VOLUME 64

BURKBURNETT, WICHITA COUNTY, TEXAS 76354

THURSDAY, JUNE 22, 1972

NUMBER 42

Editor's Viewpoint

RAYMOND GREENWOOD

I've had numerous complaints lately about the "mag" that appears with my column. Therefore, I thought an up-to-date photo of the old editor might be in order.

Those who have seen it have told me that it was a marked improvement over the old one. Both are shown at the beginning of this column, so as to please the (vast number of fans???)

Those of you that still have a little rodeo fever left in your veins might travel over to Randlett this weekend for their annual event. An amateur rodeo will be held there this Thursday, Friday and Saturday with excitement expected in every event.

We are still receiving numerous orders on Mrs. Benton's "A Portrait of A Boomtown Burkburnett". A handy ordering blank can be found in this week's edition for those of you that would like to order by mail, or you can stop by our office to order your copy. Order now as a pre-publication order and save money.

With summer vacations coming around regularly and camping and fishing trips, I can't help but relate what I was told recently about one of the local anglers.

It seems that Jerry, as the story goes, tried five different types of lures without success, even though he could see the fish through the clear water.

Disgusted, he reeled in his line, reached in his pocket, and tossed a handful of change into the water. "Go on, then," he yelled. "Buy something you do like!"

I've always thought I was one of the most unlucky men ever, but then I heard of one that topped the list.

It seems this man practiced for five years forging another man's signature on checks. When he perfected the signature, signed a check, and cashed it, the check came back marked "Insufficient Funds."

And then there was the editor who was interviewing an applicant for the position of proof-reader. "I suppose you're aware of the responsibility attached to this job?" he questioned. "Oh, yes," replied the applicant. "I know that when you make a mistake, I take the blame."

HEAVILY DAMAGED--The above auto was heavily damaged as it was hit in the rear by a Ken Worth truck loaded with cattle. The truck pushed the car a total of 1,127 feet with most of that being down the bridge rail.

CAR RIDES RAIL--The 1959 Chevrolet, above, rode the rail of the Red River Bridge for 1,000 feet before coming to a halt in a Tuesday evening accident.

Jim Cunningham At Local S&L

James C. Cunningham began duties as assistant to the president of the First Savings and Loan Association Monday, according to an announcement by Albert Dillard, president of that firm.

Cunningham, age 30, has previously been employed by the First Savings and Loan in Bowie and for the last two years has been self-employed in private enterprises.

He was born and raised in Bowie and attended North Texas State University and Oklahoma University. He served his military service with the United States Air Force.

He and his wife Patricia and their seven-year-old daughter, Shelly, currently live in Wichita Falls, but will be moving to Burkburnett in the very near future.

This is not the first time for the Cunninghams to live in Burkburnett, however. They lived here for a brief four months, ten years ago when he was stationed at Sheppard Air Force Base.

"We enjoyed living in Burkburnett those four months," stated Cunningham. "We are looking forward to becoming part of the community here and getting to know the fine people that live here."

The Cunninghams are active in the Baptist Church. He is a member of the Masonic Lodge and various other civic organizations.

Celebration Said Success Due To Various Activities

As Heritage Week activities came to a close Sunday afternoon in Burkburnett with the ending of the Rotary Club Art & Antique Show, it was generally thought of as a success by those that participated.

Window displays of photographs of "way back then" as well as numerous antique items that were every day household articles then were plentiful. In fact, there were more window displays this year than ever before. Majorie Kauer, who was responsible for the window displays, reported a total of 30 windows had been decorated by various clubs and individuals for the event.

As reported last week, the Glen Ash Show held on Saturday, June 10 as kick-off to the special week was an excellent entertainment show.

The "fashion" show held Monday night was great, according to the 100 or so persons in attendance.

The auction held Tuesday and Wednesday of last week also proved to be a success. Light showers Tuesday hampered the auction somewhat that day, but a large group turned out for the Wednesday session of the city-wide auction.

The Senior Citizens reunion or get together held in the National Room proved to be a great "flash back" as a large number of folks got together to talk about the old times.

The attendance for the Burkburnett Riding Club Play Day was fair with horses and riders in all sizes and ages participating in the event.

In the North Texas Par-3 Team Championship Golf Tournament, sponsored by the Chamber of Commerce, the partnership of Gene Allen and Jerry Homes won the championship flight with a total score of 114.

Randlett Rodeo This Weekend

Activity will be high when the Randlett Riding Club presents its second annual rodeo beginning Thursday and continuing through Saturday. The 8:30 p.m. shows will feature the stock produced by Hatchford Brothers from Davis, Okla.

The open show rodeo will include such events as bareback bronc riding, bull riding, calf roping, steer wrestling and two separate events of barrel racing - including a jackpot race for girls 14 years old and younger.

A Pony Express Race will be held each night of the rodeo with various riding clubs challenging each other.

Admission for the performances will be \$1.50 for adults and children for 75¢.

The Randlett Rodeo ground is located at the site of the old school football stadium which is one block north of Highway 70 in Randlett.

Lawton Couple Narrowly Escapes Serious Injury

A Lawton, Oklahoma couple narrowly escaped injury and possibly death Tuesday afternoon as their car slid down the railing of the Red River bridge for 1,000 feet after being hit in the rear by a truck loaded with cattle.

The 1959 Chevrolet was driven by Lorian Weaver, age 75, and was headed north on U.S. 277 just inside the Red River Bridge. The car was hit in the rear by a 1971 Kenworth truck driven by Maurice Lynn Tennant of Gettysburg, South Dakota. Neither Mrs. Weaver, nor her husband, who was a passenger in the car, nor the truck driver received any injuries.

From the point of impact the vehicles traveled 127 feet to the bridge railing, according to Oklahoma Highway Patrol Officer Scruggs. The car then was pushed along the rail by the truck for an additional 1,000 feet, hitting every concrete post along the way.

The truck driver reported to the INFORMER/STAR that once they hit the rail and he realized the vehicles were stuck together that he pulled as far to the right as possible to try to keep the Weaver car from going over the top of the rail and into the Red River below. Once the vehicles had come to a stop, the truck was able to just back away.

Although the truck received only slight dent in the front bumper, the Weaver car was declared as a total loss.

The accident occurred at 3:20 p.m. Tuesday. North bound traffic on US 277 was stopped and backed up to the Glendale Exit as officers worked to clear the bridge.

In other action, Burkburnett Police reported that a Bulldog Senior Ring had been turned into the office. The ring was found at the "Boondock Swimming Pool". Possible owners are asked to call to identify.

Two sheep belonging to Danny Allen strayed from the local Ag-Barn Saturday. The sheep were located Monday. They had been killed by dogs.

Hal Eads of 632 Pecan and Niles Caldwell of 102 Rose each

reported a bicycle stolen Friday. Saturday, Robert W. Graff of 407 1/2 Roberts reported a bicycle wheel stolen. Bruce Hagstrom reported Monday a bicycle stolen from 520 Glendale.

Thelma Burns of 315 E. First St. reported Monday that a jar of pennies had been stolen from her home. She estimated \$12 to \$15 in pennies were contained in the jar.

The jar of pennies was found the following day by Burkburnett Police and two juveniles admitted they had stolen them. Restitution will be made by the parents.

Bloodmobile To Stop Here Today

The Wichita County Red Cross Bloodmobile will stop in Burkburnett today and individuals may make blood donations at the National Room of the First National Bank between the hours of 3 and 6:45 p.m.

Each donor will have a specific appointment time so that he will get through the donation process promptly without having to wait. This will also keep the nurses working at a steady pace and will assure a sufficient blood supply.

Interested persons may make appointments by calling Mrs. Irv Smith at 569-2301.

Persons over 18 years of age who are physically qualified, can donate without parental permission but persons over 66 should have written approval of their physician dated within 2 weeks of the bloodmobile visit.

This will be the second of four bloodmobile visits this year and each provides the citizens of Burkburnett with a chance to keep a safe, dependable supply of blood available when and where it is needed.

CHAMPIONSHIP FLIGHT WINNERS--Jerry Homes, left, and Gene Allen are shown with the golf bags they won for being the championship flight winners in the local golf tourney.

SECOND FLIGHT WINNERS--Alex Koulavates, left, and Bob Carter won the second flight of the local golf tournament with a score of 115.

FIRST FLIGHT WINNERS--The score of 114 was good enough for golfers Dr. Bill Boardman, left, and Jody Sutherland, to capture the winning slot in the first flight of the local golf tournament.

Police

Mrs. Weldon Nix of 512 Magnolia reported Tuesday that her purse had been stolen from her automobile, which was parked in front of her home.

Chief of Police Buck Abbott received a letter recently from J. D. Elam, Captain Commander, Division IV, Oklahoma Highway Patrol, commending Abbott and the Burkburnett Police force for their excellent cooperation with the Oklahoma Highway Patrol.

The letter pointed out that the road block set up at the Red River Bridge by the Burkburnett Police at the time of the Grandfield Bank robbery in May was very influential in helping Oklahoma authorities arrest the robbery suspect.

Golf

and Leo Pasarello, 112; and F.C. Roye and C.W. Gilbert, 114.

FIRST FLIGHT: Jody Sutherland and Bill Boardman, 114; T.M. Cornelius and Jackie Cornelius, 115; Mickey Cornelius and Ben Martin, 115; Dr. Carl Morrison and Paul Kortex, 115; Jim Metz and Roy Rucker, 115; Dale Lewis and Dave Hardaway, 130; Larry Doerre and Walt Doerre, 133.

SECOND FLIGHT: Bob Car-

ter and Alex Koulavates, 115; Weldon Nix and Harold Kennedy, 118; Tom Hubbard and Bill Bruend, 118; Reid McCandless and Denise Barnes, 123; Darrel Nichols and John Brown, 123; Billy Smith and John Ward, 125; Gary Owens and Larry Rariden, 126; Rusty Kinnett and Randy Clements, 129; and Lester Yates and Bill Morse, 135.

Prizes of a dozen golf balls went to second place flight winners, while third place winners received a set of head covers from Boomtown Golf Center.

The Rotary Club reports that it is exceptionally proud of its Art and Antique Show, the last thing to be held in conjunction with Heritage Week.

Several hundred persons made their way through to look at the scores and scores of valuable antiques and paintings that were on display for the two days.

Baboons, which have just about more freedom than any other inmates at World of Animals east of Dallas, Texas, often yearn for even more. One hitched a ride on top of a school bus, and before he or any of the park's attendants knew it, he was scrambling around the paved parking lot. The people must have terrified him -- he rushed back across the lot, jumped into the trees, scrambled across a tall wire fence and returned to his own "civilization."

Summer Program Well Underway

Burkburnett's summer recreation program is underway now with activities being planned and enjoyed by much of the city's youth, according to the summer recreation director, Bob Carpenter.

"Golf"

Registration was held Monday and Tuesday for the golf clinic which started Wednesday and will continue through June 30 at the Boomtown Golf Center. Boys and girls between the ages of 8-12 and 13-18 may still enroll today or tomorrow as there is room for a few more participants.

Carpenter pointed out that no prior knowledge of golf is necessary to enroll in the clinic.

The clinic will be conducted by Cliff Southerland, pro at Boomtown Golf Center and by Carpenter. At the conclusion of the clinic a junior tournament will be held and winners will

Half Way House Opens Recently In Wichita Falls

A new Drug "half-way house" has been opened at 9th and Taylor in Wichita Falls and has been named the "Shalom House".

According to Dono Tufanes Jr. and his wife, Nancy, who are the managers, the house was set up mainly for a "crash pad" for persons having drug problems or other personal problems. Persons coming to the house can stay only for a total of 72 hours and must abide by strict rules of the house.

Tufanes said that the house is funded by the state, and that they work with the HELP center in Wichita Falls. The HELP center has a rehabilitation program and has professional people available to help the ones in need. They also work in conjunction with the Air Base, Vocational Rehabilitation, and the Salvation Army.

The house was purchased by "concerned citizens" and these same people head up advisory committees. A staff member said they have a hot line that is manned by persons who have been trained by professional doctors to handle crisis situations. Tufanes made a point that this is not a commune. They have separate dorms for males and females and the home is under close supervision at all times.

be awarded trophies in each division with medals going to the 2nd and 3rd place. Those that finish the clinic will be able to buy a junior membership for the remainder of the summer.

TENNIS

Enrollment got underway

earlier this week in the tennis program for beginners and intermediates. Response was good in the beginner division but more intermediate players are needed.

Carol Henderson and Dwayne Jones will be the instructors

and Spunk Jones is the coordinator for the program. The annual tennis tourney will be held at the end of the four week tennis program.

GYM

Carpenter stated that several groups have been using the girls' gym at the junior high

while it is open in the mornings and it is hoped that others will take advantage of the facility.

BATTLE OF BANDS
A "Battle of the Bands" is in the planning stages right now. A tentative date, Friday, July 21, has been set and the "battle" will be held in the Burkburnett Oil Park.

Sponsored jointly by the Parks and Recreation Department and the Chamber of Commerce, the contest will have a \$100.00 first prize.

Groups entering the "Battle" must be composed of from 3 to 7 individuals who attend the Burkburnett School and who are not professional. Each group will be asked to play from 15 to 20 minutes depending upon the number of bands entered. The judging will be strictly by audience response and admission will be 50¢ per person with the public invited.

Carpenter explained that the success of this show will determine whether other shows of this type will be planned.

THURSDAY, JUNE 22

**BLOODMOBILE
In BURKBURNETT
TODAY**

FIRST NATIONAL BANK

**THE 20 MOST COMMON
EXCUSES FOR NOT GIVING BLOOD**

**National Room
3:00 pm - 6:45 pm**

1. "No one has ever asked me to donate blood."
2. "I gave my blood voluntarily but then Red Cross turned around and sold it."
3. "Frankly, I'm scared of giving blood."
4. "My insurance covers the blood I'd need."
5. "I don't like Red Cross."
6. "I already gave this year."
7. "Other people must be giving enough blood."
8. "I don't have any blood to spare."
9. "I'm too young."
10. "My blood isn't the right type."

Consider yourself invited. Blood comes only from people. It can't be manufactured. Your gift could mean life for a sick child, an accident victim, or an elderly person facing surgery.

If you gave through Red Cross, you must be mistaken. Red Cross does charge hospitals for part of the expense of collecting, processing, and distributing the blood. Hospitals often pass this charge on to the patient. Red Cross does not sell blood.

Nearly everyone feels that way the first time. Donating blood has become a habit with many people. A few regulars have become 15-gallon donors.

Many insurance policies cover the cost of blood and its administration, but dollar bills can't be transfused. Blood must be available when a patient needs it.

Why not talk it out with us? A Red Cross representative could give you some facts about our services. Blood given through Red Cross is distributed to hospitals. Voluntary donors are needed in every community. We provide the opportunity for you to become a donor.

Many donors give three and four times a year. The demand for blood and blood products is constantly increasing. The needs of patients must be met by more donors, people like you.

The average adult has about 10 to 12 pints of blood in his body. Doctors say that healthy persons may give regularly.

You can become a blood donor when you reach 18. Some states require a parent's consent if you are under 21.

Every type is the right type. Even rare types are needed all the time.

11. "They wouldn't want my blood because of the illness I've had."

If you have some doubts, check with your physician. However, the staff on duty will review your medical history before you make your donation.

12. "I was pressured to give blood before, and I'm not going to donate again."

Some recruiters, keenly aware of the need for blood, may be a little aggressive. Red Cross can't "pressure" anyone into giving blood. Donations are completely voluntary. Many people need the blood that you alone can give.

13. "My blood isn't rich enough."

A sample of your blood is checked before you donate.

14. "They'll take too much and I'll feel weak."

Less than a pint is all that's taken. Your body manufactures new blood constantly. The volume you give will be replaced within a few hours. After donating, most people go about their usual activities.

15. "I'm afraid of being turned down."

You may be medically deferred for a variety of reasons. If you are temporarily deferred, come back later and try again.

16. "It's too inconvenient to donate blood."

Red Cross tries to make donating as convenient as possible. Make an appointment for the time and place that's easiest for you. Donating takes less than 10 minutes, the entire visit about an hour.

17. "I'm too busy."

If you stop to think of all the good your donating blood can do, we believe you might decide you aren't too busy after all.

18. "I'm too thin."

If you weigh 110 pounds or more you can be accepted.

19. "I gave once, but when I needed blood, we had to recruit special donors."

It certainly is. Every minute, 10 units of blood are needed in hospitals across the country. This minute, decide to be a blood donor.

Carolyn Farris Crowned Friday

Carolyn Farris was crowned Wichita County Farm Bureau Queen Friday night in an Iowa Park contest.

The 18-year old daughter of Mrs. Evelyn Farris, 200 Laurel Lane, was picked as the winner from the eight other contestants on the basis of poise, personality and appearance.

Master of ceremonies for the evening was Barry Mahler.

Miss Farris, a 1972 graduate of the local high school, served as a cheerleader and participated in various school activities. She plans to attend Tarrant County Junior College this fall to become a dental hygienist.

She will enter the District Farm Bureau Contest August 17 in Vernon and, if she wins there, the State Farm Bureau Convention later to compete for the state title.

Group Visits Local HD Club

The Clara - Fairview Home Demonstration Club entertained 12 members of the South Electra Home Demonstration Club with a luncheon in the Texas Electric Reddy Room, recently.

Other special guests included Amelia Sloma and her three grandchildren, Mike and Pat New and Jeanie Green.

Mrs. J.B. Trotter demonstrated how to make flowers from egg cartons and Mrs. Alex Messinon gave a demonstration on cake decorating.

A short business meeting was held. The club adjourned to meet September 7 in the home of Mrs. J.D. Dilbeck.

Library Corner

There is still time to register for the Texas State Library's SUMMER READING CLUB. You have until August 1st to read twelve books of your choice and reading level. Then, you will receive a certificate from the State Library.

Variety in adult non-fiction: SHOWDOWN AT LITTLE HORN, by Dee Brown; THE INDIAN HERITAGE OF AMERICA, by Alvin M. Josephy, Jr.; COWBOYS AND CATTLEMEN, a roundup from MONTANA, the magazine of western history; 40 DAYS WITH THE ENEMY, the story of a journalist held captive by guerrillas in Cambodia, by Richard Dudman; HEARTS - a true story of two heart surgeons, by Thomas Thompson; and GRANDMOTHER'S HOUSEHOLD HINTS by Helen Lyon Adamson. Everything stops in the United

States when the World Series is being played. John Durant's HIGHLIGHTS OF THE WORLD SERIES is good entertainment for sports lovers and gives an accurate account of the growth of baseball.

"Buffaloes and hospitals don't mix" - but this delightful story of an osteopath and his family, by Jean Cummings, tells you all about WHY THEY CALL HIM THE BUFFALO DOCTOR.

Fiction: THE PEACEABLE KINGDOM, by Jan de Hartog; A CLUSTER OF SEPARATE SPARKS, by Joan Aiken; MIND TO MIND - a collection of science fiction short stories; THE RINGED CASTLE, by Dorothy Dunnett; and HOME FOR THE WEDDING, by Elizabeth Cadell.

Gwendolyn Mullins Becomes Bride Of William Yutzky

Wedding vows were solemnized Saturday night for Miss Gwendolyn Mullins and William Yutzky at the Cashon Baptist Church with the Rev. Ed Newhouse, pastor officiating.

Parents of the couple are Mr. and Mrs. J.D. Mullins of Route 1 and Mr. and Mrs. Enos Yutzky of Tuscola, Illinois.

Given in marriage by her father, the bride chose a formal gown of white slipper satin covered with lace and accented with seed pearls and pearl buttons. Her floor-length veil of silk illusion fell from a caplet of flowers. She carried a Bible that had been covered to match her dress by the bride's great-grandmother, Mrs. C.D. Mullins, and topped with a carnation corsage.

The maid of honor, Miss Paula Tigrett, chose a gown of turquoise silk chiffon accented with lace and white embroidered daisies and carried a long stemmed white carnation. The bridesmaid, Miss Debbie Cole, was dressed identically. Miss Kathy Mullins served her cousin as flower girl.

Dudley Mullins, brother of the bride, was best man and Rickey Cagle, uncle of the bride, was groomsman. Ushers were Don and Tim Mullins, and candlelighters were Sidney and Malinda Mullins, all cousins of the bride.

Traditional wedding music was furnished by Mrs. Mona Givens, organist, and Miss Carolyn Williams, soloist, before a setting of candelabra and gladioli.

A reception hosted by the bride's parents in the church fellowship hall followed the ceremony. Mrs. Lee Cray registered guests, and Misses Williams, Crystal Spake, Brenda Swinford, and Mrs. Retha Mullins served at the reception table.

Following a brief wedding trip, the couple will reside in Burk Burnett. The new Mrs. Yutzky is a 1972 graduate of Burk Burnett High School and Yutzky is with the U.S. Air Force stationed at Sheppard Air Force Base.

Lessons Set For Twirlers

Twirling lessons are being offered to the public beginning July 1 by the Midwestern University Twirlers. Registration will be held June 24 from 2:00 till 4:00 p.m. in the Burk Burnett Youth Center. The lessons will be given every Saturday at the Youth Center with the schedule being set up after registration.

There will be three group classes offered, Beginner, Intermediate, and Advanced. Private, duo and small group lessons will be set up and times arranged on the day of registration.

For further information call Joyce Lambert after 7:00 p.m. Monday through Friday and all day Saturday and Sunday at 569-2217.

INTRODUCING

KATHY WOOTEN, 2 1/2 months old, and the daughter of Petty Officer and Mrs. Norman Wooten of Kodiak, Alaska. Kathy's Grandparents are Mr. and Mrs. Reavis Wooten and Mr. and Mrs. Grady Harrison, all of Burk Burnett.

Susan Barad Elected Precinct Chairman

Susan Barad of Burk Burnett High School, a citizen of the American Legion Auxiliary Bluebonnet Girls State, now in progress in Seguin, at Texas Lutheran College, was elected Precinct Chairman, Federalist Party Time County in last week's election. She is the daughter of Mr. and Mrs. Leonard R. Barad and was sponsored to Girls State by the local American Legion Auxiliary Unit No. 264.

Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary. Non-partisan and non-political, the purposes of the Girls State program are to provide citizenship training for girls of high school age, to afford them an opportunity to live together as a self-governing group and to inform them of the duties, privileges, rights, and responsibilities which they will assume when they become adults. They learn the problems of government by simulating the duties of city, county, and state officials. Each year citizens are selected at local levels from students who have just completed their junior year in high school. The selection is based principally on character, leadership and scholarship.

The 1972 session of the American Legion Auxiliary Bluebonnet Girls State has grown from an experimental conference of ninety-four girls, held at Baylor University in 1941, to become the largest single extracurricular educational program for high school girls in Texas. This year 513 girls are in attendance, plus two girls from Mexico making a total of more than 9,725 girls in Texas who have participated in this top-level citizenship program.

Former citizens of Girls State and members of the Texas American Legion Auxiliary comprise the sixty-two members of the staff and counselors who volunteer their services to direct and lead this program. The Directors, Miss Frances Goff, Houston, is Director of Special Projects for The University of Texas M.D. Anderson Hospital and Tumor Institute, Houston. The Associate Director is Mrs. T.J. Manning, Houston, Assistant Principal at Clear Creek High School, League City. Miss Gretchen Killinger, government teacher, Clear Lake High School is Education Coordinator. Chairmen of the Auxiliary Girls State Committee is Mrs. J.B. Martin of Trinity.

Retired Associate Justice Mead Griffin of the Texas Supreme Court will administer the oath of office to the elected state officials of Bluebonnet Girls State Monday, June 19, in the rotunda of the State Capitol.

One of the highlights of the session which began June 13, and ends June 23, will be the selection of two outstanding citizens of 1972 who will be sent to Girls State in Washington, D.C. by the American Legion Auxiliary. There the two young representatives will continue their study in responsibilities of the Republic.

Hollowell-Homer Vows Recited

Ruth Hollowell and Homer Wood were united in marriage last Saturday in the First United Methodist Church of Iowa Park with the Rev. Don Youngblood officiating.

Attending the couple was the bride's daughter, Mrs. Laverna Culver of Borger, and the groom's brother, Melvin Wood of Wichita Falls.

The new Mrs. Wood is a resident of Burk Burnett and Wood, a former Wichita Falls resident, is a painting contractor. The couple will reside at 520 Tidal.

Out-of-town guests at the wedding included Mr. and Mrs. Jim Howard and family of Byers, Mr. and Mrs. Melvin Wood and Mr. and Mrs. Frank Martin of Wichita Falls, Mrs. Alvin Neel of Magnum, Mrs. Nellie Edwards of Odessa, Mrs. Pauline Clemens, Mr. and Mrs. Don Ruth, Donnie and Paula, Mr. and Mrs. Lester Shull, all of Holliday, Mr. and Mrs. Frank Shull, Mr. and Mrs. Hubert Culver, LaFonda and Carla and Beverly Keys all of Borger, Mr. and Mrs. Eddie Bevines, and Mr. and Mrs. Teddy Clemens, all of Burk Burnett.

Engagement Announced

Mr. and Mrs. Jose Solis of Lamesa, Texas announce the engagement of their daughter, Elisa to Melvin Eugene Hodge of Burk Burnett. The wedding date has been set for August 26. Miss Solis attended schools in San Antonio and Data Training Center of Wichita Falls. She is currently living in Wichita Falls and is employed by the City.

The prospective bridegroom makes his home with his parents, Mr. and Mrs. Frank Hodge of Burk Burnett. He graduated from Burk Burnett High School and attended Stephen F. Austin University of Nacogdoches and Data Training Center of Wichita Falls. He is employed by Town & Country Mobile Homes, Inc.

Rest Stop Planned By Red River Valley Citizen Band Radio Club

The Red River Valley Citizen Band Radio Club held their regular monthly meeting at the home of Mr. and Mrs. Huffstutler in Electra Thursday night. An ice cream and cake supper was held with approximately 26 members attending. Bill Sargent, president, stated he was planning a coffee rest stop near Iowa Park for the 4th of July holiday.

TOPS QUEEN

Queen of the week was a tie between Emilea Rooney and Dorothy Smith for losing the most weight.

Mary Brown gave a demonstration to the group on cake decorating.

The club's meetings are held at the Central Baptist Church every Monday evening at 7:00 p.m.

Club Honors Mrs. Owen

Mrs. Dawson Owen was honored with a breakfast at the outstanding Cooper HDC member of the year.

The meeting was opened by the President, Mrs. Bee Bryant and Mrs. Sam Spencer read a poem.

Mrs. McChaney of Texas Electric gave a demonstration on blenders for the program. There were 17 members and 5 guests present.

Local Students To Attend Summer Program

Tracey Janeke, the daughter of Mr. and Mrs. Joseph Janeke and Debbie Dempsey, the daughter of Mr. and Mrs. H. L. Dempsey, Sophomores at Burk Burnett High School, will attend the Gifted Students Foundation summer program, the Studies in Functional Sociology, June 19 through July 29. The College of St. Thomas in St. Paul, Minnesota will host the 200 GSF students. The college provides full use of its multi-media Learning Center, complete with computer programs, audio-active recordings, television terminals, and video-tape equipment.

The students will explore the judicial process by attending court room sessions in civil, criminal, and juvenile courts, an "on-the-scene" work-shop with attorneys and judges.

Field trips will also play an important role in the total picture, included in these are 3 days and nights in Winnipeg, Canada at the University of Manitoba, a visit to the Mesabi Iron Range in Duluth, a tour of Betty Crocker Laboratories, General Mills, and the Ford Assembly Plant, a boat trip of Lake Superior, swimming in the clear beautiful Land-of-Lakes, Major League Baseball, plus many other exciting excursions.

This is the second summer for Debbie to go as she attended the kick-off program in 1971 held at Southern Methodist University in Dallas.

SHEPPARD AIR FORCE BASE

First Female Selected To Act As Squadron Commander From SAFB

SHEPPARD AFB, TEXAS-- "I proved to myself that I can command a group," stated Cadet Tamey J. Nietrert, one of the 32 young women who are attending the summer encampment of the Reserve Officer Training Corps at Sheppard Air Force Base.

She was the first female cadet to be chosen to act as squadron commander and her assignment was during the first of the four-week encampment.

"I didn't know if I could do it, but my flight officer was most helpful and I proved that I could," she explained.

The attractive young Iowan is a meteorology major at the University of Oklahoma in Norman where she is a cadet in detachment 675.

Including the women there are 241 ROTC cadets at Shepp-

pard for the four weeks of practical experience. Cadet Nietrert is also seeking first hand the operation of a weather squadron as she is spending some of her duty time with Detachment 12, 24th Weather Squadron at Sheppard. Other cadets are observing in their career areas.

Even though she has seen the operation of a weather squadron at Vandenberg AFB, Calif., which is much larger than the one at Sheppard, this is her first opportunity to see how everything works.

In September at OU when she is a second semester junior student, she will concentrate on the meteorology courses, as she has had only one thus far. She explained that OU is one of the major schools for meteorology. They study at the

National Severe Laboratory doing tornado research as well as some laboratory work at Tinker AFB, Okla.

During the encampment, Cadet Nietrert gets an orientation to military life. The schedule calls for them to get up at 5:30 and do exercises before breakfast which is at 7:30 a.m. Thus far one of the major events was survival training at the School of Health Care Sciences bivouac area, Saturday and Sunday. This week's schedule features T-37 orientation flights at Reese AFB, Tex., and human relations training.

As groups they also visit various training situations and participate in drill competition. They will also march in formal retreat and parades.

"The T-37 orientation flight

and small arms firing are both optional for the women," the young lady said. "But I want to do both."

"The survival training was mandatory for all the cadets alike. I had heard so much about it from the cadets back at School, that I didn't know what to expect. It was an interesting experience. We ate C rations and in the training, I was a casualty."

So far in the sports competition between flights, the girls serve as referees and cheer leaders. "I would like to have teams of our own, but we haven't been able to get one started. We are working on it."

Since the girls are assigned among all flights, they have no competitive spirit in the dormitories--they just keep the living quarters clean and polished. The men go about it in a more competitive way.

"The flight officers are most understanding and fair about the training. They explain what we do wrong and how to correct it. I am most appreciative of this opportunity for training to become an officer, in such an appropriate atmosphere," Cadet Nietrert said.

She is the daughter of Mr. and Mrs. LeRoy Nietrert of Route One Central City, Iowa. She belongs to the Arnold Air Society, honorary organization for ROTC cadets, and expects to be sworn in with a commission in August of this year.

Her plans now are to enter the Air Force as a weather officer when she receives her bachelor of science degree in engineering with a meteorology major at OU in 1973.

NCO Club Holds Hail And Farewell

SHEPPARD AFB, TEXAS-- The Noncommissioned Officers Wives Club at Sheppard Air Force Base will hold a "hail and farewell" coffee at the NCO Club June 22, Thursday, at 9 a.m.

Pete Bognar, an astrologer, will speak on the subject, "Who Are You Compatible With?"

Hostesses for the coffee will be Mesdames Robert Carew, Anthony Smith and John Zaloski. All NCO wives are invited to attend.

Airman Enters AF Institute

U.S. Air Force Captain Tee R. Hadley III, son of Mr. and Mrs. T.R. Hadley of 1502 Alpine Street, Odessa, Texas, has entered the Air Force Institute of Technology (AFIT) to study toward a master's degree in electrical engineering.

Located at Wright-Patterson AFB, Ohio, AFIT provides resident education in scientific, engineering and other fields for selected officers of the U.S. Armed Forces and key government employees.

Captain Hadley, a 1963 graduate of Permian High School, received his B.S. degree in 1968 from Texas Technological University. He was commissioned in 1969 upon completion of Officer Training School at Lackland AFB, Texas. His wife, Donna, is the daughter of Mr. and Mrs. Wilburn Glass, of Rt. 1, Burkburnett, Texas.

Twins Enrolled Together At Sheppard Communications Center

SHEPPARD AFB, TEXAS-- When Jeff and Jan Kouchich were small children, they were dressed alike, and now wearing the Air Force blue, the twins are enrolled in the Communications Center Specialist course at Sheppard Air Force Base.

It was no surprise to the airmen that they both got the same course, although they did not plan it just to be alike. She wanted the communications course or either the Air Traffic Controller course, and he chose the communications course.

Having enlisted in the Air Force in April, Jeff is in his first week of the course, and Jan, enlisting in February, is in her tenth week. Students taking the 12-week course are instructed in typing, learn levels of code to run on teletype tapes, work with computers, and learn about relaying messages and about message discrepancies.

Asked why she joined the Air Force, Jan explained that she liked the semester of college she had after high school, but was disappointed in the way that the courses were taught.

"When a girl friend came home on leave and told me about the Air Force, I decided to look into it," she recalled, and noted that she didn't tell anyone about it until after she had taken the tests and been accepted.

Discussing her impressions of basic training, Jan said without hesitation, "I liked it; I thought it was fun." She went on to compare basic to a little girl's camp, remarking that "you had to do everything just so, so."

Jeff attended college for one semester, also, and had a part-time job before coming into the Air Force. He wasn't satisfied with college, either, and didn't see any future in his part-time job. Feeling that the Air Force would be a good opportunity, Jeff became interested from his sister's letters, and decided to join.

He answered the question of his impression of basic concisely in stating, "At times I liked it; other times I hated it." Recalling that he was a squad leader, Jeff further remarked that he didn't have it so bad, compared to squad members.

Having been here for only a short time, Jeff noted that his

strongest impression so far, regarding Sheppard, is that "it's hard getting up at 4:30 a.m." He and Jan both have the early "A" shift. Jan, just about to conclude the course, spoke admirably about her instructors -- "They're really great!"

Some of Jan's favorite activities are swimming, traveling, reading, and sports. She was secretary of her high school's Girl's Athletic Association and very active in it. Jeff's interests include skiing, pool, cars, swimming, and track.

Both brother and sister studied piano lessons for six years. The twins would like to take advantage of the Air Force's policy of trying to station twins together. Jan said that it is a good possibility she'll be stationed at Minot AFB, N.D.

When they get to their next base, both plan to work toward college degrees, and agree that Officer's Training School seems a good opportunity, and is a possible consideration in the future.

From Milwaukee, Wis., Jeff and Jan have no other brothers or sisters.

ROTC Cadets Have Busy Week At Sheppppard During Summer Camp

SHEPPARD AFB, TEXAS-- Reserve Officer Training Corps cadets from many colleges and universities in the United States, have had a very busy week of training at Sheppard AFB since arriving here June 4.

One hundred and forty-one cadets, including some 32 women members are attending the four-week session to become familiar with Air Force organization and procedures.

During their first week of study, the group received briefings on the organization of the

security police, civil engineering, special services, base housing, comptroller, command center functions, base exchange, commissary and health care services.

The cadets also viewed aircraft maintenance, missiles, the control tower, received small arms training, and attended career orientation sessions.

Saturday, the cadets journeyed to the Sheppard bivouac area for an overnight course in survival and first aid.

Physical training, drill and ceremonies, and ethics are a daily diet for the cadets.

This week, the group will attend human relations and travel to Ft. Sill, Okla. to view a fire power demonstration.

Also, the cadets are being flown to Reese AFB, Tex., to make an orientation flight in a T-37 aircraft.

Two VA Patients—Step Closer To Normal Life

By 1st Lt. John W. Fuller
Wilford Hall USAF
Medical Center

HQ ATC--Two patients in the Veterans Administration hospital in Nashville, Tenn., are a step closer to leading normal lives this week after receiving kidney transplants with the help of the Air Force.

The mercy mission involved doctors at Wilford Hall, USAF Medical Center, Lackland AFB, Tex., and at the USAF hospital at Sheppard AFB, Tex.; flight crews from Kelly and Randolph AFBs and most importantly, the family of a woman at Sheppard who donated the kidneys.

Maj. (Dr.) Roger Bernard at the Sheppard hospital notified the Wilford Hall staff Friday afternoon, June 2, that the 21 year - old wife of a medical corpsman at the hospital had suffered a fatal cerebral hemorrhage and that her family had agreed to donate her kidneys for transplants. The call was made in hope that the kidneys could be donated to patients at Wilford Hall needing transplants.

With quick rescheduling an Air Force reserve C-130 crew was able to provide airlift from Kelly to Sheppard for members of Wilford Hall's renal transplant team and the center's portable kidney preservation unit. After Dr. Bernard and Maj. (Dr.) John Bedingfield of the team successfully removed the kidneys and several lymph nodes from the donor, Col. (Dr.) Gerald Klebanoff and Maj. Bedingfield and Sgt. Louie G. Brewer Jr., a laboratory specialist, transferred them to the preservation unit. They then carried the unit back to Kelly aboard the C-130.

"We were flying a local proficiency flight when we received word that the airlift was needed," explained Capt. Richard P. Hiker, the airlift commander. "Within an hour after the call we had gotten approval from Reserve Headquarters to divert the flight, and had the aircraft standing by."

Crew members all assigned to the 43rd Tactical Airlift Wing (AF Res) also included Capt. Robert C. Ward of Austin, co-pilot; Capt. David B. Hickman of Austin, navigator; Sgt. Lonnie Robinson of San Antonio, engineer; and TSgt. Victor Martinez of San Antonio, loadmaster.

When the cargo plane arrived at Kelly at about 8 p.m., the transplant team carried the unit with the kidneys in an air force ambulance to Wilford Hall. There, Lt. Col. (Dr.) Robert Lordon analyzed the donor's lymph nodes in the Tissue Typing laboratory to determine antigenic types in order to locate compatible recipients. None of the medical center's potential recipients were suitable, and Dr. Lordon next checked the laboratory's computerized register for patients throughout Texas and then throughout the United States. Finally, he located the two patients in Nashville whose antigens closely matched those of the donor.

Next began a race against time. As Dr. Lordon called the Nashville hospital to confirm that the patients could be prepared to receive the kidneys, other Wilford Hall officials began searching for an aircraft to deliver the unit. The only aircraft available at Kelly was a C-118 cargo plane, which would have taken about 12 hours to make the trip. Second Lieutenant Dennis Lubozynski, acting as administrative officer of the day at Wilford Hall, then contacted Randolph AFB, Tex., in hopes of arranging a faster transport.

Maj. Paul J. Holman, command post officer at Randolph, learned that a North American Rockwell T-39 jet training aircraft from the Air Force instrument flight center at Randolph was available. He contacted Lt. Col. Ralph P. Madero, chief of research and development at the center, who is an 11-year veteran of medical evacuation missions in the U.S., Europe and Southeast Asia. Although by this time it was 2 a.m. Saturday Lt. Col. Madero responded to the call, and about an hour later he and his copilot, Maj. Richard E. Dickensheets, also from the center, were aboard the jet and ready to fly the mission.

Meanwhile, Dr. Bedingfield and Sgt. Brewer were on their way to Randolph with the kidney preservation unit. They boarded the jet shortly after 3:30 a.m. and about 5:45 arrived at Nashville Metropolitan Airport, where Howell Warner, organ preservation technician from the VA hospital, picked up the unit. Hours later, Dr. Bob Ritchie successfully transplanted the kidneys, one to a 42-year-old retired Nashville policeman and the other, to a 40-year-old Murfreesboro, Tenn. man.

The preservation unit, officially called the Waters organ preservation unit, is a 40-pound apparatus which can keep up to four kidneys at a time functioning during transport for transplant. The machine pumps plasma through the kidneys while maintaining constant temperatures, and can preserve a kidney for up to 72 hours while the kidney is being transported from donor to recipient.

This was the second time the portable device was used in such a mercy mission aboard military aircraft, and it was the first time it was carried on a military jet. In March, Dr. Klebanoff and Major (Dr.) John Wibelhel transported a kidney from Wilford Hall to Parkland Hospital in Dallas, with help from a C-130 crew of the same reserve unit, the 433rd Tactical Airlift Wing at Kelly. At that time, Dr. Klebanoff suggested that the successful mission indicated the possibility of routine airlift of vital organs for transplant anywhere in the world.

RANDLETT NEWS

By Mollie Elliott

Mr. and Mrs. George Flood and Danny spent the weekend visiting her parents of Austin. Rickie had spent last week there with his grandparents.

Mrs. N.R. Kirkpatrick accompanied by her sisters, Miss Osie Bowers and Mrs. Tony Fortado of Wichita Falls visited their parents, Mr. and Mrs. G.W. Bowers of Temple, Saturday.

Mr. and Mrs. M.H. Hyatt accompanied by his brother, William Hyatt of Aransas Pass, Tex. visited relatives in Reynon, Okla. from Sunday to Tuesday of last week. Another

brother, Marvin Hyatt, of Paradise, Calif. arrived Tuesday for a short visit, and Wednesday they returned William to his home and also visited their daughter in Corpus Christi. They returned home Thursday.

Mr. and Mrs. Oneal Weaver and daughters of Canton spent the weekend with her parents, Mr. and Mrs. C.H. Thompson.

Mrs. Minnie Adams was entered in the Temple Rest Home the first of last week.

Mr. and Mrs. S.H. Adams visited their daughter, Mrs. Conrad Adams and Mr. Adams and daughter of Duncan Sunday of last week.

Mrs. A. L. Patterson, accompanied by her brother, Joe Bently and wife to Oklahoma City Monday of last week, Tuesday, they left for their home in Oregon after a months visit here. Mrs. Patterson remained over with her daughter, Mrs. Al Stoab, and Mr. Stoab and children until Thursday.

Mrs. O.O. Best and Carl visited Miss Wanda Best and Mrs. Gene Reading and Mrs. Pearl Best of Wichita Falls Tuesday of last week.

Mr. and Mrs. Lyndon Hayes of Birmingham, Ala. are visiting his parents, Mr. and Mrs. H.M. Hayes, and his brother, Jewel Hayes and wife and family.

Mr. and Mrs. W.R. Baldwin accompanied by Mr. and Mrs. W.R. Carswell of Burkburnett, visited Mr. and Mrs. David Esparazo and son and Mrs. Elvere Fay Masse of Little Rock, Ark. over the weekend.

Mrs. C.O. Wilson and granddaughter, Denise Swinford, visited C.O. Wilson in the Veteran's Nursing care unit of the V.A. hospital in Sulphur Thursday of last week.

Mr. and Mrs. Jewel Hayes went to Oklahoma City Wednesday of last week to the Veteran's hospital for tests and X-rays of Mr. Hayes. They

FARM REVIEW

Hot Weather Brings Active Mosquitoes

Hot, summer weather is on the way and mosquitoes are becoming active. This could be bad news to horse owners who have not vaccinated their animals for VEE (Venezuelan equine encephalomyelitis), the dreaded sleeping sickness spread by mosquitoes which killed so many horses last year.

"It's urgent that all horses, mules and donkeys that were not vaccinated last year be vaccinated as soon as possible," emphasizes Dr. James Armstrong, veterinarian with the Texas Agricultural Extension Service.

"Animals that were vaccinated during last year's massive vaccination program need not be vaccinated this year since

immunity from the VEE vaccine appears to last at least two years. However, if there is any doubt about whether or not the animal was vaccinated last year, by all means vaccinate again."

The Texas A&M University specialist hastens to add that there is one exception to the re-vaccination rule. "Foals that were vaccinated in 1971 when they were less than six months old should be re-vaccinated."

Also, contrary to some earlier reports, tests in several states have shown that the vaccine does not cause brain or spinal damage in horses.

"If you have animals that require VEE vaccination, con-

tact an accredited veterinarian as soon as possible and have him administer the vaccine," urges Armstrong. This year there is a charge for both the vaccine and the veterinarian's services.

Armstrong reminds horse owners to also vaccinate their animals against western and eastern strains of the sleeping sickness. This should be an annual vaccination. All vaccinations can be given during the veterinarian's single visit.

"Texas is still under federal quarantine for VEE," adds the veterinarian. "Thus horses must have been vaccinated for VEE at least 14 days before being allowed to move across the state line. A vaccination certificate must accompany the animal."

Armstrong suggests that horse owners check their animals regularly for any signs of illness that might be an indication of VEE. At the onset of the disease, the animal loses its appetite, is depressed and has a fever. If any of these signs appear, a veterinarian should be contacted at once so that an accurate diagnosis can be made.

The veterinarian also recommends that horse owners spray their animals, especially those in stables or in confinement, for mosquitoes and other biting insects.

Consumers Decide Success Or Failure

Ever wonder why certain food products become "old stand-bys" while others "come and go?"

The fate of most food items, especially those that are new and provide new services and conveniences, depend on your dollar vote—whether or not you buy the product, says Dr. William Vastine, food distribution specialist with the Texas Agricultural Extension Service.

This "vote" is often referred to as "demand," points out the Texas A&M University specialist. "Actually, it means that consumers approve of a particular product and intend to buy more of it."

"New products and services are not forced on us as consumers," contends Vastine. "We all have a vote on what appears on the shelves of the supermarket or grocery store. In recent years we have elected new products that provide additional services or conveniences. We may not be buying more products, but we are buying different products that have built-in conveniences."

The specialist points out that the number of items in the average supermarket have more than doubled since 1950. Store size has also increased. In fact, during 1971, the average supermarket increased its floor space by 20 percent to an average of 26,000 square feet.

Why are those stores getting bigger? Not only to handle larger crowds of people but also to provide additional space for all the new products. Many supermarkets now handle a wide array of household items, drugs, toiletries and garden supplies and provide convenient "one-stop" shopping, making them one of the most important election polls in our society. Looking at the final bill after visiting such a market, it may appear enormous. "But remember," cautions Vastine, "only a part of that bill will probably be for actual food items. This fact should remain 'perfectly clear.'"

The average consumer is bombarded with as many as one to two thousand new food products each year, notes the specialist. However, about 90 percent of these fall in their bid to win consumer "votes". The incumbent has the advantage.

Cooling Unit Size Major Summer Decision

Those hot summer days are fast approaching and it's time to get air conditioning installed if you haven't already done so. The big question is determining what size cooling unit is needed.

W.S. Allen, agricultural engineer with the Texas Agricultural Extension Service, offers a "rule of thumb" on selecting air conditioning.

"A common guide is to figure one ton of air conditioning for each 500 to 600 square feet of floor area in the home. And, depending on local electric rates, a one-ton unit will cost about two or three cents per hour to operate."

With this in mind, persons with an average size home of 1,250 square feet of floor space will need about two-and-a-half tons of air conditioning. Cost of operation will be about seven cents per hour.

"Do not use the rule of thumb as a firm guide in figuring sizes and costs," cautions the Texas A&M University engineer. "The kind of home construction and location can cause requirements and costs to vary widely."

Allen suggests that homeowners carefully consider both the room unit and control-system

unit when shopping for air conditioning. The cooling operation of both types is the same but conditions may make one a better selection than the other. Since several room units may be required to do an adequate job, the total cost should be studied carefully to insure the best possible equipment at the lowest cost.

COUNTY AGENT NEWS

Agricultural
Agent

State totals alone do not provide adequate information on Texas' most basic industry—agriculture. This is a cooperative effort of USDA's Statistical Reporting Service and the Texas Department of Agriculture.

Farmers and ranchers across Texas can play a big role in battling the present screwworm outbreak by treating any and all animal wounds. That's why it's so important to check animals frequently during the next few months until cold weather reduces fly activity.

A number of approved commercial screwworm remedies and wound protectants are available. These include coumaphos (Co-Ral) as a five per cent dust and three per cent aerosol, ronnel (Korlan) as a five per cent aerosol, and lindane as a three per cent smear or aerosol.

All of these materials should be used in strict accordance with label instructions and restrictions. These precautions are necessary so as to avoid possible residue hazards in meat and milk.

Local farm supply stores should have one or more of the approved materials on hand.

Livestock producers are encouraged to spray their heads regularly to keep down fly numbers. This should be done about every two weeks with ronnel or coumaphos. Again, label instructions and restrictions should be followed carefully when treating meat or dairy animals.

All farmers and ranchers are urged to especially check newborn calves and to apply a wound protectant to the navel. Almost 90 per cent of all confirmed screwworm cases are from calves navels and man-made wounds caused by dehorning, castrating, branding, docking or other surgical operations. All wounds should be treated as soon as possible. However, it's best to delay any animal surgery until this fall after cold weather arrives.

Texas-Grown Products Top Plentiful List

"To put the lid on soaring summer prices, inspect local food markets this week for economical buys," advised Gwendolyn Clyatt, Houston consumer marketing specialist with the Texas Agricultural Extension Service.

In beef sections, consider ground beef, frankfurters, spare ribs, steaks and roasts for outdoor cookouts. Many markets feature hams of all types and also offer luncheon meats as good choices for the picnic season.

"Poultry products rank high as thrifty meat and protein buys," Mrs. Clyatt said. "Despite larger supplies, demand for fryers will likely remain strong. Specials on the birds continue to offer real bargains; any price rises won't be great enough to knock them off the low-cost list."

According to the Texas A&M University, employees, the 1972

turkey crop climbs five per cent larger than last year, with cold storage stocks of the birds also numbering more this year.

"This adds up to economical turkey buys with numerous sales," she said. "Join the trend to year-round consumption of the hearty birds."

Fresh fruit markets have tagged watermelon with attractive prices as supplies increase considerably. Texas-grown honeydew melons, with extra good flavor, also boast moderate to low prices. Large red plums, peaches, Bing cherries and seedless grapes stock the market but have not yet passed into the economy class.

Fresh fruit and vegetable sections offer pineapples, oranges, bananas, cantaloupes and potatoes as choices in best supply at the most economical prices. Also cabbage, carrots, tomatoes, dry yellow onions, rail shes and green onions.

Watermelons in good supply and good quality... To Shrink Or Not To Shrink... Pecan Hearing Set... Egg Production shows increase...

HARVESTING of watermelons is moving to the Cotulla, Pearsall and Pleasanton areas. Watermelons now are in ample supply and the quality is good, also. Market prices reported relatively firm.

WHICH OF THESE is the best deal? An offer of \$24.50 for your 400-pound steer calves without a shrinkage allowance, or \$25 with a four per cent shrink.

You can get the answer to this plus a lot of other valuable information on livestock marketing in a handy, compact booklet available from the Texas Department of Agriculture, Box 12847, Austin, Texas 78711. Ask for Livestock Marketing Handbook.

In the question above, the first offer will net you \$98; the second offer nets \$96.

Information in the handbook consists of three basic types: 1. conversion of live animals into dressed costs; 2. break-even cost charts for cattle feeding; 3. shrinkage section.

Also included are pointers to look for in selling your cattle as well as U.S. federal meat grades, average and range in dressing percentages of various kinds of livestock by grades, and motor freight rates for livestock in Texas.

Average yield of carcasses into retail cuts is also included.

The booklet contains tables showing the dressed costs at varying yields, shrinkage tables, and break-even cost charts.

A HEARING involving the Texas Pecan Growers Association seeking certification to hold a referendum under the Texas commodity referendum law will be held June 15 at 10 a.m. in room 503-G in the Sam Houston office building in Austin.

The Texas Pecan Growers Association proposed to hold the election in all 254 counties in Texas. Main purpose of the hearing is to ascertain if the Texas Pecan Growers Association is representative of Texas pecan growers and if the referendum proposed is in conformity with the law.

Texas pecan production in 1971 was estimated at 23,000,000 pounds. Leading counties in production of pecans in Texas during 1971 included Gonzales, first, with 1,596,000 pounds; Guadalupe, second, 1,445,000 pounds; Hood, third, 1,180,000 pounds; Maverick, fourth, 959,000 pounds; Colorado, fifth, 880,000 pounds; Bowie, sixth, 876,000 pounds; El Paso, seventh, 784,000 pounds; Mills, eighth, 730,000 pounds; Comanche, ninth, 706,000 pounds; San Saba, tenth, 700,000 pounds.

More than half the counties in Texas have pecan production. Improved varieties normally account for about one-fifth of the state's production with four-fifths of the production coming from seedling varieties.

EGG PRODUCTION in Texas continued to increase during April. Texas egg production totaled 238,000,000 during the month; this is up nine per cent from a year ago. Texas layers totaled 12.6 million during April, three per cent above a year earlier.

Nationwide, total eggs produced numbered slightly more than six billion, up slightly from last year. The number of layers in the nation was down two per cent below a year ago at 314,000,000.

Price fluctuations in the food market aren't really that puzzling. They result from conditions—supply, demand, advertising and promotion and variable pricing—that rule in the market.

Prices are likely to be most attractive for consumers when supplies are good and less attractive when supplies are low. Weather is a key factor affecting supply. Unfavorable weather conditions in food-growing areas will probably result in limited supplies thus boosting the price of a product.

Decreases or increases in demand can also cause price fluctuation. For example, cooking meat outdoors is a very popular during summer months, so markets are likely to jack up the prices of steaks and other cuts suitable for outdoor cooking. But pot roasts, in less demand during summer, generally boast attractive prices. In winter the reverse is likely to be true.

Another factor influencing

price is store advertising and promotion. Stores offer price specials to attract your attention and get you into the store. Retailers often mark milk, bread, ground meat, and chicken as specials.

If specials stimulate an increase in the store's sales volume, the store will probably repeat the specials.

Another important reason for price fluctuation is the common use of variable pricing. This means that the supermarket, with 6,000 to 8,000 different items, must price what it sells so that the store earns a given margin, usually around 18 per cent. The store will also competitively price a number of items it classifies as "movers" or fast-selling items. Because of variable pricing, it is difficult to make valid price comparisons on the total mix of products and prices. But it is possible to make price comparisons on items purchased regularly. This can help you decide where to shop.

OBITUARIES

J. Clarence Cobb

J. Clarence Cobb, 68, resident of the Randlett, Okla. area since 1920, died Sunday in a Wichita Falls hospital after a long illness.

Services were Tuesday in Owens & Brumley Funeral Home Chapel with the Rev. Max Dowling, pastor of Central Baptist Church, officiating. Burial was in Randlett cemetery.

Pallbearers were T.J. Baber, C.H. Hale, John Martin, Jr., Frank Worthington, J.V. Butler and Joe McCluskey.

Born Feb. 29, 1904, in Grayson County, Texas, he was an oil field pumper.

Survivors include a daughter, Mrs. Glen Clugston of Farmington, N.M.; a son, Stanley of Norman, Okla.; a sister, Mrs. Alma Smyth of Titusville, Fla.; a brother, Less of Burkburnett; five grandchildren and two great-grandchildren.

Mrs. Homer Tilley

(Randlett, Okla. Special)--Mrs. Homer Tilley, 69, died June 12 in a Frederick hospital after a lengthy illness. Mrs. Tilley was a former resident of Randlett, having moved here with her husband in 1924 and resided until 1935 when they moved to Frederick.

Funeral rites were held Thursday, June 15 at the United Methodist Church in Frederick with the pastor, Rev. Paul Casky, officiating. Interment was in the Frederick Cemetery under the direction of Gish Funeral Home of Frederick.

She was a member of the Order of the Eastern Star, had served on the Frederick Garden Council and also the Tillman Memorial Hospital Auxiliary. She was a member of the Dahlia Garden Club and the Methodist Church.

Survivors include her husband; two sons, Joe Ray of Arlington, Tex., and Robert Dale of Knoxville, Tenn.; one sister, Mrs. Opal Johnson of Yakima, Wash.; one brother, Troy Horton of Burkburnett and four grandchildren.

Mrs. T.S. Best

(Randlett, Okla. Special)--Funeral for Mrs. T.S. Best, 90, of Wichita Falls, and a former Randlett resident, who died June 14 in a Wichita Falls hospital, was held Wednesday, June 16 in the Owens & Brumley Funeral Chapel in Wichita Falls. Dr. Eugene Price, pastor of First Christian Church, officiated. Graveside rites were held at the Highland Cemetery in Lawton.

Mrs. Best resided in Randlett for 52 years before moving to Wichita Falls in 1959.

She is survived by two daughters, Miss Wanda Best and Mrs. Thelma Reading, both of Wichita Falls.

Council Need \$100 To Clear Depot Expenses

The Burkburnett Community Service Council met in regular session Monday in the Reddy Room. Mrs. Don Mills presided in the absence of Mrs. E.C. Richter, president. The minutes were read and approved, the treasurer's report and the Depot and Historical Fund financial statement was given. There is an urgent need for an additional \$100.00 to clear up all expenses of the moving and renovating of the Depot.

The need of an open-air pavilion for use of families, church groups, reunions, concerts, etc. was discussed as a possible future project.

The following officers were elected for 1972-73: Mrs. Frank Miller, president; Mrs. E.C. Mallett, 1st vice-president; Larry Dimarzio, 2nd vice-president; Chris Strayhorn, 3rd vice-president; Mrs. L. W. Brocker, secretary; Mrs. E.C. Richter, treasurer; Father

Richard Beaumont, chaplain; and Mrs. Fred Hunt, reporter. The next meeting of the Service Council will be held in the Reddy Room September 11.

Frankie the Chimp, one of World of Animals' most celebrated residents, can't really start the day very well without his pink popsicle--winter and summer. He's one of the big attractions at the drive-through animal park in Mesquite, Texas, near Dallas.

It isn't unusual to see giraffes at World of Animals at Mesquite, Texas (near Dallas) take hay from a stack and place it in an elevated basket 12 feet off the ground. Why? Not only can a giraffe not bend its legs easily to feed or drink, but if the giraffe put hay out of reach of other animals--well, they have more to eat!

Rural Housing Loans Available

Many additional families in Texas are now eligible for rural housing loans from the Farmers Home Administration, FHA State Director J. Lynn Futch announced today.

"In families where both husband and wife are employed," Futch explained, "The new policy permits half of the wife's gross income to be excluded in determining whether the total family income is within the maximum limit for loan eligibility."

For example, the husband is the principal source of income with \$6,000. His wife earns \$4,000. His entire income, plus half of his wife's, or \$2,000 total \$8,000. This is within Texas moderate income level of \$8,000 so the family may be eligible for a Farmers Home Administration Loan.

James V. Smith, National Administrator of Farmers Home Administration emphasized that newly-eligible families must demonstrate that they otherwise

merit FHA financing, and that credit is not available from regular commercial sources. "The new policy will assist families in which the wife's

income is needed to improve the standard of living. Note that if the wife is the principal breadwinner, the rule does not apply. This change will in no way affect our expanding service to low-income families."

Mr. Smith said. Loans may be made to families that will buy or build homes in open country or towns of up to 10,000 population, and who are not able to secure credit from regular commercial sources. Complete information is available from the agency's 143 county offices located in county seat towns throughout Texas.

Guidelines of Life

By Ed Morris, Church of Christ

"In The Beginning God" Recently, opposition was voiced by a Michigan State naturalist to the theory of evolution. He called it "more illogical than biological." Professor John Moore presented a paper to a recent meeting of the American Association for the Advancement of Science. He stated that the theory of Darwin doesn't hold up in light of today's scientific knowledge, and that there is no scientific backing for the theory (not fact) that man evolved from amoeba and sea-slimes.

In fact, he said the theory of evolution is an "incredible religion." Thank God for the increasing number of men in science who attack Darwin's views. It is sad indeed that many religious leaders are put to shame by their failure to attack this theory that has so many serious gaps, and is being taught as a fact in so many Texas schools. There was a saying in the westward movement of the pioneer days, "Good by God I am going to California." But California is putting us folks in Texas to shame. Recently, a law passed requiring the teaching of the "Creation" from the Biblical account when the theory of evolution is taught in the classroom. Did you get that people?? This happened in California.

I would like to firmly state that it is not a mark of ignorance to question a theory which, if accepted would deny that God brought forth this world by the power of His word, as stated in Genesis. As for me and my house, it is not only easy but reasonable to believe "IN THE BEGINNING GOD"

Rev. Albert Lindemann To Fill Pastoral Office

The Rev. Albert H. Lindemann has been called by Grace Lutheran congregation to fill the pastoral office, vacated by the Rev. Daniel R. Piel in January, and will be installed in a special service Sunday at 7:00 P.M., officiated by the Rev. Roy A. Jacob, pastor of St. Paul's Lutheran Church at Vernon.

Pastor Lindemann retired from the US Air Force chaplaincy at Sheppard Air Force Base on January 31, 1972 at the end of 28 years of active military service. Rev. Lindemann entered the chaplaincy in November 1942 and served in the South Pacific Theatre from New Guinea to Japan as a regimental chaplain in the army. In addition to assignments spent at various stateside bases, six years were spent in Germany and three years at Tachikawa Air Force Base, Japan.

Rev. Lindemann received his ministerial education at St. Paul's College, Concordia, Missouri and at Concordia Theological Seminary, St. Louis, Missouri. He earned his Master of Arts degree at Washington University, St. Louis, Missouri. Prior to military service, Rev. Lindemann's civilian experience included churches in Cumberland, Maryland, St. Louis, Missouri and Hannibal, Missouri.

Military decorations include the Air Force Meritorious Service Medal, Meritorious Service Unit Plaque, Asiatic-Pacific Theatre Campaign Medal with two Bronze Stars and one Bronze Arrowhead, the Germany Occupation Medal with

Berlin Airlift Device, and others.

He is married to Viola Malone of St. Louis, Missouri, and they have two married sons, Michael and Martin. Two other sons reside with the family, David a June Graduate of Midwestern in Wichita Falls, and Mark, a senior at North Texas State, Denton.

The raccoon family at World of Animals near Dallas has the greatest bed you can imagine! They nestle together -- and in the same enclosure -- with a 500-pound brown bear. Usually, the raccoons just pile into the thick fur on top.

NEW SAVINGS AND LOAN EXECUTIVE--James Cunningham was appointed as assistant to the president of the First Savings and Loan Association of Burk Burnett, effective last Monday. (See story page one).

Newest Postal Innovation Coming To Wichita Falls

The newest innovation of the United States Postal Service -- area mail processing -- is to be installed at the Wichita Falls, Texas post office within the next two weeks.

This was announced today by Pat Hardage, postmaster, Wichita Falls, Texas.

"The program is intended to speed the ultimate delivery of the mail and to gain maximum efficiency and economy through full utilization of Wichita Falls' modern post office," Hardage said.

One automatic cancelling machine is available at the Wichita Falls post office to move the increased mail volume from the associate offices.

"The Wichita Falls Post Office," Hardage pointed out, "is a sectional center facility, and the new system will revolve entirely around that capacity and that function."

"The program will take effect June 24," he said.

Area mail processing is a plan whereby virtually all mail originating within a sectional center area, including any or all of the associate offices of the sectional center facility, will be consolidated at the SCF for complete preparation and processing for outgoing dispatch.

Mail deposited in a designated drop unit at a post office or a letter box labeled "For local cancellation only" will be postmarked at the local office or origin with the name of that office. Each postmaster will have deposit boxes and letter drop units designated for this purpose. All metered mail will bear the postmark of the office of origin.

It was emphasized by Hardage that no office will lose its local postmark.

He asked specifically that customers no longer use the word "city" as an address in place of the name of the city of destination. "Obviously," he said, "in this new system, a letter with just 'city' could lose its identity."

Post offices affected by this program in the Wichita Falls area are: Archer City, Burk Burnett, Electra, Henrietta, Holliday, Iowa Park, Munday, Olney, Seymour, Vernon.

When World of Animals near Dallas anticipated--and received the usual number of "funny" telephone calls on April Fool's Day, office management was ready. The moment somebody asked to talk to Mr. Lion, they heard the awful roar of Sugar, a Bengal tiger. Sugar was relaxing on a desk near the telephone switchboard, and since she's tame enough to be coaxed into a roar or two, nobody seemed to care much if it was a lion or a tiger. The number of quick disconnections after Sugar growled was amazing.

 Mr. Doten, Section 12: Denise Bowers, Sharon Pigeon.

World Of Animals, A Sight For Children And Adults Alike

You've got to give D.W. a pretty high grade for courage, fortitude and nonchalance. His is one of the wildest stories to come out of the wilds of World of Animals.

D.W. (it stands for Double Whammy) is an African gemsbok, and he runs a lot of risk daily to prove that lions are far from being king of anything, anywhere.

At World of Animals, near Dallas, D.W. is king of Compound 5 and the boys and girls nextdoor in Compound 4 are eight lions -- Hippie, Hambone, David, Little John, Ela, Gotch, Sue and Katrina.

Back home in Africa, lions consider the gemsbok segment of the antelope family mighty nice to invite for lunch. In fact, they ARE lunch. The two are natural enemies, and so it was logical for World of Animals to separate them by a 7-foot fence.

But nobody had counted on D.W.'s beastly nature. Fact is, D.W. tantalizes the lions so much that they do everything but chase their tails. It goes like this, every day.

The lions, snoozing in the sun or strolling along the metal fence, look up to see a gemsbok almost within a paw's reach. They cool it, choosing to ignore D.W. -- for the moment. As the lions indifferently look away, D.W. takes a few quick steps just a little nearer the fence. His eyes develop a cold, glassy stare and the Double Whammy is in operation.

When the lions look back, they do a double take, like a sequence from an old Laurel and Hardy comedy. "D.W. is closer!" By the time D.W. has done this routine a few times, he's right at the fence--and just on the other side are Hippie, Hambone and the others.

The whole thing started,

World of Animals attendants say, when the lions moved camp near the fence. Lions do this, and for no particular reason. Gemsbok, equipped with sharp, deadly horns ranging from four to five feet in length, can handle themselves pretty well in the jungle.

Attendants at the park believe D.W. can fully take care of himself.

"Those lions have taken a slap or two at him, but I think he'd lower his head and charge a lion if one jumped the fence," said Chief Game Warden Terrell Hale. "Right now, old D.W. is just trying to prove he's mean."

PNS NEW PRESIDENT--Dr. Bill Boardman, outgoing president of the Burk Burnett Lions Club, right, is shown as he pins incoming president Larry DiMarzio, left. Standing behind the two is Dr. D.L. Ligon, a former Lion governor, who installed the officers at the Tuesday evening meeting.

Three Grants Given To Area

Three criminal justice action grants to the area served by Nortex Regional Planning Commission, Wichita Falls, were among those approved today by Governor Preston Smith. The three total \$56,816.

The money will come from the Criminal Justice Council, which oversees statewide law enforcement planning and administers funds from the U.S. Department of Justice for crime control projects in Texas.

Wichita County will receive \$25,681 as second-year funding for domestic relations and family counseling services in the Wichita County Probation Department. The project seeks to prevent juvenile delinquency through family counseling aimed at solving problems in the home that tend to push the child toward offensive behavior. Cash match of \$8,205 and in-kind contribution of \$2,169 are stipulated.

Nortex RPC won approval for continuation funding of the regional law enforcement teletype system. A previous award enabled law enforcement agencies to upgrade transmission equipment from manual to automatic. The new grant of \$20,479 will enable the 13 subscribers to the system to continue the service pending further refinements and extension to other agencies. In-kind match of \$534 and cash match of \$13,258 will be provided.

Counties of the region are Archer, Baylor, Childress, Clay, Cottle, Fossil, Hardeman, Jack, Montague, Wichita, Wilbarger and Young.

ALL AGES ENTER BURK PLAY DAY--Boys and girls, men and women of all ages and sizes entered the local Play Day held Friday night. Shown above is one of the younger participants as she tries to sack a goat.

SACKS GOAT--Bobby Klunkerman tries her hand at sacking a goat at the Burk Riding Club Play Day held Friday night.

Highway Department Urging Careful Driving

"Independence Day!" What does this mean to you? One hundred and ninety six years ago this young nation rose up to declare its independence. To declare that all men are created equal, that all men are endowed with certain inalienable rights. Among these rights are life, liberty and the pursuit of happiness. These rights are still held in high esteem today. But, how much value do we really place on life?

The death toll on our nation's highways exceeds one thousand each week. Yet does the average motorist stop to think that death could be waiting for him today, or maybe tomorrow? No, I'm sure that to the average motor-

ist, accidents always involve the "other" driver. Not Me! Still, death claims a life every two and one-half hours in Texas! The acceptance of traffic fatalities has brought about the "everyday occurrence" attitude that exists today. Life means more than that. Life is a God-given gift and it should not be carelessly thrown away.

Each 4th of July, the Texas Department of Public Safety conducts "Operation Motor-icide." This is an extensive coverage of the Texas traffic problem during the holiday period. The public is kept aware of the traffic deaths and is continually made aware of the main causes of traffic accidents. This year's "Operation Motoricide" will begin at 6:00 P.M. on Friday, June 30, and will run until midnight Tuesday, July 4.

Major C.W. Bell, Regional Commander of the Lubbock Region of the Department of Public Safety states, "All available personnel will be used in an effort to keep the highway deaths at a minimal. We will be on the lookout for violations of the traffic laws; especially we will be alert for the speeding driver and the drinking driver." Speed and DWI are the two largest contributors of traffic fatalities. Major Bell reminds all motorists that "each driver is responsible for keeping control of his vehicle in order to avoid colliding with another vehicle, a pedestrian or any fixed object. No one wants to be responsible for the death of another. Let's make our streets and highways as safe as possible. We all could drive twice as safe as we usually drive, so let's make an all-out effort and make this 4th of July a safe, happy holiday. Not a holiday that runs into a mourning." Do your part. "Drive Friendly," the Texas way.

NOTE: * Denotes Straight A's

RIDES FLAGS--Mike Gains, local businessman, is shown as he competes in the flag racing at the local Play Day.

Deadline Tuesday At Noon

ROUND THE TOWN

by Sylvia Lohoefer

Harry Martin, a local oil operator, is in the Wichita General Hospital receiving treatment from a heart attack which he suffered in his home Saturday of last week.

Mr. and Mrs. A.L. Brian and son, Michael, of Houston were recent visitors in the home of Mr. and Mrs. Preston Johnson in this city.

B.H. Alexander, Sr. is in the Wichita General Hospital undergoing tests and treatment.

Jim Ensey of Studio City, California visited his sister, Mrs. Wanda Smith and daughter, Pam, in La Junta, Colo., then drove to Burkburnett to visit their mother and brothers, Mr. and Mrs. J. T. (Ensey) Deckard, and in the home of Ed and Gene Bankhead and fam-

ilies of this city. O. J. and Wanda are former long-time residents of this city and have many friends here.

Mr. John Cook is receiving tests and treatment in Wichita General Hospital.

Mr. and Mrs. James Warren Johnson of Fayetteville, Ark. and Mrs. Ken Ray and daughters, Dianne and Susan of Dal-

las are visiting their mother, Mrs. J.A. Johnson here this week.

Mr. Dave Abbott, one of Burkburnett's "Old Timers" entered Wichita General Hospital last Friday suffering from a heart attack. He is in the intensive care unit at this writing.

Mr. and Mrs. B.F. Gilchrist of Gordon, Texas, were in Burkburnett visiting among friends and attended the funeral services of Burnis Hamilton last week.

Mrs. James A. (Bertha) Johnson has returned from a delightful trip and visit in Windsor, Mo., and other points. She visited an aunt, Mrs. Mamie Thompson, who is quite elderly, in Windsor. Her brother, Ray Hammer of Center Point, Ia.

Word was received here last week of the death of Richard Smith, who died in Ft. Worth. He had been ill for sometime. His wife is the former Miss Mozelle Rankin. They were

former residents of Burkburnett. He was the nephew of Mrs. J.H. Brumley in this city. His wife and one son survive.

Mrs. Bob (Billyjo) Kearns of Corpus Christi and son Mike, a student at TCU in Ft. Worth spent the weekend here with her mother, Mrs. Sam Shrum. Mike returned to Ft. Worth the first of the week and Billyjo remained for a few days visit.

Mrs. A.R. Dunstine plans to visit with her daughter and husband, Maxine and Raymond Holland in Ft. Worth this week.

Mrs. Minnie Hill of the Housing Project is in the intensive care ward of the Wichita General Hospital. She is under observation and care for seemingly a heart condition.

Charles Johnson, who underwent a kidney cyst operation two weeks ago is scheduled for another major surgery this week.

Mrs. Oleta Herring spent Saturday night and Sunday in Hugo, Okla., attending the annual Herring family reunion at the home of an aunt, Mrs. W.H. Herring. Approximately twenty-four attended.

Miss Jackie Malone of Pineville, La., a teacher in the Houston, Tex. Schools, visited Miss Nathalie Foster here over the weekend. They were former associates in the school systems both here and overseas.

Mrs. Frances (Jimmy) White of Los Angeles, Calif., and sister, Mrs. Ann Belle Williams of Olney, Tex., visited their mother, Mrs. Anna Freeman, the last two weeks. They all attended graduation exercises of Sharon Kay Freeman in Ft. Worth. Sharon is the daughter of Mr. and Mrs. Howard Freeman, former residents of this city.

Mr. and Mrs. Chuck Arthington of Salt Lake City, Utah were in Burkburnett last weekend visiting friends. They were en route to Gulfport, Miss., where they will live in retirement.

Mr. and Mrs. Ray Mills spent Father's Day weekend in Amarillo with their son, Earl W. Mills. They report a wonderful, cool trip.

Mrs. Leo Watts and little daughter of Abilene visited her parents, Mr. and Mrs. Norman Cantwell here over Father's Day weekend.

Mr. and Mrs. Cecil Wheeler of Amarillo visited her mother, Mrs. F.E. Scruggs, here this past weekend.

Mrs. G.C. (Loma) Henson has been in the Wichita Falls General Hospital for the past two weeks receiving treatment for a painful recurrence of an old hip injury she received several years ago.

Ben L. McDonald, III of Macon, Ga. is spending a few weeks here this summer with relatives and friends.

Mr. and Mrs. S.J. Moreman of Tyler are visiting his mother, Mrs. C.A. Moreman, here this week. Also visiting in the Moreman home are Mr. and Mrs. Harry Ragland and daughter Mrs. Valdean Harrison of Plainview and Margaret Schus of Oklahoma City.

Mrs. Daniel Lahn, who underwent major surgery this weekend, is in the intensive care unit and holding her own.

Mrs. Jack (Lillie) Duke is in the Wichita General Hospital under observation and receiving treatment and tests.

Mrs. Walter Koller, who is a patient in the Wichita General Hospital, is recuperating nicely from surgery she underwent last week.

Mr. B.O. Gordon, of 88, Williams Drive, has returned to his home here following surgery and a recuperating period in Wichita General Hospital.

Mrs. Gladys Miller of 211 North Holly, returned home by plane Saturday after receiving word of the serious illness of her father, Dave Abbott. She had been visiting her son, Mr. and Mrs. Marshall Miller and family in Atlanta, Georgia.

Mrs. Leo Coles and daughter, Mrs. Earl Tucker, and Alberta and Jimmie, all of Crowley, La. spent the weekend with her sister-in-law, Mrs. A.W. Coles, in this city.

Mr. and Mrs. Tony Solleder of Edmond, Okla. and Mr. and Mrs. Charlie Harvey of Okla. City visited their sister and husband, Mr. and Mrs. B.N. Cauthorn here Sunday.

Among the out of town relatives and close friends attending the funeral services of Burnis Hamilton on Thursday were Mr. and Mrs. Mason Hamilton of Baton Rouge, La., Mrs. P.A. Wheeler and mother, Mrs. Tom (Lilly) Hamilton of Eastland, Lucy Stoker and Nora Pogue, also from Eastland, Mr. and Mrs. Bart (Linda Jane Gilchrist) Harris of Dallas, Mrs. P. Charlie (Lois McGeachy) Hamilton, Mrs. Anita (Pharris) Dunn, Cy and Al Pharris and son Tommy, Mr. and Mrs. T.P. Hamilton, Mr. and Mrs. Jim Bob Pharris, Sandra Lewis, all of Ft. Worth, Mr. and Mrs. Thomas Lowrey, Candy and Gary Matney of Lubbock, Cindy Lowrey of New York City, Mrs. Clarence Lowrey of Houston and daughter Mrs. R.N. Arbuckle of New Orleans, Ed Hamilton of Tahoka, Tex., Johnny Belle Pharris of Olney, Mr. and Mrs. Robert Collard of Arlington, Tex. and Mr. and Mrs. Garland Johnston and Jill of Vernon.

Miss Jan White of Abilene visited her grandparents, Mr. and Mrs. Al Lohoefer and Mrs. Edna White over the past weekend.

Possibly the last of the Clara Community Reunions is scheduled to be held at the Burkburnett Civic Center on July 8, 1972. Anyone who has ever lived in the community or who has taught school or attended school in Clara is urged to attend this reunion. This reunion, begun in 1957, has been well attended during the years, where persons re-new old acquaintances and re-live days in the Clara Community. Persons who are interested in attending this reunion are asked to contact V.H. Van Loh at 569-2379, or 569-2400 for information. Reservations can be made by sending \$3.50 each to 401 E. 8th Street, Burkburnett, Texas 76354. 41-2tc
