Five new residences and one new business house within one month isn't bad. That is what has happened in Haskell.

Capt. W. W. Fields and fam. ily, and Misses Laura Garren. Belle Rupe, Maude Hunt and Dulin Fields spent a very pleasant day on Paint Creek Tuesday, a feature of which was a bountiful dinner.

Mr. and Mrs. 1. G. Carney school board, Oscar Oates was visited friends at Abilene last Friday, returning home Mon-day. They report all the old Haskell people there doing fine. The Munday and Rule baseball teams have arranged for a game to be played here Saturday, April 30.

J. S. Rike and daughter, Miss Lillie, visited Mr. and Mrs. S. R. Rike at the latter's ranch the southern part of the in county this week.

Mr. and Mrs. W. M. Stephens were presented with a fine son

what teamwork in a lown can do

organizations in May, to Haskell's Hey-Day in July, the solidly there in daughter who used to survey it at 70 m.p.h. supported idea of acquiring our archaic and decrepit depot from who now jumps out at us from the Fort Worth & Denver Railroad, and moving it to Rice Springs every page of "Seventeen") Park for restoration and use as a museum, tourist attraction and provided a soothing salve for meeting place moved along with precision.

Spurred by editorial salutes from newspapers like the Fort Worth Star Telegram for preserving "railroadia," and a heri- burg-Comfort (that's a good rage, the depot was moved to a very accessible spot in view of name for a town where it is) our busy Highway 277. And there it sits today, in dilapidated res. Boerne country makes one suck pose.

We realize that inclosent weather and the usual hustlebustle of the school year, etc., have precluded until now any which must have inspired the moves to complete the restoration of the depot so that its charms song writer who set down the could be harnessed as a tourist attraction.

But NOW IS THE TIME to get about the business of finish- to mind when we've been away doubt about how the McGrath ing the depot project. If, in the next six weeks, this job could be accomplished, tourists who will be traversing Texas more than ever this season, can put many a dollar into the jeans of us all with their stopovers to show the children, and see for themselves. the bluebonnets grow that's a a relic that is fast departing the American scene

We have the assurance from many sources that we can secure the "ojets d'art" to provide the necessary come-hither to And the prairies wide lie on view the inside of Haskell's nosialgic depot

What we need to do at once is to get high behind as a team once more to finish this project so it can MEAN SOMETHING dollarwise to flus town, which it will,

So, Chamber of Commerce. Progressive Study, Historical that gave me birth ... the Survey Committee, Rotarians, Liona, all service groups, let's have that depot roof causin' and paintin' party about which we spoke months ago.

We just hel the City of Haskell, through Mayor Walling and the City Council, might be able to give us an assist in completing the job. It's a project, in the successful culmination of which we all could take tremendous clvic pride.

We can just picture "excursions" running out from Wichita Falls and Abilene over the Wichila Valley tracks when we open our depot_museum. We will wager the railroad officials would help promote to the hilt an event such as that, and might make it a regular affair Such a trip on the railroad, a rarity these days, would "catch on." And the destination ... Haskell's depot museum would be a natural.

We've received publicity worth countless numbers of dollars to our town in building up interest in our decrepit depot and the saving of it. Just the one additional step, restoring it, will bring us the payoff in transient tourist dollars.

NOW IS THE TIME TO DO SOMETHING. How about it, Haskell?

> CORDON Democrati

KNOW YOUR CANDIDATE LET'S HELP KEEP A TEXAN PRESIDENT

For the first time in history, the President of the United States is a Texan .. Party leadership in his home state will affect his future.

President Lyndon P. Johnson must be returned to the White House in national elections this November. To carry other states he must have unquestionable support from Democrats in Texas.

The eyes of the United States are upon Texas in its nomination of a Democratic candidate for governor. The gubernatorial nominee will most likely be called by the National Democratic Party to go into other states to campaign in behalf of the national ticket.

This means the Democratic nominee must be a man who supports President Johnson and his program - a man who

would be recognized throughout the nation as an asso; to the Demoratic Party-a man who is 100 percent Democrat.

THAT MAN IS DON YARBOROUGH

Texas needs the aggressive leadership of Don Yarborough to take the state government away from the lobbyists and return it to the people, And Lyndon Johnson needs Don Yarborough's leadership to win he confidence of the nation.

Don Yarborough is on record as a Lyndon Johnson Democrat. He has always been a Democrat. Don Yarborough has always supported the National Democratic Party and its nominces. He has endorsed President Johnson's administration.

Although Connally has mouthed support for President Johnson, he has deserted the Democratic Party before and who knows when he may do so again? Democrats in the other 49 states know he is antagonistic to the President's program. They know he led Democrats into the Republican Party in past national elections. They know about Connally's conspiracy with Allan Shivers this year to recruit a former Republican to try to defeat Texas' only Democratic U. S. Senator, Ralph Yarporough, in the Democratic primary.

Democrat Don Yarborough is the only candidate for governor of Texas who would help carry the nation for Lyndon Johnson's election his fall.

GO TO THE POLLS MAY 2ND AND VOTE FOR **DON YARBOROUGH**

(Political Adv. paid for by Chas. M. Conner and Haskell County Friends of Don Yarborough

ress from the 12th District message to the Haskell Free Trass, declared, "Such rallies, when so well attended, not only make democracy more meaningfu, but also help to reverse he trend in recent years of the necessity for candidates spend. ng enormous sums of money just for the privilege of being heard.

Republican carolidate for

'Haskell is certainly to be highly commended, and may many other communities follow your example." wrote Corse

Even with rainy conditions, and a severe weather warning out for the area, more than 500 area citizens jammed the American Legion Hall here to attend a political rally moved from its announced location on the Courthouse Square. Candidates for offices at all government levels, from local to national, were heard while Jaycees ladied lemonade for the audience in an "old timey" atmosphere.

Haskell County Democratic Chairman Charles M. Conner enced the political jamboree. at which some 23 candidates spoke.

McGowen Reports On Planting, Uses of Grassed Waterways Here

cussed this week by Hinds A. McGowen described a watercarrying runoff or outside water

farm to a place of safe disposal. Grassed waterways are considered to be a needed land use on many farms, he reported. This in no way affects allotted crop acres, since allot. ments are based on history of the farm. In most instances, grassed waterways are considered to be cropland, McGowen said.

A waterway may be utilized for hay, pasture, or to harvest

Frank Moeller, who farms in Slide Rule: Jerry Wilcox, O'- the Irby Community east of graded and shaped a Science: Nancy Lippard, O'- waterway last year using Agriculture funds, McGowen recalled. Then drilled the waterway to sorthe last growing season, the aterway was mowed several times to prevent the sorghum expected this year.

from seeding. Last week, Moel-ler drilled the waterway to in Wieatgrass, and now Saturday evening, May 30, at 6 We

•Intermediate Size Six Cylinder Cars	*Intermediate Size Eight Cylinder Cars	*Full Size Eight Cylinder Cars, Medium Price

Buick has a great transmission.

An automobile transmission, we grant you, isn't the most soul-stirring subject on earth. Nothing to look at either.

But if you'd like for your next new car to give you a better break on performance and gasoline mileage, something happened last week to be your guide.

The Los Angeles to New York Mobil Economy Run proved one thing for sure. There's quite a difference in the transmissions of new cars.

Three out of four for Buick

The long-time champion in the transmission league-Buick-walked off with the 1964 economy pennant. No other single make of car won as many events as Buick. Four entries, three winners.

The winning Special carried the new Super Turbine 300 automatic transmission, the LeSabre was equipped with the Super Turbine 400 (both optional at extra cost). They're the latest in a long line of Buick transmissions well known for their smoothness and absence of "shift feel". The Super Turbine is a refined and improved torque

converter type to help you safely pass cars and trucks as well as gas stations.

You'll hear a lot about it in the next couple. of years as this modern kind of transmission is adopted by more and more car

builders

What about engines?

Of course, an efficient transmission gets more efficient when teamed up with a lean, agile engine. The winning Buick power plants were our new V-6 and V-8. The 300 cubic inch V-8 in the winning Buick Special (the lowest priced of all Buicks) and the Buick LeSabre (the lowest priced big Buick) is like a well-conditioned fighter. All muscle, no fat. Weighs in at far less than other V-8's of similar punch. It took every other V-8 in the Economy Run.

Your type of driving-regular gas The Run was through cities and towns, across super highways, in traffic, out of traffic. This was not race track driving or proving ground driving. This was your kind of driving-even though you can't expect to get as good mileage as these expert drivers in their finely tuned produc-

SEE YOUR LOCAL AUTHORIZED BUICK DEALER. AUTHORIZED BUICK DEALER IN THIS AREA

tion cars. The distance was 3,243 miles, about what most families log in four months. All three Buicks used regular gas. So the Economy Run is not just a cross country tour for the Mobil people and a few car buffs. It's a reliable test of a car's power team and what it's able to squeeze out of its fuel.

We don't expect everybody to rush out this week-end to buy a new Buick just because we won a few economy trophies. There are so many other good reasons for leaning to Buick that economy usually gets second billing. There's styling, natu-rally. An unusually great ride. Extraordi-nary engineering and workmanship. And very young performance. Small wonder Buick sales are running at 11.5% over last vear.

But it's nice to get economy as a plus in a Buick. Beyond the dollars saved on gasoline, there's a certain pride in knowing you have a car that's built to get the most out of every tank of gasoline.

Wouldn't You Really Rather Have a Buick?

Whitman-Foster-**Pinkerton Reunion** Saturday, May 2

Annual reunion of families formerly of the Whitman-Pinkerton-Foster rural communities in Haskell County will be held Saturday, May 2, heginning at 5 p. m at the American Legion Hall here.

This reunion, which has become an institution here the first Saturday in May, is expected to lure folks from afar to keep alive the bond of friendship which has existed morton. through the years since these communities all but disappear-

ed from the scene. There'll be supper on the grounds, basket lunch style, provided by the participants, old and a singing session, too.

An additional 3,000 square H. Gibson are completing their feet of floor space will be pro- second year as president and in Throckmorton, recently comvided through the City's acquis- secretary, respectively. Elecition of what is known as the tion of officers is on the pro-

ON THE TEST TRACK CHAMP

Recently a showroom Plymouth, equipped with a standard V-8, beat Ford and Chevrolet in ten out of ten tests at Sebring, Florida. Tests of performance, handling, braking and gas economy. Tests of the "things you buy a car for."

Now your Plymouth Dealer is having a "success sale" on the same model Plymouth (and other models, of course). He's dealing like it was midsummer. And right now trade-ins are worth more too. Get up and go see your Plymouth Dealer.

At Plymouth's request, Nationwide Consumer Testing Institute bought the comparably equipped V-8s directly from dealer showrooms, hired the drivers, supplied the officials, made the rules and super-vised the entire competition. See your Plymouth Design for details of "Test Track, U.S.A."
