The Imagination Station Presents

Columbus 500

In honor of the 500 anniversary of Columbus' discovery of the New World, the Imagination Station is proud to present COLUMBUS 500. Made up of two exhibits, The Gold of Eldorado and Crossroads of Empire, Columbus 500 takes a look the allure the New World had for Spanish explorers and the ways they used maps to discover new lands. Hands-on activities will allow visitors to explore mapmaking and navigation on their own.

These exhibits will be on display October 6th through October 23rd at the Sherman County Barn at 501 S. Maple, one block east of Hwy 287, in Stratford. Regular viewing hours are from 1:00 p.m. to 5:00 p.m. Monday thru Saturday, and from 2:00 p.m. to 5:00 on Sunday. Special tours may be arranged by calling Dana Buckles at 396-2462.

The Imagination Station will also be offering a <u>Super Saturday</u> program called, O, COLUMBUS! on October 10th. O, COLUMBUS! will be full of hands-on activities designed to introduce children of all ages to Christopher Columbus and the navigational tools of his day. Preregistration is required, so please call 396-2462 for more human figure with dangling ornaments. Stratford, and Mr. and Mrs. Al

There is a poster on the front of the desk that reads: "PLAN AHEAD, IT WASN'T RAINING WHEN NOAH BUILT THE ARK." That is probably the best explanation for what happened during the Full Scale Exercise held here in Stratford. By being prepared, casualties can be kept to a minimum in the event of a natural or man-made disaster. The elected officials have become more aware of their duties, and that is another positive as There will be another Full Scale Exercise in four years. In the meantime, we will have more Table Top Exercises and Functional Exercises to prepare for it. Thanks again to all who participated. There cannot be enough said for the response of the all volunteer Fire Department--they did an excellent job! All of the volunteers did a good job, but after viewing the video of the event, we know that all the firefighters were exhausted.

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas (PUC), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for optional Custom Calling Services and Touch-tone service, effective March 15, 1993, unless otherwise

These proposed rates will not increase or decrease the Company's overall revenues; the net effect will be neutral to the Company's annual revenues. The Company proposes to decrease the rates for Touch-tone service for residential customers from \$1.00 to 68 cents, and also to reduce the Touch-tone rates for business customers from \$1.75 to \$1.70. In addition, the Touch-tone rates for

business PBX trunks will be reduced from \$3.15 to \$2.18. This proposal to decrease the rates for Touch-tone service does not change the commitment that the Company made in the Docket No. 8585 Stipulation to reduce the rates for Touch-tone service in 1993.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling-8 and Speed Calling-30. Following are the feature combinations and their current and proposed rates.

Custom Calling Features and Touch-tone service will be affected by the proposed

It is expected that the restructuring of Custom Calling Features will result in a rate increase for approximately 2.9 million residence customers and 280,000 business customers. The reduction in rates for certain Custom Calling Services and Touch-tone Service will affect approximately 4.3 million residence customers and 1.7 million business customers.

This rate restructuring is expected to have a "revenue-neutral" effect on the Company's annual revenues. The proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$19.8 million; while the reduction in Touch-tone rates will decrease the Company's annual revenues by

Commended Students In The 1993 Merit Program

The principal, Steve Haynes of Stratford, announced today that Anna Cano has been named Commended Student in the 1993 National Merit Scholarship Corporation (NMSC), which conducts the program, will be presented by the school to this outstanding senior.

About 35,000 Commended Students throughout the nation are being honored for their outstanding performance on the 1991 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test, which was the route of entry to the 1993 Merit Program. Commended Students have shown exceptional academic promise by placing among the top five percent of more than one million program entrants, although they will not continue in the 1993 competition for Merit Scholarships.

An NMSC official stated, "The high performance of Commended Students in the extremely competitive Merit Program and school's contribution to the development of these scholastically talented youth deserve public recognition. We hope the honor these students have earned will encouraged them to take advantage of their opportunities for higher education and will serve as an example for

Selma Pendleton was recently elected chairman of the Texas Panhandle Library System Advisory Council. Selma has served two years as an alternate to the Advisory Council and two years as a board member. Texas Libraries are divided into 11 geographic systems. The Panhandle system has 26 local libraries. Selma Pendleton said, "Although the Panhandle is large in size, it is sparsely populated. It is years ahead of any other system in automation, thanks to a million dollar grant form the Harrington Library Consortium several years ago. Even the smallest library in our system has access to all materials in the system. It also is the only region that has a functioning reciprocal borrowing plan among all the libraries. This is a rel service since anyone holding a Sherman County Library Card can check out books anywhere in the Panhandle. Sherman County has one of the best small libraries due to the efforts of our able staff of Dorothy Haile and Doris Pleyer and many volunteers. The System Director is Mary Kay Wells. Ms. Wells has done a superior job of upgrading all the libraries in our system." Selma is a Real Estate Broker and works with husband Bill in the Sherman County Real Estate. They have four children who are all grown and married. Along with her interest in the library, Selma enjoys working in the local Methodist Church, the Sherman County Historical Commission, the County Family Living Committee and Manor

Ann Nelson Parker, Licensed Professional Counselor, joined other mental health professionals in Plainview at Wayland Baptist University, September 19th. Much controversy exist surrounding the treatment of chemical dependence via the disease model versus a systemic model. In this workshop, each participant gained knowledge of using the 12 steps with adolescents and how to do systemic family therapy in a manner that is consistent with the 12 step philosophy used in Alcoholics Anonymous. Research indicates that the 12 step method has a higher probability of long term help than other techniques.

Public Notice

Southwestern Bell Telephone Company has asked the Public Utility Commission of Texas (PUC) for approval to offer new optional call management services called Caller Identification Service (Caller ID) and Anonymous Call Rejection (ACR).

Caller ID is a new optional phone service which allows subscribto see the phone number and/or name of most local calls before they answer the phone. Caller ID also allows the recording of the date, time, name and/or phone number of calls. Currently, Caller ID would work only on most local calls, not long distance calls. It would also require that a separate display unit be connected to the telephone. These units that attach to the telephone will be available from various retail vendors, including Southwestern Bell, at a cost starting at approximately \$50.

Southwestern Bell is also proposing that all customers be able to "block," or stop their name/number from being transmitted and displayed on a Caller ID device, free of charge. You would have this option of "blocking" your name/number on each call free of charge. There would be no need to subscribe to this service. All customers would have this capability when Caller ID is introduced in their area.

If you want to block your name or number, you need only press 67 on your touch-tone pad (or dial 1167 from a rotary phone) before dialing the telephone number. The person you're calling would see displayed a message such as "private" or "anonymous" on their

Southwestern Bell also proposes that qualified domestic violence and law enforcement groups have the option of free per-line

blocking, or free per-call blocking.

Anonymous Call Rejection (ACR or "block the blocker") allows subscribers to automatically reject all calls that have been marked anonymous, or "blocked" by the person calling. It is not necessary to subscribe to Caller ID Name/Number to subscribe to ACR. With ACR, your telephone will not ring if the person calling you has "blocked" his/her name or number. The person calling whose identification is blocked will receive a message to hang up and call back with caller identification unblocked. Following are the proposed monthly rates for Caller ID and ACR.

NOTICE OF COMPARABLE TAX RATES AND REVENUES

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the state constitution. Under prior statutes (SB 1) the tax rate for last year provides \$ _____ 5,649 ___ per student in state and local revenues. Under this statute (SB 351) that same rate now provides \$__ per student in state and local revenues.

State law only requires a minimum tax rate of \$ _____for county education districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The board of trustees of the Stratford Ind. School District hereby gives notice that it is considering the adoption of a tax rate of ___ that will provide per student in state and local revenues.
