Editor's Viewpoint

RAYMOND GREENWOOD

While the family was on a swimming expedition at the lake Sunday afternoon, my wife decided to try swimming under the water and immediately came into contact with a huge rock. The result was a large bump on the head and a slash across the nose and two black eyes.

I told this to one person and he said, "No way, what really happened is that you took after her with a chain and worked her over." I admitted to him that at times I thought that might be a good idea, but I always remembered the first time I brought out the chain and SHE took it away from me and darn near beat me to death!! That ended those thoughts of mine.

Al Lohofener told me Monday that he had some type of plant at their house that was in beautiful bloom and that it only bloomed when it was going to rain. I don't know what kind of plant it was cause I can't even say it little alone spell it. The important thing to note is that it did come a down pour for a few minutes Tuesday afternoon. Maybe we should all plant one of these plants and hope that the greater number of plants might produce a greater amount of rain. I don't know that this would work, but as dry as it is becoming, maybe we should start trying something.

I was reminded recently of the story of the irate citizen that came storming into a newspaper and demanded, "Did your paper say that I was a liar and a scoundrel?"

"No sir," offered the desk editor. "It must have been the POST. We never print stale news."

Then there was the group of tourists that were stranded on a desert island, shipwrecked and forlorn. "It's hopeless," said one. "We're lost and they'll never find us."

"Yes they will," said another. "Remember, we took this cruise on the installment plan."

I report the following not as a threat, but as a warning to non-subscribers. Heed this warning and don't let this happen to you!

A man who was too cheap to subscribe to his hometown newspaper sent his little boy to borrow his neighbor's copy. In his haste the boy ran over an \$80 hive of bees and in 10 minutes he looked like a warty squash. His father ran to his assistance, and falling to notice the barbed wire fence, ran into that, cutting a hold in his anatomy as well as ruining a pair of \$10 trousers. The old cow took advantage of the gap in the fence and filled herself eating green corn. Hearing a racket, the wife ran out, upset a four-gallon churn of cream into a basket of chicks, drowning the entire batch. In her haste she dropped a \$35 set of false teeth, which the family dog buried thinking it was a new type of bone. The baby, having been left alone, crawled through the spilled cream and into the parlor ruining a \$230 carpet. During the excitement the oldest daughter ran away with the hired man, a stray dog broke up 11 setting hens, the calves got out and chewed the tails off four fine shirts on the clothes line, and the cat had a batch of kittens. All this just to save 10 cents. And in this case, the poor guy never did get to read that week's edition.

INTERESTED CITIZENS TALK WITH CONGRESSMAN PRICE-- A.H. Lohofener, left, talks with Congressman Bob Price, center, following Price's Town Hall meeting in Burk Burnett last Friday afternoon. Lending a listening ear is Charlie Morris, right.

Local Group Hears Half The Battle In District 13 Race

Congressman Bob Price was in Burk Burnett Friday afternoon for a town hall meeting to "get acquainted with the people of the new 13th congressional district," according to Price.

Price answered a barrage of questions from those attending. The first question put to him was his stand on Federal Revenue Sharing. "As the bill was first introduced, I would have voted for it, but as it appeared after it came out of the committees, I voted against the bill," stated Price.

The President's plan was to send the money back to the people to be used by their cities, etc. in needed areas. The money was to come from

a "re-organized government" which was to cut down on all the waste spending and the duplication of work that now exists. Price stated that currently there are 7 or 8 governments hiring over 1.5 million people within our federal government. He pointed out there were 59 educational agencies handling the 158 education programs and nine agencies carrying on the 58 different welfare programs. There are too many duplicate grants, and too much waste spending due to this type of unorganized government, related Price.

He reported that a study has been made and that no lay-offs would occur because of this re-

organization. "The normal employee losses due to retirement and health, etc. would make up the difference in the number of jobs.

After the bill came out of the committees, Texas was 49th in total moneys that would be received by the Federal Revenue Sharing bill. "Texas was only going to receive \$7 per person compared with \$35 for New York. "Because of the way they computed the amounts, they were actually penalizing Texas for NOT having a state income tax," related Price.

When asked about his feeling on a Texas or possibly a national water plan, Price pointed out the necessity of some type plan for

NEW STORE MANAGER--Joyce Larson, the store manager for Fabric Center, is shown with part of the huge stock of quality fabrics.

Fabric Center Opens In Downtown

With the opening of the Fabric Center in downtown Burk Burnett last Monday, the appointment of a local woman as store manager was also announced. The lady is Mrs. Joyce Larson who resides at 912 Preston with her husband Master Sergeant Phillip Larson and their five children.

The whole family is active in the Methodist Church here

and is looking forward to Phillip's retirement here.

Mrs. Larson's appointment is just the first of several that will be made to fill various positions in the store with local people, according to Jerry Pink, district supervisor.

The Burk Burnett store will be just one of 450 stores all over the United States. Mrs. Larson commented that she was

proud to be associated with the new fabric center and to be able to bring to Burk Burnett the advantages of the large selections.

Mrs. Larson continued in saying, "We feel we can be of real service to both the novice and the seasoned seamstress while also catering to craft enthusiasts."

Water Supply Said "Good" Thus Far

Water consumption for the City of Burk Burnett hit an all time high Saturday as it reached 2,031,000 gallons and 2,020,000 Sunday, but "we're holding pretty well," according to City Manager Gary Bean in his report to councilmen at the regular scheduled meeting Monday night.

Councilmen authorized Bean to begin scheduled watering at his discretion if the need arose. Bean stated that the storage tanks were currently being able to fill during the night, but that if it came to the point where they couldn't catch-up during the night hours, then scheduled watering would become a must.

Citizens could help the water situation if they would not water their lawns and shrubs during the night hours. "If people would stop watering by 9:00 p.m. and not begin again until after 7:00 p.m. it would greatly help us in filling the storage tanks," stated Bean.

Softball Tourney Begins Here Mon.

A large number of men of the Burk Burnett community and this area in general will try their hands at winning a baseball tournament next week as the first Annual Slow Pitch Softball Tourney gets underway at Hayes Field Monday night.

Some 18 teams from this area, including three teams from Burk Burnett, will be playing in the tourney. The tournament will run from Monday through Saturday with four games being played each night. Starting time each day is 6:00.

The three teams from Burk Burnett include teams from CIPA, Central Baptist, and Burk Merchants. Trophies to the winners of the tournament will be sponsored by Owens Conoco, Athletic Club, Ruth's Coffee Shop and Mathis Chevrolet.

The proceeds from the concession stand during the games will go to the Burk Burnett Little League program.

"All the teams entered in the tourney are real good, but three or four are really outstanding, especially the Burk Merchants

Team," stated a spokesman for the tourney (namely Jim Standlee, a member of the Burk Merchants team.)

Action in the tourney is destined to be fast and furious as notable slow pitch stars like Dale Lewis, Eddie Reed, Larry Watts, Tommy Olds and Carl Payne, just to name a few, take to the field. (The writer of this article refuses to admit where the list of "stars" for the game came from).

Baseball enthusiasts are invited to Hayes Field Monday through Saturday beginning at 6:00 p.m. each night for the exciting first Annual Slow Pitch Softball Tournament.

In other action the council raised the fees for opening graves in the municipal cemetery. The present rate of \$25 was increased to \$35 for weekdays with a \$10 overtime charge after 4:30 p.m. and a flat fee of \$60 for Saturday, Sunday or a holiday.

Baby graves, for which the present charge is \$15, will have a fee of \$25 for weekdays with an overtime charge of \$10 and a fee of \$50 for Saturday, Sunday and holidays.

The council also authorized an amendment to Ordinance 282 making it conform to state regulations governing the disposal of vehicles unlawfully abandoned within the city limits. Thomas Colley, tax officer reported collection of \$925 in delinquent taxes during June, bringing the total for the quarter to \$5,957. Corporation Court report for June showed fines of \$470, including 30 traffic and seven liquor violations.

In other action the council heard budget and revenue reports.

Base Hospital To Study Anemia

By Sgt. Fred Stangl SHEPPARD AFB, TEXAS--The U.S. Air Force Regional Hospital at Sheppard AFB, at the request of special interest groups, has undertaken a sickle cell anemia testing program that is presently limited to dependent school-aged children more than five years of age on an appointment basis.

Sickle Cell anemia is a disease that has long been a scourge to people whose ancestors are of African ancestry--notably, but not necessarily, blacks.

Some caucasians, particularly from the Middle East, Mediterranean area and parts of India, also suffer from the affliction.

It is a hereditary disease of the blood in which the red blood cells assume a sickle-like shape. Victims rarely survive beyond young adulthood.

The hospital staff hopes to have screened all children of African descent before school begins.

Testing for active-duty military and their dependents not eligible for the current testing program who are susceptible to the disease will be afforded the opportunity of a similar testing program.

Although there is no immediate cure for sickle cell anemia, medical authorities give three reasons for taking the time to be tested for this disease, which rarely allows victims to survive beyond young adulthood.

ONE: Peace of mind. One out of ten blacks in America possesses the sickle cell anemia trait. The hospital can determine if you are in that 10 per cent. One in about 450 blacks have the disease.

TWO: Take care of your own health. If you have the disease, doctors can plan better care for you, particularly when you need surgery or get an infection. Also, with this trait or the anemia, people should avoid flying in unpressurized aircraft or strenuous exercise at high

altitudes.

THREE: Plan for the future health of children. Parents should know whether their marital partners or themselves have the trait which may be passed to their children.

What are the odds of parents passing on the sickle trait or disease to their children?

The chances are two in four that, if both husband and wife possess the trait, the child will inherit the trait. This means that the child has the means of passing on the disease although not suffering from sickle cell anemia. One in four chances say the child will suffer from

THE COOKS--Those responsible for cooking the pounds and pounds of bar-be-que beef, chicken and ham for the City Employee bar-be-que were (clockwise) Chief of Police Buck Abbott, Jimmy Lee Chumley, Oscar Rich and Jerry Green.

TAKE A PIECE OF THAT--Hungry youngsters and moms and dads awaited the City Employee Bar-be-que held Friday afternoon in the city park.

**Two New Directors
Appointed To Burk Bank**

J. B. Riley, Jr., of Burkburnett and Ira Krottinger of Wichita Falls were named as two additional directors by the Board of Directors of the Burkburnett Bank, recently.

Riley, a farmer and rancher who has been a stock holder of the bank since its opening, is now serving as vice president, a position which he has held since August 1970.

Riley is a life-long resident of the Burkburnett area and is married to the former Beverly Meador of Big Spring. They have two daughters, Kendra and Kayonne and a son, Matt.

Krottinger, the owner of Wichita Feed, resides at No. 1 Waggoner Circle in Wichita Falls with his wife, son Ira Jr., and a daughter Linda.

ports and authorized payment of current accounts in the amount of \$11,219.

ANEMIA

Continued from page one
the disease and one in four will be completely normal.

Persons with the trait can relax in one respect. The trait cannot transform itself in the disease within that same person.

Sickle cell anemia is characterized by severe anemia, jaundice, episodes of skeletal and abdominal pain and increased susceptibility to life-threatening bacterial infection.

Carriers of the disease (those possessing the trait) usually have no symptoms whatsoever, but may develop symptoms at high altitudes and also may pass blood in their urine or be unable to concentrate their urine.

Tests to be run at the base hospital are hemoglobin electrophoresis, which requires that a sample of blood be drawn.

The hospital facility is capable of testing only 20 to 25 people per day, and for an appointment call the pediatric clinic, 851-2321 or 851-2706 during the afternoon hours. Tested individuals will benefit of the results.

PRICE

Continued from page one
of open canals. He further stressed the importance of finding ways to stop the salt going into the present lakes. He reported that an estimated 150,000 to 200,000 tons of salt per day from ravines and creeks is going into area lakes.

In speaking of welfare reform, Price stated, "Personally I've never supported it. The welfare act was passed by activist in 1965 and I think it is an atrocious act which has promoted people not to work." "I don't think we are talking about the blind or those that are unable to work, but rather those that are able to work and don't and those that won't take job training."

"It's proven that there are three and four generations of families on welfare." He pointed out that there are currently 11 million people on welfare in the United States at a cost to taxpayers of \$2,000 per family for those on welfare.

Price stated he thought the President had a good idea when he proposed to give each welfare family \$1,600 with the stipulations that (1.) the man of the family has to come home and live there; (2.) that the man of the family has to sign up for work (if healthy) and take any job available and (3.) the man of the family must take on the job training. "By the

time the bill got out of the Ways and Means Committee in Congress, the minimum amount was raised to \$2,400 and a minority party got the bill out and through the House and it is currently in the Senate," stated Price.

The Union Organization of Welfare People are reported as saying they are entitled to a minimum figure of \$5,000 per year. It has been estimated that if this passes, a total of 24 million persons will be on the welfare rolls. "There's less than 25 million persons in the labor unions, and you know what kind of political influence they have," stated Price, "so you can imagine what type of government we would be headed for with 24 million on the welfare rolls."

In the area of military spending, Price stated that he believed the United States must maintain a strong military posture to insure its present position. He pledged his support of President Nixon's recommendation to increase military spending.

In other areas Price stated he voted against increasing the national debt by \$50 million and that he voted to cut our share of moneys going to the United Nations.

In speaking of his stand on these and other issues, including his voting against amnesty to draft dodgers and his support of President Nixon's Vietnam stand, Price told those present, "If you don't believe this way--then I'm not your candidate. I made a living before I was elected to Congress six years ago and I can do it again if I'm not re-elected."

**Sr. League
Tournament**

The District 6 Tournament for the Seniors in Little League play will get underway tonight at 5:00 when Electra takes on Seymour at the local Hayes Field.

Burkburnett and Sheppard AFB will begin the second game of the double header evening at 7:30.

Tomorrow night at 7:30 the winner of tonight's game between Electra and Seymour will take on Iowa Park.

The winner of the tournament will be named Saturday as the winner of the above game plays the winner of the Burkburnett vs. Sheppard AFB game.

Playing on the All-Star Team for Burkburnett in the Seniors will be Benton Motley, Rickey Sykes, Tommy Rushing, Robert Felty, Ricc Schroeder, Doug Garrison, Phillip January, Kyle Nickerson, Jimmy Koulovatos, Terry Becket, Curtis Williams, Jay Lippard and Randy Burk.

The Burkburnett Seniors will be coached by Simon Zavala and Robert Weaver.

**Two Arrested On Drug Charges;
Burgularies Being Investigated**

Stephen Allen Cole and Conley Curtis Gilbert were picked up and charged with possession of marijuana in two separate cases recently by the Burkburnett Police.

Cole, 22, of 611 E. 2nd Street, was arrested Sunday, July 9, and was brought before Judge R.L. "Pee Wee" Stewart who set bond at \$2,500.

Gilbert, 19, of 402 S. Ave. B, was arrested Sunday and was also brought before Judge J.L. "Pee Wee" Stewart who set bond at \$5,000.

Police also reported they are currently investigating the burglary of the local American Legion building. The burglary was discovered Wednesday morning by a repairman.

An estimated \$70 was taken from the pool table located in the building and an unknown amount of candy was stolen from the kitchen.

Mrs. Harlan Mullins also reported the same day that six tires had been stolen from off the rack at the Deep Rock Service Station at 403 E. Third.

Friday, Mrs. Don Kenyon of 1010 Jan reported a person had attempted to break into her residence. Mrs. Kenyon fired a rifle at the intruder which scared him off.

Saturday, Cliff Southerland of Boomtown Golf Center reported that over \$800 in golf clubs, golf shoes and balls, etc. had been stolen from the firm.

That same day, Billy Mize of 800 Easy reported a stolen bicycle from his residence.

Sunday, Barry Comco located on the Red River Expressway received small damage due to vandals.

Monday, Bernard Puck of 702 Maple and R.L. Blackwood of

107 Vaughn, both reported to police that their riding lawn mowers had been stolen.

Police reported only two traffic accidents for the week with the first occurring Tuesday afternoon on Sycamore St. near Cropper Road.

A 1966 Chrysler owned by Behe L. Lidkey received damages as Charles E. Adams, driving a 1967 Mercury, backed out of a driveway into the Lidkey vehicle.

Friday night Ricc L. Gann of 17 Doyle Addition, driving 1972 Chevrolet, stated she took her eyes off the car ahead which was stopped for a red light and struck the vehicle in the rear.

The second car involved in the accident was a 1962 Mercury driven by Daniel P. O'Hear of 2123 Ave. I in Wichita Falls.

The accident occurred at the intersection of Sheppard Road and Tidal.

Two Burkburnett residents were involved in separate traffic accidents in or near Wichita Falls Sunday.

Catherine Alexander, daughter of Mr. and Mrs. B. H. Alexander, Jr. was treated and released from Wichita General Hospital following a one car accident at Central Expressway and Airport Drive about 3:40 p.m. Sunday.

Joyce Lyles was treated and released from Wichita General Hospital Sunday following a two-vehicle accident at Southwest Parkway and Sierra Madre about 3:23 p.m.

Driver of the other vehicle involved was Donald K. Fletcher of 4512 Lakeview in Wichita Falls.

A CHALLENGE TO EMPLOYERS

More than a half-million servicemen will be returned to civilian life during 1972. These veterans have met the rigorous challenges of military service, often at great risk and personal sacrifice. Many have gained civilian-related skills. Some are physically disabled but offer a special determination to succeed. And yet, far too many veterans are currently without a job. Prospects for those soon to be released are generally regarded as gloomy.

Throughout America we have heard the cry to bring our boys back home. But to what? Now let's have a similar crusade to provide jobs for them.

President Nixon has established the Jobs for Veterans program and directed the federal government to put its resources to work to stimulate the hiring of veterans. The state employment service and the Veterans Administration offices will supply veterans to fill job openings. Moreover, the current "G.I. Bill" provides allowances for training.

Employers, here is an opportunity to help yourselves, and to make the American Promise a reality to those who have fulfilled one of citizenship's most demanding obligations.

**Seven
minutes of
San Francisco:
\$2.85**

During eight-to-five business hours, Monday through Friday, that's the cost of a seven-minute call from here to San Francisco if you dial it yourself the One-Plus way. It's figured like this:

First three minutes: \$1.25 Each extra minute: 40¢

And if business can wait, One-Plus rates on out-of-state calls are even lower after five.

One-Plus...there's no cheaper way to call Long Distance.

Southwestern Bell

**Lions Club To
Sponsor Tourney**

The Noon Lions Club of Burkburnett has announced that they will be sponsoring a Youth Golf Tournament July 27 - 28 at Boomtown Golf Center.

Youngsters between the ages of 6 and 16 may enter the tourney. Entrants will be flighted according to age groups. Winners of the tournament will receive trophies.

Persons interested in entering the tourney should contact Cliff Southerland at Boomtown Golf Center. A \$2.00 entry fee will be charged.

Obituaries

Mrs. D.V. Culbert

Mrs. D.V. Culbert, 61, of Burkburnett, died last Tuesday in a Childress hospital.

A Christian wake was held Thursday in Owens & Brumley Funeral Home chapel. Funeral was Friday in St. Jude's Catholic Church with the Rev. Richard Beaumont officiating.

Burial was in Burkburnett Cemetery. She was born July 17, 1911 in Layayette, La. Survivors include her husband; two brothers, J. W. Broussard of New Iberia, La., and Tommy Broussard of Baton Rouge, La.; and a sister, Mrs. Virgil Crumb of Santa Ana, Calif.

**Summer Recreation Program
Going Strong At Present**

The Boxing Clinic planned by the City's Summer Recreation department began Monday night at the Junior High Gym with about 20 boys in attendance. More were expected for last night and the director pointed out that anyone still interested may join the group tonight.

The instructor for the clinic is Pete Chavez, Jr. of Wichita Falls who will teach basic skills and fundamentals of boxing. He hopes that enough persons will attend during the clinic to warrant a sponsorship of a boxing club here.

BATTLE OF THE BANDS
The Battle of the Bands, which has been scheduled for July 21 has been cancelled due to lack of interest and the needed number of bands to justify a contest. Perhaps, this can be rescheduled at a later date.

FATHER-SON GOLF TOURNAMENT
The Summer Recreation Program announces a Father-Son Golf Tournament to be held Friday evening or Saturday between 8 and 1 p.m. It will be 18 holes medal play. The only thing peculiar about the tournament will be that father and son must alternate shots until ball is holed. By using this method, both team members will be responsible for the total score for 18 holes.

There will be three divisions to be divided by the age of the son or daughter. In the CHAMPIONSHIP FLIGHT, the age of the son will be from 13 years to 17 years. The FIRST FLIGHT will consist of ages between 7 and 12 for the son and the SECOND FLIGHT will be made up of sons that are six years and younger. The age of the father doesn't enter into the classification of flights.

Entry fee will be \$1.00 per person. A father can play with as many sons as he wishes but must play with each son at separate times to avoid confusion.

Trophies will be awarded to the first three places in each flight. The trophies will be donated by Boomtown Golf Center. If a girl or boy 17 or younger would like to play in the tournament but doesn't have a father who plays, an arrangement can be made to team him/her with a father that has no son or daughter to play in the tournament.

CHEERLEADING CLINIC
The Burkburnett Varsity Cheerleaders will conduct a cheerleading clinic the week of July 31 through August 4th. All girls ages 8 through 15 can learn basic skills and fundamentals taught by the number one cheerleaders in the North Texas area. Cheerleaders Marilyn Koller, Teresa Sossaman, Donna Rankhead, Connie Dolan, Judy Frye, and Stephanie An-

person will serve as instructors. Last year's clinic was a huge success as nearly thirty girls participated. The instruction will begin at 9:00 Monday morning, July 31 at the high school cafeteria. Girls should wear shorts outfits and rubber soled shoes.

There will be a \$3.00 entrance fee charged for the week's clinic. This money will be used to buy uniforms, supplies, and equipment for the varsity cheerleaders to use this school year as they create school and town spirit.

TENNIS TOURNAMENT
The annual summer Tennis Tournament sponsored by Preston Dairy through the Summer Recreation Program, will begin preliminary matches July 24th. Preliminaries will last until the 27th. The finals in each division will be held Friday and Saturday, the 28th and 29th of July. All preliminary matches will be played at a time suitable to each participant while the final matches will require a posted time.

People living in Burkburnett area, any base oriented person (military or civilian), any dependents of base personnel, persons living in Randlett, Grandfield, or Vernon are eligible to enter. There is NO entry fee. Trophies will be awarded in each division and are donated by Hugh Preston, Jr. of Preston Dairy.

Entrants must play in respective age bracket and can play their matches at their own convenience through July 27th. The divisions open for competition are: Mixed Doubles, Men's Doubles (19 and above), Men's Singles (19 and above), Women's Singles (19 and above), Girl's Doubles (16-18 years), Boy's Doubles (16-18 years), Boy's Singles (16-18 years), Boy's Singles (15 and under), Girl's Doubles (15 and under), Girl's Singles (15 and under), and Beginner's (Summer Tennis Program).

Entry blanks should be turned in to or mailed to Preston Milk Store in Burkburnett before July 22. Be sure to enter proper age bracket and division desired. Make sure that all other information is complete.

DOWNTOWN BURKBURNETT

GIRL SCOUT ART IN THE PARK--Over 50 youngsters participated in the Art in the Park Friday, sponsored by Sr. Girl Scout Troop 70. Helping the kids make flowers from material were Mrs. Donald Dipboye and Mrs. Ronald Hamilton, troop leaders, and Shelly Moore and Cheryl Mead.

Three Students To Attend Citizenship Seminar

Three high school students from Wichita County will attend the tenth annual High School Students Citizenship Seminar to be conducted by the Texas Farm Bureau July 18-22 on the campus of Baylor University in Waco, according to Ed Foster, Jr., president of the County Farm Bureau.

Purpose of the seminar, according to Ed Foster, Jr., is to convey to the students a better understanding of our American Heritage and the capitalistic private enterprise system "that has made ours the greatest of all nations."

They will also be informed about some of the forces, both internal and external, that are eroding our way of life. The ultimate goal, he added, in addition to helping them to be better informed, is to cause them to want to pass on their experiences to others.

Several nationally-known authorities will be discussion leaders at the seminar. They include Dr. Clifton Gamus, president of Harding College, Search, Ark., who will speak on "Understanding and Preserving our American Heritage," "Moral Foundation of Freedom," and "Pyramid of Freedom."

Cleon Skousen, lecturer, author of "The Naked Communist" and other publications, and former FBI agent, of Salt Lake City, Utah, will speak on "History, Strategy, and Tactics of the Communist Party".

Tom Hollingsworth, Tulsa, Okla., former member of the Green Berets, will discuss "Behind the Scenes in Vietnam". Dr. C.L. Kay, assistant president of Lubbock Christian College, Lubbock, will speak on "Freedom Is on Trial" and "The Battle Ahead".

Students selected to attend from this county are: Kenneth Schroeder, 16, son of Mr. and Mrs. Raymond Schroeder of Burk Burnett; Mary Mahler, 16, daughter of Mrs. Frances Mahler of Iowa Park and Terry Davis, 16, son of Mr. and Mrs. Kenneth Davis of Iowa Park.

Kenneth Schroeder, 16, is the son of Mr. and Mrs. Raymond Schroeder, Route #1, Burk Burnett. He is a sophomore in Student Council and National Honor Society. Last year he was chosen as the Star Chapter Greenhand in the Burk Burnett Chapter. This year, he placed first as district in informative speaking at Weatherford. His favorite past times are watching the Cowboys and keeping up with the Astroz.

They will be among 450 students from all over the state who will be entering the 11th or 12th grades in September and have been carefully screened as to leadership ability and scholastic achievement.

Attendance is not limited to students from Farm Bureau families but is open to those who reside in towns or cities as well as rural areas. Their attendance is sponsored by the

MAKING PIGGY BANKS--Empty bleach bottles served as the structure to make piggy banks at the Art in the Park Friday. Helping the above youngsters were Terry Taylor and Karen Greer.

GROWS 10 lb. CANTALOUPE--Mrs. Ruth Reldon of 526 Sycamore displays a 10 pound cantaloupe that she raised in her garden. Mrs. Reldon stated that she had several cantaloupes that reached the six pound mark, but this is the first one she has ever had to weigh as much as 10 pounds.

Granddaughter Sends Poem To Grandmother

The following poem was written by Rebecca Lynn Briscoe of Seattle, Washington for her grandmother, "Put" Briscoe.

HAVE TRUST
If you ever need me I'll be standing at your side,
So when you're afraid you will not have to hide.

If you need comforting, close your eyes and pray
And ask the Lord that tomorrow be a better day.

He'll help you with all the help you need,
But he will leave with you a certain deed.

This deed means a lot to him and to you,
It effects everything you may do.

It is to think and believe that He is really there,
Not just a figment of your imagination or a thing in the air.

Have trust in his being, have trust in your soul,
Because there are times when you need him and you don't know.

Roy Lohr of Lusk, Wyoming, the first man to seek official entrance to the all-girls "Make It Yourself with Wool" sewing competition, was a special guest at the contest's national finals in Phoenix. He is shown here with Susan White, Sutherland, Nebraska, 15, Junior Division national winner, center; and Eileen Havens, Edmonds, Washington, 18, Senior Division national winner.

EASY TO USE . . . That's the joy of the new "Fashion Mate" sewing machine by Singer, introduced for the beginning home sewer. It zig-zags and straight stitches, sews up to 1,000 stitches a minute, even makes buttonholes and sews on buttons. Model 257 now available at Singer Sewing Centers. \$79.95 (head only).

60th Wedding Anniversary For Mr. & Mrs. John Gower

Friends and relatives of Mr. and Mrs. John Milan Gower, 405 E. Second Street are cordially invited to celebrate their sixtieth wedding anniversary with them Sunday from 3 to 5 p.m. in the Community Room of the Burk Burnett Bank.

The Gowers were married July 21, 1912 in the home of the bride's parents, Mr. and Mrs. J.W. Stanley in Charlie. The couple had three children including Mrs. Paul (Eleanor)

Dowdy, who died in 1931, Stanley Gower of Pueblo, Colorado and Winston Gower of LaPama, California. They have five grandchildren.

Hosts for Sunday's affair will be the couple's sons, neices, Mmes. M.H. Beverin, Jr., Joe Holland of Charlie, Kathryn Prescott, Dora Ann Garner, Cora June Sandefur, Bessie Murphy, all of Wichita Falls, and friends, Mmes. Gene McNish and Paul Avrit.

Texas Readers Club Deadline August 1st

TEXAS READING CLUB readers must complete their twelve books by August 1st to be eligible for certificates from the Texas State Library.

Those readers receiving certificates will be entertained by the Fort Worth Public Library Funmobile in the Burk Burnett Library on August 3, 1972 at 10:00 a.m. The Funmobile is a bookmobile especially outfitted to present children's programs.

Swim Lessons Enroll Thursday

Enrollment for the second summer session of Swim Lessons will be Thursday at 4:00 p.m. at the Burk Burnett Swimming Pool.

The Red Cross sponsored classes will include pre-school beginners, ages 5 and 6, regular beginners and an advanced diving class which will be limited to ten students.

Registration fee will be the regular pool admission charge for an eight-day period.

Lee Lucas Speak At Senior Citizens Meeting

The Burk Burnett Senior Citizens met on July 13 in the Civic Center. Mr. Lee Lucas, Weatherman on TV Channel 6 was the speaker. He answered the many questions asked. Channel 6 Troy Jensen took movies of the Club as Mr. Lucas was speaking.

The next regular meeting of the club will be held on July 27th. At this business meeting, Mr. Bob Carpenter will present a plan in which all Senior Citizens of Burk Burnett should be interested. All Senior Citizens in the Burk Burnett area are cordially invited to attend.

Engagement Announced

September 15 is the wedding date chosen by Miss Joyce Marie Mathis and James Harold Kilcrease.

Miss Mathis is the daughter of Mr. and Mrs. Jack Mathis of 204 Fifth Street. Mr. and Mrs. Kilcrease of Wichita Falls are the parents of the groom.

The wedding will be in the First Assembly of God Church in Burk Burnett.

In 1909, Mrs. Baird replaced a bicycle with a wagon to get her bread to the customers faster... and fresher.

Today, Mrs Baird's Bread is still delivered to the store as soon as possible after each bake... because her family still cares about freshness.

Introducing . . .

MICHAEL COREY VAUGHAN, 5-months-old and the son of Mr. and Mrs. Henry B. Vaughan. He is the grandson of Mr. H. F. Vaughan and Mr. and Mrs. Clarence Bridges.

She'll help you get your money's worth from your electric appliances.

Any time you have questions about the operation and care of an electric appliance, ask one of our home economists. A telephone call will do it. She'll have the answers you need. Or follow through until she gets them for you.

She can help you in other ways, too. With food preparation or freezing. With the planning of your new kitchen. The tips you get from our home economists can help you get all the benefits you expect from

your electric appliances. There's no charge for this service, so don't hesitate to call. It's the job of every one of us to see that you get the most value from your electric service.

ROUND THE TOWN

by Sylvia Lohofner

Mr. and Mrs. Leonard Hurta of Fox, Okla., Mr. and Mrs. Reece Hewell of Dallas and Willie Hewell of Longview were visitors last week in the home

of their aunt, Mrs. W.B. Nelson, of this city. ***** Mr. and Mrs. Frank Germany of Midland, Mrs. Dollie Hardin

of Devol, Okla. and Mrs. W.B. Nelson of Burk all drove to Gainesville and Whitesboro last week visiting relatives and friends.

Miss Thersa Askins of Pampa, Fla. left for her home Monday by plane after spending several weeks this summer here with her father, the Cleo

Askins family, and her grandparents, Mr. and Mrs. S.E. Askins. ***** Mr. Jim Myrick, a librarian

at the Burk Burnett High School, had foot surgery in an Oklahoma City hospital last week. He is reported recovering nicely at this writing.

Mrs. Gwen Metz and sister, Mrs. Betty Fields have returned from a delightful vacation trip in West Texas, New Mexico and Arizona. They also attended the races in Ruidoso, N.M. Mr. and Mrs. James Allbritton and Jonathan visited for two weeks recently with Mrs. Allbritton's parents, the Clyde Stockstills. They are now making their home in Hollywood, Florida.

Mr. and Mrs. Francis Beaver and Mr. and Mrs. Clark Gresham are vacationing in Red River, N. Mexico and the cool spots in Colorado.

Jack and Peggy Rodolph and children Pam and Johnny visited her sister and husband, Mr. and Mrs. E.T. Nichols (neez) in Alice, Texas this week.

Mrs. J.C. Adams had as her guests over the weekend her sister and husband, Mr. and Mrs. J.R. Wilkinson, of Ft. Worth.

Mr. and Mrs. Melvin Keil returned Sunday from an interesting trip in Old Mexico. They visited in Acapulco, Mexico City, and a few other high points. They report the weather was very hot and they were in lots of rain. In other words, "It's nice to be home".

Mrs. Vicki Shirley of Baton Rouge, La., granddaughter of Mrs. Evie Clements of this city, is critically ill at a hospital in New Orleans. Vicki had surgery for a brain tumor approximately twelve days ago. She is the daughter of Mrs. Wanda Clements Mahan of Baton Rouge, who remains at her bedside.

Mr. P.H. Alexander, Sr. is in the Evergreen Manor in this city undergoing treatment and care.

Mr. and Mrs. Leon Mulnax and family of Memphis, Texas spent last week here with her grandmother, Mrs. Pearl Horsley.

Mr. and Mrs. Ken Hervey have returned from a delightful wedding trip to Houston, Galveston and South Texas. Mr. Hervey and Mrs. Wilma Putts Landers were married Sunday p.m., July 9th in her home. Her daughter, Linda Landers, and his brother, Robert, were their only attendants. They will make Burk their home.

Mr. and Mrs. T.W. Randall and sons of Long Beach, Calif. and her mother, Mrs. Ollie Gresham of Bakersfield, Calif. arrived last week for a two to three week visit with their parents, Mr. and Mrs. Ted Randall and will also visit her brother and wife, Sgt. and Mrs. Earl Dodson and daughters in this city and Mr. Randall's sister, Mr. and Mrs. J.R. Woodley and family in Wichita Falls. They plan to spend a great deal of their time at the lakes.

Mr. and Mrs. C.F. Horsley of 115 N. Harwell Street have just returned from a two-week vacation trip in Old Mexico.

Miss Wanda Mayfield of Hattiesburg, Miss. returned to her home last week after a visit of several weeks with her aunt and uncle, Mr. and Mrs. Charles W. Boyd.

Mrs. John F. Ney visited ill relatives in the V.A. Hospital in Houston and also in San Antonio, Seguin and Alice, Texas, last week.

Mrs. Pearl Horsley of this city visited her sister, Mrs. Homer Stone in Grand Prairie, last week.

The community will greatly miss Mrs. Alice Goodwin, who is moving to Longview, this week. She has been a resident of Burk since 1917. She has sold her home to the Jim Myricks, who are on the Burk High School staff. It is truly said, "What will be our loss will be Longviews gain". Alice is very active in the First Baptist Church, her Garden Club, the Order of the Eastern Star and wherever and whenever she is called on. Her daughter, Mrs. Maurine Pearson of Longview is spending the week here helping to pack and move.

David and Bernice McNeil spent the past two weeks vacationing in Wolf Bayou, Ark. They visited Mrs. McNeils parents, Sam and Mrs. Speiks, who are former residents of Burk Burnett. David, who was chosen the "Employee of the Year" by the Chamber of Commerce, is thinking of moving to Arkansas after he retires from the post office, where he is senior carrier.

Mrs. Dan (Mary) Culbert, 61, of 203 W. 4th Street, died late Wednesday in Childress, Tex.

where she and her husband were working with a carnival. They had only been on the road a few days. Funeral services were held Friday in the St. Jude Catholic Church with burial in the Burk Burnett Cemetery under the direction of Owens & Brumely Funeral Home.

Mr. and Mrs. Haskell Draper have returned home from a most interesting and pleasant trip. They visited his brother and wife, Lonnie and Opal Draper, a few days in Conway, Mo. Then they drove to St. Paul, Minn. and visited their son and family, Mr. and Mrs. Billy Draper, and attended a grandsons' high school graduation. Draper also

got in some good fishing. From there, they went to Washington, D.C. and visited another son, Lt. Col. and Mrs. Edwin Draper, and family, who serves at the Pentagon. They toured much of Washington, D.C. and area, all of which they enjoyed, for ten days. Enroute home they were accompanied by Edwin's son, Craig, who is 13. They stopped over again at Conway, Mo. for a further visit with the Lonnie Drapers. Mr. and Mrs. Draper left Burk on June 3rd and returned home July 10th. Their grandson, Edwin, Jr., will be joined by his mother, Shirley, and brother here next week and will spend 3 or 4 weeks visiting before taking the plane back to Washington, D.C.

News of Yesteryear 10 Years Ago

Wilford Noel Duke, son of Jack Duke of Burk Burnett has been promoted to accounting supervisor at Oklahoma City for Southwestern Bell Telephone Co. He has been a district accounting manager for the company in Wichita, Kansas since 1960. He was an accounting department supervisor in Dallas until his transfer to Wichita, Kansas.

James Smith, a city water department worker, almost drowned Monday, July 2, at 4:30 p.m. as a result of a cave-in on South Beverly Street near the South Elementary School. Smith and others were working on a water line leak when the cave-in occurred. Minyard Nixon of 213 W. 4th Street, gave Smith artificial respiration, which saved his life. Moon Mullins and others also rendered aid during the emergency.

Dr. Robert Norman Dodson, son of Mr. and Mrs. D.C. Dodson of Burk Burnett was graduated from Baylor University College of Dentistry, in Dallas, on June 4th.

Official information from the regional post office directors office in Dallas, Thursday, June 21, states that the Burk Burnett post office is to be advanced from second to first class, effective on July 1, 1962, according to A.H. Lohofner, Postmaster in Burk. Change in classification will not bring any marked change in the office other than management and supervision. No new employees are to be added at the present time. The office which is composed of 14 employees serves one rural route of some 78 miles and one parcel post route. There are two foot carriers and two mounted city carriers to cover the route.

Juliene Abdouch and Janelle Hinkle are in Houston visiting Martha Meyer. Martha moved from Burk Burnett last January.

Lee Robertson and Janet Mathis leave Wednesday for their fabulous trip to Disneyland, Hawaii and the Worlds Fair.

Appointment of a well-known educator, Ralph M. Davis, as business manager for the Wichita Falls Public School System was announced Monday by the Wichita Falls board of education. Davis served as superintendent of the Burk Public Schools for 16 years before moving to Wichita Falls in 1958. He has served as administrative assistant in the city schools since that time. Davis will assume his duties as business manager August 1st.

DOGS KILL SHEEP--This is not exactly a pretty picture to INFORMER readers, nor to the owners of these five sheep. The sheep belong to FFA members who had the sheep penned in the lots at the school. Dogs got into the lots last Wednesday and killed these five show sheep. This brings the number of sheep the FFA boys have lost to dogs to 17 for the year. Dog owners are urged to keep their animals at home.

FOOD WAS PILED HIGH--The food was piled high on the tables prior to the City Employee Bar-be-que Friday night.

Hamburger Comes From Germany??

Regardless of its foreign origin --and the hamburger is supposed to have originated in Hamburg, Germany, in 1891-- there is no question but what it has become as American as the Fourth of July and apple pie. There are so many variations, perhaps not including those you make yourself, that complete books have been written on the subject.

No matter how you serve your hamburgers, it's important to realize that their finished goodness depends on the beginning, the base from which you build. In other words the bun itself, because no matter what the filling, it misses being a mouth-watering delight if the bun is not all that a good bun should be--fresh, flavorful and high quality.

Many youngsters, cranky in their eating habits, prefer their hamburger with just a meat patty and perhaps a little mustard or catsup, but for those teenagers and adults who are venturesome, there are myriad

ways to "build" a hamburger and with some, the more we put in, the better it gets. They might enjoy only a few additions such as lettuce and tomatoes with mayonnaise or relish or they might go all the way with a slice of cheese, chopped onion or a nice large slice of onion, catsup, lettuce and tomato and dill pickle slices. The result is a concoction so large one wonders how the mouth might get around it, but one that's tantalizing and practically a meal in itself.

Here's a combination you may not have tried:

CHEESEBURGER TOWERS
2 pounds ground beef
1/4 cup finely chopped onion
1 tablespoon prepared mustard
1 tablespoon worcestershire sauce
1 1/2 teaspoons prepared horseradish
salt and pepper
6 slices process American cheese
6 hamburger buns, split and toasted

Combine meat, onion and seasonings; shape into 12 patties a little less than 1/2-inch thick. Cook in lightly greased skillet about 6 minutes, turning once--broil if you prefer. With cookie cutter, cut a 2-inch round from center of each cheese slice. Place half the meat patties on toasted buns; add cheese slice filling the hole in the cheese with catsup, mustard or barbecue or hamburger relish. Top with remaining meat patties and cheese rounds.

Or try a Smoky Cheeseburger: Prepare 6 meat patties and while they cook, combine one 5-ounce jar smoky cheese spread, 1 tablespoon pickle relish and 2 teaspoons prepared mustard; spread on top half of 6 split hamburger buns. Broil 1 to 2 minutes or till cheese bubbles and buns toast. Put buns together with a meat patty in each.

Have you ever considered the versatility of the hamburger bun for other purposes? Split and toasted, it makes a great

base for creamed foods or Sloppy Joes to be eaten with knife and fork. Because of the shape, what better for a fried egg and ham sandwich? With weiners, clip at one-inch intervals almost through so they will curl up as they cook and they are just right for a bun, with a center which can be filled with sauerkraut for a great taste combination or baked beans with a topping of hot dog relish.

And for individual pizzas, they're perfect. Try this variation:

PIZZA BURGERS
1 pound ground beef
1 1/2 cup chopped onions
1 6-ounce can tomato paste
1 teaspoon crushed oregano
1/4 teaspoon garlic powder
6 hamburger buns, split, toasted and buttered

zarella cheese, optional. Cook beef and onions in skillet until beef loses its red color and onions are transparent. Add tomato paste and seasonings. Bring to boil; simmer for 15 minutes. Spoon mixture over bun halves. If desired, slip an onion ring or cheese slice on each bun.

Or make a frankfurter pizza, spreading the toasted bun halves with tomato sauce, adding a touch of oregano, a round of Mozzarella cheese and top with sliced frank which fit the bun halves so well. Run under the broiler until cheese melts and franks brown slightly.

No matter how you serve them, a supply of good hamburger buns fresh from your favorite grocer for planned or unexpected uses can make up into lots of good eating with your own creativity the designer and producer.

CBPO Gets Citation

SHEPPARD AFB, TEXAS--Sheppard Air Force Base's Consolidated Base Personnel Office (CBPO) has been selected by Air Training Command Headquarters as the outstanding such organization in the command for the period June 1, 1971, through May 31, 1972.

The selection is the result of outstanding service and significant contributions to the Air Force personnel program by the people in that office.

"Please convey my congratulations and appreciation to everyone whose contributions to the effectiveness of the Sheppard CBPO prompted this recognition," said Lt. Gen. George B. Simler, ATC commander, when Sheppard was selected. Maj. Gen. Robert L. Pettit, commander of Sheppard Technical Training Center, extended his congratulations to all CBPO members "who worked so diligently to make this program a success at Sheppard."

A plaque and citation will be presented at a later date.

Sheppard CBPO will compete with other personnel offices throughout the Air Force for the U.S. Air Force CBPO award.

Capt. Cook On Duty In Arkansas

U.S. Air Force Captain Sidney W. Cook, son of Mrs. Snow F. Cook, R.R. 1, Quapaw, Ore., has arrived for duty at Little Rock AFB, Ark.

Captain Cook, a social actions officer, is assigned to a unit of the Tactical Air Command which provides combat units for air support of U.S. ground forces. He previously served at Maxwell AFB, Ala.

The captain was commissioned in 1962 through Officer Training School, Lackland AFB, Tex. He has completed a tour of combat duty in Vietnam.

A 1957 graduate of Quapaw High School, he received an A.A. degree in political science in 1959 from Northeastern Oklahoma A&M College and a B.A. degree in political science in 1961 from Oklahoma State University.

His wife, Mary, is the daughter of Mr. and Mrs. W.A. Lambert of 601 Oak Street, Burkburnett, Texas.

Congressman Bob Price Makes Strong Statement

"I urge the people of Texas to examine carefully the platform and public statements of Senator George McGovern and those who support him.

"Senator Henry Jackson, a prominent Democratic leader, recently stated that 'although Senator McGovern has adopted some of the extremist rhetoric and positions of the discredited campus radicals, recent polls show that most Americans are unaware of how far out he has gone.'

"A recent editorial in The Dallas Times Herald branded the McGovern platform 'the most profoundly radical program of action that America has been asked to swallow.'

"I agree wholeheartedly with these assessments.

"McGovernism would pursue forced busing of school children.

"I have been in the forefront of the fight to stop forced busing through administrative, legislative and even constitutional action.

"We have made some progress in reversing the trend, but federal judges are still ordering forced busing. If we abandon the fight now, forced busing will be pursued on a massive basis in the future.

"McGovern would make drastic cuts in our defense program. His proposed cuts would undoubtedly weaken our nation's defense posture as a deterrent to aggression and seriously weaken the Texas economy.

This means the loss of American prestige and power and the loss of jobs for thousands of Texans employed in military and defense-related programs.

"McGovern has stated he would pull out immediately and completely from Vietnam even though our support, the South Vietnamese have finally contained the naked aggression of the North Vietnamese. Thousands of French prisoners of war captured in Vietnam during the 1950's have never been accounted for or released. We must not take such a high-

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Export pens progressing...Fresh vegetables in abundance...Crop prospects good...

CONSTRUCTION of new livestock export facilities at Houston, Del Rio and Eagle Pass is underway, and an appropriation for possibly two more was in the 1972-73 budget adopted in the recent special session of the Texas Legislature.

The appropriation for \$450,000 is believed adequate for two more of the sheltered facilities which may be built at El Paso and Brownsville. The new facilities will replace the present facilities which have been condemned as inadequate by the U. S. Department of Agriculture and which have brought a threat from the Mexican government to halt export of Texas livestock through border cities.

If exports through Mexican border towns were halted, livestock exports would have to be re-routed through Miami, Florida facilities which would cost livestock men considerably more in transportation costs. Texas livestock exports have been averaging over \$12 million annually.

The new facilities, which Texas Agriculture Commissioner John C. White has said will far exceed standards set by the USDA and Mexican authorities, will be operated by the Texas Department of Agriculture. The USDA will furnish inspection services.

CROP PROSPECTS over Texas are good, according to the regular reports put out by the Texas Crop and Livestock Reporting Service. Grain sorghum prospects are good and wheat yields are higher than were expected earlier. Rice harvest is getting underway, and yields have been cut some by rains and high winds in a few places. A few bales of cotton have been picked in the Rio Grande Valley, and soybeans are making good progress on the Gulf Coast.

In the Rio Grande Valley where cotton harvest is beginning and grain sorghum harvest is nearing completion, land preparation for the fall vegetable crops is well along and next year's citrus crop is making satisfactory progress.

TEXAS GARDEN-fresh vegetables are in abundance now, and most consumers agree that these Texas agricultural products are first in quantity and quality. There are 105 counties in 13 areas of the state growing vegetables in commercial quantities on a total of 214,140 acres. The State ranks third in the nation, behind California and Florida, in production of fresh market vegetables; and is first among the states in production of watermelons, spinach and cabbage.

The state is a major producer of 17 vegetable crops, including the three named above and tomatoes, strawberries, cucumbers, honeydew melons, lettuce, beans, potatoes, cauliflower, broccoli, sweet corn, cantaloupe, carrots, onions, and green pepper.

Wichita County Farm Bureau Helps Firemen

Wichita County Farm Bureau will help sponsor a volunteer fireman to the 43rd annual Texas Firemen's Training School July 16-21 at Texas A&M University, according to Ed Foster, Jr., of Electra, president of the local farm organization.

Planning to attend from this county is Randy Rozzell from Burkburnett. The local county Farm Bureau and the Texas Farm Bureau Insurance Companies of Waco provide most of the money for registration fees, room and board with each volunteer fireman paying a nominal fee. County Farm Bureau across the state are helping sponsor approximately 100 firemen at the six-day training school.

"Farm Bureau is glad to participate in such a worthwhile program because the skills learned in the training school help hold down property losses and injuries due to fires," the county president said. He added that Farm Bureau also has a continuing program which pays \$75.00 to a fire department when the department fights a fire on a Farm Bureau insured's property in a rural area.

The annual firemen's training school at College Station is expected to attract some 3,000 men engaged in fire prevention, control and safety, from municipalities, industries, and armed services, representing more than 700 cities from approximately 40 states and 20 countries. The Farm Bureau has been sponsoring volunteer firemen from rural areas to the school for the past nine years.

Practically all of the training, except fire prevention and administrative procedures, will consist of field operations with apparatus and equipment.

The Texas Farm Bureau has two special conferences planned for those rural firemen sponsored by county Farm Bureaus. TFB President J.T. Woodson is scheduled to speak to the group on the evening of July 17 on the subject, "Texas Farm Bureau's Interest in Rural Fire Protection". Joe Smetana, TFB safety director, will present a demonstration on electric shock prevention. Ward Cross, administrative assistant, TFB Insurance Companies, will talk to the group on the evening of July 18 on the topic, "Preventing Rural Fires."

Gov. Smith Announces CAC Grant

Governor Preston Smith today announced his approval of a supplemental community action grant of \$14,000 in federal funds to Community Action Corporation of Wichita Falls and North Texas Area for General Community Programming.

The grant is funded under Title II of the Economic Opportunity Act, and is effective July 1, 1972, through Feb. 28, 1973. Funds will provide for the relocation and renovation of two neighborhood centers and for the funding of incorporated neighborhood groups for economic development projects.

SSgt. Nightingale Reenlisted

SHEPPARD AFB, TEXAS--SSgt. Edward B. Nightingale of Sheppard AFB reenlisted Wednesday afternoon, but it was not just any officer administering the oath.

Instead it was Sergeant Nightingale's brother, Marine Corps Capt. Jerry Nightingale, a data processing officer at MCAS Cherry Point, N.C.

Captain Nightingale, enroute to Okinawa, was joined by Sergeant Nightingale's wife, Barbara, son, Edward, daughter, LaNese, and his younger brother, Darnell, a senior at Dunbar Vocational High School in Chicago.

Sergeant Nightingale, a native of Chicago, is a photolithographer in the printing plant at Sheppard and a social actions monitor for the 3750th Air Base Group.

Lynch Graduates

Marine Pvt. James P. Lynch II, son of Mr. James P. Lynch of 309 N. Holly, Burkburnett, Texas, graduated from basic training at the Marine Corps Recruit Depot in San Diego.

A former student of Wichita Falls High School, he is scheduled to report to Twentynine Palms, California.

A Little Safety
GOES A LONG WAY DOWN ON THE FARM

SHEPPARD AIR FORCE BASE

SHEPPARD AFB, TEXAS--COOL, CLEAN WATER--Airman Arnel J. Hudson, a student in the Engineering Environmental Support Specialist Course of the 3750th Technical School's Department of Civil Engineering Training, learns the operation of the Field Water Purification Unit in his training here. On the left is Claude E. Lollie, an instructor with the course. The water purification unit is used by the Air Force to provide emergency water supplies to military or civilian communities whose drinking water has been contaminated. (OFFICIAL USAF PHOTO BY SGT. RONALD REIMER.)

Evaluation Team Looking At Sheppard's Technical School

SHEPPARD AFB, TEXAS--The evaluation team from the Southern Association of Colleges and Schools began their busy four-day schedule at Sheppard Air Force Base's 3750th Technical School with a briefing at 2 p.m., Sunday.

The 27-member team of educators will review reports from the eight team members who will visit the field training detachments prior to coming to Sheppard.

The school at Sheppard has responsibilities for approximately 100 field training detachments at locations throughout the world. The Department of Field Training at Sheppard conducts all field training for the Air Force.

The team will have a dinner meeting with key personnel of the Sheppard Technical Training Center and 3750th Technical School at the Officer's Club Sunday night. Airman Randy Cotton of the 3778th Student Squadron will speak and describe the training he is receiving in the Missile Electronics Equipment Specialist Course.

Mr. Syd Gaines will host a luncheon for the team on Monday, July 17, 1972. This luncheon will provide team members

an opportunity to meet with community leaders. Lt. Gen. George Smler, Commander of the Air Training Command, and Maj. Gen. F.M. Rogers, Deputy Chief of Staff for Technical Training, will represent Air Training Command Headquarters at Randolph AFB, San Antonio, Texas.

Team members will attend a noon review Tuesday, July 18, 1972, to be held by the school and will be followed by a luncheon at the Noncommissioned Officer's Club. Chief Master Sergeant Donald L. Waterworth, Senior Airmen's Advisor, will be the luncheon host. Team members will eat lunch in one of the airman dining halls on Wednesday, July 19, 1972, prior to debriefing School and Center personnel.

Tuesday night the team will meet with administration school and base people and Wichita Falls Community leaders at a barbecue to be held in hangar 1040.

Team members receive no salary for their participation in the on-site review of the school. They participate in the evaluations because they feel the accreditation process is the best available means of assuring students, parents

and future employers that an institution is providing high quality educational opportunities.

"We welcome the Southern Association of Colleges and Schools accreditation team and appreciate their interest in our technical school and the people who devote a portion of their life to the service of the nation," stated Col. Carl L. Brunson, Tech School commander.

Airman Ansohn Completes Basic

Airman Richard W. Ansohn, son of Mr. and Mrs. James E. Ansohn of Route #1, Wichita Falls, Texas, has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB, Texas. He has been assigned to Lowry AFB, Colo., for training in the missile electronics field. Airman Ansohn attended Wichita High School. His wife, Susan, is the daughter of Mr. and Mrs. William E. Midette of 1025 Jewel Ave., Burkburnett, Tex.

Air Force Purification Unit Helps Flood Area

By Sgt. George Chain
SHEPPARD AFB, TEXAS--"Water, water everywhere, but not a drop to drink!"

This was the case recently in parts of the northeastern United States as a result of extensive flooding caused by Hurricane Agnes. Though there is much unwanted water in such cases, most water supplies are either contaminated or destroyed.

So, the Air Force comes to the rescue in the form of Field Water Purification Units such as the one belonging to the 3750th Technical School's Department of Civil Engineering Training. It is used here to teach Air Force people to maintain and operate such units through out the Air Force.

The flood stricken area hit by Hurricane Agnes was aided by the Air Force people in that area with the same type units. These people probably learned to operate the machines at Sheppard. The purification units along with medical supplies, food, cots, and other emergency supplies were airlifted into the area with Air Force C-130 cargo aircraft.

Sheppard's unit is used in two courses of the Civil Engineering department. The Engineering Environmental Support Specialist course teaches basic operation and maintenance of the unit in a two-day session. The course also deals with other aspects of water and waste treatment. Field Water Purification Unit Oper-

ation is an advanced course dealing only with the purification unit.

In military operations, the unit is used mainly by the Army while on maneuvers in the field. The unit comes complete with a trailer to carry it and two storage tanks for the decontaminated water.

Depending on the condition of the water being purified, the unit can have clean, safe drinking water from 30 min. to an hour from the time the first water is pumped in. The unit can use any water source except sea water. A different unit, which Sheppard also has, is used for purifying salt water.

The Sheppard unit has a capacity to purify 600 gallons of water per hour. This is the smallest of three sizes, with other units having capacities of 1,500 and 3,000 gallons per hour.

The ERDLATOR, as the unit is called, is completely self sufficient. It has its own electric motor, pumps and generator. A separate final filter of diatomaceous earth is used to remove any impurities that may escape the main unit. According to MSgt. Edgar L. Warren, an instructor supervisor with the department, these impurities are very rare.

The main unit at Sheppard weighs less than 700 pounds, is mounted on skids and has handles for six men to carry it. The separate filter weighs approximately 250 pounds and can be carried by two men.

The unit uses Ferric Chloride and lime for the removal of suspended solids in water, and calcium hydrochloride as a disinfectant.

Water enters the unit through pipes from the pumps, and is first aeriated to allow unwanted gases to escape. It then overflows into the "down-comer", a steel cylinder with three rotating disks. This mixes the purifying chemicals with raw water.

Next the water flows into the clarification zone outside of the down-comer where it rises to the top of the unit. The chemicals form a gelatin-like filter bed about halfway up the clarification zone. The water filters through this filter bed, leaving impurities below.

Water rises to the top of the unit then, and overflows into the clear well. The water is safe to drink at this stage, but before storage, it passes through the earth filter for final purification.

The 600 gallon capacity unit is normally used by Army troops in the field, because of its light weight and easy mobility. Larger units are used for emergency water supplies in the U.S.

The smaller unit is used for training at Sheppard because it is easily observed in action. Others would be too large to look into without elevated platforms, and the process would be less easily understood.

Col. Shepard Named New Department Chairman

SHEPPARD AFB, TEXAS--Col. Kenneth S. Shepard has been named new chairman of the Department of Medicine at the School of Health Care Sciences at Sheppard AFB. He succeeds Col. William H. Behrens, Jr.

Colonel Shepard was born Oct. 21, 1922, in Des Moines, Iowa, and attended school in Evanston, Ill. He was graduated from Evanston Township High School in 1940, received a bachelor of science degree from Duke University in 1943, and an M.D. degree from Duke in 1946.

After his internship at St. Francis Hospital in Evanston in 1946, he served as a resident of Willard Parker Hospital, New York City, the Duke University School of Medicine, and Boston Children's Hospital. From 1949 to 1950 he was a fellow in psychosomatic pediatrics at the Duke University School of Medicine.

He entered the Air Force in 1950, serving first in Germany as consultant in pediatrics to Surgeon U.S. Army, then as chief of pediatrics at Rhein Main USAF Hospital, Germany.

In 1952, Colonel Shepard became pediatrician-in-charge of the Growth and Development Clinics at Northwestern University School of Medicine, a position which he held until 1961. In 1957, he became chairman of the Department of Pediatrics and assistant chief of professional services at 640 USAF Hospital in Chicago, Ill.

In 1960, he was appointed assistant chief of hospital services at Wheelus AFB, Libya, and consultant to the Surgeon General USAF, Middle East. Two years later he became deputy hospital commander at Wheelus and deputy director of Base Medical Services at Wheelus. Concurrent with this Colonel Shepard served as Royal Physician to Idris I, king of Libya, and district commissioner of the Mediterranean Council, Boy Scouts of America.

In 1965, Colonel Shepard was transferred to Travis AFB, Calif., where he served first as assistant chairman of the Department of Medicine and chief of Pediatric Services at

David Grant USAF Hospital and then in 1966 as chairman of the Department of Pediatrics at David Grant.

In 1968, he became chairman of the Department of Medicine and chief of Pediatric Service at the USAF Medical Center, Scott, Scott AFB, Ill., and the deputy commander and director of Base Medical Services at Scott.

In 1970, he became hospital commander at Blytheville AFB, Ark., and the following year came to Sheppard as chief of clinical medicine training branch and program director of the Physician Assistant Training course, both in the School of Health Care Sciences.

He assumed his present position July 1, 1972. Colonel Shepard has published several articles in various medical journals. He has attended post graduate courses at Harvard University, the University of Colorado School of Medicine, and is a graduate of the School of Aerospace Medicine at Brooks AFB, Tex.

Presently, he is an associate clinical professor in pediatrics at the St. Louis School of Medicine and an assistant professor of pediatrics at Washington University School of Medicine, St. Louis.

His civilian appointments have included service as school physician to the Suisun Valley School District, Calif., 0965-66) president of the Evanston Language Academy (0955-60), and Editor of the section on military pediatrics, PEDIATRIC NEWSLETTER, American Academy of Pediatrics. He has also served at various medical appointments.

Colonel Shepard and his wife, Helen, live at 4104 Emerson Street in Wichita Falls. They have six children: Ann, 23, a teacher in Belleville, Ill.; Helen, 22, a recent graduate of the University of Utah; Margerite, 21, a student at Southern Illinois University, Kenneth, 19, a student at Depauw University in Greencastle, Ind.; Mary, 15, a student at San Marcos University in San Marcos, Texas; and David, 12, who attends the U.S. Marine Corps Academy in Harlingen, Tex.

Top Tennis Players Now Competing Randolph AFB

SHEPPARD AFB, TEXAS--Seven of Sheppard AFB's top tennis players are at Randolph AFB, Tex., this week for the Air Training Command tennis championships that opened Wednesday morning with first round matches.

Hank Kaplan, Ed Dunn, Dave Webb and Bill Pinkston are the top four in the men's division while Sandy Tollet and Nancy Crawford hope to break through in the women's play. Russell Smith will try to duplicate Sam Berman's second place finish last year in the senior men's singles division.

Missing from the Sheppard lineup are Berman and top seeded base singles champ Jack Schunk who were unable to make the trip because of duty requirements.

Kaplan, who has been plagued with arm injuries for the past year, is the top Sheppard hope for a title in men's play on the strength of his service and strong volley. Dunn has showed well in tournament play. Although he has not cracked the finals in men's play, he showed a strong and improving game in the playoffs and could surprise at Randolph.

Webb and Pinkston are newcomers to Sheppard and ATC tennis and cannot be ranked as strong pre-tourney contenders for the title. However, virtually a brand new field will be entered this year that could create some surprises in the early going.

Pinkston and Kaplan and Dunn and Webb will team for the doubles play, an event that Sheppard very nearly captured last time around.

Kaplan and partner Mike Hickey bounced back from an opening round defeat and surged into the finals. But midway through the match, Kaplan's arm gave out and forced him to try a soft underhanded serve that allowed for some easy slams by the opponents as well as crippled his baseline play.

Berman and R.E. Schmitt are the defending ATC titlest in senior men's action but will not defend their championship. Russell Smith is a potent entry from Sheppard in senior play and could garner a victory in the singles division, depending on whether ATT and Air Force champ Jim Cantrell from Chanute is back.

Women's events are difficult to call as other bases tend to

ignore the division of send token players. "That kind of competition Tollet and Crawford will encounter is impossible to predict. So are their chances. Linda Laird went down to Keesler last year and came home with runner up honors.

Sheppard finished second in team standings a year ago and chances for a repeat, or even a championship, aren't as bright as they were last July. Without an entry in the men's doubles and the uncertain right arm of Kaplan, the outlook this time isn't as good.

But tennis is a strange sport. A good player can go up against one less capable and his serve goes awry or his net game is flat or a dozen other variables, the lesser player demonstrates his top form or a few lucky calls by the linesman can turn a match.

While Sheppard won't have to rely on luck to make an impressive showing. A healthy Kaplan, a few breaks in the pairing and strong matches from the others could turn Sheppard into a major contender.

Local's Husband Finishes Course

Marine Pfc. Gary B. Watson, husband of the former Miss Debra L. Futch of College St., Burkburnett, Tex., completed a specialized aviation maintenance course at the Marine Corps Air Station, Cherry Point, N.C. He attended Hirsch High School in Wichita Falls, Tex., and he joined the Marine Corps in August 1971.

Base Leases Camping Area

SHEPPARD AFB, TEXAS--With the leasing of a nearly 13-acre plot of land from Dave Rhone, a Wichita Falls realtor, Sheppard AFB has opened another avenue of "escape into the life of leisure" for base military people and their dependents.

Cottonwood Acres, as the little recreational annex is called, had its grand opening at 10 a.m. Friday. On hand for the ceremonies were Maj. Gen. Jerry D. Page, former commander of Sheppard Technical Training Center, Col. S. D. Berman, base commander, the Cold-Coated Ambassadors from the Wichita Falls Board of Commerce and Industry and Mr. Rhone, who developed the park.

The peaceful area will offer 12 camper spaces with water and electricity, tent areas, picnic pavilion, picnic tables, barbecue pits, softball field, volleyball and basketball courts, horseshoe pits, hiking area, latrine facilities, refreshment center and small fishing hole.

The park will be monitored by Special Services and the 3750th Civil Engineering Squadron at Sheppard will maintain the park facilities.

Special Services will also have a man on duty 24 hours-a-day for as long as participation warrants who will supervise use of the park, handle small emergencies and problems and check out equipment.

All sports equipment will be free with the exception of the fishing poles (if you need one) at 25¢ each a day and 25¢ for a dozen of worms.

Trailer spaces will be available for \$1.50 a day and \$2 for trailers with air-conditioning. Initial admission is 50 cents per vehicle to picnic, take advantage of park facilities or just look around.

Reservations for trailer spaces or use of the facilities will be on a first-come, first-served basis until Cottonwood Acres is filled to capacity. Call Special Services, at 851-2020 until a phone is installed in the park office.

As an introductory offer to Sheppardites, everything at the park will be free for the first week of operation (July 14-21) with the exception of the fishing worms.

The Service Club at Sheppard will provide free bus transportation to the recreation area Saturday and Sunday, departing the club at 9 a.m., noon, 3 and 6 p.m. and Monday through July 21, leaving at 6 p.m. and returning at 9 p.m.

Cottonwood Acres is located on City View Drive. To get there, take Highway 287 (to Amarillo-Vernon) to the City View exit as indicated on the signs, take a left through the underpass and follow City View Drive for one mile. The park will be on the right.

Attorney General Kleindienst Announces Crime Lowest In 1972

Attorney General Richard G. Kleindienst announced today that serious crime in the nation during the first quarter of 1972 registered the lowest percentage increase in 11 years -- one percent. A year ago, the rate of increase was six percent, and in 1970 it was 13 percent.

He also said that 80 of the nation's largest cities reported actual reductions in serious crime in the first three months of 1972. Fifty-nine cities showed a decrease in the same period of 1971 and 22 cities in 1970.

One city which continued to show a decrease in crime was Washington, D.C. The nation's capital reported that the number of serious offenses had been reduced by 30 percent in the first quarter of 1972 compared with the first quarter of 1971. A year ago, the decrease was 18 percent.

The most significant change in this reporting period occurred in the six cities with more than a million population. In the first quarter this year, the number of serious crimes in these cities was actually reduced six percent compared with last year's reporting period. This reverses a 12 percent increase registered in the report for the first quarter of 1971.

"These statistics are very heartening to us, and should be to all law-abiding citizens," Mr. Kleindienst said. "None of us will be satisfied, however, until we see an overall reduction in the crime rate. With the increase down to one percent, we hope that the day is close at hand."

The latest figures were contained in the FBI's Uniform Crime Reports released today

by the Acting Director of the FBI, L. Patrick Gray, III. The report of nationwide crime statistics is made possible by the voluntary cooperation of local, county, and state law enforcement agencies, Mr. Gray said.

The report divides serious crime into two categories--violent, which includes murder, forcible rape, robbery and aggravated assault, and property, which includes burglary, larceny \$50 and over and auto theft.

Violent crime, which makes up about 13 percent of the total index offenses in the crime report, increased two percent in the first quarter of 1972, compared to the same period of 1971. A 13 percent increase was registered in the first quarter of 1971 compared to 1970.

Property offenses increased one percent during this reporting period, compared with a five percent increase in 1971 and a 13 percent increase in 1970.

Suburban police agencies reported a four percent increase in serious crime, which was slightly lower than the five percent increase in the first quarter of 1971, and substantially less than the 18 percent increase in 1970.

Crime in rural areas increased eight percent in the first quarter, compared to a six percent increase in 1971 and a 19 percent increase in 1970.

Devol Doings

By Ethel McCasland

Mrs. Jim Fender underwent major surgery Monday of last week.

Guests of Mrs. Clifford Farley over the weekend were her

children, Mr. and Mrs. Doug Budder and children of Wichita Falls and Mr. and Mrs. Johnny Robinson and daughter of Lawton, Okla.

Mrs. Mollie Elliott spent Friday night and Saturday with her son, Mr. and Mrs. David Elliott, of Lawton, Okla.

Mr. Doyce and Kenneth Blair of Ft. Worth visited friends and relatives in Randlett Saturday night and Sunday. They are former residents of Randlett and visited Mr. T.J. Baber and Mr. and Mrs. W.R. Baldwin, and Mrs. Mollie Elliott.

Mr. and Mrs. W.R. Baldwin and grandson, David Troy, visited their daughter, Mr. and Mrs. W.R. Moore and children of Enid, Okla. from Tuesday to Thursday of last week.

Mr. and Mrs. Homer Burleson, and Mr. and Mrs. Connie Burleson were called to Buffalo, Minn. due to the death of a daughter and sister of the Burlesons. Services were held Saturday in Buffalo, Minn.

Mrs. Dorothy Gaskill of Wichita Falls visited her aunt, Mrs. Mary Sells, Wednesday.

Mr. and Mrs. M.E. Dorton of Walters, Okla. visited his aunt, Mrs. Zaida Bryant, last Wednesday.

Mr. and Mrs. John Duke of Lawton, Okla. visited her parents, Mr. and Mrs. T.E. Spannagel, Friday evening.

Mrs. Verlon Conway of Hawaii left for home Thursday after a visit with her parents, Mr. and Mrs. T.J. Baber and other relatives. Mrs. Baber accompanied her as far as San Diego, Calif. where they will visit Mr. and Mrs. Ronnie Bowman and family and Mr. and Mrs. Jack Baber, a daughter and son of Mrs. Baber's.

Greg Fowler of Wichita Falls spent from Sunday until Wednesday with his grandparents, Mr. and Mrs. Ted Fowler.

Mr. and Mrs. Jason Spannagel and family of Cement visited his parents, Mr. and Mrs. T.E. Spannagel, Sunday.

Mr. and Mrs. Charles Bowers of Cicero, Ill. visited Mrs. Zaida Bryant, Thursday afternoon.

Mrs. Thelma Reading and Miss Wanda Best of Wichita Falls were Sunday dinner guests of Mrs. Robbie Best and Carl.

Mrs. Nila Bowman returned home Saturday after a two-week visit with Mr. and Mrs. Tommy Mills of Dorsey, Minn.

Kevin and Kris Fowler of Ft. Worth spent last week with their grandparents, Mr. and Mrs. Ted Fowler.

Ronnie Boles left Friday for a visit with his sister, Mr. and Mrs. Merle Duncan, of Pasadena.

Mr. and Mrs. Lynn Postelwaite and son, accompanied by Mrs. Ralph Postelwaite, visited a brother and son, Mr. and Mrs. Aldean Postelwaite and daughters of Enid, Okla. from Friday until Monday of last week.

Mrs. Mollie was a dinner guest of her sister, Mr. and Mrs. J.W. Hicks, last Thursday in Burkburnett.

Mr. and Mrs. Bill Harrison traveled to Ft. Worth to visit Mr. and Mrs. Frank Bohac and daughters. Mrs. Bohac is a sister of Mrs. Harrison. Mrs. Harrison and children remained over for a week and Mr. Harrison returned home.

Guests of Mr. and Mrs. W.E. Morrow for barbecued hamburgers were Mr. and Mrs. Tommy Wilkerson and daughter, Mr. and Mrs. Leon Morrow and two sons, Mr. and Mrs. L. Smith of Burkburnett. Mrs. Mollie Elliott visited her brother, also.

Mr. and Mrs. Roland Williams of Sherman visited Mr. and Mrs. Jack Williams on Sunday of last week and they all visited Mr. and Mrs. Johnnie Calvey and family in Walters, Okla. Sunday afternoon.

Mrs. Zana Ousley and Miss Ella Green left Friday for a visit with relatives in Bakers-

field, California and other points of interest.

Jewel Hayes underwent major surgery last Wednesday in a VA. Hospital at Big Springs, Texas.

Scott Lynn Cornstubble of Burkburnett spent the weekend with his grandparents, Mr. and Mrs. D.A. Cornstubble, while his parents went to the lake.

Gary and Elaine Ellis of Burkburnett spent with their aunt and uncle, Mr. and Mrs. Bill Harrison and children.

Mrs. Clarence Biesch was confined to her bed last week due to an infection in her leg. Her daughter, Mrs. Verna Stewart and son of Iowa Park came to be with her mother and help wait on her.

Johnette Harrison spent last Wednesday night with her aunt and uncle, Mr. and Mrs. L. E. Ellis, of Burkburnett.

Mr. and Mrs. L.E. Ellis and children of Burkburnett visited her parents, Mr. and Mrs. R.H. Rhoads, Sunday.

Mr. and Mrs. Bill Harrison traveled to Ft. Worth to visit Mr. and Mrs. Frank Bohac and daughters. Mrs. Bohac is a sister of Mrs. Harrison. Mrs. Harrison and children remained over for a week and Mr. Harrison returned home.

Guests of Mr. and Mrs. W.E. Morrow for barbecued hamburgers were Mr. and Mrs. Tommy Wilkerson and daughter, Mr. and Mrs. Leon Morrow and two sons, Mr. and Mrs. L. Smith of Burkburnett. Mrs. Mollie Elliott visited her brother, also.

Mr. and Mrs. Roland Williams of Sherman visited Mr. and Mrs. Jack Williams on Sunday of last week and they all visited Mr. and Mrs. Johnnie Calvey and family in Walters, Okla. Sunday afternoon.

Mrs. Zana Ousley and Miss Ella Green left Friday for a visit with relatives in Bakers-

field, California and other points of interest.

Jewel Hayes underwent major surgery last Wednesday in a VA. Hospital at Big Springs, Texas.

Scott Lynn Cornstubble of Burkburnett spent the weekend with his grandparents, Mr. and Mrs. D.A. Cornstubble, while his parents went to the lake.

Gary and Elaine Ellis of Burkburnett spent with their aunt and uncle, Mr. and Mrs. Bill Harrison and children.

Mrs. Clarence Biesch was confined to her bed last week due to an infection in her leg. Her daughter, Mrs. Verna Stewart and son of Iowa Park came to be with her mother and help wait on her.

Johnette Harrison spent last Wednesday night with her aunt and uncle, Mr. and Mrs. L. E. Ellis, of Burkburnett.

Mr. and Mrs. L.E. Ellis and children of Burkburnett visited her parents, Mr. and Mrs. R.H. Rhoads, Sunday.

THE INFORMED CONSUMER

By Crawford C. Martin
Attorney General of Texas

"Resale price fixing," "resale price maintenance," and "vertical price fixing" all refer to the practice of a manufacturer fixing the price at which his product is to be sold at the various levels of distribution.

In Texas it is a violation of our antitrust law for two or more people to agree to fix or maintain the sales price of an item. Fair trade laws are an exception to this general rule, but Texas is one state which has never enacted a "fair trade" statute.

What does this mean to you as an informed consumer? It means simply that manufacturer X cannot tell retailer A what he can sell his goods for in Texas. If retailer A wants to sell the product for 75% or 50% of what manufacturer X wants him to sell it for, he can.

While this is important to the retailer, it is more important to you as a purchaser. It means a savings of money for you each time the retailer elects to resell for less than the manufacturer wants him to.

But what if a retailer tells you he can't "cut" the price because if he does he will lose the line of merchandise? You should report it to my Consumer Protection Division at P. O. Box 12548, Austin, Texas 78711.

Either the retailer is guilty of a false or misleading statement, a violation of the Texas Deceptive Trade Practices Act, or the manufacturer is in violation of our antitrust laws because he is engaging in price fixing. Both practices should be prevented, and you can help do so by letting us know when they occur.

Theme For Santa Rosa Announced By Mrs. Cook

Communication - Consideration - Challenge - Commitment" will be the theme for 1972-74 for Santa Rosa District, TFWC, according to an announcement from Mrs. Bray Cook, Memphis, district president, received by Burkburnett clubs this week. These four points, Mrs. Cook has designated as the "Formula For Competent Centers."

Wichita Falls will host the Santa Rosa District workshop October 21, with the district convention set for Seymour in March, 1973.

"Our American Heritage - Rights, Responsibilities, Respect, Reverence" will be the theme of the Texas Federation of Women's Clubs for 1972-74 according to Mrs. A.C. Hughes, Commerce, state president.

The state organization will

hold board meetings, Oct. 10-12, in Abilene, with the state convention May 8 - 10, 1973, in Brownwood.

Mrs. Kermit V. Haugen, Washington, D.C., president of the General Federation of Women's Clubs has announced "Respect, Reverence, Responsibility" as the national theme for 1972-74. The national convention will be held June 2-7 in Baltimore, Maryland.

Mrs. Cook has also notified local clubs that the divisions of the Texas Heritage Department will be ethnic culture and folklore; local railroads and depots; beauty spots and famous trees; Texas architecture, including forts, missions and homes; pioneer personalities, with an emphasis on saddlebag preachers; and barbed wire, cattle trains and cattle brands.

Parents Told To Create Learning Experience

Questions about nature tumble from a child. "Grass smells funny. What makes it grow? Why does it tickle?"

The world is a bulging, breathing puzzle to the wide-eyed child, who is constantly learning to "see" through his eyes, touch, smell, hearing and taste, according to Jane Fleischer, specialist in family life education with the Texas Agricultural Extension Service.

Miss Fleischer urged that parents tap this natural curiosity of a child and create a

learning adventure. "Learning comes through doing," she said. "Awareness, curiosity, understanding and independence can work to help the child discover learning adventures if you take time to show him the way," she said.

The Texas A&M University specialist explained that plopping down in a woods, park or meadow and listening to nature can stimulate a child's awareness of bird calls, insects and animals. "Instruct him to sit completely quiet for sixty seconds with no moving or talking. Then discuss what he's heard."

"From a hilltop pause with him and notice colors in the distance," she added. "Ask how many different shades of green he can spot. Scroll through the woods and ask how many smells he can distinguish. Point out odors of freshly-cut grass and hay."

Miss Fleischer suggested going on texture hunts. Take time to talk about objects the child sees--things that feel soft and furry, smooth, coarse, sharp, wet and dry. In a field of flowers have him carefully examine the parts as you discuss their roles. Explain the part bees, butterflies and humming birds play in transporting pollen from flower to flower for seed production.

Watch ants at an anthill or an insect crawling in the grass or on a tree trunk. Discover where they go or what they're trying to do.

"Learning about the world can be exciting for your child, but it's up to you as a parent to start him on his own safari of seeing and doing," she urged.

Friberg-Cooper Annual Picnic Set For August 14

Friberg-Cooper Community organization met recently with Leroy Barfield, presiding.

The group decided to have their annual family picnic August 14 at the Friberg Park and will be joined by the Cooper Home Demonstration Club.

It was also decided during the business session that the members will join the Community Improvement Program.

The evening's program was presented by Ron Rasignal who spoke to the group about cancer research in Texas and showed a related film entitled "Give Your Doctor a Chance".

Fourteen members and three guests were present for the regular monthly meeting.

Guidelines of Life

"The life I live now is not my own; Christ is living in me."
Galatians 2:20

When we surrender our lives to Jesus Christ, making Him truly Lord of our hearts, then we begin to live His life instead of our own. But, that means we must die to ourselves; we can't put on the new life of Christ if we continue to try to live our own lives as well. We must die to the one in order to rise to the other. We can't live a double life; we can't serve two masters.

Our temptation is to try to put on Christ's new life like an extra suit of clothes or an outer covering. But God's plan is that we put on a whole new man, not just a covering. And if the life we live is the life of Christ and not our own, then He has the right to direct that life each minute of every day. It's His LIFE we're talking about; He's ALIVE in us, and He can't and won't be just put on a shelf in a corner of our hearts to be brought out on Sundays and special occasions. The life of Christ in us is no more of a Sunday life than it is a Monday-to-Friday life.

When we realize how much of our lives He wants (ALL of it), we can become frightened, shrink back, and try to offer Him bits and pieces of it. We may try to offer Him SOME of our time and SOME of our talents and SOME of our possessions, but if we look at Him, we'll see He's still there saying: "I want ALL of your life". He promises to pay back a hundredfold (Mark 10:30) in THIS life those who give up everything to Him, but we first have to give it up to Him, and that takes a step in faith.

If a Christian does not have the kind of faith it takes to give everything to Jesus Christ as Lord of his life, he at least should not try to justify his tokenism toward the Lord, but admit his lack of faith and ask God for an increase in that faith: "Lord, I do believe; help my unbelief."

FARM REVIEW

Grass Troublemakers Cited As Deadly To Cattle

COLLEGE STATION--Three grazing troublemakers -- grass tetany, emphysema and Bermudagrass tremors--were described here during the recent Pasture and Forage Crops Short Course.

Dr. John C. Reagor of the Texas A&M University Veterinary Medical Diagnostic Laboratory said tetany and emphysema are among the leading adult cattle killers in Texas. Bermudagrass tremors, while minor in Texas, is well known among cattlemen in Louisiana.

Grass tetany describes a condition in cattle that is the result of low blood magnesium. It also is known as hypomagnesemia, wheat pasture poisoning, grass staggers or green oat tetany.

Reagor said the ailment occurs most often on green oat and wheat pastures, just as the names imply.

"However, the condition is seen in all small grain pastures and occasionally on some dry Bermudagrass pastures in late fall and winter," he added.

"In fact, tetany has been diagnosed as our diagnostic lab when animals were essentially in dry lot receiving oat hay."

The speaker said there has been some speculation that tetany occurs most often on highly fertilized pastures, but a high correlation has not been established. Instead, there is a large number of cases in one area and a small number in another. Soil checks have shown no deficiencies in magnesium, nor excess of nitrogen, phosphorus or potassium.

Tetany troubles will start when animals have been on a forage 45 days or more. Cows are most often affected during the last two months of pregnancy or the first two months

of lactation. "Most cases usually occur with the passage of a cold front. This is not to be confused with very low temperatures, but just a frosty morning following a few warm days" Reagor explained.

The toxicologist said the best treatment is prevention, although this is difficult under some farm and ranch conditions. Feeding 2 ounces of magnesium oxide per day per cow will prevent the trouble, but this system is not easy because the chemical is not so tasty. Mixing it into a sweet feed helps, then the feed bill goes up.

The best management practice is to use small grain pastures for animals other than those in late pregnancy and early lactation.

Emphysema, as in man, is a lung ailment in cattle. Pastures which have caused the condition are Madrid clover, Midland Bermuda, common Bermuda, Coastal Bermuda and weedy areas.

Moldy corn stubble fields, moldy sweet potatoes and perilla (in the mint family) have also been associated with causing emphysema.

Reagor said occurrence in Texas is most frequently associated with animals grazing lush pastures of Bermudagrass, usually from five to fourteen days after they have been put on the forage. Rarely is an animal under 3 months of age affected. There is a large increase in outbreaks in the spring and fall, but cases can be found all year.

Emphysema symptoms are similar to those of pneumonia--labored breathing, grunting and mouth breathing. There may be froth around the mouth and

nose and no rumination. If untreated, the respiratory disease may lead to death.

Treatment (atropine and antihistamines) is usually very effective if the animals do not become too excited. Many times, sick cattle are killed by rough and fast handling, the toxicologist emphasized.

When emphysema occurs, cattle should be moved to another pasture, and then returned when the grass becomes more mature.

In the case of Bermudagrass tremors, 30,000 to 50,000 head of cattle have been affected since the latter part of 1971 in Louisiana, Reagor said.

Common and Coastal Bermuda pasture were found to be toxic, and hay from those pastures also was bad and remained so during storage. A toxic pasture usually contained large mounds of tall, mature Bermuda. The actual causative agent is unknown.

Symptoms include muscle tremors and high excitability, Reagor said. In advanced stages, the animal falls when excited and may be unable to get back on its feet. Symptoms are very similar to dallsgrass poisoning or ergotism.

Treatment consists of removing animals from toxic forage. Reagor said recovery is usually complete in 10 to 45 days.

NYHC Scheduled For Dallas, Aug. 5

Still the largest U.S. horse activity for Texas 4-H members is the National Youth Horse Congress (NYHC), scheduled again this year in the city of its origin, Dallas.

And Texas 4-H boys and girls are invited to compete July 31-August 5 in the third annual Congress, in any or all of these events:

1. Open Youth All-Breed Horse Show, July 31-August 1.
2. American Quarter Horse Association - Approved All-Youth Quarter Horse Show, August 1-2.
3. Championship 4-H Contests, in horse judging, method demonstration and public speaking (but open only to those individuals and teams certified by their state leader as already being first-place and second-place Texas state champions in these three contests), August 3.
4. Open Youth Contests, also in horse judging, method demonstration and public speaking, August 3.
5. NYHC Horsemanship Clinics.

For the Southern Regional Championship 4-H Horse Show, each Southeastern state may qualify 30 horses with youth-owners who have already won in their state 4-H horse shows.

For the Open Youth All-Breed Horse Show and for the AQHA-Approved All-Youth Quarter Horse Show, Texas 4-H youths are urged to get their entry papers to Dallas well before the July 15 deadline because of the limited number of stalls, these to be allotted on the basis of first come, first served.

Sponsored by Ross Perot, Dallas businessman, horseman and philanthropist, the scholarships will be worth \$800 to each first-place winner, \$200 to each second-place winner, and \$100 to each third-place.

Still other awards for many winners in the Congress will be \$10,000 in NYHC Olympic-style gold, silver and bronze medallions, saddles and other Western-style equipment.

Says Charles A. Calisch of Dallas, NYHC chairman: "Although many awards await the contestants, our only goal in these annual Congresses is the education and development of boys and girls. Horses and a youth's love of them are merely the vehicle in which we strive to reach our goal. The Championship 4-H Contests scholarships will add much to an already exciting 1972 Congress."

As to the Championship 4-H Contests, Texas may qualify two teams of four members each in both horse judging and method demonstration (illustrated talk on a horse subject), and two youths to compete as individuals in both method demonstration and public speaking (also on a horse subject).

For the Southern Regional Championship 4-H Horse Show, each Southeastern state may qualify 30 horses with youth-owners who have already won in their state 4-H horse shows.

For the Open Youth All-Breed Horse Show and for the AQHA-Approved All-Youth Quarter Horse Show, Texas 4-H youths are urged to get their entry papers to Dallas well before the July 15 deadline because of the limited number of stalls, these to be allotted on the basis of first come, first served.

Texas 4-Hers may get more information by writing to: National Youth Horse Congress, P.O. Box 22262, Dallas, Texas 75222.

The 1972 Congress is expected to draw some 2,000 entries from the 50 states and Puerto Rico.

Screwworm Cases Soar In Texas Last Last Week

Last week was the worst in the history in the 10-year-old Screwworm Program, Mission Lab officials gloomily announced Tuesday.

Texas was hit with a soaring 3,879 cases, nearly 900 more than the previous record of 3,023 established the first week of July, 1962.

The surging caseload bore out the predictions of an unjubilant Dr. M.E. (Cotton) Meadows, program director, who warned two weeks ago that an unexpected rop in the count--the first after 11 successive weeks of increases--was probably only temporary.

"Weather conditions hadn't changed that much so I felt sure it was strictly a fluke," he commented, "but I didn't think it would climb so high so fast."

The biggest day was Monday with 1,019 cases, the smallest was Wednesday with 416.

Texas' 1972 total is now 16,196, second only to the 49,484 cases of 1962.

The voracious fly struck in seven new counties to raise that count to 162. The newcomers were Childress, Crane, McLenna, Oldham, Palo Pinto, Swisher and Wichita.

Arizona's worsening situation continued to become just that as 50 more cases there raised the 1972 figure to 166. New Mexico had six more outbreaks and now has 24 cases for the year.

Two more cases from Oklahoma were the first there since May 10 when the first case in nine years was confirmed in Jefferson County. The new cases in Cotton and Comanche manche Counties in south-central Oklahoma.

California's modest outbreak remained at two cases where it has stood for several weeks. The five-state figure through last Friday (June 23) rests at 16,391 cases, the 1ab reported.

How Will Screwworm Rise Effect Wildlife Officials Report:

Screwworm incidence is on the rise in Texas.

"What does this mean to wildlife?"

Texas Parks and Wildlife officials are not overly concerned at this point. "Deer populations are dependent upon several other factors," said Horace Gore, department wildlife specialist. "Quality of range is much more critical to Texas' wildlife."

Screwworms will not have an appreciable effect on this year's hunt.

"Fawns are the ones that are hit the hardest," said Gore, "any noticeable loss to worms this year will show up next year."

Since Texas hunters only harvest about eight percent of the total deer herd, the few adult animals lost to screwworms will not be noticed.

Gore pointed out that during the peak year of screwworm infestation in 1962, the Texas deer herd was soaring toward an all-time high.

"In the past we have saved fawns from worms only to have them starve on poor range,"

said Gore. "This year is off to a good start with ample rains and by late summer we will be able to determine just how good a year it is going to be."

"If there is plenty of food for deer this year and fawn losses are still high, then perhaps it will be an indication that screwworms are hurting the deer population."

Field studies of deer mortality will show any major losses from screwworms and malnutrition this summer.

July 25-31 Proclaimed Wichita County Farm & Ranch Safety Week

County Judge Calvin Ashley proclaimed July 25-31 as Farm and Ranch Safety Week in Wichita County, at the request of Ed Foster, Jr., Wichita County Farm Bureau President. The local farm organization is coordinating activities within the county for the special farm safety campaign.

In his proclamation, Judge Ashley said "experience has shown that caution, common sense, skill and protective equipment can counter many hazards and keep accidents and injuries to a minimum."

Emphasizing the importance of protective equipment, Farm Bureau President Foster said "The agricultural worker may have need for more types of personal protective equipment than the average construction worker."

Farming is an occupation that involves a number of diversified jobs ranging from construction

to machinery repair, and the types of protective equipment a farm worker might need run from such commonly used items as work gloves to considerably more complex respiratory equipment.

The county farm leader said the accidental death rate for farm and ranch residents in Texas averaged over 250 per year during the decade of the sixties.

Reviewing the 1971 Texas Accidental Deaths in Rural Areas Report which shows a total of 203 deaths, President Foster pointed out that the breakdown is as follows: fire, explosion and burns - 35; drowning - 29; firearms - 28; machinery - 26; tractors - 22; falls - 22; animals - 17; electric current - 9; suffocation and asphyziation - 9; poisoning - 4; hanging - 1 and lighting - 1.

If this "unwelcome Harvest"

of accidental deaths in rural Texas is to be reversed and the needless suffering and losses substantially reduced, each of us must become more safety conscious, not only during FARM SAFETY WEEK, but every day of the year," Foster concluded.
