## Dettle Republican Candidate County Judge

Steve Dettle

Steve Dettle has been nominated as Republican candidate to run for the office of Sherman County Judge on November 8.

Steve has lived in Stratford 39 years, all his life. He married the former Barbara Flores, and they have three children. He attended Texas Tech University and West Texas State University, majoring in finance from 1967 through 1970, and then returned to Stratford to enter the cattle and farming business. Steve has been very active in community activities and

organizations, and he is a member of First United Methodist Church in Stratford.

Steve has recently put a major portion of his farming operation into the CRP Program, which has given him the time necessary to devote himself to Sherman County and the office of Sherman County Judge.

"Having lived here all my life, I have a genuine interest in Sherman County and its people. I take the office of Sherman County Judge very seriously and would appreciate your support in the November election."

## Out The Library

By Dorothy Haile

Prospectus Study Club has placed a new book in the library on weather. The book, *The Thunderstorm in Human Affairs*, was written by Edwin Kessler. The editor of this book is the Director of the National Severe Storms Laboratory (Norman, Oklahoma) of the National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

This book is designed for both the general reader and the specialist, and it is a fascinating account of the diverse thunderstorm phenomena and how they affect our daily lives.

Some of the chapter headings are Floods, Tornadoes, Thunderstorms and Hail in Agriculture and Forest Management, and Thunderstorms and Aviation.

Each chapter is clearly set forth, accompanied by dramatic photographs and explanatory drawings and tables. Basing their work on the most recent research, the contributors offer practical advice on how to protect life and property from the effect of severe storms.

This book was given in honor of Brad Sussman, Channel 7 weather forecaster. Brad presented a program to Prospectus Study Club recently.
