

Two Weeks Singing School Slated Here In July At Church of Christ

A Haskell Singing School will be held at the Church of Christ, July 18-30, T. J. Finley, minister of the church announced. The school will be open to boys and girls 10 years and up, also men and women.

Course of study will include fundamentals of song leading, sight reading, rudiments of hymn music, how to teach hymn music, harmony and composition, hymnology, daily voice lessons, instruction in A Cappella singing, special emphasis on song leading and note reading.

The church, or some individual, may wish to pay all or part of the cost for students going from this area. When this is done be sure to designate to which students the funds apply," Mr. Finley said.

Money may also be contributed to a scholarship fund to be used for any worthy student without specifying any certain one. All checks are payable to the Haskell Singing School, minister Finley pointed out.

Students should arrive by Sunday, July 17. School begins on Monday morning, July 18, at 9:00 o'clock and will be in session Monday through Saturday from 9:00 a. m. until 4:00 p. m. There will be night sessions for everyone at 7:30. Registration fees of \$5.00 will be paid by all daytime students. Adults are welcome in the daytime, but many would only be able to attend at night, Mr. Finley said. The school closes with the Saturday evening session, July 30.

Students should plan to leave Haskell by Sunday afternoon, July 31. The means of transportation as well as distances for travel will help to determine departure.

Refunds of registration fee will be made, where necessary, up to July 1. Students are asked to bring regular school clothing and dress clothes for worship. Students will be cared for by couples from the congregation of the Church of Christ, upon their arrival in Haskell.

A copy of school rules will be given each worker, home and student in the school, before the first session begins. A sack lunch for the noon meal will be provided each day by the home where each student is staying.

Periods of relaxation will be provided. Elders of the Haskell church have asked Holland Boring, Sr., to direct the school and each one on the teaching staff have had rich experiences in this field and will enrich the lives of their pupils.

"We plan a good school. The good accomplished will be limited only by the number of students taking advantage of this opportunity. Students instructed in this school will be a blessing in congregational singing wherever they go," Mr. Finley said. Any further inquiries may be directed to T. J. Finley, 510 N. Ave. E, Haskell, Texas 79521, or telephone 864-2772.

YOUNG HOMEMAKERS HELP: Mrs. Jimmy Hannsz, chairman club and community service committee, Haskell Chapter of Young Homemakers (left), and Mrs. Jimmy Browning, president (right), are shown presenting the Haskell County Hospital with 37 blankets, two crib sheets and three dozen undershirts to Anna Mae Davis, LVN (center). These articles are a donation from the Young Homemakers to the nursery. Twelve members of the Young Homemakers met for a one-night workshop to make the crib sheets and blankets. Attending the workshop were: Mmes. Tim Burson, Raymond Bennett, L. B. Ivey, Jon Jameson, Jimmy Hannsz, Larry Gilliam, Tommy Matthews, Elton Klose, Bob Greenroy, W. H. McBroome, Jimmy Browning and W. P. McCollum.

A Message From Your C. of C. President

The Industrial committee of the Chamber of Commerce is working diligently with the Haskell Industrial Foundation and some of its members are meeting regularly with the Foundation.

"Industrial development in Haskell is a slow process. It seems that little is being done. However, we meet regularly each week with the Industrial Foundation and discuss problems and policies oriented toward the development of industrial activity. Give us your support, suggestions, and comments. We wish to ask for your patience.

"Your Chamber is planning a joint County Fair-Hey Day celebration in conjunction with the Jaycee Carnival, either the third or fourth weekend in September. We would appreciate any volunteers that would like to work on this important project. Please contact the Chamber of Commerce."

Widening Of Highway 24 "Is In The Near Future"

Last Rites Held For Gena Lynne Middlebrook

Gena Lynne Middlebrook, 4-year-old daughter of Mr. and Mrs. Dale Middlebrook died on Monday morning in Stamford Hospital during a tonsilectomy. Funeral was held at 3:00 p. m. Tuesday at First Baptist Church in Paint Creek with the Rev. D. S. Moore, Cross Roads Baptist Church pastor from Rotan, and the Rev. Truett Kuentler, pastor of the First Baptist Church of Kress, and the Rev. Ken Neeley, pastor of the First Baptist Church in Paint Creek, officiating.

Burial was in Willow Cemetery under direction of Holden Funeral Home. She was born August 4, 1961, in Stamford. The family lives about eight miles south of Haskell near Paint Creek.

Survivors include the parents; one sister, Phyllis Middlebrook, of the home; the paternal grandparents, Mr. and Mrs. G. V. Middlebrook, of Haskell, and the maternal grandparents, Mr. and Mrs. J. J. Dean, also of Haskell.

Pallbearers were John Hisey, Eddie Swamer, E. L. Elmore, Burnell Gilleland, Twain Mickler and Roddy Kuentler.

Mayor Douglas B. Finch has received notice from the State Highway Department that the widening of Highway 24 through Haskell will begin in the near future.

The city has been notified to begin replacing fire plugs and re-locating signs along the right-of-way; and the General Telephone Company, the West Texas Utilities Company, and Lone Star Gas Company, have all been notified to proceed to make any necessary preparations for this work.

It is anticipated, the Mayor said, that the actual work of widening the road will begin in August.

Rev. Patterson Returned As Meth. Pastor

In appointments read at the close of the conference held in Dallas last week, Rev. J. V. Patterson was returned as pastor of the Haskell and Paint Creek Methodist Churches.

With Sunday's services, Rev. Patterson began his third year as pastor here, having come to Haskell in June 1964 from Clarendon where he served for three years.

A graduate of McMurry College and the Perkins School of Theology in Dallas, Rev. Patterson has served in the ministry for 21 years. He has held pastorates in Elbert, Truscott, Foard City, Texas Street Methodist Church in Vernon, Ropesville, Miami, Clarendon, Haskell and Paint Creek.

Local Boys Are State Delegates In Austin

The twenty-sixth annual American Legion Boys State sponsored by the Department of Texas and held on the campus of the University of Texas, got underway Saturday, June 11, as 750 high school boys from all parts of Texas began registration. Waggoner Carr, chairman of the Legion program, announced.

Among those registering from Haskell were Braxton Thornton Gilmore, Dennis Keith Chapman, Riley Carlton Couch, Charles Wayne Cadenhead, Kelly Don Adkins, Stephen Dale Munday, Paul Allen Hiebert, who were sponsored by the local American Legion Post.

Following registration, each citizen was assigned to one of two political parties...the Longhorn or Pioneer. Each citizen then functions as a member of his party; he attends its precinct, county and state conventions and votes in its primary.

In Boys State, the American Legion provides the type of programs where the young citizen has the opportunity to learn for himself that his government is just what he makes it. The boy "learns to do by doing." Highlight of Boys State will be a trip to the Capitol tomorrow morning, Friday, where each elected Boys State Official will be given an opportunity to serve in his respective office for a day, followed by the Governor's Ball Friday evening.

Boys State enrollment this year brings the total of 11,006 junior high school boys who have attended since 1940, when Boys State was first inaugurated in Texas.

Firemen Answer Call Monday To John Thomas Home

Firemen answered a call to the John Thomas home, 1005 North Avenue D, around 2:00 p. m. Monday. Workmen were laying a cabinet top in the kitchen when some glue was ignited from the pilot of a hot water heater.

Some smoke damage was reported and also damage to the linoleum.

Jaycees Sponsor 'Honey Sunday' On June 26th

According to an announcement made by Jaycee project chairman, Albert Lee Roberts, the Jaycees will sponsor Honey Sunday, June 26. Jars of honey will be sold by the Jaycees from door-to-door. This is a national project and all proceeds from the sale will go to Mental Health and Mental Retardation Foundation.

Further details will be found in next week's Free Press concerning the sale.

Commissioners Court Hires County Agent

Robert W. Schumann has been appointed Haskell County Agricultural Agent effective July 15, according to a joint statement by the Haskell County Commissioners Court and J. G. Simmons, District Agricultural Agent, Agricultural Extension Service, A&M University.

Mr. Schumann is a graduate of Texas A&M University with a B. S. Degree in Animal Husbandry. He served as assistant county agricultural agent in Jefferson county for about one and one-half years before serving in the U. S. Navy for two years. Following his discharge from the Navy he was appointed county agricultural agent in Hidalgo county and he has served in this position for the past one and one-half years.

Schumann is married and they attend the Methodist Church. Robert is the son of G. R. Schumann who served as Haskell County Agricultural Agent from 1938 to 1944.

Other Business

In other business Monday the court purchased a Gallion model 104 motor grader for the price of \$5,350.00 (difference); a caterpillar loader for \$9,753.69 (difference) and a model 10D tandem drive motor grader for \$17,500.00.

Council Has Busy Session Tuesday Night

With Mayor pro-tem, Carl Anderson presiding in the absence of Mayor Douglas B. Finch, the city council held a "busy session" Tuesday night.

The council asked that Joe Williams, city attorney, draw up a resolution to the effect that Goode Construction Company of San Angelo be relieved of all liabilities to the city of Haskell.

The weed ordinance and budget for the 1966-67 year were approved; Dr. Frank Cadenhead was re-appointed as city health officer; Satch Lusk was re-appointed as corporate court judge and the council voted to close the alley running east and west between the homes of David Middleton and Mrs. Ida D. Holt.

Council also voted to re-invest \$50,000 in U. S. Treasury Bonds. Ben McGee and Frank Jenkins, of the Jaycees, presented estimates before the Council in regard to remodeling of the Corral building. No action was taken, but Buster Gholson and Carl Anderson will check further into the matter.

Sections Of County Report Hail Damage

Quite a bit of damage was reported in sections of Haskell County from hail Sunday night.

From reports over the county, it appeared that the Paint Creek area, from Lake Stamford west to the Paint Creek School, suffered the heaviest; however, quite a bit of damage was reported to crops between Weinert and Rochester.

Only 0.13 of an inch of rain, accompanied by small hail, fell in Haskell, Sam Herren, "the weatherman," reported.

Paint Creek got up to 1 1/2 inches of rain and damaging hail. Wayne Peiser, Carl Fischer, Gene Wells, Guinn Medford, Jodie Earls, R. V. Earls, John Nanny and others in the Paint Creek area, all received hail damage to their cotton and grain.

Tom Bevels, Clovis Winchester and James Hudgins in the Weinert-Rochester area, had hail and wind damage. Tommy Ballard of the United Industries said that 90 per cent of the grain in Haskell County had been harvested.

Haskell Firemen At Convention In Fort Worth

Haskell is well represented at the State Firemen's and Fire Marshal's Convention, which is underway this week in Fort Worth. The convention opened Tuesday, June 14th, and will continue through today, Thursday.

Attending from Haskell are Fire Chief, Tom Watson, Sonny Reynolds, Mr. and Mrs. E. J. Stewart and Mr. and Mrs. Jack Spears.

Rotary Speaker Stresses "Wearing Of Cotton" By Cotton Producers

Charles W. Stenholm, Executive Vice President of the Rolling Plains Cotton Growers, Inc., told the Rotary Club at its regular meeting last Thursday at Felker's Restaurant that he was appearing before them in an all cotton shirt, suit, tie, socks and underwear...and urged the people of the big cotton country to go and do likewise.

The program was introduced by Mayor Douglas B. Finch, chairman for the day.

Mr. Stenholm reported that the Rolling Plains association covered a 31-county area, and was originally organized for the purpose of eradicating the boll weevil. While this remains one of the prime goals of the association, it has taken on the extended duties and concerns, including the promotion of cotton consumption. Last year, the speaker said, the 31-county area produced 673,000 bales of cotton, worth 97 million dollars. This year the acreage will be down 30 per cent.

One of the reasons for cotton being in trouble, Mr. Stenholm pointed out, was the fact that we have a 16.7 million bale surplus of cotton left over from last year, one of the last commodities to remain in surplus supply. Considering that we will produce 12.7 million bales this year, one can see that we have a surplus on hand in excess of one year's production. With an anticipated domestic market of 9.5 million bales and an export market of 2.5 million bales, we can expect only a 2.5 million bale decrease in our surplus this year.

Mr. Stenholm further pointed out that only 3 per cent of the people in the rolling plains area raise cotton; but strange as it may seem, the 97 per cent who do not raise cotton are more cotton than the 3 per cent, the speaker said, is to create among ourselves (the people of the cotton producing country) the biggest market in the nation for all-cotton products, and this could be done by simply wearing cotton products.

The four main causes of cotton (Continued on Page 12)

Red Cross Drive For Funds To Begin Monday

In a meeting held in the commissioner's courtroom Tuesday morning, plans were made to "kick-off" the Red Cross Drive for funds Monday, June 20th, County Judge Jim Alvis said.

Ralph Carpenter, National Red Cross representative, of Fort Worth, presided over the meeting. Jim Norman, of Rule, is county chairman. Quota set at the meeting for Haskell and other communities over the county were as follows: Haskell \$1200.00; Rule \$500.00; Rochester \$380.00; O'Brien \$350.00; Weinert \$350.00; Mattson \$60.00; Irby \$60.00; Paint Creek \$150.00; Cobb \$35.00; Plainview \$110.00; Sagerton \$150.00; Jud \$150.00.

Riley Selected For Training At Lowry AFB, Colo.

RICHARD L. RILEY

Airman Richard L. Riley, son of Mr. and Mrs. Richard P. Riley of 901 North Sixth Street, Haskell, has been selected for training at Lowry AFB, Colo., as an Air Force munitions specialist.

The airman, a 1960 graduate of Haskell High School, recently completed training at Lackland AFB. He attended Texas Technological College, Lubbock, and Abilene (Texas) Christian College.

His wife is the former Bettie Hill of Haskell.

Final Rites Held For Mrs. L. L. Carroll

Mrs. L. L. Carroll, 55, passed away last Thursday at Hendrick Memorial Hospital, Abilene, after a brief illness.

Funeral services were held at 2:30 p. m. Sunday in the Church of Christ, Haskell, with Jack Cox of Cordell, Okla., and T. J. Finley, ministers, officiating. Burial was in Willow Cemetery with Holden Funeral Home in charge.

Born May 2, 1911, near Purcell, Okla., she married L. L. Carroll August 7, 1926, in Bagwell. She was the former Lillie Mae Miller.

Mr. and Mrs. Carroll came to Haskell County and settled on a farm north of the city in 1930. She came to Texas at five years of age. Survivors are her husband, L. L. Carroll; one son, James H. Carroll; two daughters, Mrs. J. R. (Dessie) Burkhalter of Seymour, and Mrs. Layne (Doris) Wells of Trent; four sisters, Mrs. D. H. Carroll and Mrs. Bob Clayton, both of Weinert, Mrs. J. R. Winslett of Fredericktown, Mo., Mrs. R. S. Woodbridge, of Old Glory; two brothers, Earl Miller of Uravan, Colo., and Hugh Almus Miller of Weinert; six grandchildren.

Pallbearers were Hoie Harrell, J. H. Kreger, Roy Medford, Glenn Merchant, Byron Frazier, Gerald McCoy.

Tentative Dates Are Set For Jaycee Carnival, "Hey-Day," County Fair

With Raja Hassen, president, presiding, tentative dates for the Jaycee carnival, in conjunction with "Hey-Day" and the County Fair, were set for either the third or fourth weekend of September, 1966, at the meeting of the Chamber of Commerce, 7:00 a. m., Tuesday, at the Do-Nut Shop.

The county fair committee, along with the Jaycee committee, will meet in the near future to set a date also for the 1967 event.

At the Tuesday session, Clara Biard discussed the possibility of an active Historical Society. Mrs. Biard presented the idea to the B&P club at their meeting Tuesday night.

Any interested citizen, club or organization in the county is urged to work with the Historical Society and may contact Mrs. Biard. The present committee has been inactive for some time. Historical markers are one of the main projects for

the time being and the State Historical Survey Committee will work with the county committee. The State Historical Survey Committee will also help with other projects to attract tourists, such as the Depot Museum.

Mattie Muriel Felker was named chairman of a committee for a "Miss Cotton" contest to be sponsored by the Chamber of Commerce.

James Franklin, Jaycee president, announced the organization "Honey Sunday," June 26. All proceeds will go to the mentally retarded children of Texas.

Robert Greenroy gave an estimate on the heater and some odd pieces of furniture the Chamber of Commerce would like to sell. The office planning committee will be in charge of whatever is needed for the new office.

Cancer Crusade To Date \$3,319.95; Officers Elected For Next Year

Haskell County Cancer Society in regular monthly session Monday night, June 13, at 8:00 in the Haskell National Bank Community Room, met for the last meeting of the year.

Mrs. Clay Smith, nominating committee chairman, presented the name for president as the other officers had been presented by a former nominating committee.

Officers elected for the next year are: President, Judge B. C. Chapman; aide to the president, Mrs. Ed Hester; vice president, Mrs. H. K. Henry; secretary, Mrs. Ruby Smith; treasurer, Mr. Clyde Grice; publicity chairman, Mrs. Bob Herren; medical chairman, Dr. Frank Cadenhead; educational chairman, Mrs. Felix Mullino; service chairman, Mrs. Florence Darden. The crusade chairman is to be appointed at a later date. Mr. Henry King, who served as crusade chairman this year, will serve as co-chairman.

Barry Moncure, Wichita Falls, field representative, was present and urged as many as can attend the District 13 annual meeting today, Thursday, June 16, in Abilene, Sands Motel, beginning at 8:30 a. m., 1:00 p. m. Those from the Haskell unit attending are: Mrs. Ed Hester, Mrs. Ruby Smith and Mrs. Bob Herren, Haskell, and Mr. Felix Mullino, district director, and Mrs. Mullino from Rochester.

Anyone interested is invited to go to this meeting and may do so by calling Mrs. Ed Hester, 864-2008, or Mrs. Bob Herren, 864-2227, so transportation may be provided. The State Annual Meeting will be in Houston October 5-6, place to be announced later. At the conclusion of the program, Mrs. Hester, retiring president, presented Mr. Henry King crusade chairman, a silver key chain for his outstanding work done during the crusade this year. Mr. Mullino, in turn, also presented Mrs. Hester with a beautiful silver key chain for her untiring efforts during the past two years of service rendered as leader to the Haskell County Cancer Society. Mr. King gave a partial re-

STRANGE REASONING

Many people in recent years have been of the opinion that the U. S. Supreme Court has ventured too far into the realm of feelings, emotions and personal preferences in establishing the basis for its rulings in cases having to do with civil liberties. Majority as well as minority groups have some rights that should be respected. It would seem that the people of a state should have the right to expect that tax supported state employees not be members of the communist party or other organizations prepared to use violence to overthrow constitutional government. But in a recent 5-to-4 decision, the Court has ruled that Arizona may not require employees to take a loyalty oath. The majority view held that this was a threat to "the cherished freedom of association protected by the First Amendment."

One wonders why similar concern for "freedom of association" might not be applied with far more logic to judging the constitutionality of forcing a persons to join a union in order to get a job in states that don't have right-to-work laws on the books.

CAN'T MAKE PEOPLE HIRE

When legislated minimum wages are artificially boosted by political pressures, rather than by ability to earn, potential employers are reduced and new unemployment roles are created. The millions of average citizens with a limited amount of money to spend for housework, yardwork, farmwork and a hundred and one every day chores, will not pay an unduly high minimum wage because they cannot.

More and more labor-saving machinery will be used in all walks of life. Its use will increase in the home, on the farm and in all business and industry. Stores and factories will become more automated and serve yourself and do-it-yourself products and practices will multiply. By legislated handicaps, opportunities for unskilled persons to learn are reduced, relief rolls are increased and the inflation ball rolls on.

You can lead a horse to water, but you can't make him drink. And this applies to persons with limited dollars to pay unskilled help. The lawmakers can tell you what you must pay, but they can't make you hire.

THE DAYS OF SUMMER

Although the warmth of the season may already have come to much of the country, the days of summer begin officially June 21, at 3:33 p. m., Eastern Standard Time. Edith Wharton, writing some years ago, expressed the feeling that touches us all: "Summer afternoon—summer afternoon: to me those have always been the two most beautiful words in the English language." For most of us, summer will bring days of vacation away from the usual routine of school or job. There will be some time again to appreciate the beauty of the words "summer afternoon." The feeling of the sun and the blueness of the sky, the buzzing of insects and the fragrance of lush summer growth, the smell of fresh cut grass, the warm lengthening shadows that gradually merge into a late evening with the light still not gone from the sky...such are the quiet charms of summer.

The most active summer pursuits...driving trips, boating, swimming...carry their share of danger as well as fun and concern for safety should be the constant companion of all who pursue them. So far the fullest enjoyment of this fairest season of the year, let us bring thoughtfulness to the quiet times and care to the busy ones.

Government Can Curb Inflation

American business, American workers and their families are finding that even when they are earning more they are getting less, according to the Chamber of Commerce of the United States. Today it costs \$1.33 to buy what sold for \$1.00 in 1950. One dollar saved in 1950 has lost 25 per cent of its purchasing power. It is now worth only 75 cents. Food prices are up 32 per cent; rent, up 39 per cent; public transportation, up 89 per cent; and clothing, up 12 per cent. The Government can curb inflation by eliminating all low priority spending, keeping the supply of money and credit in line with the quantity of goods and services, and balancing the budget, with a surplus in times of prosperity.

How Are Your Picnicking And Camping Manners?

This is the season for outdoor living. Are you and your family enjoying the wonders of nature by picnicking, camping or motoring.

If we act like responsible Texans, all of us will be able to enjoy the natural beauty of our state, says Miss Lucille Moore, Extension recreation specialist at Texas A&M University. Our parks, forests and roadsides are our vacation outdoor living rooms. If some of us are careless, all vacationers will suffer, adds the specialist.

Careless vacationers destroy our forests by fires and pollute streams and campsites with discarded rubbish. Plants and animals may be killed by this careless disregard by vacationers. Careless campers may start ruts and erosion by driving off the roads provided for their use.

You will be a good citizen if you follow good outdoor manners when vacationing.

- 1) Keep a trash bag in the car, and use it.
- 2) Carve a stick, not a tree.
- 3) Leave the flowers and plants for others to enjoy. They will die if you pick them, anyway.
- 4) Keep a safe distance from wild animals.
- 5) Be careful with fires... Douse the campfire an extra time.
- 6) Drive on roads.
- 7) Curb the urge to throw things into the water or off high places.
- 8) Leave the wonders of nature and history where they belong. A souvenir grabber is stealing from future generations.

TAX MAN SAM SEZ:

Selling a home has become a common thing. Many taxpayers own several homes during their life. You must report the sale of your home on your income tax return and pay taxes on any profit that you may have on the sale. When you buy a

home you should keep a record of the cost. When you make improvements — including adding shrubs and trees or a new room —this adds to your cost (or basis). It pays to keep a permanent record to help you solve your tax problems when you sell.

gates chosen in much the same manner as CPI Trustees are selected.

The program for the meeting will be presented by Clifton Kirkpatrick, director of field service for the National Cotton Council of Memphis, Tenn., and Earl Youts, NCC District field man from Lubbock. Also Emmett Robinson, Assistant Director of Public Relations of the NCC.

The theme of the program will revolve around these four questions: Does cotton need additional research and promotion and if so, how much? Does research and promotion pay dividends for cotton? Can farmers operate and administer the research and promotion act effectively? What is the next step?

Charles W. Stenholm, executive vice-president of the Rolling Plains Cotton Growers, Inc., said: "There can be no doubt as to the importance of the research and promotion program being proposed will have a profound effect on the future of cotton production in the Rolling Plains. And since that fate will eventually be decided by the individual votes of producers, they owe it to themselves to become as well informed as possible on the issue."

The Good Earth

by MRS. B. F. COBB

Once again I would like to warn everyone to be on the watch for red spider mites. I visited a friend recently and her garden was covered with the tiny red mites. Flowers susceptible to spider mite are hollyhocks, dahlias, poppies and verbenia, to name a few.

Watch tomatoes for horn worms. Hand picking usually takes care of these pests. Tom-

atoes are also bothered by red spider mites.

Mulching tomatoes with well-dried grass clippings will cut down on bloom end rot. This is caused by a fungus that comes from the ground. Dry grass keeps the foliage from touching the soil, thus preventing bloom end rot.

Sulphur dusted on the soil cuts down on mildew in zennias and marigolds. Be careful not to get the sulphur on the foliage.

Keep on the look-out for thrip in roses. Tea roses will bloom monthly in spite of the heat if thrip is not present.

If large dahlias are desired, pinch all side buds off, leaving only one bud to each stem. Be sure to water dahlias deeply, as their tubers are deep in the ground. Shallow watering is the cause of lower leaves scorching and dying.

With so many flowers blooming throughout town, many will be gathering blossoms for arrangements. There are several things to do that will insure one of lasting cut flowers. First, wash all vases and containers in hot soapy water, and rinse well. Carry a bucket of water with you to the garden to put the cut flowers in. Cut all stems on the slant so they can absorb more water.

If plants have been cut over five minutes, re-cut before plunging into a water bath. It is well to leave flowers or foliage in deep water overnight. Have the water 110 degrees, or as hot as you can hold your hand in. Seal all bleeding stems, such as poppies and dahlias. Do this as quickly after they are cut as possible.

Put one teaspoon of sugar to each pint of water when you arrange the blossoms. This practice helps to prevent fading of the flowers and removes all offensive odors. Never leave foliage below the water when an arrangement is made.

Pot plants watered with warm water, and watered early in the morning are more healthy than those watered with cold water. Haskell Garden Club members ... plant zennias July 15th for fall flowers.

"PATRIOTISM" PROGRAM THEME FOR YOUNG HOMEMAKERS

Chapter of Young Homemakers met on Thursday, June 16, at 7 p. m. for their monthly session... Mrs. Jimmy Browning gave highlights from an article in the Reader's Digest, "The Secret of Enthusiasm" and Mrs. David Frierson closed the program by reading another article from the Reader's Digest "Sounds of Freedom." This article tells that at 2:00 on the 4th of July bells will ring all over the United States and the Young Homemakers voted to sponsor this bell ringing day in our own city, and to encourage all other YH chapters to do the same. Mrs. Browning also encouraged all members to purchase flags to display in front of their homes.

... a must in Economic Development

Obtaining leads on industries that might locate in a community is one of the hardest parts of any sound economic development program. The lack of an industrial prospecting program produces several leads may cause serious mistakes by a community in financing or other endeavors to attract unsound or attractive industry. A community needs a well balanced program combining all the techniques and utilizing all of the sources will give it increased effectiveness and chances for real success.

LOCAL PEOPLE AS A SOURCE OF INDUSTRIAL PROSPECTS usually provide a sound reason or give the community a comparative advantage in attracting the industry.

- BUSINESSMEN**—should ask the company representatives they buy from if the company needs additional manufacturing facilities to serve this market area, also service stations, restaurants and motel people can do their customers.
- CITIZENS**—who know someone that works for an industry should inquire if that industry might be interested in locating a plant.
- EXISTING INDUSTRY**—may need a companion industry to supply them with raw materials or services. Expansion of existing industry is sound economic development.
- LOCAL IDEAS**—can provide leads for the local people to establish an industry of their own or attract a certain type industry.
- EX-CITIZENS**—should be contacted, advising them of asking their help to obtain leads on any industry that could logically locate in the town.

CHAMBER OF COMMERCE ACTIVITY — should utilize programs as direct mail, asking local citizens to call on industry when they are on a trip — watching all news media for leads or indications that a company might expand.

COOPERATION WITH OTHER AGENCIES — such as banks, railroads, regional and state development organizations provide leads for new industry. Keep all of these organizations advised of the local programs, advantages, activities and community interest for attracting new industry for improved economy in your community.

ANY and ALL industrial leads should be handled through the local group that has been delegated this responsibility, the Chamber of Commerce.

Ask your WTU local manager for additional information services available.

VI. REPENTANCE AND ACCEPTANCE

We believe that upon sincere repentance, godly sorrow for sin, and a whole-hearted acceptance of the Lord Jesus Christ, they who call upon Him may be justified by faith, through His precious blood and that in place of condemnation they may have the most blessed peace, assurance and favor with God; that with open arms of mercy and pardon the Saviour waits to receive each penitent who will in unfeigned contrition and supplication for mercy, open the door of his heart and accept Him as Lord and King.

Scripture References Where Taught

¹If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness. I John 1:9.
²Being justified by faith, we have peace with God through our Lord Jesus Christ; by whom also we have access, by faith, into this grace wherein we stand, and rejoice in hope of the glory of God. Rom. 5:1, 2.
³There is, therefore, now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the spirit. Rom. 8:1.
⁴To give knowledge of salvation unto His people by the remission of their sins, through the tender mercy of our God; whereby the day-spring from on high hath visited us, to give light to them that sit in darkness and in the shadow of death, to guide our feet into the way of peace. Luke 1:77-79.
⁵...Him that cometh to me, I will in no wise cast out. John 6:37.

VII. THE NEW BIRTH

We believe that the change which takes place in the heart and life at conversion is a very real one; that the sinner is then born again in such a glorious and transforming manner that old things are passed away and all things are become new; inasmuch that the things once most desired are now abhorred, whilst the things once abhorred are now held most sacred and dear; and that now having had imputed to him the righteousness of the Redeemer and having received of the Spirit of Christ, new desires, new aspirations, new interests, and a new perspective of life, time, and eternity, fills the blood-washed heart so that his desire is now to openly confess and serve the Master, seeking ever those things which are above.

Scripture References Where Taught

¹...Except a man be born again, he cannot see the kingdom of God. John 3:3.
²Therefore, if any man be in Christ, he is a new creature: old things are passed away; behold all things are become new. II Cor. 5:17.
³If ye were of the world, the world would love its own; but because ye are not of the world, but I have chosen you out of the world, therefore the world hateth you. John 15:19.
⁴I am crucified with Christ: nevertheless I live; yet not I, but Christ liveth in me; and the life which I now live in the flesh I live by the faith of the Son of God, who loved me, and gave Himself for me. Gal. 2:20. Being justified freely by His grace, through the redemption that is in Christ Jesus; whom God hath sent forth to be a propitiation through faith in His blood, to declare His righteousness for the remission of sins that are past, through the forbearance of God. Rom. 3:24, 25.
⁵Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in His law doth he meditate day and night. Ps. 1:1, 2.

E. C. Collins

Commissioner-Elect of Precinct 4

EXPRESSES THANKS TO VOTERS

To the Voters of Precinct 4, I want to assure you I am very grateful for your confidence, support and kindness in electing me your commissioner.

I will be ever mindful of the duties and responsibility the office carries with it and will spare no effort to make you a good commissioner. I want to assure each and every voter of the precinct that I will treat one and all alike, showing no difference or favoritism to any part of the precinct.

I will welcome your suggestions and will be available at any time for discussion of the precinct's problems or business. I want each and everyone of you to feel free to attend court sessions or make any inquiries you wish.

As for roads, I have spent a number of years working in the precinct and am well acquainted with our road problems. I know they require lots of work, but I am going to spare no effort to keep them in the best possible repair.

It is my desire to give you an economical, yet progressive administration and every decision will be carefully considered and will be a sincere one.

PAINT CREEK ... COMMUNITY NEWS

BY MRS. GENE OVERTON

A few weeks ago my sons nominated me Texas A&M Mother of the Year. They told me later that they told only one fib in that letter and that was I wrote the Paint Creek news for the Free Press. So to make our sons honest men, I'll write some community news.

The grain harvest is in full swing and some grain farmers have completed their harvest, the wheat is good, as most averages are from 20 to 25 bushels per acre. Irvin Overton averaged 40 bushels on the field at the northwest corner of the Ray Overton farm. Barley and oats are good, too. The hall on Saturday night, May 28, damaged

the grain in some parts of the community, but even with hail damage the averages are high. All the cotton is coming up, and we couldn't have asked for better grain cutting and cotton planting weather.

Paul Fisher returned home Wednesday from Hendrick's Memorial Hospital in Abilene. He spent five or six days in the hospital undergoing tests. He is feeling much better.

Mr. and Mrs. Ray Overton Jr. and Mary Margaret spent the weekend with their parents, Mr. and Mrs. Ray Overton Sr., and Mr. and Mrs. George Free.

Mrs. John Carlos Montgomery, Johnny, Paul and Scottie, of Midland, spent last week with Mr. and Mrs. J. Howard Montgomery and her parents, Mr. and Mrs. Woodrow Smith.

Mr. and Mrs. Howard Montgomery have moved the little red rent house north of their house to the lake, and are making a cabin for their family vacations.

Mr. and Mrs. Boyd Cathey

spent the weekend in the community after meeting their daughter, Elizabeth, at Lubbock. Elizabeth completed her first year of teaching and is attending summer school at the University of Indiana. While they were here their house was struck by lightning during the wind and hail storm. Boyd said a ball of fire seemed to come in the north kitchen window and danced across the floor to the den. Nothing was burned, but one could tell the house had been struck.

Danny Ivy was chosen candidate for the State F.F.A. president at the recent FFA area meeting at Fort Stockton. He has won both the Santa Fe Award and the Farm Bureau Awards this year.

Miss Nancy Grove and Miss Patricia Lynch of Baylor Hospital in Dallas spent the weekend with Mr. and Mrs. Allen Isbell, Danny and the girls. They were Danny's therapists while he was a paralytic patient in Baylor Hospital.

Honored With Shower

Miss Barbara Grand, bride-elect of Lee Moberly, of Lubbock, was honored at a shower in the Gene Overton home Thursday afternoon. Carrying out the bride's chosen colors of yellow and white, the house was decorated with arrangements of daisies. The refreshment table was covered with a cut-work cloth, and appointments were in crystal and silver.

Mrs. Dale Middlebrook, cousin of the bride served punch and Mrs. Bob Neely, cousin of the groom, served cake squares.

Out-of-town guests were Mrs. B. Earley of Abilene, Mrs. R. J. Moberly, Mrs. Guy Stacy, Miss Laura Moore and Mrs. Collier of Albany; Mrs. Bob Neely, Mrs. George Kunkel, Mrs. Vesta Brown, Henry Jamison, of Throckmorton. Home-folks were Mrs. Alfred Pierson, of Haskell; Mrs. J. R. Hager, of Mattson; Mrs. Howard Montgomery, Ray Overton, Frank Underwood, Russell Grand, Ray Overton, Louie Kuentler, Eric Bergstrom, Bud Grand, Pat Moberly, L. B. Jones, Nancy and H. B. Montgomery, Jim Dean, Janice Isbell, Mrs. John Grand, the honoree and the hostess, Mrs. Overton.

Friday morning the students toured Proctor and Gamble. They saw Oxydol and Tide made and boxed. They watched them making Ivory bars, blue Camay and Crisco. One interesting thing was that this cotton seed crude oil is brought in and refined. The glycerol is sold to other manufacturers.

They then visited Mrs. Baird's Bakery. Their guide was a Mr. Carr who once lived in Anson. Friday afternoon they saw Love Field, and Braniff's. They returned to the motel early because of the heavy rain.

Mrs. Helen Jean (Cox) Cole was their Dallas hostess. Her mother and daddy, Mr. and Mrs. Seet Cox, were in Dallas to care for her two little boys while she took the Paint Creek group around the city. The trip was almost perfect—

Capt. Arvie Bergstrom, Joy left Sunday June 5, for Germany to visit her brother for two months. The flight took 13 hours. Arvie called his parents at 4:30 a. m. Monday morning that she had arrived in Germany.

Honor Trip to Dallas

One of the nice honors Paint Creek High School gives every year is the Honor Trip to Dallas for the 15 students with the highest grades. This year they were: Jerry Scheets, Nelda Morrison, Mary Lee Alexander, Phyllis Middlebrooks, Allen Schmidt, Steve Livengood, Kenneth Dudenings, Beverly Gibbs, Nancy Jones, Janay Morrison, Milla and Ricky Perry, Janice and Jeannine Isbell and Brenda and Linda Griffith. Superintendent and Mrs. Pat Morrison and Mr. and Mrs. Homer Livengood sponsored the group.

They left school Wednesday at noon and arrived at the Tower Motel about 6. Thursday morning they toured General Motors in Arlington. There they saw Tony Flores, a Paint Creek graduate who works there. On Thursday afternoon they toured the Link Tempeo Vaught Airplane factory. Early in the space program they used the facilities here for the simulated flight of the astronauts.

Thursday night they attended the musical "A Portrait of Nelson Holiday 111," at the Bussy Junior High School in Garland. This play was written by Bob Nail of Albany and the music and songs were written by William Overton. Mr. Overton directed the play, and his students presented it. Paint Creek students had reserved seats and were recognized and applauded.

Friday morning the students toured Proctor and Gamble. They saw Oxydol and Tide made and boxed. They watched them making Ivory bars, blue Camay and Crisco. One interesting thing was that this cotton seed crude oil is brought in and refined. The glycerol is sold to other manufacturers.

They then visited Mrs. Baird's Bakery. Their guide was a Mr. Carr who once lived in Anson. Friday afternoon they saw Love Field, and Braniff's. They returned to the motel early because of the heavy rain.

Mrs. Helen Jean (Cox) Cole was their Dallas hostess. Her mother and daddy, Mr. and Mrs. Seet Cox, were in Dallas to care for her two little boys while she took the Paint Creek group around the city. The trip was almost perfect—

Miss Nancy Bernard, Maid of Cotton, To Attend Knox County Festival

"Getting to know so many wonderful people!" was Miss Kay Ford's answer to the question "What has been the most exciting part of your reign?" As 1965 Knox County Vegetable Festival Queen, the 1966 graduate of Munday High School has had a full and rewarding year representing Munday and Knox County in many activities and functions. However, on Friday evening, June 24, Miss Ford will step from her year of glamour and join the other Festival Queens, as another beautiful Knox County girl will be crowned "Vegetable Queen 1966."

Sharing the spotlight with Kay during the 1966 version of the Festival Pageant will be special guest, the 1966 Maid of Cotton, Miss Nancy Bernard. Nancy is the granddaughter of Mr. and Mrs. J. E. Bernard of Haskell and Mr. and Mrs. W. R. Moore, of Munday. Miss Bernard will open the program with a brief resume' of her tour abroad as a guest of the President at the White House; television and radio appearances; style shows

except on the way home they drowned out between Bryson and Graham.

Dr. and Mrs. James Nelson, of Memphis, Tenn., visited her parents, Mr. and Mrs. Glen Walton. Mrs. Nelson is the former Glenda Walton.

Airman Rick Gibbs spent a week with his father, Bill Gibbs. Airman Gibbs has been stationed at the Amarillo AFB, but is leaving for Iceland for his overseas tour.

The community is proud of our District FFA Sweetheart, Milla Perry. She won third at the FFA area meeting in Fort Stockton.

and many other fascinating events during her tour of 37 major cities in the United States boosting the sales of cotton products. Miss Bernard was a Festival guest last year and Munday is indeed happy that she will attend again this year as a National Queen.

Forty-four young ladies are being sponsored for the Festival Pageant this year. They are sponsored by Munday and Knox County merchants and businessmen. They will be judged on personality, charm and beauty. The first presentation will be at an informal tea at 3:00, Friday, June 24, held at the home of Mrs. C. P. Baker of Munday. The second and final appearance will be held in the beautiful new Munday High School Auditorium at 8:00 p. m., the same day when they will wear formal attire. A Queen and two runners-up will be chosen. Valuable gifts of merchandise will be given each. The Queen will be expected to reign over the activities of the two day event and shall represent Munday and Knox County throughout the ensuing year. A patio party is being planned for the contestants at the home of Mrs. Paul Pendleton on June 10, 1966. A Queen's Ball will climax the evening's entertainment immediately after the Pageant.

The Pageant is under the direction of Mrs. Charles McCauley, Chairman, Mrs. Wayne Josselet, Co-Chairman, and a host of committees.

The Beauty Pageant is one of the most outstanding highlights of the entire Festival and has received wide acclaim for its record in participation and support.

Encampment At Lueders Stated June 20-23

June 20-23 is the date; "Stairway to the Stars" is the theme. Junior and Intermediate girls of the Baptist Double Mountain Area and Sweetwater Association will be the campers at the Girls Auxiliary encampment at Lueders Baptist Encampment.

A program of fun, fellowship, Bible study, beauty and charm, designed to interest and inspire these girls (ages 9 to 16) has been planned with the leadership of Mrs. L. L. Trott of Stamford, Camp Director.

There will be two programs running consecutively during the camp, one for the Junior girls (age 9 to 12) and one for the Intermediate girls (age 13 to 16).

HOME FOR SUMMER Mr. and Mrs. Sam Herren were in Port Arthur last week to return their daughter, Louisa, home. Miss Herren has been teaching at Port Arthur the past year. They also visited New Orleans, La.

32 - Page Color Brochure, "Texas, America's Frontier," Is Released

The immense variety of Texas pleasure travel is portrayed in an entirely new edition of the popular travel brochure, "Texas - America's Frontier," released recently by the Texas Highway Department.

The 32-page color brochure incorporates maps, photographs and art work in a glossy magazine-style format. It provides the traveler with a short, vivid course in Texas geography, spiced with colorful pictorial glimpses of things to see and do in the "Friendship State."

So vast is Texas, the new brochure divides the state into six recreational regions, focusing on attractions which are depicted by caricature maps, drawings and photos. Designed to give equal representation to all parts of the state, the new publication illustrates a cross section of Texas vacation variety. Historical, amusement and recreational features are portrayed in each section, outlining a brand of fun for everyone.

Also included are informational sections on hunting and fishing, highway regulations and tourist services provided by the Texas Highway Department. Nearly a million free copies of an earlier edition have been distributed since its introduction some three years ago. Demand for the new publication is expected to be even larger.

The new brochure joins other pieces of travel-oriented literature which are now being distributed by the Highway Department. More than three million pieces are annually provided free to Texas travelers.

Supplemental literature includes the Official State Highway Map, Texas Calendar of Events, State Capitol Guide, Texas Facts Sheet, State Parks Guide and an invitation to visit Highway Department Tourist Bureaus.

Those Tourist Bureaus, seven, located at major highway entrances to the state, and one in the State Capitol rotunda... serviced more than 750,000 travelers last year. Visitors were provided free maps, literature, travel tips, and encouragement to stay a while longer in Texas. A ninth Tourist Bureau is under construction in Amarillo.

Additional travel services were rendered in reply to more than 224,000 mail inquiries

handled by the highway department last year. Augmenting literature supplied directly to travelers are other Highway Department travel promotion efforts, such as colorful travel posters displayed at convention sites, and a half-hour motion picture released less than a year ago. A Spanish language version of that popular travelogue is now circulating in Mexico, while French and German versions are in production.

Such travel promotion efforts were instrumental in attracting many of the record 12.7 million out-of-state visitors who toured Texas by car during 1965. Those automobile visitors spent more than \$613 million while in the Lone Star State.

Al Hinds Lions Speaker Tuesday Noon

What is a good Lion? Al Hinds asked members of the Lions Club at the Tuesday noon luncheon meeting, as he spoke to the group on the "Challenge for Service."

Rev. J. V. Patterson, pastor of the First Methodist Church, was in charge of the program. "A good Lion should attend as many meetings as possible; he should contribute with constructive ideas; he should willingly accept an office; he should perform his duties willingly; he is quick to recognize and applaud any other Lion who does a good job on a project and a good Lion creates a new interest for members who seem to be drifting away," the speaker said.

"Since 1917 Lions International has had a change of leadership through duly held elections. Thus, the installation of new leadership personnel each year in our club, and clubs throughout Lionism all over the world does not signify a commencement, but rather a continuation of something well established.

"The story of the growth of Lions International is a thrilling one. From its place of origin, Lions International has quickly journeyed across prairies, across mountains, across oceans to all the continents of the world.

"Each year new Lions club officers take over the helm... but they are like runners in a great relay race, each participant, to the best of his ability, must carry and keep lit the eternal torch over his portion of the assigned distance.

"In this fast-growing organization of Lionism, you who are officers in the Lions Club of Haskell have the opportunity to carry it burning ever more brightly because the increased service during the year has added fuel to the lamp of Lionism," Hinds concluded.

Elliott Cox, little son of Wallace Cox, Jr., was a guest at Tuesday's meeting.

153 Dogs Are Vaccinated Here Last Friday

Dr. David Ballard, of Stamford who was in Haskell last Friday at the city hall fire station vaccinated a total of 153 dogs.

Thirty dogs have been destroyed, as the city ordinance provides that all dogs be tagged and kept under control at all times.

Haskell citizens who might be annoyed by stray dogs should call the city hall and action will be taken.

Mrs. Langford and son spent several days visiting in the home of her parents, also the parents of her husband, Mr. and Mrs. C. V. Langford.

LIFE ON THE MOON

AGRICULTURE
Possibly in our lifetime, men will be living, working and playing on the moon. Ever wonder how "moon men" will produce their food in the moon's completely foreign atmosphere?

Hydroponics, or the process of growing food in liquid nutrient solutions instead of soil, will probably be the process for the moon's harvest. Vegetables will grow to enormous sizes in scientifically controlled "gardens," and their seeds returned to earth for biologists to study.

Life on earth may vary well benefit by this revolutionary form of farming on the moon. It's all part of a fascinating free exhibit of future moon life on display at New York's Allied Chemical Tower in Times Square.

Fresh Pork Is Done When Traces Of Pink Disappear

By Mrs. Barbara M. Elliott County H. D. Agent

Fresh pork is "done" when all traces of pink has disappeared. Thoroughly cooked pork is creamy white in color, says Mrs. Barbara M. Elliott, Home Demonstration Agent.

After cooking pieces containing bone, such as pork chops, always cut along the edge of the bone where it joins the flesh, to be sure that the meat is not pink or even pinkish.

Large pieces require much more cooking than small ones, because heat penetrates more slowly into the center of the meat. Large pieces that are well cooked on the outside may be partly cooked or almost raw in the center.

To eliminate any doubt when cooking a large piece, make a slight cut into the center of it to see whether all trace of pink has disappeared.

A dependable guide to thorough cooking of fresh pork is to allow 30 minutes' cooking time per pound, at the usual roasting or baking temperature of 350-degrees F. This means to a 185-degree F. or higher internal temperature.

These temperatures are recommended primarily to protect your family from trichinosis. These recommendations allow a considerable safety margin above the temperature necessary to destroy the parasite causing trichinosis.

Fresh pork sausage is "done" when it is gray and no trace of pink remains. Processed sausage made of pork should always be cooked unless you know definitely that the product was specially processed under Federal supervision, or under equally reliable State or local supervision. Sausage purchased from farmers or peddlers should be cooked every time. Not much heat is required if it actually reaches all parts of the pork. A temperature as low as 137-degrees F. will make the pork safe.

Mixtures of ground beef and pork are used in some places selling hamburgers. If you are not sure that the hamburger contains only beef, be sure that it is thoroughly cooked before you eat it.

ATTEND WEDDING

R. A. Bradley, Eudora Bradley, Elyse and Jan Eastland, were in San Angelo last weekend for the wedding of Susan Kay Cummings and Joseph C. Cross of Texas City.

Vows were exchanged in the Chapel of the First Baptist Church of San Angelo on Friday, June 10, at 7 p. m. Susan Kay is the daughter of Mr. and Mrs. L. W. Cummings of San Angelo and the granddaughter of Mr. Bradley. The couple are June graduates of Baylor University and have established residence in Fort Worth where Mrs. Cross will teach in the public schools of that city while Mr. Cross attends the Southern Baptist Theological Seminary.

Grandson of "The Mathews" Is OK

Gary Miller, son of Durwood and Joyce Miller of Hobbs, N. Mexico, and grandson of Mr. and Mrs. O. M. Matthews, of Haskell, was one of the 15 New Mexico Boy Scouts and their leader, sunburned, but in good health, who were found safe on a raft trip down the Rio Grande.

The scouts, ranging in age from 12 to 18, were all from Hobbs, N. M. They started the river trip Monday, following in part the same course that Mrs. Lyndon Johnson took when the President's wife visited the Big Bend in April.

Torrential downpours that hit the area during the past several days prompted fears that the youths might have been swept off their rafts into the raging waters.

The 55-mile trip, which was started at the lower end of Santa Elena Canyon on the Texas-Mexican border, was to have been completed Sunday.

A search was launched when the youths failed to reach this area Saturday. Their three rafts were later found on the Mexican side of the river.

Miller's Creek One of The Proposed Projects For The Big Country Area

Seven reservoirs, two of them already on the drawing boards, will just about complete the development of the water resources of the Upper Brazos and Upper Colorado River basins, and will provide municipal and industrial water for the Big Country to the year 2020.

That is the gist of the Abilene-area portion of the Texas Water Plan, presented recently by Gov. John Connally and the Texas Water Development Board to members of the Texas Legislature.

Details will be released later in special reports on the Brazos and Colorado basins, prior to the public hearings the development board will hold July 18 at Abilene and July 20 at Waco on the Brazos plan, and July 25 at Odessa and July 27 at Austin on the Colorado plan.

Breckenridge

The first new reservoir needed in the Big Country will be Breckenridge Reservoir on the Clear Fork of the Brazos in Throckmorton County, with the headwaters touching the northeast corner of Shackelford County. This reservoir will need to be built in the 1967-1980 period, the report suggests. It would cost \$19,600,000 and would impound 617,000 acre feet of water, all devoted to municipal, industrial and silt space. This would not contain flood control space, so financing would be up to the local units of government which build it and use the water.

Also needed in the same period is the proposed Stephenville Reservoir on the North Bosque River in Erath County. It would cost \$2,500,000 and would capture 51,500 acre feet of water for municipal and industrial use, and for silt capture.

Miller's Creek

Later down the line, the preliminary suggestion for stage construction indicates, will be the Millers Creek Reservoir in Baylor and Throckmorton counties. It would cost \$5,400,000 and would hold 25,500 acre feet of water, mainly for municipal supply. The North Central Texas Municipal Water Authority has contemplated over and over this project for years.

DeCordova Bend Reservoir on the main stem of the Brazos in Hood County, already nearing construction by the Brazos River Authority, is the fourth reservoir to be on the plan for the Upper Brazos Basin.

For the Upper Colorado, the report endorses the Robert Lee Reservoir, nearing actual construction by the Colorado River Municipal Water District to supply municipal and industrial water for Midland, Odessa, Big Spring and Snyder.

Then it suggests that between 1980 and 1990, Stacy Reservoir will be needed with the dam in Coleman and Concho counties, just below the point where the Concho joins the Colorado. This would cost \$26,400,000, shared just about 50-50 by the U. S. Army Corps of Engineers and the cities which need the water supply. It would have a total capacity of 1,359,300 acre feet, making it the largest reservoir in West Texas, and half would be used for flood control and half for municipal supply.

Also by 1980, the report suggests the enlargement of Lake Brownwood, to provide 143,400 acre feet of storage space, presumably for municipal, irrigation and industrial use in the

AIRMAN RETURNS FROM VIETNAMESE WATERS

Airman Randy B. Wilson, USN, son of Mr. and Mrs. Randolph Wilson of 1206 N. Ninth St., Haskell, has returned from Vietnamese waters with Attack Squadron 56, to the Lemore, California Naval Air Station. The Squadron, which flies the light attack A4E Skyhawk jet, had been deployed aboard the attack carrier USS Ticonderoga since the 28th of September, 1965. Operating in the South China Sea off the coast of Vietnam, the squadron had flown more than 2600 sorties, had logged more than 5,000 hours in the air and had dropped more than 4,000,000 pounds of ordnance on enemy targets.

Attend Leadership Training School At Seguin, Texas

Linda Loewe, daughter of Mr. and Mrs. Eugene Loewe, along with Rev. and Mrs. Allen Johanes, returned Saturday from Leadership Encounter Training School held last week at Texas Lutheran College, Seguin, Tex.

This school is developed to lead youth to an encounter with the world and Christ and help prepare them for leadership in the church.

The school was in session every day, Tuesday through Friday, from 8:00 a. m. to 10:00 p. m. The day's sessions were divided into (1) Crises Hour (confronting youth with world problems); (2) Christ and Crises Hour (Christian basis for solving these crucial issues); (3) Bible study, (4) recreation; and (5) study of art forms such as movies, stories and poems which presented the Christian message through this media.

The themes for the day were "Knowing An Idea," "Knowing A Person," and "Knowing A Time." During the lectures, those attending were presented the opportunity to observe and reflect on the world in which they live in the face of the "Knowledge Explosion" of our time. Youth
