## Sandra Allen Wins Arion Award

Miss Sandra Allen, daughter of Mr. and Mrs. Gene Allen and a 1971 graduate of Burk Burnett High School, was recently awarded the Arion Award and a \$300 scholarship from the high school Band Parents Club. This award is nationally recognized, and is given in every major high school to the student who is deemed the best musician in the high school.

Miss Allen has also won a piano scholarship to East Texas State University and a flute scholarship to the same institution. She is also a talented piccolo player.

Sandra, an honor graduate this year, completed a long list of accomplishments during her high school years. She was a member of Future Homemakers of America for four years, during which she served the club as songleader in her junior year and as reporter in senior year. She was also a member of Future Teachers of America for 2 years, and served on the Student Council in her freshman & senior years.

She has served as News Editor for the school newspaper, the Bulldog Growl. She was a member of the choir and served as their piano accompanist for 2 years, during which she served as choir president in her senior year and won the Choir Award the same year.

During her four years in the Bulldog Band, Sandra competed in U.I.L. Solo & Ensemble contests, All-State Solo & Ensemble contest and Tri-State Solo & Ensemble contests, and served as accompanist to other soloists. During her senior year, she led the Bulldog Marching Band as Drum Major.

Her piano teachers have been Mrs. Febe Garcia, Mrs. J. B. Riley and Mrs. L. D. Harleman. In her junior year Sandra represented Mrs. Garcia in the Wichita Falls All-City Recital. She has received two trophies from Mrs. Garcia for outstanding music ability.

## Three Swimming Sessions Held By Burk Swim Club

Three sessions of Red Cross swimming lessons will be offered at the Burk Swim Club this summer for ages 6 years and over.

Enrollment for the first session will be tomorrow, Friday, beginning at 9:00 a.m. and continuing until classes are full. Classes are limited to 12 pupils each. Classes in this session will begin June 14, Monday, and end June 25, with classes meeting Monday through Friday for those two weeks. Parents must sign for pupils' enrollment and pay the pool fee due at the time of enrollment.

Sessions each morning will be from 9:00 to 10:00 and 10:00 to 11:00. Classes will be offered for beginners, advanced beginners, intermediates and swimmers. Each pupil completing the classes will be given a Red Cross Card.

Mrs. Chester Todd will teach a ladies class. Qualified Water Safety Instructors are Berta Hancock, Connie Bloodworth, Tai Kreidler and Bruce Blankinship.

The second session of classes will be for Beginners and Advanced Beginners only, and will be conducted from June 28 to July 9.

The third session will be July 12 through July 23.

Any Qualified Water Safety Aide or Instructor interested in Red Cross Volunteer work with the swimming lessons is asked to contact Connie Bloodworth or the Pool Manager at the pool.

Only those enrolled in the swimming lessons will be admitted in the pool area during the class times.

## ACCIDENTS KEEP BURKBURNETT POLICE DEPARTMENT BUSY

Chief of Police Buck Abbott reported that this past week was a busy one for the Burk Burnett Police Department. Mrs. David La Martine of 823 Chestnut Street advised police that her home had been burglarized during her absence from May 5 to June 4. Investigation revealed that two aluminum window screens on the east side of the residence had been cut with a sharp instrument, and that two other screens had been pulled off.

The windows to the east bedroom of the house were open, and the footprint of a sneaker or tennis shoe was visible on the floor beneath the window. The footprint appeared to be that of a juvenile from 12 to 14 years of age. An investigation of household effects failed to reveal that anything was missing.

Also reported was a broken picture window at 300 East 3rd Street, along with broken bathroom window glass at the same residence. The damage was caused by rocks thrown by vandals. Damage was estimated at \$77.00.

In addition to these two incidents, five automobile accidents occurred this week.

In the first, Paul Jackson, traveling on 277-281 business highway at a high rate of speed, failed to make a curve coming to a stop sign at an intersection with Texas 240, hitting the curb and turning his vehicle over.

The second accident occurred when Eugene Hodge attempted to turn on Farm Road 369. Hodge hit his brakes and the car flipped over onto its top. The auto then skidded about 20 feet and came to rest on its top.

Another accident involved Dennis Barnes, who was traveling south on U.S. 277-281, and Mary Youkin, also traveling south, who attempted to pass Barnes. The Youkin vehicle was struck in the left front side by the right bumper of the Barnes vehicle.

The fourth traffic mishap occurred when Lester Coats, traveling north on Ave. D, ran into a vehicle being driven south on Ave. D, by Doyle Gann.

Oran Smith was traveling east on College when Kay Wilson failed to stop at a stop sign on an intersecting road, resulting in Smith's hitting the Wilson vehicle in the left front with the right side of his vehicle.

In his report, Chief Abbott noted that two rabid skunks have been found in Burk, one on the south side and one on the north side of town. He asked, therefore, that all Burk residents be careful to keep all animals under restraint at all times.

## Rev. David Stout Elected Vice Pres. Of District

The Rev. David Stout, pastor of the First Christian Church in Burk Burnett, was elected vice president of the 19th District of Christian Churches at the district conference held in Henrietta last week.

This 19th District is composed of twenty-six churches, with a combined membership of over 4,000.

Mr. and Mrs. David Yearp, Waldo Huddleston and the Rev. Stout attended the conference as representatives from the local membership.

## More Kids Needed For Recreation

Much is always said about the lack of "something to do" in a small town like Burk Burnett, but such is not the case this summer. Burk Youth may choose from Little League baseball, girls' softball, swimming, and the summer recreation program, which is just now getting under way.

The summer recreation program consists of both skating and tennis, according to Bob Carpenter, football coach and director of the program. Skating starts Wednesday, June 16, at the Orbit Skating Rink, and classes will offer dance, figure, speed and free style skating. Toni and Kathy Savage will be the instructors and the fee for each class will be only 50¢. Anyone interested may register at the rink Monday or Tuesday from 10 to 11 a.m., and may enjoy free skating during that time. Skating classes will also be scheduled for the month of August.

The tennis program will have as its instructor David French, who taught some last year. It begins Monday at 8:00 a.m. for beginners, 9:00 a.m. for intermediate students, and 10:00 a.m. for advanced players. All classes will be held at the high school tennis courts. The fee for the course is \$5.00, and a tournament is scheduled for the conclusion of the program. For more information concerning the tennis program, interested persons may call 767-7225 or 569-2875.

More and better recreation has been scheduled for this summer than ever before, but participation and interest of the youth is lacking. "We hope that all students will become involved in one or more of these activities," stated Carpenter.

As you can see in the above picture, the hail and rain storm which hit the Burk area Tuesday during the Sidewalk Sale had little effect on shoppers.

## TUESDAY NIGHT'S SIDEWALK SALE REPORTED WET & WILD

Burkburnett's Sidewalk Sale was held Tuesday night with great success, in spite of the heavy hail and rainstorm in the city. The storm pelted the downtown area with hail and sheets of rain at exactly the same time as the Sale was to begin, and lasted for almost 1 1/2 hours.

The Sidewalk Sale was staged to let area people know that participating merchants will in future be open late every Tuesday night, from 6:00 to 9:00, for the shoppers' convenience. For the sale merchants marked prices down to half price, and many moved merchandise to the sidewalks in front of their stores.

Naturally, some were unable to move all merchandise out in the short length of time allowed them by the storm, but all will be open late again next Tuesday with more specials.

## Note To Parents

Police Chief Abbott has reported that, due to the growing popularity of motorcycles in Burk Burnett and the resulting increase in accidents, the State Motorcycle Laws will be more strictly enforced.

Chief Abbott wished to call the parents' attention to the laws, which have changed in past years. A minor may drive a motorcycle if he or she has a motorcycle license. No license will be issued to any child under 15 years of age.

Abbott also stated that many parents have misconceptions as to the motorcycle laws, and he advised all parents that if any minor is caught in violation of these laws, the parent will be held responsible.

It was also noted that minibikes and go-carts are strictly prohibited from being driven on public roads.

Handbooks may be picked up at the police station or from the Department of Public Safety in Wichita Falls.

Parents are urged to take note of safety laws and see that their children follow them. These laws will be enforced.

## Enthusiasm Grows As Chamber Rodeo Nears

At their noon luncheon Monday, members of Burk Burnett's Chamber of Commerce finalized plans for their 26th annual Boomtown U.S.A. Rodeo, to be staged June 17-19.

Queens Contest chairman, Mrs. Elmer Klinkerman, introduced the 12 contestants entered in the Queens Contest.

Also introduced were Brenda Goins, 17, Miss Burk Burnett Rodeo Queen of 1970, and Jo Ann Masters, Junior Queen.

Miss Christy Eakin of Elceira, Miss Rodeo Texas, was honored at the luncheon. Christy will be the special guest at the upcoming Boomtown Rodeo performances.

Plans were also confirmed for the June 10 Rodeo Boosters Tour.

Among the special guests at the Chamber Luncheon was J. D. Abbott, 96-year-old

resident of Burk Burnett. Abbott was presented a gift by Chamber president Jerry McClure for being Burk's oldest citizen on the 64th birthday of the city, which occurred Monday.

During the luncheon meeting, a special plaque was awarded to C. E. Harris, district manager of Permian Oil Corporation, for his service to Burk Burnett.

## Rodeo Queen Contestants Introduced At Chamber Of Commerce Luncheon Monday

Contestants for the Queen Contest of the 26th annual Burk Burnett Boomtown U.S.A. Rodeo celebration, June 17-19, were introduced to the members of the Burk Burnett Chamber of Commerce Monday by Mrs. Elmer Klinkerman, chairman of the annual rodeo queen contest. The contestants are: Judy Klinkerman, 18, daughter of Mr. and Mrs. Elmer Klinkerman, sponsored by the Burk Burnett Bank;

Dena Masters, 13, daughter of Mr. and Mrs. Buddy Masters, sponsored by Frances Smith Quarter Horses.

Danita Roberts, 13, daughter of Mr. and Mrs. Norman Roberts, sponsored by Burk Burnett Bank.

Jan Klinkerman, 11, daughter of Mr. and Mrs. Elmer Klinkerman, sponsored by Preston Dairy Products.

Jacque Harris, 15, daughter of Mr. and Mrs. Ted Harris, sponsored by First National Bank.

Joy Klinkerman, 9, daughter of Mr. and Mrs. Elmer Klinkerman, sponsored by Bunge Corporation.

Felicia Masters, 10, daughter of Mr. and Mrs. Buddy Masters, sponsored by Dude Smith Ranch.

Janice Griffith, 7, daughter of Mr. and Mrs. John Griffith, sponsored by Franks Garage.

Tammie Holderness, 10,

daughter of Mr. and Mrs. Paul Holderness, sponsored by Alexander Service.

Ann Holderness, 11, also the daughter of Mr. and Mrs. Paul Holderness, sponsored by White Holderness, 12, another daughter of Mr. and Mrs. Paul Holderness, sponsored by Corner Drug Store.

Tracy Martin, 13, daughter of Mr. and Mrs. Floyd Martin, sponsored by the Famous Dept. Store.

The girls will compete in three separate age brackets. Seniors include ages 16-20; Juniors, 11-15; and Little Miss Rodeo, 6-10. A winner will be selected in each category, based on the following judging schedule.

Contest judging will be conducted in three divisions of all age groups.

The first division is appearance, which will count for 40%. The aim of this division is to select the girl who rates highest in: A) attractiveness; and B) grooming, including neatness and cleanliness in every detail and poise and lady-like behavior in any situation.

The second division, also counting 40%, will be personality. The aim here is to select the candidate who rates highest in: A) intelligence (good common sense); B) education; C) conversational ability in various areas; D) sense of humor; E) genuine interest

in other people and a noticeable consideration of others; F) friendliness; and G) unselfishness, integrity and character.

The final division of judging will be horsemanship, which will count 20% of the scoring. Judges will not consider the horse or equipment, but the contestant's understanding and skill. This division is made up of the following events: mounting, walk, trot and lope; dismounting and leading; and knowledge of horsemanship.

Last year's winners were Brenda Goins, senior, and Jo Ann Masters, junior, queen winners.

Judging in the queen contest will take place at 6:30 p.m. Tuesday at Bulldog Stadium.

## Lt. Col. Skur Returns Home

Lt. Col. A. I. Skur has returned from a one-year tour of duty with the Air Force in Makhom Phanom, Thailand. His wife, Kathy, formerly of Clay County, and four children Tony, Mike, Dan and Jennifer have resided in Burk Burnett for the past year.

Colonel Skur has been assigned to duty with the Duluth International Airport in Minnesota.

## Burk Police Investigate Three-Car Smash-Up

At 8:24 Tuesday evening, two units of the Burk Burnett Police Department began investigation of an accident involving three vehicles at 1205 Sheppard Drive.

Terry L. Moore of Rt. 2, Iowa Park was traveling south on U.S. 240 when he lost control of his 1970 Chevrolet and skidded off the pavement. The loss of control resulted from Moore's failure to adjust his speed to suit the ad-

verse weather conditions of June 8. The Moore vehicle skidded for twenty-five feet, striking a 1958 Ford Custom Pick-up owned by Irvin Goossens of 1205 Sheppard. The car glanced off the pick-up and came to rest beside a yard light in the front lawn of the Goossens residence.

The impact of the collision by the Chevrolet sent the Ford pick-up into the left side of a 1963 Cadillac, also owned by Goossens. Both Goossens-

vehicles were legally parked at the time of the accident.

Moore received minor lacerations on his right arm in the smash-up.

Other property damaged included two mail boxes belonging to Stanley Bajak of 1200 Sheppard and James Moore of 1202 Sheppard. An evergreen bush and a section of a brick fence, owned by the Goossens, were also damaged.

## Guidelines Of Life

Jun 10 - guidelines  
Richard Beaumont, Pastor  
St. Jude's Catholic Church

Probably most people would accept the statement that: "If our nation were Christian in fact as well as name, many things would be different." The real disagreement would revolve around the question, "How would it be different?"

Some would say we would have stricter laws more rigidly enforced. Others would say a truly Christian nation would have fewer laws than any other. Some would say we would never, or almost never, be at war; others would see our mission as forcing on others our ideals of democracy, peace, Christianity, etc., even if it means violence. Some would say that our government would make sure that the poor and the sick would never suffer needlessly; others would say that if we were truly Christian, we wouldn't leave the job to government.

All of these examples serve to point out that Christians don't always agree on what Christ would have us do. And who in his right mind would try to claim that he knows exactly what God wants at any given moment? But, that is not to say that we shouldn't be able to agree on some guidelines.

Christ put in first place love of God, and in second place, love of one's fellow man. When asked about the second, he told the story of the good Samaritan... a story that tells us all men are to be considered as "neighbor" and we are to love them, actively giving them our help when it's in our power. He also said we should love our enemies and do good to those who hate and persecute us. Truth was also a value that Christ taught, but love was put in first place: obedience to law a value, but not the primary value. So wars waged in the name of truth, or law, or order, whether waged across the back fence or across oceans, seem to be putting aside the primary value for a secondary value.

People who are completely intolerant of those who think or look or act different from themselves (even if they are warmongers they are intolerant of) are ignoring a primary value in Christ's value system in favor of a lesser value. The challenge to a life of love and forgiveness is so tightening at times that we tend to soothe our consciences with our enthusiasm for a lesser value.

## Local Boys Attend State Meeting In Austin

The thirty-first annual American Legion Boys State, sponsored by the Department of Texas and held on the campus of the University of Texas at Austin, got underway Saturday with the registration of 840 boys from all parts of Texas and two from Mexico. This announcement has come from B. B. Hester, Department Commander.

Among those registering from Burkburnett were Mark Lax, Bill Page and Steve Creemeens (Sheppard AFB), who were sponsored by the local American Legion Post.

Following the registration, each citizen of the Boys State was assigned to one of two political parties -- the Nationalist or Federalist. Each citizen thereafter has been functioning as a member of his party, attending its precinct, county and state conventions and voting in its primary.

In Boys State, the American Legion provides the type of program in which the young citizen has an opportunity to learn for himself that his government is just what he makes it. The boy "learns to

do by doing."

The program has taken on an added significance this year since the vote in federal elections is extended to 18-year-olds. Most Boys Staters are in the 16 to 17 age category.

The highlight of Boys State will be a trip to the Capitol tomorrow morning, when each elected Boys State Official will be given an opportunity to serve in his respective office for a day, followed by the Governor's Ball Friday evening.

Boys State enrollment this year brought the total to 15,779 junior high school boys who have attended since 1940, when Boys State was first inaugurated in Texas.

Shown above is American Legion Post 264 Commander Jack Alexander presenting a \$100.00 check to Scout Master Jay Milan. To the far left is Waldo Huddleston, assistant finance officer, and to the far right Scott Newton, acting chaplain.

NEW LION PRESIDENT--Clyde Conway turns gavel over to Dr. Bill Boardman, incoming president, as J. W. Hutchens, Deputy District Governor, looks on.

LION OF THE YEAR--President Conway presents Larry DiMarzio with the "Lion of the Year" award for 1970-71.

## Larry DiMarzio Named "Lion Of The Year"

In the regular weekly meeting of the Burkburnett Lions Club, Larry DiMarzio was awarded the title of "Lion of the Year." This title, bestowed upon him by the local members, is the highest local honor a Lion can receive.

DiMarzio served the club during the past year as 2nd vice-president and was installed at the Tuesday night meeting as 1st vice-president for the coming year.

J. W. Hutchens, Jr., Deputy District Governor from Nocoona, installed the new local officers for 1971-72 during the meeting. The new officers are Dr. Bill Boardman, president; DiMarzio, 1st vice-president; Carl Dixon, 2nd vice-president; Bob Carter,

3rd vice-president; John Parrish, Jr., secretary-treasurer; Gary Owen, assistant secretary-treasurer; Buck Bernard, Lion Tamer; Terry Cost, Tail Twister; A. G. Houser, Fred McPhil and Reavis Wooten, directors. Dan Schaffner and Jim Frye are hold-over directors.

The club expressed its appreciation to Lion sweetheart, Janet DiMarzio, by presenting her with a lovely pin.

The Lion membership reviewed and discussed the year's budget, and it was noted that the organization has donated over \$1200 to worthy causes this year. The Lions feel that the plans for 1971-72 are just as promising.

## Joel Graves Appointed By Church

Joel Graves has recently been named Minister of Youth and Music at the Burkburnett First Baptist Church. He was formerly minister of music and youth at Trinity Baptist Church in Westminster, Calif.

Graves was born in Mexia, Texas, and has spent most of his life in Texas. He received his music education degree from Oklahoma Baptist University, and served in six churches, including the First Baptist churches in Walters and Guthrie, Okla., prior to this Burkburnett appointment.

Graves' wife is the former Martha Belle Dyke, a native of Walters. They have three children: Kathy, 12; David, 8; and James, 4. They will reside at 313 Ellis.

## Local Legion Awards Check To Boy Scouts

Burkburnett American Legion Post #264 awarded Boy Scout Troop #154 a \$100.00 check Thursday night during their monthly meeting. The check, presented to Scout Master Jay Milan by Post Commander Jack Alexander, will be used to purchase new tents, tent pegs, stoves and cooking utensils for the troop.

Commander Alexander called attention to some of the Legion's up-coming events to be held during June and July. The Post will host Barracks Night on June 24. This night will be useful for the election of new officers and to stimulate

late interest from old members and recruit new members for the local Post.

On July 3, the Post will hold an old-fashioned Western Dance at the Legion Hall, and on Sunday, July 4, they will hold an old-time barbecue.

The Commander also stated that the American Legion Flag sale is still in progress and that, for any merchant who might not have been contacted, the Rodeo Decoration tags are still on sale.

## SPORTS SIDELIGHTS

by Robert Sturges

Looks like another set of Tuesday games were rained out, for the second time in a row, this time with the help of a little hail (which was the only baseball-sized action around that day). Fortunately, there were some important games played last Thursday and Friday which I'd like to highlight.

The most outstanding game was the 5-3 upset in the game pitting the First National Bank team against the Home Builders team. This was only the second defeat for the FNB during this season, but they certainly put up a superb fight against the onslaught of the members of the Home Builders team.

The opened slowly, with both teams failing to score in the first inning. Then, after retiring the First National batters, three up and three down, the Home Builders began their drive to victory. Bruce Brookman hit a slam into center field to bring his teammate Melvin Ante in for the first run. Brookman's hit was soon followed by a sacrifice by Carl West which paved the way for a David Nix score.

There wasn't much action after that until early in the fourth inning, when the First

Mrs. Jessie Jones has been moved from the Colonial Manor, Wichita Falls, where she lived for the past several months, to the Evergreen Nursing Home in this city.

Mrs. Lee Beckham had as her guest last week her brother-in-law and wife Mr. and Mrs. Robert Beckham of Buena Vista, Calif., and her sister Mrs. B. L. Wheelon and a niece and husband, Mr. and Mrs. Ed Halsey of League City, Tex. They all, with Mrs. Beckham, spent the week end in Oklahoma City with her brother and wife, Mr. and Mrs. H. A. Halsey, observing her birthday.

Mike Todd of San Diego, Calif., visited his grandmother, Mrs. Lee Beckham, in this city for a few days recently.

Mr. and Mrs. Raymond Holland and granddaughter Holly of Ft. Worth visited Mrs. Holland's mother, Mrs. A. R. Bunshine, here Saturday and Sunday of last week.

Mr. and Mrs. B. N. Cauthorn visited his brother and wife, Mr. and Mrs. Lee Cauthorn, in Edmond, Okla., last week. They also helped Mrs. Cauthorn's sister, Mrs. Lloyd Braden of Oklahoma City, celebrate her birthday, along with other sisters and relatives.

Mr. and Mrs. Paul Browning of Los Angeles who have been visiting relatives and friends in Burk for the past week, went to Dallas Saturday morning to visit the Rev. and Mrs. T. H. Minga.

Mr. and Mrs. Milton Sauls and family of Rayne, La., are spending the week here visiting his mother, Mrs. Ina Sauls, and other relatives.

Mr. and Mrs. C. R. (Dick) Chambers attended a reunion of the "Gist" family Sunday, held in the auditorium at Fair Park in Childress. Approximately 75 members were in attendance.

Mr. and Mrs. Chambers also spent a week recently visiting his uncle and aunt, Dr. and Mrs. J. W. Boger, in Sedalia, Mo., and the high points in the Ozarks.

Mrs. D. H. Gregory and son Carroll of Wichita Falls visited Mrs. Bertha Johnson Tuesday. The Gregory's are former long-time residents of this city.

Recent visitors in the home of Mrs. F. E. Scruggs were her daughter and husband, Opa and Cecil Wheeler and their daughter Lynett, and her friend Allen Hageman, all of Amarillo.

Mr. and Mrs. Fred Moreman and daughter, Mrs. Frank Robtins and her two sons of Hereford, Tex., visited Mrs. C. A. Moreman last week. Mr. Moreman is a brother of the late Charlie Moreman.

Mrs. Russell Hall of Oklahoma City visited her sister, Mrs. G. C. Henson, here recently.

Bennie L. McDonald arrived here in Burk last week for a few days' visit with relatives and to accompany his wife, Gracie Bell, and son, Neal, back to their home in Macon, Ga.

Mrs. Floyd Thompson of this city returned home Thursday from a three-week's visit with her niece, Mrs. Nancy (Holt) Kabriel in Tulsa. Mrs. Kabriel accompanied her home.

Mr. and Mrs. Guy Jack Brown left the latter part of the week for a visit with relatives in Mobile, Ala. They also planned to tour some of the Southern States while on their vacation.

Mr. and Mrs. Ira Hullum of Wynnewood, Okla., visited in the Wylie Browning home last week. The Hullums are former residents of Burk.

Mr. and Mrs. Nelson Boyle had as their visitors Sunday, celebrating their 35th wedding anniversary, their children: Mr. and Mrs. James Mathis and children from Oklahoma City; Mr. and Mrs. Leslie Boyle from Waco; Mr. and Mrs. DeWayne McKinnis and Mrs. A. A. McKinnis of this city; and Nelson Boyle's mother, Mrs. G. E. Boyle from Graham.

A. H. Bazell left last week

for Mobile, Ala., to visit his sister and other relatives.

Mr. and Mrs. Eugene Gibson of LaFayette, La., visited in the home of his sister, Mr. and Mrs. Ivan J. Frields, last week.

Mr. and Mrs. Ray Conyers of Roswell, N.M., visited his sister and husband, Mr. and Mrs. Russell Lewis, here over the weekend. They were en route to Mt. Pleasant, Ark., to make their home.

Paul Frields, who had surgery in Wichita General Hospital last week, is progressing satisfactorily.

Dale Lewis is spending several days in Baton Rouge, La., attending the National Bank Institute.

Mrs. W. E. Coins enjoyed a visit with her cousins, Mr. and Mrs. Gifford Harper and daughter from California, and Mrs. Bettie Harper of Ringling, Okla., Sunday.

Mr. and Mrs. Arthur Houser attended the graduation exercises of her grandson, Tommy D. Warren in Odessa Wednesday of last week.

Mr. and Mrs. Ray Mills recently made a tour through Okla., Ark. and Missouri, which they thoroughly enjoyed. They saw some beautiful scenery.

Mrs. Clarence (Margaret) Turner Heiserman of Decatur, Ala., and sister Mrs. Christine (Turner) Clark of Wichita Falls visited relatives and friends in Burk last week. They called on their sister-in-law, Mrs. Gene (Dorothy) Turner, who has now returned home after being confined in Wichita Falls General Hospital recovering from a painful accident -- falling from a horse and being kicked in the forehead, which resulted in a concussion.

Mrs. Frank Wolfe attended the commencement exercises of her granddaughter, Mrs. Karen Fowler Arnold, in Plainview, Tex., Thursday night. Karen is the daughter of Mrs. Anita Fowler Barger of Plainview.

John Page, owner of Western Auto Associated Store in Burk, suffered a severe heart attack last week while attending the Methodist Annual Conference in Dallas. He is in serious condition in the Intensive Care Unit of Parkland Hospital there.

Mr. and Mrs. Paul Browning of Los Angeles, Calif., are visiting his brothers Bob, Blake and Wylie, and families and friends in this city. The four brothers owned and operated Burk Burnett Motors for many years.

T. C. Hampton, an instructor at SAFF, attended funeral services for his mother, Mrs. C. B. Hampton, in Marietta, Tex., last Thursday. Mrs. Hampton had been ill for a long period of time.

Mr. and Mrs. Bill Bundy and daughter Linda arrived Monday for a few days' visit with her parents, Mr. and Mrs. Chas. W. Boyd, Sr.

Members of the United Methodist Church are very proud and happy over the gift of a Stair-Glide, which was recently installed in the east stairwell of the church. It is a gift from the Charles Arthington family in memory of their son, Marvin S. Arthington, who was killed in an air accident in Viet Nam, and in honor of Sp/4 Wm. B. Arthington.

The primary purpose of the new device is to supply means of entry to the sanctuary from the ground floor for those who

may be suffering from heart ailments or who for any other reason cannot climb stairs. It is proving very practical and is quite frequently used.

The Arthingtons, who live at 1019 Frances Dr. in Burk, have been residents here for several years. Arthington is an instructor at SAFF, and Mrs. Arthington was formerly on the staff of the Burk Burnett Clinic. Mrs. Susan Arthington, wife of the late Marvin Arthington, and little daughter Andrea live in College Station.

Al and Sylvia Lohoefer attended a two-day State Conference in Dallas last week. They also visited Al's sister, Mrs. Bertha Cropper, and relatives in Fort Worth, then drove to Abilene to attend the high school graduation exercises of their youngest granddaughter, Jan White. ## Patricia Gail Whittington Weds Ronald Glen Hargis

Miss Patricia Gail Whittington became the bride of Ronald Glen Hargis Saturday afternoon in the First Baptist Church of Frederick, Okla., with the pastor, the Rev. Tom Muskrat, officiating.

Parents of the couple are Mr. and Mrs. Kenneth Whittington and Mr. and Mrs. Glen Hargis, all of Grandfield.

Given in marriage by her father, the bride wore a gown of white lace over satin with Victorian lace at the neckline. A chapel train, designed with lace and seed pearls, extended from the A-line skirt.

Her chapel veil was held by a floral headband, and her bridal bouquet was composed of daisies, miniature carnations, baby's breath and stephanotis.

Miss Karen Whittington was maid of honor for her sister. Bridesmaids were Miss Ann Colyer and Mrs. Craig Bolton.

They were matching Empire gowns of yellow moire and matching headpieces with daisy trim. They carried Shasta daisies.

Kim Whittington, the bride's sister, and Cindy Whittington were candlelighters; Kirk Britte was the ring bearer, and Lori Ricketts served as flower girl.

The ceremony was followed by a reception in Fellowship Hall, hosted by the bride's parents.

The couple are now on a wedding trip to Dallas, and will return to live in Edmond, Okla., where Hargis is a junior at Central State College.

E. L. (Smokey) Wright left Monday for McKinney, Tex., where he was admitted to the Veterans Hospital.

### Charity Livestock Auction To Be Held

Donations to the 3rd annual Crippled Children's Livestock Auction are reported to have been slow, but the drought of North Texas and Southern Oklahoma is the culprit, according to Carter McGregor, Jr., general chairman for the auction in Wichita County.

The drought, and the fact that the auction date has been moved up to June 16 (Wednesday) from the normal August date have combined to cause committeemen to worry about the auction's success.

The first auction in 1969 raised \$18,000 and last year's sale totaled more than \$25,000 for the operation of the North Texas Rehabilitation Center in Wichita Falls. Dick Harris, member of the Center's Board of Directors, recently told county committeemen that the 1970 auction provided the Center with more than one-quarter of its operating expenses.

The Rehabilitation Center provides therapy for children and adults suffering from birth defects, crippling diseases,

accidents, strokes, etc. "Some patients can pay; most cannot, and 80 per cent of the Center's operating budget comes from outside sources," said McGregor. The center helps the handicapped living within a 75-mile radius of Wichita Falls, in both Texas and Oklahoma. There are many who come even greater distances for therapy and to use the facilities in Wichita Falls.

McGregor said that donations of either livestock or cash are desperately needed for the continued operation of the Center. Donors are urged to contact county chairman or the Rehabilitation Center directly.

McGregor indicated that free trucking can be arranged if requested.

Those who have reported donations to the Center before June 7 are: Preston Dairy Products, Dr. W. E. Crump, Central Manufacturing Co., F & M Cattle Company, Fred Stephens, Williams Farm and Ranch, Staley Oil Company and Raymond Fuller.

### DATES AND NUTS THE DYNAMIC DUO

Dates and nuts just seem to go together! Homemakers frequently mate their complementary and individually delicious flavors and textures in date-nut bread, fruitcakes, cookies and other pastries.

The importers of Bordo pitted and diced dates offer the following suggestion for a new date-nut treat: mix together 1/2 cup honey, 1/2 cup toasted almonds, 1/2 cup chopped walnuts and 2 tablespoons grated orange rind. Stuff one pound of Bordo imported pitted dates with the nut mixture, then roll the stuffed dates in sugar. This confection can be stored in a covered container and kept fresh in the refrigerator for weeks.

## Your Texas Ancestors

by DAMON VEACH

Augustus J. Cooper was born in Paris, Texas (Lamar Co.) in 1849. His father was Richard Marshall Cooper, born in South Carolina. The elder Cooper was a brick mason and died in 1853. His wife later married a J. J. Sims and moved to Pilot Point (Denton Co.).

A. J. Cooper moved to Indian Territory, where he ranched until 1897, when he moved to Matador (Motley Co.). He married Amie Emberson in 1874. She was born in Grayson Co., the daughter of E. J. Emberson who came from Tennessee.

Howard V. Hamilton, Box 2334, Lubbock, Texas, 79408, would like to correspond with any researchers interested in the Cooper and Emberson families.

Mrs. Eugene B. Davis, 4907 Woodrow Ave., Austin, Texas, 78756, is searching for descendants of Joseph and Susy D. Turner, who were on the 1880 census of DeKalb Co., Tennessee. Hubert and Kinney were two of their children. They moved from Tennessee to Texas, settling in the Dallas-Fort Worth area.

Mrs. Davis is also interested in several other families, including any Ennis connections in Pope Co., Ark., from 1840 through 1880 and in Newton Co., Ark. from 1860 through 1880; Simon R. and Calvin R. Maddox, from Ark. to Comanche Co.; and the Ennis families of Palo Pinto and Brown Counties in 1880. Her O'Daniel family came from Arkansas via Oklahoma to Texas.

Mrs. Jess Willard Freeman, Star Route, Box 15A, Arnett, Oklahoma, 73832, would like to contact descendants of W. Franklin White, born in Georgia, married Mary A. Forrister, Feb. 9, 1859. He was born March 21, 1839, probably in Dogwood, Ga. They moved to Hill Co., Tex., where he served as a Baptist minister around Peoria. There were 10 children born of his marriage, and three of his sons were Willie, Arom and Joseph Early Lee. Many descendants still live in Hill Co. today.

Jo Stem, 1320 Rose Dr.,

Stephenville, Texas, 76401, needs info on Perry A. Thakefield, born probably in Miss. or S.C. He came to Texas in 1901 and settled near Cleburne (Johnson Co.). At one time he owned the land where the Dallas Fair Grounds are located. Data is also needed on Mose Hurley (1854), J. T. Starr, and Jesse Stem (1851). Stem was an Indian agent.

Mrs. Vernon Gracey, Box 306, Graham, Texas, 76046, would like to learn more about Elijah Stith Cusenbary and his wife, Mary Catherine Hopper, who came to Texas in 1876, bringing two orphans with them. One of the orphans, Jennie Ferguson, married W. H. Fitchett. Some of the Fitchett family resided in Archer Co. All correspondence on these family lines would be appreciated.

Queries are printed in this column free of charge, but they must have a Texas connection or be submitted by a Texas resident working on lines in other states. Address: Damon Veach, P. O. Drawer 6367, Seminary Hill Station, Fort Worth, Texas, 76115.

### Swimming Pool Tips

The National Safety Council estimates that 270 persons drowned in home swimming pools last year. Home swimming pool owners this year are urged to keep these precautions in mind:

Keep the pool under constant surveillance when in use. Have a well anchored cover over the pool when it is not in use.

Do not permit children to swim in the pool without adult supervision.

Have a fence with a self-latching lock around the pool.

Have a rescue device, such as a long pole, and a well-equipped first aid kit at the poolside. Learn how to use them and to apply artificial respiration.

Prohibit running or roughhousing of any sort around the pool area.

Electricity and water don't mix. Keep all electrical equipment away from the pool side.

Also, never swim after drinking alcoholic beverages.

### Farm Fencing Costs Can Be Reduced

The annual cost of farm fencing can be reduced by advanced planning of exact location, type and quality of wire to use, size and spacing of long-lasting posts, proper stretching and attachment. Good fencing is safe for

livestock, requires a minimum of maintenance and improves the appearance of our farmland, says W. S. Allen, Extension agricultural engineer.

A good land use plan will help determine where permanent fences should be placed. Unneeded fences can be eliminated, reducing maintenance cost and improving land efficiency.

The site of the proposed

fence should be cleared of all brush. Some grading or rough areas makes fencing easier, Allen said.

Measuring the fence line and spotting locations for the brace units will help determine the correct number of brace posts and assembly units. The number of brace units should be adequate but not excessive, since they are the most costly unit in a fence. Single and double brace un-

its should be used according to the distance between braces. Single units are suitable up to 10 rods, and double units are to be used up to 40 rods.

Brace posts should be eight feet long and have a top diameter of five to six inches. They should be set three and a half feet in the ground. A four-inch round horizontal brace, eight feet long, is suggested. A double strand of

number nine wire for the diagonal brace, will give adequate strength, Allen said.

Line posts, in fences with adequate brace units, can be three to four inches at the top diameter and seven feet long. They should be set two to two and a half feet in the ground and spaced 12 to 14 feet apart for woven or barbed wire fences.

Posts treated with a wood preservative should last more

than 30 years, Allen noted, so wire quality should be selected with this life expectancy in mind.

For sheep and cattle, Allen recommends a combination woven and barbed wire fence. A 32-inch woven wire with two stands of barbed wire will give an economical four-foot high fence. A four-strand barbed wire fence is adequate for cattle.

A medium to heavy woven

wire properly stretched will maintain its tightness for years. Most barbed wire is 12 1/2 gauge with four or five points. Wire should be placed on the pasture side of the posts, Allen noted. However, when stretched around a curve, the wire should always be on the outside of the curve.

Best results will be obtained if the wire is cut wrapped around the post and spli-

ced to itself at each brace unit. If this is done, the staples at the line posts should be driven firm to the wire, but not too tight. The wire should be able to slide under the staple to allow for contraction or evening of tension should an animal run into it.

Staples with grooved shanks are recommended for treated posts, Allen said. Otherwise, one and a half inch "u" staples should be used.

### Farm News From USDA Conservation Service

**GRAZING & HAYING OF SET-ASIDE:** The termination date for seasonal haying and grazing on set-aside has been extended to November 1, 1971. This means you can graze or hay your dryland d hay your dryland set-aside for free this year. Grazing or haying on irrigated set-aside will be approved for a small fee.

**WIND EROSION CONTROL:** Additional funds have been received for chiseling land subject to wind erosion. This is an Emergency Conservation measure and is not related to regular REAP cost-sharing. The \$250,000 limitation has been removed. If you signed up earlier and need more acres - please come by the office in Iowa Park.

The committee is concerned about accurate reports of completion of the acres chiseled. When you finish the tillage practice you must report completion and certify compliance. This practice will be spotchecked and if you materially overstate the extent performed, it will be considered as a program violation. Please make an effort to report exact acreages plowed just as if you were reporting acres of a crop.

**COTTON:** In Wichita County, June 25 is the final planting date for cotton. This means you must make an effort to plant cotton up to June 25. If weather conditions prevent planting or cause destruction, you can receive credit and payment only if you complete the necessary forms in the county office.

**1971 WHEAT LOAN RATE:** The basic county loan rate for wheat grading No. 1 is \$1.30, plus or minus applicable premiums, discounts and storage. We will be happy to discuss warehouse or farm stored loans at anytime.

There is a need to look back occasionally to get our bearings for the future. Past experiences often guide future action. What has proved good and profitable in the past will often prove to be the same in the days ahead. Serving God and our country through our churches and through civil and community service has always elevated us as a people and contributed to our image as a free and just country. We will not go wrong in adhering to these practices.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

# We Salute SHEPPARD AIR FORCE BASE

**UP, UP & AWAY**  
Eddie Laxson

Sunday Oklahoma City paper revealed, in a follow-up story, a light airplane had been found. The previous issue told that a plane was missing and had been reported to the CAA by the pilot's wife.

Pilots were alerted to make special effort to spot the plane. Telegrams and other media broadcast the news to many airports within a short flying distance.

The plane was spotted a little ways southeast of Tinker Field, and the pilot must have tried to make an emergency landing on a landing strip that was in the process of being built, according to Sunday's paper. Both the pilot and his passenger were taken to a hospital and reported to be in critical condition.

In the first story, the wife told officials her husband was a careful pilot. He was particular in checking his plane before each flight. He planned to take a short sightseeing flight over and around Oklahoma City, and, according to Sunday's story, he had five gallons of gasoline aboard when he took off. As many times as I have said I would never again take off with tanks partially full if gas could be had before take off, it seems I would have learned long before I did.

If he had five gallons on take off, then that was not the contributing cause for the accident, as the accident occurred soon after take off, if the distance from his base means anything.

It would be most interesting to chat with the man who built the plane and learn the particulars. There is a possibility I can contact him and give readers an insight to particulars. Odds are against mechanical trouble causing the mishap. The odds are about 95 to 5 that the pilot forgot to do something he should have done, or that he did something he should not have done. If I can possibly get the details I'll be letting you know.

Sometime back, in about 1950, I was the only aircraft and engine mechanic close to a group of CAA investigators who were trying to piece a Beech Bonanza back together in order to get some clues that might shed a ray of light on what caused the plane to

go down and kill the pilot. I was called in to identify some of the parts and give the investigators an idea of about where they would be located on a Beech. This took place at the terminal building of Will Rogers airport in Oklahoma City. The plane was in such a mess that it appeared next to impossible to make heads or tails from the parts that had been gathered up in the Texas Panhandle some two or three weeks after the plane went down. It landed in a small canyon only a short distance from a prominent highway, but was not found for several weeks.

At that time, reports were numerous that that model Beech had weak components in the wing structure and the planes were cracking up due to flying into turbulent air.

It was reported that the pilot had flown and was flying in stormy weather conditions, and investigators were trying to get the wings back into shape to see if such reported weakness caused the fatal accident. I believe the final decision was that bad weather was the cause of the accident. I will always believe they must have guessed.

**SAFB Wins National Award For Safety**

SHEPPARD AFB, TEXAS--Sheppard joins Air Training Command, three other centers and four undergraduate pilot training bases as a winner of the National Safety Council Award of Honor.

Requirements for the award are a minimum achievement of 10% reduction in the composite ground accident rate in a calendar year, as compared to the average of the previous two years.

Other ATC centers joining Sheppard in meeting the award's requirements were Chanute AFB, Ill., Keesler AFB, Miss., and Lackland AFB, Tex.

SHEPPARD AFB, TEXAS--COMPLETES 30 YEARS--Winford L. Ainsworth receives a certificate and pin for his 30 years of federal service during ceremonies at Sheppard Air Force Base. Maj. Gen Jerry D. Page, commander of Sheppard Technical Training Center, makes the presentation as Mrs. Ainsworth looks on. Ainsworth is in the medical food service division at the U. S. Air Force Regional Hospital.

## Civilians Are Honored With Awards Wed.

SHEPPARD AFB, TEXAS--Three civilian employees at Sheppard Air Force Base were honored last Wednesday morning with Length-of-Service awards.

Length-of-Service certificates and pins were presented to Frederick C. Vollmer for 40 years of government service, and to Winford L. Ainsworth and Arthur D. McNaughton for 30 years of service. The awards were presented by Maj. Gen. Jerry D. Page, commander of Sheppard Technical Training Center, in ceremonies at his office.

Vollmer, a laundry equipment repair work leader at the base laundry, has served 25 years in military service and 15 years in civil service.

His military service began in 1929 with the Horse Artillery at Ft. Sam Houston, Tex. Since his six years there, he has served with mobile artillery; in combat in the European Theater during World War II with the Ninth Army, and with the Air Force following

the war.

Later assignments included Sheppard in 1945, Gieger AFB, Wash., Francis E. Warren AFB, Wyo., Sheppard again, Bolling AFB, D. C., and Lowry AFB, Colo., all as an automotive maintenance supervisor. He also spent two years at Ladd AFB, Alaska as a wing air inspector.

He retired as a master sergeant in March 1954 from his assignment at Lowry, and in 1956 came to work at Sheppard. He has served at his present job for 13 years.

Vollmer and his wife, Ruby, live at 1210 Glendora Drive in Wichita Falls.

Ainsworth works with the U. S. Air Force Regional Hospital at Sheppard in the medical food service division.

While serving 20 years of military service he served mostly as a diet supervisor.

During World War II, he served in the Army infantry, and after entering the Air Force served three years in Hawaii, four years in Germany, two in Africa and seven years at Sheppard. He also served a short time at Keesler AFB, Miss. He retired from the Air Force in August 1961.

Ainsworth and his wife Loretta live at 4652 Cypress in Wichita Falls. They have one daughter, Mrs. Darlene Vinzant, of Raleigh, Miss., and one granddaughter.

McNaughton is an instructor in the reciprocating aircraft branch of 3750th Technical School's Department of Aircraft Maintenance Training.

A veteran of 20 years military service, he retired as a master sergeant in July 1960. Entering service in 1939 at Barksdale AFB, La., he had other assignments at MacDill AFB, Fla.; during World War II in North Africa, Sicily, Italy, Egypt, India and Burma; back to MacDill in 1945; to Germany; Sheppard, Reese AFB, Tex.; and Laughlin AFB, Tex.

He came to Sheppard in 1961 for his job with the Department of Aircraft Maintenance Training.

McNaughton and his wife Louise have two children, Robert, 20, a student at Midwestern University; and Linda, 16, a junior student at Rider High School. They live at 4652 Sierra Madre in Wichita Falls.

**Medals Are Awarded In Ceremonies**

SHEPPARD AFB, TEXAS--A Bronze Star Medal with "V" Device, 19 Oak Leaf Clusters (OLCs) to the Air Medal and two Air Force Commendation Medals were presented at Sheppard Air Force Base Friday in three separate ceremonies.

Sgt. Earl S. Wright of Detachment 15, Aerospace Rescue and Recovery Squadron, received the Bronze Star Medal and the Air Medal First and Second OLC. They were presented by Lt. Col. Charles R. Kay, squadron commander.

Air Medal clusters and an Air Force Commendation Medal went to four men assigned to the deputy commander for Operations (German Air Force), 3630th Flying Training Wing, Col. Elmer K. Follis, DCOG, made the presentations.

Maj. Rex E. Sandifer received the First through Fifth OLC to the Air Medal. The first was for meritorious achievement while participating in aerial flight as an F-4D aircraft commander near Dak Seang and Dak Pek Special Forces Camps, Republic of Vietnam, from April 4, 1970, to May 2, 1970. He led six strike missions in direct support of the besieged camps. "His aggressive leadership, unerring bombing, and disregard for personal safety in the face of extremely heavy automatic weapons fire, made a significant contribution to the successful defense of the two camps."

The other four OLCs were awarded to Major Sandifer for meritorious achievement in aerial flight from March 11, 1970 to Dec. 18, 1970.

Captain Cantwell earned the Second OLC to the Air Medal for meritorious achievement while participating in aerial flight as an F-4D aircraft commander at Udorn Royal Thai Air Force Base, Thailand, on Dec. 21, 1970.

He served as forward air controller directing fighter strikes against a heavily defended line of communication in Southeast Asia. Despite intense and accurate anti-aircraft artillery fire, marginal weather and treacherous terrain, Captain Cantwell assured the closing of that line of communication and subsequently directed strikes against three hostile anti-aircraft artillery positions, which resulted in their destruction.

He received the Third through 11th OLC to the medal for meritorious achievement in aerial flight from June 8,

SHEPPARD AFB, TEXAS--AT NCO WIVES MEETING--Mrs. Blanche Berman, center, mother of Col. S. D. Berman, poses with flowers she received at the Noncommissioned Officers Wives Club meeting recently. Shown with her are Mrs. Paul Gitman, speaker for the day, left; Mrs. S. D. Berman, club advisor; and Mesdames Jack Shook and Harold Shelburn, hostesses, at right.

1970 to March 12, 1971. During that period he exhibited outstanding airmanship and courage in the successful accomplishment of important missions under extremely hazardous conditions.

First Lieutenant William L. Gechter was awarded the First and Second OLCs to the Air Medal for meritorious achievement while participating in aerial flight from Sept. 3, 1970 to Feb. 13, 1971.

Sgt. Robert A. Risk was awarded the Air Force Commendation Medal for meritorious service as wing illustrator, Operations Plans Division, Deputy Commander for Operations, 95th Strategic Wing, Goose AB, Canada, from April 21, 1969 to April 21, 1971.

TSGT. Thaddeus B. Hubbard of the Fighter Aircraft Branch of the Department of Aircraft Maintenance Training received the Air Force Commendation Medal for meritorious service as a flight chief, 333rd Tactical Fighter Squadron, Takhli Royal Thai Air Force Base, Thailand, from Aug. 31, 1969, to June 18, 1970. The decoration was presented in ceremonies conducted by CMSgt. Robert W. Hrabovsky, branch chief.

## Make your air conditioning work better, cost less.

Here are six tips that will help you get the most comfort from your air conditioning at the lowest possible cost.

### Set the thermostat properly:

Set the thermostat no lower than necessary for your personal comfort. Most air conditioning specialists recommend a thermostat setting of 76° to 78°. Remember, the lower the setting, the more electricity the unit uses.

### Inspect filters often:

Clogged filters make the unit work harder and use more electricity. Replacement of disposable filters--or cleaning of permanent

types--will help keep the system running more efficiently.

### Have regular maintenance checks:

Have the unit checked at least once a year by a qualified air conditioning serviceman. Do this in the spring, prior to your need for cooling. It pays!

### Trim shrubbery:

The outdoor unit needs free air circulation. Help it maintain full efficiency and keep operating costs down by trimming nearby shrubbery and by check-

### Insulate:

Proper insulation keeps the hot air out, the cool air in. It reduces the cost of winter heating too. Ceiling insulation is particularly important.

ing to make sure compressor coils are clean.

### Keep sunlight out:

Direct sunlight increases the heat in your home.

Reduce the air conditioning unit's load by using awnings, blinds, shades or draw drapes.

## NCO Wives Plan Meetings For Summer

SHEPPARD AFB, TEXAS--The Noncommissioned Officers Wives Club will have only two meetings a month during the summer, according to plans announced at the business meeting last Thursday morning.

The meeting was held in the Colonial Room of the NCO Club at Sheppard.

The second meeting in June will be brunch next Thursday from 10 a.m. to 12 noon at the NCO Club. Reservations for the brunch are to be made by noon on Wednesday with Mrs. Lawrence Trauter at 723-4644.

A family picnic is planned for July. New member at large is Mrs. Ann Mambretti. Hostesses for the business meeting were Mmes. Harold Hildebrand and William P. Doley.

Roor prize winners were Mmes. Jimmy Lewis, Allen Moore, L. W. Jennings, J. C. Lester and F. C. Oakes.

**ESSAYS**

The following essays are the prize-winning entries in the American Legion Auxiliary Essay Contest for junior high school students.

All entries were entitled "What My Flag Means To Me."

**6TH GRADE: FIRST PRIZE**

By Steve Hamilton  
The American flag, to me, stands for the justice and freedom of America. It stands for the Pilgrims coming to America from England, and the colonies fighting Britain,

the most powerful nation in the world then, and dying so that years from then our nation could be free! The American flag is the most beautiful flag in the world. Other nations may be proud of their flag, but ours stands for the fairest, strongest, and cleanest nation of all, America!

**6TH GRADE: SECOND PRIZE**

By Wanda Turner  
Our flag means that we have peace and can worship as we please.  
We started out with 13 origi-

nal colonies and grew till we now have 50 states.

Our flag means that people died so we could have our independence.

Our flag means freedom, not freedom to kill but freedom so we could elect a representative to help make our laws that we should live by.

Our flag means that nobody of another country rules over us.

Our flag means that somebody cares.

Our flag means that we are one nation.

Our flag means love.

**6TH GRADE: THIRD PRIZE**

By Rondal Lindsey

Our flag means many things. First of all the most important thing it means, is its a symbol of our great free country. When I see our flag I think of the many wars our country has been in and the war it is in now in Vietnam. It makes me think of all the struggles of our country to get where it is today. It makes me think of men going to the moon and other planets in the future. It makes me think of Betsy Ross the flags

creator. Also it makes me thing of God and all the wonderful things he has done for our country. It make me thing of our freedom. We have a right to go to any church we won't to. It makes me think of all the killed and wounded men who have fought for our country. The flag flies over our school and other buildings. The flag means so many things to me.

There are some people who

burn draft cards, stage demonstrations against our government and have as much loyalty to our flag as Benedict Arnold had to his country. But I myself am very proud of our flag and everything it stands for.

The flag means to me the responsibility that I have to my country. If when I become of age my country calls upon me, I will gladly answer. Whether it is to fight in the jungles or fly a rocket to the moon. Another responsibility is to learn and better myself so that I can help build my country into a bigger, stron-

ger nation. That, is what the flag means to me!

The American flag means freedom for all people in America native or not. It means hard-won independence, independence gained only by numerous wars and conflicts with other countries that sought to keep freedom just beyond our ever-reaching grasp.

Our flag is a symbol of strength, unity and defiance.

It stands for a mighty, powerful nation that will stand forever and ever.

The red stripes in our flag stand for bravery and courage; the white stripes for purity and the blue field for loyalty. These colors are significant of the feelings that a true American feels, regardless of color race, or creed.

thought. It means freedom -- knowing that you can write and speak freely. It represents a country that people all over the world look upon as the land of promise and hope. It shows that we believe in our country and what it stands for. As it waves proudly in the breeze it seems to proclaim to all who see it, that we live in the greatest, freest nation under the sun.

A flag can give us the courage to fight and even die for what it stands for.

Our flag also stands for brotherhood -- working together for our country. We can't do our best for this

country unless we all make a great effort together.

Most of all the flag means Freedom to me. Freedom of speech, freedom of worship and the freedom to live my life as I want to as long as I respect the laws. The flag is a symbol of protection of these freedoms for all people who love the country for which it stands. Memories are found in the flag when I see it flying. Memories of brave men who struggled and died to make

this country a better place to live and to protect our freedoms. The flag means unity to me. Unity of families, unity of people and unity of states. The stars in the flag reminds me of this unity of people who love their country.

The flag means respect. Respect for me, my parent, my country and its leaders and all people. The flag means I should respect my country and my country should respect me. I see in the flag rights guaranteed by the Constitution. The right to vote for whom I please and to vote to change those things that I do not agree with. The flag

means opportunity. The opportunity for all people to get an education and be what they want to. The flag is my hopes, dreams and opportunity.

8TH GRADE: SECOND PLACE

My main feeling towards our flag is this: that all of the states of our union are united, and have something to fight for, love, and cherish, during hardships and peacetime. In the early days of our country, the thirteen original colonies fought under our flag for their's and our freedom, so that we could live and love it

today. As the years passed by, Americans again went to war with England, in the year 1812, for the same reason -- love for freedom and for the flag. Then came the Texans who fought for freedom from Mexico. And because of love for their country, many Americans can and fought by their sides for one thing -- freedom. Such love for freedom caused Texans to want to become a state, and did. And then came disaster. The country split apart and a bloody war followed. But the flag finally flew over the whole country again.

The feeling of freedom quickly spread until we now have a total of fifty states, all of which are represented on the United States Flag, our flag. I love and cherish this flag as many before me did. Those people before me also fought and died for the flag and for America, as I would do if called upon to do so.

All of this adds up to one thing: an extreme love for the United States of America and for the flag -- Our Flag.

8TH GRADE: THIRD PLACE

When I think of the flag so

many things come to mind. The wars for independence, and freedom. The Boston Tea Party, The battle at Bunker Hill. Little battles which have a meaning all their own. The individual liberties which our flag gives us.

It's not the flag that gives us all this liberty and freedom. It's the meaning behind the flag. All the blood, sweat, and tears. Which many men of all races and ages fighting together as one has achieved. But what's happening now. What do you think. What does our flag mean to you?

## COUNTY AGENT NEWS

Agent

ike on a general yellowing appearance. Early spring and ill applications of a balanced fertilizer plus ammonium nitrate or ammonium sulfate applications at four to six week intervals during the growing season should correct nitrogen deficiencies.

The Fifth Annual Goat Field Day will be held Tuesday, June 15, at Texas A&M's Agricultural Research Station near Sonora. Starting time is 8 a.m. and it will be over by mid-afternoon. All persons interested in goat production have a special invitation to attend.

The annual cost of farm fencing can be reduced by advanced planning of exact location, type and quality of wire to use, size and spacing of long-lasting posts, proper stretching and attachment. Good fencing is safe for livestock, requires a minimum of maintenance and improves the appearance of our farmland.

A good land use plan will help determine where permanent fences should be placed. Un-needed fences can be eliminated, reducing maintenance cost and improving land efficiency.

The site of the proposed fence should be cleared of all brush. Some grading of rough areas makes fencing easier. Measuring the fence line and spotting locations for the fence units will help determine where permanent fences should be placed.

The Texas Animal Health Commission has extended the restrictions on the movement of swine in Texas from its May 28 expiration date. The restriction will remain in effect until further notice. It is part of the final drive to stamp out hog cholera in the state by the December 1972 target date.

A deficiency of nitrogen can cause the grass in a lawn to

mine the correct number of brace posts and assembly units. The number of brace posts should be adequate but not excessive, since they are the most costly unit in a fence.

A medium to heavy woven wire properly stretched will maintain its tightness for years. Most barbed wire is 12 1/2 gauge with four or five points. Wire should be placed on the pasture side of the posts. However, when stretched around a curve, the wire should always be on the outside of the curve.

Best results will be obtained if the wire is cut wrapped around the post and pliced to itself at each brace unit. If this is done, the staples at the line posts should be driven firm to the wire, but not too tightly. The wire should be able to slide under the staple to allow for contraction or evening of tension should an animal run into it.

Spraying equipment will probably soon be one of the most used pieces of equipment on the farm. And precise calibration of the sprayer, making sure it is putting out the right amount of spray material, is essential to effective use of agricultural chemicals.

The sprayer should be calibrated each time it is used. The application rate of any sprayer can be affected by vibration, pump wear, corrosion, partial clogging of nozzles and strainers and by changes in field conditions.

Application rates also depend upon the size and spacing of nozzles, forward speed, sprayer pressure and to a lesser degree, the solution in the tank. Calibration should start with the cleaning of all nozzles and strainers and by making sure all nozzles are discharging at the same rate. This is easily done by placing a jar under each nozzle tip while the sprayer is stationary. With clean water in the tank and with normal pressure, catch the discharge from each tip. Check the water level in each jar and replace the nozzles not working satisfactorily.

Attending the Members Appreciation Day breakfast of the Wichita County Farm Bureau, held June 4 at Underwood's Cafeteria were the above leaders of the local county FB, which is the district sales manager for District 6, which includes Wichita County. They are (left to right): Don Read, Graham, District 6 sales manager; Dennis Mitchell, Iowa Park, special agent for the county Farm Bureau; Loys D. Barbour, Iowa Park, former District Director of the Texas Farm Bureau; Raymond Schreeder, Burkburnett, president of the county FB; Mrs. Ruth Gard, Iowa Park, county FB office secretary; and Carl Barnhill, Iowa Park, Wichita County FB agency manager.

## County Farm Bureau Sets New Goal High

Leaders of the Wichita County Farm Bureau resolved recently to set a new record for involvement of members in the organization's service-to-member program. Their goal was to enroll 50 new applicants for life insurance with the Southern Farm Bureau Life Insurance Company in one day.

The challenge was accepted by the organization's service staff, which consists of Agency Manager Carl Barnhill and special agent Dennis Mitchell, both of Iowa Park. They didn't quite reach their goal, but they did set a new record for participation by members of a county Farm Bureau in the organization's life insurance program. They enrolled a total of 51 applicants in a day and a half, Thursday af-

ternoon, May 20, and Friday, May 21. This feat has never been accomplished before in the history of the 25-year-old Farm Bureau company which serves 12 states, according to Don Read of Graham, sales manager for District 6, which includes Wichita County.

A celebration breakfast was held Friday morning, June 4, at Underwood's Cafeteria in Wichita Falls, which was attended by 44 persons, including 25 of the applicants and some members of their families.

Special guests at the breakfast included Gene Badger of Jackson, Miss., vice president of sales of the Southern Farm Bureau Life Insurance Company; Austin Crownover of Waco, state sales director for the Texas Farm Bureau; and Vearl Smith, also of Waco, associate state sales director.

Badger commended the local county Farm Bureau for its accomplishment and said it is a good example of "local involvement -- which is the fundamental basis of Farm Bureau." He said the purpose of Farm Bureau "is not to build big insurance companies, but to build companies that serve the members." The Farm Bureau life company has paid over \$41 million in dividends to its policy-holders during its 25-year history, which is seven million dollars more than the \$34 million paid in death benefits, he added.

Both Crownover and Smith spoke briefly and praised the local leaders for their accomplishment. "If we could get our members as solidly involved on state and national social and political issues, the organization would be stronger," Crownover commented.

Coincidentally, the "Files of the Times" column in the Wichita Falls Times for Tuesday evening, June 1, contained an item announcing that Wichita County FB members "have gone over the top of their insurance quota by 10,500. Subscriptions now stand at \$62,500." This was in reference to the period of organization of the FB life company when each county Farm Bureau was given a goal of charter life subscriptions. The item in the Times ascribed the announcement to Loys D. Barbour of Iowa Park, who was then District 3 director of the Texas Farm Bureau.

Barbour was present at the Friday morning breakfast and reminisced about the early history of the company. He said the organization of the company "would never have been possible without the participation of members," and said this kind of loyalty to their own company was demonstrated in the accomplishment by members of the Wichita County Farm Bureau in enrolling a record number of applicants for life insurance.

It's June! That means school's out and it's time for picnics, baseball, barbecues, golf, and dairy products.

Production levels for milk and dairy products are reaching their peak -- just in time to top the June list of plentiful foods, says Thelma Wirges, County Home Demonstration Agent.

Other foods featured are canned ripe olives, potatoes and potato products (frozen French fries and instant mashed), dried peas, eggs and broiler-fryers.

Good news for picnickers. June egg production is expected to be about two percent higher than a year ago, and eggs will be in abundant supply, with attractive prices anticipated. Stockup for those devoted egg fans in your family.

Broiler - fryer marketings are on the rise, which makes prospects good for plentiful supplies. Another great item to have on hand for those June picnics and cook-outs!

And don't forget those nibblers -- canned ripe olives. A treat for any outdoor occasion, and so easy to take along. Stocks of canned ripe olives are high, so no need to worry about running out!

Reduced demand in both domestic and foreign markets has provided plentiful supplies of dried peas in June, and because of heavy fall-crop inventories and increased spring-crop plantings, potatoes, including frozen dehydrated potato products, will also be in abundant supply.

USDA, through its Plentiful Foods Program, keeps consumers and the food industry advised of foods expected to be in plentiful supply each month.

1 cup finely chopped onion  
1/4 cup butter  
3 beef bouillon cubes  
1 cup boiling water  
2 tablespoons tomato paste  
1 teaspoon dry mustard  
1/2 teaspoon salt  
3 tablespoons flour  
1/2 cup water  
1 cup dairy sour cream  
Noodles or rice

Cut steak into thin strips two inches long. In large skillet, saute mushrooms and onion in three tablespoons butter, until golden brown. Remove from skillet. Add remaining butter. Brown meat on all sides for about 15 minutes. Dissolve bouillon cubes in boiling water; pour over meat.

Add tomato past, mustard and salt. Cover. Simmer about 45 minutes until tender. Combine flour and water; slowly stir into meat mixture. Cook, stirring constantly, until mixture comes to a boil. Reduce heat; add mushrooms, onions and sour cream. Heat but do not boil. Serve over hot noodles or rice. Serves six.

June is the time for eating out of doors and nothing beats dairy products for outdoor foods. Put these in front of the kids and see how long they will last between rounds of touch football and dips in the pool:

Old Fashioned Butter Cookies  
3/4 cup butter  
1 cup sugar  
1 egg  
1/4 cup milk  
1 teaspoon vanilla extract  
2 cups sifted all-purpose flour  
1 teaspoon baking powder  
3/4 teaspoon salt

Cream butter in mixing bowl. Gradually add sugar; continue creaming until light and fluffy. Add the egg, milk and vanilla extract. Beat well. Sift flour with baking powder and salt. Blend dry ingredients gradually into butter mixture. Drop by rounded teaspoons onto ungreased cookie sheet. Bake at 375 degrees F. for 10 to 12 minutes until golden brown. Makes about 4 dozen cookies.

The little carefree car. Pinto is sized small, like the economy import, but it's bigger on value. And price is only the beginning. Pinto calls for only half as many oil changes as VW. One-sixth the chassis lubes. So easy to service that you can do most routine maintenance yourself. And Pinto is bigger on performance. It has a 75-hp engine that has averaged over 25 mpg in simulated city/suburban driving. Sports-car type rack-and-pinion steering. Wider stance and lower silhouette.

The Simple Machine. Maverick's price makes it simpler to own than Nova. But that's not the only reason we call it the Simple Machine. Maverick's simple to drive and park because of its shorter wheelbase and smaller turning circle. Simple to service because it's been designed that way. Maverick offers a 4-door sedan for a low price of \$2235\* (\$145\* less than Nova 4 door). Or choose the sporty Grabber model. A choice of an economical V-8 and three thrifty Sixes.

\*Ford's suggested retail price for Pinto and Maverick. However, the models shown are equipped with accent group (Pinto \$60; Maverick \$52) and white sidewall tires (\$29). Destination charges, dealer preparation charges (if any), state and local taxes are extra.

### Caring For Yellowing Lawns

Texas homeowners who have St. Augustinegrass or Bermudagrass lawns which are turning yellow instead of growing thick and green should look for nitrogen and iron deficiencies in their soil.

The nitrogen deficiency causes a general yellowing of the lawn while the symptoms of iron deficiencies are yellow, bleached spots in the turf, according to Al Novosad, Extension pasture and turf specialist.

He notes that iron deficiencies develop mainly in alkaline soil and the upper Gulf Coast and parts of East Texas; are usually the only regions in the state that don't lack iron.

For the most rapid and effective correction of iron deficiencies, Novosad recommends spray application of iron chelates or iron sulfate. He points out that soil applications are also helpful, but warns that they may not correct severe iron deficiencies.

Fertilizer containing nitrogen, phosphorus, and potassium should be applied in the early spring and again in the early fall to eliminate nitrogen deficiencies, he advises.

In addition to this he recommends applications of nitrogen as ammonium nitrate or ammonium sulfate at 4 - 6 week intervals during the growing season.

The additional applications help to maintain vigor, color, and uniform growth of the grass, according to Novosad.

A soil test is extremely helpful in determining exact fertilizer needs, showing the

need for lime, and indicating soil salinity problems, but there are some general guidelines to follow in fertilizing St. Augustinegrass or Bermudagrass.

Novosad advises that the applications of the complete fertilizers in early spring and fall should be made so that two pounds of nitrogen are applied per 1,000 square feet of lawn area. Examples of such application would be 20 pounds of 10-5-5 or 17 pounds of 12-12-12 per 1,000 square feet.

The additional applications during the growing season should be made so that approximately one pound of nitrogen is applied per 1,000 square feet in each application, he added. Examples of proper application would be five pounds of ammonium sulfate (21%) or three pounds of ammonium nitrate (33%) per 1,000 square feet of lawn area.

### Alma Jackson Group Meets

The Alma Jackson group met with Ruth Beldon and Bea Burrows last Monday for a dinner meeting. The group stood, joined hands and sang "Blessed Be The Tie" before enjoying the lovely meal.

The meeting opened with the group's singing of two hymns accompanied by Zeph Foster. Bertha Johnson led in prayer and Lena Houser presided over the business session.

Miss Hazel Wagoner read the missionaries' birthday calendar, which was followed by a brief meditation led by Miss Wagoner.

The minutes of the last meeting were read and approved. It was decided that the community action for June would be to help with cookies for Vacation Bible School.

Loretta Hunt brought the Bible study for the evening, reading Luke 14:14-24.

Mrs. Hardie Roth, Mrs. R.H. Henry, and Patsy Lasseter were guests of the group, and 19 members were present.

### Journal Publishes SAFB Articles

SHEPARD AFB, TEXAS--Two Sheppard officers have had articles published in the Spring issue of the U.S. Air Force Instructors Journal.

Having articles printed were Capt. Stanley J. Chrobak of 3750th Technical School and Maj. James H. Braatz of the U.S. Air Force Regional Hospital at Sheppard.

Captain Chrobak authored "Training Unique Specialists." It dealt with the training of inflight refueling specialists at the Department of Aircraft Maintenance Training here.

The writer saw the course trainee as a specialist who is a jack-of-all-trades, since he receives training in other aircraft systems as well as the refueling systems.

Major Braatz's article, "Back to the Field," dealt with the problem faced by an instructor who now is being assigned to a regular tour of duty. According to Major Braatz, self-confidence is the key to a smooth transition from a tour as an instructor to an assignment in the field.
