Tabulation of balloting by

ers, ranchers and rural residents in Texas benefited from Farmers Home Administration oan services during 1965, This is an all-time high, according to J. J. Cappleman, State Di-

rector for the agency. Loans made or insured by the Farmers Home Administration in Texas during the fiscal year ended June 30 totaled a record \$88,289,230.

Haskell County Haskell County made 113 op-erating loans for a total of \$698,100 and 6 real estate loans for \$121,840. Since the inception of the FHA Program in Haskell County, the FHA office in Haskell has made 147 real estate loans, 20 rural housing loans, and 13 soil and water loans. 1,094 Haskell County families have been helped with operating loans with \$6,954,554 being

advanced for these loans. State Director Cappleman said that the Farmers Home Administration preserved its long-standing record for keeping its various lending programs in a sound position during fiscal 1965. Repayments of principal and interest by borrowers totaled the largest volume collected in the agency's

30-year history. This good credit record signifies the initiative and integrity displayed by the people of rural Texas in their vast selfhelp effort which these loans represent," Cappleman stated. Included in the number of Texas rural people benefiting from these programs are the members of 28,245 families forming rural groups that use Farmers Home Administration credit. Most of these groups borrowed funds to develop rur-Enlarging State Senate

### National Child Safety Week

CONTRACTOR DE LA CONTRACTOR DE CONTRACTOR DE

During the September 8-15 period, there will be a nationwide observance which deserves the whole-hearted cooperation of everyone in this county. It is National Child Cafety Week, and of Weslaco, are here for a few its purpose is to instill in the minds of our school children sound days visit with their mother, and proven safety practices.

The toll of injuries and deaths that accidents take from our youngsters is appaling. It is true, of course, that children are naturally adventurous. They look to try new and fascinating things ... some of which are filled with hazards. Being immature, they are frequently thoughtless ... as grim news items which tell of children running out from between parked cars into traffic-heavy streets and there being run down attest. The rules of safety must be everlastingly emphasized to them if tragedy is to be averted.

Adults must do the teaching. And adults must also advance the cause of safety by example. We read of children who drown because their parents allowed them to swim alone, or in danger- Texas. ous waters. We read also of parents, with their children, venturing out in overloaded boats and swamping, often with loss of life. And, in innumerable instances, motorists callously fail to take the proper precautions when passing school playgrounds.

So the story goes. It is a story which can be brought to an end if we all will participate in National Child Safety Week ... and then apply the lessons of all the weeks that are to come.

### Good Intentions Are Not Enough

Medicare is now law, and time will tell how it will work out and what its final cost will be. A drive is also underway to further inject the bureaucratic hand of government into the med-

The establishment of a series of federal regional medical complexes to fight disease, cancer and stroke is now proposed.

This is a grandiose plan, and the cost would be enormous. It is difficult, in one way, to oppose it, for everyone wants to see these diseases, which account for 71% of all deaths in this country, defeated. But top medical authorities are convinced that it is simply the wrong way to get the job done.

The American Medical Association, for instance, is vitally interested in reducing the ravages of these as well as all other ills. The medical profession, and related institutions and organizations, are constantly and increasingly working to find the solutions. But the dangers that would arise from government regional med- ever played in Haskell is exical centers are real and vital. There are sound grounds for pected here Sunday. This band fearing that the traditional and all-important doctor-patient relaionship would be gravely weakened; that political interference would probably prove to be inevitable; that the presently exist- 30 from Haskell. ing organization of medicine, which has so dramatically proven its worth, would be upset, and that more bureaucratic domina- was established here by H. H. tion and direction of medical practice would follow. In the view of a member of the AMA's board of trustees, "Medicare is peanuts compared to this proposal. These complexes could involve the government in health care for the entire nation "

In this, good intentions just aren't good enough. The continued existence of a system of medicine whose achievements are unexcelled on earth is the ultimate stake.

### YOU PAY THE BILL

In these days, federal, state and local taxes take the cream from the earnings and savings of the average U. S. family.

The total tax bill today is a major problem for the head of a family. It must be paid ahead of groceries, home payments, doctor bills and everything else. It can be no other way. Governments can't run charge accounts for individuals.

Near confiscatory taxes have been brought about by the people themselves. They vote for candidates for office and for public officials who promise them all manner of juxuries for which the various levels of governments, local, state and federal, have no money to pay. The more the people seek to get from their governments, the higher will go the taxes they have to pay. It is as simple as that.

The people will get no tax relief from governments as long as they swallow the Santa Claus bait of "something for nothing" from the tax spenders For every handout promised, they will pay Koonce through the nose

If you think federal "gifts' come free, think again ... you will get the bill in some old or new form of taxation.

Only you can control your tax bill and mounting inflation Vanderbilt University. by using your vote to restrain extravagance in governments and tax waste of your earnings and savings.

Remember that the bill for all Santa Claus gifts from government goes to you with your tax statement.

### THERE WAS A TIME!

There was a time, in this country, when a young person could leave school with a limited educational background and still have a reasonable expectation of building a rewarding work career. Such, unfortunately, is no longer the case. The number of unskilled jobs in America declines with every passing year, and the kinds of jobs being newly created almost all require the

minimal preparation of a high school education, Yet. President Johnson estimates that some 750,000 boys and girls will leave school without a high school diploma during the

coming school year alone. Most of them unhappily, will be unaware of the fact that their future job prospects are indeed drab. As the President has suggested, the time to begin an attack on this problem is now, with the new school term just now

open. For many of the estimated three-quarters of a million drop-outs were not on hand for the first sound of the school bell. The President has asked Vice President Humphrey to mobilize a nationwide effort to inform as many as possible of these youngsters of the vital stake they have in returning to the class-

room. The President thinks that such an effort might cut measurably into this year's dropout total. Under Vice President Humphrey's personal leadership ,therefore, employers, unions, civic, trade and religious organizations and state and local governments are being asked to exert what-

ever influences they can in a national campaign to encourage young Americans to return to school. We think such a campaign is deserving of the widest possible sport on the part of every organization and every individual opportunities to touch upon the lives of our young people.

And the time is NOW.

## Haskell County History

30 YEARS AGO (September 5, 1965)

Fighting and groaning, the 1935 squad of Haskell Indians have buckled down deeper into football play this week, with coaches, Bill Richey and Perry Mason outlining the work Has-kell's "House of Kimbrough", whach his existed in Haskell since Frank Kimbrough, now Hardin-Simmons mentor, set opposing players on their respective ears, will feature "Jack and John," which will not be of of the conference. The Kim- more valuable all over the brough boys will naturally, on county, account of their outstanding play, draw many "headlines."

Mr. and Mrs. Alvy R. Couch are opening a new lunch room across the street from the high school building this week.

Miss Mary Ben Chapman left last Saturday for Abilene where she entered training at the Baptist Sanitarium.

Mr. and Mrs. Matt Arbuckle Mrs. T. J. Arbuckle and fam-

Mrs. J. S. Rike Sr., is visiting in Graham.

The voters of the Haskell Independent School district approved the \$25,000.00 bond issue Waco to resume their studies last Saturday by a vote of more at Baylor University. than two-to-one

Mr. and Mrs. Bert Welsh are announcing the birth of a daughter Sunday, Sept. 1. The baby was named Rosemary. Mrs. D. S. Hood and Miss Sue Couch are visiting in Paris,

Mrs. Rufus Banks, Mrs. R. L. Lemmon and daughter, Marticia Bledsoe, visited in Dallas over the weekend, Mrs. Banks remained for a week's visit with Mr. and Mrs. Troy V. Post. Frankie Doris Bledsoe returned home after a four-weeks' visit in Dallas with her aunt. Mr. and Mrs. C. B. Griffin and fam-

C. J. Crutcher of Albany has accepted a position with Reid's Drug Store. Alvy Couch Jr., is another new employee who has been added to the Reid sales force during the past two

### 40 YEARS AGO (September 4, 1965)

### Mr. and Mrs. Dennis Ratliff had as their guests over the weekend, Mr. and Mrs. A. H.

Golden of Bomarton. Miss Kathleen Mayfield of Bruceville, has come to take up her school work and is domiciled in the H. D. Neff home.

### 60 YEARS AGO (September 9, 1905)

We are pleased to learn that Haskell is to get a railroad That will build up our soon. good tidings to the other teams county seat and make land

> The Sagerton gin is ready for business and the hotel building is being pushed to completion

as rapidly as possible. See W. H. Parsons for jewelry, watches and clocks. Repairing a specialty.

Three new residences are going up in Haskell. Mr. Jno. E. Robertson is building on the west side; Mr. Morgan in the northeast part of town, and Mr. Jno. B. Baker on the east side just across the street from Mr.

Miss Frankie Terrell left Wednesday to enter the Texas Christian University at Waco. Mr. Alva Couch and sister,

Miss Florence, left Monday for School will begin in the new

school building on Monday, Sept. 18. There will be a private term of six weeks at the beginning, and at the close of the private term, the public term will begin.

The Haskell committee received a phone message Wednesday evening from Major Beardsley's private secretary at Abilene stating that a telegram had been received from Major Beardsley saying that he had completed his financial arrangements for building the road to Haskell and that he would arrive at Abilene Thursday night and take up the work at once, and the secretary was instructed to notify the Haskell committee.

Land buyers keep coming: the Orient Railroad keeps coming nearer and land keeps going higher all the time. Cotton picking has begun in

the Sagerton community. Mr. R. P. Marchbanks has returned from a visit to Waxahachie and his old county.

## Waylon Eugene **Burleson Rites**

Waylon Eugene Burleson, 51, of Aspermont, died at 12:30 p. m. Saturday following an apparent heart attack suffered while driving a truck near Hawley. The truck was found stopped alongside the road.

Born April 21, 1914, in Rochester, he moved to Abilene 15 years ago and to Asperment years ago. Mr. Burleson married Virgie Jacobs June 29, 1937, in Knox City.

Funeral was held at 4 p. m. Sunday in the First Baptist Stamford. Church of Rochester with the Rev. E. V. Brooks, pastor, officiating. Burial was in Rochester Cemetery with Smith Funeral Home in charge.

Survivors include his wife: two daughters, Rhonda Burleson of the home, and Mrs. Betty the Criswell of Lamesa; four brothers, Elmer of Rochester, Leslie of Clarendon, Melvin of the U. S. Army, and Donald of Fort Bliss; two sisters, Mrs. L. A. Hill of Odessa, and Mrs. Imogene Wilks of Odessa; and two and Mrs. R. H. Henshaw. grandchildren.

One son died in 1958

KNOW THAT:

on my way back to the USA.

Hi, from the Island of Agena, In Beograd we were about 15 Howard and children. Temple of Afea (later believed miles from the Russian border. to be another name for Artemis Yugoslavia has some very pretor Diana, goddess of the hunt.) ty countryside. The people This temple dates back to at seemed honest and hard workleast 1200 B. C. On these islands ing . . . but it is poor country. no cars will be found: Agena, There are very few cars, but Poros or Hydra. The civiliza- many, many horses, carts and ter. Its first inhibitants prob- couldn't understand a word they ably were on the island about said to me. The police stopped 1600. During the Napoleonic us in Beograd because we got wars, this island of Hydra fur- lost-they were none too friendnished ships and sailors to help ly in tone of voice and they Napoleon fight the British spoke no English and offered Napoleon rewarded them well, no help out of the city. Some and the island became wealthy and the people built big houses bassy saw the Madrid, Spain and accumulated money. Later, heense on our little Simca car, however, these same peope stopped and offered to help us, gave up all their wealth to help speaking Spanish. Boy, that Greece gain her independence sounded good! There were from Turkey. They lost every- droves of German tourists in thing and it was necessary for Yugoslavia and we made them to move into Athens. The friends with a family and drove island was left deserted for part of the way with them. many years. About 14 years ago, tourists began to discover boat to Brindise, Italy, from this spot and about 7 years ago there driving to Napoli, Florit became an artist colony which it remains today,

Artists from all over the world, writers, painters, musicians, poets, sculptors, have come to inhabit the big empty RECENT VISITORS houses and to live on the island. The Greeks have failed to figure out why it attracts them of Mr. and Mrs. L. D. Holbecause of the many inconven- combe, were Mr. and Mrs. iences. In place of cars, each Richard Barton, Pam and family has two donkeys in the Steve, of Lubbock; Mr. and garage. Water has to be bought. Mrs. Wayne Thigpen, Gary and and brought from Athens and Jeff of Aspermont; Mr. and is sold on the island whereas Mrs. John Lee Holcombe and wine is free. The history of Brandan, of Olney; Maggie Ed-Hydra is brief, about 400 years. wards, of Abilene; Dave Furrh, Yet Agena dates back 1200 Lubbock, Floy King of Slaton B. C. to the Mycenian civili- and Mr. and Mrs. H. V. Furrh zation which produced weapons of Illinois, also Mrs. Jack Merof bronze only. The Dorian pe- chant and Mrs. Max Merchant. riod produced weapons of iron and therefore they were able to conquer the Mycemans.

At one time, 55,000 inhabitants . . . 45,000 free and some 10,000 slaves . . . lived on the island of Agena. The slaves were used for building the temple and other structures.

I rode up the hill on a donkey to see the temple. When we got off the boat from Athens, there were little Greek boys and girls (looking so poor, barefooted and ragged), who came up and grabbed my hand and said, "Ride donkey, ride donkey, madomoiselle" For 30c, I rode up the long, hot, dry, dusty trail on a donkey that Johnny, a little Greek boy about 8 or 10 had for hire. I practiced the little Greek I have learned to speak to him and we became good friends. I took colored pictures of the temple.

Greece is handicapped by lack of rainfall and so cannot make much progress in an agricultural way. The land is poor, dry, dusty, hot. However, waht they lack in scenery, the people make up for in their warmness and hospitality. We have truly enjoyed our stay in Greece in spite of weather con-

ditions. Our hostess (my OU roommate, Artemis Papastamataki) took us swimming on the beach where Jackie Kennedy stayed with her children. This sum-mer the ex-king of Saudi-Arabia, King Saud is here with all his wives, sons. daughters, attendants, servants. We were introduced to several of his sons and saw the king and a number of his wives and daughters. He has 20 or 30 cars, motor boats, airplane and even his special doctor from Austria, The entire top floor of the Hotel Cavouri is occupied by him and his entourage. In contrast are thousands on starvation in his country.

To get to Greece we came

A workshop has been scheduled for officers and members of Masonic Lodges in this area at 8:00 p. m., September 16. The meeting will be held at the Masonic Lodge in Woodson. Officers of Throckmorton, Seymour, Haskell, Munday, Knox City, Rule, Woodson, Benjamin, Goree and Rochester are especially invited.

Area Masons To

Hold Workshop

workshop is part of a statewide semi-annual program authorized by the Grand Maser of Masons in Texas, J. Carroll Hinsley of Austin. The proram is conducted for nearly Texas Masonic Lodges a membership of 250,000 men. The Masonic Order is the tate's largest fraternal organ-

The purpose of the workshop s to enable Masons to study ommon problems of Masonic odges and their operations. The workshop will be conductd by E. H. Odom, who is with the city of Vernon and is chairman of Masonic Workshop Area

Grand Master Hinsley stressed the importance of attendance by all Lodge officers and emphasized that other Masons are welcome.

### Haskell High School Pep Squad Elects Officers

The Haskell High School Pep Squad met Thursday afternoon at 5:30 in the Indian gym for the purpose of learning new and electing officers to

nead the organization, Newly elected officers include Joy Bergstrum, president; Diann Cadenhead, vice president; Vickie Burson, secretary-treas-

urer, and Betsy Fouts, reporter. After the election of officers the cheerleaders demonstrated the new yells they learned at th S.M.U. cheerleading school. Black and gold pep squad blazers, to be worn for the first time this season, were discussed. The cheerleaders also announced their purchase of new puff-ball pom-poms.

## GET A CLOSE-OUT DEAL ON A PLYMOUTH VALIANT

### Plymouth sales in Texas are booming!

What are the reasons for Plymouth's popularity in Texas? The Plymouth Valiant is one. Texans hear about Valiant's smart styling, peppy performance and the close-out deals and head for their Plymouth Dealer's showroom. There they discover that Valiant is the

compact that hasn't forgotten why you buy a compact. And there's also something else that Texans go for ... Valiant's 5-year/50,000-mile engine and drive train warranty\*. And now during close-out time, you can get immediate delivery on any Valiant in stock.

\*Here's how Plymouth's 5-year/50.000-mile engine and drive train warranty protects you: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50.000 miles, whichever comes first, during which time any such parts that prove detective in material and workinanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor; engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axis and differential and rear wheel bearings. Required maintenance. The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

### Barbara Elliott Points Ways To Cut College Costs

Parents and educators know that the average costs of attending college for a year range from \$1,000 and upwards.

This may be rather discouraging, points out Mrs. Barbara M. Elliott, County Home Demonstration Agent. However, there are several ways to "beat the average" in college costs, she emphasizes.

Parents and students may want to investigate these possibilities for reducing college

1. Commuting from home to a nearby college or university. 2. Attending a college with little or no tuition and fee

3. Attending a college with an alternate work and study

4. The public community college or junior college idea is getting increased support as a part of the solution to the problem of providing higher education opportunity to all qualified young people. Students may want to consider a junior college for the first two years of academic work.

### HERE DOVE HUNTING

Jim Reece and son, Rocky; Bob Henshaw and son, Scott, and Bill McCarry, of Odessa, came by plane to Haskell last Thursday to get in some dove hunting. Bob Henshaw is the son of Mrs. George Henshaw, and son-in-law of Mr, and Mrs. Charlie Redwine.

The group came to Haskell in Reece's plane. He is immediate past state president of Jaycees.

When word was received here last week that Mr. and Mrs. Walter (Butch) Cox, Brenda and Debra, of Denver, Colorado, would be in Lubbock for the Labor Day weekend, members of both their families began

making plans to be there also. Those plans were realized in Guests in the Cliff LeFevre a weekend of food, fun and felhome over the weekend were: lowship by some 49 members Mr. and Mrs. Clarence LeFevre. of their families.

Members of Butch's family met at the home of his sisters. Mr. and Mrs. Oscar LeFevre of who reside just off 19th and Tolar, Mr. and Mrs. J. S. Leand members of Avenue Q. Sue's family met at the spacand Mrs. Charles Taylor and ious home of Mr. and Mrs. chi'dren of DeLeon, Mr. and Oman Sanders, 4706 39th St., in Mrs. Conrad Heord of Corsi-Lubbock. cana, Mr. and Mrs. J. B. Wil-Both families gathered at

liams, of Spring Lake, Buddy MacKenzie Park, where a Majors of Wichita Falls, Mr. bountiful lunch was spread on Mrs. Van Davis Laughlin Sunday. Those attending were: Mr. and Mrs. Andy Sanders and girls, Mr. and Mrs. Wil-liam Maupin and children, of . Ladain Crenshaw of Houston, Mrs. Louise Chennew and Odessa; Mr. and Mrs. Don Robin of Houston, Mrs. Frank Hohnestine and boys of Kermit: McKerall and Mrs. Warner Mr. and Mrs. Jack Sanders. Rocky, Scarlett and Charles, Mr. and Mrs. Ben Dywer of of Weinert; Mr. and Mrs. Lind-McKinney visited with Mr. and sey Cox, Mr. and Mrs. Kenneth Mrs. Cliff LeFevre Thursday Campbell, Karen Kay and Mr. and Mrs. Dudley Phelps of night on their way to Colorado. They brought Mrs. Ladain

Mr. and Mrs. Herbert Camp, Mr. and Mrs. Royce Speck, Mr. House guests in the home of and Mrs. B. D. Kirkland and family, Mr. and Mrs. Jacky Sanders and Mr. and Mrs. Oman Sanders and family, all and children of Austin, Mr. and of Lubbock,

Sue made the remark that if Oman and Wilma ever saw anwould just leave home and not turned from visiting relatives open it. California and while there

Everyone attending reported appeared on Art Linkleta wonderful Labor Day weekter's House Party. The program end "get-together.

### The Rainbow Club Mrs. Roy Bell was bonored Meets In Florence with a bridal shower at the Larned Home Sagerton Methodist Church on Tuesday evening, August 31

The Rainbow Club met Tuesday evening at 2:30 o'clock, with Mrs. Florence Larned, president.

Mrs. Ethel Edwards called the meeting to order, with the group singing the club song. Flossie Rogers gave the thought for the day: Saille Patterson and Mrs. Ethel Edwards won the 6 month contest for doing the most sewing. Each was presented a gift. Several sacred songs were sung, directed by song leader, Mrs. Sally Patter-

### To Attend Cisco Junior College

Judy Gibson, Nelda Fave Gibson and Jeffrey Mack Robertson of Haskell and Jack Dunnam of Weinert are among the students to pre-register for the fall semester at Cisco Junior College, according to information released by Leo Hatten, Registrar.

Pre-registration will continue until Sept. 11, with official registration scheduled for Sept. 13 and 14. All freshmen students must register before September 15 in order to attend compulsory orientation on that date. Sophomores may register at any time until September 16.

According to the announcement a record enrollment of 650 students is anticipated by the college, and pre-registration is encouraged.

BRIDES - TO - BE, order your genuine engraved invitations, announcements, thank-you cards and napkins from the Haskell Free Press.

## $\mathsf{The}$ Good Earth

by MRS. B. F. COBB

Mr. and Mrs. Dennis Ratliff invited me to see their yard recently. A lush green lawn shaded by pecan and mesquite trees seems to be inviting one to stop and rest. Red althea and other shrubs make an interesting frame to the front of the house.

Blaze roses, weigelia, petunias and a lovely weeping white althea make a pretty picture against the red wood fence. Tomatoes, petunias, blood lillies (tall amaryllis), and cox-

comb nestle at the feet of a large mesquite in the back

Mrs. Ratiff has established a new rose garden this year. The bushes are well on their way to becoming centers of attrac-tion. So dark green is the foli-age, one knows they have had

loving, tender care.

Mrs. Ratliff has raised her garden under adverse conditions. Too many people watering at the same time causes very low water pressure. This makes watering a long tedious

Mrs. Ratliff served refreshments in her lovely home that reflects gracious living. The house has such charm it seems to be full of loving memories. Mrs. Ratliff loves to re-finish antique furniture, and takes great pride in the many pieces

she has throughout the house. A hobby of converting kerosene lamps into electric lights has brought beauty to every room in the Ratliff home. Mrs. Ratliff has found some very attractive and interesting shades for her lamps.

A draw work table cloth has been in the Ratliff home for al-

embroidery is almost a lost art because of the fast pace every one lives in now.
While Mr. Ratliff was representative he had a chance to purchase a chair that came from the State Capitol. A real antique, the chair is said to be 70 years old.

If chairs could talk it would

most half a century. Draw work

If chairs could talk it would have many interesting tales to tell of Texas history.

An ivy with tendrils 10 to 12 feet long twines round a totem pole in the front room. Mrs. Ratliff says the plant grows so fast she has to pinch the tendrils off. The only care she gives the ivy is a drink when the soil becomes thoroughly dry.

Be sure to plant bulbs before it is too late.

### TAX MAN SAM SEZ:

We have reached the age of education in our country. As a nation we demand that all our young people not only graduate from high school but also get a college degree. Many companies want most of their key men to have a Ph.D. My advice to every taxpayer is to get as near to a Ph.D. on your personal tax affairs as possible. Ignorance costs you—in getting better jobs and in saving on your taxes.

Rochester Gins First Bale Of 1965 Cotton

The first bale of 1965 cotton ginned at Rochester was produced by Palo Speck on his farm 3.5 miles

The bale was ginned at Farmers Gin. The 2,220 pounds of pulled cotton produced 550 pounds of lint and 1,060 pounds of seed.

Speck planted the cotton April 15. A premium was being raised for the grower.

By F. W. MARTIN Haskell County Agent

Shell Chemical Co. has recently been granted a label for Azodrin-5 insecticide for the control of bollworms and the cabbage looper on cotton. This material was formerly desigmated as SD-9129\*, according to W. H. Newton, associate Extension entomologist, and J. C. Gaines, head of the department

of entomology, Texas A&M. Azodrin is an organophosphorus material marketed as a pound per gallon water-miscible material.

The acute oral LD50 of Azodrin to male rats is 23 mg./kg. This compares with approximately 14 mg./kg. for methyl parathion. Acute dermal toxicity on rabbits with Azodrin is 350-700 mg./kg. as compared to methyl parathion on white rats

of 67 mg./kg. The U. S. Department of Agriculture, the Texas Agricultural Experiment Station and other State experiment stations have conducted numerous tests with Azodrin in Texas as well as other states during the past few years. Good results on bollworms (including tobacco budworms) and cabbage loopers have been obtained and it is

Azodrin. Impress your growers with the importance of using only according to directions and siderable promise for the confollowing all suggested precau-tions shown on the container's trol of these hard-to-kill pests. However, there has not been \* Mention of company and product name is for information sufficient data collected from field tests to warrant an unonly and does not constitute enconditional recommendation at dorsement of the company or this time. As with other insecticides, applications must be made at least every five days under conditions of heavy population pressure. With this type schedule, rates of 0.8 to 1.0 lb. PARTICIPATES IN TESTING of actual per acre produced good control of tobacco bud-Army Sgt. First Class Dom-ingo C. Mendez, son of Mrs.

the season in the Rio Grande Valley last year by entomologists of the USDA laboratory at Brownsville Reproduced below are the directions for use and applica-

tion as they appear on the la-

worms and bollworms in the

field tests conducted late in

General Directions

OZODRIN-5 insecticide is a water-miscible product which contains 5.0 lbs, of active ingredient per gallon. For foliage applications, mix the required amounts of Azodrin insecticide in sufficient water to provide uniform coverage.

Use and Directions for Applications

Azodrin-5 insecticide is for use on cotton for control of bollworms and loopers. Use 0.5 lb./ acre active ingredient to control light infestations; for highacre. One gallon of Azodrin-5 insecticide will treat 10 acres at the 0.5 lb./acre dosage, 8.2 acres at the 0.6 lb./acre dosage and 5 acres at the 1.0 lb./acre dosage. Apply to give uniform coverage. Repeat as necessary (normally every five days where continuing insect pressure exists) to maintain control. Do not apply within 21 days of harvest. Do not graze livestock on treated fields or feed treated

As with any insecticide, extreme caution should be observ-

on August 10.

Is it true the Federal Government pays pensions to widows of Confederate veterans as well as Union veterans? A-Since July 1, 1958, widof Confederate veterans have been participating in the pension program administered by the Veterans Administration. There are approximately 600

Q-What is the final deadline date for both World War II veterans and Korean Conflict

of these widows on the rolls to-

veterans for GI loans? A-The World War II GI loan program comes to an end Conflict final deadline is Jan, lease,)

Q-Do veterans and their surviving dependents have a choice of pension plans?

A-Not in all cases. Veterans or surviving dependents of veterans who have come on the rolls since June 30, 1960, are under the current pension plan acre lease. (PL 86-211). Those veterans or dependents who were already before July 1, 1960, have the choice of remaining under that pension plan or electing to come under the current plan

### Tips Given for Harvesting Cotton With Mechanical Strippers

containing about 75 per cent arsenic acid. Questions and Answers on the Preparation of Cotton for Harvesting with Mechanical 6. Is arsenic acid poisonous to man and animals?

FRED C. ELLIOTT

Cotton Specialist These questions and answers have been prepared in an attempt to assist cotton growers who are considering harvesting cotton with a mechanical cotton stripper.

What is a desiceant? A. desiccant is a chemical material applied to cotton for the purpose of drying the leaves stroy empty containers. in preparation for stripper harvest of the open bolls.

2. How do desiccants differ sprayers or draining surplus from the action of true defoli- spray materials into ponds, ants?

in Company A, 1st Battalion, A. Desiccants do not cause vision at Fort Hood, Texas, all the leaves to fall to the took part in a five-hour flight, ground. Because of faster action tainers near ponds, streams, August 10, over the central western states. The plane de-parted from Gray AFB in Texas on the tissue of the leaf, it may dry and stick on the stalk. 3. What are the recommend-

ed desiccants? A. arsenic acid, usually 75% has been very effective. No dren or adults cannot retrieve

formulator of Pentachlorophen- and reuse them. ol applied for a label for use in

4. When should the desiceant be applied? A. Cotton should be fully nesium chlorate and sodium mature, 75 to 80 per cent open

and preferably 90 per cent open. Arsenic acid is applied with 10 been very acceptable where gallons of water when sprayers applied to dehydrate cotton just 5. What is the cheapest ma-

using with high rates of water. terial for use as a deslecant? A low rate of water, 10 gallons A. Commercial preparations per acre results in a higher

as an additive?

A. No company has made application for label approval under the USDA or FDA regulations for the use of 2,4-D as an additive to desiccants and it is not recommended. Also, 2,4-D added to Pentachlorophenol disiccant spray mixture was translocated into the seed of de-veloping bolls and induced typical symptoms in the new growth of seedling cotton. This is reported in Texas Agricultural Experiment Station MP-597, "Possible Disadvantages of Using 2,4-D with Pentachlorophenol as a Desiccant for Cot-

9. How much arsenic acid should I use? A. Three-fourths to 11/2 qts. per acre depending on the size of the cotton.

10. What is arsenic acid mix-A. Water-8 to 12 gallons per

acre for ground spraying and 5 to 15 gallons for aerial spray-Crush or burn empty containers 11. How should a ground

sible accidental poisonings. Dispose of containers where chilsprayer be prepared for applying desiccants?

A. Use a regular cotton sprayer with 3 to 5 cone type X3 or X4 nozzles, per row 8 to A. Growers have gotten good 10 inches from the cotton; pump desiccation results with magpressure 40 to 50 p.s.i.; 50 mesh strainer; tractor speed 3 to 5 chlorate defolfiants used at the miles per hour. Cotton under 24 higher rates. This practice has inches high use 3 nozzles per row, over 24 inches high use 5 nozles. Get material on all before average first frost. Avoid leaves. Under windy conditions, protect the operator and the machine from spray drift. It might be necessary to spray in one direction of travel only. Check nozzles for wear. Check volume sprayer is putting out. Use low pressures,

12. How do you tell when the desiccated leaves are dry enough for stripping?

A. When the leaves near the bottom of the stalk will crum-Re-designated No. 1 Tull ble in the hand and the leaf stems break. Normally, this leaves are tough and will not crumble. Higher grades come with dry harvest. Let cotton dry

concentration and this gives to 8 per cent moisture. Eat an ation Guide for 1965 8. What about the use of 2,4-D field with the stripper at about

> 13. How do you tell if a second application is necessary? A. At the McGregor Experiment Station, they recommend retracing if more than 4 per cent of the old leaves are still green. The better grades will pay for the second application. 14. Can the cotton field be

grazed after desiccation? A. The answer is No, especially if arsenic acid was used Also, if the stalks were shredded, the insect and moisture situation will be improved, for

the next year. 15. Is there any danger from drift in spraying desiceants? A. A wind will drift the desiccants if it is strong enough. Arsenic acid may drift into grazing areas, onto feed crops and endanger livestock. Home GET YOUR peaches, plantings, vegetables, flowers,

shrubs and trees might be damaged by any desiccant, Bulletin L-145 Cotton Defoli-

THE HASKELL FREE PRESS

Comparative shopping is smart shopping . . . and it's

easy to compare prices and take advantage of sales,

when you read the advertisements of our local merchants

regularly in this paper. If you're not already a subscrib-

er, call or write our circulation department today!
