## Indians take win from Olney Cubs, 27-12

The Haskell Indians defeated Olney Friday night 27-12 in a game played in Olney.

Keifer McNelly led the Indians with two rushing touchdowns.

In the first quarter, Warren Flye had a touchdown

followed with a kick by Daniel Contreras which was good.

McNelly had the first of his touchdowns in the second quarter, again with a good Contreras PAT.

McNelly scored his second touchdown in the

third quarter followed by a good extra point kick. Brett Shelton scored in this quarter to add six more points. The kick failed.

In the rushing department, Mathew Martinez was 4 for 23, McNelly was 12-68, and Shelton was 12-70.

Henry Smith was 4 for 52 and Flye was 1 for 7 in the receiving department.

Indian Coach Grady Benton said, "We have stressed playing four quarters and being accountable. I believe we made positive steps toward making that

something we do on a consistent basis.

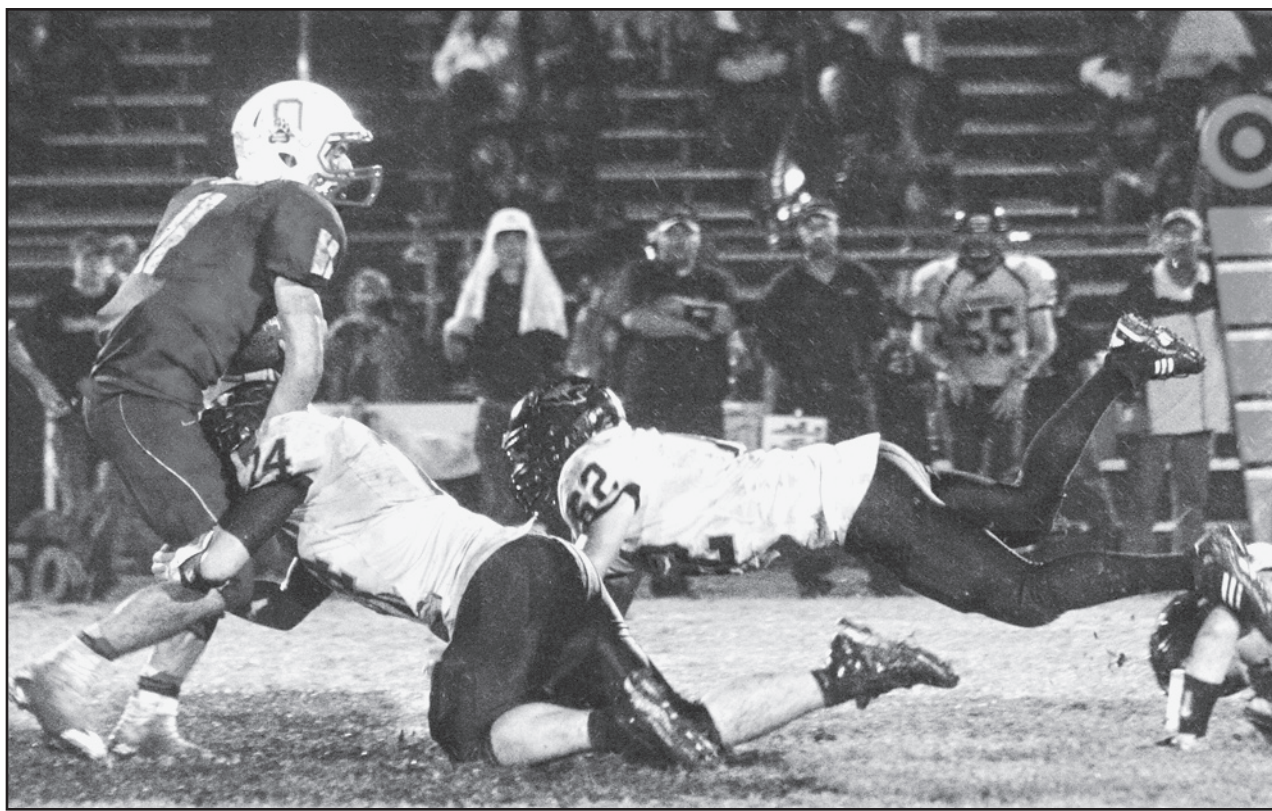

On offense, we like to think we are balanced, but because of the weather we needed to sell out to the run game more than my guys are use to having to do. I am very proud of the way our offensive line and backfield performed. When you can run the ball the way we were able to Friday night good things are going to happen for you as an offensive unit.

Defensively, we bent at times but never broke. We made Olney put together a bunch of plays to score. That is hard for any offense to do without making a mistake."

Haskell is now 2 and 2 and will face City View in Haskell Friday night at 7:30 p.m. Coach Benton said, "We look forward to the challenge as a very athletic City View team comes to town."

Haskell's seventh grade beat Olney 32-0. The eighth grade won 16-8 vs Olney and the JV won 24-6.

This week the seventh, eighth and JV will travel to City View starting with the seventh grade at 4 p.m., and the eighth grade at 5 p.m., followed by the JV.

**INDIAN STOP**-Haskell Indians #74 Doug King and #62 Aaron Urich stop an Olney Cub from gaining yardage during Friday night's game. The Indians took the win, 27-12. Fans are invited to come out and watch the Indians play City View at Indian Field Fri., Oct. 5 at 7:30 p.m.

## Recent rains raise water levels at Millers Creek

The welcomed rains over the past week have added to the water level of Millers Creek.

David Kuehler with the North Central Texas Municipal Water Authority, says the lake level has risen just over two feet. Due to extreme drought conditions, the lake was down approximately fourteen feet. Rains earlier in September raised the level by about two feet, however

that gain was soon depleted. The recent rain has helped recover those two feet.

Although the rain was refreshing and certainly improved our spirits, Kuehler says current restrictions for customers remain in effect. It will take significant rains to break the drought situation. Every citizen is strongly encouraged to do their part in conserving our water supply.

## IRS gives farmers more time

Farmers and ranchers who previously were forced to sell livestock due to drought, like the drought currently affecting much of the nation, have an extended period of time in which to replace the livestock and defer tax on any gains from the forced sales, the Internal Revenue Service announced.

Farmers and ranchers who, due to drought, sell more livestock than they normally would may defer tax on the extra gains from those sales. To qualify, the livestock generally must be replaced within a four-year period. The IRS is authorized to extend this period if the drought continues.

The one-year extension of the replacement period announced today generally applies to capital gains realized by eligible farmers and ranchers on sales of livestock held for draft, dairy or breeding purposes due to drought. Sales of other livestock, such as those raised for slaughter or held for sporting purposes, and poultry are not eligible.

"The IRS is providing this relief to any farm located in a county, parish, city or district, listed as suffering exceptional, extreme or severe drought conditions by the National Drought Mitigation Center (NDMC), during any weekly period between Sept. 1, 2011, and Aug. 31, 2012," said Clay Sanford, an IRS spokesman in Dallas. "All or part of 43 states are listed, including Texas. Any county contiguous to a county listed by the NDMC also qualifies for this relief."

As a result, farmers and ranchers in these areas whose drought sale replacement period was scheduled to expire at the end of this tax year, Dec. 31, 2012, in most cases, will now have until the end of their next tax year. Because the normal drought sale replacement period is four years, this extension immediately impacts drought sales that occurred during 2008. But because of previous drought-related extensions affecting some of these localities, the replacement periods for some drought sales before 2008 are also affected. Additional extensions will be granted if severe drought conditions persist.

Sanford said details on this relief, including a list of NDMC-designated counties, are available in Notice 2012-62, posted on [IRS.gov](http://IRS.gov). Details on reporting drought sales and other farm-related tax issues can be found in Publication 225, Farmer's Tax Guide, also available on the IRS web site.

## Milton Homer Martin

MILTON MARTIN

Graveside services for Milton Homer Martin, 73, of Stamford were held Fri., Sept. 28 at Spring Creek Cemetery in Avoca with Wes Horn, minister of the Orient Street Church of Christ officiating. Arrangements were under the direction of Tankersley Funeral Home of Stamford.

Mr. Martin passed away Wed., Sept. 26 at Hendrick Medical Center in Abilene. The Stamford native was a much loved husband, father, grandfather and coach.

Born Nov. 9, 1938 in Stamford, Martin was the only child of Morris and Inez (Preston) Martin. He played on the UIL Class B state basketball championship

team in 1955 and graduated from Avoca High School in 1957. While playing for Hardin-Simmons University from 1957-1961, he set and still holds the school record for the most free throws made in a game. He was the all time leading scorer for the Cowboys until his record was broken in the 1994-1995 season. In 1985, Martin was inducted into the HSU Athletic Hall of Fame.

In 1961, after graduating from HSU, he married Linda Barnes in Lubbock. He taught and coached in Lubbock, Henrietta, Lueders-Avoca and Stamford. During his 39 year career, he taught science, coached basketball and golf and also served as principal at Lueders-Avoca.

An avid golfer, Martin also enjoyed woodworking and playing dominoes. Called Papa by his grandchildren, he enjoyed watching their activities, especially the two oldest play high school basketball.

Martin was a faithful member of the Orient Street Church of Christ for 44 years. After retirement, he kept

the grounds at the church, taking great pride in the yard and flowers. A man of quiet service, Milton never called attention to his many acts of kindness. His benevolence included donating his time, expertise and skill to projects for family, friends, neighbors and anyone needing help.

Survivors include his wife of 50 years; daughter, Amanda and husband Shane Hadaway, granddaughters Carson, Reagan, Hollyn of Haskell; son, Derek and wife Kim, granddaughter Mackenzie and grandson Brayden of Lubbock; and daughter, Wendi and husband Kenn Newberry, granddaughter Katie and grandson Tyler of Rochester.

Pallbearers were Rex Ford, Joe Garcia, Matt Higgins, Wes Horn, Dennis Huffaker, and Mike Sloan.

In lieu of flowers donations may be made to the Children's Home of Lubbock, P.O. Box 2824, Lubbock, Texas 79408.

## Free stress workshop offered for caregivers

The Alzheimer's Association—North Central Texas Chapter will present a free educational program entitled "Grace Under Fire: Practical Tips for Caregivers" Tues., Oct. 9 from 2:00 to 4:00 p.m., at the Abilene Regional Office, located at 301 S. Pioneer Dr., Suite 105, in Abilene.

can adapt. The instructor will provide tools for reducing caregiver stress, improving communication with the person with dementia and coping strategies for the caregiver.

The Alzheimer's Association is the leading voluntary health organization in Alzheimer's research, care and support. Our mission is to eliminate Alzheimer's disease through the advancement of research; to provide and enhance care and support for all affected; and to reduce the risk of dementia through the promotion of brain health.

## Wichita Brazos Musuem

Indians in Texas will be the theme at the Wichita Brazos Museum program in Benjamin at 2:00 p.m., Sun., Oct. 14.

On that day a Knox County couple will tell how they are related to the Comanche chief, Quanah Parker, and how this kinship was researched. Doug Parker and his wife Frances Parker of Munday will be at the center of the dedication of the giant Comanche arrow and marker on the museum grounds in Benjamin. Following the outdoor dedication, those attending will move into the museum to hear the Parkers tell about their association with Quanah Parker.

Ervy McGreger of Crowell will then speak about his year long search for Indian artifacts. You will see the tables of objects from his

years of collecting in Knox County and nearby areas.

If the Ervy McGreger exhibit doesn't tell you about the arrowheads or artifacts you have, describe it to McGreger in the closing question session for more information.

Everybody is invited to attend, including students in the lower grades, teachers, and people with their own collections—from one chipped arrow point to many points, and other objects.

Attendees will enjoy what is learned from the dedication, McGreger's talk, the exhibit, and from visiting with others who are interested in the story of our region's past.

This event will follow the Knights of Columbus sausage and fried chicken dinner in Rhineland from 11:30 a.m. to 1:30 p.m.

I will be a full-time commissioner available to the people of Precinct One 24/7. I will make all our resources available to the Cities, other County Officers and State agencies in times of natural disasters or emergencies. ## TEXAS PRESS ASSOCIATION

State Capital

### HIGHLIGHTS By Ed Sterling

#### Appeals court upholds Texas open meetings law

AUSTIN—A case brought by a group of 15 city officials naming the State of Texas and Attorney General Greg Abbott as defendants failed before the New Orleans-based U.S. 5th Circuit Court of Appeals on Sept. 25.

In *Asgeirsson et al. v. Abbott*, plaintiffs sought to have the court declare the Texas open meetings law “unconstitutionally vague” and “overbroad” primarily because of criminal provisions local governmental officials face if accused of knowingly circumventing the law. A violation is a misdemeanor punishable by a fine of \$100 to \$500, confinement in jail for one to six months, or both.

Plaintiffs’ central argument was that the criminal portion of the law abridges their right to free speech under the First Amendment. However, in a unanimous decision by a three-judge panel, the 5th Circuit affirmed a lower court ruling that the law is constitutionally sound.

After the court released its decision on Sept. 25, Abbott said the outcome “... is a great victory for democracy and the First Amendment. The decision further guarantees the public will continue to have access to information about how their government works. Making meetings accessible and allowing the public to see how decisions are made are the foundation of open government. A healthy democracy requires that the public have access to how government operates.”

In 2006, again in 2009-2010 and currently in 2011-2012, sets of more than a dozen city officials from many regions of Texas unsuccessfully brought the same general case and arguments before a federal district court and the 5th Circuit.

Originally adopted by the Texas Legislature in 1967, the open meetings law is intended to discourage public officials from meeting in non-public settings to deliberate on public business. According to the Reporters Committee for Freedom of the Press, invalidating the law potentially would allow government corruption to escape public scrutiny.

Disclosure: Texas Press Association participated in a friend-of-the-court brief in support of the state’s position in *Asgeirsson v. Abbott*.

#### Push is on for spending limits

Gov. Rick Perry, Lt. Gov. David Dewhurst and other Republicans last week called a stricter constitutional spending limit for the state budget ahead of the upcoming legislative session.

In calling for a spending limiting amendment to the state constitution, Perry said,

“Government growth, if any, should be kept to the bare minimum and should be limited ... to the rate of our population growth combined with the rate of inflation.”

Dewhurst said Texas is “the national model when it comes to keeping state spending to a minimum,” adding, “We take pride in the fact that Texas ranks 47th out of 50th per capita in state spending.”

Perry called on lawmakers to commit to the five principals of his Texas Budget Compact:

- Practice “Truth in Budgeting”;
- Support a constitutional limit of spending to the growth of population and inflation;
- Oppose any new taxes or tax increases and make the small business tax exemption permanent;
- Preserve a strong Rainy Day Fund; and
- Cut unnecessary and duplicative government programs and agencies.

In explaining Truth in Budgeting, Perry said, “We owe it to Texans to create a budget process that’s more honest and transparent by making the tough decisions Texans make every day and presenting a truly balanced budget free of IOUs and accounting maneuvers.”

#### Red Tape site seeks input

Computer users who have an Internet connection now have an easy way to make their thoughts known on an expanding variety of statewide topics including occupational licensing, state agency rulemaking, public school mandates and manufacturing in Texas.

Texas Red Tape Challenge ([www.texasredtapechallenge.com](http://www.texasredtapechallenge.com)) allows citizens to log in and “share ideas, discuss others’ ideas and vote the best ones to the top.”

According to the site’s sponsor, Texas House Government Reform and Efficiency Committee, “workable ideas that gain consensus will be considered by the Committee for inclusion in its formal report to the 83rd Legislature which begins in January 2013.”

#### More kids taking SAT

Data released by the College Board on Sept. 24 show that in Texas between the 2007-2008 school year and last school year, the number of Hispanic public school students taking the Scholastic Aptitude Test increased by 65 percent.

Gains in SAT-taking also were posted by African-American students, up 42 percent; Asian students, up 29 percent; and white students, up 9 percent.

State Education Commissioner Michael Williams reacted, saying, “We are clearly building a college-going culture in Texas.”

## Ask the Mayor

By John Gannaway, Mayor of the City of Haskell

I’ve been enjoying the rain and everyone I’ve talked with says first thing out of their mouths: “Thank God for the rain.” I think this is the way it should be. I’ve always said the thing I hate the most is ingratitude. My rain gauge indicated 1.7” of rain received at my house, and I hope we had some runoff into Miller Creek reservoir. I hope Stamford Lake and all surrounding lakes were the recipients of significant amounts of runoff because lakes all over the Big Country were getting into trouble.

On the mayoral run the other day I saw in a yard on about North 1st Street a small sign which said, “This lawn well-watered.” It shamed me for my inactivity because this is something I’d intended on doing to let others know my yard was watered with well water. I’ll get right on that sign!

Speaking of signs as the election gets closer we see a plethora of signs going up: Support this one; Support that one. The longer I live the more I realize political tags are out of date. I suggest we read the platforms and decide, “Yes, this is what I believe, this is what I want for my country” and vote accordingly. But do vote! Our forefathers died for this

right, don’t slap them in the face by not voting.

The season is rife with fund-raisers. I looked down at my calendar the other day and had almost every Friday filled in with first one and then another organization’s meal...and some not even on a Friday! I owe about \$50 and hadn’t had a bite yet. You may not be able to support them all, but surely you can one or two.

We took a drive around the golf course the other afternoon after hearing about feral hog damage. Man, you cannot believe it. Strange thing is they stop at the green (I’m guessing because the grass is so thickly planted there it’s harder for them to dig it out with their snout), but the grass up to the green is devastated to the point you’d think a machine had been turned loose. Some have placed traps around the course and I hope they ruin some “hawg’s” day.

By the time you read this, we will have already had our Block Party on the Square on Tuesday night. I am a believer in the Neighborhood Watch Program. The main thing it accomplishes is to add more sets of eyes on the lookout for neer-do-wells in our neighborhoods. We are not asking our citizens to confront or attempt an

arrest—just keep your eyes and ears open for those up to no good. Notify the police and let them handle the situation; they are trained in such matters.

I have had an opportunity to visit with several members of the Progressive Study Club and all were in agreement that we need to close the scrap metal collection site and seek other ways to complete the fund-raising effort for the Veterans’ Wall of Honor. I have found out there are still lots of ideas about the design and possibly the location of this memorial. I just hope that the planners have left some room for other names that, heaven forbid, will have to be added at a later date.

I was confronted by a citizen who said, “How can you complain about the collection site for the memorial when there is a huge pile of bricks across from the City Hall which is city property as well?” Touche’! We do realize this is an eye sore (thank heavens it’s not on a main highway), and we are waiting for approval from the proper authorities to dispose of the rubble as soon as possible. We realize it is a perfect spot for vermin to over-winter so “sometimes the mills of the gods grind slow, but sure.”

Our town has numerous boards and committees comprised of volunteers. These groups of volunteers are invaluable when it comes to the inner workings of our town. We are blessed to have people who give of their

time and often their funds to serve in various capacities on such as the Civic Center Board, Country Club Board, Housing Authority Board, Zoning Board, Mayor’s Advisory Board to the DCOH, Betterment Committee, Beautification Committee—as you can see, many volunteers are involved in the workings of our town. Thanks to all who give of their time and effort; without them a lot would be left undone.

The wonderful rains that we have recently received will make some of the potholes worse; we will be attacking them as fast as we can. Number one on my wish list would be that we could put about 20 more people on the city’s payroll; that way we could get all needful things done. However, to do that would require a fairly significant increase in taxes and we are not in favor of that.

The 2012-2013 city budget has been approved as of the last City Council meeting. It is not a large increase (about 2 cents per \$100 valuation) but this small property tax increase will enable us to carry on business at the same level of expenditure as we did last year.

Don’t forget, any suggestions you have for me concerning ways to make Haskell a better place to live can be emailed to me at [jgannaway1@srcaccess.net](mailto:jgannaway1@srcaccess.net) or drop your suggestions by City Hall or call me at home.

## Names for the Haskell Veterans' Memorial

On the following three pages are the veterans' names received by the Progressive Study Club to be engraved on the memorial project to be placed on the southwest side of the Haskell County Courthouse.

These names have been received from friends and family members.

In an effort to be sure all are engraved correctly, the Progressive Study Club is printing all the names received to date. The Haskell Free Press is providing this service as a courtesy to the community and club.

Some names are listed more than once. They were submitted from more than one period of service. Names will be engraved only once on the monument.

Please make any corrections or additions by contacting Dorothy Hartsfield, 405 N. Ave. H, Haskell, Texas 79521 or email her at dotharts@gmail.com. She may also be reached by calling 940-864-2004.

## This Week's Devotional Message:

### No matter whom we elect, we are still ruled by laws

Great concern is often shown about religion or other aspects of our national life that differ radically from our own, and this is never more evident than after an election. There may be a candidate whose principals are very close to ours, and yet we fear something else about him that might cause him to overstep the bounds of his authority. However, that's why we have laws, and a constitution

that spells out those laws and the limitations of power by any level of government. From the lessons at our house of worship we learn that these laws had their roots in the Bible, and were designed to allow the maximum of freedom while protecting the rights of others. Thank the Lord for these laws, and remember that all of our elected officials must abide them.

**NEW DISTRIBUTION LOCATION**—A new 30x60 metal building is being built on Hwy. 380 East in Haskell across from East Side Baptist Church to house a distribution center for Frito-Lay. T's Welding is the contractor. The building is owned by Ben McGee.

# Capital Farm Credit to send distributions to patrons

Capital Farm Credit Board of Directors recently approved a \$55 million cash distribution by retiring a portion of previously-allocated equities.

Combined with cash patronage paid in the spring, Capital Farm Credit has returned record cash distributions totaling \$93.4 million, in 2012. Customers will receive their portion of the cash payment this fall.

Capital Farm Credit has a long tradition of strong earnings and, in return, is able to share almost 100 percent of profits with its customers. The ability to return patronage each year affirms Capital Farm Credit's mission to provide financing and related services to agriculture and rural America, and also

affords its membership net borrowing costs lower than many competitors.

“Capital Farm Credit values its customers, and the more efficiently we operate,

the more profits we can share,” said Ben Novosad, chief executive officer. “We believe this is a value-added service that sets us apart from other financial institutions.”

**RULE HOMECOMING**—Carrying the crown for the queen during the Rule Homecoming held last weekend was first grade student Sirena Baiza. Carrying the flowers was Kindergarten student Michael Ervin.

**EARLY MORNING WRECK**—Four people were transported to the hospital with minor injuries after a two vehicle collision Fri., Sept. 28. The accident occurred on FM 600.

## Early morning wreck sends four to Haskell hospital

Shortly after 8 a.m. Friday, September 28, two vehicles traveling on FM 600 were involved in a collision.

A Paint Creek school bus transporting students from Haskell to the Paint Creek campus, began experiencing engine trouble, which led to a small engine fire, resulting in thick heavy smoke covering the roadway. The bus moved off the highway, but continued to billow smoke.

Two personal vehicles, were both traveling in the

southbound lane. According to investigating officer Trooper L.P. Adams, the lead car, a Buick Enclave SUV slowed way down as it approached and made its way through the smoke. Due to poor visibility, the second vehicle, a Ford Expedition traveling at a higher speed, did not see the first car and crashed into the back of the Buick.

Trooper Adams said it was not raining at the time of the accident, however the

roadway was wet from an earlier rain.

Four people were transported by ambulance to the hospital. Only minor injuries were reported.

Department of Public Safety officers remind everyone that FM 600 has a posted speed limit of 60 mph. They also encourage drivers to slow down and take extra precaution in circumstances of low visibility or slippery roads, including fog, rain, ice or smoke.

## City Council report

The Haskell City Council met in a regular meeting and public hearing Mon., Sept. 24 with Mayor John Gannaway, Mayor Pro Tem Randy Bowers, Councilwoman Jill Druessedow, Councilmen Stacy Bridges and Dan Hoover in attendance. Councilwoman Sue Medford was absent.

Sally Rueffer, Haskell Chamber of Commerce manager, gave a presentation on the grant program created by the Chamber.

The Drought Contingency Plan for the City of Haskell was approved.

Entering into a public hearing, the city's budget and proposed tax rate were discussed. There was no public comment.

Returning to the regular meeting, the budget and the tax rate of .5256 per \$100 valuation were approved.

All budget amendments were approved as presented.

The transfer of funds for the CDBG grant project at the wastewater treatment plant was approved.

A contract with the Haskell Chamber of

Commerce for disbursement of the hotel/motel tax funds was approved.

The council accepted, with regrets, the retirement of City Secretary Louetta Wallace effective Oct. 5.

The council appointed Carolyn Graston to the City Secretary's position effective Oct. 8.

In the City Administrator's report, Brandon Anderson stated:

•The next meeting date falls on a City holiday; however, the council will have to meet for a zoning request and a light agenda.

•One of the two police officer positions has been filled, along with the Administrative Assistant position at City Hall. One position is still open in the public works department.

•A close out hearing on the CDBG grant project at the wastewater treatment plant will be held Oct. 13 at 6 p.m.

•Recent rains filled Miller Creek Reservoir with a little over two feet of water from the run off. Citizens are urged to be very cautious of water usage as the city is still in Stage 2 water conservation.
