Dear Burk Burnett Bulldog:

Sometimes adults react to situations in the most unadroit fashion. Such was the case at the Burk-Brownwood game, when fans of Burk Burnett booed our own players.

I am sure that each member of the Bulldog squad was shaken by the incident. And there is no way, when things are going badly for you anyway, that you can get it going when your own people are shouting insults at you.

There was a group of about 20 or so recent-graduate-age former Bulldogs and/or Bulldog fans. They had obviously been drinking, but whenever a call or play went wrong... the yell was...altogether in that jampacked stadium, "AW, SHI-!"

I have two sons coming up in the Burk School system. This incident has made me wonder whether I will encourage them to play football because of the unprofessional conduct of fans at the Brownwood game.

But I believe I will encourage them because I want my sons to learn the value of competitiveness and good sportsmanship. I want them to know how to lose, as well as how to win.

What happened to the fans is that they forgot that "losing" is as tough or tougher for the team than for the fans. And they acted this way simply because they were not thinking.... a dumb move. And many of those Friday night big mouths were closed and regretful Saturday morning.

There are a lot of us Bulldog fans in Burk Burnett who have more pride in the team which conducted itself in a gentlemanly manner, even in the face of this "uncalled-for conduct."

It was a fabulous football season... congratulations to you all. You were picked at the beginning of the season to wind up with a 4-6 record or less. 7-3 and a shot at the District championship is something else, a lot of us think.

When you walk into B. H. Alexander's office on Shepard Road, there is a beautiful mounted giant elk head trophy. I've often wondered how B. H. got it.

The story I get is that B.H. was cleaning his rifle at this mountain lodge when the gun went off accidentally.

The single bullet from that gun reportedly travelled through the wall of the lodge, knocking the elk head trophy off the wall; ricocheted off a tree outside, killing three bucks; knocked the Fram filter off an Allis-Chalmers tractor (with A-C building on the expressway is there any other kind of tractor??); headed straight up, where the bullet split into four fragments; and brought down FIVE late-leaving mallards!

Guess I'm a real sucker for uncomplicated stories about the great outdoors and all.

"What most people are looking for these days is less to do, more time to do it in and more pay for not getting it done." --IDKWSI (Which means "I don't know who said it.")

Allis Chalmers Rotary Program

The Burk Burnett Rotary Club was treated to a special program presented by members of Allis-Chalmers concerning the new Allis-Chalmers plant now under construction on the Red River Expressway.

A special edition of the Informer/Star will be presented in the near future with full coverage of the Allis-Chalmers project and what it means to Burk Burnett, Wichita Falls, and the vicinity.

Program chairman for the program was J. B. Riley, Jr.

ALLIS-CHALMERS STORY TOLD--Burk Burnett Rotarians were treated to a slide presentation of the Allis-Chalmers story at their regular Tuesday noon luncheon. On hand for the program were the above (left to right): Diane Stockberger, project director on the plant now under construction; J. B. Riley, Burk Burnett Bank, program chairman; Paul Kortjes, senior Industrial Engineer; Dale Macklin of Allis-Chalmers; Bill Wheeler, Community/Employee Relations, Allis-Chalmers. The group surrounds a picture of the new Allis-Chalmers plant now being built on the Red River Expressway.

Bulldogs Land Five On All-District

The Burk Burnett Bulldogs, ending their season with a fine 7-3 record which earned them second place in District 4-AAA football, placed five members of its gridiron squad on the District 4-AAA All-District team.

The five recognized for their outstanding performances through the past season by being named All-District are: Lawrence Washington, (#25), a 160-lb. junior halfback; Rick Beard (#75), 205-lb. senior Guard; Rick Bradley

(#62), 195-lb. junior linebacker; Sam Hancock (#17), 180-lb. junior quarterback; and Rodney Roberts (#22), 115-lb. senior end.

The Bulldogs also had three players named in Honorable Mention in 4-AAA. These

were: Mike Howard (#65), 175-lb. senior guard; Max Lu-deke (#45), 170-lb. senior end; and Deryl Nicholas (#35), 150-lb. senior halfback.

District champion Brownwood placed ten men on the All-District team; Vernon six; Hirschi four; and Iowa Park three.

The district selections were completed this past week. Meanwhile, District 4-AAA champ Brownwood advanced to the AAA Regional playoffs by defeating 3rd-ranked Lubbock Estacado 7-6 on Thanksgiving Day. They now face Andrews in the eliminations.

BASKETBALL SEASON UNDERWAY, BURK 2-0

The Burk Burnett Bulldogs take the role of favorite for the 4-AAA title as the 1971-72 basketball season builds up steam. The 'Dogs, who just completed a highly successful football season, are expected to dominate play in the rugged 4-AAA race this year.

In the season opener, both the Varsity and Junior Varsity came on strong with victories against the Seymour first and second teams. The Burk Varsity downed the Panthers 58-46 after having opened a wide 33-21 halftime lead. David Caraway and Paul Dean slammed in fourteen points each to set up the Bulldogs' opening win. The Junior Varsity blasted their

way to a 53-26 victory in their game at Seymour.

In the second game of the season, Burk Burnett tripped Quannah, 62-33, to remain undefeated in the beginning of the season.

Burk's primary problems will probably come in district play from a team that dealt the Dogs some big blows in the football season -- Brownwood.

The Lions, always strong, are expected to field another team at least in the same class as their last year's squad, which finished 14-6. Vernon will field a team of high-reaching roundballers and could very easily be one of the major dark horse surprises in the league this year.

The 4-AAA district is made up of teams from Burk Burnett, Brownwood, Hirschi of Wichita Falls, Vernon, Stephenville, Iowa Park, Weatherford and Graham.

The Bulldogs and their coaches will get a chance to really appraise their abilities and chances in the basketball season when they play in the Pampa Tournament, beginning tonight, Dec. 2, and continuing on Dec. 3 & 4.

PROCLAMATION

By The Mayor Of The City Of Burk Burnett

CIVIL AIR PATROL WEEK

WHEREAS, Civil Air Patrol, a civilian auxiliary of the United States Air Force, is dedicated to volunteer public service in the interest of community, state and national welfare; and

WHEREAS, the members of the Wichita Falls Composite Squadron are prepared to give of their time and resources for the benefit of their fellowman through air and ground search and rescue, by flying humanitarian and mercy missions, and through many other unselfish acts; and

WHEREAS, this organization of volunteers is helping conduct an effective national program of aerospace education and training for its members and the general public; and

WHEREAS, December 1, 1971, marks the 30th anniversary of the founding of this unique organization, established to help America in its hour of need during the dark days of World War II and which today is dedicated to the service of humanity and the non-combatant defense of this nation;

NOW, THEREFORE, I, BILLY J. SMITH, Mayor of the City of Burk Burnett, do hereby proclaim and declare the week of December 1, 1971, to be "CIVIL AIR PATROL WEEK" in Burk Burnett and do hereby call upon the citizens of this community to observe this week with appropriate ceremonies honoring the men, women, and cadet members of Civil Air Patrol.

LIGHTING CONTEST BEGINS IN BURK

Wednesday marked the beginning of the city-wide Christmas Decorations Contest, sponsored by the Community Service Council. The city of Burk Burnett will be divided into six districts with the best decorated home in each district receiving a \$10 prize.

These six winners will then compete for the best decorated home in the city. The winner of this contest will receive a first prize of a Reddy Light from Texas Electric Service Company. Second and third place winners will receive \$25.00 savings bonds.

In addition to the best decorated home division, there will be a competition among places of business, with winners receiving plaques.

Non-profit organizations may also compete in their own separate category. Entries in this division must be constructions of Christmas scenes. These scenes may be placed at any location. A \$10 prize will be awarded to the winner in this category.

According to Mrs. Fred Hunt, general chairman of the contest, the Burk Burnett High School Student Council will be in charge of the judging.

Diane Awtry and Ranette Hudson have been appointed as judges.

Judging will be held between December 15 and 21. All entries will be judged according to color, originality, theme and overall effect.

Persons who received a first, second or third prize last year will not be eligible to receive those prizes this year. They are, however, eligible to win a district prize, and are encouraged to enter again this year.

Locations for the organizations' Christmas scenes may be judged only in that category. The boundaries of the six districts in the contest have been designated as follows: DISTRICT NO. 1: Railroad west, but north of College St. DISTRICT NO. 2: East of railroad, but north of Tidal. DISTRICT NO. 3: North of Kramer, but south of College and west of railroad.

DISTRICT NO. 4: South of Kramer and west of the railroad.

DISTRICT NO. 5: South of Tidal and west of Berry, but east of the railroad.

DISTRICT NO. 6: South of Tidal and east of Berry.

\$860,000 Pay Raise At SAFB

SHEPPARD AFB, Texas -- The armed forces pay raise that went into effect this week has added \$860,000 per month to the Sheppard AFB payroll. That brings the total payroll for all military and civilians working at the base to just over \$6,000,000 per month.

The breakdown shows military pay at \$4,100,000 and government civilian employees pay at \$1,900,000 per

month.

In addition, payrolls for other civilians working at Sheppard amount to approximately \$616,000 per month. This includes the nonappropriated fund employees, base exchange, concessionaires, Webster Company employees for the dining hall contract and Serv-Air Inc., contractors for the maintenance of the T-37 and T-38 aircraft.

Monthly Chamber Luncheon Monday

The regular monthly meeting of the Burk Burnett Chamber of Commerce will be held at noon Monday, December 6, at Town Hall downtown.

Chamber members are urged to be in attendance. Speaker for the luncheon will be L. B. Dean of Wichita Falls, District Highway Engineer.

The program is being presented by the Highway Development Committee of the Burk Burnett Chamber, Clark Gresham, chairman.

Merchants

Kiddie Shows Set

Merchants of Burk Burnett will again this year sponsor the annual Merchant's Holiday Movies at the Palace Theatre in downtown Burk Burnett.

These movies will be shown for the next three Saturday afternoons, December 4, December 11 and December 18, at 2:15 p.m.

This annual program of children's matinees is offered by the merchants as a service to mothers, who can leave their children well occupied in the local theater while they shop at their favorite store.

Raymond Greenwood

GREENWOOD NAMED NEW BURK INFORMER PRESIDENT PUBLISHER

Raymond Greenwood, former vice-president and general managing editor of the Burk Burnett Informer/Star, was named president and publisher of the newspaper operation this week.

Greenwood replaces Lon H.

Williams, who has been the corporation's president since its inception in 1968.

Greenwood operated the Informer/Star from March of 1970 to June of 1971. He was transferred at that time to Mineral Wells, where he be-

came Managing Editor of the Advance Publishing Corporation, one of Texas' largest semi-weekly newspapers, with a circulation of 7,700.

The Greenwoods will be moving back to Burk Burnett within the next few days. Raymond, wife Alana and 3-

year-old daughter, Anissa, will reside at 101 Linden Lane.

"We are looking forward to coming back home," Greenwood stated. "Burk Burnett is a special kind of town with a special brand of people -- my kind and my brand, I guess," he continued. "We are excited about getting back to Burk and getting down to work for the paper and for our town."

Williams, who announced two weeks ago the construction of the new Burk Burnett Inn, which will be built at the corner of Ave. D and Hayworth, will reportedly concentrate his efforts in that direction. "We hope to have the formal ground breaking on the Inn about Dec. 10 or 15," Williams stated. Completion date is late February or early March for the new ultra-modern drive-in restaurant.

Greenwood's appointment was effective December 1.

BURK COWBOY IN NAT'L FINALS

DENVER, Colo. -- Burk Burnett cowboy Eugene Weakley has qualified for the National Finals Rodeo in Oklahoma City, Okla., the Rodeo Cowboys Association said.

The Finals, scheduled for Dec. 4-12, will host the top 15 money-winners for 1971 in each of six events. Prize money will approach \$100,000.

Weakley is 15th in steer wrestling with \$8,817.

A total of 81 cowboys from 14 states, Canada and Australia will compete at the Finals this year.

LITTLE LEAGUE

The Little League Baseball Team will hold an open meeting Dec. 7 at 7:00 p.m. in the Texas Electric Reddy Room.

Purpose of the meeting is the election of officers.

OBITUARIES

William L. Eidson

Funeral services were held Tuesday, Nov. 23, for Mrs. William L. Eidson, 51, a resident of Burkburnett since 1938, who died Nov. 20 in a Wichita Falls hospital.

The Rev. Ray C. Morrow, pastor of Calvary Baptist Church, officiated the services, held in the First Baptist Church here. Mrs. Eidson was born Dec. 11, 1919, in Stillwater, Okla., and was married in 1939 in Healdsburg, Okla. Mr. Eidson, an employee of Bell Oil & Gas Co., survives her.

Other survivors include three daughters, Mrs. Mary Burdett and Mrs. Lillian May, both of Burkburnett, and Mrs. Billie Cook of Wichita Falls; her mother, Mrs. Pete Bryan; and two brothers, Thomas and D. L. Bryan, both of Burkburnett. Also, six sisters, Mrs. Jane Tyler, Mrs. Laboma Wood and Mrs. Ronnie Boswell, all of Burkburnett; Mrs. Loretta Payne of Dumas, Mrs. Dolly Owens of Catoosa, Okla., and Mrs. Viola Archer of West Virginia; and six grandchildren.

Burial was in Burkburnett Cemetery under the direction of Owens & Brumley Funeral Home.

Mrs. Mary Alford

Graveside services were held in Burkburnett Cemetery Monday, Nov. 22, for Mrs. Mary Alford, 89, a former resident of Burkburnett, who died Nov. 20 in a Chickasha, Okla., hospital.

Rites were under the direction of Owens & Brumley Funeral Home.

Mr. Stanley Hudson

GRANDFIELD, Okla. (Special)—Stanley Hudson, 92, who lived in Chattanooga near here from 1908 to 1967, died Monday, Nov. 22, in a nursing home in Oklahoma City.

Services were held Tuesday, Nov. 23, at First Baptist Church in Chattanooga, with the Rev. George Stauffer, pastor officiating. He was assisted by the Rev. Jim Brown.

Hudson, who was born July 28, 1879, in Scottsboro, Mo., was a retired rural mail carrier.

Burial was in Chattanooga Cemetery under the direction of Gray Funeral Home of Grandfield.

A member of the Christian Church, Hudson attended the Baptist Church in Chattanooga, and was a 50-year member of the Masonic Lodge.

Santa Claus Coming Soon

SHEPPARD AFB, TEXAS—Member of Texoma REACT, citizens band radio operators, in radio contact with the North Pole, have confirmed that Santa Claus will extend his normal Christmas schedule during the holidays for 5-minute visits in homes at Sheppard, Wichita Falls and Burkburnett.

For a donation of \$2.00, which will be used to purchase new emergency equipment, Texoma REACT will take St. Nick's reservation for Dec. 19 to Dec. 23, to talk with the children and receive

their Christmas lists. Then on Dec. 24 and Dec. 25 Santa will deliver presents.

A telephone call will precede Santa's arrival by 10 minutes.

Persons interested in having Santa make a special trip to their homes should send their names and addresses (Wichita Falls, Sheppard and Burkburnett only), telephone numbers, names and ages of the children, date and time requested and the donation to Texoma REACT, P.O. Box 2182, Wichita Falls, TX 76801.

REACT reminds parents that since Santa will have a very busy schedule, reservations should be mailed as soon as possible. The postmark will determine time and date priority.

Santa will also be available for groups and special parties on dates other than Dec. 24 and 25. Reservation may be made by writing REACT. They should be made a minimum of 15 days prior to date requested.

LETTERS to the EDITOR

Lay Off, Sports Fans!

The Burkburnett - Brownwood football game was a very disappointing affair to us who have followed the Bulldogs during the past season. We had all hoped for a better showing by the home team. Burkburnett had its worst night of the year while playing against a superb team.

Even more disappointing was the reaction of some of the Burkburnett fans. To yell invectives and insults at the coaches and players hurts. Some of the cutting comments were clearly heard by the players on the field, their coaches, and their friends and relatives in the stands.

It doesn't build self-confidence in a 17-year-old boy when the crowd cheers as he is removed from action. Some of the boys who were vilified the most are the ones whom we will expect to be out again next fall giving their all for dear old Burk H.

Some fans will argue that they have paid the admission price and have the right to heckle and jeer when they see

fit -- if the players "can't stand the heat, then stay out of the kitchen." But these fans are forgetting that these young men are as sensitive as the rest of us to destructive, ego-shattering criticism.

Other fans would draw the line on openly criticizing the players, but see nothing wrong with publicly berating their coaches. Coaches and their relatives have feelings, too.

A coach, in order to be an effective leader of young men, must be respected by his team and the high school age youth. Some of the remarks made at the game wouldn't enhance his prestige any.

If things aren't going well for the home team, and you feel compelled to criticize, do it privately to the person sitting next to you, or tell the coach in privacy. He will understand and appreciate this approach much better than one yelled out in anger for his boys to hear.

True, only a small per cent of the fans are guilty of the conduct described above, but this small minority makes the most noise.

Let's be good sports and rejoice with our team when it is winning, suffer with it when it is losing, but refrain from insulting the very ones we are supposed to be backing.

Let's cool it, sports fans!

MRS. LARRY LANGE

Miss Stewart Weds Sgt. Larry Lange In Benbrook

Miss Joann Stewart became the bride of Sgt. Larry Lange Saturday afternoon, Nov. 27 in a ceremony performed in the home of her parents, Mr. and Mrs. Joe Stewart of Benbrook, Texas. The ceremony was conducted by the Rev. H. A. Miller, minister of the Baptist Church at Benbrook. Sgt. Lange is the son of Mr. and Mrs. Alfred Lange of Burkburnett. Wrought iron candelabra and a Victorian urn with an arrangement of white mums formed the setting for the nuptials. The bride wore a formal empire gown of satin organza

with reembroidered Alencon lace accenting Bishop sleeves. The bride's parents were hosts for a reception in their home following the ceremony. Mmes. A. K. Lowman and Laura Murray served the tiered wedding cake and frosted punch. After a wedding trip the couple will live in Roccoster, N. H., where Sgt. Lange is stationed with the Air Force. The bride is a graduate of Benbrook High School. Sgt. Lange graduated from Burkburnett High School and attended Lubbock Christian College and Midwestern University in Wichita Falls.

Mrs. Miller Competes For District Honor

The Contemporary Study Club has nominated Mrs. Frank Miller as a candidate for the honor of being named Outstanding Clubwoman of Santa Rosa District, Texas Federation of Women's Clubs. Mrs. Miller is a member to the First United Methodist Church in Burkburnett, where she is coordinator of the Children's Division and is a member of the Council on Ministries and the Education Commission. She is also active in various other groups in the community as a member of Friends of the Library, in which she serves as Finance Chairman, Meadowlark Garden Club, Orbit Skate Club and Satellite Skate Club, and as a representative to the Community Service Council.

She is married to MSgt. Frank Miller, an inspector in quality control stationed at Carswell AFB in Fort Worth. They have two children -- David, 13, an 8th grader at Burkburnett Junior High; and Mark, 11, a 6th grader at the Junior High. Mrs. Miller recently served the community as a co-chairman of the County Labor Survey. She has also been a co-chairman of two recent fund-raising projects of the Community Service Council in their efforts to cover the costs of the moving and restoration of the old MK&T depot. In addition to her other activities, she has also held various offices and served on several committees for her own study club.

Miss Goddard Honored With Bridal Shower

Miss Debra Joan Goddard, bride-elect of Bradley C. Mann of Haysville, Kansas, was honored recently at a personal bridal shower. Mrs. John F. Victory, Jr., and her daughter Lu Ann hosted the affair at their home in Wichita Falls. Co-hostess was Miss Susan Barad.

The serving table was beautifully appointed with a blue cloth and yellow napkins, and was centered by a silver punch bowl and goblets. Highlighting the setting were tall yellow tapers and bouquets of yellow chrysanthemums. Surrounding the center were silver trays of assorted sandwiches, cheese ball, miniature cream puffs, brownies, chocolate mints and mixed nuts.

After the guests toasted the bride-to-be and the gifts were opened, refreshments and games were enjoyed.

Special guests were the honoree's mother, Mrs. Billie L. Ray, and sister, Lari L. Goddard.

The couple will be married in Wichita, Kansas, former home of the bride-elect.

Mrs. Roderick Hosts HD Club

Mrs. Julia Roderick entertained the Hardin Home Demonstration Club in her home Nov. 23.

Mrs. Askins led the members in singing "How Great Thou Art." The hostess then read a poem about Thanksgiving, and Mrs. Askins led the group in the club book prayer.

Mrs. Howard presented the program, which was concerned with sewing and matching plaids.

Attendance was exceptionally good, with 100% of the membership present.

Mrs. Jacobs will host the club for a Christmas tea in her home Dec. 15. Gifts will be exchanged at that time.

MRS. WAYLAND A. JINKINS, JR.

Jenkins-Youngblood Vows Exchanged In Double Ring Ceremony Friday Evening

IOWA PARK, Tex. (Special) ---Wedding vows were exchanged Friday evening by Miss Donna Kathleen Youngblood and Wayland A. Jenkins, Jr., in the home of the bride's parents, the parsonage of the Iowa Park First United Methodist Church.

Parents of the couple are the Rev. and Mrs. Don S. Youngblood of 215 East Bank and Mr. and Mrs. Wayland A. Jenkins of Coleman Park Road.

The double ring ceremony was officiated by the Rev. H. Noel Bryant, District Superintendent of the Wichita Falls District, North Texas Conference of the United Methodist Church.

A kneeling bench served as focal point for the nuptial setting.

The bride wore a floor length dress of beige crepe with a mandarin collar and full long sleeves. An inset of sequins and criss cross narrow satin ribbons accented the midriff. She carried a princess cascade of yellow fringed carnations and yellow sweetheart roses.

Mrs. J. C. Bridges, matron of honor, wore a street length dress which features a bodice of yellow puckered Dacron and a yellow quilted crepe skirt, with a matching cummerbund.

The dress was highlighted by an old fashioned collar and Juliet sleeves. Mrs. Bridges carried a single long stemmed yellow carnation with matching ribbon bow and streamers. J. C. Bridges served the bridegroom as best man, and Ken Youngblood, brother of the bride, was usher.

The bride's parents hosted a reception at their home following the ceremony. Assisting were Mrs. Jimmy Ray Jenkins of Oklahoma City and Mrs. Jim Warf and Miss Nancy Jeffers of Burkburnett.

The serving table was covered with a beige lace cloth and centered with a fall flowing arrangement of yellow and tangerine mums and carnations and English ivy. Highlighting the table was the three-tiered cake, topped by a lace-filled wedding slipper framed by a double heart with two white doves.

Mrs. Dale McCarter of Midland presided over the bride's book.

Rae Ann and Jamie Jenkins, nieces of the bridegroom, distributed rice bags to the guests.

The bride is a graduate of Burkburnett High School and is employed at the Burkburnett Informer/Star.

Flowers Are For Every Occasion

JUANITA'S FLOWERS

Every generation has a responsibility to look out for the needs of the next generation.

Let's hope we can pass on the earth to the next generation in about the same shape we found it. With rich, fertile soil. Clean water. Clean air. And abundant natural resources.

At Lone Star, we know the

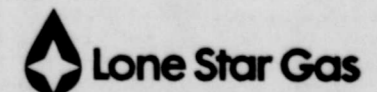

earth's resources are there for us to use. But not to use up.

That's why we're continuing our search for natural gas even though we already have a good supply for this generation's needs. We want to make absolutely sure the next generation has the energy they'll need.

We're drilling the world's deepest well at the Anadarko Basin in Oklahoma. 28,000 feet beneath the surface of the earth. If this well is successful, we think we

may have one of the richest gas reserves in the nation.

This land has been good to us. Let's make sure it's good to our children.

Navy Ex POW Speaks To Club

SHEPPARD AFB, Texas-- Commander Charles Klassman, Navy pilot, prisoner of war in Laos and escapee, will be the guest speaker at the Order of Daedalians meeting to be held Tuesday night at the Sheppard Officers Club's Mandalay Room.

Commander Klassman was shot down and captured by the Pathet Laos on June 6, 1964 while flying a mission in a RF8A Crusader off the USS Kittyhawk. He was held captive for three months before his escape.

A nominating committee will be selected to recommend candidates for the 1972 slate of officers.

AIRMAN KILLED IN CRASH

SHEPPARD AFB, TEXAS-- Ann, Christopher Lee Terry, 18, of Sheppard Air Force Base was killed Monday night near Decatur, Tex., when his car apparently went out of control and hit a bridge embankment.

A student in the Medical Materials Specialist course

assigned to the 3794th Student Squadron of the School of Health Care Sciences USAF, he had been at Sheppard since Nov. 3.

He is survived by his parents, Mr. and Mrs. Leon E. Terry of 9305 Delmar Street, Prairie Village, Kan.

Following the accident, the

body was taken to Christian Funeral Home in Decatur, and was to be sent to Melody McGillery - Elyar Funeral Home in Kansas City, Mo., to await burial.

UP, UP, & AWAY

EDDIE LAXSON

See where one can take flying in Oklahoma City for \$41 per month. Classified ad did not say how many months or if a student furnished the plane or if everything was included.

No doubt the deal is to pay the set price for a private, commercial, instructor or rating desired out at \$41 per month.

Some students, I have known, could complete all requirements dealing with written and required flying time within a one month's span. That would be a cheap private pilot ticket.

Now, if a group of four to eight individuals wanted to learn to fly and would go to Woodward, Okla. and buy the Piper J3 I saw advertised then secure an instructor they could get by for less than half the cost it would take to get a license by buying the time outright. There is no need to spend \$95 for learning enough to pass a written examination. That can be done on one's own time with just a little expense for one or two books. A little help from a pilot friend would quicken things, but is not a must.

Yes, people have more money today than a number of years back, and the necessity to save is not as great, but one appreciates a license in proportion to the amount of time and work that go into getting it, I think.

If you're interested in the club method, secure one of the many advertised publications on the subject. If military clubs did not have so many members and so few planes, generally speaking, that would be the next best method as far as expense is concerned.

Of course, the most desirable method is to get a small plane by yourself and get the license. The if you do not plan to fly more than 10 hours per month or year, sell the craft and go the rental route.

If I felt inclined to continue flight instruction, I would go buy the J3 at Woodward, then carefully screen applicants for solo license and make money by guaranteeing a solo ticket for \$50. That can easily be done if the instructor has his ground school instructor ratings, aircraft and engine mechanic license and a small strip to operate from.

A Cessna 150 or a Piper J3 and many other small horsepower crafts can be operated for \$3.00 per hour if flown 50 hours per month.

When a student agrees, and weather permits, one hour's flying per day is a good schedule to follow. Students like instructors who demand one full hour of intensive training, instead of a lot of flying around looking at scenery.

Exceptional students will solo in five hours. Average abilities run eight hours dual time. Once in a while you find a student who needs 10 hours.

Figure five gallons per hour, one quart of oil for each eight to ten hours, 50¢ depreciation per hour and 65¢ per hour for maintenance of plane and hangar, and you have the estimated \$3.00 hourly cost.

The expense involved in training a student to solo in eight hours will be near \$24. That leaves \$26 profit. The plane owner, with the stated qualifications, can make \$3.25 per hour.

If all students wish ground school at \$1 each per hour and six hours each for a private exam, it would mean \$4 per four for each student, or \$32.00 for the average student.

Remember, this cannot be done if the plane is rented for solo time after students get their tickets. I have never had a student to harm a plane in any way during their three take offs and landings, but the picture changes greatly when they get a little flying time under the belts and no one is with them.

Four dollars per hour is cream to a person who likes to teach flying the way I do.

Pack 232 Works For Badge

SHEPPARD AFB, Texas -- The Webelos of Pack 232 are working on the geologist activity badge during the month of November.

Mr. Glen McAfee, member of the Northwest Texas Gem and Mineral Club gave a presentation on geology to the Webelos.

Mr. McAfee discussed the three basic types of rocks found in the United States, where they are found, and demonstrated how to identify the different types of rock. He also explained the importance and usefulness of rocks in the environment.

At your service:
More electricity for your dollar than 10 years ago.

In 1961, \$1 bought 32 kilowatt hours* of electricity from Texas Electric.

Today \$1 buys 47 kilowatt hours.

One reason is that the only changes in our rates have been two rate decreases (in '63 and '65).

If your bill for electric service at your residence is higher, it's

because you're using more electricity. You may have added air conditioning, a frost-

free refrigerator, clothes dryer or color television set.

The point is, you're getting more electricity for your dollar than you used to. You're also getting the extra comfort and convenience that only electric service makes possible.

*based on average selling price per residential kilowatt hour.

James Johnson and son Bill of Lafayette, La., were here last week visiting James's mother, Mrs. Bertha Johnson. They were on route to the Throckmorton area, where they planned to hunt deer and pheasant.

Mr. and Mrs. Bob Fite and son Allan were Thanksgiving guests in the C. R. Chambers home. Mrs. Fite is the former Marginnell Chambers.

Ray Cullins of Los Angeles, Calif., spent Thanksgiving in Burk with his mother, Mrs. George Cullins.

Guests for Thanksgiving dinner in the Wichita Falls home of Harold and Barbara

McDonnell were Mr. and Mrs. Arthur Houser, Buddy Warren of Amarillo and Karen and Bill Tyson and children of Lawton. Barbara McDonnell is the former Barbara Warren, the daughter of Mrs. Houser.

The Misses Tommie and Bobbie Clack of Adlene and Kerry Clack of Dallas were guests of Mrs. Catherine Clack over the Thanksgiving holiday.

Mr. and Mrs. S. H. Spence of Brownwood spent a recent weekend in Burk with his sister, Mrs. Mary Wood.

Mrs. John Rigby has recently become a great grandmother. A baby daughter was born in Dallas Nov. 14 to her granddaughter and husband, Mr. and Mrs. Robert Raith. She has been named Robin Renee. Maternal grandparents of the little lady are Mr. and Mrs. John H. Rigby of Dallas.

Mr. and Mrs. W. A. Schriber of Grandview, Tex., were recent guests in the home of her sister, Mrs. J. H. (Brilla) Rigby. Joining them for a weekend visit were Mr. and Mrs. LaVern Rigby and Phyllis Jan of Wichita Falls.

Mrs. F. E. Cruce of this city and her daughter, Mrs. Harlan Eades of Wichita Falls, attended funeral services Saturday in Nocona for Mrs. Roy Gilbreath, wife of Mrs. Cruce's cousin. The Gilbreaths are fairly familiar figures in Burk, having visited here many times in recent years.

Mrs. P. A. Johnson of Elk City, Okla., sister of Mrs. Alice Goodwin of Burk, suffered a heart attack Thursday of last week. She is presently recuperating in hospital.

Mrs. Jean McPhail of McAlester, Okla., has recently been a guest here in the home of her son, Fred, and his family.

Mr. and Mrs. Robert Palmer of Elk City, Okla., spent the week of Nov. 14 in Burk, helping to care for Mrs. Palmer's sister, Mrs. Augusta Dorland, who passed away last Friday night.

Miss Rynda White, a junior at NTSU in Denton, visited her grandparents, Sylvia and Al Lohoefer and Mrs. Edna White, during this past weekend. Miss Theresa Herring, who also attends NTSU, was in Burk Saturday and Sunday to visit her mother and family.

J. C. Gay entered Wichita General Hospital last week. He underwent minor surgery and is presently receiving treatment and tests.

Mr. and Mrs. F. T. Felty, Sr., left Monday of last week for Magnolia, Ark., to spend Thanksgiving holidays with their daughter, Marilyn, her husband James Jones, and James Jr. They report that they had a grand trip and a wonderful visit.

Mrs. Alice Goodwin spent Thanksgiving with her daughter, Mrs. Everett Pearson, and her husband and children in Longview.

Mr. and Mrs. Page Brown spent the holidays with their daughter Jan and her husband, Sgt. Mitholland, in Omaha, Nebraska. They were hoping for pleasant weather while they are gone.

Charles Ellen has returned home for a two-week visit with

his son and daughter-in-law, Mr. and Mrs. Jack Ellen, in Jacksonville, Ind. He reports that Jack is recovering nicely from a broken leg received a few weeks ago.

Mr. and Mrs. Bill Cauthorn visited their son Billy and his family in Liberty, Tex., over the Thanksgiving holidays. They spent Tuesday night in Bridgeport with Mrs. Fred Voohtes, who was their neighbor when they lived in the Stringtown area west of Burk.

Dr. and Mrs. Billy George McClarty and children of Ennis, Tex., were in Burk this past weekend to visit their parents, Mr. and Mrs. George McClarty of Burk and Mrs. Howard of Wichita Falls.

Mrs. Ray Mills suffered a fall in her home one day last week, badly bruising her face and body and fracturing a bone in her right arm. She has been confined to her home for a week and is slowly recovering.

Mr. and Mrs. Bill Vincent were in Corpus Christi over the holidays, visiting their daughter and son-in-law, Mr. and Mrs. Jerry Dennis.

Mr. and Mrs. G. W. Evinger of Oklahoma City spent last weekend in Burkburnett with her sister, Mrs. J. L. Caffee, and Mr. Caffee.

Miss Alma Jackson visited the Misses Lois and Jewell Reed last week. She now resides in Nocona, having retired from a long career as a Baptist Foreign Missionary in Brazil.

Theta Epsilon Holiday Supper

Twenty-nine persons attended a Thanksgiving supper given by Theta Epsilon Sorority in the National Room Monday evening, Nov. 22. The Thanksgiving theme was carried out in the food, color and decorations.

The tables were set up in a "U" formation, each one covered with a white cloth. Pilgrims, pumpkins and turkeys decorated the tables. Following the invocation, given by club president Kathleen Brammer, turkey, dressing and all the trimmings were served family style.

Those attending were: Mr. and Mrs. Lyle Eaton, Mr. and Mrs. Henry Vaughan; the Raymond Brammer, Jim Lemley, James Spinks, Glenn Drake and Doc Glover families; Mrs. Clarence Bridges; and guests for the evening, Mr. and Mrs. Bruce Shepherd.

University Study Club

Members of the University Study Club met Nov. 17 in the home of Mrs. Marshall Young for their Thanksgiving session.

Mrs. Newt Crane introduced Mrs. Lamoin Champ to the group. Mrs. Champ told a Thanksgiving story reminding members that the first Thanksgiving celebration was held in England three hundred years ago. She stressed that one should be grateful for the Pilgrims, established a day of Thanksgiving for us.

Mrs. J. M. Pogue read a poem, "In Thankfulness For Our Heritage," written by Peter Marshall.

It was announced that the club Christmas meeting will be held in Mrs. Pogue's home, with members exchanging gifts, as well as bringing gifts for the State Hospital and the County Farm.

After the meeting the hostesses served refreshments to Mrs. Champ and the following members: Mmes. Nellie Barber, Erma Brocker, Eloise Bunstine, Lois Crane, Mildred Cauthorn, Elsie Crosley, Lena Houser, Lilla Morris, Pogue, Brilla Rigby, Sadie Sessums and Bess Shrum.

Radio Club Elects 3 From Burk

Among the officials of the Red River Citizens Band Radio Club for the coming year are three residents of Burkburnett: Ed Bankhead, vice president; Mrs. James Mason, secretary-treasurer; and James Mason, board member.

The new officials were elected at a meeting of the club held Monday, Nov. 22, in Electra.

Miss Pat Zimmerman has been selected to represent Burkburnett High School for the Daughters of the American Revolution's "Good Citizen" Award. She was chosen by the faculty on the basis of the services she has performed and former leadership qualities.

Now a senior, Pat has been active in the National Honor Society for the past two years, and has been in F.H.A., Pep

Club, and Student Council for four years. Reporter this year for the N.H.S., Pat served as treasurer of F.H.A. her Sophomore year, historian her Junior year, Pep Club president for the past two years, and is the Student Council's treasurer this year.

For the past two years she has been a member of the Derrick Staff and is their co-assistant editor this year. She has been in the Quill and Scroll Society for two years also. Pat has served as vice-president of both her Freshman and Sophomore classes and has been in the Spanish Club, F.T.A., and Choral Club one year each. Having been a Football Queen nominee and the Basketball Queen her Junior year, she was also chosen "All School's Best Mannered." She is currently the V.J.C.A. sweetheart.

Pat is the daughter of Postmaster and Mrs. W. T. Zimmerman.

CONTEMPORARY STUDY CLUB

The Contemporary Study Club recently met in the Reddy Room of Texas Electric Service Company for a program on "Americanism."

In charge of the program was Mrs. Donald Brookman,

who introduced Mrs. Alicia Nemecek, history teacher at Burkburnett High School.

Mrs. Nemecek showed slides and provided an accompanying narrative of a tour which she had taken in Washington, D.C.

Devol Doings

Thanksgiving dinners in the holiday spirit were enjoyed in homes in the Devol Community, with fellowship of families, hospitality and an abundance of food.

Thanksgiving guests in the home of Mr. and Mrs. Frank McClendon and Gillis were their son Lenton and his fam-

ily of Dallas; Mr. and Mrs. L. H. Baumhardt of Fort Worth; Mr. and Mrs. Cecil James of Wichita Falls; Roy Baumhardt and Betty Howell of Burkburnett; Kathy Daugherty, Mr. and Mrs. Lewis Payne and Jine, and Bob Carroll of Grandfield; Mrs. Jim Bostick and Ronnie of Amarillo; and Thelma Mays of Wichita Falls.

Mr. and Mrs. Lin Harms entertained the following guests of the holidays: Mrs. Harms's sister and family, Mr. and Mrs. H. E. Phillips of Lubbock, and their son and family, Mr. and Mrs. Clarence Phillips and daughters Denna, Debra and DeAnn, also of Lubbock, and Mr. and Mrs. Hume Fuller of Burkburnett.

Mr. and Mrs. S. H. Turner drove to Stillwater to spend the holiday with their daughter, Mrs. Ronnie Holt, and her family. Rebecca (Mrs. Harms) and son Chris returned home with them to spend the weekend.

Guests of Mr. and Mrs. Virgil Wilkinson during the Thanksgiving week included their children: Mr. and Mrs. Glin Wilkinson and family of Bastrop, Tex.; Mr. and Mrs. Irvin Davis and family of Mesquite, Tex.; Mrs. Johnnie Lockhart of Irvin, Texas; Mrs. Margie Schwartz of Wichita Falls; and Mr. and Mrs. Jerry Wilkinson and family.

Holiday guests in the home of Mrs. Dollie Hardin were: Mr. and Mrs. George Fincher of Amarillo; Mr. and Mrs. Bobby Gaston and children, Pam and Bobby Joe, of Dallas;

and Mrs. Maggie Nelson of Burkburnett.

Thanksgiving dinner guests in the home of Mr. and Mrs. Monroe Scott were Mr. and Mrs. William Scott, Mr. and Mrs. Albert Unger and Mrs. Peggy Mitchell, all of Tulsa. Visitors in the Scott home on Sunday were Mr. and Mrs. Charley Shaw and family of Littlefield, Tex., and Mr. and Mrs. Emory Bentley of Burkburnett.

Company in the Harvey Doty home over the holiday week end were: Mr. and Mrs. Jim Miracle of Weatherford, Okla.; Mr. and Mrs. Rusty

Noel and children and the Gary Moore family, all of Burkburnett; and Mr. and Mrs. John Rainey of Grandfield.

Mr. and Mrs. Fred Fewin and daughters, Lesa and Teresa, of Lubbock, were holiday visitors in the home of Mrs. Fewin's sister, Mrs. Carl Foster, and Mr. Foster.

Mr. and Mrs. F. S. Luck of Meridian, Texas, were holiday guests of his sister, Mrs. Lillian Hutson. They all enjoyed Thanksgiving dinner in Hollister in the home of Mr. and Mrs. Charles Moran.

Mrs. Louie Daugherty of

Grandfield spent last Sunday with Mrs. Lillian Hutson.

Mr. and Mrs. A. J. Adams were Thanksgiving dinner guests of her sister, Mrs. Roy Gavins, and family in Wichita Falls.

Mr. and Mrs. C. C. Hawhee had Thanksgiving dinner with their daughter, Mrs. Marie Brashers, in Burkburnett.

Mrs. Ethel McCasland was a dinner guest of her son Andy and his family on Thanksgiving day.

J. W. Adams is now able to be back at home after spend-

ing the past few weeks in the hospital because of back surgery.

Mrs. Willie Cozby was admitted to Bethania Hospital last Friday for treatment. At last report, her condition had not improved.

A. J. Adams suffered a very painful injury Saturday, when a piece of steel on which he was grinding flew loose and lodged in his eye.

Friends received word here of the death of Mrs. Mary Alford, 89, a former resident of Devol.

Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

New properties of human blood have been discovered by researchers working at the University of Texas in Austin and Galveston which may have profound influence on the diagnosis of certain disease conditions.

Dr. George B. Thurston, a professor of mechanical engineering and physics at UT, found that blood possesses an elastic structure which must be disrupted before normal flow can take place.

"It is already known that a close relationship exists between the viscosity (thickness) of blood and coronary heart disease and peripheral arterial diseases," said Thurston. "An exact measurement of the blood elasticity may provide a more precise index to this thickening condition."

Such information is needed to understand the behavior of the distribution of the blood in the circulatory system. It is also necessary for the design of devices used in cardiovascular surgery, including

artificial heart valves, circulatory assist pumps and artificial hearts.

"In the artificial pumping of blood, it is well known that the blood becomes damaged," said Thurston. "It is possible that one origin of this damage rests with the sticking between the red blood cells, which form the elastic structures."

The blood studies are being continued to explore further the influence of commonly used additives, such as aspirin, upon the elastic property of the blood.

In other research in Texas, scientists at the UT Medical Branch in Galveston have discovered that snake venom causes, among other reactions, abnormal-looking red blood cells. The cells become spherical and grow spine projections, or burrs, all over them. No one yet knows why.

Ted Bond and Dr. M. Mason Guest of UT Galveston undertook the venom - blood research after receiving requests from clinicians across

Bluebonnet Garden Club Meets

The Bluebonnet Garden Club recently met in the home of Mrs. J. A. Johnson for a luncheon meeting. Aiding the hostess were co-hostesses, Mmes. Cecil, Floyd Landis and C. F. Bohner.

Club president Mrs. Landis conducted a short business session. Place mats were ordered to comply with state project.

Mrs. E. L. Neal presented the program on design. In connection with the program, each member answered roll call by naming her favorite design.

In the absence of Mrs. J. T. Brady, who was out of town, Mrs. R. C. Gilbow gave a very informative talk on flower arrangements.

Attending the meeting were one guest, Mrs. Fletcher Barber, and members, Mmes. C. W. Boyd, E. R. Burns, H. S. Butts, C. R. Chambers, J. W. Gibson, Gilbow, H. A. Goodwin, Arthur Houser, H. K. Landis, Ray Miller, Neal, James Taylor, R. P. Thaxton, B. L. Turner, T. A. Banning, Ted Randall, and the hostesses.

the state for information. It seems some snake-bite patients bleed and continue to bleed, and others don't.

The researchers discovered that some venoms cause clotting. Others completely defibrinate, or destroy all the fibrinogen -- the plasma protein necessary for coagulation of normal blood. The cause has not yet been found due to the complex chemistry of snake venom, which contains enzymes and non-enzymic proteins.

NORTHEASTERN STATE COLLEGE, Tahlequah, Okla.--- John Edwards, 6-4 senior, is a member of the 1971-72 Northeastern State College basketball team. Edwards, a graduate of Burk Burnett High School, averaged 18.6 points per game for the 70-71 NSC team and was an honorable mention for the All-Oklahoma Collegiate Conference team.

PIONEER BOWL TO FEATURE GREAT TEAMS

Colorful and exciting Louisiana Tech is the opponent for mighty Eastern Michigan in the Dec. 11 post season Pioneer Bowl conflict at Memorial Stadium. What a way for Wichita Falls to return to the college football wars!

The matchup should also make the executives of ABC happy, since it provides the network with a blockbuster to air throughout the Midwest Region.

Although there will be four regional championships decided in bowl games on Dec. 11, many officials of the NCAA are saying that the Pioneer Bowl clash will be the best of them all.

Eastern Michigan is the more highly rated of the two teams, being ranked No. 3 in the nation. But Tech is not far behind in the No. 5 spot. And at the end of the season, the Tech Bulldogs downed the Northeast Louisiana team -- which tied Eastern Michigan earlier in the season -- by a 23-0 score to cop the Southland Conference championship and a bid to the Pioneer Bowl.

Louisiana Tech has been in the national spotlight several times in the past, particularly in 1969 when Terry Bradshaw led the Bulldogs to national recognition with his star passing.

Bradshaw was the No. 1 NFL draft pick in 1970.

The Bulldogs are still extremely strong in the passing department, even though Bradshaw has gone to Pittsburgh. Veteran pinpoint passer Ken Lantrip has come on

INFORMER STAR SPORTS

at Tech to smash just about all of Bradshaw's single game passing records.

During one of this season's games, Lantrip hit 34 of 64 attempts for an unbelievable 492 yards passing. The star field usually averages about 218 yards total offense per game, and has thrown for 1,855 yards and 13 TDs.

The Bulldogs can score from any spot on the field... at least, anytime the amazing Roger Carr or Charles "Quick-six" McDaniel gets hold of the football.

Carr, a speedy sophomore receiver, has an average of 24 yards per reception. This season he's caught 26 for 663 yards and eight TDs.

McDaniel has been hailed as the most exciting runner seen in years in the Southland Conference. The fleet halfback has rushed for 839 yards and scored 92 points to set new school records.

On Dec. 11, Tech coach Maxie Lambright will be displaying one of the most exciting offensive teams in the country. But his Bulldogs are going against one of the top defensive units, so the battle promises to be furious and full of thrills.

OUTDOORS IN TEXAS

BY VERN SANFORD

Usually the first fish caught by either a boy or a girl is the bluegill, commonly called the perch. As a rule the youngster is standing on a bank or a boat dock and the small hook is baited with a tiny piece of worm.

There are known cases where dad actually hooked the fish and then let the youngster pull it out of the water. Right then the lad gets perhaps the greatest thrill of his entire fishing life. He'll never forget that first catch.

But soon after that initial catch junior finds other interests. He has caught his first fish and it was easy. So what? Today it's baseball, football, frisbee, judo, Honda riding, or some other activity that has taken his fancy.

It's a long time before he gets back to fishing again, but eventually he does. This time more than likely with a rod and reel. It may not be a high-priced rig, but with it he catches a bass or a catfish, and then chances are he's "sold" for life.

Perhaps that's why there are so many fishermen today who pay little attention to the most plentiful of all species of fish in Texas waters.

There was a time, within the memory of some of the oldsters, when perch were about the only fish that could be taken in some of the nearly dry streams of Texas. But today, thanks to our major impoundments, there are bass all over the state.

Thank goodness the perch are still there, too. Countless thousands of *Pomoxis annularis*, otherwise known as bluegill, sunfish, bream, red ears and numerous other local names, provide much of the food for the hungry bass and great fishing thrills for those who still like to catch and eat them.

Actually the bluegill, or whatever you call it, is related to the bass. Both belong to the *Centrarchidae* or sunfish family. What the little fellow lacks in size it makes up in quantity. They are so numerous there is no creel limit.

Bluegills spawn in shallow water and sometimes scoop out nests which look like underwater honeycombs. People who like to stroll along the sandy shores of lakes and streams often can see these nests near the banks. Spawners, incidentally, are hungry most of the time.

Another wonderful thing about perch, they can be caught throughout the year. They'll hit on flies, bugs and even plugs, although the common earthworm or red wiggler is their favorite dish. Frequently they will hit and be caught on plugs that are actually larger than they are. In fact, the world's record perch, 4 1/2 pounds, was taken at Ketona Lake, Alabama, on a jitterbug.

Alabama is famous for its large perch, known there as redears. They have been imported and planted in many Texas impoundments. They do especially well in stock tanks where they grow "as large as dinner plates."

The perch is a delightfully flavored fish and easy to prepare for the table. Once it is gutted, scaled and head removed it is rolled in cornmeal and fried real crisp in deep fat.

It's great fun catching perch on a fly rod or on ultra-light spinning tackle. They are a scrappy little fish and worth every ounce of their weight. One of the best places to catch them, day or night, is in the fishing wells of the tin-covered barns found on most lakes.

Fort Worth Stock Show Set

The Southwestern Exposition and Fat Stock Show will host the second annual American Simmental Association Show and Sale during the 1972 Fort Worth Stock Show, Jan. 28 through Feb. 6.

W. R. Watt, Stock Show president-manager, said Simmental cattle will be judged in carcass and breeding classes for heifers and bulls ranging from half blood to purebred.

"Consigned are 160 of the best Simmental breeding stock in North America, including six purebred bull calves born in Canada this year," said Casey Anderson of Lewistown, Mont., president of CA Live-stock (International), Inc., and sale manager.

Anticipated gross value of the Simmental sale is expected to exceed \$500,000. This would be an average of \$3,125 per head, making it what is believed to be the richest sale ever held in the Southwest, Anderson said.

Simmental is a relatively new breed to the United States. The first of the breed imported into North America was from France. The next cattle were brought in from Switzerland, where this purebred breed was developed more than a thousand years ago.

It is from Switzerland that the Simmental name was derived. In Swiss, "Tal" means "valley." The cattle are from the valley of the Simme -- thus Simmental.

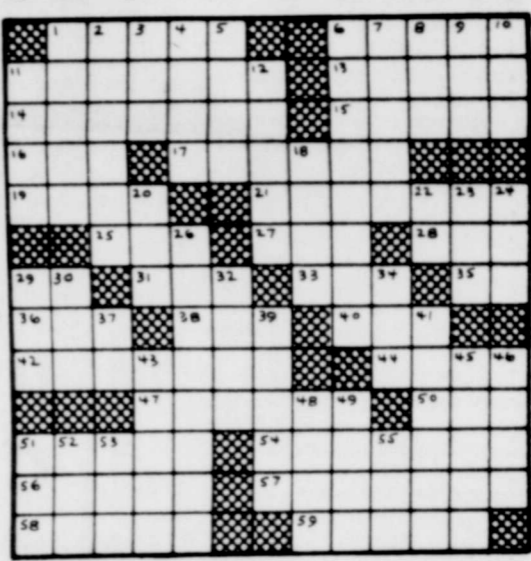

The sale, billed as "Simmental Saturday Night," will be held at 6 p.m. Feb. 5, under sponsorship of the American Simmental Association. Breeding classes will be judged 1 p.m. Thursday, Feb. 3, on hoof and carcass entries will be placed at 7 p.m. Thursday, Jan. 27.

Watt reminded potential exhibitors that Stock Show entry closing date for cattle, horses, sheep and swine is Dec. 15. Entries for poultry, rabbits and pigeons must be in by Jan. 17. Premium books and entry information are available by writing Southwestern Exposition and Fat Stock Show, P.O. Box 150, Fort Worth, Texas 76101.

The withdrawal time of diethylstilbestrol (DES) from livestock rations prior to slaughter has now been extended to seven days. Withdrawal time for growth promoting hormone had previously been 48 hours.

The extended time for withdrawal stems from recent findings of DES residues in beef liver samples. However, no residues have been found in muscle tissue from these cattle. The use of DES is regulated by the U. S. Department of Agriculture and the Food and Drug Administration. DES residues are prohibited by law in meat for human consumption.

The hormone is used in many young animals to stimulate growth and is used as a feed additive in most feedlot operations. Feedlots have come under close scrutiny recently regarding the use of DES. Feedlot managers shipping cattle to slaughter now must certify that the animals have been withdrawn from DES for the prescribed length of time.

Violations of this directive can result in legal action against beef cattle producers.

Common crickets are moving into homes as cooler weather approaches.

Crickets are attracted by lights and invade homes through cracks, window sills and doors. They may chew cotton and wool fabrics, particularly those that are soiled. However, they are not likely to chew synthetic fabrics.

Control of the crickets outside requires a combination spray. Most successful are combinations of chlordane and diazinon or chlordane and malathion. If crickets are not listed specifically on the label, use the manufacturer's directions listed under fly or nuisance pest control when spraying foundations, sidewalks and lawn edges.

For treating lawns and flower beds, use the manufacturer's directions for sod or turf insect control if crickets are not listed on the label. The lighter mixture is necessary to prevent leaf burn from the insecticide.

For inside control, use an aerosol spray bomb containing Baygon, DDFP, diazinon or malathion.

Effective outside spraying should include walks, driveways, foundations up one or two feet from the ground level, lawn edges, window sills, doorways and other openings where the crickets may enter.

The final date for seeding winter peas under REAP cost-sharing has been extended to December 1 for Wichita County. If you have already cancelled your application due to the previous deadline of Nov. 15, come talk to the ASCS office in Olowa Park if you still want cost-share.

Texas farmers who are considering buying machinery in the near future need to keep an eye on what Congress does about investment credit. What

this means in dollars and cents is that a farmer who is considering buying a \$30,000 combine, for example, could save as much as \$2,100 if Congress approves the seven per cent rate. It is doubtful that any action would come before December of this year.

The USDA Cotton Division Classing Office at Altus reported a total of a little over 10,000 samples classed through November 26. "All of this cotton was harvested prior to the recent rains," said C. E. Cox, officer in charge at Altus. "This harvesting season is still about four weeks behind normal at this time of the year." Last year at this time 70,000 samples had been classed at Altus.

Total classed from North Texas counties stood at 350 samples, compared with 6,500 to this date last year. Grades on North Texas cotton classed for the season to date are estimated at 3/4 Light Spotted, the remaining 1/4 being about evenly divided between White grades and Spotted grades. The predominant grade was Strict Low Middling Light Spotted, accounting for 1/2 of the total. About six per cent was reduced because of bark or grass.

Staples 30 through 32 accounted for 90 per cent of the total, and were about evenly divided among these inclusive lengths.

Micronaire readings are estimated at 87 per cent in the premium range of 3.5 to 4.9. About ten per cent was high mike, and three per cent low mike.

Pressley readings showed fiber strength falling mostly in the ranges 70,000 to 85,000 pounds per square inch, with the average being 78 thousand pounds.

Investment Credit Could Aid Farmer

Texas farmers who are considering buying machinery in the near future need to keep an eye on what Congress does about investment credit, says James I. Mallett, economist with the Texas Agricultural Extension Service.

Care Should Be Used In Planting Your Trees And Shrubbery

So you've decided to add some trees or shrubs to your landscape this fall? Then do a good job of planting and caring for them and reap the benefits in later years, says Everett Janne, landscape horticulturist with the Texas Agricultural Extension Service.

Whether planting bare-root or balled and burlapped trees or shrubs, the first step is to dig a hole of sufficient size. If the plant is bare-root, the hole should be large to allow the root system to spread out naturally.

As far as depth is concerned plant the tree or shrub about the same depth it was growing in the nursery, points out Janne. This is often two to three inches above the uppermost roots. On a bare-root plant, the trunk or main stem is often discolored at

AMARILLO -- The only real "forgotten American" is the farmer charged U.S. Representative Graham Purcell (D-Tex).

While every other trade and profession has benefitted by increased earnings since the 1940's, only the farmer has lost ground. Factory workers' wages are up 136%, the Texas Democrat said, while farmers' earnings are down by 4%.

Exploring the problem in an address before members of the Texas Farmers Union on November 20 in Amarillo,

Texas, the veteran member of the House Agriculture Committee lamented the misconception of the American public about farm prosperity. "The Texas farmer is popularly viewed," Purcell said, "as a man with more acreage than he knows what to do with -- with an oil well on the side -- with those fat government checks rolling in every year." The reality of the agriculture picture is very different, Purcell observed and cited the following statistics: "A plow which cost \$650 in 1948 now costs \$1,800. A bushel of wheat sold for \$2.29 in 1948 and was down to \$1.24

in 1970. A tractor which twenty years ago cost \$4,500 now sells for \$17,500." Purcell compared that increase to a decrease in the price of cotton: 32¢ per pound in 1948 but only 21¢ per pound in 1970.

On the brighter side, Congressman Purcell pointed out that political analysts are beginning to call the farm vote the decisive swing group in upcoming elections.

"I predict that the American farmer is going to vote primarily on the issue of whether or not his tremendous contribution to the welfare of this country has been recognized for what it is worth,"

HELP! Can you spare a few hours of your time? There are over 700 4-H club boys and girls in Wichita County 9 - 19 years old who have interest in areas where there are not enough volunteer leaders to lead project work.

These boys and girls are members of local 4-H clubs throughout Wichita County and would like to take part in short term projects that interest them. 4-H project work consists of six to eight meetings approximately an hour in length with six to ten young people, with the age depending upon the subject matter. Meetings are held in a place convenient to both leaders and members of that project group.

Guides for both leaders and members are available or the leader may use his imagination.

You may have an interest and knowledge in one of the many areas that young people are interested in and want to know more about. If so, would you be willing to give these young people a few hours of

your time. Leaders are needed for project work in aerospace, astronomy, automotive, bicycle care and safety, child care, conservation of natural resources, citizenship, cake decorating, creative arts, horticulture, entomology, electricity, forestry, foods and nutrition and flower arranging.

Also fire prevention and safety, home furnishings, interior design, gardening, knitting and crochet, leathercraft, managing money, nature study, planning a wedding, planning a career, photography, puppetry, rock hounding, rifle, small engines, woodwork, wildlife, Wichita County Heritage, etc.

Possibly one isn't listed that you think would be a good project. Any program is needed that is educational and interesting to young people.

You are needed in the 4-H program. If you would like to help, please call Mrs. Dee James, Associate County Home Demonstration Agent, at 322-0721, ext. 37.

Investment Credit Could Aid Farmer

"President Nixon has recommended an investment credit of 10 percent for machinery and equipment manufactured in the United States, retroactive to Aug. 16, 1971, with a drop to 5 percent in 1972. However, Congress is consid-

ering a 7 percent rate for both years," he adds.

What this means in dollars and cents is that a farmer who is considering buying a \$30,000 combine, for example, could save as much as \$2,100 if Congress approves the 7 percent rate. Mallett says it is doubtful that any action would come before November of this year.

The proposed investment credit change has an excellent chance in Congress although the final bill could differ in form from the current proposal.

The proposed restoration of the investment credit would not limit the application of the new accelerated depreciation rates. The credit is in addition to the liberalized depreciation rules.

"Watching to see what Congress does along these lines may be a money-saving move if a farmer has to replace or add machinery or equipment in his operation," concludes Mallett.

After setting the tree or shrub in its hole, backfill with a good soil moisture, using one-third peat moss and two-thirds good topsoil. Then water the plant thoroughly, says the horticulturist. In drier areas of the state, a soil ridge around the edge of the hole will catch rainwater as well as facilitate watering with a garden hose.

Smaller Cities Have Lower Cost Of Living Says Expert

How much money does it take to live? For an urban U. S. family of four living on an intermediate budget, it cost an estimated \$10,664 in Spring, 1970, reports Bonnie Fowler, Extension home management specialist. For a family of four on a lower budget, the cost was \$6,960, compared to \$15,511 for a family living on a higher budget.

These figures, based on Bureau of Labor statistics, are for an urban family of four with two children, a boy aged 13 and a girl 8, in which the homemaker is not employed.

Living costs vary widely among various regions and cities, continues Mrs. Fowler. For example, the costs are generally lower in small cities and in southern parts of the United States.

According to the estimates, the family spent approximately 23% of their income for food, 23.4% on housing, and 10.7% on clothing and personal care. Transportation accounted for 8.6%, while 5.3% went for medical care, and 18% was spent on taxes. All other spending, including gifts and contributions, occupational expenses and life insurance, totaled 11%.

Big Pasture FFA Gets Greenhands

The Big Pasture FFA held its FFA Greenhand initiation during the week of November 15-19. The initiation procedure, which last from Monday through Friday, was capped by the Friday evening installation of the Greenhands. The week-long ordeal began on Monday with the Greenhands, or pledges, dressing as women, shining older members' shoes, and begging for money for the chapter. On Tuesday, Wednesday and Thursday the Greenhands had to shine shoes.

The Greenhands wore official FFA dress Friday, and that evening were installed into the chapter with the FFA ceremony.

After the installation, refreshments were served by the chapter's queen, Susan Vache, and sweetheart, Donna Kothek.

The Greenhands taking part in the initiation were David Adams, William Applin, Danny Davis, Ricky Griffin, Mike Kinnaird, Berton Motley, Matt Turner, Keith Wingfield, Sam Woods and David Cocher.

Clara-Fairview Banquet Saturday

The Clara-Fairview Community Organization held its monthly meeting recently. The Community's chairman James Rodrick called the meeting to order.

will be held Saturday, Dec. 4, at 7:00 p.m. at Luby's Cafeteria in Wichita Falls.

At the banquet, Mr. and Mrs. Newton Crane will present certificates of achievement to deserving members of the community.

The Crane's are also in charge of arrangements for the banquet program.

It has been decided that the banquet will be a "dutch" affair.
