addresses by Doctor R. Lee Clark, of Houston, director of the M. D. Anderson Hospital and Tumor Institute, and Dr. F. J. L. Blasingame, of Chicago, executive vice president of the American Medical Association.

The appointment of Mrs. John Connally as State Crusade Chairman was announced, and a state-wide goal of \$1,800,000 to be raised in the April, 1965, Crusade, was set.

At a special conference for Unit Presidents, Dr. B. L. Aronoff, of Dallas, newly elected president of the Texas Division, called for each county to reach at least half its population with the Society's cancer education films and materials.

Four physicians presented a program on the Successful Management of Oral Cancer for the more than 350 delegates and guests.

**65 Junior High
Students Here To
Take Tax Course**

Haskell Junior High School is among several hundred schools in Texas that are training students in how to prepare their income tax returns this year.

Principal Hubert Bell says that 65 students will receive several hours' instruction early in February. Mrs. Norman Henry will be the teacher using material furnished by the Internal Revenue Service.

Ellis Campbell Jr., district director for Internal Revenue in the Northern half of Texas, feels that the schools and teachers are doing an outstanding job with the simple tax course. He explained, "Taxpayers pay 97 per cent of all federal taxes through voluntary compliance. Teaching Taxes teaches the student to pay all the taxes he owes. It also teaches him to keep records and take all the deductions he has coming to him. This course teaches students to pay the right amount—no more, no less. Students taking this course make only one one-fourth as many errors as their parents make on their tax returns."

During the past eight years, approximately 560 Haskell Junior High School students have completed this course. Principal Bell says, "This course has proven to be very practical, and helpful to math students in the Junior High."

CARD OF THANKS

We wish to express our thanks for all the flowers, food, and all expressions of sympathy extended to all of us during the loss of our loved one. Your kindness was very much appreciated. We especially want to thank Bill Holden for making our hour of sorrow more bearable. The Steve Miller family.

**Savings Bonds
Sales Spurred
During October**

United States Savings Bonds sales in Haskell County during October totalled \$18,348, bringing to \$167,716 the total sales for the first 10 months of 1964. R. W. (Bob) Herren, county savings bond chairman, reported.

The 10-month totals represent 78.2 per cent of the 1964 goal of \$220,000 set for this county, Herren said. Haskell County's participation in the program is four percentage points better than the average for the district as a whole, the report revealed, but the state as a whole has achieved 82.9 per cent of its goal, with two months remaining to be counted.

Series E and H Savings Bonds sales in Texas during October were \$12,227,000. Texas sales for the first 10 months totalled \$124 million, which represents a 1.4 per cent increase over the same period last year.

In making his report, Chairman Herren had a suggestion, "Give the gift for Christmas that keeps on giving—U. S. Savings Bonds. Savings Bonds light up the tree with bright hopes for the future."

The Good Earth

by **MRS. B. F. COBB**

Our trip to Galveston was uneventful until we came to Rising Star. Here we saw our first touch of Jack Frost's paint brush: vivid red and yellow leaves turned the shinnery (low oaks) into pretty pictures along the way. Sheep gamboling on emerald green pastures of winter rye, added a pleasing view to the scene.

From Rising Star to Rogers the foliage had been killed by a hard freeze. Odd how the cold weather hit in spots.

We spent the first night in Rogers with the Emerald Cobbs. Many of you know this couple as he once lived in Haskell and they have visited often here.

Chrysanthemums were in almost every yard in Rogers. The freeze had not harmed their rich beauty. The house where we spent the night was completely framed in mums of brilliant reds, glowing yellow and

blazing bronze. There was also a row of tiny red chrysanthemums lining the side walk.

As we journeyed on toward Galveston the next day, we crossed the mile long bridge, just past Cameron, bearing the far side of the river, brought back memories of the times we used to take our four youngsters fishing and boating in Little River, near the bridge. Those were the happy days.

We began to see our first wild flowers, still in bloom, near Brenham. Yellow daisies turned the velvet green pastures into a thing of beauty.

Between Brenham and Bellville long tenacles of Spanish moss gave the trees an eerie look. Bee hives nestled under the trees all along the way. Huge trucks move these hives as far north as the Dakotas in the summer time. They follow the blossoming flowers, so the bees may gather their nectar. Then as cold weather begins to approach, the hives are moved to a warmer climate. There are factories to extract the honey all the way to the coast.

As we neared Sealy, we were amazed at the flowers blooming in the yards. It was as though nature was putting on a last gay fling before winter shuts in. There were roses, verbena, candle trees, celosia, celosia, canna, red salvia and many more gaily colored flowers gracing the yards.

We entered coastal plains below Bellville. Buisachi (pronounced 'Wesatchi' trees, with their lacy leaves dotted the pastures where cattle grazed contentedly on the lush green grass.

We passed a large sulphur mine near Wallace. The sulphur is brought to earth as a hot molten mass, then cooled in blocks. There were three 2-story high mounds of sulphur stacked near the mine. Each mound was about the size of a city block. Later the sulphur will be blasted and loaded on to flat rail cars to be distributed throughout the world.

Palmetto and date palms lined the streets of Richmond and Rosenberg giving a tropical look to the towns.

When we arrived in Galveston the day was so serene there was hardly a ripple on the gulf. The next day a norther blew in turning the water into boiling, rolling breakers.

I only fished one day while in Galveston. I caught a two-pound flounder on a hook and line. It was a great thrill to reel in this queer one sided fish. My husband and son fished two or three days. My husband caught one 3 pound red fish and

Public Hearing In Dallas On Migrant Workers

An information gathering session "of vital interest to a great many people in this area" was held in the North Ballroom of the Sheraton-Dallas Hotel in Dallas at 10 a. m. last Friday, Bill Estep, manager of the Texas Employment Commission's Haskell office, reported Friday.

A U. S. Department of Labor public hearing, one of four scheduled in the nation in the next 10 days, was held at

that time to consider future criteria for the employment of foreign agricultural workers in the United States. Mexican foreign nationals are used in large numbers at certain seasons in this territory.

Interested parties, according to information received by Estep from T. C. Murrell, regional administrator for the Labor Department, were invited to present their views, either orally, or in writing, to Hearing Examiner Clifford P. Grant on such matters as wages, housing, insurance, transportation expenses, and other terms and conditions of employment.

With expiration on December 31, of Public Law 78 (Title V of the Agricultural Act of 1949) and the Migrant Labor Agreement of 1951, authority for temporary admission of all foreign agricultural workers will be confined to Section 214(c) of the Immigration and Nationality Act of 1952, as amended, it was pointed out.
