## UNION COMMUNITY HAS BEAUTIFUL SPRING WEATHER

Hi neighbor, this beautiful high and dry Monday. We had a sand storm or two the past week, but not like the one we had Sunday a week ago. No rain yet.

I suppose most all of you or some of you, at least, were at the Auction and Sale Saturday at the Flea Market. It was a big day - the Putnam Women's Study Club served pie, sandwiches, barbecue, buns, coffee, tea and what have you. Certainly was a crowd there all day and the weatherman was nice to us that day He behaved real nice.

Fay and Emmett Wood of Cisco had supper with me Tuesday night. Ollie Burnam, Aura Waddell, Mrs. Grady Pruet and Reba Francisco had fish supper Tuesday night with the Burette Ramseys. The Woods and I were invited but we had already had supper when we were asked. Some played games and others watched TV.

Ollie Burnam was hostess to her little granddaughter, Cristi Isenhower Friday, from 4 to 5 o'clock. Those present were Laura and Martin Isenhower and Ronald Green of Putnam. Mrs. John D. Isenhower, Dale and Christie Isenhower of Marfa, and Veda Yarbrough. Punch and cake were served. Christie opened her presents, then all had a good time blowing up balloons and playing with them.

James and Gayle Isenhower visited in Houston and Louis-

**BAIRD** — Mr. and Mrs. C. E. Lovejoy visited with his niece, Mrs. Gene Swinson and family, also his sister, Mrs. H. B. Voigts. They were enroute to Cylinder, Iowa, after an extended trip through Idaho, Oregon, Washington, California, Arizona and Texas visiting friends and relatives.

**CLYDE** — Bob Corley, son of Mrs. Lenora Corley, is home on leave. He has recently returned from Viet Nam.

iana for a week - came back to Ollie Burnams Friday night and went back home to Marfa Sunday.

Spending Saturday night and Sunday with Burette and Johnny Ramsey were Mrs. Jeanie Taylor and daughter, Tammie and Linda Hughes of Midland. Visiting a while Wednesday evening with Ollie Burnam were Mrs. Hulén Smith of Putnam and Mrs. Bethel Smith of Duncan, Okla.

Veda Yarbrough visited with Mr. and Mrs. Hulén Smith and Mr. and Mrs. Floyd Smith a while Thursday afternoon. Mrs. Bethel Smith, Mrs. Hulén Smith and Veda Yarbrough visited a while Thursday afternoon with D. A. Yarbrough in Baird. Mrs. Bethel Smith is the former Bethel Bailey, who lived here most of her life. Was good to see her and her husband Floyd.

Veda Yarbrough visited Saturday afternoon with Mrs. Fred Cook. Glad she is able to be at home.

Roma McIntyre visited Sunday afternoon with me. We are sorry Mrs. Jim McIntyre of Clyde got burned last week. She was frying chicken and somehow knocked it off the stove. The hot grease hit her leg and burned real bad from her hip to below the knee. Just makes me hurt to think about it. John McIntyre went up to see her today and take her to the doctor again. Mrs. Mac, we hope you get along OK. So sorry to hear about your getting burned.

Be good till I see you next week.

TEXAS PRESS ASSOCIATION

**AUSTIN** — Welfare beneficiaries late last week got the bad news they had been expecting - there will be substantial cuts in their assistance payments on May 1.

Level of aid will be reduced to Aid to Families with Dependent Children by about one-third, according to Welfare Commissioner Burton G. Hackney. Board of Public Welfare scheduled a meeting Monday to place its inevitable approval on the reduction.

"The hard fact," said Hackney, "is that no more state money is available under the present constitutional ceiling on welfare expenditures. The Legislature has appropriated all that it can appropriate."

Average AFDC grant last month, based on PWD's formula of 75 per cent of "budgeted needs" was \$118.

Hackney estimated the average level will drop on May 1 to about \$80 a month.

In addition to steep cuts, about 4,500 families will be dropped from the rolls altogether, since at the newly-contemplated 50 per cent level of budgeted needs, they will no longer be eligible for aid. Their income will meet the "standard of need" PWD must recognize with the limited funds available.

As of last month, there were 67,616 Texas families with 263,509 children receiving AFDC benefits. Rolls for the last five months have been increasing at a rate of almost 11,500 a month, according to Hackney.

A proposed constitutional amendment to increase the \$85 million a year ceiling on aid to aged, blind, disabled and AFDC will be voted on May 18.

Almost simultaneously with PWD's announcement of the cut (actually first predicted by Hackney last November 12), Texas Citizens for Welfare Reform announced start of its active campaign to win approval of the amendment (Proposition 3) on the May 18 ballot.

**SENATE PASSES LIQUOR BILL** — Senate voted 22-7 approval of the local option liquor by the drink bill and sent it to the House.

Biggest battle in the Senate was whether retail package stores or wholesalers would sell to bar operators. Package stores won out, over the protest of Sen. Joe Christi of El Paso, author of the bill (SB 346).

Measure now calls for \$2,500 license fees for mixed beverage license, with \$2,500 first renewal fees after one year, \$500 thereafter.

Bars would be able to serve drinks in one ounce mini-bottles or standard size containers. Senators rejected by 16-13 a "dram shop" amendment to hold liquor dispensers liable for damages of their intoxicated customers.

Rep. L. DeWitt Hale of Corpus Christi said he will ask for a hearing next week and expects an early floor debate.

"I don't think there is any question but that we will pass a bill of some kind," said Hale. "The fight is not over final passage but what's in the bill."

**TAX HEARINGS BEGIN** — Hearings on the new tax bill are due to begin in the Senate late this week and continue probably through most of next week.

Lt. Gov. Ben Barnes called on all interest to present their case and on all senators to ready their amendments or substitutes for the House-passed \$492.1 million sales tax franchise tax - tuition increases.

Barnes expressed hope for more orderly floor consideration of amendments with revenue estimates and amendments prepared in advance rather than at the last minute as usual.

**OIL ALLOWABLE SAME** — For the third month in a row, Texas Railroad Commission set the oil production allowable at 82.1 per cent of potential. That will allow maximum production of 3,763,658 barrels a day in April. Actually, about 3,411,000 barrels probably will be the output.

Oil company executives said all evidence points to the need for a big effort to locate "massive new supplies of crude."

**AG OPINIONS** — Texas Water Quality Board cannot force the owner of a solid waste disposal pump to post bond for a license, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that: Galveston County contract for delinquent tax collection is not invalid because the attorney entering it is a law partner of a state legislator.

Legislature would have to vote authority for a county to lease its property.

City and County may cooperate to establish an ambulance service by joint contract.

Juvenile court has jurisdiction to declare male delinquents after 17th birthday and females after 18.

Sheriffs are not bound to furnish county auditors a monthly inventory of supplies, menus and bills for feeding prisoners.

Highway Department can award federally involved highway contracts which do not contain the general prevailing rate of per diem wages in view of the presidential emergency proclamation.

Ward County may maintain a golf course on land owned by the city of Monahans.

If county commissioners make final selection of a bank as the county fund depository, selection may not be retracted.

Contract for delinquent tax collection entered by commissioners without notice to the county attorney should not be approved.

Estates of regular state "hourly employees" are entitled to recover for accrued vacation and sick leave.

Executive director of the Community Action Council at Beeville is eligible to serve on the Bee County College governing board.

**STUDY DROUGHT PROBLEM** — Governor Smith led a state-federal delegation to Alice late last week to investigate the increasing drought problems in South Texas.

Governor met with local officials, farmers and ranchers. He was accompanied by Agriculture Commissioner John C. White, disaster relief officials and legislators.

Smith said he is exploring the possibility of requesting that the region be designated a disaster area for federal aid in the form of low interest rate loans and emergency livestock feeding programs.

**SHORT SNORTS**  
Governor Smith in ceremonies at Texas Tech University, Lubbock, signed a bill authorizing \$185 million revenue bond program for building eight new higher education facilities.

There were 21,116,000 out of state and foreign visitors to Texas last year, and they spent \$1.469 billion, according to State Highway Department calculations.

Nineteen criminal justice grants totalling \$514,769 were approved to fight crime. Biggest one went to Amarillo (\$112,362) and Bowie County (\$62,256).

Senate passed and returned to the House with amendments a bill increasing tuitions of out of state students in Texas tax-supported colleges from \$200 to \$500 a semester. (Students already enrolled would be exempt).

Commission approved a regulation dealing with standards of identity, labeling and advertising of liquor.

Commissioner of Agriculture and Food Services, Fred W. Shields of San Antonio to the Texas Board of Corrections.

Smith also reappointed Wilfred C. MacKinnon of Baytown to the Credit Union Commission and picked Jim R. Williams of San Antonio as a new member.

Charles R. Woodburn of Amarillo, Dan Lester of Jefferson, Phillip C. Bowen of El Paso and Mrs. D. J. Sibley Jr. of Austin were named to the Texas State Historical Committee, and Mrs. Frank M. Covert III of Austin and John C. Caldwell of Austin were reappointed.

**When you promised to share and share alike, did that mean your wife could use up all the hot water?**

You could get up earlier. Then you'd be sure to beat her to it. Of course she wouldn't be too impressed with your chivalry.

Another alternative is a larger gas water heater. Gas water heaters are easy to buy, easy to install, and recover hot water up to twice as fast as comparable electric models.

So stop competing with your better half. Get a larger capacity hot water heater. For fewer fights and lots more hot water.

**THE TWO LAWS**

Any who have read and studied the Bible very much know that it teaches there were two law-givers (Moses and Christ), two covenants, two mediators and two systems of worship.

"The law was given by Moses, but grace and truth came by Jesus Christ." (John 1:17).

What many people have failed to realize is that we cannot be under two laws at one and the same time. We are either under the one or the other, not both. We are not under the law of Christ and the law of Moses (or ten commandments) both. The New Testament tells us, "There being a change of priesthood, there must of necessity be a change also of the law." (Heb. 7:12).

The old law (ten commandments) was written and engraven on stone (2 Cor. 3:7). The new law (the teachings of the New Testament) is written on the heart. (Heb. 8:10).

The old law could not make the comers thereunto perfect (Heb. 10:1). The new law "perfects those who are sanctified" (Heb. 10:14).

The first covenant was made only with the house of Israel (Deut. 5:23). The new covenant is for ALL "in every nation who fear God and keep his commandments" (Acts 10:34,35).

Under the old law they were to "remember the Sabbath day, to keep it holy" (Exo. 20:8). Under the new covenant Christians are taught to worship on the "Lord's day" (Rev. 1:10, Acts 20:7, 1 Cor. 16:1,2).

Christ is the "mediator of a better covenant, which was established upon better promises" (Heb. 8:6). Why would anyone want to try to live by the old covenant which contained the ten commandments?
