## Editor's Viewpoint

Easter festivities are finally over, and people are settling back to their normal routines of life. Things were quite hectic around our house with the egg hunts and all. A couple of days before Easter my wife was talking with our two-year-old daughter, trying to explain to her that there was more to Easter than just pretty dresses and Easter bunnies and eggs. When she told her that Jesus died on the cross during Easter-time a long time ago, my little girl interrupted with, "Mommie, why did he die for?"

I wonder how many people today could really tell her the answer. I wonder how many people have forgotten that side of Easter, and in its place have placed the many material things that we enjoy during this holiday?

If you're out Triple D way, you will notice that Martha Caldwell, store manager, is back on the job. She has been on vacation for the past three weeks to be with her husband prior to his leaving for Vietnam. Rex, I understand, will be working in communications with the 187th Com. Sq.

There is a bill before the Texas House (H. B. No. 142) at this time which, if passed, could greatly hinder scouting. In fact, according to reliable sources, it could ruin the whole scouting program. The restrictions that will be placed on scouting in this bill would definitely prohibit any boy or girl who didn't have just loads of money from participating in the scouting program.

A copy of this bill can be found in this week's paper, as well as at several places in town. If you oppose the passage of this bill, then send of a letter immediately to our officials in Austin.

We at the Informer/Star like to have a little fun as we go, so for the next three weeks we will take answers to the following question: "Why is a woman like a newspaper?"

The two people who send in the best answers will each receive a year's free subscription to the Informer/Star.

Here's one just to get you started. "A woman is like a newspaper because . . . she carries the news wherever she goes."

Rhea Howard, president and publisher of the Wichita Falls Times and Record News, and Louis Hamlett, managing editor there, were special guests at the Tuesday noon meeting of the Burk Burnett Rotary Club. We are always glad to have these men visit with us at Rotary and especially in Burk Burnett.

Mr. Howard had several nice things to say about Burk Burnett, including his congratulations on the beginning of our new community center.

One of the newspapers in East Texas recently gave ten requirements for cattle ranching in that part of the state. They are pretty sound, and we feel that the same could apply here.

1. A generous banker.
2. Wide-brimmed hat and tight jeans.
3. Pickup with gun rack to hold shotgun or rifle.
4. A goose-neck trailer, small enough to park in front of the cafe.
5. Two dogs riding in the pickup.
6. A spool of bowwire and some fence posts in pickup.
7. A few cows.
8. A few acres.
9. A pocket knife for whittling at the sale barn.
10. A good job in town.

CATHY THOMAS, RONETTE BINGHAM, MARILYN MIKS

## Cathy Thomas, Ronette Bingham Crowned Sat.

Miss Cathy Thomas, 12-year-old daughter of Jo Ann Thomas, was crowned Our Little Miss Burk Burnett Saturday night in the annual Our Little Miss pageant, sponsored by the Burk Burnett Jaycees. Cathy was followed by first runner-up Christine Smith, second runner-up Gretchen Froman, and talent winner, Marilyn Miks.

In the La Petite Division, Ronette Bingham, three-year-old daughter of Mr. and Mrs. Ron Bingham, was crowned Our Little Miss La Petite. She was followed by first runner-up Carrie Brown and second runner-up Cindy Rutledge.

Cathy was sponsored by the Burk Bank. Gretchen, the 12-year-old daughter of Mr. and Mrs. Bill Froman, was

sponsored by the Burk Youth Center. Marilyn, the nine-year-old daughter of Bobby Miks, was sponsored by Central Seed and Hardware.

Ronette was sponsored by the Burk Burnett INFORMER/STAR. Carrie, the six-year-old daughter of Dr. and Mrs. Raymond Brown, was sponsored by Ruth's Coffee Shop. Cindy is the six-year-old daughter of Mr. and Mrs. Charles Rutledge. She was sponsored by Western Auto.

The remaining four girls who placed in the seven finalists of the La Petite division were: Jeannine Bariteau, four-year-old daughter of Richard Bariteau, sponsored by Gill's Grocery; Deanna Hamilton, six-year-old daughter of Mr. and Mrs. D. E. Hamilton, sponsored by C. J. Lippard Insurance; Cathy Caldwell, five-year-old daughter of Mr. and Mrs. Kenneth Caldwell, sponsored by Lois Bean Realty; and Brenna Standlee, five-year-old daughter of Mr. and Mrs. Jim Standlee, sponsored by Virgil Mills Construction Co.

Other contestants in the Our Little Miss pageant were: Lisa Harris, 12, daughter of Mr. and Mrs. Ted Harris, sponsored by Smith Ranch; Theresa See CROWNED Page Two

## Directors Set Rodeo Dates

In their regular monthly luncheon meeting Monday, the directors of the Burk Burnett Chamber of Commerce confirmed June 17, 18 & 19 as the dates of this year's annual Boomtown Rodeo.

The Boomtown Rodeo is one of the highlights of spring activity in the Burk Burnett area each year. Top amateur cowboys and some good stock have always been prevalent at the rodeo.

Ticket prices for the event were set for ADVANCE TICKETS: Adult, \$1.75; student, 75¢ and Gate prices at Adult, \$2.25, and student, \$1.25.

The directors voted to reserve 100 seats for patients from the state hospital in Wichita Falls.

Adrian Dunn, president of the Community Service Council, presented to the Chamber a proposal to move the old Burk Burnett MK&T Depot from its present location to the Burk Burnett Oil Park.

According to the Council's plans, the entire Depot would be moved to the Oil Park, and would be used as a museum for displays of old relics.

If the depot, presently owned by the Burk Burnett Study Club, is moved to the park, it will become the property of the Chamber of Commerce.

This proposal was tabled until the Burk Burnett Oil Park committee could meet to discuss the proposal.

In other discussion, the Agri-Business committee reported that plans are progressing for the dog and cat vaccination clinic to be held April 24 at the High School agriculture building.

Rabies vaccinations for both cats and dogs will cost \$3.50 each at the one-day clinic, and distemper shots will also be available.

A veterinarian will be on hand to give the shots to the animals. Don't Forget -- Saturday, April 24, 1:00 p.m. to 4:00 p.m.

## Mrs. Clark Gresham Selected Poet Laureate Of Texas For 1972

Mrs. Clark Gresham of Burk Burnett was notified last week that her name had drawn unanimous approval from the five-man House-Senate Poet Laureate selection committee, as Poet Laureate of Texas for 1972.

Mrs. Gresham stated that she began writing poetry with her daughter, Mrs. Cliff Haastrom. Mrs. Gresham stated

that one year while Joy had the flu she stayed with her to help with the young children and work around the house. While Joy was in bed, she wrote little verses for the children. Stated Mrs. Gresham, "I helped her . . . After a few days, Joy said, 'Mother, let's start writing some poetry.'" It began as a hobby, reported Mrs.

Gresham, but by the end of that year both she and Joy had been invited to join the Wichita Falls Poetry Society, where Mrs. Gresham received what she calls the "only type of professional training for writing poetry."

Soon the two women began winning prizes and gaining recognition in this part of the state.

In the early part of 1965, they were both invited to become members of the Poetry Society of Texas, and, again, they were soon at the top of the list in honorable mentions. Then came the prizes.

Subjects for her poems occur to her "just about any time," she said. Sometimes at night when she can't sleep, she will think of an idea and "have the poem just about written out in my mind by the next morning."

She spends an average of two hours a week on her poetry, unless it's an entry for one of the state contests. Then "I work for hours," she said.

An exception is one which took about twenty minutes for her to write, and

## Burk Police Dept. Answers Seven Calls; Fire Dept. Four

The Burk Burnett Police investigated three traffic accidents and two other incidents this week and the fire department answered four calls.

Tuesday afternoon at approximately 4:00, a bullet from a small caliber weapon came through the front plate glass window of Ed's Minit Mart near

where Mrs. William O'Rourke owner of the new business, was standing.

Mrs. O'Rourke and Raymond Greenwood were both standing near the window when the bullet came through, showering Mrs. O'Rourke with a small amount of glass. No injury was sustained from the shattered glass.

Police investigated the incident and searched the store for the bullet. They combed the neighborhood for information concerning the shot.

A report was received by local police Saturday of the theft of a gas barbecue grill from the residence of Terry Austin at 506 Park.

A missing persons report was filed with police on Ronald Miller, a 15-year-old youth from Burk Burnett.

Last Wednesday, in the 300 block of Kramer Road, a 1963 Rambler, driven by Robert S. Wilson of 406 Vaughn was stopped at a school crosswalk when it was struck from the rear by a 1966 Chevrolet driven by Robert E. Dempsey of 510 Harriett St.

Damages were listed as light to the Dempsey vehicle, and moderate to the

## Tullis Motors Opens In Burk

Burk Burnett has gained another new business recently, with the opening of Tullis Motor Co., located on the Oklahoma Cutoff.

Owned by Howard Tullis, a long-time resident of Burk Burnett, the company will feature the new Japanese import Subaru, as well as a complete selection of used cars.

Tullis operated a car agency in this same location for four years, prior to opening Tullis Rambler in Wichita Falls, which he operated for five years. After that time, he sold his Rambler agency and opened a used car agency at 12th and Scott in Wichita Falls. At present, he is operating both that agency, with Jerry Kemp as manager, and the new agency in Burk Burnett.

Tullis states that although the Subaru is new to this part of Texas, it has been quite popular in the northern and coastal states. It is a front-wheel-driven compact, manufactured by Fuji Heavy Industries, Ltd., of Japan.

The car carries the same warranty as do American cars -- 12 months or 12,000 miles. "We are going to start a first in the automobile industry, though," stated Tullis. "We are also going to provide free service of this automobile, including oil filters, oil changes, tune-ups, etc., for the first 12,000 miles or 12 months. All our customers will have to do for the first year is to put gas in it and leave the other service costs to us."

Tullis Motor Co. will also offer a complete service and parts department on all makes of automobiles. Walter Evans, who has some 30 years of experience as a mechanic, will be in charge of the service department.

Tullis stated that a grand opening of the new facility will probably be held at a later date.

## Ed's Minit Mart Opens Saturday

Saturday will be the opening day for Ed's Minit Mart, located at 1008 Bishop Road in Burk Burnett.

The new business is owned by Mr. and Mrs. William E. O'Rourke of 1023 Beverly Loop.

This new store will feature a complete line of grocery items as well as a drug and magazine line.

One special aspect of the new business will be added in the latter part of April when self-service gasoline pumps will be installed. ARCO gasoline will be the brand of fuel supplied by the Minit Mart.

"We will be open seven days a week from 7:30 a.m. until 10:00 p.m.," reported Mrs. O'Rourke. "We will open Saturday with a large stock of goods, and will be adding more as we find out just what our customers want us to carry," she stated.

This type of business is not totally new to the O'Rourke's, since Mrs. O'Rourke worked in a grocery store for several years some time ago, and they both have relatives in the food store business.

William, who retired from the Air Force with 25 1/2 years of service, is presently employed as a maintenance supervisor for Serv-Air, Inc.

Mrs. O'Rourke will manage the store, with help both from her husband and from her children.

A grand opening will be set at a later date.

MRS. W. T. BRADFORD

## Hidden Camera Winner Told

Mrs. W. T. Bradford, 1003 Shady Lane, was the lucky winner in the INFORMER/STAR Hidden Camera contest last week.

Mrs. Bradford's picture was taken as she shopped and watched the crazy antics of April's "Crazy Days." The "Hidden Camera" caught her in the Famous Department Store. Her picture was then published last week in the Hidden Camera ad in the INFORMER/STAR.

All Mrs. Bradford had to do was to notify the INFORMER/STAR that she was the person in the Hidden Camera snapshot before noon Tuesday, and she would be given a gift certificate good in any of the participating businesses.

Mrs. Bradford's son, Robert, 17, happened to notice his mother's picture Friday afternoon, and she rushed right down to the INFORMER office to claim her certificate.

The Hidden Camera will be out and around again in the seven participating Burk Burnett merchants during Dollar Days May 3, 4 & 5, and will take a picture of some unsuspecting shopper. If it is you, come by the INFORMER/STAR office no later than noon on the Tuesday following publication to claim your \$7.50 gift certificate.

Participating merchants are Corner Drug Store, Underwood's, Triple D Discount Store, the Manhattan, Wackers, Famous Department Store and Lippard's Furniture.

## Library Book Fair Set For Next Week

The Friends of the Library are planning a "Book Fair" for Monday through Friday of next week. Anyone who wishes to contribute books will have the opportunity to do so in many of the stores in town.

Also everyone is invited to come in and browse at the Fair, for there will be a good selection of reading material. Headquarters for the fund-raising affair will be 309 E. Third, next door to Henry's Pastry Shop.

All money received from the Fair will be used to buy needed equipment for the Burk Burnett Library.

## Burkburnett Industries Now On Display

Displays of products publicizing activities of 11 Burk Burnett manufacturing firms with combined payrolls of almost \$2 million are at Texas Electric Service Co. building in observance of Local Manufacturers Appreciation Week.

Some 468 people are employed by the 11 firms represented in the displays.

Displays show the products of Leer Manufacturing Co., which assembled 3,500 cold storage merchandisers in 1970; Riley Machine and Supply Co.; CIBA Pipe Systems, which produces four million feet of fiberglass reinforced tubular products yearly; Mobil Oil Co., with an output of \$2,142,000 in gasoline and oil yearly; and Williams Petroleum Co., gasoline blenders.

Other displays are those of Preston Dairy, which processes 750,000 gallons of finished milk products monthly; Henry's Pastry Shop; the Burk Burnett INFORMER/STAR; Farmer's Co-op Gin; Jim Houston Championship Rodeo Equipment Co., and Texas Reinforced Plastics Co., researchers and developers of plastic and fiberglass products.

The exhibit was arranged by the industrial team of the Burk Burnett Chamber of Commerce. Members include Gary Bean, J. Carter, Howard Clement, T. M. Cornelius, Vernon Duncan, Jim Frye, C. J. Lippard, Bob Monaghan, Virgil Mills, F. R. McCandless, James

# Ideal Miss Pageant Saturday Night 7:30

Burkburnett's Ideal Miss pageant, sponsored by the Modern Study Club of Burkburnett, will be held Saturday night in the High School Cafeteria.

The pageant, which is for young ladies between the ages of 13 and 17, will have 13 local girls vying for the title.

An Ideal Miss, a talent winner, and an age group trophy will be given, excluding the age of the title winner.

The girls will compete in sportswear, evening gown and talent categories.

The Ideal Miss and the talent winner will compete in the World Ideal Miss pageant in July at Baton Rouge, La.

Those entered in the local pageant include: Pam Hensley, Suzi Pickett,

### GRESHAM

which won first place in the State Poetry contest last summer.

Mrs. Gresham and daughter have been instrumental in promoting poetry contests in the high schools and junior high schools in the area.

Mrs. Gresham attended Fairview High School, northwest of Burkburnett, where she had lived since 1929.

Ron, her son, lives in Henrietta. The Greshams have several grandchildren, and are active in the Church of Christ.

Rep. Vernon Stewart of Wichita Falls, who is vice chairman of the committee, suggested Mrs. Gresham's name for nomination. He said of her selection "The committee was highly impressed by her biography and the work she has done to promote appreciation and the writing of good poetry."

"It is indeed a great honor for Burkburnett, as well as Wichita County and North Texas, for her to be selected. It is the first time in the history of Texas that a poet laureate has come from this area of the state," Rep. Stewart said.

Senator Jack Hightower of Vernon was another member of the committee.

Mrs. Gresham was also recommended by William Bard, poet laureate in 1967, and now president of the Poetry Society of Texas.

### CROWNED

Pruett, 12, daughter of Mr. and Mrs. C. L. Pruett, sponsored by the First National Bank; Anita Sykes, 9, daughter of Mr. and Mrs. D. L. Sykes, sponsored by Taystee Bread; Christine Smith, 10, daughter of Mr. and Mrs. Sammy Smith, sponsored by Spinks Texaco; Rhonda Austin, 12, daughter of Mr. and Mrs. T. E. Austin, sponsored by Cloyd's Meat Market; Tammy Holmes, 5, daughter of Mr. and Mrs. Louis Holmes, sponsored by Campbell Auto Supply; Sharon Allison, 12, daughter of Mr. and Mrs. Thurman Allison, sponsored by Whites Auto; Melissa Simmons, 3, daughter of Micky Simmons, sponsored by Burk Well Service; and Kim Alecia Dunn, 6, daughter of Mrs. and Mrs. Adren Dunn, sponsored by Quality Drive-In Cleaners.

Also, Dee Dee Wilkerson, 6, daughter of Tommy Wilkerson, sponsored by Alexander's Service Station; Gretchen McKey, 5, daughter of H. L. McKey, sponsored by Triple D. Music Co.; and Debbie Rutledge, 4, daughter of Mr. and Mrs. Charles Rutledge, sponsored by Bunge Grain Elevator.

Judges for the pageant were Marilyn O'Neil, Jerry O'Neil, Linda Womack, Joyce Kinzer, and Bobby Lawson.

MSgt. Gail Sogard was Emcee for the pageant, and Wayne Sykes was pageant chairman.

Debbie Lay, Connie Mullins, Judy Bills, Denita Allen, Donna Lewis, Debbie Roth, Diana Mowell, Kathy Denny, Lee Ann Thomas, Kristy Bavoussset and Ranette Hudson.

Tickets for the event are \$1.00 for adults and 50¢ for children under 12 years of age. They may be purchased from any contestant or Modern Study Club member, or by calling Carolyn Gray at 569-1625.

"For an evening of some of the finest entertainment in this area," reports the club, "come on out to the Burkburnett High School Cafeteria Saturday night at 7:30."

### POLICE

**Wilson automobile.**

The second traffic accident of the week occurred Thursday at the intersection of Cropper Road and Kramer Road. A 1971 Vista Villa driven by John A. Grines of 111 Ave. C was struck on the left side by a 1970 Marquis driven by Maxine M. Bartlett of 609 Meadow. The Grines vehicle was attempting to make a left turn onto Kramer when it was hit by the Bartlett vehicle, which had failed to yield the right of way.

The last accident of the week occurred Friday, when the 1970 Monte Carlo driven by Jesse N. Phelps of Manitou, Okla., went out of control while traveling north on the expressway.

The vehicle, which was traveling at a high rate of speed, skidded and drifted sideways for 165 feet, crossing the median and coming to rest in the southbound lane of the expressway.

Damage to the vehicle was listed as light.

The Burkburnett fire department answered a call to the Ranch House Motel on the Oklahoma Cutoff Sunday around noon, to douse a fire which produced an estimated \$1,500 to \$2,000 in damages.

Later that day, local firemen answered another call, to 1305 Shady Lane, where a stove was on fire.

During the week the fire department also answered calls to an automobile fire, and a grass fire near Devol, Oklahoma.

### RED SKELTON TO APPEAR APRIL 29

Red Skelton, whose comedy routines hold appeal for all ages, is coming to Wichita Falls and will help the Midwestern University choir raise funds for its trip to Vienna in the summer.

The Red Skelton Show is to appear in the MU Coliseum Thursday, April 29, at 8:15 p.m. The Midwestern choir will also appear on the program, under the direction of Dr. Gene Brooks.

The choir's three-week trip to attend the Vienna choral symposium in August will also include concerts in France, West Germany and Austria prior to the symposium.

Tour expenses are \$800 for each of the 49 choir members, and each student is assuming responsibility for half of this amount. Midwestern administrators are seeking the additional funds through contributions and other means, such as the Skelton show.

Tickets are on sale through the offices of McClurkans stores downtown and in Parker Square and the MU Clark Student Center.

Tickets are \$6.50 for reserved seats and \$5.50 for general admission. Small children who will need a separate seat must have a ticket.

There is no better way to break a losing streak than to beat a team by a two-to-nothing score. Of course, the taste of victory is made even sweeter when you consider that only seven days ago the Trojans handed Burk a defeat with a surprise comeback in the final innings.

I have been saying for some time now that the baseball team has been working out its problems. Terri Moore has been pitching quite well lately and promises to be the prime pitcher for the Bulldogs. All the players are settling down into a serious, hard-working mood in preparation for the coming district games against our dreaded foe, the Hirschi Huskies. If they can continue the teamwork and endurance they exhibited in this last game against Windhorst, the division title will be ours.

The main sports item this week is the all-important district competition this week end. This annual gathering of athletes will be held at Vernon High School. All the area schools will be sending representatives to participate in track, tennis, and other events.

The Burk track team has been working out daily after school. Coach Pat Smiley has

been instructing the various members of the team, and has been molding them into an impressive group of contenders.

The local tennis team, as you know, has been participating in a continuous series of practice matches in order to get in top shape for the competition.

Burk has never received a major trophy at U.I.L., but there is always a first time!

Ghislaine Gios of Saint Michel DeMauvienne, France, is presented a packet of information concerning Burkburnett as well as the state of Texas by Chamber of Commerce manager, Gene Allen. Miss Gios is an exchange student, and this was her first trip to Texas.

She stated that she was fascinated by the windmills in Texas and by the fact that the entire country of France is smaller than the state of Texas. The Indian artifacts and other western relics that can be found in Burkburnett, and especially in the Gun Shop, also greatly interested her.

## Burk Bulldogs Win Over Windhorst

The Burkburnett Bulldog baseball team dealt a two to nothing blow to the Windhorst Trojans Tuesday afternoon at the high school field.

The Trojans began the first inning with three up and three down against the pitching of Burk's Terri Moore.

Bloodworth came to bat first for the Bulldogs and was walked to first. This was followed by an out by Randy Aaron. Rodney Robert then plugged a short one into the outfield to go to first. Roberts was the first scorer for Burkburnett when he was hit in on a sacrifice by Joe Karstetter.

The second inning was pretty much a repeat performance for the Windhorst team, with three up and three down again. Burk was able to score a run when Gary Tipton ran in to home plate on a double by Larry VanLoh.

The Trojans seemed to have some steam built up at the beginning of the third inning. Dale Hoff of the Windhorst team slammed a hit into right field to become the first of his team to reach first. Hoff was the only Trojan who came close to scoring. He came

flying in from third on a hit by Arthur Teichman, but was neatly taken out of action by Burk catcher Jerry Patton covering home. Burk was unable to get a hit in this inning.

The fourth and fifth innings were uneventful for both teams as the pitchers for both sides retired batter after batter.

VanLoh at first base and Aaron at third saw a lot of action in these innings, and were responsible for many of the outs of the Trojan batters.

The Trojans tried desperately to score in the sixth and seventh innings, but were unsuccessful, with Norman Hoff the only runner of that team to get on base.

Area librarians and trustees will focus their attention on current and pending plans for increased library cooperation at a one-day workshop to be held on April 26 at the Chamber of Commerce meeting room in Mineral Wells.

Vanita Lee, field consultant for the Texas State Library for West Central Texas, will lead the session that will begin at 9:30 a.m. and conclude at 2 p.m.

## A Burkburnett Businessman Tells How He Benefited From The DALE CARNEGIE COURSE

Before taking the Dale Carnegie Course, I had at times made talks to groups, but never with a relaxed feeling. Since completing the course in 1968, I can now stand in front of a group of people and express my ideas with ease and with confidence. I have found it easier to communicate with both individuals and groups as a result of the course.

A revival is planned for the First Baptist Church in Devol beginning Sunday (April 18) and continuing through the

week.

Effluent limitations needed to achieve water quality standards should be established by regional, State or local agencies, recognizing local conditions, the National Association of Manufacturers testified recently.

Speaking on behalf of the association, M. P. Venema, Vice Chairman of the Board of NAM, added that national pollution standards could interfere with efforts to solve the problem of central core cities.

Conditions Vary

"A great problem with national standards is that they may be ineffective for some areas and too stringent for others," he told a subcommittee of the Senate Committee on Public Works. The group is holding hearings on amendments to the Federal Water Pollution Control Act.

## Electronic Register Speeds Check Out

A new and more sophisticated cash register has been introduced which makes shopping easier for the customer and record-keeping more efficient for the store. Called the Modular Data Transaction System, it is produced by the Friden Division of the Singer Company and is said to minimize checkout counter congestion.

Acting as a functional, free standing cash register, the totally electronic system captures all important inventory, sales audit, credit and billing information at the point of sale, where 80 percent of the information required by the retailer originates. The MDTs may or may not be programmed to automatically compute sales tax, employee discounts, sales by individual personnel or negative authorization of credit cards.

This intricate machine is easy to operate. Function keys light in a pre-determined sequence to lead a sales person through the transaction steps on a basic ten-key keyboard.

**Fine Arts, Theme For Current Literature Club**

"Fine Arts" was the theme of the April 8 program of the Current Literature Club. Mrs. E. W. Roderick and Mrs. Marjorie Kauer were hostesses for the meeting in the National Room of the First National Bank.

Mrs. Lela Mallett, president, welcomed the members and one guest and conducted a short business session. Mrs. Ralph White was appointed a delegate to the Texas Federation of Women's Clubs Convention, to be held May 5 in Fort Worth. The members were urged to support the bake sale held April 10. Roll call was answered by naming

a favorite Texas artist. Mrs. McMurtry gave an interesting counsellor's report. A delightful and informative historical sketch (skit) of Penny Art Fund, with Mrs. Caffee, leader, and Mmes. Gambelin, Kennedy, Vandenburg, Foster and McMurtry participating, was presented.

Mrs. Albert Owens, a member of the 1934 Study Club of Wichita Falls, was introduced as guest speaker. She spoke to the group on "Windows of Joy," stained glass and art glass, showing pictures and telling of the stained glass windows in various churches in Wichita Falls. Mrs. Owens' lively and delightful speech was greatly enjoyed by the club.

After the Club Collect was repeated, lovely refreshments were served to the following: Mmes. C. M. Archer, Seth

Brown, J. L. Caffee, L. O. Campbell, W. W. Chambers, L. J. Foster, E. K. Kennedy, A. H. Lohofener, H. D. Mabry, Mallett, F. M. McMurtry, Roderick, Sid Gambelin, Carl Hardaway, Fred Hunt, F. G. Jeffers, Kauer, White, and guests, Mrs. Owens, and Mrs. Ross Brown.

**Grace Lutheran Holds Meeting**

Grace Lutheran LWML met recently for their regular business meeting. The meeting opened with a hymn and the prayer, given by Mrs. Ken Walker.

The society voted to accept Mrs. Kenneth Frieling as a new member.

After the standing committees gave their reports, the yearly project was discussed. The group voted to put drapes in the Parish Hall.

The group is also planning to make banners for Confirmation, Ascension, Pentecost and Trinity.

The meeting closed with the Lord's Prayer. Refreshments were served to members by Mrs. David Matteson.

**Local Students**

Ten high school students participated in the annual Wichita County Farm Bureau Citizenship Seminar Elimination Contest. According to Norman Roberts, chairman of the citizenship committee, the winners selected to attend the Texas Farm Bureau Citizenship Seminar at Baylor University July 20 - 24 were: Johnny Roberts, son of Mr. and Mrs. Frank L. Roberts of Iowa Park; Jan Spruiell, daughter of Mr. and Mrs. Bill Spruiell of Iowa Park; and Ken Willingham, son of Mrs. Sophia Willingham of Burkburnett. Alternates selected were Chris Amburn of Burkburnett and Judy Watt of Iowa Park.

Final Grazing Date For Set-Aside Acreage, May 14

From V. David Robnett, County Executive Director of USDA Agricultural Stabilization and Conservation Service.

The final grazing date for set-aside acreage is May 14. After some difficulties, the non-grazing period for set-aside acres in 1971 is May 15 through October 15. This applies to Wichita County.

FINAL CERTIFICATION DATE remains as May 1. If you are participating in the 1971 wheat program, you must certify your wheat acreage before May 1 in order to be eligible for payments.

SET-ASIDE ACREAGE DESIGNATION: In 1971, the farm operator will be required to designate on the photo map in the ASCS office the set-aside acreage. This was not done for the 1970 program. Before you certify, be SURE you are sure since the acreage is subject to spot check and determinations will be made as to whether the land is equal to the average land on your farm.

SET-ASIDE REQUIREMENTS: Your 1971 set-aside must be land that is equal in productivity to the average land of the farm. If your crop is irrigated, then your set-aside must be within the irrigation system. We do not want to run this into the ground, but rocky, shallow areas, sandy dunes, salted areas, etc. will not be accepted as set-aside for 1971. The county committee will be required to appraise a yield for the land that is set aside and reduce the program payments as necessary.

AERIAL SPRAYING OF MESQUITE: REAP funds are available for mesquite spraying this year. Sign-up for cost-shares will be taken May 4 through 14.

IMPORTANT DATES  
April 20 - Final date to repay or extend CCC loans on wheat and oats.  
May 3 - Final date to certify wheat.  
May 3 - Final date to release or request reapportioned cotton.  
May 3 - Final date to sell or lease cotton.  
May 14 - Final date to graze set-aside acres.  
May 4-14 - Sign up for REAP cost-shares to spray mesquite.

### Monson And Wylder Repeat Wedding Vows Saturday

Wedding vows were pledged Saturday, April 3, at 7:30 p.m. by Miss Sue Carol Monson and Marlon Michael Wylder, both of Duncan. The Rev. Bill H. Monson, father of the bride, officiated at the double ring ceremony in the home of the bride's parents.

The bride is the daughter of Rev. and Mrs. Monson, Duncan, formerly of Burkburnett. Parents of the bridegroom are Mr. and Mrs. Marion F. Wylder, Duncan.

The home was decorated with baskets of yellow chrysanthemums, interspersed with blue and white carnations and greenery.

Given in marriage by her brother, James M. Monson, the bride wore a street length lace gown with satin underlining, styled along empire lines. A cluster of roses and tiny pearls held her elbow-length veil of bridal illusion. She carried a bouquet of a white orchid nestled in blue and yellow flowers with streamers of love knots.

Serving the bride as maid of honor was Miss Cindy Suttle of Duncan. She wore a silk baby blue street length dress. Roger Deever of Duncan

performed the duties of best man for the bridegroom.

Following the wedding ceremony, the reception was also held in the home, with mothers of the couple as hostesses.

Reception assistants were Mrs. Tommy Williams and Mrs. Jim Carnes, sisters of the bride, and Mrs. Jim Monson, sister-in-law of the bride, all of Duncan.

The bride's table was centered with a yellow, white and blue floral carousel. Completing the setting were the three-tiered wedding cake, topped with miniature bride and groom, and the crystal punch service.

For traveling, the bride chose a blue knit coat dress. Following their wedding trip to Dallas, the couple will be at home in Duncan at 605-A 13th Street.

"I wonder if you shouldn't stop payment on the check for this cruise."

### Junior Univ. Study Club Holds Meeting April 8

The Junior University Study Club held its monthly meeting April 8 in the home of Mrs. E. H. Hancock, with Mrs. E. D. Landrum as co-hostesses.

Mrs. Gary Moore, president, called the meeting to order with the club collect. The minutes of the previous meeting were read and approved. Committee reports were given. A check in the amount of \$25.00 is to be presented to a local needy family.

The annual installation dinner is to be held at Mayo's Steak House on May 13, at which time the following officers for the club year 1971-72 will be installed. Incoming officers are: president, Mrs. Ray Hatcher; vice pres., Mrs. Reid McCandless; rec. secretary, Mrs. Wayne Lax; corres. sec., Mrs. Bill Vincent; treasurer, Mrs. Billy Smith; reporter, Mrs. Finis Taylor; historian, Mrs. Brack Preston; and parliamentarian, Mrs. Bill McLean.

The hostesses served refreshments to the following members present: Mmes. Alexander, Clement, Cummings, Hatcher, Henderson, Landrum, Lax, Marten, McCandless, McLean, Moore, Pearson, Robertson, Smith, Taylor and Vincent.

### WCS Circle II Hosted By Mrs. Cora Harmon

WCS Circle II of the First United Methodist Church met Monday afternoon in the parlor of the church, with Mrs. Lora Lee Harmon serving as hostess.

The opening prayer was led by Mrs. Bertha Mitchell, followed by Mrs. E.K. Kennedy with the thought for the day, on the Dangers of Moralism.

The program was presented by Mrs. J. N. Blackwell, who gave the third chapter of the study book "Out of the Depths" which was entitled "How the Laments were Used." She concluded the program with a prayer.

Attending were Mmes. W.V. Franch, Kennedy, Blackwell, Howard Henderson, Charles Begeman, R. H. Henry, Mitchell, and the hostess.

INTRODUCING--Felicia Ann Bills, the daughter of Mr. and Mrs. Larry Bills of Pensacola, Fla., where Larry is stationed in the U.S. Navy. Felicia is the first grandchild of Mr. and Mrs. J. L. Bills of Burkburnett.

### Senior Citizens Hold Luncheon Thursday In Town Hall

An Easter program was held at the Senior Citizens' luncheon Thursday, April 8, in Town Hall. Rev. David Stout read from Mark 14:33-35, the story of the crucifixion of Jesus. In his subsequent meditative talk, he stressed the seven last words of Jesus.

The program was accompanied by appropriate hymns. With Waldo Huddleston at the piano, Rev. Stout led the group in singing.

A recreation and social period was enjoyed by those present following the program, until the luncheon was served.

The group welcomed six visitors: Rev. and Mrs. Stout and Brenda, Waldo Huddleston, and Mr. and Mrs. Newell Levell, sister and brother-in-law of Mrs. Will Teal.

Several were absent due to illness. Among these were Jimmy Johnson and Jingle Hayes.

The group's next meeting will be a business meeting, with the usual luncheon and social hour.

### Girls Softball Registration

Registration for Girls Softball League will be Saturday and again the next Saturday at the Youth Center from 10:00 a.m. to 2 p.m.

All girls 8 to 13 years of age are urged to come and register, but are reminded that birth certificates will be required for girls registering for the first time.

Miss Marsha Mathewes became the bride of Lynn Landrum last Sunday afternoon, on the campus of North Texas State University in Denton. The Rev. Dale Brannum, director of the Methodist Student Center, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Bill Mathewes of Dallas. The bridegroom's parents are Mr. and Mrs. Wallace Landrum of 705 Tidal.

Given in marriage by her father, the bride wore a floor-length dress of off-white polyester fashioned with a wide embroidered panel down the front. She wore a cameo necklace belonging to her grandmother, and she carried a white bible topped with a cascade of orchid and purple variegated carnations.

The maid of honor was Miss Debbie Fox of Cleburne. Bridesmaids were Misses Rynda White and Tricia Stewart, both of Abilene. The best man was Richard Alexander of Burkburnett. Don Sanders played guitar for the ceremony.

Following the ceremony the couple's parents hosted a reception in the Methodist Student Center. Misses White, Stewart and Fox assisted with the serving. The couple's brothers, Pat Mathewes and Jeff Landrum, passed the rice bags.

The bride's parents were hosts for a Saturday evening rehearsal dinner at Bedford's in Dallas.

After a wedding trip to Louisiana during the Easter holidays, the couple will be at home in Denton where both are sophomores at NTSU.

### Temple Driver To Speak At Methodist Church

This Sunday at the 10:30 a.m. worship hour of First United Methodist Church, Judge Temple Driver will be the speaker in the absence of the pastor, William W. Penn, who is in Florida on Active Duty for Training with the Navy Reserve.

Judge Driver is the District Judge of the Eighty-ninth District Court of Wichita Falls. He is a graduate of the University of California at Los Angeles, and of the University of Texas School of Law. He served in the Navy during World War II, and has been active in the Naval Reserve for several years. He is a ruling elder of the First Presbyterian Church in Wichita Falls.

### Smith & Beckham Wed In Double Ring Ceremony

Wedding vows were exchanged Saturday at 5 p.m. in the First Southern Presbyterian Church, Austin, by Kathy Ann Smith and Robert Glenn Beckham. The double ring ceremony was performed by the Rev. Frank Walker.

The church was decorated with arrangements of spring flowers.

Parents of the couple are Mr. and Mrs. Billy James Smith, Burkburnett, and Mrs. A. L. Dressler and Robert M. Beckham, Austin.

Given in marriage by her father, the bride wore a formal gown of imported galloon lace. The princess neckline and dolman sleeves were edged with a ruffle of lace and pearls. Tiny satin buttons enhanced the front of the Empire bodice. The chapel length veil was edged in lace, mantilla fashion, caught to a Juliet cap of lace. She carried a bouquet of white roses and feathered white carnations.

Mrs. Michael Schwab of Commerce served as matron of honor. She wore a formal gown of yellow dacron dotted swiss with a princess neckline and full sleeves. She also wore a pill box hat matching the dress, and trimmed in daisies. She carried a basket of daisies and baby's breath.

Mrs. Robert D. Ward, sister of the bride, of Electra, was bridesmaid. Miss Susan Smith of Ardmore, Oklahoma, was flower girl and both were dressed identically to Mrs. Schwab.

Robert Fulford was best man and Ray Smith was groomsmen. Ushers were Larry Spillar and John Farris.

For her daughter's wedding, Mrs. Smith selected a coat and dress of pink silk with white accessories. She wore an orchid corsage.

The groom's mother wore a lime green silk coat and

dress with matching accessories and an orchid corsage. Assisting at the reception were Miss Georgiann Driskill, Pam Bible, Gayla Beckham, Barbara and Lisa Harvey and Andrea Viet.

The new Mrs. Beckham attended Midwestern University, Southwest Texas in San Marcos, and the University of Texas. She is employed as secretary to Rep. Vernon Stewart.

Mr. Beckham attended Southwest Texas and plans to continue his studies at the University of Texas.

### Luncheon Honors Karen Landrum

A luncheon Saturday honored Karen Landrum, daughter of Mr. and Mrs. C. D. Landrum.

Mrs. B. H. Alexander, Jr., and her daughter Cathy were hostesses at their home, 514 Sycamore.

A white crushed velvet tablecloth, spring flowers and Easter baskets were used as a setting for the buffet.

Miss Landrum, a Burkburnett High School senior, has been on the Student Council for 3 years, a member of Pep Club, FTA and Future Homemakers of America. She plans to attend Tyler Junior College this fall.

The honoree's mother was among the 25 guests present in.

# Market Report For The Housewife

In the spring a homemaker's fancy turns to thoughts of fashions -- of clothes, Easter bonnets and even food. Spring markets are jammed with fashionable foods that offer the most for the money and still supply ample meal satisfaction, reports Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist.

Turkeys offer a pleasing combination -- high quality plus low price. On a cost per serving basis, turkey is one of the low cost meats this season. With roast turkey, Mrs. Clyatt suggests you serve herb rice, buttered green beans, cabbage and orange slaw, whole wheat rolls and ice cream.

Hams are marked with moderate price tags. Picnics, too, supply good eating for little money, and the flavorful smoked meats rate tops when used as planned leftovers. Read the label carefully to make sure you are getting the flavor and texture you want. Serve baked ham with sweet potatoes, buttered fresh asparagus, orange ambrosia salad, butterhorn rolls and rice pudding.

Leg of lamb or shoulder of lamb are both savory menu choices. Serve lamb hot or cold, properly cooked at low temperatures. With lamb, serve parsley potatoes, buttered cabbage wedges, grapefruit and orange salad, rolls, mint jelly and apple pie with cheese wedges.

The most popular spring beef cut is rib roast. Choose a standing rib, rolled rib or an old-fashioned pot roast. Chuck roast, either blade or arm, is a good value. Add carrots, potatoes and onions, and serve molded fruit salad and custard pie as side treats.

Chickens, either stewers or fryers, are low in cost and are nutritious. A general cookbook will suggest many ways to fix chicken. One menu idea is baked chicken casserole with rice, buttered broccoli, fresh spinach and tomato salad, plus your favorite cookies and sherbet for dessert.

Pork loins also are a good fresh cut for the season. Compare prices on the blade end, center cut and sirloin end. Serve pork loin roast with buttered carrots, tossed green salad topped with hard cooked eggs, corn sticks and lemon chiffon pie.

In the fruit section, luscious Texas grapefruit and oranges have attractive price tags; high quality apples from cold storage are still available. Bananas, pineapples, cantaloupes, lemons, tangerines, avocados and strawberries should also be considered.

In the vegetable section, carrots are quite plentiful and are low in price; quality and price vary on head lettuce. Broccoli, sweet potatoes, celery, potatoes and dry yellow onions are also economical choices.

# Truck Driver Proposal

Farmers and ranchers are being urged by Raymond Schroeder of Burkburnett, president of the Wichita County Farm Bureau, to let the federal government know how

proposed farm truck driver regulations would affect their operations. Letters should be addressed to John A. Volpe, Secretary, U. S. Department of Transportation, Washington, D.C., 20515, Schroeder said. Proposed U. S. Dept. of Transportation regulations pertaining to farm truck driver qualifications will become effective on July 1 unless farmers and ranchers can convince the government that they should not be put into effect. The regulations were scheduled for last Jan. 1, but were postponed to permit

Farm Bureau and other organizations to study the regulations and file statements. The regulations would affect drivers of all farm trucks including pickup trucks, Schroeder said. Although the new regulations would be applicable to interstate commerce, recent court decisions indicate that the interstate commerce clause applies to anything and everything which might at some time enter interstate commerce, Schroeder said. Proposed regulations would include the following require-

ments for drivers of farm trucks: (1) Be at least 21 years of age, (2) Carry a certificate, executed by a physician during the preceding 24 months, evidencing fitness to drive a truck, (3) Pass a road test in truck operation, (4) Take and pass an examination on the federal Motor Vehicle Safety Regulations, and (5) If driver is employee of farmer, he must supply the farmer with evidence of compliance with the four preceding requirements, plus an application for employment which shall disclose traffic viola-

tions and disposition thereof, plus an annual supplementary statement relating to traffic violations. Also (6) a farmer who employs a driver would be required to "verify" the driver's record -- and to maintain for each driver a file containing items 1 to 5 above, plus a record of the employer's verification of the employee's driving record. Schroeder said letters to Secretary Volpe should include the farmer's personal appraisal of how his farm or ranch operation would be affected if the regulations are adopted. The local farm leader urged each farmer in the county to request that present exemptions for farm truck drivers be retained. Also, he said, Congressman Purcell and the two Texas Senators should be contacted and requested to intervene with Secretary Volpe in the matter of retaining present exemptions, or at least in modifying proposed regulations so that they will not be so damaging to agriculture. The Farm Bureau is requesting that present exemptions be retained, he said. In the event that this is impossible, the Farm Bureau is asking that the following recommendations be included in any regulations which are issued: (1) An exemption for small trucks under 10,000 lbs. gross weight. This would include pickups. (2) An exemption for local farm hauling. (3) Postponement of effective date for six months more. (4) A comprehensive educational campaign in news media to let farmers and ranchers know what is about to happen to them. (5) General distribution of a summary of the regulations. (6) A procedure for development of permanent regulations based on common sense, actual need and good judgment.

## Camp Bill In House

FIRST PRINTING January 26, 1971  
 Official House Printing, 62nd Leg.  
 By: Denton H. B. No. 142  
 (In the House,--Filed January 21, 1971; January 26, 1971, read first time and referred to Committee on Governmental Affairs and Efficiency.)

A BILL TO BE ENTITLED AN ACT providing for the regulation and control of children's summer camps organized for education, recreational, or religious purposes; providing penalties for violations; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. DEFINITIONS. As used in this Act unless the context requires a different definition:

(1) "Children's camp" means any parcel or parcels of land having the general characteristics and features of a camp as the term is generally understood, used wholly or in part for recreational or instructional purposes and accommodating for profit or under philanthropic or charitable auspices five or more children under 18 years of age, apart from their parents, relatives or legal guardians for a period of five days or more. The site may or may not be equipped with temporary or permanent buildings and may be operated as a day camp or as a resident camp.

(2) "Person" means any individual, group of individuals, association, partnership, or corporation.

(3) "Director" means the executive director of the Parks and Wildlife Department.

Sec. 2. PROHIBITED ACTS. After December 31, 1971, no person may operate a children's camp unless he has a license obtained under Section 4 of this Act.

Sec. 3. POWERS AND DUTIES OF THE DIRECTOR. (a) The director may promulgate rules and regulations intended to protect the health, welfare, and safety of children attending a children's camp.

(b) The director or his authorized agent shall make at least one annual inspection

of each children's camp while it is in operation. He shall have the right of entry and access to any camp at any reasonable time.

Sec. 4. LICENSE APPLICATION AND FEES. (a) An applicant for a license to operate a children's camp shall submit his application on the prescribed form to the director and tender a fee of \$25. The application must be made at least 30 days prior to the proposed opening date of the camp. A separate application and fee must be submitted for each children's camp the person operates.

(b) Before issuing the license, the director or his authorized representative shall investigate the character of the applicant and the campsite and facilities. If the director finds that the applicant's character is good and that the campsite and camp facilities meet the standards established by rule or regulation or by this Act, he shall issue a license.

(c) A provisional license may be issued to the person if the campsite does not meet all of the requirements established by the regulations promulgated under Section 3 and Sections 7 through 12 of this Act.

(d) All licenses expire on December 31 of the year of issue unless revoked under Section 5 of this Act. A license may be renewed by filing an application for renewal on a form designed and furnished by the director and by paying a renewal fee of \$10 which shall accompany the application. A licensee may submit an application for renewal no earlier than November 15 and applications received after December 31 may not be considered. Provisional licenses may not be issued for more than three consecutive years for any one camp.

(e) Each license shall specify the age, sex, and number of children which may be served and the specific site where the camp may operate.

Sec. 5. REVOCATION AND APPEAL. (a) A license may be revoked at any time for failure to comply with the provisions of this Act or any regulation promulgated under Section 3 of this Act.

(b) The licensee is entitled to a hearing before the director on his written request

to the director. The director shall serve notice to the licensee as to date, time, and place of the hearing by registered mail at least five days prior to the date set for hearing.

(c) The licensee is entitled to be represented by legal counsel and shall have the right to produce evidence and testimony at the hearing.

(d) The decision of the director shall be based on the evidence and testimony presented at the hearing.

(e) Any person who applies for and is refused a license and any person whose license to operate a children's camp is revoked by the director may take an appeal within 20 days after the making and entering of such order to any district court of Travis County or any district court of the county of his residence. The trial shall be de novo. Appeal from the judgment of the district court is as in other civil cases.

Sec. 6. DISPOSITION OF FUNDS. The director shall remit, on or before the 10th day of each month, to the state treasurer all the fees collected by him during the preceding month for deposit in the general revenue fund.

Sec. 7. CAMP PERSONNEL. (a) There shall be at least one cabin counselor over 18 years of age for every 20 children in camp.

(b) The camp director shall be at least 21 years of age with at least three years of experience in a leadership position on a camp staff.

(c) The waterfront director shall be at least 18 years of age and shall possess a current Red Cross Water Safety Instructor Certificate or its equivalent.

(d) There shall be competent instructors to supervise archery, horseback riding, riflery, and any other camp activity considered to be of a hazardous nature.

Sec. 8. SITE AND FACILITIES. (a) The topography of the campsite shall be such as to enhance the drainage of storm water away from the living quarters.

(b) Each tent, cabin, or other structure used for living or sleeping quarters shall have windows or openings equal to at least one-tenth of the floor area for the admission of air and natural light.

(c) Each camper shall be provided with a bed and shall sleep alone.

(d) Cabins, tents, or other structures used for sleeping quarters shall provide a minimum of 35 square feet of floor space per occupant.

Sec. 9. ADMINISTRATION. (a) The camp operator shall maintain records of personal data for each child. Minimum records shall include the camper's name, age, and address; the name, address, and telephone number of parent or guardian; and dates of admission and discharge.

(b) A written report shall be submitted to the director by the camp operator regarding any serious illness or accident to a camper which results in hospitalization or death.

Sec. 10. HEALTH. (a) Arrangements shall be made with a licensed physician residing locally to be on call at all times in case of an emergency.

(b) The camp operator shall require all campers and staff to submit a medical history, record of immunization, and a report of a physical examination administered by a licensed physician within a month prior to the opening of camp.

(c) A room, tent, or building protected from flies and insects shall be maintained on the campgrounds for the temporary isolation of sick campers and staff members.

(d) The staff of a resident camp shall include a registered nurse, or a certified camp health director. A day camp staff shall include one of the above or a Red Cross Advanced First Aider.

(e) All cases of communicable diseases occurring in camp shall be immediately reported to the State Department of Health by the camp health supervisor or the camp director.

(f) Standard first aid equipment and such medical equipment as deemed necessary by the director shall be available and maintained by the camp health director.

(g) The camp health supervisor shall be required to maintain a medical log listing the date, name of camper, ailment, and treatment prescribed.

Sec. 11. SAFETY. (a) The area used for swimming shall be clearly marked for non-swimmers, beginners, and swimmers. All persons shall be confined to the limits of the areas for which they have been classified.

(b) Lifesaving equipment which is adequate for the type of aquatic program conducted shall be provided and so placed that it will be immediately available.

(c) In addition to the waterfront director, there shall be one Red Cross qualified lifeguard or equivalent for every 25 swimmers.

(d) A carbon dioxide or dry chemical fire extinguisher shall be located in the kitchen or cooking area.

(e) All containers for gasoline and all explosives shall be plainly marked and stored in a locked building away from the living quarters. Gasoline and explosives shall be kept in different buildings.

(f) There shall be at least one fire extinguisher available in the living area for every 2,000 feet of floor space utilized as living quarters.

(g) The camp director shall establish at least two fire escape routes from the campsite to be used in the event of such an emergency.

Sec. 12. TRANSPORTATION. (a) The number of campers in transportation units shall not exceed the riding capacity of each unit.

(b) All transportation equipment and vehicles shall be maintained in safe operating condition and shall meet all safety tests required by the laws of this state.

(c) All drivers of camp vehicles transporting children shall hold a valid chauffeur's permit and shall be over 18 years of age.

(d) Transportation shall be available at the campsite at all times to be used in the event of an emergency.

Sec. 13. PENALTY. A person violating any provision of this Act or the rules and regulations promulgated under Section 3 of this Act is guilty of a misdemeanor and upon conviction shall be fined not less than \$100 nor more than \$500. Each violation constitutes a separate offense.

Sec. 14. EMERGENCY. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each house be suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

## American Legion Holds 13th Convention

Eleven American Legion Posts will be honored at the annual 13th District Spring Convention of The American Legion, to be held in Olney Saturday and Sunday, Lloyd C. McAnally, Olney post commander, has announced. These posts will be presented citations for outstanding membership achievements.

Chief Dixon and Officer Swedburg presented the Lions Club with an extremely informative film and program on marijuana, LSD, pep pills, uppers and downers, and many other types of drugs.

## Lt. Col. Arthur Ruppert Assumes Duties April 1

SHEPPARD AFB, TEXAS-- Lt. Col. Arthur J. Ruppert assumed duties as commander of Detachment 1, 2nd Bombardment Wing, Strategic Air Command at Sheppard AFB Thursday, April 1.

He succeeds Lt. Col. Sydney J. Ward, who is going to Matagorda Island to become base commander.

Colonel Ruppert came to Sheppard from Barksdale AFB, La., where he was operations officer for 596th Bombardment Squadron. He completed two years there in December.

A veteran of 20 years of military service, Colonel Ruppert enlisted in service in December 1950. He received his commission as an officer following completion of the pilot training program at Williams AFB, Ariz., in June 1954.

He then flew B-47's at Lockbourne AFB, Mich., until he went into transition training into the B-52 aircraft. He then spent four years at Turner AFB, Ga., after which he completed the Air Command and Staff College at Maxwell AFB, Ala.

He returned to flying B-52's at Griffiss AFB, N.Y., for two years. Colonel Ruppert then trained into the F-100 flying program at Luke AFB, Ariz. From there he went to Southeast Asia and returned to Barksdale in 1968.

In Southeast Asia, he served as air liaison officer and forward air controller with the 1st Air Cavalry Division (U.S. Army) and flew 342 combat missions.

## Two-Point Program Planned

Area Emphasis Promotion and Guide Lines Herd Performance Records will be the subjects under discussion at a special meeting of the West Texas Polled Hereford Association to be held in cooperation with the Texas PHA, at 7 p.m. Saturday evening, April 24, at the Holiday Inn in Brownwood.

A two-point program has been planned, the first part on developing and using both identification and performance records in a registered cow herd and the second part on promotion and merchandising of purebred cow herds in order to fully develop potential markets, according to Sam Swann, of Merkel, president of the West Texas PHA.

The meeting is related to the American Polled Hereford Association's Area Emphasis Program, implemented last year to guide the efforts of the individual Polled Hereford breeders in promoting the sale of their own cattle.

## Your Texas Ancestors

by DAMON VEACH

Robert W. Coulter and his wife, America (Cliff) Coulter migrated from Sale Creek, Hamilton Co., Tennessee, to Johnson Co., Texas in the mid-1870's. Their children were: W. C., Moses S., Mary Ann (Bullock), Thomas J., Joseph J., Elizabeth (Luttrell), Nancy E. (Robinson), and James W. Coulter. America died in 1877, and at this time, the family lived in Alvarado. The 1880 census shows Thomas J. Coulter living in Grandview as a dry goods merchant.

David H. Gray, Sale Creek, Tennessee, 37373, would like to correspond with anyone working on the Coulter/Cliff families.

Mrs. Ivan R. Johnston, 506 Lawndale Dr., Springdale, Ark., -72764 needs data on William M. James, born Feb. 21, 1865, Bell Co., Texas. His parents were William Clayton James and Margaret E. (Clark) James. They were married May 2, 1859, in Cooke Co., Texas. William C. James had a brother, Thomas, a sister, Mary, and other sisters and possibly brothers. His parents are buried southeast of Gainesville.

Margaret E. (Clark) James was the daughter of Mary E. (Chandler) Clark, who migrated to the Peters Colony as a widow prior to July 1, 1848. She is listed on the 1850 census (Cooke Co., Family No. 30) as a 31-year-old widow, born in Tennessee. She had four children and moved to Texas from Missouri. Her husband is believed to have been James Clark. Mary E. (Chandler) Clark, donated the land that the Cooke County Courthouse is built on.

Mrs. W. J. Patton, Box 917, Dimmitt, Texas, 79027 is working on the ancestry of William Black Patton. Pattonville, Lamar Co., Texas, was named for him. He came to Texas in 1837 from Morgan Co., Alabama. His brother, Andrew Black Patton, came in 1844. William was born in Tennessee and his father, Robert, was born in North Carolina. Robert and his wife, Nancy Black Patton, also lived at Pattonville and died there.

Mrs. Rufus D. Shell, 1800 Elmwood, Corsicana, Texas, 75110 needs information on the burial place of John J. Poindexter, born in Yadkin Co., North Carolina, May 25, 1809, died Dec. 25, 1881, in Waxahachie. Info is also needed on the burial place of John G. Poindexter, born Aug. 8, 1778, North Carolina, died Oct. 4,

## Baptist Church Features Four Speakers Sunday

Four young men who are new Christians and who are members of the Icthus Society in Wichita Falls, will be the featured speakers at the 6:30 p.m. worship hour at the First Baptist Church Sunday.

Two of these men, Terry Hitt and Mike Ruth, are former drug addicts. They both used marijuana and LSD frequently and each dropped acid some 100 times. Another of this group, Roger Deerin-water, at one time distributed literature in Wichita Falls for the Black Panther organization. Each of these young men, and a fourth, Sgt. Nick Nichols, have a most rewarding program for everyone.

Icthus is a Greek word for "Jesus Christ God Son Saviour." The Icthus Society is made up of living demonstrations of the transforming power of God. They meet each Monday night wherever possible. They are in the process of trying to purchase or lease a house so that they can convert it into a coffee house where they can relate to others what Christ can mean to them.

These four young men are members of the Fairway Baptist Church in Wichita Falls, and are working with that church in the Icthus Society. They invite each of you to come to the First Baptist Church in Burk Burnett and hear what drugs have done to them, what some political factions have done to them, and then finally what Christ did FOR them.

Superstitions are opinions of others—Roy J. DeLoey, Fuckerton (N.J.) Chronicle.

**WISH I'D SAID THAT**

People are certainly peculiar. They want the front of the bus, the back of the church and the middle of the road.—Ray Savage, Thermopolis (Wyo.) Independent Record.

### Can one of our air conditioning specialists help you?

We can't sell you any air conditioning equipment. Or install it. Or service it. Because our business doesn't include doing any of these. Our business is selling electricity. And we want you to get the most value from every dollar's worth you buy from us.

This means helping you get maximum comfort from the equipment you buy from your electric air conditioning dealer. And at the lowest operating cost.

This is why we have people in the company who specialize in air conditioning. People you can call and ask for tips on how to operate your air conditioning equipment with the greatest efficiency.

Building or remodeling? Then an air conditioning specialist at Texas Electric can give you really helpful facts and advice, whether you're considering refrigerated window units or a central installation.

He can tell you about the kinds and amount of insulation you need to help your equipment do a better, easier job. Fill you in on all the various types of equipment. And estimate your operating costs.

If you wish, he will be pleased to consult with the contractor of your choice in planning your air conditioning system.

There is no charge for our help. It's yours for the asking. At Texas Electric, People Power is at your service.

### Films Made At Sheppard

SHEPPARD AFB, TEXAS--An Aerospace Audio-Visual team from Norton AFB, Calif., is filming the aircraft arresting system at Sheppard Air Force Base as a part of the 20th anniversary story of the Aerospace Audio Visual Service.

They are doing a series of 14 short films in 16 millimeter color.

The three-man crew includes Capt. Charles Power, director; Bert Anderson, director of photography; Paul Jenkins, camera operator; and Amn. Dennis Czetti, assistant cameraman.

Each of the films they are making will run from three to six minutes. They will deal with various aspects of work with the arresting system. The series is fairly technical and is aimed at showing the personnel going through the various levels of barrier training.

The series will be used especially by Pacific Air Forces Command.

The AAVS was founded in 1951 and has documented many Air Force activities including the Korean War, Vietnam War, the East Pakistan flooding and Apollo missions.

Maj. Charles L. Brock of the Department of Civil Engineering Training is technical advisor. He is the chief of electrical power production branch of 3750th Technical School.

## John Towers Report

**THE CALLEY TRIAL**

The trial of Lt. William Calley has grasped the attention and concern of the public to a degree that I have not before encountered in my 10 years in the United States Senate. I have heard from more than 6,000 of you on this one important issue alone, and I know that the volume of telegrams, letters and phone calls which I have received is not unique on Capitol Hill.

I have said that I will not make any direct comment on the merits of the Calley trial and I shall not do so here. Although I have been accused by a few of political fence-sitting on this issue, I must continue to follow the course which I believe to be the most responsible. The Calley trial remains in judicial channels; and the matter affects not only Lt. Calley but others who have not yet been tried. I believe that comments by me on the merits of the case would not serve constructive ends but only add to the existing judicial difficulties.

Given the Separation of Powers concept embodied in our Constitution, it would seem to me that Congressional action on the merits of this case would be highly inappropriate. Even an expression as to the sense of Congress might unduly jeopardize the cause of justice.

But the Calley trial does bring to our attention a much broader issue -- that of the whole spectrum of war crimes and the military judicial procedures designed to deal with them. I do believe that it would be proper for the Armed Services Committees of the two houses of Congress to review these broader issues and possibly hold hearings in this regard.

## Boy Scout Summer Camp

Scouts in the 13-county Northwest Texas Council will open the 1971 Summer Camping Season with the opening of Perkins Reservation on June 13 according to E. A. Oglesby, council camping chairman.

"This year's camping season will feature several new camping programs, which will include a week of special day-camp program for Cub Scouts," Oglesby said.

Perkins Scout Reservation will open on June 13 and will be open to week-long Boy Scout Camp for three consecutive weeks and will close on July 3. Two provisional troops will be available to boys who cannot attend camp with a troop. A 32-boy provisional troop will be available the week of June 20-26 and June 27-July 3.

"The provisional troops will be under the direction of a qualified adult Scoutmaster and will conduct a full Scout Camp Program using elected Junior Leaders," Oglesby related.

A special Survival Training Camp is also planned for Perkins Reservation the week of June 13. To attend, a Scout must have received his First Class rank.

"To be assured of attending camp with a provisional troop or as a member of the Survival Camp, a boy needs to make a reservation at the Council Service Center, 1400 Eleventh. The two programs are limited to the number of boys who can participate and will be accepted on a first come basis," Oglesby related.

The council's first Cub Scout Day-Camp will open at Perkins Reservation on July 5 and will run through July 9. The daily program will be held from 10 a.m. to 4:30 p.m. and will include such things as swimming, archery, handicraft, organized games, Indian lore, and other Cub activities. Part of the program is a hot lunch daily. To attend, Cub Scouts' parents need to make reservations at the Council Service Center prior to May 15.

Horizon Wilderness Scout Ranch will open for its second consecutive season on July 11 and will run for three consecutive weeks, closing on July 31. The new Horizon Wilderness Scout Ranch features wilderness camping where each troop prepares all its meals under boy leadership. A 48-acre lake provides council Scouts a complete aquatic program, from fishing and rowing to lifesaving.

In addition, the council will conduct a special Junior Leader Training course for Scouts of First Class rank or higher the week of July 25. Scouts who wish to take the week-long special course will want to make reservations early in order to participate in the limited program.

"Some thirty Scouts and their leaders from the Northwest Texas Council will attend Philmont Scout Ranch in Northeastern New Mexico from August 4-17 to round out the summer camping program," Oglesby concluded.

The Senate Armed Services Committee, of which I am a member, has already indicated that the Committee will continue close scrutiny of the Calley case as it proceeds through the judicial channels. I believe this attitude a most responsible one and eminently correct.

And I am encouraged that the President will review the case upon completion of the judicial procedures within the military. As Commander-in-Chief

of the Armed Forces, the President has this authority and I believe he has taken a responsible stand.

The Calley case now goes to the Court of Military Appeals, composed of three judges, all of whom are civilians. This court has the authority to review the facts, to re-apply military law to those facts, and to endorse or set aside the verdict and to reduce the sentence. I am particularly concerned

about the effect this trial may have upon American soldiers in the field. I fear that it may serve to undermine morale. And I fear that it may serve to postpone the attainment of a zero draft posture. At the same time when we are attempting to make military service more attractive so that we shall not be forced to induct young men indefinitely, I fear that this case may serve to discourage would-be volunteers.

There are some important points which I feel proper for us all to remember as we watch the further judicial processes in the Calley case.

For one thing, Lt. Calley stands accused not of killing innocent civilians, but of murdering unarmed prisoners of war. For another, the military has already prosecuted some scores of other soldiers who have killed unarmed prisoners of war. Of course, we should not sanction offenses on

the part of our own soldiers simply because the enemy is guilty of similar offenses.

But the Vietnam War is indeed a new combat situation for us historically. Our soldiers often cannot determine the enemy in combat situations. Incidents abound of American soldiers being shot from behind by women and small children who had appeared to be innocent bystanders.

I repeat that, in making

these remarks, I am not commenting directly upon the merits of the Calley case. I have not and I will not pre-judge Lt. Calley.

But the broader question remains.

Is our current system of military justice capable of dealing with the new combat situations presented by the Vietnam War? Should our military training programs be broadened or changed in order to more adequately prepare

our fighting men to deal with these new combat situations? These are some of the questions with which the Congress should appropriately concern itself.

We have not broken much new ground in the fields of military justice since the famous Nuremberg trials after World War II. The time is apparently overdue for our consideration anew of many of the issues involving military justice.

There is a need to look back occasionally to get our bearings for the future. Past experiences often guide future action. What has proved good and profitable in the past will often prove to be the same in the days ahead. Serving God and our country through our churches and through civil and community service has always elevated us as a people and contributed to our image as a free and just country. We will not go wrong in adhering to these practices.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## COUNTY AGENT NEWS

B. T. Haws  
Wichita County  
Agricultural  
Agent

The Texas Animal Health Commission has ordered a 60-day restriction on the movement of swine in Texas, effective March 29, as an aid to the control of hog cholera. Hogs can be moved to market without a permit but all other movement is by permit only. Permits may be secured at the County Agent's office.

Also, the USDA has announced that producers may no longer remove apparently healthy hogs from their herds infected by or exposed to hog cholera. All exposed or infected herds must be destroyed. Herd owners are paid state and federal indemnities to help pay for losses. The inspector for the Wichita Falls area is Roy Dale Polvado.

Auction and terminal markets are still the major sources of slaughter calves for packers, but the feedlot is providing most of their feed cattle in the West and Southwest. A recent USDA report showed that California and Texas alone accounted for more than a third of the cattle fed by packers.

Weeds can reduce pasture yields by as much as 50 percent. They reduce grazing and hay yields by competing with desirable plants for nutrients, moisture and light. They also lower hay quality, harbor insects and diseases and increase labor and equipment costs.

Control of these plant pests by chemical or mechanical

methods can up forage quality and yields. But weed control is no substitute for proper fertilization and management of desirable plants. The use of fertilizer and good management, in fact, are about the best known controls for weeds in pastures.

The Texas Agricultural Extension Service and associated laboratories are considering placing organic matter measurement on an optional or request basis in the routine soil test.

The proposal doesn't mean the complete removal of organic matter determination from the soil test. If the proposal is adopted, people submitting soil samples will just have to request the measurement if they want it.

One reason for this consideration is that increases in rates of nitrogen fertilization in recent years have diminished the importance of nitrogen released from organic matter.

The soil moisture situation in Wichita County for the past several weeks has not been conducive to home gardening; however, it is still possible to grow a good vegetable garden if some water is available for needed irrigation.

It may be necessary for the home gardener to reduce the size of the garden if the present dry conditions prevail during the coming weeks. Too, the number of different vegetables normally planted may have to be reduced in keeping with available water and facilities.

The county agricultural agent suggests that vegetables be planted with supply the vitamins needed for proper nutrition and those which are best adapted to the county. There is considerable difference between the yielding and quality of varieties available. Management becomes even

more important in the home garden because top yields of quality produce must be the objective of the gardener. Adequate amount of plant food must be supplied in order to get the maximum from the water available.

## Research

While there are still many unanswered questions surrounding micronutrient fertilization, research and improved testing procedures are helping farmers decide on using one or more of the micronutrients.

According to Dr. C. D. Welch, Extension soil chemist, some of the major problems involved, variation in crop requirements, influence of climatic factors, and difficulties in correlating laboratory values with field observations.

Despite these problems, it has been found that of the seven micronutrients, only iron and zinc deficiencies and responses have been observed over widespread areas of the state.

Dr. Welch said that the same principles in applying a major or secondary nutrient should be used in the application of micronutrients. First, a specific need is determined, and a sufficient amount is applied to meet the soil and crop requirement.

He added that the idea of using amounts equal to those lost in crop removal is no more valid for micronutrients than for other mineral nutrients.

Dr. Welch noted that in sampling it is important NOT to use galvanized or similar sampling tools because zinc-containing metals can result in the contamination of samples and erroneous results.

Plant analyses provide valuable information in determining micronutrient needs. To be really effective, these interpretations must be combined with observations and other criteria to help establish a need for micronutrient fertilizer, he added.

Thelma Wirges  
County Home  
Demo Agent

Consumers have four national laws to help them do a better job when buying textile products, reminds Thelma Wirges, County Home Demonstration Agent.

And consumers play a vital part in insuring that they receive the benefits of the legislation. The manufacturer must provide accurate labels, the retailer must keep the labels attached to the merchandise, but only the consumer can read and use the label information.

The labeling acts, enforced by the Federal Trade Commission, cover wool, fur, flammable fabrics, and all other textile fibers used for apparel and household accessories.

The Wool Products Labeling Act requires that all products containing any amount of wool, whether reprocessed or reused, be labeled by percentage. Carpets, rugs and upholstery, however, are not covered by the act.

The Fur Products Labeling Act requires that fur products selling for more than \$20 be labeled with the true English name of the animal plus the country the animal is from. If the product is composed of artificially colored fur, or a substantial part is composed of paws, tails, or bellies, the tag must indicate it.

The Flammable Fabrics Act covers all wearing apparel and household textiles, making it unlawful to manufacture or sell products that are dangerously flammable.

Currently, Miss Wirges says, only one fabric flammability test has been established as a government standard, but more extensive test methods and standards are being developed.

The Textile Fiber Act includes all apparel and household textiles not previously covered. If as much as five percent of a fiber is used in a fabric, it must be labeled. And there is less than five percent but the fiber has functional significance, it also must be named on the label. The fiber content of remnants is not required, provided there is a sign indicating they are of undetermined fiber content.

According to the act, labels must show the fiber content by generic name, such as cotton, wool, polyester. Man-made fibers may have trade names, but the label must also include the generic classification.

Miss Wirges further explains that the fibers must be listed in order of predominance and that percentages must be given. And the fiber content of linings and interlinings are also required.

Now's the time of year to think about cleaning your suede clothing. Never store suede unless clean. Suede is genuine leather, turned inside out and buffed to a soft, velvety nap. It is a sturdy fabric, yet certain grooming techniques are required to keep suede looking its best.

Brushing will remove most stains from suede and will keep dust from settling in the nap. But if brushing doesn't do the job, then a soft gum eraser, emery board or chalk cleaner will. Chalk cleaners (in stick or aerosol can) can be purchased in household or notions departments.

Suede is waterproof; however, if it gets wet or rain-spotted, dry away from heat. After it is dry, brush with a terry towel to restore its original appearance. Brush the nap in one direction.

Most wrinkles in suede will hang out overnight. If wrinkles persist, press with an iron at the "rayon" setting. Use heavy wrapping paper as a press cloth and press on the right side of the garment.

If further cleaning is necessary, have it done by a professional dry cleaner. He may not do the work himself if he is not equipped to process leather clothing, but he will know how to have a specialist do it for you at no more cost than you would have to pay by dealing direct.

Be sure that your suede articles don't get too dirty. Stains and soil can become embedded in the skins, making them impossible to get out.

When storing suede garments for an extended period, hang the garments in a well-ventilated closet. Cover with a cloth, not a plastic bag to keep dust-free. Air is good for suede; like all leather, it "breathes."

Thriving on use, your suede garments should take on a richer patina and mold to the body with a free and easy swing the more you wear them.

# We Salute SHEPPARD AIR FORCE BASE

SHEPPARD AFB, TEXAS--SHEPPARD BAND TO PLAY AT SYMPHONY--Members of the Concert Band of the 761st

## Members Of Sheppard's 761st Band To Play At Concert

SHEPPARD AFB, TEXAS--It's spring, and Sheppard's 761st Air Force Band isn't sidestepping tradition. The band and its component organizations are revamping their musical programs to improve flexibility in meeting needs of the military and civilian communities which they serve.

Upcoming on the group's schedule is the final concert of the Wichita Falls Symphony Orchestra season April 17, and a tour of schools in the Dallas area April 19-21. In preparation for spring

appearances, the Concert Band has added new arrangements to its repertoire, including medleys of Bart Schrach hits and tunes from the rock musical "Hair." There also are such singles as The Carpenters' hit, "Close to You," and jazz arrangements of "Son of a Preacher Man," "The Horse," and "Turn Around, Look At Me."

The Swingphonic Band, an ensemble patterned primarily after a dance band, has added woodwinds and brasses not normally found in a dance band. The group performs a particular style of composition, incorporating both classical and jazz styles. This group is one of the ensembles which will participate in the April concert of the Wichita Falls Symphony.

For its part on the program, the group will perform special jazz arrangements of Borodin's "Prince Igor," Grieg's "Anitra's Dance" and "Love Theme from Scheherazade," by Rimski-Korsakov.

Also assisting in the Symphony program will be the Show Band, the most popular ensemble of the 761st organization. Designed after the big bands of the 1940's, the group has toured extensively in the Dallas-Fort Worth, Oklahoma City and Tulsa areas. In its part of the Symphony program, the Show Band will perform "Jazz Suite" by Bob Schibert and "Aquarius/Let the Sunshine In" from "Hair."

The Sheppard Concert, Swingphonic and Show Bands are under the direction of SMSgt. Albert L. Lanata.

Another musical group of the 761st is known as "The Awakening." Under direction of Sgt. Ronald A. Cobb, the ensemble is styled after the

### Registration Deadline Up

SHEPPARD AFB, TEXAS--All active and retired military people, their dependents and civilian employees at Sheppard must have the new, blue automobile registration bumper decal by today, according to security police at Sheppard AFB.

Those who do not have the new sticker (Air Force Form 66) will be stopped at the gate and processed as visitors to the base.

The registrant must certify that he has been advised of the Texas and Air Force regulations governing insurance and operation of private motor vehicles.

He must also possess the minimum amount of insurance prescribed by the state of Texas, a valid operator's license, a current automobile safety inspection, seat belts in the vehicle, and he must remove and destroy the decal when he is no longer entitled to vehicle registration.

The owner of the vehicle must be either the named insured or named as the principal operator of the vehicle on the insurance policy.

popular "Blood, Sweat and Tears," and "Chicago" groups. It appeals primarily to younger audiences.

The Men's Chorus, a vocal segment of the Sheppard band, is directed by SSgt. Larry R. McCain and makes appearances in concert situations in area schools. Members of the chorus also assist choir directors by rehearsing with school choruses which are preparing their own programs. The interchange helps the military organization fulfill its educational mission.

Included in the chorus' repertoire of songs are Bacharach favorites, "Up, Up and Away," "Aquarius," "Close to You" and other works representative of styles from sacred to secular and from semi-classical to popular.

Each of the Sheppard groups will tour the Dallas area April 19-21, giving some eight concerts in schools.

In its program outside the military, the 761st has another group, simply known as the demonstration group, which travels to elementary schools and introduces youngsters to the variety of musical instruments now available. A program devised by SSgt. David N. Yeager, group leader, presents a history of the development of musical instruments.

### SAFB Debs Honored With Party

SHEPPARD AFB, TEXAS--The 13 young ladies who were presented as debutantes by the Sheppard Officers Wives Club Saturday have been honored by a series of social events.

The series was concluded with a punch party last Thursday, given by Mrs. Robert Williams, wife of the vice commander of Sheppard Technical Training Center, and Mrs. Donald Butz, president of the Officers Wives Club.

The party, to honor both the debutantes and their mothers, was held in the central room of the Officers Club.

The refreshment table was draped with a yellow organdy skirt and centered with a 17-branch silver candelabrum with yellow tapers. Yellow streamers extended from white azaleas to the individual corsages to complete the centerpiece. The corsages were presented to the young ladies.

Mrs. S. D. Berman, wife of the Sheppard base commander, was a special guest.

The Central Room of the Officers Open Mess was reminiscent of Old Italy for the pre-rehearsal pizza party held Wednesday of last week for debutantes and their escorts.

Tables set for four were covered with red and white checkered cloths, centered with red low boy candles. Hostesses for the party were Mmes. William Gray, Robert Shannon, Jesse Scarborough and Miss Helen Dehan.

## UP, UP & AWAY

I'm thinking that there are many pilots who have wished for a means of strapping a small power plant onto their backs that would turn blades permitting short and medium span flights.

If such a thing could be perfected, say something driven by a small gasoline engine like the ones powering lawn mowers, that would operate about one hour on one tank of gasoline -- and if they were safe -- the demand would be great.

I once answered an advertisement by a company selling blue prints of a one passenger deal with a rudder and the blades were like a helicopter's. The thing cruised in excess of 60 mph and a service ceiling of several thousand feet. Landing and takeoff rolls were very short. The body resembled a go-cart one sees at these tracks built on one or two vacant lots.

The price was not what I thought the cost of such a contraption should be. I spent some time talking to people who had flown them and who were anxious to pawn them off to some one else at a good reduced price and saving the new owner the work of many nights in getting one put together.

If such an invention, as I first mentioned, was undertaken and the plans did not include a rudder, it would be necessary for blades to rotate in opposite directions to offset the torque or the poor pilot would be spinning around getting nowhere.

If some reader should come up with something that will work for less than \$400, his financial worries would be

over, I predict.

In my mind's eye I can visualize a small control stick fastened with cables attached fore and aft and on the right and left sides of the movable shaft powering the blades to tilt the blades forward, aft, right or left to control the path of flight. The control could be exactly like the stick in a Piper J3, only approximately five to six inches long.

It is my thinking that each blade would not have to be more than six or seven feet long. Perhaps they could be

heard five feet, permitting a landing in any front or back yard or parking area.

I'm thinking how such flying would cut down on the numbers of commuters to jobs who now go by automobile. Something is going to have to give in the near future concerning highway congestion.

Perhaps you are curious to know more about the theory behind the waste paper baskets Dick Tracey and his co-workers use in their efficient law enforcement duties.

Maybe there are plans in the drawing board stage, or even further along, that would serve the purpose which I would like to see become practical.

SHEPPARD AFB, TEXAS--Office and household furniture, a sedan, ambulance, station wagon, pickup and vehicular parts and components are up for public sale at Sheppard Air Force Base.

The property may be inspected at Sheppard daily except Saturdays and Sundays, between the hours of 8:30 a.m. and 3 p.m., by contacting Pete W. Hogan, redistribution and marketing officer, Bldg. 2135.

SHEPPARD AFB, TEXAS--OFFICIAL OPENING--Maj. Gen. Jerry D. Page, commander of Sheppard Technical Training Center, cuts the ribbon opening the newly remodeled student Base Exchange at Sheppard AFB. With him are Sharon Middleton, left, Darlene Markel, both employees of the store, and Eurie Grodon, Sheppard's Base Exchange manager.

## Student Base Exchange Opened At Sheppard April 15

SHEPPARD AFB, TEXAS--The student Base Exchange at Sheppard Air Force Base, featuring a new Mod Shop, reopened Monday, April 15.

The store, recently remodeled at a cost of \$60,000, offers goods mostly aimed at the under-25-year-old male market. The newest attraction of the store is a Mod Shop. Offered in this section are the latest fashions in the world of men's wear. Most of the offerings are the flashy, casual clothes, popular with most young men.

Also offered in the store are military uniform items, laundry supplies, records and pre-recorded tapes. Although it is located in the same location as before, the student BX will offer an expanded

inventory to its customers, totaling more than \$250,000.

The recent renovation work to modernize the facility took six weeks to complete.

Maj. Gen. Jerry D. Page, Sheppard Technical Training Center commander, officially reopened the store when he cut the ribbon at ceremonies April 15. He was assisted by Sharon Middleton and Darlene Markel of the exchange staff.

Appropriately, a student was the exchange's first customer. First inside the remodeled exchange was Amn. Michael Newton of the 3752nd Student Squadron.

Manager of the facility is Geraldine Cook, a 20-year veteran of base exchange operations.
