NUMBER 26

Editor's iewpoint

I understand that the sustaining membership drive of the Boys Scouts will officially get underway Monday. The general drive committee, with Jerry Cash as chairman, will meet at 7:30 a.m. Monday in the Community Room to formulate plans.

The Parents-Of Division will meet at 7:30 Monday night in the Texas Electric Reddy Room to outline their plans for the drive. Neal Kreidler is chairman of that group.

Gary Owen is the community chairman for this drive.

The moisture from the snow was well appreciated by most everyone, and the snow in general brought smiles to many faces. Local students did not have to attend classes Wednesday due to the bad weather, so you can bet your boots they were smiling. Then there were the usual snow ball fights and rollings that go along with the first real snow. I saw more adults taking part in that type of entertainment than I did any one else. I could call a few names here, but no one would believe that these men would ever do such things.

If you miss seeing the smiling face of Martha Caldwell, manager of Triple D Discount Store, in her place of business in a week or so, don't think she has left. (We couldn't be so lucky!) Seriously, though, she will be absent from the store for about three weeks, beginning March 13. She told me she wanted to spend some time with her husband, Rex. before he left again for Viet-

We are guilty of criticising our public officials, and are quick to point out their faults. In view of these facts, I thought the following might be of interest to you.

"The President has usurped the power of Congress. He has involved us in an unnecessary war. He has fumbled this war. It is a bloody and costly failure."

"Not a spark of genius has he, not an element for leadership. Not one particle of heroic enthusiasm."

"Money you have expended "Money you have expanded without limit, and blood poured out like water. Defeat, debt, taxation, and sepulchers -these are your only trophies . . . Should the war go on? answer no -- not a day, not an hour."

Jim Phagan Speaks To

"Causes for Common Concern" was the subject discussed by guest speaker Jim Phagan, district attorney, ashe spoke to the members and guests of the Burkburnett Chamber of Commerce at their general membership luncheon Monday in the Town Hall.

Phagan outlined the three major areas for common concern: civil disobedience and the degeneration of morality.

Phagan stated that he believed in the right of dissent, and that he was definitely for progress, but "young people are in literal rebellion against authority of whatever kind. There are riots, burnings, parades and looting breaking out in many of the cities across our nation and adults are too frequently encouraging and enjoying what these young people do."

"We find those whom we would expect to deplore violence leading the mob violence actions against society, generally in the name of social protest. All must know that mobs do not bring progress; they prevent it."

Is there a remedy to this rising problem? There is, according to Phagan, and it must be and will come under the rule of law. "We cannot have an ordered society until and unless we are determined that our laws are wholly nondiscriminatory and are applied in such a manner," continued Phagan.

Speaking of the rising crime rate, he told the group that between 1960 and 1967 arrests were up 60%. Drug abuse arrests for persons 16 to 25 years of age were up 774% for that same period.

A.B.E. Music Co. of Burkburnett, which opened its doors February 3, will be staging its grand opening this Saturday. Chuck Harding and Jim Bogle, local owners, reported that they would have a band on hand from 10:00 Saturday morning until 4:00 that afternoon to provide live

western music, but we will also play some rock and soul music," reported

Harding, who has lived in Burkburnett for the past year and a half, heads a band called the Confederates, who play almost entirely for military personnel. Prior to coming to Burkburnett, he owned a music studio in Waco for 10 years. He also taught music in Waco, both while he owned the studio and for four

Jim Bogle, a music major from Baylor University, also owned a music studio in Waco for a time, and he, too, taught music while there. Jim is one of the original members of Harding's band and is currently a member of a

A.B.E. Music Co. will feature economical lessons, both group and private, on piano, organ, saxophone, trumpet, guitar or drums. Also, voice lessons are available. Both Bogle and Harding will be teaching the pupils. "We also rent instruments to pupils," stated Harding.

In addition to the services already mentioned, the studio has a large selection of musical instruments for sale. He went on to say that, since 1960, an individual's chance of being the victim of a crime has risen by 50%.

The degeneration of morality is closely related to the problems of crime and civil disobedience, stated Phagan. It is the most important problem we face today, he feels. He went on to parallel our nation with the Roman Empire, and brought out the fact that moral from within; was the main cause of the ancient empire's fall. "What our nation needs is dirtier fingernails and cleaner minds," stated Phagan, quoting Will Rod-

The speaker stated that he was a strong believer in change, progress and the growth of new ideas. But, he said, he equally believes that any change or growth must be accomplished within the framework of an orderly society. "The deciding factors in the solutions of the problems are you and I," stated Phagan

The program was brought by the governmental affairs committee, of which W. T. Zimmerman is chairman.

Local police did, however, assist the Oklahoma Highway Patrol in dealing with a major traffic accident Tuesday afternoon on the Red River Bridge.

In that accident, a Rambler driven by Franklin Reed of Hot Springs, Arkansas, was stalled on the bridge. Three other vehicles had to stop behind the Reed car, since it was blocking the traffic lane. Then an International tractor-truck collided with the last vehicle, pushing it into the next vehicle and setting off a chain reaction. The truck was unable to stop without colliding with the last car due to a heavy glaze of ice on the bridge. Reed was taken to Wichita General Hospital for treatment and later released. Burkburnett FFA Slave Sale Nets Chapter

The Burkburnett FFA Slave Sale held Friday night turned out to be a huge success. Some 168 people came through the serving line for the chili feed held prior to the sale. These 168 people consumed 80 lbs. of chili and 20 lbs. of beans.

Jake Fite, local vocational agriculture teacher, reported that a total of 68 FFA members were auctioned off, with the boys averaging \$14 on the sale block. The FFA chapter sweetheart, Roberta Hancock, was sold to the Burkburnett Chamber of Commerce for the sum of \$60. The vo-ag teachers, Fite and James Easter, and their welding and cutting rig were also auctioned. Jack Aaron

The Burkburnett City Council, in its regular meeting Monday night, found that the low bid for a tractor backhoe was \$6,449.13, received from Eagle Machinery Corp. of Ardmore, Oklahoma.

The bid from Eagle, and that of Hatch Equipment Co. of Wichita Falls, for \$7,269.16, were taken under advisement by Gary Bean, city manager, for an audit of specifications.

Local Girl Scouts Celebrating Anniversary

Over 200 local Girl Scouts and over 2,000 girls in the Nor-Cen-Tex Girl Scout Council will be celebrating National Girl Scout Week this next week. Burkburnett is a part of this council, which serves 11 counties. The council was chartered in January of 1962.

Lone troop activities in the Scout program began in Burkburnett in 1959. At that time, the entire scouting program consisted of one Brownie Troop with a membership of 16 girls. Today, 12 years later, there are nine troops with a combined enrollment of 250 girls and

with two honorable mentions awarded. Tom Bloodworth, center this year for the Bulldog team, and Steve Cremeens, who played as forward, were selected for the All-District team on the basis of their fine records for the year.

Tom, a senior, is noted for his agility while Steve, a junior, is recognized for his consistent scoring. Bloodworth had a scoring average this year of 13.4. with a total of 148 points to his credit. Steve was high scorer for the Burk team with his impressive 16.5 average. He scored 182 points for Burk during

the course of the season. Those receiving honorable mentions from Burkburnett were Larry VanLoh and Randy Aaron. Both of these outstanding players are seniors at BHS and have been playing basketball for four years. Larry was positioned as forward this year in the Burk line-up. Randy held down the guard spot for the Bulldogs. It was reported that the enthusiasm and spirit of these players was their chief contribution to the team, Coach Stan Owen, head basketball coach for Burk, expressed quite justified pride in the selection of the players, and commented that Burk would continue to produce players of such exceptional caliber.

If you are prepared to find an opportunity to witness for Christ -- to help someone, to brighten someone's day -- the opportunity will present itself to you. Every day of the year, such opportunities are presented to us, which we often fail to take advantage of. Many times an opportunity knocks only once. Always be ready for it.

We need to continually keep in mind that Jesus is coming to those who are prepared to receive him. Hebrews 9:28 tells us that it is "Unto them that look for Him shall He appear the second time, without sin, unto salvation." According to Jeremiah 29:13, you can find Jesus when you search for Him with all your heart.

Letter To

The Editor

Dear Raymond,

I was interested to read in your "Editor's Viewpoint" column of February 25th that you mentioned the recent tax proposals that Governor Preston

Smith made to a joint session. I do not believe that these are the wisest proposals. So thank you very much for urging your readers to contact their representatives in Austin.

As I said at the time of the speech, these proposals "sock it to the folks and leave the big boys alone."

I would very much appreciate hearing from residents of Wichita County giving their ideas on the tax proposals and any

suggestions they might have. Thank you again for calling this important matter to the attention of the public and if there is any way I can be of service to you or to Burkburnett, please call on me.

The meeting was called to order by the president, Mrs. Askins. All members were in attendance.

After the business session, Mrs. Jacobs conducted a quiz game, at which Mrs. Mahaffey won the prize.

Burkburnett Chief of Police Buck Abbott presented the program to the club members. His subject was the illegal use of drugs in our community. The Chief emphasized the importance of Burkburnett citizens' cooperation in every way possible to help the police check the illicit distribution and use of drugs.

The next meeting of the group ter of Mr. and Mrs. Edward will be at the home of Mrs. W. E. Howard.

Friendship Night At Eastern Star

Burkburnett Chapter No. 655, Order of the Eastern Star, will hold a "Friendship Night" Tuesday at 7:30 p.m. at the Masonic Hall. The meeting will be preceded by a salad supper beginning at 6:00 p.m.

A special meeting for Initiation ceremonies has been called for Friday, March 12, at 7:30 p.m., by the same group. Worthy Matron Mrs. Virginia

Vaughn and Ray W. Anderson, Worthy Patron, extend a cordial invitation to all Eastern Star members to attend both these special meetings.

Boomtown Chapter, ABWA, held its ith annual Bosses Night Banquet Friday at the Marchman Hotel in Wichita Falls. Master of ceremonies for the occasion was Burkburnett City Manager Gary Bean. Guest speaker for the evening was Maurice Crawford, manager of the Wichita Falls office of Merrill, Lynch, Pierce, Fenner and Smith. Entertainment included a puppet show by the members and musical selections presented by Mrs. C. E. Jackson of the Wichita Falls High School. "Cotton Carnival" was the theme for the banquet, and the elaborate "Old South" decorations transformed the Gourmet Room of the hotel into an old plantation scene. Miniature

German Officers

In Handball Match SHEPPARD AFB, TEXAS --

A group of German Air Force officers assigned to the 3630th Flying Training Squadron at SAFB journeyed to Fort Sill, Olka., Saturday for a team hand ball match.

Furnishing the opposition was a similar group of German servicemen assigned to the missile school at Fort Sill.

Team handball, not to be confused with handball, is a game that enjoys wide popularity in Europe but is relatively unknown in America.

In many respects, the game is a comvination of basketball and soccer, with the object being to throw an air-filled leather ball through a goal.

The goal is approximately seven feet high and 11 feet wide. There are seven players on a side, six field players and one goal-keeper.

The team handball court measures 25 feet across and 45 feet long. As in basketball and soccer, there are fouls and violation that enter the play, producing penalties.

Checking Poor Comression Cause

A truck or car engine is the source of power, of course. But this power source is only as efficient as its collective

component parts. When you have a loss of power or efficiency, fuel is wasted. There are many causes of inefficiencies and one of them is poor compression, resulting from worn piston rings or im-

proper valve seating. The quickest way to find out the cause of poor compression is to use a leakage tester, say the engineers at Champion Spark Plug Company's Automotive Technical Services Department. By using compressed air, the tester measures the

An exhaust valve leak will be heard at the tailpipe. And a hissing is more serious if the metal sound will be heard at the oil filter pipe with the cap removed organs. The result may be if there is leakage past the infection or, often, the death piston rings.

Samples should be sentimmediately to the Mission Lab for identification. Warmer weather has increased fly activities in Wichita County some areas.

Grain Sorghum **Futures Trading**

Texas grain sorghum producers are now able to take advantage of a new marketing tool, a new futures market.

John Seibert, Extension grain Secretary of Agriculture marketing specialist, announced last week that the market would be cleared for trading by March 2. He added that the dilivery points for grain sorehum futures contracts will be Hereford, Plainview and

Until now, futures trading has been little used by Texas producers, although it is a well established marketing practice in corn, soybeans, wheat and

Some of the benefits that Texas producers can claim by using futures trading are: widely disseminated future prices determined by public auction; continuous markets; and a basis for determining price structures in tributary markets. Other benefits include hedging and an assessment of market predictions on future his fullest capacities.

Rites Held For Bruce C. Allgood

Funeral services for Bruce C. Allgood, 78, of Randlett, who died Saturday in a Wichita Falls hospital, were held Monday in Owens & Brumley Funeral Home chapel.

The Rev. Arbuary Ritter, pastor of the Union Valley Baptist Church, officiated, with assistance from the Rev. Lamoin Champ, pastor of First Baptist Church. Interment was in Burkburnett Cemetery.

Allgood, born September 23, 1892, moved to the Randlett area in 1932. He was a retired farmer.

Survivors include his wife; four daughters, Christine Richards of Norman, Okla., Mrs. Louis Looney of Burkburnett, Mrs. Virginia Glennan of Wichita Falls, and Mrs. Ouida Tettleton of Libya; three brothers, Louis of Pagosa Springs, Colo., Joe of Rogers, Ark., and Hugh of Vivian, La.; a sister, Mrs. Golden Williams of Flora Viata, N.M.; 11 grandchildren; and 13 great grandchildren.

Pallbearers were James Kinder, Minnis Wright, Arthur Zweiacker, E.D. Gresham, Alpha Tettleton, Gary Pruitt, Claude Rogers, and Bill Kerr.

Right Roof **Makes Home** More Secure

When you lock up your vacation home, do you get a bad case of jitters? Uneasy about what might happen while you're away?

When the time comes to build or remodel your second home you'll have one less worry if you make sure it has a roof that's both wind and fire resistant. And since it's not always easy to get insurance on cottages in the country, it's doubly wise to provide protec-

tion from wind and fire. To be sure of what's overhead, choose roofing that bears the Underwriters' Laboratories label for both wind and fire resistance. Heavyweight asphalt shingles are an example of UL-labeled roofing that's both safe and durable - designed to last up to 25 years.

TOGETHER

Brothers - together - helping one another. We are our brother's keeper and his

helper. Comfort, cheer, and encouragement should be given to each other.

There should be a willingness on the part of each to sacrifice for the other.

A Divine Example was sent to us, and these are His words: "This is my

commandment, that we love one another, as I have loved you. Greater love hath no man than this, that a man lay down his life for his friends." You are invited to attend church Sunday to learn more of the One who gave us this commandment

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare self and his family. Beyond that, however, every person should uphold and par ticipate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
