Originally the President's Council predicted that the award Jettie Wells; Robert Tidwell and would be most popular with junior high school boys, and that the State of California would produce the most winners. It comes as no surprise to us to learn that more girls than boys have won the award; we had observed long ago that they were in superior "shape." Californians may be shocked to know that they currently trail both Florida and Texas in the number of award winners.

Actually, California schools employ a slight variation of the Youth Fitness Test, and many of their pupils have not yet had an was in the city Wednesday of opportunity to try for the award. Plan A Good **Traffic Pattern** In The Kitchen

When shopping for a new house, the housewife should take a good look at the overall kitchen planning. The flow of traffic and convenience of the appliances is very important, states Mrs. Barbara M. Elliott, County Home Demonstration Agent. Be sure to check awkward situations that could grow more irritating with time: 1) Be sure a built-in oven or

dishwasher does not obstruct traffic when its open. This can be hazardous.

2 Doors which, when they open into the kitchen, should not cut off use of an appliance or a portion of counter space. Sometimes you can solve the problem by having them rehung to open out or in the opposite direction.

3) Lack of counter space is frustrating. Be sure there's a "landing strip" beside the refrigerator - preferably on the side where it opens, by a builtin oven (let's hope it's heat-proof) and ample ones on both sides of the sink. 4) In smallish kitchens, avoid

having major traffic run right through the main work area. Children rarely stop, look or listen, which could make such a traffic arrangement exasperating and dangerous.

5) If you walk quite a distance from sink to range, you're in for spills and a lot of trot-ting back and forth when you need water for cooking, to drain vegetables, etc. About three to six feet is a manageable distance.

6) Snack bars often give too little knee room, face a blank wall, are too high for small children, subtract rather than add to storage, obstruct neces-sary traffic. Just as bad in their way are big breakfast areas at the expense of needed work and cabinet space. These may save the builder money, but they make little sense in homes with other adequate dining areas.

A short business meeting was held following the meal. Miss Nettie McCollum, the 1966 president, presided. Reports were given from last year's meeting. Money donated from er. last year's dinner was used to send four Brazilian girls to the Baptist Seminary in Recife, Brazil for one year.

Letters were read from the director of the school in Recife, thanking the association for making it possible for these girls to go to school. Many of the girls are from very poor families and would not be able to be in school without help.

Iola Taylor was elected president for 1967 and Opal Adkins, secretary-treasurer. Mrs. Reynold's favorite song, "The Lily of the Valley," was sung by the group and Lee Barnett gave a very inspirational devotional, using the theme of "A Bunch of Everlastings." She used red carnations in illustrating each of the ten "Everlastings." the first one being the life of Mrs. Hazel Reynolds. Some of the

others whose lives she cited as "Everlastings" were Paul Bun-yan, John Wesley, Charles Spurgeon and John Knox. In giving the history of each life, she gave scriptures from the Bible showing the impact that they had on each of their lives and how their lives were chang-ed to serving humanity. She also stated that each of us were "Everlastings."

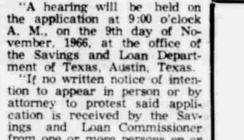

The closing prayer, "An Eve-ning Prayer," was sung by the class members.

Former members attending were: Mr. and Mrs. John P. Payne, Mrs. Alice Ballard, Miss Nettie McCollum, Mr. and Miss Nettle McCollum, Mr. and Mrs. Oscar Oates, Mr. and Mrs. Buford Cox, Mr. and Mrs. R. H. C. Sullivan Gets 25 Year Recognition

Four hundred eighty-two em-ployes from 29 states and five foreign countries are being honored by Phillips Petroleum Co. this year in recognition of their 25-year service anniversaries with the company and its subsidiaries.

Among the group is H. C. Sullivan of Haskell, who serves with the exploration and production department.

Sullivan and half of the service awardees were guests at a dinner last Thursday in the Adams Building Auditorium in Bartlesville, Okla.

The evening events climaxed Ruby a program including tours of the company's headquarters faciliites, informal departmental gatherings, group pictures, reception, social hour and special dinner entertainment.

A Friday morning tour of Is Promoted the Frank Phillips ranch southwest of the city, also was arranged. A similar dinner and other events will be held for the remaining honorees on Thursday and Friday.

County Agent Bob Schumann Rotary Speaker

Bob Schumann, Haskell County Agent, spoke to members of the Rotary Club at last Thursday's noon-day luncheon meeting at Felker's Restaurant dining room.

Mr. Schumann informed Rotarians on the work of the county agent and the many services which are rendered through the department to help people of the county have a better livelihood, as well as to work with the 4-H clubs and teach the young people how to be better managers.

The guest speaker displayed many pieces of material available at the County Agent and Home Demonstration Agent's offices which helps greatly in carrying out the extension serv-

FACTS ABOUT MEDICARE

What is the limit on how illnesses medicare will many cover. I mean, will my cedicare coverage be cancelled if I have to go to the hospital too

A. There is no limit on the number of spells of illness that will be covered under medicare, except for stays in a psy-chiatric or tuberculosis hosp-ital. There is a lifetime limit of 190 days of hospitalization in a psychiatric or tuberculosis hospital.

Q. I've heard that the social security hospital program is really socialized medicine. Will I have to go to a doctor or a hospital that the government picks for me?

A. No, you choose your own doctor just as you have always done. And if you require hospital care, the choice of a hosp-ital will be a matter for you and doctor to decide.

The law specifically guaran-tees freedom of choice to the patient and to the doctor. In addition, it contains a broad provision prohibiting Federal interference in the practice of madiane in another and the medicine in carrying out the provisions of the social security hospital program.

The Federal Government will not be employing your doctor and it will not own or operate the hospital that treats you ori-der the hospital insurance pro-gram. The only thing that is involved is paying the bills for
