Emergency Farm Loan

Applications Being Accepted

Applications for emergency farm loans for losses caused by drought conditions in Sherman County, are being accepted at the Farmers Home Administration (FmHA) office located at 802 Bliss, Suite 104, in the Town Center Building, FmHA County Supervisor, Mary E. Batenhorst said today.

Sherman County is one in Texas recently named by Secretary of Agriculture Clayton Yeutter as eligible for loans to cover part of actual production losses resulting from the drought conditions.

Mrs. Batenhorst said farmers may be eligible for loans of up to 80 percent of their actual losses, or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent.

As a general rule, a farmer must have suffered at least a

30 percent loss of production to be eligible for an FmHA emergency loan." Batenhorst said. Farmers participating in the PIK or Federal Crop Insurance programs will have to figure in proceeds from those programs in determining their loss.

Applications for loans under this emergency designation will be accepted until May 7, 1990, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season.

FmHA is a credit agency of the U.S. Dept. of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office is located at 802 Bliss, Suite 104, in the Town Center Building, Dumas, Texas. Our hours are 8:00 a.m. to 12:00 noon and 1:00 p.m. to 5:00 p.m. Monday through Friday.

Benefit Bridge Tournament Held Sat. Sept. 30

A benefit bridge tournament was held Saturday, September 30th, 1989 at the Scot Hall in Stratford. All proceeds went to the Sherman County Older Texans "Scot" Organization Marguerite Terrell, a board member of Scot, acted as chairman over the tournament. All prizes were donated by the following citizens of Stratford. Mary Hill, a water color landscape painting; Vicki Gore, a hand painted ceramic carousel horse; Juanita Donelson, a hand painted china tray; Ione Kendrick, a water color still life painting; Darrel and Mary Lou Cotney, a stained glass window treatment horse; Glennis Owens, a small hand painted ceramic pig; Dicy Stephenson, a handmade rag doll; and Helen Taylor, a stained glass clock.

All these wonderful and talented citizens of Stratford are commended and shall be remembered for their donations of art work. Also the First State Bank of Stratford donated a pen and pencil set and a Kenneth Wyatt book with replicas of his famous western art. Helen Taylor was the chairman gathered these prizes together. On behalf of Scot, we thank all of you.

Helen also acted as hostess over play for the day and distributed the prizes. The high score and first

place was won by Nevada Porter of Dalhart, Texas, with second place won by Rosa Lee Butt, also of Dalhart and third place won by Betty Savage of Perryton, Texas. Prizes were also won and given throughout the day.

The Scot ladies with Shirley Foreman as organizer were gracious to provide and serve the delicious food - a buffet salad luncheon. Coffee and breads were served at 9:30 a.m. before tournament play began. The center piece was made by Juanita Donelson. She hand painted three large pumpkins with faces and put hats on them to look like the Ace and King and Queen of Spades in a deck of cards - a very clever and appropriate idea and a wonderful conversational center piece.

The players were registered by Lori Dietrich, Oline Caraway and Betty Brown. Bridge players came from Spearman, Sunray, Perryton, Texline, Dalhart, Clayton N.M., Felt, Okla., Boise City, Okla., and Stratford.

The ones responsible for advertising, invitations, cards, score pads and tallies were Margaret Reed, Sharon Wilson, Donna Kendrick, Charlene Oquin, Lori Dietrich, Mary Hill, Ione Reed, Martha Mitts, Vicki Gore, and Shirley Foreman. Proceeds from the tournament were \$540.00.

"I encourage all students to participate in this educational program," he said. "Those of us at WTSU who work on the Bee are pleased to assist the Amarillo newspaper in making young boys and girls aware of how important spelling is. It is more than memory work, or just putting letters in the proper sequence. It is communication."

Schools in the area use the study booklet, "Word of the Champions", prepared by the national sponsors. The booklet, containing more than 500 new words over 1989, is priced at only 50 cents and is available from Jeane Bartlett, Spelling Bee Editor, Amarillo Globe-News Box 2091, Amarillo, Texas 79166.

LETTERS TO THE EDITOR POLICY FOR PUBLICATION: All letters will be accepted, provided they are not anonymous and a bonafide address is given. We will not print statements that are obscene or libelous per se. This paper assumes no responsibility for content and all views are strictly the views of the writer. Dear Editor,

I'm a citizen of this town and I've seen things happen before, but I have never suspected that this would happen. It is a thing called CENSORSHIP. Whose right is it to take away people's rights? You want MTV (music television) taken off cable for some reason, I don't know why, but the people of Stratford shouldn't have that choice, parents should. Has anyone ever heard of an on and off switch on your television at home?

You can take MTV off television, but it won't help. Music videos can still be seen on T.V. on Friday and Saturday night.

I am angered that my rights are being attacked. The first amendment give the people of the U.S. certain freedoms; speech, press, religion, etc. People should be able to watch whatever

they want and shouldn't be told what to watch. Parents should be the ones to say what their children can and cannot watch, not the cableviewers of Stratford.

The rest of this letter goes to the person who wrote last week's letter to the editor. You said many of the videos on MTV border on pornography, and satanism. You also say some videos advocate death, and encourage the use of drugs.

I am going to take the privilege of filling you in on a few things on Aug. 12 and 13, Bon Jovi, Cinderella, Motley Crue, Skid Row, Ozzy Osbourne, Scorpions, and Gorky Park (a band from Russia) and two other Russian bands put on a 22 hour concert called the Moscow Music Peace Festival. The festival was done in support of The Make A Difference Foundation. The bands that went to Russia raised money for drugs and alcohol rehab centers. Motley Crue released a video called "Dr. Feelgood". The video shows the power that drug dealers have, but in the end the dealer is arrested and he loses all of his power.

Skid Row released a video called "18 and life". That video shows what alcohol and guns can do. The two actors are drunk and playing with a gun, then one is shot and killed. The other who is 18 is spending his life in jail.

Jack Gore will drive the bus so we have our EMT right with us. Thursday October 19th the bus goes to Amarillo. Any Senior citizen may ride to keep any appointments in Amarillo or ride along for fun.

Why is Sunday October 22nd, 1989 important to Scotters? That is the day of

an Auction held at Shelley's Barn. The proceeds go to SCOT Organization, except proceeds on consigned articles which net SCOT 20% of sale amount. Remember, items for the auction are being stored at Shelley's barn-the old lumber yard site - NOW. Scot needs good usable items for the sale. NO clothes or knic-knacks, please. Bill Pendleton is donating his time to auctioneer the sale for us. Thank you, ahead of time Bill. Note, please; Scot Auction Sale; Sunday October 22nd, 1989; at Shelley's barn; time 1:00 p.m. - 5p.m.; proceeds go to Scot general fund. Come, ALL Let's have a peppy turn out for this occasion!

We lend SCOT and Scotters support to the program "Fad or Fact" on Satanic Occults sponsored by G.F.W.C./Prospectus Study Club, under supervision of Home Life chairman Susie Spurlock. This program takes place on Tuesday October 10, 1989 at 7:00 p.m. in the new Exhibit Building - New County Barn - All citizens over 17 years of age are invited to attend Control of Satanic Occults, Drugs, Alcohol is of first priority to parents, grandparents and ALL good citizens. ALL citizens need information. For the moral sake of our community, information is a must commodity since personal influence and personal guidance is our first line of defence, INFORMATION is our strongest weapon. Thanks to Prospectus Study Club and Susie Spurlock for giving Sherman County residents the opportunity to be informed. Let us take advantage of this opportunity on Tuesday October 10th at 7 p.m. in the County Barn. Thursday September 28,

1989 was a great day for the 80+ number of Scotters who were at Scot Hall for our "scrumptuous" mid-day Meal - "Dinner" to Scotters. Our September hosts; chairperson Bernice Stubblefield, Nina Fedric, Elsie Pickens, Frank & Marcella Sutton, J.W. Flores, Bess Stone, Arthur Judd, Terry Kennedy Polly Martin, Cecil Williams really had "things" under control and took excellent care of us. The tables were so inviting being accented by decoration of Fall items such as pumpkins, squash, colored corn and leaves. Food and fellowship were wonderful and refreshing. Bob Reed Donelson, Clayton, was guest of Cone and Juanita. Thanks to Jack Gore et al, who composed our blood pressure clinic - you are always available! Lisa White SHS senior and voice major was introduced by Selma Pendleton. Lisa sang four vocal selections - which we enjoyed. She is the daughter of Glen and Caroline White; grand-daughter of Faye and Howard White. Thank you Lisa and Selma.

Saturday, September 30, Scot Hall was the scene of a bridge tournament, attended by bridge players from Spearman, Kerrick, Dalhart, Sunray, Clayton and Texline. Particulars will be given elsewhere in the Star. We enjoyed seeing Nettie Harding, Dalhart. She introduced us to Lucille Cossner, Maupin Ore. - a former Dalhart native, who for several years lived in Grass Valley, Sherman Co. Ore. Lucille is in Dalhart visiting her sisters, Mary Ellen Henry and Gertrude Smith. Their brother the late Bill Cessnor was a long time business man in Dalhart. Nettie has placed the book "Dirty Thirties" in our Sherman Co. Library. Remember that Nettie's account of the 1930's is included in the book. Can't wait to read it!

FAITH PLUS CONVENIENCE CAN BEST HELP THE HANDICAPPED

We help the handicapped every way we can: with donations, special parking spaces, wheelchair ramps, adequate rest room facilities, etc., and by spending time with them. Even the children who are afflicted in some way are provided with such programs as summer camps. All of these concessions are truly commendable. Nonetheless, there is one more source of help and comfort to which we should direct our efforts: faith. Their spiritual outlook is just as important as their access to some public building. It depends on their knowing that God has a special love and purpose for them, and that their so-called handicap is but a challenge to develop a talent with their remaining resources. History proves that it can be done. Thank God for this truth, and for our own discovery of the faith we all need.

God casts some men into the furnace of affliction, and then beats them into what shape He pleases. - Anne Bradstreet

every turn of the wheel, riders become 'spokes' men for all the kids with cancer, like Ellen Marie." Kristi said, "This ride is a vital part of the fight against childhood cancer at St. Jude. Riders are really needed. They make or break a Bike-a-thon."

Riders sign up sponsors who promise to make a donation based on each mile completed. All riders turning in money will receive a certificate. Those who raise \$25 receive a certificate and a St. Jude T-shirt. When \$75 is raised, the rider receives a barrel tote bag, a T-shirt and a certificate.

The general plan is to have a good time while helping a wonderful group of children counting on our support," Kristi Walden said.

Contact Kristi Walden at 769-4467 for details on riding or sponsoring a rider.

Scot Notes

Congratulations to "our" Shirlev Foreman, who has become Area Supervisor of Texas S.T.E.P. (Senior Texan Employment Program). Her gain is surley Vicki's and Scot's loss. However, Shirley's office is in her home, in Stratford, and she will travel to surrounding counties. The vacancy left by Shirley's promotion is open. Consult her or Vicki if you are interested.

Congratulations to Leonda Fedric. She is numbered among our home town girls who are making good in her profession right here in Stratford. Congratulations to her mother, Marillyn Albert.

Among the Guymon and Elkhart people attending Scot Dance Saturday night, were Mr. and Mrs. John Hargin. John is a nephew of the late Mr. and Mrs. J.K. Richardson, former Stratfordites. About 30 dancers enjoyed the evening taking advantage of music furnished by Tammy and Erwin Elms.

We enjoyed a chat with Joe Bob James at the Locker this week. Hadn't met him in a long time.

Alice Jeffcoat is recuperating at home. George says she is very eager to get back "on the job". How wonderful! Many thanks to Our Heavenly Father for answered prayers for her recovery, as well as those for Mildred Ottinger, who remains in the hospital. She is doing well.

We have just finished a telephone conversation with grandson, Joe Ray Brown, El Paso. He and Rose have lately visited Helma and Helen in Sun City and report that they are doing fine.

Cooler weather is reported to be on the way, senior citizens. Until it arrives let's be about, scattering encouraging Scot shoulder pats and "luv u"!

Have a nose for safety.

If you have a nose and a normal sense of smell, you have all the equipment you need to detect odorized natural gas leaks.

Here are some simple, common sense steps to take if you ever smell gas:

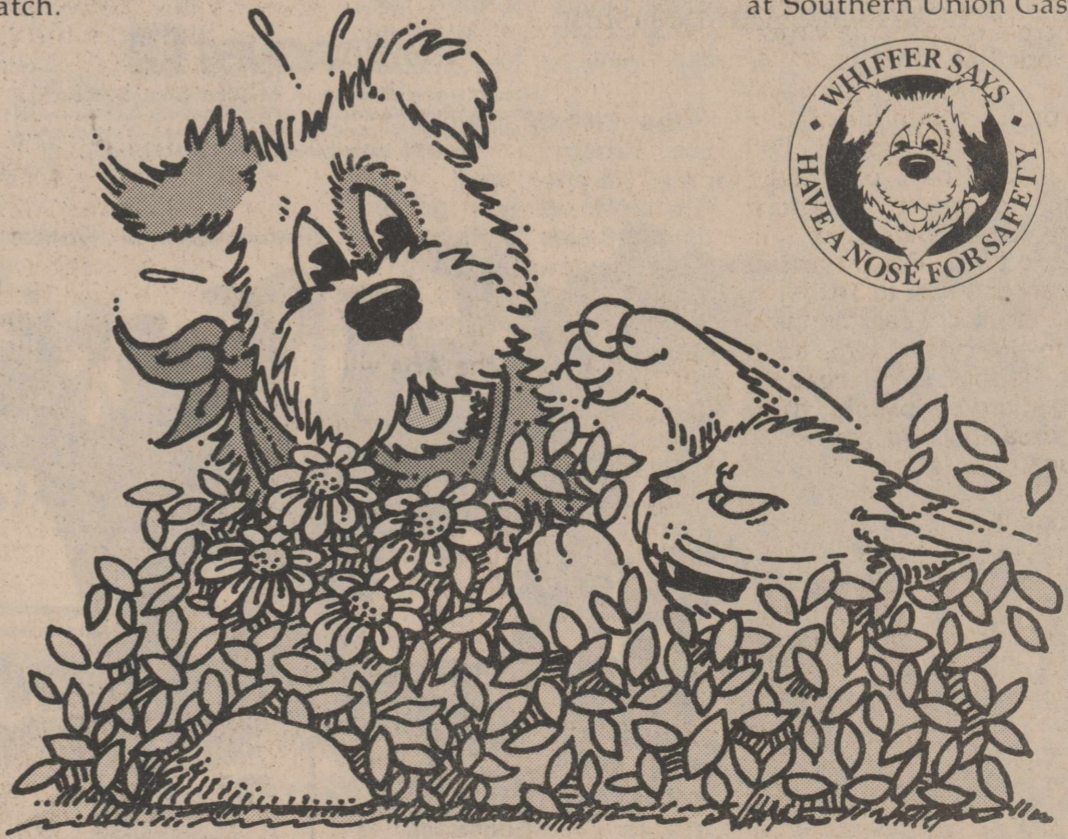

- Don't use the phone, flip any electrical switches or strike a match.

- If you smell the odor of gas indoors, quickly check to see if a pilot light has gone out or if a burner valve is partially turned on. If you cannot readily locate the source of gas, leave the house immediately. Don't light a match

or switch anything on or off. Call us from a neighbor's telephone at once.

- If you happen to smell gas outdoors, keep your distance from the area, don't smoke, and don't start up your car.

It's simple: Just use your nose first. Then use your head. A safety message from the people at Southern Union Gas.

Your Right To Know

By Terry Kennedy Preparedness. The second phase of Emergency Management is preparedness. Preparedness is planning how to respond in case an emergency occurs.

Chamber Chatter

Officially fall has arrived. I get a jolt every September, as the beginning of fall comes parallel with my birthday; however this year was a lovely day for the beginning of fall as well as a terrific one for my birthday.

Julie Moake Texas Dept. of Commerce and A&M Extension Service, Dennis Fisher. After lunch each speaker had a one on one with the groups in designated rooms.

Preparedness is also the best defense for the town and county. In order to achieve this, we are attempting to set up a plan. It is like the list you take to the grocery store of emergency supplies you might need.

The museum and the Chamber have been having quite a lot of travelers in. They look, but some are far from home, aimlessly traveling around and need maps, and conversation as to what in this area there might be to see.

Have you ever wondered as I have, or taken it for granted as I also have just when, how, and who puts up the Welcome Flags each year before the Stratford Fair & Jamboree?

When you have completed making provisions for yourself and your family in the event of an emergency, then we would appreciate your help in preparing the community. Let us hear from you!

Out The Library

By Dorothy Haile

Carly Mathews and Jaret Pemberton

Carly Mathews and Jaret Pemberton are displaying the bookmarkers that they designed during the Story Hour last spring. They were to draw some type of creature, real or imagined. Carly drew four animals and a tree. Jaret has one dinosaur. These are unique art expressions from these children and the library is proud to feature them this week. When you are in the Library, get a bookmarker to use with your books.

Carly was five, and her parents are Rhonda and Mike Mathews. She attends the afternoon Kindergarten class at Mary Allen Elementary school. She is excited about everything at school.

Jaret was only four at the time he participated in the Story Time activity. He attends the morning class of Kindergarten. He particularly likes dinosaurs and draws them with ease. Tana and Steve Pemberton are his parents.

Wednesday, October 4th was the first session of the Fall program of Story Time at the Library. Children ages three and four, are invited to come and enjoy an hour of activities, beginning at eleven o'clock. The program lasts an hour.

The purpose of the program is to get young children excited about reading and books. They will also learn how to use the library and care for the materials they take home.

National 4-H Week

As we observe National 4-H Week, we recognize that the program is truly a people development program, said Susie E. Spurlock, Sherman County 4-H program coordinator with the Texas Agricultural Extension Service. The agency is the parent organization of 4-H.

The program assists youth in developing skills that will be useful in the real world, Spurlock said.

Program concepts help boys and girls discover their strengths and weaknesses, and exposes them to activities in a variety of career fields. Additionally, 4-H helps them build positive self-concepts for directing their lives, while learning and having fun as well. Spurlock said families can add to the fun by learning and growing together.

Volunteer leaders assist in the 4-H program also learn new skills while sharing their expertise with young people, said Spurlock.

Through a valuable network of volunteer leaders, state landgrant universities, state and local governments and the U.S. Dept. of Agriculture, 4-H continues to stimulate youth to develop life skills and explore many career options.

About 35 adult volunteer leaders work with 4-H boys and girls in Sherman County through five (5) different 4-H clubs.

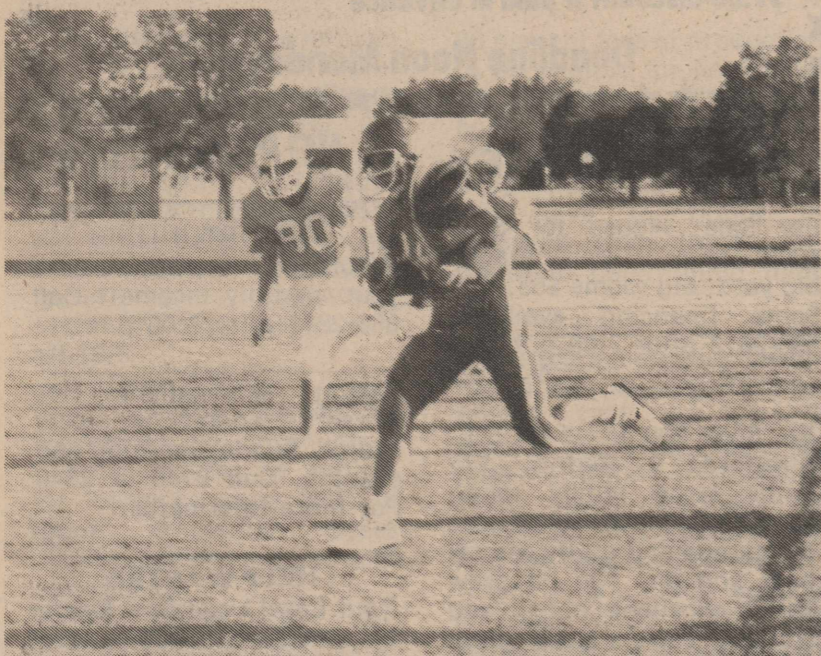

The 4-H'ers can choose from some 70 different project and program areas designed to help them prepare for the future, said Spurlock.
