Haskell County History

30 YEARS AGO
 (June 4, 1936)

Mrs. Bert Welsh and daughter, Rosemary, returned home Saturday from Oberlin, La., where she spent several weeks with her parents. Mr. and Mrs. J. C. Chrisman, Collins and Billie Bob, sons of Mrs. Welsh, remained for a longer visit in Louisiana.

New officers were elected by the Masonic Lodge last Saturday night for the coming year. W. W. Weatherly was named Worshipful Master; Tommie Patterson, Senior Warden; Dr. J. G. Vaughter, Junior Warden; A. M. York, Tyler; R. J. Paxton, secretary, and O. E. Patterson, treasurer.

Marshall Pierson, one of the State Food Inspectors, spent the weekend with homefolks. Mr. Pierson is in fine health and spirits and says he is on the jump with his work at this time of the year. He never knows where he will go until he receives instructions from the State Department.

City Manager F. N. Clifford is in Dallas this week at the bedside of a brother, who is ill.

Miss Hazel McIver is spending several weeks in Fort Worth with relatives.

Mrs. H. W. Richey of the Gilliam community was shopping in the city Thursday.

60 YEARS AGO
 (June 9, 1906)

A double wedding occurred at the Lindell Hotel in this place on Sunday afternoon, June 3, in which Mr. W. M. Bolander and Miss Mae McCutchen, and W. G. Moore and Miss Eula McLain were united in marriage. Rev. J. H. Chambliss officiated.

Mr. R. P. Williams of Pinkerton has returned from a business trip to Central Texas.

Messrs. Smith and Warnock, lately of Rule, have opened a real estate office at the new town of Rochester on the Orient.

Mr. W. S. Fouts of the south side was in town Thursday mixing with "the boys" at court.

Mr. G. B. Powell, who did the fancy stone cutting for the courthouse at this place when it was being built, has returned to Haskell after an absence of about 14 years.

The ladies of the Magazine Club are preparing a rare treat for the lovers of music at the auditorium Friday night, June 15.

Mr. S. L. Robertson has had a store building erected just north of the post office and he moved his stock of goods into it Thursday. He will conduct his business here until his stone building is completed on the west side.

Miss May Fields, who has been teaching school at Maybank, Texas, has returned home to spend the holidays.

Mr. W. M. Myers says the late rains and hail damaged the stand of cotton 25 per cent in his neighborhood 10 miles north of town, but did little damage to other crops.

Mr. J. L. Tippit and wife of Lamar county are in Haskell prospecting. His two brothers, Messrs. Bob and T. O. Tippit, of the same county, have already moved to this county.

Miss Florence Couch returned home Monday from Baylor University for her summer vacation.

40 YEARS AGO
 (June 3, 1926)

Mr. W. J. Jenkins of Weinert was in the city Monday renewing his acquaintances with his former friends.

Misses Minadel and Hassie Davis, who have been away teaching, arrived home this week to spend their vacation with their parents, Mr. and Mrs. R. H. Davis.

Jno. A. Couch of this city attended the homecoming of the High School graduates of Henrietta last week.

I. N. Simmons, the smiling carrier of Route A out of this city, is in San Angelo this week at the bedside of his sister, who is in the sanitarium at that place.

Miss Mae Field, who has been teaching at West Columbia for the past two years, is at home for vacation. Miss Fields is one of the State's best teachers, having taught a number of years in Haskell.

Mr. and Mrs. R. L. Vick and daughter, Miss Jessie, of Rule, were in Haskell Thursday.

T. J. Arbutkue is in Wichita Falls on business one day last week.

Miss Helen Marie Cox spent the weekend with her sister, Mrs. Chas. F. Williams of Abilene.

Mrs. W. M. Schwartz of east of town was shopping in the city Tuesday. She brought a nice lot of eggs to town.

A FEDERAL ELECTRIC BANK?

Over the years, the Rural Electrification Administration, through 2 percent loans to electric cooperatives, has done a good job in helping to bring electric service to the rural areas of the United States. However, the REA emphasis recently has changed to the financing of unnecessary generating and transmission facilities, a practice which Congress has increasingly criticized and attempted to restrict.

Now, in a maneuver to get around Congressional restrictions, a Federal bank is proposed to provide supplemental financing for rural electric systems. Hearings have been called by the House Agriculture Committee on legislation (HR 14000 and HR 14837) which would set up such a bank. One proposal would involve \$1,000,000,000 of government funds, the other \$750,000,000. In addition, capital from other sources could range from \$8,000,000,000 to substantially more than \$10,000,000,000.

No Congressional restrictions or Federal regulatory controls would be provided for borrowers from the bank. Billions of dollars could be used at interest rates below the market cost of money for the construction of Federal-income-tax-free generating and transmission facilities which would duplicate or displace investor-owned electric power company facilities paying all taxes.

Beyond the hundreds of millions of government dollars, government subsidies of various other kinds would be involved. At a time when the nation's taxpayers face increased government expenditures for such vital purposes as defense, when the threat of inflation is causing widespread concern, and when government is seeking to hold down unnecessary expenditures throughout the economy, such a Federal bank program would not be in the public interest.

The Federal electric bank proposals as they are set forth are basically unnecessary and wasteful. Electric power supply is ample throughout the United States and power facilities for the future can be financed in the free market without government subsidy.

While it would be desirable for the REA cooperatives to finance themselves without drawing further on the Federal Treasury, the bank proposals as presented in the legislation under study do not appear to be sound approaches to a transition to free market financing.

Ice Cream Social Held By Young Homemakers

CARD OF THANKS To each and every friend who expressed their love in any way for our Mother during these past weeks of her illness and passing away, we want to extend our heartfelt thanks.

HASKELL YOUNG HOMEMAKERS ATTEND AREA IV WORKSHOP

Eight Haskell women attending an Area IV Workshop at Cisco Junior College, June 2 and 3, were Mrs. W. P. McCollum, advisor, Mrs. Jimmy Hannsz, Mrs. Chris Hagar, Mrs. David Frjerson, Mrs. Raymond Bennett, Mrs. Robert Greenroy, Mrs. Waymond McBroom, and Mrs. Jimmy Browning.

Friday's workshop began with a welcome from Mr. Leland Willis, president of Cisco Junior College.

Mrs. W. P. McCollum, Haskell Homemaking Advisor, gave an interesting demonstration and talk on making paper mache' jewelry.

During the luncheon at the College Annex, entertainment was provided by Cisco homemaking students who modeled in a style show under the direction of Mrs. Helen Hathaway.

The afternoon session was highlighted with two very interesting talks given by Mrs. Leona Allman, Consumer Consultant, Dallas District, Food and Drug Administration, and Mrs. Maureen Johnson, Postmaster, Eastland, Mrs. Allman, speaking on "How FDA Protects the Young Family," gave many examples as to how the food and drug administration has in the past taken action in restricting the sale of harmful or useless items from the market.

During the social hour the ladies held a round table discussion on the policies, aims and work abilities to the advantage of each member in the class.

CARD OF THANKS We take this means to express our thanks for the beautiful floral offerings, the food that was prepared and served, the many kind words of sympathy during our sorrow in the passing of our loved one.

degree especially where our heritage and nation is concerned. She said to be happy and smile to spread cheer and that more could be accomplished by making others feel important than through demands.

Closing the day's meeting was a Red Carnation ceremony in which all of the people responsible for the workshop were given recognition and a red carnation was presented to them.

Mrs. Jimmy Browning was recipient of one of the door prizes.

Mrs. R. L. Foote Speaker At Mary SS Class Session

Editor's Note: The following letter was received recently by County Judge James C. Alvis from Sgt. J. G. Barrett in Viet Nam:

"I would like to express my appreciation to the Josselet Home Demonstration Club for their thoughtfulness in sending the soap I received. It will be most useful, believe me.
"I would also like to say thank you to the people of Has-kell for being behind us 100% while we have been in Viet Nam.
"This is one thing this war needs and that is the support of the people back home.
"Sincerely, J. G. Barrett."

III. THE FALL OF MAN

We believe that man was created in the image of God, before whom he walked in holiness and purity, but that by voluntary disobedience and transgression, he fell from the Eden of purity and innocence to the depths of sin and iniquity, and that in consequence of this, all mankind are sinners sold unto Satan, sinners not by constraint but by choice, shapen in iniquity and utterly void by nature of that holiness required by the law of God, positively inclined to evil, guilty and without excuse, justly deserving the condemnation of a just and holy God.

Scripture References Where Taught

God created man in His own image, Gen. 1:27.
Wherefore as by one man sin entered into the world and death by sin; and so death passed upon all men, for all have sinned, Rom. 5:12. By one man's disobedience many were made sinners, Rom. 5:19. (Also John 3:6; Ps. 51:5; Rom. 5:15-19; 8-7).
We have turned every one to his own way, Isa. 53:6. (Also Gen. 6:12; 3:9-18).
Among whom also we had our conversation in times past in the lusts of our flesh, fulfilling the desires of the flesh and of the mind; and were by nature children of wrath, even as others, Eph. 2:3. (See Rom. 1:18, 32; 2:1-16; Matt. 20:15; Gal. 3:10; Ezek. 18-19, 20).
So that they are without excuse, Rom. 1:20. That every mouth may be stopped, and all the world may be-come guilty before God, Rom. 3:19. (Also Gal. 3:22).

IV. THE PLAN OF REDEMPTION

We believe that while we were yet sinners Christ died for us, the just for the unjust; freely, and by divine ap-pointment of the Father taking the sinner's place, bearing his sins, receiving his condemnation, dying his death, fully paying his penalty, and signing with His life's blood, the pardon of every one who should believe upon Him; that upon simple faith and acceptance of the atonement pur-chased on Mount Calvary, the vilest sinner may be cleansed of his iniquities and made whiter than the driven snow.

Scripture References Where Taught

He was wounded for our transgressions. He was bruised for our iniquities; the chastisement of our peace was upon Him; and with His stripes we are healed, Isa. 53:5.
Who gave Himself for us, that He might redeem us from all iniquity, and purify unto Himself a peculiar peo-ple, zealous of good works, Titus 2:14.
Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and He will have mercy upon him; and to our God, for He will abundantly pardon, Isa. 55:7.
Wherefore He is able also to save them to the utter-most that come unto God by Him, seeing He ever liveth to make intercession for them, Heb. 7:25.
Come now and let us reason together, saith the Lord; though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool, Isa. 1:18.

V. SALVATION THROUGH GRACE

We believe that the salvation of sinners is wholly through grace; that we have no righteousness or good-ness of our own wherewith to seek divine favor, and must come, therefore, throwing ourselves upon the unfailing mercy and love of Him who bought us and washed us in His own blood, pleading the merits and the righteousness of Christ the Saviour, standing upon His word and accept-ing the free gift of His love and pardon.

Scripture References Where Taught

By grace are ye saved, Eph. 2:8.
There is none righteous, no, not one, Rom. 3:10.
All have sinned, and come short of the glory of God, Rom. 3:23.
We are all as an unclean thing, for all our righteous-nesses are as filthy rags; and we all do fade as a leaf; and our iniquities, like the wind, have taken us away, Isa. 64:6.
Verily, verily, I say unto you, He that believeth on me hath everlasting life, John 6:47.
But now in Christ Jesus ye who sometimes were far off are made nigh by the blood of Christ, Eph. 2:13.
For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord, Rom. 6:23.

GRADUATES FROM MARINE RECRUIT TRAINING

Marine Private Denny L. Johnson, son of Mr. and Mrs. A. D. Johnson, of Weinert, has graduated from Marine recruit training at the Marine Corps Recruit Depot, San Diego, California.

During his eight weeks of intensified recruit training under veteran non-commissioned officer Drill Instructors, he learned small arms marksmanship, bayonet fighting and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He will undergo four weeks of individual combat training and four weeks of basic special-ist training in his military occupational field before being assigned to a permanent unit.

The Good Earth

by MRS. R. F. COBB

Suddenly I feel as though I am living once more. There is lots to be done on this yard before we can really relax, but that is what makes life worth living. Being able to create beauty where there has only been weeds and grass. I am happier being close to nature than at any other occupation.

Today I put out cannas of several different varieties. Our double petunias are beginning to grow and blossom. I got my cannas from Mrs. John Fouts. This place has promise of great beauty once we get the Johnson grass and bermuda killed out where we wish to plant a garden.

Mrs. John Fouts' yard is a gardener's dream. She specializes in cannas of several different varieties. The color range is from white through the darkest of reds. Large pecan trees turn the north yard into a shady retreat. Long rows of varied colored iris border the yard, for spring color in the garden. Pink mil foil borders the yard at the back. Pampas plumes guard a large wagon wheel. Iris, shasta daisies and cannas surround the garage. Shrubs of many kinds surround the house.

Mrs. Fouts has a tall deutzia that she takes a great amount of pride in. The shrub is literally covered with graceful clusters of fragrant, white blossoms in May. She has rooted several deutzia from the original bush.

Several have called me about plants turning brown and dying overnight. Root rot often hits after a long rainy spell. When a plant is attacked by root rot it dies almost at once. The infected plant should be removed and the soil worked deeply. Often deep tilling helps to eradicate root rot.

Zinnias, marigolds, coxcomb and many other plants grow better if they are thinned when they reach a height of three or four inches. Commercial fertilizer added to the soil, after plants are thinned, will promote strong growth and brilliant colored flowers. Perennial phlox have a tendency to turn yellow due to lack of iron in the soil. Commercial fertilizer, high in chelates of iron, will cause the foliage to become green and healthy once more.

Keep all old blossoms cut as they fade. More and more larger flowers will be your reward for this practice.

Be sure to mulch plants to help preserve moisture. This practice also keeps the lower foliage of chrysanthemums from

curling up and dying during a dry spell. Deep watering also helps prevent lower leaves from scorching.

Clean iris beds of all old blades and other trash. Many cut iris fans back rather severely just after they have bloomed. I prefer to let nature do the pruning. She knows just how far the plants need to die back for the rest period.

Keep roses pruned by cutting each blossom back to two bud unions. In other words, where the rose stem grows on to the main cane, leave two clusters of leaves when cutting the blossoms. Many prefer this method of pruning to the harsh cut back in early spring.

Keep a constant watch for signs of borers in rose canes. A hole in the center of the cane shows the presence of borers. There are many products on the market recommended for the eradication of the pesky insect. Often a wire poked into the cane will kill the borer larvae.

Even though the Haskell Garden Club has disbanded for the summer, we are still very active in our gardens. There are many beautiful flowers in Haskell.

Two-Pronged Meet of Texas Water Development Board Set for June 17

A two-pronged meeting of the Texas Water Development Board has been scheduled June 17 in Lubbock.

The first phase of the meeting, said Joe G. Moore, Jr., executive director of the TWDB, will be devoted to West Texas in the Texas Water Plan while the second portion will be an official meeting of the Board. Both meetings will be open to the public.

A team from the Texas Water Development Board, headed by Moore and John Vandertulip, chief engineer for the TWDB, will discuss the Texas Water Plan, keying their remarks largely to West Texas, the High Plains, El Paso, and the Trans-Pecos section of the State. Also taking part will be Dr. Hebert Grubb, assistant professor of agriculture economics at Texas Technological College, and Edward G. Weber of Amarillo, a member of the 2020 Water Study Committee for the High Plains. Mills Cox of Gay Hill (Washington County), chairman of the Texas Water Development Board, will preside at the Board meeting.

Commission and several TWRC staff members.

The opening session of the day-long meeting will be held in the auditorium at Texas Technological College, beginning at 9 a. m. The TWDB meeting will begin at 1:30 p. m. in the In-Town Inn at Lubbock.

The Lubbock meeting will be the first scheduled following release of the Texas Water Plan in Austin Monday and will open a round of meetings throughout the State during June, July and August.

The Texas Water Plan has

been developed at the request of Gov. John Connally "in the public interest and to aid the economic growth and general welfare of the State."

The Plan is a flexible guide for the development of the State's water resources until the State's population reaches 10 million.

JUDGE JIM ALVIS Thanks Voters

I want to express my sincere appreciation to those who voted for and supported me in the race for County Judge. I am grateful for your friendship and loyalty.

I hold no ill will for those who voted for my opponent. Our freedom to vote as we please is a great privilege and any time a person runs for office, there is always that chance he may be defeated.

Thanks again,

JIM ALVIS

FINAL NOTICE TO HASKELL DOG OWNERS

ALL DOG OWNERS OF THE CITY OF HASKELL ARE HEREBY NOTIFIED THAT DR. DAVID BALLARD OF STAMFORD WILL BE ON DUTY AT THE CITY FIRE STATION IN THE CITY HALL THE PURPOSE OF VACCINATING DOGS AGAINST RABIES. CITY LICENSE FOR DOGS WILL BE ISSUED SIMULTANEOUSLY WITH THIS PUBLIC SERVICE BEGINS AT 10 A. M. PLEASE BRING YOUR DOG ON A LEASH, OR HOLD HIM IN YOUR ARMS WHILE YOUR ANIMAL IS IN THE UPTOWN AREA.

JUNE 10TH—FRIDAY
NOW HEED THIS FAIR WARNING

Due to the vast number of complaints received from a wide variety of Haskell citizens from many sections of the city, the City Council has met in Special Session and has passed an emergency ordinance making mandatory the following action in regard to dogs:

All dogs (including dogs with licenses and rabies vaccinations) will be kept under control at all times by the owner of such dogs. The term "under control" means that dogs will be kept on the property of the owner or at the owner's place of residence in such a manner that the animal will neither be a menace or a public nuisance to any person or persons. When dogs are allowed to leave the property of the owner, they are to be in the care and custody of some responsible person, which means that such dog should be on a leash held by such responsible person, or should be always in the proximity of that person and under his or her control.

Dogs found roaming at large in the city will be picked up by a person authorized and retained for this purpose by the City of Haskell. A vehicle is now equipped with a cage, and a tranquilizing gun will be utilized in subduing animals found roaming at large. The owners of licensed dogs will be notified that they have been picked up, and will have 5 days to redeem their animals. A charge of \$1.00 per dog will be made for boarding such dogs. Animals not redeemed in 5 days will be destroyed. Animals not licensed and vaccinated will be destroyed without delay.

This ordinance will take effect on June 15th. Dog owners are warned that THIS LAW WILL BE ENFORCED. You are encouraged therefore, to proceed now to provide a place for your dog or dogs be retained on your property or place of residence by providing a fenced area or other suitable means of retention.

Considerable damage to property and considerable inconvenience and mental anguish has been caused recently by packs of dogs roaming the city at night. We realize that in taking this action we will cur the animosity of a few of our citizens. It is our considered opinion that this action will meet with the approval of an overwhelming majority of our citizens. It is, therefore, our avowed intent to see that a menace of marauding dogs is brought under immediate control. We ask your cooperation.

THE CITY COUNCIL — CITY OF HASKELL, TEXAS

BIARD CLEANERS

NOW IN NEW LOCATION

516 N. First Street - Across Street from Bailey Toliver Chevrolet Co.

COMBINED WITH SERVICE CLEANERS

Our aim, of course, is to better serve our customers and by combining the two plants we feel that we can give better service than in the past. By having a greater number of employees each can devote full time to a specific job or, more or less specialize.

We have added new, more modern equipment which means faster service and high quality cleaning. Adequate room allows us to more conveniently arrange our plant.

All things being considered, we feel that the new arrangement offers a decided advantage to our customers.

We want to invite you to come by and inspect our plant at any time.
