Stratford delivers some groceries to Darouzett after Ice Storm, Jupiter

Dave and Cece Yelek live out in the country. The only Radio station they can really get is KXDJ out of Perryton and the DJ Chris Samples was giving a report on the devastating Situation in the Northeastern Texas Panhandle from Ice Storm Jupiter. And Cece had also been reading posts on Facebook. So she asked Audra Meidinger about the Stratford's The Pantry about sending some food over to Darouzett because they were so hard hit. Cece also asked around Stratford and got all positive responses. So Audra Meidinger and her Son Tucker Summers help Cece load up her trailer. Adam Gerrond came with 2 big boxes of hamburger donated by Stratford Feedyard. And Pilot gave a donation of 10 cases of water.

Moore's Food Pride gave a donation of \$400.00 dollars of Groceries which \$200.00 was from them. So Cece loaded up and drove to Darouzett and handed out lots of groceries to citizens and folks out in the country a Hand up of food. Stratford is a great community and Cece has a big heart. And together they did a Good Thing, thanks to everyone involved. Love Stratford!

Dear Editor
What is wrong with our streets in Stratford?
Wayland Brown or Max Stephenson- city managers would not have let them get in a mess like this.

Edith Jane VanderTook Parker
May 31, 1928-January 12, 2017

Edith Jane VanderTook Parker, 88, died peacefully, January 12, 2017, at the Ware Memorial Care Center in Amarillo. A memorial service was held on Tuesday, February 7, 2017, at 1:00 PM, at Boxwell Brothers Chapel, 2800 Paramount, in Amarillo.

Mrs. Parker was born May 31, 1928, in Rifle, Colorado, to H.A. VanderTook and Edith Blackman VanderTook. She was preceded in death by her: husband, Clarence Leon (Ace) Parker, the love of her life for 67 years; her parents; her sister, Betty Crider; sisters-in-law, Ann VanderTook, Evelyn VanderTook, and Betty Ann Parker Watson; brothers-in-law, Jack Crider and Bob Watson, and in-laws, Esther Smith Parker Shipman and Harvey Parker.

Jane was a beautiful woman in every way as written in Proverbs 31. She was a devoted wife and loving Momma; a caring and giving "Grandmur" to her grandchildren and great-grandchildren; and a loving daughter, sister, mother-in-law, aunt, cousin, and friend.

She was a caring, kind-hearted person who enjoyed life and would rise at sun-up for coffee and then spend the rest of the day working. She shared her positive attitude, sincerity, personal integrity and wisdom with all who knew her. After receiving her Associate's Degree in Nursing, she worked as an LVN at Northwest Texas Hospital. In 1961, she became the office nurse for Drs. Hands and Hands. Nurse Jane was a dedicated, kind, efficient nurse, who was willing to take the extra step.

Jane enjoyed playing bridge, dancing, gardening and especially golfing. For someone starting golf later in life, Jane was proud of her two holes-in-one. Jane and Ace enjoyed traveling throughout the United States and visiting all 50 states, as well as trips to Canada, Europe, South America and the Caribbean.

More than anything, Jane loved her Lord and her family. She supported Ace in his activities, enjoyed raising their two girls while instilling in them the importance of God, and family, and was devoted to her grandchildren. She was proud to say she attended each of their college graduations because she thought education was the most important thing one could earn.

Jane is survived by daughters: Linda Swain (Jack) and Melissa Henthorn (Mike); grandchildren: Ryan, Meredith (Elliot), Brock (Megan), Morgan (Todd), and Michael; great-grandchildren: Parker, Harper, Connor, and Ella; brothers: Edward VanderTook and Arthur VanderTook; plus a host of other loving family members and friends.

FLU SHOTS FOR SENIORS

Specialized vaccines that can help protect seniors this flu season

Dear Savvy Senior: Are there any specific flu shots that are better suited for seniors? I just turned 65 and would like to find out what's recommended and how Medicare covers it.

- Semi-Healthy Senior

Dear Semi-Healthy: There are actually two different flu vaccines available this year that are designed specifically for seniors age 65 and older. One option is the Fluzone High-Dose, which has been available since 2010, and the other is the new FDA approved FLUAD vaccine (you only need to get one of these).

The Fluzone High-Dose (see Fluzone.com) is a high-potency vaccine that contains four times the amount of antigen as a regular flu shot does, which creates a stronger immune response for better protection. While the new FLUAD vaccine (FLUAD.com) contains an added ingredient called adjuvant MF59 that also helps create a stronger immune response.

The extra protection these vaccines provide is particularly helpful to seniors who have weaker immune defenses and have a greater risk of developing dangerous flu complications. The CDC estimates that the flu puts more than 200,000 people in the hospital each year and kills an average of 24,000 - 80 to 90 percent of whom are seniors.

But be aware that both the Fluzone High-Dose and FLUAD are not recommended for seniors who are allergic to chicken eggs, or those who have had a severe reaction to a flu vaccine

in the past.

You should also know that the Center for Disease Control and Prevention (CDC) does not recommend one vaccination over the other, and to date, there have been no studies comparing the two vaccines.

If you decide you don't want to get a senior-specific flu shot, there are other options available to people 65 years and older including the standard (trivalent) flu shot,

the quadrivalent flu shot which protects against four different flu viruses, and the FluBlok vaccine for those who have egg allergies.

To locate a vaccination site that offers any of these flu shots, visit Vaccines.gov and type in your ZIP code. You'll also be happy to know that as a Medicare beneficiary, Part B will cover 100 percent of the costs of any flu shot, as long as your doctor, health clinic or pharmacy agrees not to charge you more than Medicare pays.

PNEUMONIA VACCINES

Two other important vaccinations the CDC recommends to seniors, especially this time of year, are the pneumococcal

vaccines for pneumonia. Around 1 million Americans are hospitalized with pneumonia each year, and about 50,000 people die from it.

"The CDC estimates that the flu puts more than 200,000 people in the hospital each year and kills an average of 24,000 - 80 to 90 percent of whom are seniors."

The CDC is now recommending that all seniors, 65 or older, get two vaccinations - Prevnar 13 and Pneumovax 23. Both vaccines, which are administered just once at different times, work in different ways to provide maximum protection.

If you haven't yet received any pneumococcal vaccine you should get the Prevnar 13 first, followed by Pneumovax 23 six to 12 months later. But if you've already been vaccinated with Pneumovax 23, wait at least one year before getting the Prevnar 13.

Medicare Part B covers both shots, if they are taken at least one year apart.
