

Hardin PTA Hears Littlejohn

Hardin PTA held its regular meeting Thursday. The guest speaker was Bobby Littlejohn, president of the School Board.

Littlejohn urged parents to develop a better relationship with the teachers. He also urged parents to take an active interest in what the school board is doing. As he pointed out, it's the taxpayer's money they spend and any parent wishing to attend a meeting is welcome.

Littlejohn noted that the only projects now going on in Burk Burnett are the building of new classrooms and the Agriculture building at the high school.

Mrs. Edith Calvin reported that the total profit from fun night came to \$1351.00, which will be divided between the PTA and the teachers.

46 Complete In Revue

The 1970 State 4-H Dress Revue featured forty-six 4-H girls from throughout Texas competing for top honors in Dallas Friday (October 16). The annual parade of fashions is sponsored by the Texas Agricultural Extension Service as a feature of the State Fair of Texas.

Miss Ginger Rodgers of Coleman County was first place winner of both the revue and the all-wool garment division. She wins an all-expense trip to the National 4-H Club Congress in Chicago, November 30-December 4. Miss Texas Wool and Mohair, Judy Womack of Hillsboro, also presented Miss Rodgers with a cash award from the Texas Sheep and Goat Raisers' Association for the top wool ensemble.

A Houston 4-H'er, Kathy Atkinson, received second place honors in the state contest, and best all-wool competition.

Top winner in the all-cotton division of the 4-H fashion show was Debra Gates of Lubbock County. Patricia Horst, Bryan, was runner-up. Jack Weststone, representing the Texas Cottonseed Crushers' Association, presented the two with cash awards.

Eight other finalists were selected from the forty-six teens. They were: Cynthia Hounsell, Eastland County; Rose Mary Teinert, Fayette County; Sharla Haynie, Foard County; Lou Ann Sipton, Galveston County; Lorinda Felix, Oehiltree County; Donna Schroeder, Williamson County; and Sharon Remmele, Wise County.

The participants in the State 4-H Dress Revue actually judged each other, considering poise, attitude, workmanship, and the over-all look of the ensemble. "They represented about 17,000 4-H Club girls enrolled in clothing education work in Texas," said Kay Elmore, Extension clothing specialist and chairman of the revue.

Consumer Protections

Consumers buying products from door to door salesmen may be granted a three-day cancellation period by the Federal Trade Commission for purchases of \$10 or more, announces Bonnie Lyster, Extension home management specialist at Texas A&M University.

A door to door salesman, according to the FTC proposal, must give the buyer a "Notice of Cancellation," effective any time within three business days after signing a contract to purchase goods.

The buyer may use any reasonable method to notify the salesman to cancel the contract. He may mail or deliver the signed notice, or telephone or verbally inform the seller of his desire.

After a cancellation notice the salesman must return any payments made or goods traded by the consumer within 10 business days. He must pick up the item being returned within 20 business days.

The consumer should return the products in their original condition.

A public hearing for the proposed FTC rule will be Jan. 19, 1971.

Marketing Tips From Specialist

Plenty of good meat values are available this week, reports Gwendolyn Clyatt, Extension consumer marketing specialist.

Best beef values include round steaks and roasts, ground beef, short ribs, and arm and blade pot roasts and steaks.

Look for best pork values on hams, picnic, shoulder roasts and steaks.

Grade A large size eggs continue to offer the best combination of quality and economy for the money spent.

Is There Really A Substitute For B Bacon?

Coming events often cast shadows. Could a recent publication from the Economic Research Service of the U.S. Department of Agriculture fit this category? asks Ed Uvacek, Extension livestock marketing specialist.

The report had to do with six months of testing in Fort Wayne, Indiana, of a substitute for bacon. The USDA-sponsored market test was conducted by a private research company under contract with

the manufacturer of the new striplike bacon analog. Most of the users of the new product found it acceptable but continued to use real bacon, noted Uvacek. It was implied, he said, that this lack of substitution was only a short-run effect and that over the long-haul, continued purchases of the bacon analog might have a permanent substitution effect. And what was its composition? It contains 14 ingredients--wheat, soy and yeast

proteins, water, corn oil, egg albumen, salt, U.S. certified color, seasonings, monosodium glutamate, vegetable gum, flavinings and nucleotides. The manufacturer's analysis yields 6.3 grams of protein, 3.1 grams of fat, 3.3 carbohydrate, 1.4 ash, .3 of fiber and 14.35 moisture.

Advertising, noted the specialist, pointed to the differences between the analog and bacon. The analog is pre-cooked, does not shrink dur-

ing cooking, contains little or no cholesterol, and has only one-third the calories of bacon. The price was held constant at 69 cents for an 8-ounce package containing 32 slices. In contrast, the usual pound package of bacon contains 20 slices. On the basis of cost as served, the analog cost was approximately half of that for bacon.

Analysis of the market test data showed a relationship between retail store character-

istics and sales performance of bacon analogs. Some guidelines for placing bacon analogs in new markets and for selection of stores for promotion were developed.

Estimates of the potential impact of fabricated foods, such as this one, on the sales of traditional agricultural commodities were not offered. However, written between the lines, Uvacek said you could sense a really drastic impact if the product were heavily promoted.

Uvacek said the only bright note in the report was this statement: "Use of data from this market test does not in any way constitute endorsement of the product or process by the Department or imply discrimination against other similar products or processes."

And, concludes Uvacek, in these days of low hog prices and a weakening of returns from feeder calves, such developments are not encouraging.

State Parks Issue Fall Camping Guide

Most Texans put up their camping gear for the year when the north winds first blow and the temperature drops. In doing so they miss the best time of the year to go camping in Texas.

Fall offers many advantages to the camper. It is cooler, most of the insects are gone and much of the crowd has left the campgrounds. Texas in the fall will vary from un-

comfortably hot to bitter cold, but chances are good in most sections of the state for blue skies, nippy mornings and pleasant days.

Are you "turned on" by lush green forest, or do you like the stark beauty of desert country? Maybe neither deserts nor forests really grab you. So how about craggy mountains, rugged and always a challenge, or the seashore with hundreds of miles of sand

beaches perfect for fall fishing? Whatever it is that satisfies your craving for the outdoors, Texas probably has it.

State parks offer the best bet for Texans who like to camp from cars, trailers or pick-up campers. Nearly all of the state parks have been developed to furnish modern facilities, including water, electrical and sewage hook-ups.

And the good thing about going to a state park is that they are usually located in some of the most beautiful spots in

the state. State parks also offer some of the best opportunities for outdoor recreation since many of them are water-oriented.

Of course, state parks are by no means the only answer for the camper looking for a place to settle down for the night.

There are hundreds of privately owned camping grounds in the state, and a brief inquiry at an area's chamber of commerce will yield information on these parks.

But maybe you're one of those outdoorsmen who think that if you're going to have all the comforts of home, you might as well stay at home. Primitive camping is your thing, and hiking and canoeing is a means to this end. In that case, Texas is the right place to be.

The four National Forests in East Texas, Big Bend National Park in West Texas and the seashore offer the best opportunities for the back-packer. Most of Texas' rivers have

good canoeing stretches. The most popular canoeing rivers are the Rio Grande in Big Bend, the Guadalupe and the upper Brazos. But the other rivers in Texas have character all their own, and all of them offer some degree of solitude.

When camping in Texas, it's always a good idea to follow the Boy Scout motto--"Be prepared." Be prepared for a sudden change in the weather, especially during the fall, winter and spring. This means

having some warm, dry clothes in reserve. A shelter of some sort is also a good thing to have on hand.

Of course the important thing about camping in any season is enjoying yourself, and the best way to do this is to keep plans simple and relaxed. Decide what activities you want to enjoy on your outing, take the necessary equipment, but cut out superfluous items. They'll just complicate things by getting in the way and taking up space.

First Christian Fellowship Supper

About 75 people attended the Thanksgiving Fellowship Supper at the First Christian Church on Sunday, Nov. 22. There was an abundance of turkey and dressing and other holiday foods. The tables were decorated with Latin American place mats with maps and information about mission work being done there. The napkins had maps and native pictures. At each place were Spanish fans and small figures of the Christ of the Andes.

A brief program was given by Mrs. Fern Hoodworth and Mrs. Don Morris, with a group of children portraying the natives of the various Latin American countries.

After dinner and the program the group moved to the sanctuary to view a film showing the mission work in action. The following out-of-town guests attended: Mrs. Eflie Smith and Mr. H.W. Bolding of Oklahoma City; and Mr. and Mrs. Roy Raines from Apple Valley, California.

New Boys Ranch Planned

The Board of Directors of the Methodist Home in Waco has instructed the Program Committee of the Board and Methodist Home officials to "begin immediate plans for the development of a boys ranch program" as another new facility in the Home's expanding child-care program.

The boys ranch will be located about 12 miles from the Methodist Home campus on a 1,570 acre tract of land already owned by Methodist Home. Located about half-way between Waco and Valley Mills on Highway 816, the land is on a beautiful and picturesque area on both sides of the highway and stretching down to the Bosque River.

Methodist Home has had cattle and hogs on the land for many years, as was explained by Kennard B. Copeland, Administrator. All beef and pork products needed in the operation of Methodist Home have come from this ranch.

"A home unit (or units) which would house from 15 to 20 boys and their Homeparents, cattle barns and other needed facilities will hopefully be built within the next 12 months," he said.

Some of the features of Cal Farley's Boys Ranch near Amarillo, the Oklahoma Methodist Boys Ranch at Core, Oklahoma, and other similar facilities will be considered in the planning and construction of this yet-to-be-named facility.

Probably, some 15 teen-age boys would live in each home unit built. Methodist Home is supported by Methodist churches throughout Texas and New Mexico and cares for children from these two states. The Methodist Home "family of 465 children" includes some 340 on campus, 100 in foster homes and 25 attending college.

Currently under construction on the east portion of the campus in Waco is a \$1,500,000 Guidance Center, scheduled for opening in May or June of 1971.

Completion of the Guidance Center and the boys ranch will make Methodist Home one of the most complete child-care centers in the nation.

Wildlife Man Gets Award

A law enforcement officer for the Texas Parks and Wildlife Department recently received an award for being an outstanding law enforcement officer in Texas from the Southeastern Association of Game and Fish Commissioners.

Bill Childress, a Department law enforcement supervisor in Houston, accepted the award at the association's meeting in Atlanta, Georgia.

Childress was cited for his accomplishments in the wildlife law enforcement in the Houston-Galveston area--one of the nation's more important oyster and shrimp producing areas.

The Houston area is also one of the more important waterfowl wintering areas, and it was noted that extensive planning is necessary to enforce the laws concerning waterfowl in such an area.

Childress received a plaque and a \$50 gift certificate.

METRONOME... Pulsebeat for Music.

CHURCH... Pulsebeat for your New Year's Resolutions.

Beginners in music study have to have help in timing their practice.

The Metronome is a reminder to stay on the right beat.

The Church is the means through which God pronounces his word. God's word sets up the highest ideals for man to live by. Therefore there is no better ground to base your New Year Resolutions on, than those set up by our Lord.

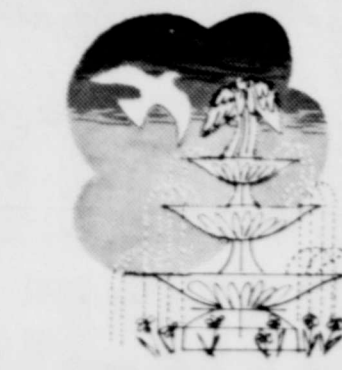

"Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

*Everyone in the Church
The Church in Everyone*

Football

Footnotes

by Robert Sturges

Well, we lost. Both teams knew that one of them would leave the stadium as the District 4-AAA champ—the other would be second. It was unfortunate that it was we who took the second place. People have tried to rationalize our defeat. Some say it was the referees. This is only speculation. At any rate, as it now stands, Brownwood is first and we are second.

But it's not as bad as it might seem. The Bulldogs played an excellent game, fighting their toughest of the season. The fans of Burk, especially our high school band, are to be commended for their restraint after the game, as the rude Brownwood High School chanted "We're number one!" to an empty stadium.

And look at our season record! This year our defense had an average of only 6.9 points scored against it per game. That will probably place our defense, which has been doing a fine job this year, in

the top five of the state, which is above Brownwood. We had a 5-5 record for the season. The Brownwood score was the most points scored against us in a single game, with the Bulldogs losing by two touchdowns. We should also remember that all our district victories were shut-outs. The most impressive was the 39-0 score in the Graham game; the most important was the 30-0 score for the upset against the Vernon Lions. Our team held the dreaded Iowa Park Hawks to a mere touchdown, their lowest score of the year. Let us not forget that Hirschi is not our superior any longer.

It is with a rather sad feeling that I finish this column. Next week "Sports Sidelights" will be here. I have enjoyed commenting on our excellent team. We've had a great year. Now we start on basketball. Let's give the team all the support that we have shown as the football season progressed. We can still be number one!

Bulldogs Nipped By Brownwood

The Burkburnett Bulldogs suffered a narrow 14-0 loss under the paws of the Brownwood Lions in the critical District 4-AAA conference game Friday in Brownwood.

The Brownwood Lions found the Bulldogs a tough defensive team early in the game as the Burk crew held the drive of Brownwood in their first set of plays. The Bulldogs didn't slacken for three entire quarters, fiercely preventing the Brownwood Lions from penetrating the 35-yard line.

The Burk offense drove three times down the field, coming as close as the four yard line. Wind and blitz plays from Brownwood hindered three field goal attempts by Burk.

Late in the fourth quarter, it was Brownwood's Donald Knight who recovered a Burk fumble on the twenty yard line.

There was a series of plays which resulted in a touchdown as Shae Southall carried the ball for one yard. Rodney Folsom added the extra point. The second fatal TD was scored on Brownwood's next possession as the Lions drove from the thirty yard line. Ray Thompson carried the ball for nine yards with Folsom kicking the extra point. With only 2:52 remaining, Burk tried several ground plays, but was unable to move the ball.

The game gave Brownwood a 9-1 record, with its only defeat coming from the crew of Abilene Cooper. Burk finished the season with a 5-5 record, 4-2 for district. Brownwood will now host Lubbock Estacado for the playoffs Friday night at Brownwood.

MEN DO MAKE PASSES AT GIRLS WITH GLASSES!

A long time ago the celebrated wit, Dorothy Parker, made the immortal observation "Men never makes passes at girls who wear glasses."

That's all changed today. The big difference is the men are making passes at girls wearing glasses the would-be Romeo don't even see.

Teenagers, in particular, shied away from any kind of vision aids in the past. With the growing popularity of contact lenses, our youngsters move much more confidently in both their business and social worlds.

Vanity is forgotten by today's youngster. More than 25% of contact lens users, according to officials of Barnes-Hind Ophthalmic Products Inc. are teenagers. The mindless daily detection are practical for the relief of near and far sightedness and are easy to maintain.

The young male finds them invaluable for various sports, particularly hunting, though the male "ego" and "social acceptance" rate high as reasons for their popularity in this area.

Years ago a teenager would stumble and fall before she admitted she had vision defects which might cause her to wear regulation glasses.

Now they can travel safely and turn on the charm with confidence because their sight is adjusted due to the use of aspirin-sized, hidden lenses which rest on the natural tear layer of the eye.

The contacts enable our junior—and senior misses, too—to have a wider choice in the all-important matter of hairdos. They no longer have to contend with irritating eyeglass frames.

Barnes-Hind people note that today's vision aids are plastic and are relatively breakproof. They can't steam up in cold weather, streak in the rain or slide around the head as sport goggles and even many normal eyeglasses tend to do.

The varsity will wear colored uniforms at home and white on the road. The junior varsity will wear white at home and colored uniforms on the road.

Better skills build better careers.

The U.S. Army Reserve.

Somebody cared.

Be somebody.

Hunger hurts children most, in body and mind; kills from diseases a well-nourished child can withstand. When you join CARE's Food Crusade, your help goes to children first, in countries beset by hunger.

Every dollar sends a food package to do a multitude of good. You help feed millions of boys and girls every day at preschool centers and schools, so they can grow into healthy, educated, self-supporting adults. You provide meals at home in food-for-work projects to help parents build community resources. You rescue families in war and disaster areas, and help them rebuild their lives.

With your money, CARE delivers U.S. donations of farm abundance or buys other needed foods. Local governments share operating costs. \$1 can help feed a child for 3 months...\$10 serves lunch to 900 children...\$100 sends over a ton of food. Mail your check.

Jehovah's Witnesses
Close Three Day
Circuit Assembly

**Brownie Troop 40
Visits Rest Home**

L.M. Dugan of New York closed out a three-day circuit assembly of Jehovah's Witnesses in Lubbock Sunday, when he spoke on the subject, "Who Will Conquer the World in the 1970's?"

In speaking to the 1231 persons in Fairpark Coliseum, Dugan said, "All who are here this afternoon will conquer or be conquered in the 1970's."

In speaking on "Loyal Advocates of the Word of God," the supervisor of the 16-congregation circuit, H. Jensen, said, "Loyalty to God means we will not only obey his word but defend it on all occasions."

Harold F. Bruce, Central Unit of Witnesses, Wichita Falls, said the assembly carried the theme, "The Word of God Is Alive."

The Investiture of 8 girls and 8 Committee members was held at the last regular meeting of Junior Troop 25. Seventeen parents were present for the ceremonies. Previous to the Rededication Ceremony was the discussion of the candy sale which is in progress at the present time. Also discussed were Service Projects for the Christmas month and a future cabin camping at Lake Quanah Parker in the Wichita Mts. Wildlife Refuge during Easter time. The Troop will also attend the Easter Pageant.

Brownie Troop 40 visited the rest home, and presented a program of songs, and took magazines to the residents. Afterwards, they returned to their meeting place and made Christmas ornaments from styrofoam meat trays. Refreshments were served to 22 girls.

Troop 45 enjoyed a Mobilization Campout after school Friday. Returning Sunday afternoon, the group camped at Camp Doris, in the Wichita Mts. Wildlife Refuge. The troop camper and observer badges were worked on, and girls took a five mile hike and a two mile hike. Each girl cooked and was responsible for her own food. The troop met Monday and visited the rest home, taking favors for Thanksgiving. They also worked on a skit for the Christmas Party.

Brownie Troop 52 made pool turkeys and tree ornaments at their meeting. They practiced on a skit for Christmas and held an Investiture for 3 girls. On Saturday, Nov. 21, the troop took favors to the rest home and presented a program. They also visited the Fire Station and the Police Station.

Society

A group of Mrs. Oma Bruner's friends and relatives gathered at her home Monday, November 16, to honor her on her 84th birthday.

Burkburnett Garden Club Met In Adams Home

The Burkburnett Garden Club met November 17 in the home of Mrs. J.C. Adams. The President, Mrs. A.T. Nice, presided. After a short business meeting a lovely program of "Christmas Ideas" was presented. Mrs. Ralph White showed slides of Christmas ideas shown in the past. There were many beautiful arrangements and gift ideas to make Christmas more festive. After the meeting was adjourned, refreshments were served to thirteen members. Those present were: Mmes. Glen Bear, A.R. Bunstine, B.N. Cauthorn, N.T. Crane, Jim Kincaid, Carl Morrison, A.T. Nice, J.M. Pogue, Walter Riley, Joy Sessums, S.H. Shrum and Mrs. Adams. Mrs. Charles Begeman was welcomed as a new member. Two guests, Mrs. Ralph White and Mrs. R. C. Gilbow, also attended. The next meeting will be a Christmas party in the home of Mrs. Kincaid on December 9.

Contemporary Study Club Observes Thanksgiving

Members of the Contemporary Study Club observed Thanksgiving with a party for their husbands in the Reddy Room. Mrs. Mary Thomas, who teaches Latin at Barwise in Wichita Falls, gave a warm and moving account of our historical heritage and said "All we are and all we have in this country were bought at a dreadful price in loss of life and resources, and it behooves us, with the help of God, to search for ways to upgrade and build our country into the wonderful place we want it to be."

Those attending were: the Donald Brookmans, Lee Sapers, Tom Evans, Edward Richters, Robert Norriss, Dan Whites, Cliff Wampless, F. T. Felty, Jr., Gad Garlands, Harry Elliotts, Mrs. Evelyn Boucher, and special guests Mrs. Thomas and Mrs. De Vriese.

Inman-Tuttle Wed Saturday

Mr. and Mrs. Bill W. Penn and Mike attended the wedding of Johnny Don Inman and Nancel Tuttle in the Walnut Hill Church of Christ, Dalls, Saturday. Johnny, formerly of Burkburnett, is the son of Mr. and Mrs. Don Inman of Uvalde, and the great grandson of Mrs. Rosa Penn of this city. The couple are seniors at Oklahoma City Christian University.

The Penns also visited their son, Joe Bob, in Fort Worth, and he accompanied them to the wedding.

Cooper HD Club Meet In Swinford Home

The Cooper Home Demonstration Club met in the home of Mrs. P.S. Swinford. The meeting opened with a prayer and a poem by the president, Mrs. Sam Spencer.

Minutes were read by Mrs. Bee Bryant and the treasurer's report was given by Mrs. Bob Stewart.

It was decided that the Christmas party will be held December 14 at the Community House in Fringers. Mrs. Ella Gill reported on news in foods during the program.

Those attending the meeting were Mmes. Spencer, Gill, H.E. Clayton, Lee Cooper, Anna Mae Emmert, Gertrude Barfield, Bryant, Stewart, Mae Kotch, Joe Musgrave, Hubert Miller, Ralph Swinford, O.J. Cooper, P.S. Swinford, Miss Amelia Spencer, and 4 guests; Mmes. Reb Huggins, Thelma Swinford, Ethel Lovel, and Lynda Christopher. The next meeting will be hosted by Mrs. Sam Spencer.

Evergreen Manor To Hold Worship Services

The public is invited to join the First Christian Church in bringing a religious service to the people who reside in Evergreen Manor Nursing Home on Sunday, Nov. 29, at 3:45 p.m.

They particularly enjoy singing and often join in. We will all have had our Thanksgiving. Help to bring them a part of the joy of the season by giving them a happy service.

Bobby Ray Kramer Leaves Wednesday

Bobby Ray Kramer, son of Mr. and Mrs. Theodore Kramer, left Wednesday morning for West Point, New York. He will be stationed there for duty at the Academy.

Kramer began his military career April 30 of this year, with basic training at Fort Lewis, Washington, and was then transferred to Ft. Lee, Virginia, for further schooling.

Nancy Mills Honored Guest At Shower

Nancy Mills, bride-elect of Barney Fudge, was the guest of honor at a shower on Saturday in the home of Mrs. E.D. Potter, 733 Maple.

A floral arrangement of gold, red and orange chrysanthemums centered the serving table, which was covered with a beautiful net cloth designed by Mrs. Neva Zimmerman.

Special guests were Mrs. William F. Mills, the bride's mother; Mr. and Mrs. Bernard Fudge, Jr.; Mr. and Mrs. Jeff Stinsen; Barney Fudge; Mrs. W.H. McLean, mother of the bridegroom; and his grandmother, Mrs. W.W. Chambers.

Hostesses for the shower were as follows: Mmes. Potter, Sammy Landrum, Marion Bentley, Dorothy Page, Maxine Creel, Marilyn Robertson, Neel Thiem, Ellis McCullough, Harold Van Loh, Zimmerman, Louise Ratliff, and Loise Bean. Miss Mills and Mr. Fudge will be married November 28.

Mrs. Boyles Hosts Unity Garden Club

The Unity Garden Club met in the home of Mrs. Nelson Boyles for a Thanksgiving luncheon. Turkey and dressing was served with the traditional trimmings during the noon hour.

In a short business meeting it was decided to give stuffed toys that the club had made to the Day Nursery.

Mrs. Roebuck gave a mini-quiz on the Beauty Trails of Texas and two new members were welcomed into the club.

The next meeting will be at the home of Mrs. A.B. Gordon and will be a Christmas party. There were 10 members present.

Clara-Fairview HD Club News

The Clara-Fairview Home Demonstration Club met in the home of Mrs. Ida Beckham November 16, with Mrs. Ray Stimpson presiding over the business session.

It was decided that the Thanksgiving food basket would be given to a needy family who recently suffered the losses of a fire.

Mrs. Ida Beckham presented an interesting program on "What's New in Foods." She pointed out that protein and synthetic fibers produced from soy beans fabricate a tasty substitute for meat when flavors such as bacon are added. She also said that they can be used after being stored for some time.

Refreshments were served to ten members, and recreation was enjoyed by all. Mrs. Stimpson won the door prize.

The next meeting will be a Christmas party in the home of Mrs. E.J. Simons, Dec. 7.

Proper Handling Of Carcass Key To Good Taste

So the fun part is over. You've shot your buck deer. What now? Proper handling of a deer carcass can mean the difference between an assortment of tasty chops in the freezer or a total loss of valuable meat.

So with the deer season having opened in mid-November in most Texas counties, prospective deerlayers should bone up on deer skinning and processing procedures.

Two Texas Parks and Wildlife Department publications are available to help deer hunters. The 1970-71 Hunting Guide

will tell what the seasons and bag limits are in all 254 counties, and the illustrated "Now That You've Killed It" leaflet written by Game Management Officer Grover Simpson tells how to go about the field dressing job.

Simpson says the first thing the successful hunter should do after shooting a deer and making sure it's dead is to tag the animal. Then, without delay, the deer should be field-dressed.

One important note: Contrary to popular belief, there's no need to cut the deer's throat to bleed it. The bleeding will be accomplished during the field dressing process.

The deer is propped on its back and an incision is made from its pelvic bone clear through the rib cage and as far up the neck as possible, with care taken not to puncture the entrails. The windpipe is cut as high up the neck as possible and is pulled downward.

The carcass is then rolled onto its side, and the layer of meat which is holding the entrails to the ribs is cut all the way down to the backbone. The deer is rolled over and the process is repeated on the other side. The entrails then can be pulled from the body cavity.

Then the deer is lifted by the hind legs and propped up on its back with rocks or some other suitable object, so a knife can be used to separate the bones of the pelvis. Then the carcass should be hung by the antlers or head for about 20 minutes to allow blood drainage. If no tree is handy, turn the deer with the chest cavity down in a clean place and allow it to drain.

The skinning can begin at once. If the deer is to be mounted, it should be hung by its hind legs. The skin comes off more easily while the deer is still warm, so the animal should be skinned within two hours.

To remove the skin, cut it down the inside of each leg to the middle of the body. Then the skin is cut around the neck as close to the head as possible.

The skin is then pulled away from the neck. A knife must be used to separate the skin from the legs and other places the skin sticks tightly to the meat.

The deer should then be taken to camp and hung in a tree by the hind legs for four or five hours. This allows the tiny blood vessels to drain back and out toward the heart region.

The carcass should be wrapped in a sheet or cheesecloth and kept hanging until cool. It may then be cut up as desired.

A fuller explanation of the process, with accompanying illustrations, may be obtained from the Department's headquarters at the John H. Reagan Building, Austin, Texas, 78701.

Local Women's Clubs Hold Annual Banquet

The seven federated women's clubs of Burkburnett held their annual banquet Monday night. Speaking to the large group was the State President of the Texas Federation of Women's Clubs, Mrs. Phillip Carpenter of Burkburnett.

The Texas Federation of Women's Clubs was organized in Waco on May 14, 1897, and is celebrating its Diamond Jubilee this year. For this special celebration Mrs. Carpenter designed a Jubilee Pin which is jeweled and contains the Texas Federation seal. The seal is surrounded by a jeweled "75th in '72," and hangs from a reminiscently styled bow.

The pin was created to commemorate the early club women through the ensuing years. It is hoped by the Federation that each member will buy this pin and wear it to every club, district, and state meeting.

The pins may be obtained through Santa Rosa District president, Mrs. Overton Neal, Box 188, Quanah, or from Mrs. Robert Norriss or Mrs. Albert Dillard. The pins may also be purchased at the M & N Variety Store or at the First Savings and Loan Association.

Mrs. Norriss and Mrs. Dillard are representing the Contemporary Study Club and the Modern Study Club, respectively. Both clubs are trying to promote the sale of these pins in Burkburnett, and throughout the Santa Rosa District.

JERRY T. GREEN RECEIVES CITATION

AUSTIN--An official State Health Department citation for work proficiency has been awarded to Jerry T. Green, plant operations specialist for the Burkburnett sewage control system.

Signed by the State Health Commissioner and authorities of the Texas Water Utilities Association, the certificate of competency is awarded only to those utility plant operators who have successfully demonstrated their skill and knowledge in modern principles of plant management.

To qualify for certification, a plant operator must have accumulated a prescribed amount of actual work experience. He must also have attended both regional and statewide short schools at which the techniques of water treatment and waste water disposal are taught, and must have passed an examination given by State Health Department sanitary engineers.

State law requires that at least one operator per shift be certified for competency by health department engineers, but many operators seek certification on their own time and at their own expense to increase their efficiency as key public servants to their community and state.

School enrollments among Vietnam veterans increased during fiscal year 1970 by 81 per cent bringing the number of enrollees in VA training programs to 1,211,000.

for your car ... your family ... your home

SEE ME FOR ALL 3

On November 1, 1967, Bob R. Carter started knocking on doors in Burkburnett. Twenty-four months later he received his Independent Contract with State Farm.

Along the way, Bob has built a well-balanced multiple-line agency following the State Farm training program. After working out of his home and his car for five months, Bob established a downtown office at 410 Ave. C in Burkburnett.

During the training program, Bob finished second in his Course II and fourth in Course III field periods. He qualified for Career Achievement Club recognition in 1968, 1969 and 1970. Bob and his wife Carol recently attended the State Farm convention in Las Vegas. He proudly wears the \$100,000 Club ring and has recently received the Accutron timepiece for outstanding life insurance production.

Bob is a graduate of Life Underwriting Training Council, which is a preparatory step toward work on the CLU designation.

Bob states that awards and recognition are not hard to achieve because of the great company and its multiple lines of insurance. State Farm sells all types of insurance--Auto, Fire, Life, and Health--states Bob. State Farm is the largest auto insurance company in America. State Farm Life Insurance is one of America's largest and fastest growing life insurance companies. State Farm fire and casualty insurance is also one of the leaders in the industry.

Bob is active in church and civic affairs in Burkburnett. The Carter family attends the First Baptist Church, and Bob works for civic betterment through the Lions Club and the Chamber of Commerce.

COUNTY AGENT NEWS

B. T. Haws
Wichita County
Agricultural
Agent

Everyone is encouraged to participate in the Pecan Show to be held on December 5 at Sears in Wichita Falls.

The period from November 20-26 has been officially proclaimed by President Nixon as Farm-City Week in the U. S.

Cash receipts from farm marketings in 1969 totaled around \$47 billion, of which \$5 billion came from livestock and livestock products.

Cattle Feeding In Panhandle Continues Its Growth

Texas cattle feeders on last October 1 reported 1.4 million head on feed, 6 percent more than on October 1, 1969.

Ed Uvacek, Extension livestock marketing specialist, said the report showed that feeding continues to show the most growth in the northern part of the Panhandle.

Uvacek noted that Texas reported 264 feedlots with capacities of 1,000 head or more on October 1 and that they held 1.4 million head of cattle.

The October 1 report, pointed out the specialist, showed that 80 lots were empty.

Texas feedlots placed 789,000 head on feed during the July-September quarter, down 3 percent from the same period a year ago.

Nationally, on October 1, 1970 there were 10,382,000 head of cattle and calves on feed in the 22 major feeding states.

Under a new law, there is no longer a terminal date for a G.I. home loan for any eligible veterans.

Oklahoma Cotton Below Last Years Mark

The USDA Cotton Division Classing Office at Altus, Okla., reported 16,000 bales of cotton graded during the week ending November 20th.

"The total cotton classed to date now stands at 5,000 bales less than this time last year," reported C.E. Cox, officer in charge at Altus.

Grades on the cotton classed during the week are estimated at 31 percent in the White Grades, and 66 percent Light Spotted.

Predominant qualities in the White grades were Middling, about evenly distributed in staple lengths from 15/16 to 1 and 1/16 inches.

Micronaire readings for the week are estimated at 86 percent in the premium range of 3.5 to 4.9.

Pressley readings showed fiber strength falling mostly in the ranges from 80,000 to 94,000 pounds per square inch.

The Consumer and Marketing Service reported prices continuing to decline.

Nationally, on October 1, 1970 there were 10,382,000 head of cattle and calves on feed in the 22 major feeding states.

Under a new law, there is no longer a terminal date for a G.I. home loan for any eligible veterans.

Saccharin Use Safe

Saccharin poses no hazards in the quantities it is likely to be used, reports Minnie Bell, Extension specialist in family life education at Texas A&M University.

According to the committee reports, Miss Bell says, a safe level of about 12 to 18 quarter grain tablets per day may be used by adults.

The use of saccharin covers an 80 year period. During World War I, heavy use of the sweetener in England and Germany has produced no adverse effects.

A recent cancer mortality study involving over 21,000 diabetics using saccharin showed no increased risk of cancer over a period of 28 years.

Miss Bell added that the committee did recommend further investigation of specific items related to saccharin's long-term effects.

Larry Burnett, Of Seymour Named As Field Inspector For Texas

Larry Burnett, 25, of Seymour, Texas, has been named as Field Inspector for the Texas and Southwestern Cattle Raisers Association.

Under a new law, there is no longer a terminal date for a G.I. home loan for any eligible veterans.
