Editor's Viewpoint

RAYMOND GREENWOOD

With school - boy football scrimmage now underway it brings us back to reality that fall is here and school has once again begun.

I know of no other single school sport in the state that involves as many people as does football. The many other winter and spring sports touch many people, but there are usually several different sports going on at the same time during that part of the year. In the fall it's entirely different.

Football touches over 120 boys in high school and over 130 in grade school each year locally. In addition to this the marching bands, the pep clubs, twirlers, cheerleaders and almost every student in the entire school system is somehow connected --or least extremely interested --in the fate of all the schools' football teams.

One of the local organizations that lends great support not only to the entire group of football teams, but also the many other school sports in the Bulldog Booster Club. No other single organization can be as beneficial to our school sports program in general as a good solid booster club.

I've seen active booster club's tackle a project of constructing a \$40,000 track for their boys--and succeed. I've seen them spend hours on end of physical labor in a project like the above mentioned track construction. I've seen them provide those needed special items for football teams, track teams, basketball and baseball teams.

As President Nixon would now comment, "I say this, to say that." I mention the above to draw your attention to the fact that the local Booster Club is in need of members--active members. Moral, spirit, pride, or what ever you choose to call it is extremely important in school boy athletics. No other organization--operating as it should--can do more for athletes in those areas than a good healthy, active booster club.

Why not get behind the local club and be present at their next meeting after the first regular football game. They meet Monday night, Sept. 11 at 7:00 in the Burk Burnett Bank Community Room.

With politicians sounding off about cutting the excessive spending in our national budget, yet promising everybody more of everything, I thought the following might be of interest to readers.

The following is a report of a case that was heard in Justice Bill Richburg's court in Oak Cliff:

Judge Richburg: Now I am telling you what I have told every woman on welfare since this stinking mess started showing up in this court: I am willing to dig in my pocket and feed a hungry child --I've done it many times. I've gotten up in the middle of the night to protect a welfare mother from getting killed, and the child. But I don't see any sense in us taxpayers feeding you--the mother on welfare getting nearly \$200 a month, plus rent nearly free, plus utilities, plus six food commodities --when you've got a husband somewhere here in Dallas, plus a boyfriend living with you who makes \$40 a day.

Plaintiff: Judge, I have six children by three different men. I wasn't married to any of 'em, and I don't know where they are.

Richburg: You people, God knows, have been oppressed in the past. But God only knows the laws you haven't lived by and the obligations you have See EDITOR, Pg. 2

NEEDING NEW MEMBERS--Dale Lewis, left, president of the Bulldog Booster Club, talks with Mrs. Dean Myers, secretary of the club, about ways to enlist new members in the Booster Club.

Revenue Bond Election Set For Burk Burnett

The Burk Burnett City Council in a called meeting Monday morning put into action preliminary plans that will end the water and sewer problems experienced by the citizens of Burk Burnett for years past. The council set Sept. 26 as a tentative date for a revenue bond election that will finance the cost of the problem.

The election will call for bonds estimated at not more than \$850,000 to be used to finance the city's share of construction of a new sewer plant and the extension of water transmission lines.

The First Southwest Co., Dallas investment bankers, represented at the meeting by Frank Medanch, vice president of that firm, was voted as bond consultant by the council.

Burk City officials are currently negotiating with the City of Wichita Falls on terms of a water contract, if Burk Burnett is able to contract a portion of its water needs from that source. Reports concerning this negotiation will be available in the near future.

The upgrading of the water system would account for most of the estimated costs involved in the revenue bond election. The water project would include a water transmission line from Burk Burnett to the Wichita Falls system, a one million gallon ground storage area in Burk Burnett and a loop of the present water system from Kramer Rd. to the end of West Third.

The council in last week's

meeting approved the preliminary application to the U.S. Department of Housing and Urban Development for a federal grant on the general water improvement project. At the same meeting, councilmen approved the application to Texas Water

Quality Board for a 55 per cent grant on construction of a new sewer plant and the upgrading of the present facility.

Further details concerning the election and the details of the proposed project will be available in the next few days.

Club Hears Coach; Needs Members

"We have one of the biggest teams that we have ever fielded and we have some quality in that size to boot," Coach Bill Froman stated to those in attendance of the Bulldog Booster Club Monday night.

He went on to tell the group that the Saturday night scrimmage between the Bulldogs and Altus, Okla. went above coach's expectations. "Defensively we are on par with where we were at any time last year," explains Froman. "Our biggest problem will be depth behind our starters on defense." An injury or two in the secondary could really put the Bulldogs in a bind as that seems to be the weakest point as far as team depth goes.

On the offensive team, Froman noted that the physical strength of the linemen and their total experience were better than ever. Of course a big plus to the offensive team

will be returning quarterback Sam Hancock. Area coaches and sports writers have already described Hancock as one of the top quarterbacks in this entire area. Rounding out the backfield are several other top players with both size and ability.

The varsity team will hold their second scrimmage, and last chance at competition before regular season play, Friday night as they take on the Wichita Falls Coyotes. The scrimmage will be held in Coyote Canyon at 7:30.

Jr. Varsity players will get to knock heads with competition tonight at Bulldog Stadium as they take on the varsity team from Notre Dame at 6:30.

Bulldog Booster Club president Dale Lewis urged club members to help attain new members for the club to help support all school athletics throughout the year. Serving as chairman for the membership drive is Alex Koulovatos and Mrs. Barbara Myers is serving as secretary for the club.

The Club will meet again on Monday at 7:00 p.m. in the Burk Burnett Bank and each Monday night there after until the end of football season when they will go to a lighter meeting schedule.

Coaches Host Track Great

The coaches of the local school played hosts for several hours Thursday to Ralph Higgins, 70 year old athlete, former coach at Oklahoma State University, and the coach of the Army's team to the Olympics.

Head coach Bill Froman gave Higgins a complete tour of the high school's new track facility. Higgins stated that he was favorably impressed and that the new track was the best in this part of the country and certainly the best high school facility he has ever seen. Higgins has been visiting his See TRACK, Pg. 2

TRACK GREAT COMPLIMENTS LOCAL FACILITY--Ralph Higgins, a well-known figure in track and field sports the world around, compliments Bulldog coaches Bill Froman, left, and Pat Smiley, center on the local track facility.

Local Industry To Double Plant; Employe Number

Leer Manufacturing Co., one of Burk Burnett's most stable and fastest growing industries, again announces a proposed expansion plan.

In November of 1970 Leer Mfg. announced that due to its increase in sales in this section of the United States, their original plant would double in size. This past week, Irv Smith, plant manager, working with the Burk Burnett Industrial Foundation, announced plans that would double the size of the large plant as it exists today. If fact, the expansion will more than double the existing facility by over 1,600 sq. ft.

The 15,390 foot expansion will include a panel warehouse, a metal pre-fabrication plant, foam storage area, a complete carpenter shop and an employe lounge.

This expansion will enable the local industry to become a complete industry, in that it won't have to depend on the New Lisbon, Wisc. plant for pre-forming metal components or other materials. "This will make us a complete plant, handling every phase of our production," stated Smith.

It is estimated that with this addition the average employe figure by the industry will be approximately 46 plus its office

staff. This figure is also a double of the present employment of the plant.

Construction on this \$60,000 expansion program is expected to begin within 30-45 days by Virgil Mills Construction, who was awarded the bid.

Leer Manufacturing Company, Inc. is a manufacturing firm specializing in ice and

food merchandisers, vendors and portable walk-in coolers. The company came to Burk Burnett in 1967.

Members of the Burk Burnett Industrial Foundation include A. R. Hill, chairman, Jack Mathis, Bill Vincent, George McClarty, and Reid McCandless, president of the Burk Burnett Chamber of Commerce.

CONGRESSMAN ADDRESS LIONS CLUB--Congressman Graham Purcell, center, stands with Larry DiMarzio, local club president, following Purcell's address to the club. Standing with the men is C.J. Lippard, left, who introduced the Congressman.

Graham Purcell Talks To Group

Congressman Graham Purcell in a meeting with the Burk Burnett Lions Club Tuesday night re-announced the investigation of the present postal system by members of the House Post Office Investigating Sub-Committee.

Purcell, who is a member of this committee, reported to the group that the fault lies, not with the postal employees, for it seems they and their families seem to be in even more peril than the general public. He further stated that the postal employees have been prohibited by Washington Postal Service Officials from talking with members of Congress about their problems. They are being cut back and laid off at an incredible rate and those who remain are responsible for us having any mail at all, according to Purcell.

He stated that he was convinced today as he was two years ago that executives within the relative privacy of the higher offices of the independent and privately operated postal systems are fully responsible for the problems facing Burk Burnett, Wichita Falls and the state of Texas.

The postal service spends 13,000 hours less per day collecting and delivering mail than it did 5 years ago.

Student ID Cards At High School

Student Identification cards will be issued at Burk Burnett High School through English classes this year. All BHS students are required to purchase the card and keep it with them at all times. The cost will be \$1.50.

Purchase of the card will entitle each student to a subscription to the school newspaper, SPIRIT, and may be used as a student discount card for movies.

Cards will be used to identify students at all school activities and will be required to check out library books in the school library. These precautions protect the library and the student. Students will not be allowed to check out books under another name, real or fictitious.

Pictures for the ID cards will be taken September 14. Each card will contain the student's picture, section number, and signature. The following information will appear on the back.

Illegal use or possession of this card is prohibited. Loss of card should be reported to the Vice-Principal. Replacement charge is \$4.00.

This card becomes void and must be returned to the Vice-Principal upon withdrawal or suspension from Burk Burnett High School.

LIONS CLUB TOURNEY WINNERS--Winners in the last Lions Club golf tourney to be held this year included (left to right and their scores) Mark Massey, 61, Joe Lay, 63, Brad Darland, 65, and Bruce Brookman, 65. Congratulating the young men is Lions Club representative Jim Taylor, extreme left.

SECOND FLIGHT WINNERS--(left to right) Tommy Darland took the second flight with a 75, followed by Vern Gerstner, 82, Clay Blum, 89, Cecil Catano, 95, Mark Brookman, 98. Also shown is Danny Gerstner who competed in the championship flight. Mickey Cornelius, owner of Boomtown Golf Center stands with the group at the extreme right.

not met. My mother raised 13
of us in a cotton field without
taking a dime of relief. And
you won't even try to get a job.
Plaintiff: The doctor says I
have nervous trouble.

Richburg: I've seen and heard
enough on this bench to have
twice as much as you've got.
Plaintiff: I still want this man
under a peace bond. He has
quit his job and just lives off
me around the house watching
TV and playing the stereo. He's
threatened to kill me if I tell
on him.

Richburg: Yes, I know. He
had a good job. But he saw
this free food us taxpayers
give you coming in. And he
saw the apartment you pay only
\$13 a month for --no utilities
even to pay. And he saw the
\$200 a month coming in on top
of that. So he moved in to
rest a while--all at the expense
of us taxpayers. He's common-

laved to you. He ought to
support you and those children
on just \$40 a day. It's not the
job of us taxpayers. That's
my point.

daughter and her family, the
Gene Andersons, who are station-
ed at Sheppard Air Force
Base. His granddaughters,
Stephanie and Susan Anderson,
are students in the local school
and have established a mutual
admiration society with their
grandfather.

Higgins is credited with 11
world records in track and
field events. All his records
have been set since his 68th
birthday, which makes Higgins
something of a "super-
athlete."
Higgins is planning on set-
ting even more world records
next year.

**N. C. Rotarians
Treat Morrisons**

Dr. and Mrs. Carl Morrison
were "arrested" just outside
Morganton, N.C. by a band of
well-meaning Rotarians who in-
vited them to be their guests
for lunch.

The Morrisons, who had been
vacationing in Washington, D.C.
were introduced to the club
members and the twenty-odd
other guests.

It was explained to the Mor-
risons that the club has stopped
one family each week during the
summer for the past 25 years.
Then, for a finale, the Rotarians
set up a road block on I-40
Highway and "catch" a score
of tourists, treat them to a
chicken dinner and prizes, and
let them go on their way.

REPORT BIG CATCH--Ed Skelton, left, and Jimmy Dorton
and son Mark are pictured holding the stringer of catfish caught
at Lake Arrowhead.

**Woods &
Waters**

By
Mike Gaines

Well, dove season starts this
Friday, and I am sure that holds
the interest of most of the
sportsmen in this area. It
should be a good year so get
those shooting eyes ready.

Several people, after finding
out I was interested in archery,
have asked if there was a club in
this area. The answer is yes,
and a very active club I might
add. If any of you are interested
you might give Bob Heazeltine
a call at 692-2874. He is the
president of the club, and I'm
sure he could answer any ques-
tions you might have about the
club. They have two shoots a
month and a meeting the first
Monday of each month.

Locals, Jim Dorton and Ed
Skelton, had some great fishing
last week at Lake Arrowhead.
Any of you who think this area
doesn't have some prime fish-
ing, look at these pictures Jim
took on a recent trip. They
caught all channel cat that
averaged from 2 to 10 lbs.
Jim said they were drift fish-
ing, using shrimp for bait. Con-
gratulations Jim and Ed, that's
quite a catch.

Here's an article taken from

the Texas Parks and Wildlife
Department News which might
be interesting to fishermen:
"Some large mouth bass in
Amistad Reservoir on the Tex-
as-Mexico border are turning
up with little fuzzy flour-like
fungi called Saprolegnia.
George Henderson, biologist
with the Texas Parks and Wild-
life Department says that the
fungus is harmless to humans
and in no way impairs the
edibility of the fish. Henderson
says that the skin disease is
common in warm weather and
is usually the result of handling
the fish and removing its natural
slime. The area handled is sus-
ceptible to infection and bacte-
ria in the water are quick to
attack the fish. Henderson
recommends handling the fish

by its lower lip. If an under-
sized fish is returned to the
water, use thumb and forefinger
on the lower jaw. Carefully
remove the hook, making sure
your fingers do not enter the

gill cavity, and lower the fish
easily into the water. This
minimizes the chances for in-
fection, and the fish is more
likely to live to bend tackle
another day."

Obituaries

Myrtle Emma Ellis

Mrs. Myrtle Emma Ellis, 79, a resident of Burkburnett 25
years, died Saturday in a Wichita Falls hospital.
Services were Monday in the Church of Christ in Burkburnett.
Ed Morris, minister officiated. Burial was in Petrolia Cemetery
under direction of Owens & Brumley Funeral Home.
Mrs. Ellis moved to Burkburnett in 1946 from Petrolia where
she was a resident about 10 years. She was a retired nurse and
a member of the Church of Christ.
Survivors include two daughters, Mrs. Grace Childres of Win-
ters, Texas, and Mrs. Martha Ikard of Marlow, Okla., a son, David
Pepper of Burkburnett; three brothers, Pat Patterson of Boyd,
Texas, Elzy Patterson of Petrolia, Texas, and Curtis Patterson
of Pecos, Texas; three sisters, Mrs. Alta Howell and Mrs. Susie
Appling, both of Duncan, Okla. and Mrs. Mary Reedy of Corsicana,
Texas; seven grandchildren and eight great-grandchildren.

Police Nab Armed Robber

Burkburnett Police captured
a suspected armed robber late
Tuesday night of last week as
the suspect tried to evade the
patrolmen and overturned his
vehicle.
A drive-in movie theatre
in Wichita Falls reported to
police there that a male driving
a 1971 Ford pickup had just held
them up for an estimated \$300,
and that the suspect was armed.
Police officials sent out a bul-
letin to area law enforcement
officers enlisting their help.
At approximately 10:00 p.m.,
local authorities received a re-
port that the suspect had been
seen driving down East Third.
Local police pursued the sus-
pect who, in trying to escape,
lost control of his vehicle at
the intersection of Texas 240
and US 277 and overturned the
vehicle.
Upon investigation of the ve-
hicle, local patrolman L. W.
Brumelow found a paper bag
containing \$350 in the front seat
and also a 22 caliber pistol in
the vehicle.
The suspect, William Garland
Welch of Lawton, Okla. was
turned over to Wichita Falls
Police Department.
In other action, Police Chief
Buck Abbott reports activity
light, but issues another plea
to local citizens. With school
beginning a great number of
dogs are following their owners
to school--and are failing to
find their way back home. All
dogs in the city limits are to
be kept up at home according
to a city ordinance.
Parents are urged to help in
this matter. It will not only
save the local animal control
problems, but will save the
parents money in the event the
animal is caught and placed
in the city pound.
Friday, an abandoned bicycle
was picked up by the department
at the Twilight Inn Motel and is
now in the property room of
the station.
That same day, Conely Gil-
bert, 402 S. Ave. B, reported
the theft of a battery from a
car parked in his driveway.
Last Wednesday, Tom Ken-

yon, 1010 Jan, reported an at-
tempted break-in of his house
and a prowler was reportedly
suspected at the Knight resi-
dence, 1200 Shady Lane.
A box of jewelry valued at
\$800 was reported missing by
Mrs. W.W. Chambers from her
residence at 902 Easy.
On that same day, Bob Rus-
sell, 812 Ave. F, reported the
theft of a window fan, Insta-
matic camera, and other small
items. The items were taken
while Mrs. Russell left the
house for about one hour to
walk her child.
Herb Benburg, 520 Rosewood,
also reported that a tape box
and stereo tapes had been stolen
from his car.

Miss Blackwell Becomes Bride Of Michael Garrison

The marriage of Miss Vicki Jo Blackwell and Kenneth Michael Garrison was solemnized Friday evening in Eden Hills Baptist Church, Wichita Falls by the Rev. Ed Spivey, pastor of First Baptist Church, Mexia and former pastor of Eden Hills Baptist Church.

The bride is the daughter of Mr. and Mrs. T.V. Blackwell of 201 A Pioneer, Sheppard Air Force Base. Garrison is the son of Mr. and Mrs. Kenneth E. Garrison, 134 Hyland.

Given in marriage by her father, the bride chose satin peau de soie and lace for her wedding gown. It was an empire style with a train attached at the waist. Her veil of English illusion was held by a bandeau of pearlized flowers. She carried a cascade bouquet of feathered carnations, English ivy, baby's breath and a white orchid.

Miss Carol Reed was maid of honor. Bridesmaids were Miss Debbie Garrison, sister of the groom, and Mrs. Mike Kidd both of Burk Burnett. The maid of honor wore a princess style gown of green satin peau de soie and marquisette. She carried yellow glabella with English ivy and yellow streamers. The bridesmaids wore princess style dresses of yellow satin peau de soie and marquisette and carried nosegays of white daisies and baby's breath with green and white streamers. Miss Andrea Thames, cousin of the bride was flower girl. She wore an empire style dress of yellow satin peau de soie and marquisette and carried a lace basket filled with spring flowers.

Eddie Blackwell, the bride's brother was best man. Jeffrey L. Ream and Bill H. Newell were ushers. Patrick Murphy of Wichita Falls was the ring bearer. The groomsmen were Doug Garrison, brother of the groom and Gordon Thames, cousin of the bride.

MU Students Receive Degrees

Among the 131 degrees which were conferred by Midwestern University in Wichita Falls on Aug. 15 were students from Texas and seven other states.

Students from your area include:

Students from Burk Burnett include: Claude Howard Adams, ME degree in Counseling, RT.I, Box 62; Betty Jean Garland, ME degree in Counseling, 109 Tejas Drive; Janice Caffee Vincent, BSE in Bus. Educ., 905 Tejas Drive, Magna Cum Laude; Linda Rae Fisher, BSE degree in Sec. Ed., H&PE, Box 89.

There were 15 honor graduates including one summa cum with a grade point average of 2.75 - 3.0 on a 3 point scale; six magna cum laude, 2.5 - 2.74 gpa; and eight cum laude with 2.25 - 2.49 gpa.

Allen Farris Given Scholarship

Allen Farris was the recipient of a scholarship given by Theta Epsilon of Epsilon Sigma Alpha International.

He was presented the check by welfare chairman Kathleen Brammer.

Allen will be a third year student at the University of Texas in Austin this fall.

When he is not in school, Allen lives at home with his mother Evelyn and sister, Carolyn at 200 Laurel Lane.

He has been working this summer for Virgil Mills Construction Company.

Mr. & Mrs. Cliff Carter On Trip Following Their Wedding

Mr. and Mrs. Cliff Alan Carter are on a wedding trip to Dallas and will live in Denton following their marriage Saturday evening at the Highland Baptist Church in Denton. The bride is the former Theresa Virginia Herring.

The bride is the daughter of Mrs. Johnnie L. Herring. Carter is the son of Mr. and Mrs. Harry B. Carter of Denton.

The Rev. George Threlkeld, associate pastor of the First Baptist Church, officiated before an altar backed by an arrangement of white summer flowers, foliage trees, baskets of white gladioli and tall candelabra holding white tapers.

The bride wore a formal gown of peau de soie designed on empire lines with imported embroidered English illusion covering the bodice, stand up collar and overlaying the long full sleeves. The double tiered chapel length train was enhanced with a wide band of illusion from waist to hemline. She carried a cascade of white carnations, stephanotis and a white orchid backed by white lace and ribbons.

Mrs. Larry K. Harrell was matron of honor. Maid of honor was Miss Patti Kormas. Bridesmaids were Mrs. Johnnie C. Herring, Wichita Falls, Mrs.

Two Girl Scouts Attend FOCUS Week

Two girls from NorCentEx Girl Scout Council were among 350 participants who attended FOCUS from August 10th through August 17th. FOCUS was a special self-discovery program developed by the Girl Scout Council of Greater St. Louis.

Mrs. Desmond E. Lee Jr., FOCUS chairman and vice-president of the St. Louis Council said "We want people to realize scouting is full of exciting activities. FOCUS represented a new, more extensive phase of scouting. The emphasis of FOCUS was on interpersonal relationships and personal development."

Approximately 200 St. Louis area girls hosted 155 girls from a ten state region. Many of the participants were non-scouts. Upon arrival in St. Louis on August 10th, the out-of-state girls met with their local host families. The FOCUS participants remained in St. Louis for two days before boarding buses for Southeast Missouri State College at Cape Girardeau, 120 miles south of St. Louis. The college provided housing, classroom and recreational facilities for FOCUS.

During the 5-day group experience at Southeast Missouri State College, FOCUS participants were exposed to new ways of looking at themselves and at others. They attended seminars on interpersonal relationships and human effectiveness conducted by James MacDonald, noted human relations expert for McDonnell-Douglas Corporation. Other volunteer experts led seminars in art, music, yoga, journalism, dance and audio-visual techniques, enabling the girls to develop their own areas of interest.

Those girls who attended FOCUS from NorCentEx Girl Scout Council include Alice McRae and Lynne McRae, both of Wichita Falls.

ABWA Officers Elected At 9th Anniversary Monday

A ninth year anniversary was observed by members of Boomtown Chapter of American Business Women's Association Monday evening at Boomtown Community Center. The chapter was chartered in 1963.

Interesting and informative points about news reporting were presented to the group by Mrs. Annie Lee Williams of the Wichita Falls Times and Record News. The purpose of the newspaper, she pointed out, is to educate, to inform, to interpret, and to entertain. A news item must state accurately what happened and should be reported as promptly as possible with emphasis on correct spelling of names, she continued.

Mrs. Zell Schmidt, a teacher of office education and vocational training in Burk Burnett High School, presented the vocational talk. She has been seeking training stations for vocational students for the present school year.

Mrs. Barbara Hamilton, September tea chairman, gave a brief resume of plans for the tea which will be held in the National Room Sunday, Sept. 17 at 3:00 p.m.

A \$500 scholarship grant was presented to Miss Brenda Cobble, a student at Nazarene College, Bethany, Okla. Mrs. Tony Wilkinson Harris was elected by the chapter to be a new scholarship recipient.

Awards were presented to Mrs. Pat Stout for three years perfect attendance and to Mrs. Ruth Larson and Mrs. Laura Powell each for nine years

perfect attendance at chapter meetings. Mrs. Valree Matherly received "woman of the year" trophy, and a past president's pin was presented to Mrs. Virginia Sjolun.

New officers elected by the chapter were: President, Mrs. Valree Matherly; vice-president, Mrs. Rita Hudson; corresponding secretary, Mrs. Jessie Stewart; recording secretary, Mrs. Margaret Williams; and treasurer, Mrs. Zell Schmidt.

Mrs. Peggy Turner, employed by Triple D Discount Center, was installed as a new member.

Guests attending were: Miss Marion Bentley, Miss Sandra Lawson, Mrs. Beta Stewart, Miss Brenda Cobble and her mother, Mrs. Cobble.

Bloodmobile In Burk Burnett Thurs.

The Bloodmobile was in Burk Burnett last Thursday for its third of four annual visits to Burk Burnett. The volunteer nurses were Mrs. Betty Bowles, R.N.; Mrs. Pat Kraff, R.N.; Mrs. Letha M. Moore, R.N.; Mrs. Letha M. Moore, R.N.; Mrs. Estelle Ellis, R.N.; Mrs. Fannie Baker, LVN; Mrs. Virginia Sanda, LVN; and nurse recruiter Mrs. Lela Mallett, R.N.

Mrs. Alvin Hill expressed appreciation to everyone and especially the thirty-two ladies who helped set up for the Bloodmobile and during the afternoon.

Special recognition went to Mrs. Cora Crafter who is a two gallon donor, Rev. Lamoine Champ a three gallon donor and to Ed Bankhead a four gallon donor.

Mrs. Alvin Hill stated that the Bloodmobile has to be a community project to be successful and without our volunteers' co-operation it cannot be carried out.

Six Flags Concludes Successful Season

SIX FLAGS Over Texas, concluding the most successful season in its history, is adding five operating days to its schedule.

The family entertainment center had been set to end daily operation August 27. However, the park's general manager, Robert W. Freeman, announced that SIX FLAGS will remain open daily through Labor Day, September 4.

Freeman said, "We have every indication that there will be large numbers of vacationers in the area during the week preceding Labor Day and we feel SIX FLAGS should be available to those visitors."

Following Labor Day the theme park will be open on Saturdays and Sundays only from 10 a.m. until 8 p.m. through November 26, when the 1972 season will end.

Water polo, hose races and other competitions will be held after the program. The evening meal will be served at 6 p.m. in the new community center. The public is invited to attend.

LETTERS to the EDITOR

Dear Sir:

Since public interest in the day care field is increasing, following are information items on day care which you may be able to utilize in your publication:

1. Day care of unrelated children requires a license from the State Department of Public Welfare (section 8A of article 592 C, Vernon's Texas Civil Statutes).
2. Many people are unfamiliar with this state statute and may begin operation of a day care program without the necessary license. A license is required for the care of even one unrelated child.
3. There is no fee for obtaining a license. However, the day care facility must meet certain minimal standards which concern the health, safety, and growth and development of children. This includes annual inspections by the fire and health departments.
4. There are presently thirty-six licensed facilities, both commercial and non-profit, in Wichita County.
5. Any individual or group interested in obtaining information on day care may contact the State Department of Public Welfare at 723-9831.

Sincerely,
Mrs. Delores Lambert
Public Welfare Worker I

portunity to thank you for the advertisement and promotion you gave our organization for the movie we sponsored in July at the Palace Theatre. Also, we appreciate the notices you placed regarding the registration dates for the boys.

Again, thanks very much for your space, time and effort. Yours truly,
Carolyn Powell, Secretary
Burk Burnett Midget Football League

Sixty five Senior Citizens At Met

Sixty five members were present at the last meeting of the Senior Citizens' Club held in the Community Center. The next regular meeting will be held at the center on September 14th. Visiting and games may be enjoyed until lunch is served at 12:00 noon. A musical program will be furnished by James Frye, C.J. Lippard, Dr. C. J. Morrison, and C.B. Wampler, a male quartet from the First United Methodist Church.

ROUND THE TOWN

by Sylvia Lohofner

Leon and Juddie Morrow and their sons, Eddie Wayne and Bobby Don, returned Sunday from a 2 week vacation. The first week was spent in Galveston, Tex. along with Tommy and Sharon Wilkerson and Deedee, and Glenn and Stella Chitwood and Junior. En route to Galveston, they toured the

Astrodome and Astroworld in Houston. In Galveston, they went to Sea Arama, enjoyed swimming, sight seeing and deep sea fishing.

The Morrrows and Wilkersons journeyed to Tishomingo, Oklahoma where they attended the Smith reunion, while the Chitwoods went to New Mexico.

The Leon Morrrows spent the last week of their vacation just relaxing at their cabin on Lake Diverston.

A baby girl was born to Mr. and Mrs. Rick Landrum of Wichita Falls Thursday, August 24th. The little Miss has been named Melissa Anne. The

grandparents are Mr. and Mrs. George Toplin of Wichita Falls and Mr. and Mrs. Wallace Landrum of Burkburnett. Melissa has three living great grandparents, Mrs. N.R. Parker in North Carolina and Mr. and Mrs. F.G. Jeffers of Burk and two great great grandparents, Mr. and Mrs. Carl Stripling of

Ballard, Texas.

Clifford McKinnis of Lees Summit, Mo. is scheduled for back surgery the first of this week. He is the son of Mrs. Katherine and the late A.A. McKinnis of this city. Mrs. McKinnis left for Lees Summit the first of the week to be near

her son and family. Clifford's address is Rt. 2, Box 358, 64603, if his many friends in Burk would like to drop him a card. He is a former resident of this city.

Mr. and Mrs. T.P. Watson of Wichita Falls visited the Ray Mills Sunday evening. Mr.

Watson was a former employee of the Texas Company in Burk several years ago.

Wayne Nelson of Oklahoma City visited his mother, Mrs. W.B. Nelson here Sunday. She returned home with him and has an appointment on Tuesday to consult an eye specialist.

Fred Fewin of Sedgwick, Kansas underwent major surgery in the Halsted Clinic Hospital in Halsted, Kansas last week. He was in the Intensive care unit for several days, but is slowly recuperating. The Fewins are former residents of Burk, being employed by the

Skelley Oil Co. here. Their many, many friends will be happy to learn of his satisfactory recovering in the very near future and when he will be able to be home again.

Mr. E. E. Bangs of 609 Reagon Street, had a very painful accident this week. She stepped off her porch backward falling and breaking her back. She is a patient in the Wichita General Hospital.

L/Cpl Dennis Cotton left August 29th for England, Holland, Sweden, Norway, Portugal and Spain for eight weeks secret operations. Cotton, a 1971 grad-

SHEPPARD AIR FORCE BASE

Native Scotsman Begins Soccer Team At SAFB

His sport is soccer. He coaches, referees and played for a long time, he played it.

TSGT. Jim Dunlop of the 377th Instructor Squadron has devoted a piece of life to a sport that he began playing 35 years ago in the hills of Scotland called Prestwick.

Since then, he's played professionally in Europe, coached numerous teams and promoted the sport in every way he could envision he's ever visited.

Now, Sergeant Dunlop has immersed himself in the program at Midwestern University and the Wichita Falls Boy's Club working with the young players that he believes hold the future of soccer in this country in balance.

"The time to start youngsters in soccer is when they're about seven years old. You teach them the basics and get them involved with the sport and they like it. It's booming right here, we've got more than 20 teams in the Boy's Club program plus the teams in the junior and senior high schools and of course, at Midwestern."

Sergeant Dunlop's first trip to Sheppard back in 1963 began his involvement in soccer in this area. He coached Sheppard to its only Air Training Command (ATC) soccer championship ever, that year. The following year they placed second when soccer was dropped. Its ATC status now is one of non-recognition. Sergeant Dunlop

objects. "I would certainly like to see soccer regain its rightful place in ATC. After all, it is one of the major sports on the world and is becoming a major sport here as well. I don't know why it was dropped, but there are a lot of players here and I believe on other ATC bases who would like to see tournament play re-established.

Working with the Midwestern squad has evolved into a great deal of work, but Dunlop enjoys it immensely.

"If coaching the Indians was not a rewarding experience, I would never have stayed with it.

"My first experience with them came in 1970 and after a year in Vietnam. I returned last December. The first time I just happened to see a film clip on TV and decided they needed some help so I volunteered my services.

"I work on teaching them the basics and we can go from there. They have a tremendous desire to learn, and their enthusiasm is terrific. The whole business is based upon the players desire. When you get that, it makes your own effort worthwhile. Besides, they've come along way in two years, we're finally getting competitive."

So competitive, in fact, that Dunlop feels two players have a shot at the 1976 Olympic squad, Darrell Black and Mark

Penny. Dunlop added that, "both are fine players and should have real good years for us."

In coaching soccer, everything else is irrelevant if stamina gives out.

"I work on being able to get a boy to play 180 minutes. You have to work at that figure if you are going to play a strong 90 minutes in regulation games." He works on shooting the ball to score, defense, passing teamwork, and rules.

"Since a lot of the boys have not played the game until high school, they don't know the rules as well as they should. We change that."

Dunlop's professional career dates back to when he was 15 and was a professional back in his native Scotland. He's also played professionally with teams in France and England when Air Force assignments took him to those countries. His injury list is not unlike one would expect from a long-time pro footballer - three broken ankles and a broken collarbone plus numerous minor aches and pains.

Dunlop's devotion to the sport carried over in an appeal. "We still need coaches badly. Even if you don't know the game, we can work with you and pass along the fundamentals to you. The kids just need that to start, and besides, it's lots of fun."

Contact the Wichita Falls Boys Club at 322-6908 if you're interested.

Maj. Mike Krum Assumes Duties Of IO Chief

SHEPPARD AFB, TEXAS--Maj. Morrow S. Krum (Mike) assumed duties as Chief of Information at Sheppard Technical Training Center Monday succeeding Maj. E.F. Ticknor, who is retiring from the Air Force.

Major Krum came to Sheppard from Los Angeles, Calif., where he served as Chief of the Community Relations Division, Secretary of the Air Force Office of Information.

Born in Chicago in 1933, Major Krum was educated in various mid-west, eastern and southeastern schools, graduating from the University of Florida in 1955 with a bachelor of science in journalism degree. Upon graduation, he was commissioned a second lieutenant in the U.S. Air Force and has served on active duty since that time as an Information Officer.

During his junior and senior years in high school, Major Krum started writing professionally for the first time as a stringer and reporter for the Miami Herald and Miami Daily News. He worked his way through college as an announcer and disc jockey for various radio and television stations.

Called to active duty in 1955, the new second lieutenant was assigned to a brand new base--Abilene (now Dyess) Air Force Base, Texas --as Assistant Information Services Officer. While there he started the base newspaper and for the first three months was the only staff member. He also created, wrote and produced on a local TV station a twice-monthly television program about the base.

From September 1956 to December 1958, he was Assistant Information Services Officer and Information Services Officer, Travis AFB, California. While the position required him to handle everything from accidents to community relations to national news conferences, his day-to-day duties included supervising the base newspaper. During this period, the Travis paper twice won both the SAC Newspaper of the Year and the USAF Newspaper Contest for its category.

In January 1958, Major Krum attended the U.S. Army Information School, Fort Slocum, New York, graduating fifth in his class.

While at Travis, he took part in two B-36 training missions to the Far East as a writer-

photographer. A photograph he took on one of these missions was selected as the SAC Photo of the Month.

Transferred overseas in January 1959, the major became Station Commander of Armed Forces Radio and Armed Forces Television, Wheelus Air Base, Libya. In this assignment he supervised the first television coverage of the opening of the Libyan Parliament, sent the first cameraman into the Congo during the USAF rescue operations in 1960 and was responsible for starting a weekly Arabic language TV program.

Upon completion of this overseas tour, Major Krum was assigned in January 1962 to Headquarters, Tactical Air Command, Langley AFB, Virginia, first as Chief, Press Branch, Public Information Division, then as Assistant Chief, Internal Information Division.

In November 1964, he graduated from the USAF Information Officer Academic Course, School of Public Communication, Boston University.

From July 1965 to November 1966, Major Krum was the Information Officer for Luke AFB, Arizona. During this period, the base newspaper he supervised was selected as the best in the Air Force in its category.

Leaving Luke, he attended the U.S. State Department's Foreign Service Institute and then in December 1966 reported to the 14th Air Commando Wing, Nha Trang Air Base, Vietnam, as the Information Officer. During his year in Vietnam and despite the fact that he was not on fivine status, Major Krum voluntarily flew 33 combat missions as a writer-photographer to report activities of the only air commando wing in Vietnam.

His decorations include the Bronze Star Medal, Meritorious Service Medal, Air Medal, Presidential Unit Citation, Air Force Outstanding Unit Award, with valor device and oak leaf cluster, National Defense Service Medal, Vietnam Service Medal with two campaign stars, Air Force Longevity Service Award with three oak leaf clusters, Armed Forces Reserve Medal and Republic of Vietnam Campaign Medal.

Major Krum is married to the former Dorothy King of Vero Beach, Florida. They have three children.

Civilians Cited For Performance

SHEPPARD AFB, TEXAS--Several civilian employees at Sheppard AFB were recently recognized for exemplary performance at their jobs.

Given outstanding performance ratings were, for the 3750th Maintenance and Supply Group, Kenneth C. Pickett, a general supply specialist, for performance during the period June 28, 1971, to June 27, 1972; Elmer Guinn, an inventory and fund monitor, for July 6, 1971, to July 7, 1972; and Jewel Griffin, clerical assistant, July 17, 1971, to July 17, 1972.

For the USAF Regional Hospital Betty J. Nevins, a clerical machine transcriber, for June 23, 1971, to June 23, 1972.

Earning quality salary increases were, from the USAF School of Applied Aerospace Sciences, Donald L. Hatfield, a training instructor in the Department of Communications and Missile Training, for performance during the period March 1, 1971, to May 31, 1972; and Adeane L. Hairell, a clerk-typist in the Department of Aircraft Maintenance Training, for the period June 16, 1971, to July 12, 1972.

For the School of Health Care Sciences, Rhee G. Marten, a training technician, for the period July 1, 1971, to June 30, 1972. Three members of the School of Health Care Sciences were presented sustained superior performance awards of \$150. They are June C. Codner, a secretary - stenographer, and Melba M. Cole and Lara Renee Looney, both clerk-typists.

SHEPPARD AFB, TEXAS--CHAIRMAN OF QUARTER--Mrs. Arthur G. Abel is presented a gift for being named chairman of the quarter for Family Services at Sheppard Air Force Base. The presentation is by Lt. Col. Peter P. Kehoe, chief of Military Personnel, Consolidated Base Personnel Office at Sheppard. Mrs. Abel also received a 3,000-hour guard and a seven-year stripe. (OFFICIAL USAF PHOTO)

RF-4C Phantom To Be Used At SAFB

An RF-4C Phantom was towed into a hangar at Sheppard AFB Monday morning for its first day on the job as a training aid with the fighter aircraft branch of the USAF School of Applied Aerospace Sciences.

The plane, first flown to Sheppard last month from Germany, had undergone alterations by the 3750th Maintenance and Supply Group for removal of unessential parts.

The plane will now be used to train airmen to become crew chiefs. Specifically, it will

familiarize them with the airframe, hydro-electric systems and engine.

The aircraft is the first of six Phantoms which will eventually be used in the course.

On hand to initiate the new phase in jet aircraft maintenance training were Col. Harry N. Lester, chief of the Department of Aircraft Maintenance Training, and Maj. Peter A. Ravella, chief of the fighter aircraft branch.

For the dove hunters, the Rod and Gun Club has negotiated a free lease for members only with a rancher near Burkturnett. One must show club membership and sign in with the rancher before hunting. As a bonus, a small water tank has been stocked with catfish for the youngster's enjoyment. Persons are asked to check in with the rancher so a catch count can be kept and the tank restocked.

Sheppard Rod And Gun Club To Hold Trap Shoot

SHEPPARD AFB, TEXAS--The Sheppard Rod and Gun Club will hold its second annual club skeet and trap shoot for members this fall and has scheduled a Swap Night at the next general membership meeting.

Swap Night and the meeting are set for Sept. 6 and club members and guests are invited to bring anything they'd like to swap because bargains abound.

On Sept. 16, the skeet championship will consist of two events, both shooting 50 targets. A 12 and 20 gauge shoot are scheduled as well as a special junior event to encourage participation among younger shooters.

The trap championship will be Oct. 14 and like the skeet, will be a 50 target shoot. The two events are a 16-yard and handicap.

Entry fees for both events are \$2.50 plus targets if applicable. Awards will include a trophy medal made especially for the Sheppard Rod and Gun Club.

Two classifications have been designated, master and novice. Masters will include veteran competitive shooters, while the newer people will shoot in the novice. The classes are des-

SHEPPARD AFB, TEXAS--PHANTOMS AT SHEPPARD--A new phase in fighter aircraft maintenance training begins this week at Sheppard AFB as the first of six RF-4C Phantoms is wheeled into a hangar to be used as a training aid. The plane, which replaces older aircraft, will be used to orient students with the engines, hydro-electric systems, and airframe. On hand to witness the change are Ann. Bryon M. Ater, left, a student in the Jet Aircraft One and Two Engine course and Col. Harry N. Lester, chief of the Department of Aircraft Maintenance Training of the School of Applied Aerospace Sciences. (OFFICIAL USAF PHOTO)

Girl Scouts To Organize

SHEPPARD AFB, TEXAS--Girls interested in joining Girl Scout organizations at Sheppard Air Force Base this year are asked to contact either Mrs. Paul Bellaire for Brownies or Mrs. Robert J. Eklund for Girl Scouts.

Girls in the second and third grades or those who are seven and eight years old may be placed in a Brownie Troop. Those interested are asked to call Mrs. Bellaire at 569-3601.

Mrs. Eklund at 855-0637 will place girls in Girl Scout troops. The Junior Girl Scouts are those girls age nine, 10, or 11 or those in fourth, fifth and sixth grades. Cadette Girl Scouts are those of 12, 13 and 14 ages or those in the seventh, eighth or ninth grades. Senior Girl Scouts are those of 14 and 17 years old and in grades nine through 12.

MRS BAIRD'S

POW/MIA Booth To Be Sponsored By Daedalians

SHEPPARD AFB, TEXAS--The 3630th Flying Training Wing and the Wingman Flight 29 of the Order of Daedalians at Sheppard Air Force Base will sponsor a booth at the Main Exchange at Sheppard for the sale of Prisoner of War/Missing in Action bracelets Saturday.

Approximately 800 bracelets will be available for sale. These were obtained from Viva, the non-profit nonpolitical student organization dedicated to helping the POW/MIA's in Southeast Asia.

Bumper stickers and literature will also be available at the booth, according to Capt.

David R. Lloyd of the 3630th Student Squadron of the Wing. Captain Lloyd is provost marshal of the Order of Daedalians. Col. S.D. Berman is the Daedalian flight commander.

Donations of \$2.50 are necessary to obtain the nickel (silver finish) bracelets and \$3.00 for the copper bracelets. Each bracelet is inscribed with a name of one of the Americans held prisoner of war or who is missing in action in Southeast Asia as well as the day he was lost.

The bracelet is worn with the vow that it will not be removed until that day that the real status of the person is determined.

Six Young Men Representing Area Towns For Navy Texas Ranger Co.

An elite group of young men are representing the Wichita Falls, Burkburnett, Iowa Park areas for the Navy Texas Ranger Company. The Texas Ranger Company was sworn in before the Texas Ranger and New York Yankee baseball game on August 20, 1972, in Arlington, Texas. The swearing in ceremonies were performed on the pitchers mound by Rear Admiral Emmett H. Tidd, Commander, Navy Recruiting Command, Washington, D.C. Admiral Tidd made a special trip to Texas for the unique swearing in ceremonies, and special presentation of the Texas State flag from Governor Preston Smith. Presentation of the State flag was made by a real live Texas ranger, Jesse James Priest, Jr. of Wichita Falls. Mr. Priest's son became a member of the Texas Ranger Com-

pany at these ceremonies. Members of the Company are pictured from left to right row, Steven Owain Renick of 4919 Earl Street, Wichita Falls. Steve is a graduate of Wichita Falls High School and is the son of Mr. and Mrs. B.D. Renick. Michael Joe Chambers of 346 Burkhaven, Burkburnett. Michael attended Burkburnett High School and is the son of Mr. and Mrs. J.J. Chambers. Michael Keith Kelly of 1200 Emmer Drive, Iowa Park. Michael is a graduate of Iowa Park High School and is the son of J.G. Kelley. Second Row, Ricky Melburn Ricks of 808 E. Bank, Iowa Park. Ricky attended Iowa Park High School and is the son of Mr. and Mrs. J. E. Ricks. James Rickard Priest of 4620 Cascades, Wichita Falls. James is a graduate

BIG CATCH-- Part of the big catch caught at Lake Arrowhead. The catfish were caught by Ed Skelton and Jimmy Dorton and son Mark.

I wish to offer my sincere thanks and appreciation for the encouragement and support you gave me in my recent lawsuit in U.S. District Court. The decision was favorable for me, as you know, in spite of conflicting testimony. My main concern at this time is that regarding the safety of students attending Southside Elementary School. It seems to me that the buildings themselves, in addition to the locks used, are questionable in the matter of reasonable fire protection standards. I would like to continue my teaching career in this community to which I feel strongly attached, and have so indicated this desire by filing an application several months ago for a teaching assignment at the third grade level. Again, thank you for your kindness.

Sincerely,
Odell Karstetter

THE INFORMED CONSUMER

By Crawford C. Martin
Attorney General of Texas

Credit purchases have become a way of life with most of our Texas families. When the debtor refuses or is unable to meet his payments when due, his account often is turned over to a collection agency.

Most of these agencies use reputable collection methods but unfortunately some agencies choose to resort to other means which are unethical and sometimes illegal. This article will deal with abuse collection tactics.

Collection is generally initiated with a letter mailed to the debtor. This letter informs him that the account has been assigned to the agency for collection and that payment in full is demanded.

The first letter is usually mild, but subsequent letters become progressively threatening. Also, the intervals between such letters also become shorter.

After a while, the collector may do any or all of the follow-

ing: (1) he may send telegrams and registered letters; (2) contact the debtor's employer; (3)

send messages that suggest legal documents; or (4) make direct personal contact with the debtor by telephone or personal visit.

Frequently, a form or printed letter is used which threatens

the addition of court costs, attorney's fees, and interest in addition to the principal sum unless full payment is made.

Representing that a law suit will be brought unless prompt final payment is made constitutes debt harassment unless legal action is actually initiated.

This method of collection is deceptive since it is designed to collect without the necessity of bringing a lawsuit.

The use of any printed form or letter which simulates actual court papers or bona fide legal documents is illegal. Collection

letters which have the tendency or give the appearance of emanating from a court or other source of authority are deceptive under our law.

Such forms cannot be used to collect debts even where the debt is just and valid because it tends to coerce and intimidate the debtor into paying by means

of deception and false representations.

A commonly used deceptive practice is arbitrarily increasing the amount of the debt by the collection agency. This is done to invoke quick response,

and naturally places the agency in a more favorable position of collecting.

Many times employees are instructed to use fictitious names when telephoning accounts. Behind this cloak of anonymity, the use of threats of bodily harm, bombing of property, injury to children or wives, or spreading the reports that the debtor is a "dead beat"

to his employer or friends may be engaged in by the collector.

As an extra harassment, these calls may be made in the middle of the night.

The law, of course, does not condemn debt collection per se. Collection simply must be conducted legitimately, without harassment, coercion, or intimidation, or by the use of any means which are deceptive.

Even delinquent debtors are entitled to know the source of letters which are sent to them, and while they may owe money, they deserve the protection of the law just as do other citizens. Anyone who has knowledge or reason to believe that unlawful debt collection practices exist should contact my Consumer Protection Division at Box 12548, Capitol Station, Austin, Texas 78711.

Guidelines of Life

By Ray C. Morrow, Calvary Baptist Church

"Practical Atheism"

In previous articles we have discussed "intellectual atheism" "political atheism" and "religious atheism"--all taken from Psalms 141, "The fool hath said in his heart, there is no God." There are few voices actually declaring that there is no God. For the most part the foolish man says it "in his heart" or, with his lips.

"Practical atheism" fits into this category. The nominal believer does not disavow there being a God. He confesses God with his lips, but his heart (life) is far from Him.

Like Esau, the lust for satisfying today's selfish desires takes ascendancy over spiritual values, and many sell their birthright for a mess of pottage. The glitter of "fool's gold" blinds eyes to the true riches of God--"gold tried in the fire," Rev. 3:17-18. "Materialism" is the god of this world, but "God is a Spirit; and they that worship Him must worship Him in spirit and in truth," John 4:24.

1 John 2:16 describes the whole tenor of the world of man apart from God as, "the lust of the flesh, the lust of the eyes, and the pride of life." And the worldly, selfish pursuit of "believers" pre-empts that inner urge to "seek first the kingdom of God and His righteousness." A practical denial of God is doing what I want to do, and not yielding to His will for my life, James 4:13-17. "No man hath seen God at any time; the only begotten Son, who is in the bosom of the Father, He had declared Him," John 1:18. All that we can know and have of God is in and through Christ--and to deny Christ is to deny God, 1 John 2:22-23 and 5:9-12. You can't earn passage into the presence of God. It is paid for in Christ, John 14:6.

They who by faith take Christ into their lives have positive testimony to a true and living God, John 1:12-13; II Timothy 1:12.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, TEXAS--Lt. Governor-elect Bill Hobby called for an era of "getting together and working together to solve Texas' problems" at his fund-raising dinner in Austin.

"We have been through some of the most turbulent campaigns in our recent history -- campaigns that left some wounds," he stressed.

"We need to see to it that those wounds heal without leaving scars."

"State governments are re-summing their roles as vital members of the federal-state partnership," Hobby added.

"Our federal system cannot work unless the states and the local governments perform their functions responsibly and effectively."

Hobby told the audience of Democratic leaders that Texas has something to give the nation--the virtues of courtesy and neighborliness.

He talked of the "new mood now running at tidal proportions throughout the state," and said he believed the entire nation could find hope and an example here in Texas.

"Only history will record whether or not Texans invested the conscience, the commitment and the effort to create a humane and just society in our state," Hobby concluded.

LABOR DAY DEATHS PREDICTED--Col. Wilson E. Speir, director of the Texas Department of Public Safety, estimates that statewide traffic accidents over the 78-hour Labor Day Weekend will claim 48 lives.

The Labor Day holiday, as designated by the National Safety Council, extends from 6 p.m. Friday, September 1, to midnight Monday, September 4.

At the close of the Labor Day period last year, a DPS tabulation revealed 41 persons had died in 34 traffic accidents in the state. Late deaths pushed the toll to 43 persons killed in 36 accidents.

Speir said the DPS and local law enforcement agencies will be taking all possible steps to reduce the holiday death toll.

A special "Operation Motorcade" will be in progress over the Labor Day weekend and tabulations on rural and urban fatal accidents will be reported to the news media of Texas three times daily.

As is customary on major holidays, says Speir, all available highway patrolmen will be placed on duty throughout the state. They will make full use of radar and breath testing instruments in an effort to curtail the major cause of fatal accidents--excessive speed and drunk driving.

Joining law enforcement officers in the effort to reduce loss of lives during the holiday

period will be about 500 Texas National Guardsmen who will operate jeep patrols to assist motorists and to ride partners with DPS patrolmen.

The guardsmen, all volunteers, will concentrate their efforts in 107 Texas counties in far east, central and south Texas.

Speaking of "Operation Motorcade," Colonel Speir said, "these educational and enforcement programs will have an impact, but a great deal of the responsibility for accident reduction rests in the hands of individual Texans."

"I am appealing to all our citizens to join with us in saving lives by 'Driving Friendly' both during the holiday and throughout the remainder of the year," the DPS director said.

GOALS FOR TEXAS CITIES--More than 70 urban experts from across the state met in Austin recently to draft goals which will be used to determine programs the Texas Municipal League will provide Texas cities in the Seventies.

Founded in 1913, the Texas Municipal League now includes more than 720 cities in the state among its membership. Its functions are to disseminate information, inform mayors and other municipal leaders about important pending legislation and to train municipal officials.

Goals for the Seventies which will be widely disseminated among member cities in the state are expected to have "tremendous, long-reaching implications for the future of the cities of Texas," says former Dallas Mayor Erik Johnsson, chairman of the TML Committee of the Future.

Segun Mayor Alfred Koebig, TML president, commented: "We know from experience that the usefulness of any institution is based largely on its ability to keep pace with present and emerging needs; and it is our hope that the Municipal League's goals-setting process will provide information and decisions so that work to solve urban problems can begin now rather than when the problems become acutely serious."

SIGNS OF THE TIMES--Texas Highway Department has joined a nationwide symbol sign program to bring all highway signing into conformance with the so-called international sign program used in many other nations.

Richard Oliver, traffic engineer for the State Highway Department, recently reported to the Governor's Traffic Safety Committee that the more important regulatory signs such as "Yield," "Do Not Enter" and "Wrong Way" are now being installed at critical loca-

tions, while other signs are being changed over on a maintenance replacement basis.

He explicated the target date for full compliance with the National Manual on Uniform Traffic Control Devices is January, 1977. Full compliance with the National Manual is expected to cost the State of Texas \$6 million for sign installation over the five-year period. Other costs will include \$4.5 million for conversion of highway markings and \$350,000 for installation of traffic signals.

"A folder describing the signs and new pavement markings is in preparation," said Oliver.

AGING TARGET AREAS ESTABLISHED--The Governor's Committee on Aging has approved 10 urban target areas for establishment of Area Agencies on Aging. Rural areas will be designated soon.

The Area Agencies on Aging will provide the governor's committee with planning for federal nutrition programs and related services, as well as additional programs for the elderly as they develop. Selected as target areas were the counties of Harris, Jefferson, Orange, Bexar, Dallas, Tarrant, Travis, El Paso, McLennan, Nueces, Hidalgo and Cameron. The areas were selected according to numbers of persons 65 and older, numbers of elderly below the poverty level and proportions of minority groups.

CAPITOL HIT BY STORM--Tornado winds raked the state capitol grounds August 22 ripping several giant elm trees out of the ground, roots and all, and smashing several windows in the capitol building itself. Tourists were sent scurrying from the first floor rotunda of the building when shattered glass from windows in the dome, 260 feet above, came showering down along with a mini-deluge of rainwater.

Capitol employees had windows repaired and the rotunda cleaned of glass and water by the following day, but several days were required to clear debris from shattered trees from the capitol grounds. Fortunately, there were no injuries.

A NOTE FROM THE HUNTER--Recent action by the Texas Parks and Wildlife Commission requires that any portion of the meat from a deer kill given to a fellow hunter must have a note signed by the hunter making the kill with his name, address, hunting license number and the date and location of the kill.

Game management officers believe the requirement will insure that deer are harvested legally and identified as such regardless of how many different people get the meat.

A BOWL OF RED, TEXAS STYLE--Strange and wonderful odors--some just strange--will rise above the cookingpots of contestants at the Third Annual Republic of Texas Chilympiad festival in San Marcos, September 20 to October 1.

The chili cook-off is recognized as the official Texas competition by the Chili Appreciation Society International and the three-day event will determine a champ chili cooker to

represent Texas at the world championship competition later this year.

This year's activities include an appearance by the Confederate Air Force, a Harlingen-based collection of World War II vintage aircraft. This year's Chilympiad is dedicated to the 25th anniversary of the United States Air Force.

SHORT SNORTS
Gov. Preston Smith has named Dr. Phillip C. Johnson Jr. of Waco and Frank L. Paschal Jr. of Ft. Worth to the Radiation Advisory Board for six-year terms.

The Governor does not have the constitutional authority to transfer funds appropriated by the Legislature to another agency, Atty. Gen. Crawford Martin has ruled.

H.C. Pittman, Austin attorney and former member and chairman of the Texas Industrial Accident Board, has been named executive director of the State Bar of Texas. Pittman succeeds acting executive director Josiah Wheat of Woodville.

Twenty-five years of Southwest Conference football have been packed into an action-filled half-hour film which will be premiered on 28 television stations throughout the Southwest the nights of Sept. 5-9. Following the TV premieres, the 16 mm film will be available for showing to groups and organizations through the Humble Oil Film Library.

Opening with the Doak Walker (SMU) and Bobby Layne (Texas) post World War II era, the 28-minute movie features outstanding players, teams and games of 1947-71.

Action scenes include such consensus All-American players as Froggy Williams, Lawrence Elkins, Kyle Rote, John David Crow, Jim Swink, E.J. Holub, Buddy Dial, Jerry LeVias, Jimmy Saxton, Bob Lilly, Dicky Maegle, Tommy Nobis, Steve Wooster and Bobby Wuenesch.

Many other All-American and All-Conference stand-outs are featured. It was possible, however, for the film to cover all the great players, narrator Connie Alexander points out.

The film's objective, Alexander says, was "to capture the moods, the styles of play,

the trends and the excitement that have made the game great for players and fans alike."

Seven of the most outstanding games of the past quarter-century are reviewed, including the Doak Walker - Bobby Layne confrontation in 1947 when unbeaten SMU faced unbeaten Texas.

Other memorable games include teams from TCY, Baylor, A&M, Arkansas, Rice and Houston.

Organizations or groups can obtain the film on free loan to show at meetings by writing to Humble Oil & Refining Co. at 3400 Southland Center, Dallas, Texas 75201.
