Council to discuss landfill fees, KBYG tenancy at Tuesday meeting

By **ROGER CLINE**
 Herald Staff Writer

After discussion at the previous city council meeting of waiving landfill fees for people cleaning up public land and taking the garbage to the landfill for disposal, another issue was raised: What about people who have refuse illegally dumped by others on their own private property?

A newly proposed ordinance appears on the agenda of Tuesday evening's council meeting which seeks to address that issue.

The meeting will take place at 5:30 p.m. Tuesday in the Council Chambers, 307 E. Fourth Street. The meeting will be open to the public, and can also be attended virtually ...

The proposed ordinance would amend Chapter 44 of the Big Spring City Code in Article III: "Illegal Dumping and Litter Control"; and would add a new subsection (c) to Sec. 44-107 of that Article. The new subsection would "...authorize

the city manager to grant a property owner a reduced landfill disposal fee of \$0.01 per load of waste illegal dumped on private property."

The text of the ordinance reads "(c) The City Manager or his designee may grant a property owner a reduced rate at the landfill of \$0.01 per load of waste that was illegally dumped on their property."

Another item listed on the meeting's agenda would seem to endanger the existence of local radio station KBYG. According to a letter, copied into the meeting's agenda, from City Attorney Andrew Hagen to KBYG General Manager John Weeks, the city's lease of property at 2801 Wasson Rd. to the radio station expired Feb. 29, 2020. The letter asserts that Weeks is "holding over" and is considered a holdover tenant. The letter goes on to say that Weeks must vacate the premises at 2801 Wasson Road by May 16, or the city will forcibly evict him, turning off utilities and holding him responsible for charges to change locks, holdover rent, damages and attor-

ney's fees.

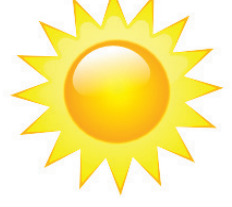

At the start of the meeting, following the invocation and pledges to the flags, the council will hear public comment from the public. Members of the public may address the council in person, or by telephone at 432-264-2411.

Following public comments, if any, Mayor Shannon Thomason will issue a proclamation declaring April of 2022 "Distracted Driving Awareness Month" in Big Spring.

City Manager Todd Darden will give his regular report, including items regarding: the Large Item Pickup for District 4, scheduled April 20; the citywide E-Waste Pickup scheduled April 23; an award presented to the Landfill by the American Council of Engineering Companies (ACEC); an update on the city's Parks Master Plan; an update on city boards and committees; announcement of the city's Good Friday holiday scheduled for April 12 (According to the

The Barnett Home

By **TAMMY SCHRECENGOST**
 Heritage Museum of Big Spring

Dr. W.C. Barnett's home was given two addresses, 2000 Donley and 1000 E. 20th Street. When it was first built in 1910, it was located outside city limits and considered to be "in the country" with no other houses around.

The large home had five bedrooms and one bathroom. A windmill provided water for the family and landscape. The surplus water was stored in an elevated tank where bees liked to gather.

The family loved to entertain in their home. When the teenagers gathered for dances, large groups were accommodated by opening the unique sliding pocket doors, and turning the living room, library, hall, parlor, and dining room into one large space. Through the years, ladies' groups gathered at the Barnett home for games of bridge, baby showers, and other social functions.

Some of the home's elegant features were distinctive oil paintings and murals, bay windows with seats for storage,

COUNCIL

Continued from Page 1

agenda...Good Friday is actually April 15); and announcement of a specially scheduled City Council meeting, set for April 19, regarding "Code Enforcement Administrative Proceedings".

The meeting's Consent Agenda contains three items: Approval of minutes of the March 22 regular meeting; final reading of a resolution amending representatives authorized to transmit and withdraw funds from TexPool; and final reading of an ordinance adding indoor shooting ranges as a permitted use in Heavy Commercial (HC), Light Industrial (LI), and Heavy Industrial (HI) zoned districts.

The council will consider approval of vouchers for March 24 in the amount of \$918,175.65; for March 31 in the amount of \$182,625.62; and for April 7 in the amount of \$1,303,300.96.

In Old Business, the council will consider a tabled item to adjourn into executive session to conduct a private consultation with an attorney to consider pending or contemplated litigation; to deliberate a matter in which the duty of the attorney to the city under the State Bar's rules of professional conduct conflict with the Open Meetings Act; and to deliberate regarding real property. If action is to be taken regarding items discussed during the closed session, the council will return to open session to do so.

In New Business, the council will acknowledge receipt of the Quarterly Claims and Litigation Report from City Attorney Andrew Hagen.

Council members will consider an emergency

reading of an ordinance authorizing the abandonment of a five-foot wide easement in the North McEwen Addition.

The council will hear the first reading of an ordinance authorizing City Manager Darden to apply for a "Staffing for Adequate Fire and Emergency Response" (SAFER) Grant through the Federal Emergency Management Agency (FEMA).

The Council will also hear the first reading of a proposed ordinance authorizing the creation of one additional firefighter position.

The next item on the agenda is the first reading of the proposed ordinance regarding "Illegal Dump Cleanup," discussed in the opening of this article.

The next agenda item is the first reading of another ordinance, increasing the budget of the McMahan-Wrinkle Airpark by \$240,000 "...for the purpose of seal coating for the roads and streets," according to the proposed ordinance. The proposed ordinance indicates that seal coating funding for the airpark was not originally included in the city's annual budget.

The council will consider approving the city's annual agreement with the YMCA wherein the "Y" provides lifeguards for the Russ McEwen Aquatic Center.

The council will consider approving an agreement with Backflow Solutions Inc., wherein that company would provide services "...to meet the state requirement of backflow prevention on irrigation systems." According to a memo from Public Works Director Shane Bowles to Mayor Thomason and the Council included with the meeting's agenda, "These services include mailing letters and helping individuals certify their irrigation systems to prevent backflow into the public water

system."

The council will consider an agreement with Parkhill Engineering for fence netting at the landfill. A memo from Bowles to the Mayor and Council provided with the agenda indicates that the fence netting will be 30 feet tall; however, a copy of the company's proposal included along with the memo indicates the fence netting will be 25 feet tall. Parkhill's portion of the project would include administration of the engineering, bidding, and construction phases of the project. The company's proposed total fee for the three services is \$15,215, and would have a total project duration of five months.

The council will also consider an agreement with Jacob Martin LLC for re-routing of the Union Pacific Railroad Sewer Line. An agreement proposal included along with the meeting's agenda indicates the project's total would not exceed \$40,000, which includes \$7,500 for the project's evaluation phase, \$20,000 for the design, bidding and construction phases; \$10,000 for surveying; and \$2,500 for materials testing.

Another proposed agreement with Jacob Martin LLC would look at rerouting the 12-inch water line on Johnson Street. The company's proposal for the project is \$19,000 for basic engineering services; \$5,000 for surveying; and \$2,500 for materials testing; a total of \$26,500.

Members of the city council and the mayor will each have an opportunity to offer input on matters of interest prior to the meeting's adjournment.

The public is welcome to attend the meeting in person, or view it on Local Channel 17 through Suddenlink, or on the city website at <http://myspring.com/224/Channel-17-Live>.

HISTORY

Continued from Page 1

Heat came from the fireplaces until the 1920s, when gas and electricity became available.

The Barnett's son, Ken, was helping with the installation of the homes first electric lighting. Lacking power tools, and unable to locate the exact center of the living room from the attic, Ken cross-sectioned the room with twine, took careful aim from a reclining position and with his rifle and through the cross-section string, shot a hole in the 12-foot ceiling. The hole was dead center and accommodated wiring for the fixture.

Through the years, the Barnett home was modified by adding

two additional bathrooms.

After Dr. Barnett died, the home was sold to J.E. Swindell, and then to local radio celebrity Jim Baum.

When Jim Baum purchased the home, he made plans to plant mushrooms under the house. Dr. Barnett's son quickly cautioned him against it because in 1916, when Ken Barnett was just 16, he and some friends had buried 14 live hand grenades underneath the house. The boys had retrieved the grenades from the firing line at Ft. Bliss during World War I training exercises. In 1976, Mr. Baum had professionals come in and safely remove the grenades.

The home was remodeled and two more bathrooms were added. Today, it needs a large amount of repairs, restoring, and TLC. Hopefully, someone will restore it to its 1910 grandeur.

Only one stubborn doctor stands in her way. Joshua Ivy is an intense man with a compassionate heart for the hurting and downtrodden. The one thing he can't have is an idealistic woman destroying the plans he's so carefully laid. Lady Hawks sweep Odessa College over weekend

By STEVE BELVIN

Contributing Writer

Since the Howard College Lady Hawks lost their opening conference series to No. 5 Odessa College, they have been perfect. They continued perfection by sweeping the Odessa College Wranglers Friday and Saturday.

Howard isn't ranked in the top 20 anymore, but more importantly it pulled into a strong second place in the WJCAC standings with its 9-3 record, two game behind Odessa College. Howard started its strong surge after the Odessa College setback by sweeping Clarendon in four games;. Behind the pitching of Alicia Estrada and Jorja Barnett the Lady Hawks continued it by beating OC 11-3, 8-1 Friday in Odessa. Saturday Howard completed its mission by

beating the Wranglers 10-2, 11-5 at Foundation Field.

Barnett started on the mound for Howard in game one Saturday. She went the distance in the five inning run rule game.

She allowed three hits and was never in any real trouble. She did have a streak of wildness in the second inning when she walked in a run. The only other time Midland touched her was a solo homer by third baseman Tejanae Davis in the fourth inning. In running her record to 6-2 for the season.

Meanwhile the Howard bats were led by Samantha Cervantes who homered in Howard's five run third inning. Left fielder Madison Dingman, who was named the WJCAC Player of the Week, drove in two runs in the inning with a double. Howard had a comfortable 6-1 lead after the third.

Howard ended the game in the fifth inning thanks to a two-run scoring single by catcher Sasha Willems. Oliva Vargas' single scored Willems with Howard's 10th run and the game was over.

Midland College falls to 21-10-1 overall and 2-6 in conference. Howard will play again April 22-23 against El Paso Community College in El Paso. Both doubleheaders will start at 12 noon (CDT).

Steers win at District Warm-Up Track Meet

By STEVE BELVIN

Contributing Writer

The Big Spring District Warm Up Track meet suited Big Spring just fine. One week before district and with district teams San Angelo Lake View, Lubbock Estacado, Snyder and Sweetwater it was exactly a prelude of what was to come in San Angelo Wednesday and Thursday..

The Steers made it five-for-six in track meets. They scored 178 points to outdistance second place Midland Christian by 62 points. The Lady Steers finished a strong second, trailing Midland Christian.

Like they have all season, the Steers won this meet with their overall balance. They got need help from basketballers, who are just getting their "track legs". The normal point scorers came through and it left big Spring track coach Brandon Clemmons feeling pretty good.

"First of all I want to give all the credit to the kids. They're the ones that come out here and work. It's guys like Roman Perez, who's also on the baseball team. He's our working leader. I'll be truthful with you, he does a lot of the work on his own," said Clemmons.

Then there's the players from the basketball team. "They are just getting their running legs under them. They are going to help us a lot," Clemmons said. Hoopsters Gavin Greathouse, SaQuan Fizer, Chris Martinez and Isiah Holloway are turning into big contributors. Fizer, Martinez and Greathouse were members of the winning 400 and 800 meter relay teams. Fizer was especially impressive on the anchor, running down the opponent both times. The Steers pulled off the triple crown by winning the 1600 relay.

The usual point scorers came through. Braxton Pearson threw a season best of 158-1 in the discus. "Braxton is showing improvement in the last few weeks. He's 10 feet further along than he was last year. I think he's getting ready to get his personal best, Clemmons said.

Perez won the 3200 meters and finished second in the 1600. His loss to Snyder's Jeremiah Rodriguez sets up a good battle next week.

Another interesting battle that could take place at district is between Big Spring's Adrian Solis and Rodriguez in the 800. Rodriguez didn't run the race in Big Spring. Solis won that race by 40 meters, running a 2:00.36 Solis has a best of 1:57.23; Rodriguez, has run a 1:58.62. Makes for another battle.

Solis will have his hands full at district in the 400. He got nipped at the tape by Snyder's Jay Castillo. Seers' Z Franklin proved that he could be in the mix, running a 51.97 an finishing third.

Sophomore Abram Jackson did his part by winning the 100 and placing third in the 200. Weightman Nick Garcia contributed 12 points by placing fourth in the discus and second in the shot put.

Naomi Wines continues to shine for the Lady Steers. The freshmen won the high jump, finished third in the lone jump. She and Kyla Mathews went two-three in the 200. JhaNiah Johnson established herself as a favorite in the discus, throwing a career best of 119-8.

Senior Elisabeth Jones continues to be the "Ms. Consistent" for the Lady Steers. She finished second in the 800 and 1600. Sophomore Alex Mehan continued to improve in the hurdles, winning the 100 event in a career best (16.30) and finishing fourth in the 300. Clemmons was bubbling with pride. "I'm happy that in the junior varsity division, we had three runners finish one-two and three and all run 55 seconds. I'm thinking with our middle distance people, next year we can make a run a getting to state in cross country. I love their work, ethic " he said.

As for the upcoming district meet. "I feel good about district. This is what it's all about. The kids have been working hard and it'd been fun. They are constantly improving They see that and they work harder. This week at district - it's serious."

Second time around

By STEVE BELVIN

Contributing Writer

Looking down the road and noticed a very intriguing softball matchup. Coahoma, the No. 8 Class 3A ranked team against 6A power Frenship, April 15. Coahoma needs some competition and they had to find it in Frenship, ranked No. 20 in the state. The Lady Tigers are undefeated in District 6-2A. Should be a whale of a game.

I'm thinking Coahoma should make a strong run in the playoffs, despite being in Region I, arguably the toughest 3A Region in the state. There are top teams scattered across the region like Idalou, Bushland, Lamesa, Childress and Brock.

The team that jumps out at me though is Holiday out of the Wichita Falls area.. The Lady Eagles are 19-2 and have a heck of a pitching staff. Holiday has 12 shutouts so far this season.

But Coahoma is Coahoma. Softball is a tradition. A state championship in 1998 and 29 consecutive trips to the playoffs. Anything else is unacceptable. This year's Coahoma team is a good all-round squad. They play their positions well and have adequate pitching. They have the "Big Bopper" in freshman sensation Hannah Wells. Players like senior Madison Rodgers, sophomore Karleigh Burt and freshman Avery Rodriguez set the table - Wells feasts - indicated by her 11 home runs.

Interesting fact. Last week Stamford, the defending Class 2A state champions turned the tables on Holiday and beat the Lady Eagles 5-0. Last season Coahoma beat Stamford 3-0.

HAPPINESS MOVES TO STANTON

Greenwood's loss was Stanton's gain. Madeleine Mathes, Stanton junior, was recently named Midland Reporter Times Player Of The Year for the 2022 basketball season.

Mathes was an All-State player for Greenwood in 2020. She was only a freshman. She averaged 14 points and nine rebounds for a Greenwood team that went two rounds deep in the playoffs. Last year she transferred to Stanton, sat out because of medical reasons. This year she led three Stanton teams to the second place in District 5-3A race.

Along the way the 5-foot-11 Mathes averaged 25 points, 12 rebounds and two steals. She made 51 percent of her field goals and 81 percent from the foul line.

Howard County had two players named to the MRT first team. Coahoma sophomore guard Isabella Cox, the 5-3A Player of the Year, was the total deal. How about averaging 12 points, six rebounds, eight assists and four steals per game? Rumors are she sold popcorn at halftime.

Big Spring senior guard Tristan Smith was also named to the elite first team. I've heard rumors

she's heading to HC. Smith helped lead Big Spring three rounds deep in the playoffs, averaging 13 points, six steals and three assists.

Second team honorees were Coahoma senior guard Madison Rodgers and Forsan junior guard Kaeli Woodall and Grady's Sydney Gonzales.

Honorable Mention honors went to Big Spring's Alex Enriquez and Ryan Terrazas and Coahoma's Shae Lang and Baylor Wright.

COAHOMA FARING WELL IN THE SPRING

Coahoma has been really successful in spring sports so far. Recently the Coahoma boys won the Eldorado track meet and the girls finished second. Eye catching performances came from Isiah Eleda who ran a 11.47 in the 100 meters and Tristen Guerrero's 22.92 in the 200. The 400 relay team of Guerrero, Jaidyn Vinyard, Billy Bailey and Brysen Kerby ran a 43.56. Ashton Wennik won the shot put at 45-6 and Vance Ott won the wheelchair shot put at 20-8.

The Coahoma girls finished second in the 400, 800 and 1600 meter relays. Christian Everett finished second in the 100 (12.79) and triple jump (34-8).

The Bulldog boys golf team finished the first round of district play in second place 12 strokes behind Sonora. Coahoma shot a 360. Ryan Shifflett is currently second medalist, shooting an 80. He is followed by teammate Ky Kemper who shot an 81. Dylan Ford of Sonora leads the pack with a 75.

**Celebrate
Passover with
homemade
charoset**

Passover is steeped
in tradition. Many of
these traditions involve
symbolic foods which
tell the story of the
Israelites and their mi-
raculous exodus from
Egyptian slavery.

One such food is
charoset (also spelled
haroset), which sym-

bolizes the mortar the
Israelites used to build
bricks when they were
slaves in Egypt. Char-
oset is a fruit relish
used on small sand-
wiches made from mat-
zoh and bitter herbs.
The bittersweet taste is
supposed to teach the
bitterness of bondage
and the sweetness of
freedom.

Passover celebrants
can make their own
charoset by following
this recipe, courtesy of
Israel My Glory maga-

zine.
Charoset
Makes 15 tablespoons

1 large apple, any
variety

1/2 cup chopped nuts

2 tablespoons
honey

1 teaspoon cinnamon

Small amount of lemon
juice (optional)

The easiest method

is to put the apples and
nuts into a food pro-
cessor and pulse until
finely diced. Sprinkle
enough lemon juice
on the mixture to keep
the apples from turning
brown.

Then mix in the other
ingredients.

Some people also
mix in a little grape
juice or wine. The reci-
pe is very forgiving, so
the measurements do
not have to be exact.

Today in History: April 11, Civil Rights Act becomes law

By The Associated Press undefined

Today in History

Today is Monday, April 11, the 101st day of 2022. There are 264 days left in the year.

Today's Highlight in History:

On April 11, 1968, President Lyndon B. Johnson signed into law the Civil Rights Act of 1968, which included the Fair Housing Act, a week after the assassination of Martin Luther King Jr.

On this date:

In 1814, Napoleon Bonaparte abdicated as Emperor of the French and was banished to the island of Elba. (Napoleon later escaped from Elba and returned to power in March 1815, until his downfall in the Battle of Waterloo in June 1815.)

In 1865, President Abraham Lincoln spoke to a crowd outside the White House, saying, "We meet this evening, not in sorrow, but in gladness of heart." (It was the last public address Lincoln would deliver.)

In 1899, the treaty ending the Spanish-American War was declared in effect.

In 1913, Postmaster General Albert S. Burleson, during a meeting of President Woodrow Wilson's Cabinet, proposed gradually segregating whites and Blacks who

worked for the Railway Mail Service, a policy that went into effect and spread to other agencies.

In 1945, during World War II, American soldiers liberated the Nazi concentration camp Buchenwald in Germany.

In 1947, Jackie Robinson of the Brooklyn Dodgers played in an exhibition against the New York Yankees at Ebbets Field, four days before his regular-season debut that broke baseball's color line. (The Dodgers won, 14-6.)

In 1961, former SS officer Adolf Eichmann went on trial in Israel, charged with crimes against humanity for his role in the Nazi Holocaust. (Eichmann was convicted and executed.)

In 1970, Apollo 13, with astronauts James A. Lovell, Fred W. Haise and Jack Swigert, blasted off on its ill-fated mission to the moon. (The mission was aborted when an oxygen tank exploded April 13. The crew splashed down safely four days after the explosion.)

In 1980, the Equal Employment Opportunity Commission issued regulations specifically prohibiting sexual harassment of workers by supervisors.

In 1996, 7-year-old Jessica Dubroff, who hoped to become the youngest person to fly cross-country, was killed along with her father and flight instructor when their plane crashed after takeoff

from Cheyenne, Wyoming.

In 2013, comedian Jonathan Winters, 87, died in Montecito, California.

In 2020, the number of U.S. deaths from the coronavirus eclipsed Italy's for the highest in the world, topping 20,000. On the day before Easter, the Kansas Supreme Court allowed an executive order from Democratic Gov. Laura Kelly to remain in effect; it banned religious and funeral services of more than 10 people during the pandemic.

Ten years ago: George Zimmerman, the Florida neighborhood watch volunteer who fatally shot 17-year-old Trayvon Martin, was arrested and charged with second-degree murder. (He was acquitted at trial.) A California prison panel denied parole to mass murderer Charles Manson in his 12th bid for freedom.

Five years ago: In Dortmund, Germany, three bomb explosions went off near Borussia Dortmund's team bus ahead of a Champions League quarterfinal match, injuring one of the soccer team's players. (Prosecutors alleged that the bomber bet that Borussia Dortmund's shares on the stock exchange would drop in value and tried to disguise the attack as Islamic terrorism; he was convicted of attempted murder and sentenced to 14 years in prison.) Guitarist J. Geils, founder of The J. Geils Band, died in his Massachusetts home at age 71. David Letterman's mother, Dorothy Mengerling, a Midwestern homemaker who became an unlikely celebrity on her son's late-night talk show,

died at age 95.

One year ago: A Black motorist, 20-year-old Daunte Wright, was shot and killed by a white police officer, Kim Potter, in suburban Minneapolis during a traffic stop. (Potter, who said she had confused her handgun for her Taser, would be convicted of first- and second-degree manslaughter and sentenced to two years in prison.) Iran's underground Natanz atomic facility was struck by a blackout that Iran blamed on "nuclear terrorism." Hideki Matsuyama won the Masters golf tournament in Augusta, Georgia, becoming the first Japanese golfer to claim the green jacket.

Today's Birthdays: Ethel Kennedy is 94. Actor Joel Grey is 90. Actor Louise Lasser is 83. Pulitzer Prize-winning columnist Ellen Goodman is 81. Movie writer-director John Milius is 78. Actor Peter Riegert is 75. Movie director Carl Franklin is 73. Actor Bill Irwin is 72. Country singer-songwriter Jim Lauderdale is 65. Songwriter-producer Daryl Simmons is 65. The bidding:

4♦ Pass 4♠ Pass
7♦ ? Pass

Opening lead —?

This is a favorite story of George B. Coffin, for many years a well-known author and publisher. The bidding went as shown, but after East bid seven diamonds, West quickly passed, not waiting for South to bid. Not only that, but East-West then improperly exchanged hands, a common practice in some games.

South, a stickler for the rules named John Lawman, who by nature was inclined to exact his

pound of flesh when an irregularity occurred, now said: "Just a second, please. I haven't passed. In fact, I'll bid seven notrump!" West doubled, and, after two passes, South redoubled! West then led the king of spades.

"Just a second," said South again. "Both of your hands are exposed because you've seen each other's cards, and I'm entitled to call your plays in any way I see fit."

So Mr. Lawman directed West to lead the ten of spades instead. He took the ten with the jack, continued with the nine, calling for West's eight, then cashed the seven of spades, calling for West's six.

As the spades were being led, declarer forced East to discard the A-K-Q of clubs! Mr. Lawman then cashed the J-9-7 of clubs, compelling West to play the 10-8-6 in that order, and East to discard the A-K-Q of hearts.

The same process was then repeated in hearts, declarer cashing the J-9-7 of that suit. On the hearts, East, who at this point was nearing a state of apoplexy, was forced to discard the A-K-Q of diamonds.

Mr. Lawman next cashed his heart and club fives, collecting East's J-10 of diamonds. Dummy's 9-8 of diamonds then scored the last two tricks to make the redoubled grand slam!

Tomorrow: Resist that impulse.

Aries Sun Check-in

Anyone can be an armchair expert. The Aries sun reminds us that heroes take action (thus the name "action heroes") and they're too busy steering their own vessel to sit around critiquing the world. Of course, actually doing the thing is always harder, so cut yourself some slack, and be sure to appreciate all you're getting right.

ARIES (March 21-April 19). You're very perceptive. You'll notice the problems of others or get a sense of their secret pain. There may be nothing you can fix, but just opening your heart and letting them know they are not alone will be a tremendous help.

TAURUS (April 20-May 20). You're proving something to yourself these days. By planning what to do and then doing it, you gain self-trust, which leads to increased control over your choices, and ultimately, satisfaction with your life.

GEMINI (May 21-June 21). Many never dream of far-off places, preferring to stick to what they know. You, however, have exotic dreams and are willing to do the legwork necessary to fulfill some of them. Start small if you must, but do start.

CANCER (June 22-July 22). There's not one way to fix things. When seeking the help of an expert, keep in mind that there are many kinds of intelligence that would be relevant to apply to the problem at hand.

LEO (July 23-Aug. 22). Certain compromises you've

made are starting to add up to vague dissatisfaction with the way things are. What needs to happen for you to feel like you're getting more of what you want?

VIRGO (Aug. 23-Sept. 22). Whatever they ask, you're up to the task. But are your requests being answered with equal enthusiasm? Learn from your past mistakes and assert yourself sooner in a relationship rather than later.

LIBRA (Sept. 23-Oct. 23). You'll get clarity regarding your next moves and general focus. This doesn't come in the form of a lightning strike from the blue. Rather, it's a learning process as you get your hands dirty with the work that must be done.

SCORPIO (Oct. 24-Nov. 21). It's not as though you have to decide the fate of the whole world, but this decision you're making somehow feels much heavier than you anticipated it would. Make it easier on yourself. How can you reduce the stakes?

SAGITTARIUS (Nov. 22-Dec. 21). Trying to get through to a certain emotionally distant person is like grasping at wind. Instead, get comfortable and content in yourself and let the warm, attractive energy you radiate draw people in.

CAPRICORN (Dec. 22-Jan. 19). If possible, touch base in person. The exchange of ideas and information will be smooth and helpful in face-to-face encounters. No matter how hard you try to give, you'll be on the receiving end.

AQUARIUS (Jan. 20-Feb. 18). You may feel limited in your ability to express yourself or further your pur

poses. But the more you exercise your freedom of thought, the more malleable your environment will become.

PISCES (Feb. 19-March 20). Consider that people who can't seem to stay out of the drama may be secretly in love with it. The uninterested will find drama easily avoided with simple measures: change the subject, don't engage or just drive on by.

TODAY'S BIRTHDAY (April 11). You'll boldly enter new scenarios, bringing a bright energy wherever you go. A calculated risk will pay off in three different ways. Adding a skill will give you a fresh financial stream. Gentle lifestyle changes will stick. Little by little you'll find your way to a buzzing level of vitality, attracting like souls to you. Gemini and Libra adore you. Your lucky numbers are: 7, 20, 2, 18 and 45.

CELEBRITY PROFILES: Dodie Clark is a singer-songwriter, author and YouTube with over 300 million views on her channel. Her independent releases have become chart toppers; her emotionally complex songs have earned her fans around the world. Aries warrior energy can show itself in a variety of ways, one of them being a fearless reveal of deep, dark fear itself.

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
