It seems a really special weekend is in store for the residents of Burk Burnett. Not only is this Easter weekend and with it comes the annual Easter egg hunt and special services at the churches; but this is also April Fools weekend. Not only this but there will be an election (Burk School Board) Saturday and then Tuesday is the day for the City Election.

We all know that Easter and April Fools have nothing in common. Someone remarked the other day that they weren't too sure though about the combination of April Fools and School Board or City Council elections!!!

In all sincerity, I urge each of you to find time to vote, both Saturday and again Tuesday. Vote for whomever you wish, just support someone.

Burkburnett is becoming well known all over the state of Texas, or it at least should be. After all look at all of the famous individuals that are living here. Famed cowboy Jim Houston just to name one. Then there's C. J. Lippard, the only man in Burk Burnett that has ever given eight gallons of blood to the Red Cross.

But to possible top them all is Gary Owen. Most of you have heard of this famed golfer and his hole-in-one shot a few weeks ago. Now I understand that Gary is displaying his many athletic talents in another way - the fastest pitcher for the local "slow pitch" softball team.

Gary and co - pitcher, Mickey Cornelius, shared the pitching duties at their first game last week, or so the report goes. It seems the game had to be called due to rain.

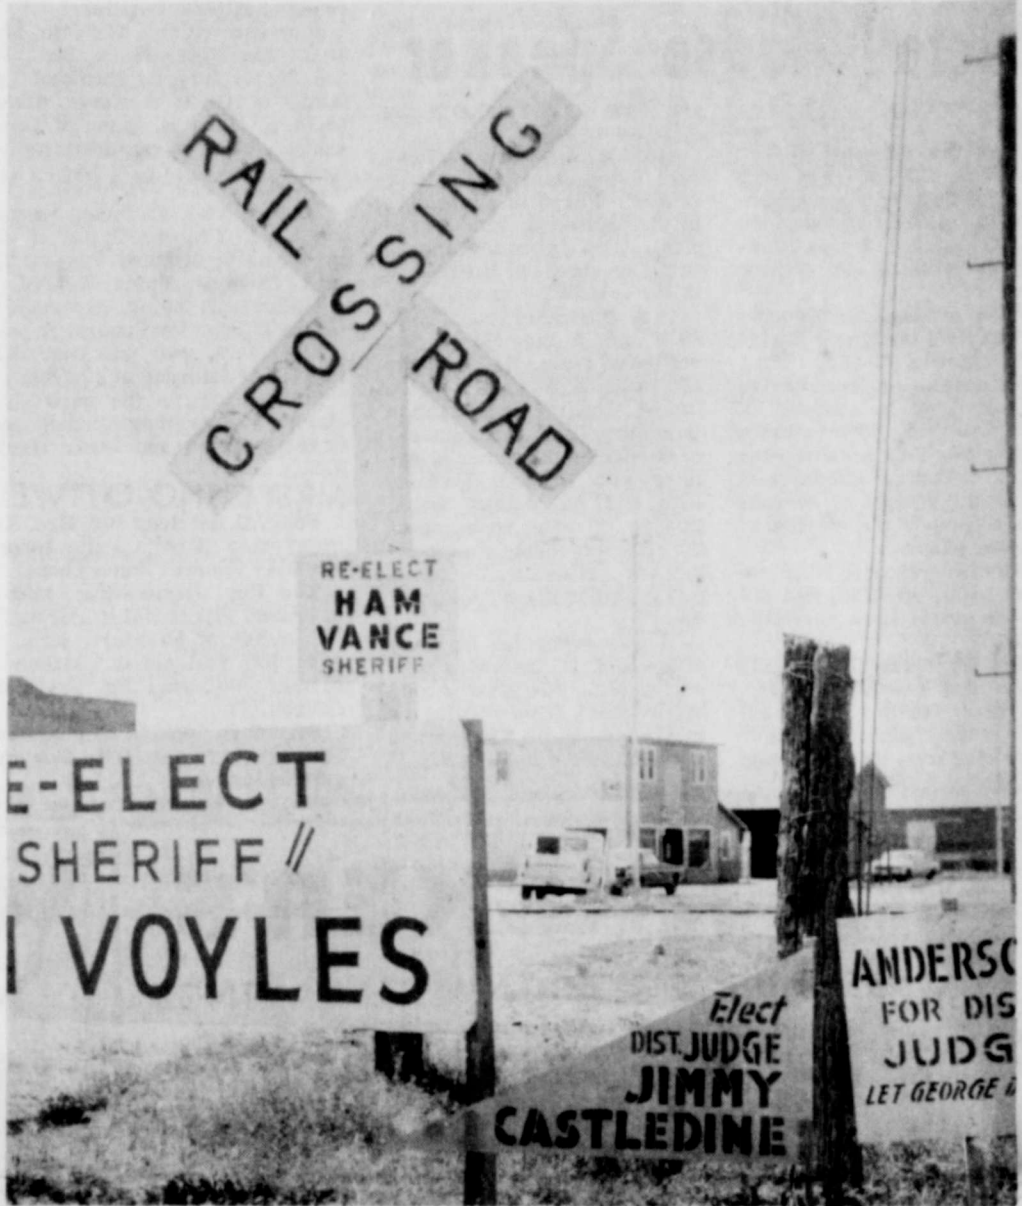

Which team was leading at the time, I asked another player on the Burk team? "Well," he replied, "the score is 16-0 - but we haven't got to bat yet!"

Months ago I ran a short list of requirements on what I take to be a rancher. Now I have found a similar one that spells out the requirements still further.

It's called "Minimum Requirements for Ranching."

1. A wide-brimmed hat, one pair of tight pants and \$20 boots from a discount house.
2. At least two head of livestock, preferably cattle - one male, one female.
3. A new air-conditioned pickup with automatic transmission, power steering and trailer hitch.
4. A gun rack for the rear window of the pickup, big enough to hold a walking stick and rope.
5. Two dogs to ride in the bed of the pickup truck.
6. A \$40 horse and \$300 saddle.
7. A gooseneck trailer, small enough to park in front of a cafe.
8. A little place to keep the cows, on land to poor to grow crops.
9. A spool of barbed wire, three cedar posts and a bale of prairie hay to haul around in the truck all day.
10. Credit at the bank.
11. Credit at the feed store.
12. Credit from your father-in-law.
13. A good neighbor to feed the dogs and cattle whenever the owner is out in Colorado fishing or hunting.
14. A pair of silver spurs to wear to barbecues.
15. A rubber cushion to sit on for four hours at the auction ring every Thursday.
16. A second-hand car for going out to feed the cows when your son-in-law borrows

WHAT KIND OF CROSSING???--The largest sign here may denote a railroad crossing, but the smaller ones indicate the crossings of paths or minds. Political posters abound in the county with election dates drawing near.

C.J. Lippard Sets New Eight Gallon Record

C. J. Lippard, local businessman, headed the list of donors when the Red Cross Bloodmobile came to Burk Burnett last Wednesday.

Lippard gave his 64th pint of blood to the Red Cross, or in simpler terms, Lippard's contribution Wednesday pushed his total donations to eight gallons of blood over the past 21 years.

He began giving blood to the Red Cross in 1950. Since that time he has given an average of over three pints of blood per year. A Red Cross spokesman stated that 21 years would be as short a time as anyone could give that amount of blood.

In the last 10 years, reported Lippard, he hasn't missed giving blood to the Red Cross when the Bloodmobile came to Burk Burnett. In addition to this he also has given at their office in Wichita Falls.

Lippard and his wife, Pat, reside at 310 Ellis. They have two sons, Bob, age 16, and Jay, age 15.

Lippard is a member of the local Methodist Church, and of the Lions Club. He is also a Mason and a Shriner, a director of the Burk Burnett Chamber of Commerce and a director of City-County Board

of Health. Another individual, Robert B. Nelson, was also cited for his contributions to the Red Cross. Nelson gave his 16th pint of blood Wednesday. He and his wife, Margaret, reside at 611 Berry. They have four children, Brenda, 11, Robert, 9, Ritchie, 6 and Amanda, 5. Nelson is employed as a letter carrier for the United

States Postal Service. A total of 40 pints of blood from 46 prospective donors were collected Wednesday, according to J.B. Riley, Jr., local chairman. We would like to extend special thanks to the donors, the Modern Study Club, and the American Legion Women's Auxiliary Canteen for their fine work and cooperation, stated Riley.

All area kiddos are urged to come and hunt in this community Easter Egg hunt sponsored by the Chamber of Commerce.

City Election Tuesday For Four Council Seats

Local voters are expected to trek to the polls in large numbers Tuesday as eight men vya for four places on the local City Council.

A. E. (Earl) Brown, Marvin Henderson, Charles (Chuck) Lindborn, and Jerry Donald Pate oppose the four incumbents A.L. Dillard, J. L. Caffee, Billy J. Smith, and T.M. Cornelius.

All eight men will run at large, rather than for specific places on the council, with the four top vote getters being the ones elected to office.

The polls will open at 7 a.m. and will continue until 7 p.m. Tuesday. All balloting will be done in the Council Room in City Hall with F.T. Felty presiding as election judge.

Absentee voting for the City Election ends at 5:00 Friday.

J.L. Caffee of 303 Ellis lists the longest tenure of any present councilman with a total of six years service on the Burk Burnett City Council. Caffee, now retired, is a long-time resident of Burk Burnett. He served as a clerk in the local post office for a period of 20 years and as assistant postmaster for another 20 year period. He is active in the Methodist Church and in the Lions Club which he has served as president.

Billy J. Smith, who is currently serving as the Major of Burk Burnett, will also be seeking his old seat on the council. He is a veteran of two terms (four years) on the City Council.

Smith came to Burk Burnett seven years ago from Oklahoma and is now a partner and the treasurer of Texas Reinforced Plastics, an industrial firm here.

In Oklahoma Smith served as the superintendent of Oklahoma State Parks at Lake Murray and Lake Texhoma for 12 years. He attended Oklahoma University, and Veterinary School after World War II in which he served four years with the Seabees.

Albert Dillard, who has also served two 2-year terms will be seeking his old post.

A father of three, Dillard is active in the Southside PTA where he served as president. He is a past president of the Chamber of Commerce, has served on the Tax Equalization Board and been the chairman for fund raising drives for the Boy Scouts and Heart Fund. Last year he was nominated to membership to the "President's Council" by the directors and officers of the American Institute of Management.

A ten-year resident of Burk Burnett, Dillard is the president of First Savings and Loan Assn. here.

T.M. Cornelius, the fourth incumbent running for re-election this year, is a 15-year resident of Burk Burnett.

Dairy Queen Plans Opening By April 15

April 15 is the planned date for Burk Burnett to see the completion of the \$95,000 structure at 625 Sheppard which will be the home of the new Dairy Queen.

The Dairy Queen motto "Food for the Family" will be carried out with the all new family-type restaurant.

"We hope that the new DQ will be a nice place for Burk Burnett families and a place for everyone's enjoyment," stated W.H. "Bill" Robinson, general manager of Wichita County Dairy Queens. He continued, "This new DQ is the first of several we have planned for this county. Burk was selected as the site for the first because we felt the city was in need of a quality eating establishment, and we feel this is exactly what we will be giving Burk."

Ronnie Cox will be the manager and will employ 12 people. See DAIRY QUEEN, Page 2

During his past years he has served as the president of the Chamber of Commerce, on the finance committee of the Methodist Church, the present candidate for District Governor for the local Rotary Club, Director of the West Texas Chamber of Commerce and is serving as chairman of the military affairs committee on the chamber.

A.E. (Earl) Brown is the former principal at Sheppard-Burk elementary school, a post from which he retired last year. He retired from the United States Air Force in Sept. of 1964 as a Lt. Col.

He attended schools in Texas and Oklahoma and holds degrees from the University of Oklahoma, Norman, Okla. He has served as president of four different county teach-

ers associations in Texas and Oklahoma. He began his teaching career in 1924.

Brown is active in the local Rotary Club as well as other organizations. He and his wife reside at 514 S. Hilltop.

Marvin Henderson, a 45-year resident of Burk Burnett, has filed for a place on the ballot Friday. He is a member of the Church of the Living God where he serves as the superintendent of the Sunday School Department.

He and his wife, Octavia, live at 400 W. 5th Street.

Charles (Chuck) Lindborn of 507 W. Third will be seeking his first term on the local city council this year.

Lindborn and his family first came to Burk Burnett in 1957 when he was stationed at Sheppard AFB where he served

as an instructor in aircraft maintenance.

He retired from the Air Force last year and is currently employed at White's Auto Store. He and his wife Ginny have four children, Charles Jr., Bill, Tom and Tim.

The old Town Hall has been renovated into a headquarters for the Police Station and Municipal Court. Abbott and his fellow officers moved their office to the new location Monday.

School Board Election Polls Open Saturday

Light interest has been displayed in the upcoming election for places on the Burk Burnett School Board with approximately 50 absentee votes being cast late Tuesday afternoon.

Although two places appear on the ballot, only one is a contested race. Incumbent Floyd Marten and Ira Schroeder will be vying for Place 5, while John Gill is the only candidate listed on the ballot for Place 4.

The election will be held Saturday at the Junior High School with F.T. Felty as presiding judge. Voting will begin at 7 a.m. and polls will close at 7 p.m.

Schroeder, who has lived in Burk Burnett for the past nine years, owns and operates a convenience food store in Wichita Falls on the old Iowa Park Road. He and his wife Donna have three sons, Ricci, a freshman student; Kevin, who is in the 6th grade; and Les who is in the 3rd grade. They also have one daughter, Kelli, 4 years of age.

Schroeder is active in the Burk Burnett Little League Baseball program and managed the championship baseball team last year. He is an elder and a Sunday School teacher in the Grace Lutheran Church.

Schroeder stated, "I am very interested in the youth of our community and I would like to see them have the best that we can give them. If elected I'll be a full time Board Member."

Incumbent Floyd Marten will be seeking his fourth term on the local Board. Marten was elected to the Board in 1961 to fill the unexpired term of Howard Preston. He has been re-elected for the three consecutive three-year

terms since that time. Marten and his wife Rhee have two children and reside at 706 Sunset. He is a 30-year employee of Southwestern Bell Telephone Co. where he serves as Service Forman. Born and raised in Burk Burnett, Marten is a graduate of Burk Burnett High School.

"I'm interested in our total school program, our youth, and our community as a whole," stated Marten, "and for those three important reasons I'm filing for re-election to the School Board."

John Gill, who is the incumbent for Place 4, will be seeking his second term. See SCHOOL, Page Two

Rep. Rayford Price Elected House Speaker

Representative Rayford Price of Palestine has been elected the Speaker of the House to fill the remaining term of Gus Mutscher according to information given the INFORMER/STAR late Tuesday afternoon by Rep. Vernon Stewart.

Price defeated his opponent Dewitt Hale of Corpus Christi by a vote of 77-65.

Mutscher, who was convicted recently in Atlanta of conspiracy to accept a bribe during the 1969 session, stated in a letter Monday that he would resign as speaker effective upon the election of his successor.

Stewart reported that an open ballot was used "so everyone would know how each voted."

Stewart told the INFORMER/STAR that he felt this was a victory for the anti-Mutscher support since Mutscher supported Rep. Hale and voted for Hale as did most of the "Mutscher team."

Stewart, who voted for Rayford Price stated, "I felt he (Price) offered an alternative to the Mutscher administration. He is committed to bringing about needed reform in our legislative procedures."

"On the other hand, Mr. Hale was a member of the Mutscher team. He had been appointed by Mutscher to the House General Investigation Committee that was supposed to investigate Mutscher's dealings with National Bankers Life and Sharpstown Bank. Instead of doing so he spent the time defending the Speaker and criticizing the press for its reporting on the scandal."

"I was surprised so many of the Dirty 30 members supported Mr. Hale after spending so much time in oratory in condemning the Speaker and his team in the last session."

A reception, hosted by the parents of the bride, was held in the Parish Hall following the ceremony. The bride's table held the pink and white tiered cake on a white satin cloth trimmed with pink net and flowers. The hall was decorated with arrangements of pink gladioli.

Miss Theresa Thompson, Mrs. Martin Trones and Mrs. Mike Holland served and Miss Pat Zimmerman registered guests during the reception. Tammy Thompson, Christy Thompson, and Kimberly Thompson, cousins of the bride, distributed rice bags among the guests.

The new Mrs. Holland is a mid-term graduate of BHS, and is presently employed by Bethania Hospital as a secretary. Holland, a BHS graduate, is employed by A&P Food Stores and will continue his studies at Midwestern University.

Now's the time to call your air conditioning serviceman.

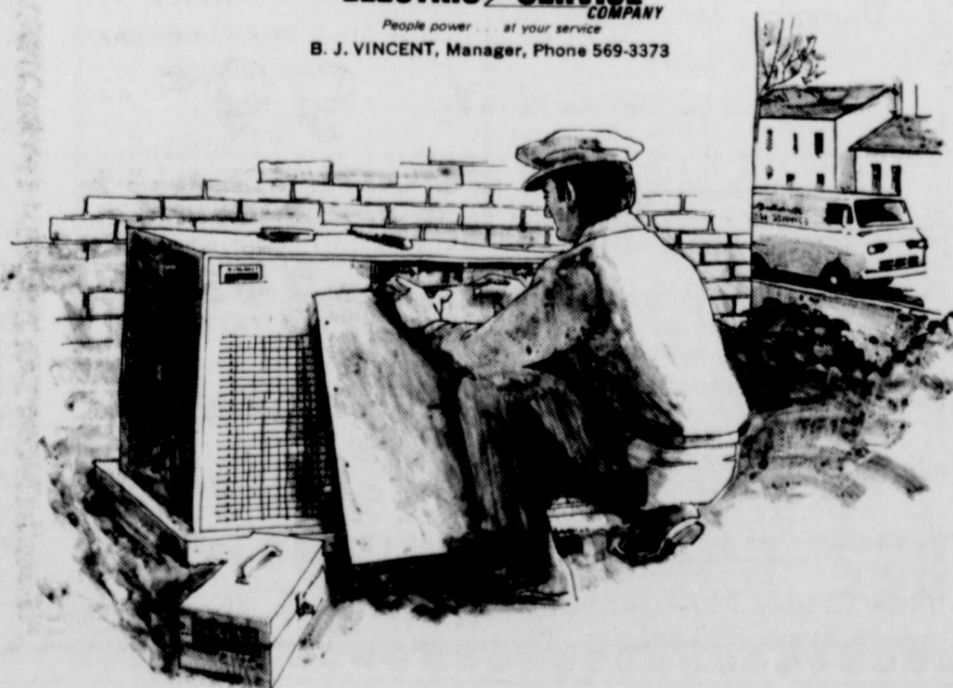

(Get a checkup before the heat's on.)

Right now your air conditioning serviceman can easily work your call into his schedule and get your unit ready to deliver dependable cooling through the summer ahead. We know that many people

wait until the heat's on to install electric air conditioning or have their units serviced. Later on, your dealer or serviceman may have a waiting list. Although Texas Electric does not service, sell or install air conditioning

equipment, we do want you to get the greatest value from your electric service. One way we can help is to remind you to get the jump on summer by calling your serviceman early.

SHEPPARD AFB, TEXAS--AUXILIARY CHAPLAIN--Msgr. Richard F. Vaughan, Catholic auxiliary chaplain at Sheppard AFB, talks about his three years of traveling from Amarillo to be at Sheppard every Sunday. (OFFICIAL USAF PHOTO)

Sheppard Man Travels 220 Miles To Get To Work

SHEPPARD AFB, TEXAS--Monignor Richard F. Vaughan views his work with the Air Force as a vacation even though he has to drive 220 miles to get to work and gets no compensation for the government for the gas he uses. He gets paid by the hour, but the pay does not include the time he spends commuting. Yet the opportunities to work with young people, correct the Latin of newspaper editors, and work with the Air Force make the trouble

worth the effort. The interest, the variety, and the fun of his job makes him willing to commute every weekend from Amarillo to Sheppard to serve as an auxiliary chaplain. Normally, Msgr. Vaughan serves as a teacher at Alamo High School in Amarillo where he is a guidance counselor, teaches religion, and is active in Civil Air Patrol. Born in Chicago and raised in Cicero, Ill., during the Depression, as a boy he remembers an

SHEPPARD AIR FORCE BASE

Sheppard To Join Nation In Observance Of POW's

SHEPPARD AFB, TEXAS--Sheppard AFB will join the rest of the nation in observing the week of March 26 to April 1 as National Week of Concern for Prisoners of War/Missing in Action as proclaimed by President Richard M. Nixon. March 26 will be a National Day of Prayer "For the lives

and safety of these men." "Our daily activities consume so much of our thought and energy, we tend to push aside those responsibilities which we are not directly charged to accomplish," said Gen. John D. Ryan, U.S. Air Force chief-of-staff.

"But there is one responsibility that no American should push aside--our responsibility to American POWs, MIAs and their families," the General continued. In his proclamation, the President noted that "1,623 American servicemen and some 50 civilians are either missing in action or held captive by North Vietnam and its allies."

At the end of this month, some of them will begin their ninth year in captivity. This is the longest internment ever endured by American fighting men.

President Nixon further stated: "The enemy continues adamant in his refusal even to identify all the Americans being held, to flout the Geneva PW Conventions, to block impartial inspection of the POW camps, to deny repatriation for the seriously sick and wounded and to ignore the prisoners' right to correspond regularly with his family."

President Nixon said the American people have stood and will continue to stand "united as a nation in our

concern and compassion for the prisoners and missing men."

"The United States has spared no effort - - by diplomacy, by negotiation, and every other means--to secure fair treatment of our captive sons and brothers and to obtain their ultimate freedom."

"As we set aside a special week of national concern for this continuing tragedy, and a special day of prayer for its resolution, we do so with a determination to persist in this effort--for principle, for peace, for the sake of these brave men and their parents and brothers and sisters and wives and the children some have never seen," the President said.

Senators Holding Tryouts For Varsity Squad

SHEPPARD AFB, TEXAS--The Sheppard Senators fast pitch softball squad is currently holding tryouts for their 1972 varsity squad.

The Senators compete in the City Fast Pitch league and enter numerous weekend tournaments during the regular season, as well as representing Sheppard in the ATC tourney at Keesler AFB, Miss.

occasional funeral for a fallen underworld leader--or a hapless victim--of the mob. He entered seminary in Indiana, and after being ordained he went directly to Amarillo and spent the next five years in teaching. Pulled away from this for 15 years to serve in parish work, he returned to teaching in Amarillo, and, in 1962, became an auxiliary chaplain at Amarillo AFB. Amarillo AFB was closed in 1968, and one of the Catholic chaplains there, Capt. Ralph L. DeTucci, was transferred to Sheppard. Two months later Msgr. Vaughan received a call from Captain De Tucci: Sheppard had lost two of its Catholic chaplains, and would Msgr. Vaughan please come to Sheppard and serve as a temporary auxiliary chaplain. The answer was yes, and the temporariness soon changed to permanence as it became apparent that his services would always be needed and welcome.

Msgr. Vaughan now spends every weekend at Sheppard, and in the summer he stays here full time. As an auxiliary chaplain he performs mass and hears confessions, but he does not counsel or make hospital visits like a regular chaplain. His experiences here have been varied. He particularly remembers the time Robert Arnold of the Sheppard Senator tried to pass off "uno numero" as grammatical Latin; Msgr. Vaughan was quick to inform him that it was not.

Does your hot shower end in the middle of your hot shower?

And, as if that isn't bad enough, you've got three kids and a very irate wife prepared to tar and feather you for using up their hot water.

Maybe it's time to move up to a larger gas water heater. Gas water heaters are easy to buy. Easy to install. And they recover hot water up to twice as fast as electric water heaters.

Make the decision. You'll stop getting into hot water with your family, and start getting into hot water with your shower.

Evans stated that the best rock hunting was near lakes, usually.

After the rockhounds have their treasurers many enjoy doing carvings or making jewelry with the semi-precious stones.

All proceeds from the day-long shows this week-end will go to the organization's scholarship fund for a Midwestern student anjoring in earth sciences.

STATE Capital NEWS

By BILL BOYKIN

Texas Press Association
 Texans have just a few days more—until April 5—to register to vote in the May 6 primary elections.
 Major state candidates, in-

cluding Gov. Preston Smith, viewed with alarm registration totals so far. They noted that less than 3.8 million had registered as of last weekend, although there are nearly 7.7 million qualified voters in the

state. Present registrations are trailing the corresponding period in 1968 by 294,000 and the 1970 figure by more than 370,000.
 In 1968, observed gubernatorial candidate Frances Farenthold, 64 per cent of qualified voters were registered before the primaries. This year, only 48 per cent of the potentially-eligible are registered. Former U.S. Sen. Ralph Yarborough pointed out that 63.4 per cent of those qualified registered in 1970, and the 1972 dropoff is reflected in many "working class" neighborhoods.

Nearly one million more should register by April 5 if previous patterns are followed, Smith said.
 Under the state's new voter registration system, which candidates Farenthold and

Yarborough lauded as one of the nation's best, citizens have until 30 days before any election to register and become eligible to vote.
 The U.S. Supreme Court threw some confusion over the registration system with a ruling that 12 months' state and six months' local residency requirements for voter eligibility (like those of Texas) are unconstitutional.
 The High Court said 30 days' residency is sufficient for any state. Secretary of State Bob Bullock took the case under study. Special legislative attention may be necessary.

TPA POLLS NORTH AND EAST TEXAS--Editors and publishers were polled at the annual meeting of the North and East Texas Press Association in Palestine last week.
 First question was--"Who will carry your county in the primary?" In the Democratic Governor's race, the newsmen voted: Barnes, 25; Briscoe, 20; Smith, 8 and Farenthold, 3. Republican gubernatorial candidates rated were Fay, 12; Grover and Reagan, 9 each. In the Lieutenant Governor's race it was Hall, 27; Conally, 14 and Hobby, 12. The editors selected Sand-

ers 28 to 19 over Yarborough in the U.S. Senate primary. Asked whom they would vote for personally, the tally read: Briscoe, 19; Barnes, 14; Smith 8 and Farenthold, 5.
 They selected Hall, 26 over Hobby, 10 and Conally, 7. In the U.S. Senate primary they voted for Sanders 18 to 7 over Yarborough. In the 1972 General Election poll they voted for Tower 21 to 5 over Sanders.

ed he will step aside as a speaker.
 The long-expected move set the stage for a head-on battle for the key presiding officer's post when Governor Smith calls a special legislative session.
 Reps. Rayford Price of Palestine and L. DeWitt Hale of Corpus Christi both claim majority support to take over the gavel during the special session. Hale has agreed to serve only as interim speaker and pledges he will not seek the job in the 1973 regular session. Price is considered the leading candidate for speaker in 1973, but he wants

to take over at the first opportunity to enhance his long-term chances.
 Most other speakership hopefuls line up behind the Hale interim bid. Rep. R.B. McAllister of Lubbock, radio-television executive, announced he also will seek the speaker's position in 1973.

INSURANCE RATES AGAIN
 -- Insurance Board Chairman Larry Teavener lambasted two Board colleagues for proposing a \$27 million homeowners increase which he termed "unnecessary, unjustifiable and an insult to the

intelligence of the people of Texas."
 Board members Ned Price and Durwood Manford denied any new rates have been finally adopted and said they likely won't be before June 1.
 Teavener, who advocates a \$14 million decrease in fire and other building coverage, called another meeting for March 29 to review Board actions and to recommend an "economic trend factor" be kept out of rates pending a study of the price freeze and inflation.

Demos Leave Off DST--

Democrats ignored a legislative resolution directing a May 6 statewide (non-binding) vote on daylight saving time. Republicans put the issue on their ballots.
 Authors of the resolution, Reps. Hilary Doran of Del Rio and John Roemer of Hondo blasted Democratic Chairman Roy Orr of DeSoto who accepted responsibility for the omission. They also petitioned the State Democratic Executive Committee to reconsider and overrule Orr.

COURTS SPEAK--The State Supreme Court April 26 will

hear a lawsuit concerning invasion of privacy and whether a telephone company owes customers protection from a wiretap by an employee.
 Court of Criminal Appeals granted a new trial for a Smith County man convicted of raping his sister-in-law.
 The State Supreme Court declined to issue orders under which an Austin investor sought to require a deposition from a San Angelo Savings and Loan Association president which may touch on stock scandals.
 A \$55,500 claim by a Houston couple against the city as

a result of their son's drowning in a garbage dump was refused by the Supreme Court.
HOSPITAL BUDGET COMPLETED--Texas Department of Mental Health and Mental Retardation will seek \$141.8 from the legislature for its 1973 fiscal year operations.
 Major requests will include a new children's psychiatric unit at Austin, alcoholism and drug abuse programs at Big Spring, maximum security buildings at Rusk and a critically needed 100-bed treatment facility for drug abuse patients at San Antonio.

Other major allocations are sought for the Rio Grande State Center for MH/MR, construction of an El Paso State Center for Human Development, community-based MH/MR services, funds to meet Medicare - Medicaid certification requirements, a new drug dependent youth program at Vernon Center South and new intensive treatment centers in Houston and Dallas.
SPECIAL ELECTION SET--A special election has been set for June 13 in Jefferson County to fill the unexpired term of the late Rep. Will

Lee Smith of Beaumont.
 Smith, dean of the House of Representatives, died March 17 of a heart attack. He was unopposed for a 13th term in the Democratic primary.
APPOINTMENTS -- Four were named by Governor Smith to the new Texas Council on Marine-Related Affairs. They are Dr. John C. Calhoun Jr. of College Station, John J. Pepe of Houston, James J. Flanagan Jr. of Port Arthur and Joe B. Harris of Austin -- all appointed for six-year terms.

Smith also announced re-appointments of the following to the Board of Trustees, Texas County and District Retirement System as well as appointment of Dallas County Judge W.L. Sterrett; County Commissioner A.J. Ploch of San Antonio, Tarrant County Criminal Court Judge J. C. Duvall of Fort Worth and Lamar County Judge Lester Crutchfield of Paris.

Tom Moore Gets Award

Tom Moore, chemistry and physics teacher at Burk Burnett High School, has been selected as one of the eleven top physics teachers of Texas. This award is one of the highest given to Texas Physics teachers, and it is also extremely difficult to get nominated for such an award. The nomination of Moore was made by Dr. Epp, chairman of Midwestern University's Department of Physics, who had been watching Moore for six weeks. After his observation, Dr. Epp made the nomination. At a meeting on March 10 and 11 in San Marcos, Texas, the TS-AAPT (Texas Section of the American Association of Physics Teachers) recognized Moore as one of the top physics teachers in Texas.

Burk Rotary Club Plans Underway For Annual Art & Antique Show

Final plans are underway for the annual Burk Burnett Rotary Club's Art and Antique Show which is to be held April 22-23. The show was described as a great success last year and if things continue as they look now then this year's show will be even bigger and better. Last year the arts and an-

tiques had to be separated. Not so this year. Both will be held in the new Burk Burnett Community Center. Larry Watts is chairman of the show, and Dr. Bob Dowd is in charge of both the art and antique exhibits. There is no charge for exhibiting art or antiques and area persons having something

they would like to exhibit may contact either of the two above individuals. Art and antiques on exhibit may be strictly for show or they may be sold to the public. The show will run between the hours of 9 a.m. and 6 p.m. on Saturday and 1 p.m. and 6 p.m. on Sunday.

KILLS SHEEP - Dogs tore into four grown sheep and a lamb belonging to B.O. Willis of 535 W. Third early Saturday morning. The end result of the incidents was death for all the sheep. Persons with dogs are urged to obey the city ordinance and keep the animals confined.

Coyotes Edge Burk

The Bulldogs, who wanted badly to revenge a 9-2 defeat by the Coyotes last week came within only one run of doing just that. Not up to par in hitting, the 'Dogs almost made up for it in the field. However, the Coyote's pitching by Jeff Milam which held Burk to two

hits was too much to overcome. Milam also only walked one and struck out every player on Burk's startin' line-up at least once for a total of 15 strikeouts. Gary Lancaster was the only Coyote to score and the runs were scored in the first and third innings.

Burk got its only hits and run in the fifth inning, when Monty Patton singled, stole second, and scored on a ball hit by David Caraway. This loss gives Burk a 3-2 record with both losses coming from Wichita Falls High.

TEEN TALK

By Laura Allison

Every week it seems that I have to dig harder and harder to find information for my column. The funny thing is that last week when I was sick and didn't have to write one, I had information running out of my ears! So I'll try to tell you last week's and this week's news.

Five students in the Texas Vocational Industrial Clubs of American (VICA) from Burk High attended its District II annual meeting on March 10 and 11. The meeting was held this year at Trimble Technical High School in Fort Worth.

There were one hundred students competing in the skill-speed contest, and the Burk students placed very high in the competition. Johnny Blyeu received an honorable mention for the exhibit that he entered in the contest. The others attending the meeting along with Blyeu were Richard Doyle, Mark Adams, John Able, Robert Scripps, James Milburn, and the advisor, Leon Pace.

Burk Burnett High had several students participate and place in the Conservation Essay contests on the school, county, and tri-county levels. Karen Brown, a Burk High honor senior, won first place in the school competition and advanced on the win first in Wichita County and the tri-county area. Debby Zaloski placed second in the county for her essay in the 17-year-old division, and Donna Lewis placed third in the county in the 15-year-old division. In the Burk Burnett High School contest, these students place first in their age group. Karen Brown, Donna Lewis, and Kathy Edwards. Joyce Morgan, Robert Curtis, and Debby Zaloski placed second, and third place winners were Doug Turner and Kathy Davis. Janice Brown and Janice Harris placed fourth.

The Student Council sent their delegates to the state convention at Austin this week. Ranette Hudson and Karen Greer were the two junior delegates, while Chris Strayhorn and Dennis Barnes were the two sophomore delegates. Dwight Caldwell also attended to help Chris and Dennis with the discussion group that the Burk council was in charge of. Mrs. Jan Horky, Student Council sponsor, accompanied the group.

GOLF CLINIC SCHEDULED

A Golf Clinic for lady golfers will be given under the instruction of Cliff Southerland, golf pro, Thursday at 8:30 p.m. It will be held under the lights at the Boomtown Golf Center. Southerland especially urged all members to attend as there will be a meeting following the clinic to form a ladies' golf association.

FTA Plans Car Wash

The cleanest cars in town will be seen departing from Spink's Texaco all day Saturday, April 1. Over a dozen ambitious, anxious-to-please FTA members will be stationed with sponge in hand, ready to clean yours inside and out. From 9 to 5, your car can be washed "squeaky clean" for a minimal \$.50 and vacuumed for 5¢.

If you value your horses, don't take chances with Venezuelan equine encephalomyelitis (VEE). A vaccination program for the deadly horse disease should be activated now before mosquitoes which transmit the disease become too active.

Horses, mules and donkeys that should be vaccinated are in four groups: (1) unvaccinated animals that have recently moved into the state, (2) foals born since last year's vaccination campaign; (3) foals vaccinated last year that were under six months of age, and (4) animals that were overlooked and never vaccinated.

Horses, mules and donkeys that were vaccinated last year need not be vaccinated again. However, if there is any doubt as to whether the animals were vaccinated, it is best to vaccinate again.

This year the individual horse owner must pay for the vaccination. Commercial vaccine is available and must be administered by a veterinarian.

Are you interested in boosting the percent calf crop in your beef herd? Then you may want to obtain a copy of a new bulleting by the Texas Agricultural Extension Service, "Ways to Increase Percent Calf Crop in Beef Cattle." It was written by John Beverly, animal reproduction specialist, and is available at the county agent's office.

The five organized communities in Wichita County will be judged by the District Judging Committee during the week of April 24-28.

Judges this year will be Miss Joy Riley, Wilbarger County Home Demonstration Agent, and Carly Hays, West Texas Utilities Company. Exact judging dates will be given to community presidents at a later date.

Small Grains Can Give Profit???

Can more profit be made from small grains in the Plains.

Yes, say the specialists. But at the 1972 Small Grain Symposium here March 18,

the specialists also said no, where there is lacking a high level of management.

The symposium, here and the day before at Seymour, was a project of the Rolling Plains Economic Program (R-PEP for the short of it) and the Texas Wheat Producers Board, and was prepared by the R-PEP Task Force for Small Grains.

Growers from the 29 counties in R-PEP heard Dr. Dale A. Lovelace urge the "production of small grains for dual purposes: as winter forage for the tens of thousands of cows and stocker calves in the area, and as grain to be harvested after the animals are moved to summer forage."

He is a specialist for the Texas Agricultural Extension Service, and along with fellow specialists Norman W. Brints (economics), Emory P. Boring III (entomology) and Dr. Robert W. Berry (plant pathology) stressed the ever present relationship between good or bad management of small grains and big or little profits from small grains.

Good seedbed, quality seed, varieties best adapted to the area, proper fertilization (based mainly on tests of the soil), control of diseases and insects and weeds, grazing for maximum nutrition, harvesting for quality grain—these the specialists described as objects of high-level management.

"And marketing that brings the highest price," said Bill Nelson, "is very much a part of good management." He is executive vice president of the Board and of the Texas Wheat Growers Association.

Nelson emphasized that increased exports, especially of wheat, is the small grain most produced in the R-PEP area, was at this time perhaps the best way to increase sales. He stressed the quality that must be produced because of the energetic selling of small grains in the world market by overseas growers and by Canadian growers.

Attends Conference

Wichita County Farm Bureau was represented by six leaders at the area Farm Bureau Legislative Conference Wednesday in Wichita Falls, according to Ed Foster, local county president.

Attending from this county were: Ed Foster, Jr., Electra; L.B. Slaughter, J.W. Tole and Temple Shell of Wichita Falls, Loys D. Barbour and Mrs. Ruth Gard of Iowa Park.

The conference was one of 23 being held throughout Texas this month to plan effective ways and means for county Farm Bureaus to implement Farm Bureau policies at county, state and national levels, the farm leader said. More than 800 county legislative committee members are expected to take part in the state-wide activity.

SUPPORT Jerry Donald PATE for City Councilman

Utility Rates:

Proper study and evaluation of Utility Rates should be required before an increase is granted. I feel that our present rates are adequate for the service we receive.

Youth & Senior Citizens:

These two age groups are a valuable resource to our city and in the future should be included in the workings of the community. By using their talents and abilities we would strengthen the involvement of these citizens and improve our city.

Taxes:

For every tax dollar you pay, you should receive a dollar's worth of service in return. The city can benefit from the many state and national aid programs. These programs can boost the economy of the city and ease the property tax burden.

Parks & Recreation:

Our city is lacking in recreational facilities; we need more parks in safer locations. We have a demand for parks and equipment for all ages -- from youngsters to senior citizens.

Streets:

In all parts of our city, there are streets in desperate need of repair and improvement. In heavily populated areas with children, more traffic signs and stronger enforcement are essential.

"I want to make this city a better place to live --
for me and my family and for you and your family."

Planning a big afternoon or evening "do"? Then think about having a cocktail buffet instead of a sit-down meal. It can be just as satisfying and is, as a rule, easier and more comfortable to prepare and serve.

devoted to the boy. When he found out about Laura's tactics, he haled her into court. The judge took the matter so seriously that he changed the custody order, transferring the boy from his mother to his father.

As a general rule, the law condemns efforts by one divorced parent to poison the mind of the child against the other. It is tender mind the seeds of hate and the cankerous beginnings of malice toward those whom he should cherish.

Likewise, the law frowns on the use of the child as a pawn in financial bargaining. For example: A divorcee constantly belittled her ex-husband to their small daughter. But she also let him know that she would stop as soon as he agreed to a large cash settlement.

Again, a court denounced her tactics and switched custody from mother to father. The court said she had no right to use the child as a kind of blackmail weapon for her own benefit.

Of course, in these highly emotional situations, it may be difficult for a court to separate fact from fiction. As a result, judges sometimes fall back on solutions that are admittedly less than perfect.

In another case, at the time of the divorce, custody of a child had been divided between husband and wife. Later, in a court hearing, each accused the other of "poisoning the child's mind against me."

After due deliberation, the court decided to leave custody just as it was—divided. Even though this meant exposing the child to parental crossfire, the court said at least it gave each parent "equal time" to defend his character.

EXEMPTIONS CAN BE CLAIMED FOR ALL YOUR DEPENDENTS April 17th looms nearer, and taxpayers who have put off preparing their income tax returns will have to come to grips with that Form 1049 they have desperately been avoiding. It's a cinch they'll remember to claim their children as exemptions. But will they remember to claim other eligible dependents?

Not always. In their rush to beat the deadline, says H & R Block, America's Largest Tax Service, taxpayers have been known to forget all types of legitimate deductions, including relatives whom they support.

If you have certain close relatives living with you or whom you supported for the entire year, and they did not file a joint return with anyone else, you may be able to claim a \$675 dependency exemption. In order to claim this exemption, your dependent may not have earned over \$675 in gross taxable income, and you must have contributed more than half of the total cost of his support. The Internal Revenue Service defines the cost of support to include, among other items, payments for food, clothing, shelter, entertainment, and medical care.

Certain types of income received during the year, such as Social Security payments, are not counted as taxable income. However, they still must be considered as being funds available for support, when you are trying to determine whether you contributed more than half of the support.

Suppose an uncle lives part of the time with you and part of the time with other relatives. If you and at least one other person contribute major support (each individual contributing 10% or more of the cost of support) join together to file Form 1120 (Multiple Support Statement) then one of you will be able to claim the full \$675 dependency exemption for your uncle. This can only be claimed if no one person contributed 50% or more of the total cost of support and all other conditions are met. If one person contributed more than half of the cost of the uncle's support, then he would be the only one entitled to claim the exemption.
