MONTIE WILLIAMS

Time and time again, I've had people tell me that advertising doesn't pay. To be more specific, they say that Informer/Star advertising doesn't pay.

I disagree totally. Only last week did a businessman in Burk Burnett tell me that he had just registered the highest January sales day in the history of his store. I don't think it is just coincidental that the businessman planned and placed an ad in the pages of the Informer/Star just two days before. The same man reported much increased sales on Thursday, the day that the ad came out.

Nor do I think that it is coincidental that another business in downtown Burk reported a fantastic sale day just after running their sale ad in the Informer/Star.

I'm certainly not saying that any ad placed in our paper will cause a stampede into your store. But I am saying that when you place an ad in this paper that it is read and comprehended. It's up to you, the merchandiser to hit the market with items or services that are in demand.

Maybe you don't deal in merchandise, many businesses perform services that people buy only when something goes wrong. Maybe what you sell is something that people buy only once in a lifetime. Nobody can say when it's going to be. Wouldn't it be nice to be there when they do decide.

Advertising is an aid to selling merchandise. If you have special prices, people can save money and that's good. If you gain a new item in your store or if you perform a new service, that's great. But how in the world do you plan to sell it if only you and a few other people know that you have it.

I can answer that. Advertise it. And for Burk Burnett businesses, the Informer/Star is by far the most effective medium to do so.

Members, officers and directors of the Burk Burnett Chamber of Commerce are all hard at work now selling tickets and planning for the Chamber of Commerce Banquet to be held January 3rd at the Burk Community Center. This banquet promises to be an evening of enjoyment, so if you haven't bought your tickets yet, be sure you do soon. Seating arrangements are on a first come, first served basis so get your tickets early and get a good seat.

This wintry, icy weather is something else. Haven't seen ice like this since I came back from Germany. Actually, I think that's why the Germans drink like they do. It's always so cold outside that they have little to do besides sit in the bars and nip a shot or two. Course, we Americans never touched the stuff over there. Great time though, what any of us can remember of it.

Tickets are now on sale for the upcoming Chamber of Commerce Banquet. Raymond Greenwood (left), local Chamber Manager, is shown making ticket sales to Venita Eastman and Thomas Colley from City Hall.

Superintendent, Tax Accessor Collector Contracts Renewed

Contracts for school superintendent, and tax assessor-collector were renewed for James Pearson and Raymond Smart last Monday night during the regular Burk Burnett Independent School District Board meeting. Board members carefully reviewed the contracts and renewed them by unanimous decision. The renewed contract of James Pearson is for a period of two years. The contract becomes effective July 1 of this year and extends to June 30 of 1975. The contract for tax assessor-collector, Raymond Smart, is for a one year period and is effective from July 1 of this year to June 30 of 1974. Three teachers resignations were presented to board members. Those presented were

for Mrs. Zelda Parrish (eng.-Speech HS), Mr. Rusty Stowe (Band-Part Time-Shep-Burk), and Mrs. Glenda Winchester (2nd Grade Shep-Burk). The resignations of Mr. Stowe and Mrs. Winchester were accepted by the board. Mrs. Zelda Parrish's resignation was tabled until the next board meeting, pending further discussion. Also discussed at the meeting was the policy regulating use of the Burk Burnett Track by outside organizations. Board members voted on a \$50.00 fee for other schools and organizations using the track. The purpose of the fee would be for maintenance and the overseeing of the equipment and track surface. It was brought out that due to the design of the Burk Burnett track, the only equipment designed for this track

could be used. Possible damage could be sustained by using improper equipment. It was also stated that if the ground and track facility could be properly cared for and overseen for a lesser charge, then the \$50.00 fee would be reduced in accordance. A remodeling and repair job, is possibly a short time away, for the Burk Burnett Baseball Diamond. The purpose of this undertaking will be to enable the baseball team to play their home games here in Burk instead of Wichita Falls, where they have had to play in seasons past. Once completed, the new diamond will allow Burk High School to have their own home field and will also permit an admission charge to Burks baseball fans.

Accidents Reported From Snow And Ice

The snow and ice continue to take their toll as two motor vehicle accidents have been reported by the Burk Burnett Police Department concerning Burk Burnett residents. A serious one car accident involving a 1972 Ford Maverick coming towards Burk Burnett on the Daniels road hit a guard rail and caused \$1,350 in damage. The second accident involved a 1966 Pontiac and a 1965 Oldsmobile. The Pontiac was parked and the Oldsmobile hit the parked car. The driver of the Oldsmobile was under the influence of liquor at the time and had no drivers license. Although both accidents were serious, neither took fatalities and with the upsurge in collisions, Burk Burnett is lucky in this respect. Another deterrent of accidents in Burk Burnett during these ice storms is the fact that public schools have been closed, thus keeping many cars off the road.

A coke machine was broken into at the Exxon Station near the underpass on the Red River Expressway. No damage estimate has been given, but the box was torn open and the vandalism looks costly at this time. The Police have no suspects at this time. A Burk Burnett High School student was arrested at the school recently because he had in his possession a loaded gun. He supposedly brought the loaded weapon to school to show to a friend. He was released to his parents and is presently awaiting for disposition by the Wichita Falls Juvenile Courts.

BILL FROMAN

Burk Coach Bill Froman Area Coach Of The Year

For two years straight now, Coach Bill Froman of Burk Burnett's Bulldogs has received top honors as area coach of the year. It certainly didn't hinder the decision when he guided the Burk Bulldogs to the semi-finals of the Class AAA Playoffs. With the Bulldogs predicted to finish 4th or maybe even 5th in the district, it's not hard to understand the outstanding coaching that Froman must have done to bring his boys to the quarter-final championship. Because of this accomplishment, Coach Froman now enjoys the title of 1972 Area Coach

of the Year. Before coming to Burk Burnett, Froman enjoyed successful football campaigns in Lindsey, Oklahoma. He produced state championship teams in 1958, 1962, and 1963. In 1964, his team nearly won another championship, but finally lost it. Froman spent eight seasons at Lindsey before accepting the coaching position at AAA Burk Burnett High School. He has been in Burk Burnett for eight years now and doesn't plan to leave anytime soon. He says he is happy right where he is.

Chamber Of Commerce Banquet Plans Finalized; Something New Coming

Members of the Burk Burnett Chamber of Commerce met during their regular luncheon last Monday and discussed plans for the upcoming Chamber of Commerce Banquet which will be held Saturday, February 3rd in the Burk Burnett Community Center. Plans for this year's banquet are rather different than any banquet ever before here in Burk Burnett. This year's banquet will not feature a guest speaker. Awards will be given the same as in the past, but the rest of the evening will be dedicated to sheer enjoyment of all attending. Chamber President, Reid McCandless, told Chamber members of the seating arrangements in the large community center. Certain changes have been made. One of the most outstanding changes is

that this year entire tables will be reserved for different businesses in Burk. This way, the boss and his employees can sit together at one table instead of being scattered over the banquet area. Bozo Darnell, a former professional musician, will perform for those attending the chamber banquet. Bozo will be accompanied by Pat Patterson and Fred Hayes. For many years Bozo played in the professional music and comedy field. He played with such professionals as Ray Price, Earnest Tubb, George Jones and many other top country singers. Bozo wrote and recorded a top hit record in 1965 entitled "Stepping Stone". Other artists have recorded Bozo's song and sales totaled over 4,000,000 copies. Bozo has written other songs,

"Down Come the World", "Sha Marie", and is still writing songs but is not as active as he used to be. One of Bozo's songs is soon to be recorded by Wynn Stewart on the RCA label. The song is titled "String to Ashes". Another song or two is in progress in Nashville and should come out in about 6 months. So, as you can see, Bozo Darness is no amateur. He has been in show business for a long time and should be quite a hit at the Chamber of Commerce banquet, February 3rd. Annie Bell Harris of Burk Burnett will also perform at the Chamber banquet. Annie Bell will present an array of spiritual songs. Annie is a member of the Providence Baptist Choir, and has been for several years. She has entertained at numerous special church activities, civic activities and weddings. Annie's program should be most enlightening to all attending. Another of the talented performers to be featured is 12-year-old Janet Lax, daughter of Mr. and Mrs. Wayne Lax. Janet is a 7th grader at Burk Junior

High School and will do a variety of today's popular songs. As a young singer, Janet has performed before thousands in the past. Janet says that her biggest accomplishment was when she performed before the Texas Municipal League Convention at Tarrant County Convention Center in Fort Worth before an audience of several thousands. In 1968 she was crowned "Our Little Miss" of Wichita Falls. Janet's talent has taken her to various pagents in Wichita Falls, Iowa Park, Throckmorton, and several other cities around the country. The Burk Burnett Chamber of Commerce Banquet should prove to be the most successful ever. Tickets for the Banquet are now on sale at the First National Bank, Burk Burnett Bank, First Savings and Loan, Corner Drug Store, Texas Electric, Lone Star Gas, and the Chamber of Commerce office. Also from all officers and directors of the Burk Burnett Chamber of Commerce who extend a cordial invitation to everyone to attend and enjoy their banquet in 1973.

Burk Burnett's Rick Bradley was chosen as first team linebacker on the Class AAA All State team picked up by the Texas Sports Writers Association.

Bradley, All State

by Sedelta Verble Looking rather shy and embarrassed, Rick Bradley, known to Bulldog fans as senior defensive line, stated that he still finds it very hard to believe that he made the prestigious football honors of All-State, but area residents don't seem to be shocked. It's as though they expected the outstanding Bulldog player who blocked the vital Dumas extra point and sewed up a regional victory for Burk to rate high in any body's ranking. The regional win pushed the underdog Burk team into the furthest journey any Bulldog team has ever traveled in Bojtown history. Though the voyage was not completely finished, the mighty Bulldogs impressed state writers with their mystic qualities one of which was the Bulldozer, Rick Bradley. Though he reflected that he has never given much thought to the speculated theory that his role in Bulldogging steers in rodeo competition aided his tackles, he does admit it is his favorite pastime and that his hopes for a career lie in this field. Bulldog fans can testify to the ease and grace displayed by Bradley as he applies tackles to elusive backs. Rick cannot be called an unsung hero, though this is his second consecutive year on the All-District list and every article written about this year's magical Bulldogs must include his name as one of the

stand out individual in a spirited team effort. Though his large size puts pressure in tackling, his speed and agility put the finger on such district speedsters as Larry Johnson of Hirschi and Wayne Hogg of Lamesa. Rick Bradley's number 44 could always be spotted either breaking ground for powerful Sam Hancock, who was also nominated for All-State honors, or bringing down the enemy ball carrier. "I've been playing football since seventh grade. Actually Vernon Smith talked me into going out for football and since then I've played both defensive and offensive positions with the Bulldogs," he commented. Though this is Rick's last year at Burk Burnett High that does not necessarily mean that is the last we will hear of him in accordance with pigskin honors. Anytime someone is good enough to be ranked among the best in Texas football, then surely some bright college scout will grab him up and explore his already displayed talents even more. Although the number 44 will show up on the practice field next year containing another possible great football player, it's certain that the owner of the garment will have a lot to live up to in regard to the high standard Rick has set this year. The Informer/Star would just like to extend congratulations and thank Rick for his exceptional performance.

For Scout Recognition Dinner Burk To Host NW Texas Council

Scouters from throughout the 13-county Northwest Texas Council, Boy Scouts of America, will participate in the Council's Annual Recognition Dinner to be held on January 27, in the new Burk Burnett Community Center at the corner of Kramer and Davey Streets, 6:30 p.m., according to Robert H. Jones, recognition dinner chairman. "This will be one of the finest recognition dinners our council has ever had, because 1972 was one of the most successful years in the history of the council," Jones said. He pointed out that the council increased its service to boys within the council boundaries by 11.7% over 1971 and enjoyed substantial increases in all program areas. Tom Crane will serve as Emcee for the evening of festivities which will feature the installation of council officers for 1973 and its executive board. Three Silver Beaver Awards will be presented to outstanding council Scouters and the council

will present the second Silver Fawn Award to an outstanding lady Scouter. The council's first Silver Fawn was presented in 1971 to Mrs. Lois Perkins. The Silver Beaver and Silver Fawn awards are the highest degree of recognition the local council may bestow upon volunteer leadership. In addition, dozens of units will be presented with Six-Star Awards in recognition of recruiting new members during six or more months in 1972. Special Roundup Goal Achievement Awards will also be presented. Good Turn Awards will be presented to numerous persons and organizations for special services rendered to Scouting in the Northwest Texas Council during 1972. Tickets to the Annual Recognition Dinner may be secured at the Council Service Center, 1400 11th, Wichita Falls, for \$2.50 per person.

In Living Color Childrens Pictures Taken January 16

Tuesday, January 16th is the big day set to take Living Color pictures of your little ones. The Informer is having pictures taken of all children accompanied by their parents or other guardian to the Community Room between 11 a.m. and 7 p.m. absolutely free of any charge or obligation. The Informer wants to publish a picture of your child in a photographic feature series of local children entitled "Citizens of Tomorrow." A professional children's photographer will take the pictures in Direct Living Color. We emphasize, therefore, that you dress the children colorfully so as to take full advantage of the beauty of Color photography. NO CHARGE TO PARENTS There is no charge or obligation for taking the pictures. Parents don't even have to be a subscriber to the Informer nor even a reader. You do not have to purchase pictures either. Proofs will be shown in Color and you may obtain

Color portraits by arranging direct with the studio representative if you want them. That is entirely up to you! The pictures appearing in the newspaper will be in black and white. GOOD PICTORIAL FEATURE In keeping with the quality Feature policy of this newspaper, we want to make this a memorable Feature. This means we want all the pictures of local youngsters we can get to run in the paper. Kiddies and parents alike will reap no end of fun and pride as the pictures appear in the paper. Mothers and fathers of children in the area which this newspaper circulates, please help us and remember the date, Tuesday, January 16th at the Burk Burnett Bank and bring your children to be photographed. If you have not already made an appointment for this community event do it now. Call Mrs. Mary Adams at phone number 569-1806 and avoid the possibility of a long wait.

New Postal Service Provides 84 Percent Of Total Costs

Postmaster General E. T. Klassen announced Thursday that postal revenues, fees and income for the first year of the U.S. Postal Service provided 84 per cent of total costs.

The increase is up from an average 80 per cent for the three-year period 1969-71. It meant that the Postal Service--in its first year of reorganization--required \$1.3 billion in a direct Congressional appropriation, down 34.8 per cent from a high of \$2.08 billion in 1971.

"We have pursued two major goals: Improve the quality and reliability of mail services and

reduce costs," Klassen said in submitting the first annual report to the Board of Governors since the Postal Service was created July 1, 1971, with a mandate to be self-sustaining by 1984.

Revenues totaled \$7.8 billion in Fiscal Year 1972, up to 18.3 per cent from 1971 while operating expenses amounted to \$9.5 billion, up 6.3 per cent.

Americans mailed a record 87.2 billion pieces of mail last year, or 419 per capita, up from 87 billion pieces in 1971. Most of the mail -- 49 billion pieces -- is first class.

Klassen said 94 per cent of

the first-class mail deposited by 5 p.m. and destined for local delivery is being delivered the next day. The percentage of next-day delivery is usually even higher in smaller communities.

"Another indicator of improved service was a reduction in the average time for delivery," the Postmaster General reported. "Without regard to the time of day when the letter was deposited or to the distance sent, the average time for delivering each of the 49 billion first-class letters decreased from 1.7 to 1.6 days."

In the important parcel post category, he said the average time for delivery decreased from 4.9 days during the final quarter of 1971 to 4.3 days in the final quarter of this year.

As of last June 30, Klassen said the average postal employee was earning "more than \$12,000 annually in salary and benefits."

He noted that labor costs comprise 85 per cent of Postal Service costs. Hiring restrictions imposed last March 29 resulted in postal employment dropping through attrition by more than 33,000 persons in the next four months. At the end of Fiscal Year 1972, employment totaled 706,400.

At the same time Klassen said, "We achieved a significant 2.4 per cent productivity gain

in the fiscal year ending June 30. This productivity figure contrasts sharply with gains averaging less than one per cent annually through most of the 1960's.

The combination of increased productivity and a commitment by postal managers, particularly in the field, to hold costs in line enabled the service last summer to forego the need for a previously budgeted \$450 million in postage rate increases scheduled for January 1973.

Only second-class mail -- generally used by newspapers, magazines and other publications -- plus non-profit third-class mail and educational and library materials sent fourth-class did not pay their own way, the annual report showed.

Intra-county second-class mail received a 73.8 per cent subsidy. Outside-county regular rate publications received a 51.7 per cent subsidy; classroom publications, 71.9 per cent; and non-profit publications, 81.2 per cent.

Bulk rate non-profit third-class mail received a 62.8 per cent subsidy. Educational fourth-class matter got a 37.5 per cent subsidy and library materials, 67.5 per cent. Congress has phased out increases in these categories of mail over the next five to ten years.

Ada Believes Burk Can And Will Grow

by Sedelta Vertle

"I am very interested in making Burkburnett grow and that is why I'm interested in helping with such activities as Crazy Daze," commented Mrs. Ada Harmon, better known as just plain Ada and the owner of Ada's at 201 East Third.

Ada has been a resident of Burkburnett since April of 1965 when she moved from Socorro, New Mexico to live near her mother and sister. She had lived in Socorro for thirty-five years and operated her own sewing shop and at the same time managed the Fabric Department of Huxfords Department Store.

Ada has been a seamstress for thirty-five years of her life and in fact used to be a 4-H leader in New Mexico and also an instructor for the New Mexico State College. For both these organizations she taught sewing classes.

Although she loves fabrics and sewing, she first managed the C and J Bread Milk Store for a year and worked nine months for the Famous Department Store in Burkburnett.

The first location for Ada's Shop was across from the Informer/Star but is now located on Main Street where she moved in June of 1970.

She is a member of the First Baptist Church and the Chamber of Commerce.

Another thing that holds memories for Ada here in Burkburnett is the fact that she met Mr. B.F. Harmon here in October 1965.

Ada has come a long way from Barksdale, Texas where she was born and lived since her twenty-first birthday. Though she lived in New Mexico for a number of years she has come home to her native Texas.

Her busy day is filled with her neat and colorful shop, but she does find time for Cognac, her lovely black poodle, and some sewing of her own. Burkburnett needs the concern and interest of her merchants and citizens, such as Ada, and with her help and others like her, this small community will continue to prosper and yet keep that small time flavor it's residents enjoy.

Letter To Editor

Dear Sir:

In the next session of the Texas Legislature, your representatives will consider an important law reform. This reform may not affect you directly unless you pay rent to a landlord. However, it will affect those who reside in the metropolitan areas of the state where there is rapid expansion of rent-type housing.

In December, the Texas Landlord-Tenant Law Reform Project presented testimony and suggested reform to the Senate Interim Committee on Consumer Protection concerning about legislation for the protection of tenants and landlords. At this point in Texas legislative history, there are not adequate laws in this area. Consequently, there is much confusion about the rights of the tenant and the landlord which often results in harm to both parties, and unfortunately the tenant suffers the most. With the help of real estate interests, the landlord manipulates the business contract leaving the innocent tenant to "foot the bill" above and beyond rent price and the tenant's responsibility. The legislation under consideration by the committee will protect both parties by clearly defining the role of the landlord and the tenant.

With the help of Senator Jack Hightower, who serves on this committee, the suggested reform will reach the legislature while in session. By encouraging him and Representative Dave Allred to support this legislation, you can be certain that Texas law will protect the rights of its citizens. Make your voice heard in government and write to:

Dave Allred, Rep. Dist. 52
Box 141
State Capitol
Austin, Texas 78767

OR
1608 Hayes
Wichita Falls, Texas 76309

OR
Jack Hightower, Sen. Dist. 30

News
&
Notes

By ...
Ramond Greenwood
Chamber Manager

Things at the Chamber office this week were like those all over town--cold and not on the move very rapidly. We however are busily working on our upcoming banquet.

Entertainment for the banquet is already scheduled and as I over looked the agenda for the banquet I believe this could very well be one of the most enjoyable banquets that I will have attended in some years.

You have probably heard that we will not be setting up the long tables. Instead individual tables of 10 places will be set. You can reserve an entree table for special customers, employees or friends. Or, come as you always have in the past and enjoy a good banquet.

Anyway, mark Feb. 3 on your calendar and come to your banquet.

I received a letter the other day from the Texas Good Roads Assn. which spoke of the accident that took the lives of 19 young Texans on a bridge in New Mexico on Dec. 26.

The letter stated that Texas has many bridges on its 70,000 mile highway system which are just as efficient and just as hazardous as the fatal bridge in New Mexico -- and their replacement is being delayed for the same reason--lack of highway construction funds.

It went on to say that one of the reasons for this situation is the fact that Texas has no federal aid highway funds. Congress failed to pass a highway bill in the last session. Because of this, many vital highway projects (including replacement of narrow, unsafe bridges) must wait.

The letter's author answered the question, "Why did Congress fail to pass a highway bill?" Said the author, "Because a highly organized group of environmentalists and egg-head social planners said we were spending too much on highways--and that we should spend the money for rail mass transit instead. Strangely enough, the Nixon administration joined forces with this group to advocate the use of highway funds for rail mass transit."

"This group turned down financing of rail mass transit from the general fund. They had to have the highway funds or nothing."

"The fight for adequate highway funding started all over again Jan. 3 when the new Congress convened. Highway safety has three basic elements--the highway, the driver, and the vehicle. Good roads are safe roads."

I mention the above letter to draw your attention to the fact that although many times the government takes a portion of our money and promises it will go to a specific purpose, it doesn't always get there. Try to keep abreast of the happenings in Washington and let your Senator or Congressman know how you feel about it. It may not do a lot of good but at least you will have the self satisfaction of knowing you tried.

The situation with the highway funding is very important to our state and to each of us. Find out what you can do about it and then let Washington know what you think.

I was reminded recently of the story of the man who lollied at the poolside of a lush resort motel, long, tall, cool drink in hand. "Back where I come from," he observed to the attendant, "you can only get a drink in case of snake bite." "That must be rough," sympathized the attendant. "None," said the man, "not for me. It made me a million dollars." "Oh," said the attendant. "Then you're a bootlegger?" "None," said the man. "But I run the biggest snake farm this side of the Rockies."

Bulldogs Chew Lions In Home District Play

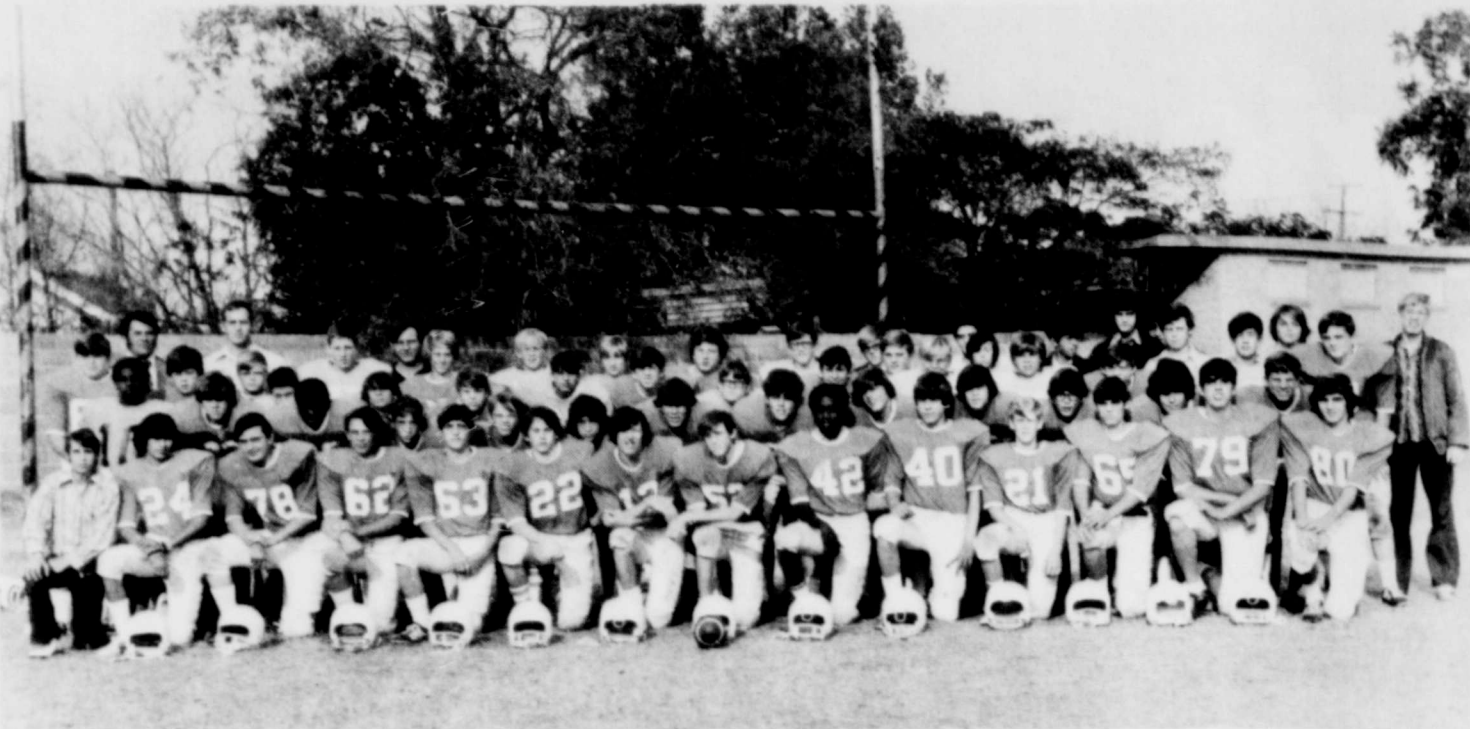

by Sedelta Vertle
Larry MacMahill turned on the power against Brownwood as highpoint man in the district clash at Bulldog Gym and heavy basketball action. MacMahill netted twenty big ones followed by Mike Miller who dropped in eighteen points as the Bulldogs smashed the Lions 69-59. Both Danny Nix and Skip Dean added eleven vital points in the high rolling contest that saw the Bulldogs behind in the first half. But the locker room must have dripped with persuasion as the 'Dogs came back with the winning spirit. The high scorers obviously put the pressure on Lion defenders but also handling out a lot of defense were Greg Mayes, Alex Koulavotes, and Red Snowden. The Bulldogs displayed a quickness and vitality only possible through a team effort.

Terry Thompson, #43, pulls down another bulldog rebound during the Burk-Brownwood game last Friday night.

Bulldog Cager, Mike Miller, #21, goes up and over his Brownwood defender for two points during last Friday nights action here in Burkburnett.

THE BURK JR. HIGH 8th GRADE BULLDOGS wound up the 1972 Football season compiling 6 wins and 2 losses. The Jr. 'Dogs were impressive during their successful season and promise to produce top notch gridiron talent in coming years. FRONT ROW: R. Walker, S. Zavala, D. Jenkins, B. Patty, M. Penn, M. Doyle, J. Edwards, M. Horn, A. Cox, B. Darland, T. DiMarzio, H. Toalson, K. Dolan. SECOND ROW: J. Allen, R. Lamp, M. Ray, J. Hawk, S. Arthur, J. Buckley, E. Alexander, D. Yoder, C.

Noble, M. Tory, R. Berg, M. Brinkley, M. Gregory. THIRD ROW: H. Guffey, K. Culver, R. King, E. Stine, D. Bieleflit, W. Pearson, B. Brookman, C. Hattaway, R. Seay, T. Avritt, S. Organ, T. Lindborn, M. Steigerwald, T. Turnbow. BACK ROW: Coach Yeager, Coach Gwinn, M. Milam, D. Chambers, Coach Hullett, D. Johnson, R. Matthews, K. Goodrich, B. Neher, M. Pettit, K. Smith, D. Pruett, W. Conder, D. Lemley, R. Lindsey, M. Boulineau, R. Bigford, D. Livermore, D. Watkins, R. Enright.

Boomtown Lions Club Sponsors Boxing Teams For Ages 6-26

The Boomtown Lions Club is organizing a Burkburnett Boxing Team. It is working out every night at 7:30 p.m. at the Brute Barber Shop in Wichita Falls at 1318 Harrison Street. This is open for all boys ages 6 to 26. There is a new High School division for beginner boxers. Transportation can be provided from the Jr. High Gym every afternoon. They also will sponsor a tournament set for Burkburnett on February 1st, 2nd and 3rd. For further information contact Will Bonham at 766-3092, Dale Lewis at 569-2221 or Bill Wade at 855-2451.

In the earliest English dictionaries easy words were not included because it was felt that everyone knew them.

BULLDOG BASKETBALL

In The Spotlight

MARK JOHNSON Player Of The Week

"I think we have a really great team that will continue on to a winning season and I think we can contribute this to our fine coach, Mr. Phillips", commented Mark Johnson who is Player of the Week in the basketball spotlight. Mark stated that he usually practices about two hours a day to get in shape for his forward position with the Bulldogs. The powerful six foot one hundred ninety pound senior commented that he had played basketball in Kansas before he moved to Burkburnett and that he had been playing since 7th grade.

Mark enjoys high school basketball, but plans to pursue a career of engineering at the University of Kansas. His hobbies include karate and he has a student license to fly a plane. Mark Johnson is just one more of the versatile athletes involved in BHS sports this year. His hobbies and career reflect more than just athletics and as Jack Mildren, the great University of Oklahoma quarterback said at last year's All-Sports Banquet, "Athletes must have some other field to fall back on, because the modern athlete cannot depend completely on sports."

Janice Harris-Joe Byers Exchange Vows At Central Baptist Church

MR. & MRS. JOE B. BYERS

Mr. and Mrs. Joe B. Byers will live in Wichita Falls following their marriage Friday evening in Central Baptist Church. The bride is the former Miss Janice Marie Harris.

The bride is the daughter of Mr. and Mrs. Robert G. Harris and the groom is the son of Mr. and Mrs. James B. Byers.

The Rev. Max Dowling, church pastor, officiated at the double ring ceremony before an archway decorated on each side with greenery and candelabra. Mrs. Jack Bell played traditional wedding music on the organ and accompanied Doyle Anderson as he sang "O Perfect Love".

The bride, given in marriage by her father, chose a formal gown of peau de ange and French imported Chantilly lace, fashioned on empire lines with Victorian neckline, full sheer sleeves with scalloped lace ruffles, full skirt, self back bow at the waist, and lace edged Watteau train. She carried a nosegay of pink Frenched carnations.

Miss Gayle Wheeler, sister of the bride, was maid of honor.

She wore a spring green crepe dress with high waist and slightly gathered long skirt, featuring lace-trimmed stand-up collar and leg-of mutton sleeves and a self tie belt at the waist. Miss Loyce Hoover of Manitou, Oklahoma, cousin of the bride, served as bridesmaid. Her pink gown was fashioned the same as the maid of honor's gown. Both attendants carried long stemmed pink carnations. Miss Christina Myers was candlelighter and the guests were registered by Sandie Pickett. Randy Allmon of Wichita Falls was best man. Groomsman was Russell Miller of Burkburnett. Ushers were Allan and Vernon Fournier, both of Burkburnett.

The bride is a graduate of Burkburnett High School and is a student at Midwestern University. The groom is also a graduate of Burkburnett High School. He is a student at Midwestern University and is employed by B-W Steel & Welding.

The bride's parents hosted a reception following the ceremony.

Karen Lewis-- Bill Horn Marry At Central Baptist

Wedding vows were exchanged recently by Miss Karen Ann Lewis and William Ernest Horn in the Central Baptist Church. The Rev. Max Dowling, pastor, officiated before an archway covered with garlands of greenery and two ten candle candelabra.

The bride's parents are Mr. and Mrs. Merlin Lewis and the bridegroom's parents are Mr. and Mrs. Leeman Horn, all of Burkburnett.

Theta Epsilon To Host Meet For District

Members of Theta Epsilon Chapter of Epsilon Sigma Alpha International Sorority have been busy, amid the ice and snow, making decorations for their "Winter Fantasy", which is the theme for the District VI meeting they will host Sunday, January 14th.

About 70 members from ten area towns are expected to attend the one-day convention, to be held in the Burkburnett Community Center. Following coffee and registration at 10 o'clock, a meeting of all chapter presidents will be conducted by the District Coordinator, Mrs. John Ball. A buffet luncheon will be served at noon.

District VI President, Mrs. L.C. Reppentine, Eta Rho Chapter in Fort Worth will conduct the business meeting. Several awards will be presented to chapters for outstanding philanthropic work over the past three months. Items will be collected for the district welfare project, Green Acres, which is a rehabilitation center in Ft. Worth.

Members from ESA Chapters in Arlington, Bedford, Euless, Ft. Worth, Colleyville, Haltom City, Hurst, Iowa Park, Quannah, and Richland Hills are expected to attend. The next district meeting will be held in April with the Ft. Worth Area Council as hosts.

Two Ex-Burk High Students Announce Wedding Engagements

Miss Inman

Mr. and Mrs. Virgil Inman announce the engagement of their daughter, Faye Chowning to Jimmy Vaughn, son of Mrs. Willie Spence, of Kentucky.

The wedding will be January 19th, 1973.

Miss Chowning attended Burk High School and is a graduate of Santa Maria Nursing School, Santa Maria, California. Vaughn is a graduate of Berea High School in Kentucky. He is now employed by Chapmen's Construction of Fort Worth, Texas.

Miss Brown

Mrs. and Mrs. Ross C. Brown announce the engagement and approaching marriage of their daughter, Janice Anne, to Preston Nathaniel Addison, son of Mr. and Mrs. R.N. Walton of Hamilton, Texas.

Janice is a graduate of Burkburnett High School and is a student at Texas A&M. Addison is a graduate of Hamilton High School and also a student at Texas A&M.

The wedding has been set for 2 p.m. February 11th at the All Saints Chapel at College Station.

MRS. WILLIAM E. HORN

Day Care Center

Says 'Thank You'

Santa was quite busy for the children of the Burkburnett Day Care Center. This was made possible by clubs, church classes, patients, school classes, and many individuals who took time from their busy schedules to say "I Do Care". Christmas was happier for the children because of them.

Special thanks to the Contemporary Study Club, to the patients of Evergreen Manor, Students of Burkburnett High School Sociology Class, Students of Burk Jr. High, Grace Lutheran Missionary Society, GA First Baptist, 4th and 5th grade classes of St. Jude Catholic Church, and the girl's Auxiliary of the American Legion.

Volunteer help is important to the Center. So from the children, staff and parents, "Thanks To Everyone".

On Important Issues

Bob Price Introduces Bills

Immediately upon the convening of the new 93rd Congress Congressman Bob Price introduced several bills dealing with a variety of important issues for consideration, including:

- * A Constitutional Amendment to permit voluntary prayer in the Nation's classrooms and other public buildings.
- * A Constitutional Amendment setting minimum attendance requirements for Members of Congress--failure to be present and voting on at least 70% of recorded yeas and nays notes would result in the dismissal from office of a delinquent Congressman.
- * A Constitutional Amendment to prohibit deficit spending by the Federal Government except in time of war or national emergency, and to require a retirement of the National Debt over a one hundred year period.

VA Office To Provide Protection For GI Correspondence Courses

New rules designed to provide better protection for veterans and dependents taking correspondence courses under the GI Bill became effective on January 1, 1973, Jack Coker, Veterans Administration Regional Office Director, pointed out today.

The 301,000 veterans already enrolled in correspondence courses will not be affected, he reported.

The new legislation protects veterans from costly payments should they terminate a course before completing half of the lessons.

Another change that became effective the first of the year will give the veteran or eligible dependent a "cooling off" period of 10 days from the time he signs an application for a correspondence course. After the ten days, he must affirm in writing to VA that he is going to take the course.

Should he decide not to pursue the course before completing the affirmative notice the veteran, or dependent, must notify the school which, under the new law, must make a prompt refund of the total amount paid in advance.

By the same token, the institution would be entitled to the return of any material already provided.

Also, under the new legislation, the correspondence school must furnish a fully completed copy of the enrollment agreement. This must incorporate a full disclosure of the obligations, a clear explanation of the provisions for affirmative, termination and refund, and state the conditions under which payments of allowance are made by VA.

If a veteran completes less than 50 percent of a course and decides to quit, the institution may retain only the registration fee (not to exceed \$50) plus payment of that part of the course completed. When 50 percent or more of the lessons are completed no refund is required by the school. The new legislation requires the eligible veteran or dependent to pay out of his own pocket 10 percent of the tuition cost.

* A bill to abolish the limitation on outside income for social security beneficiaries over the age of 65.

* A bill to provide tax credits for expenditures made in the exploration and development of new reserves of oil and gas in the United States.

* A bill to establish a Council on Energy Policy to advise the Congress and the President in the formation and execution of a national energy policy to meet the future needs of the United States.

* A bill to modify the Delaney Amendment to the Federal Food and Drug Act to permit the use of DES in animal feeds when residues from such use may be present in consequential and harmless amounts.

* A bill to reestablish November 11th for the annual observance of Veterans Day in the United States.

"I believe the 93rd Congress has a great challenge ahead--we have an opportunity to take up the unfinished business of the past and to enact responsible new legislation to meet the pressing needs of the American people. As the Representative of the new 13th Congressional District of Texas, I shall vigorously attempt to promote the views of all my constituents in the Congress and to seek legislative action in those areas which meet with their needs," Price said.

MR. & MRS. DEXTER G. PUDER

Burkburnett Couple Celebrate Silver Wedding Anniversary

Mr. and Mrs. Dexter G. Puder of 1206 Cheryl Drive in Burkburnett, celebrated their 25th wedding anniversary on January 1st. Mr. and Mrs. Puder were married January 1st, 1948 in Phoenix, Arizona.

The Puders have four children: Mr. Sidney Puder of Wichita Falls, Mrs. James A.

Fisher of New Castle, Delaware and Dorothea and Janet of the home.

An open house was held at the home of the couple on their silver anniversary day from 1:00 p.m. to 4:00 p.m. The open house was given by the proud children of the celebrating couple.

Chapman Named Area Manager For U. S. Savings Bonds Program

T. Guy Brown, Texas State Director for U.S. Savings Bonds Division, Department of the Treasury, has announced the appointment of Mrs. June H. Chapman as Area Manager for U.S. Savings Bonds for the Ft. Worth area which is comprised of the following counties: Tarrant, Jack, Palo Pinto, Parker, Shackelford, Wise, Stephens, Archer, Baylor, Clay, Foard, Hardeman, Haskell, Jones, Knox, Montague, Throckmorton, Wichita, Wilbarger, and Young.

She will fill the vacancy created by the retirement of H.A. 'Tony' Ziegler who has served as Area Manager of the Fort Worth Area for 23 years.

Mrs. Chapman has been associated with the Savings Bonds program for five years and was assigned to the Texas State Office in Dallas, Texas. Prior to her work with the Savings Bonds program her federal experience has been with the Veterans Administration and the Corps of Engineers.

Brown pointed out that Mrs. Chapman's past experience in volunteer work in Dallas has made her most capable of assuming this position which encompasses the talents of volunteers throughout the State of Texas and the entire nation to promote the sale of U.S. Savings Bonds. Mrs. Chapman served as President of the Dallas Council of Parent-Teachers Association (an organization of over 60,000 members) and during her 5 years on the Dallas Council of P.T.A. conducted seminars and workshops through the Northeast Texas area. Mrs. Chapman has been widely used as a speaker on American Heritage, speaking at State P.T.A. Seminars in Austin and State Conventions.

Mrs. Chapman commented she did not anticipate reaching the outstanding record achieved by Ziegler but feels it is a challenge to build on his past accomplishments, by sharing with the American public the advantages of saving through the Payroll Savings plan and/or the Bond-a-Month plan at your bank. With the current 5.5% interest yield on savings bonds that are held to maturity of 5 years and 10 months, the American public is taking a second look at the many advantages of this patriotic savings plan.

The Ft. Worth Savings Bonds Office is at Room 218, U. S. Courthouse, and the phone number is 334-2968.

Belton Warns

Pay Caution To Winter Colds

"The severe head colds and earaches many children contract during the winter months should not be taken lightly, as they can lead to serious and even permanently handicapping hearing losses." This is the warning issued by David Smith, director of the Beltone Crusade for Hearing Conservation.

The crusade is sponsored by Chicago based Beltone Electronics Corporation, world leader in hearing aids and electronic hearing test instruments. It is designed to make the public aware of the need to guard against potential hearing losses.

Smith pointed out that because most small children enjoy playing in the snow, it is not unusual for a youngster to become chilled from overexposure to low temperatures and damp clothing.

"This is why parents, teachers and other persons respon-

sible for small children should be alert and guard youngsters against developing such chills and the head colds and earaches that can follow.

While there is no certain method for avoiding such illnesses, attention to the length of time a child is permitted outside during extremely cold weather and insistence upon the use of proper clothing can reduce the chances of a youngster contracting such a malady," Smith explained.

"However, despite the most careful precautions, severe head colds and earaches may develop, and if this happens the attention of a medical doctor should be obtained. Above all, do not attempt to treat such illnesses with self-prescribed medications. The aftermath of such self-diagnosis and treatment also can be a hearing loss," he added.

AD NEEDN'T BE HEWEPED TO HEARTILY APPROVE OF A CHICKEN DINNER THE CHILDREN WILL ALSO THINK MOM IS A GOOD EGG WHEN SHE SERVES DELICIOUS KENTUCKY FRIED CHICKEN. FOR AMERICA LOVES WHAT THE COLONEL COOKS - THIS READY TO SERVE TREAT TURNS COOKING DRUDGERY INTO A DEAD DUCK.

Before you invest hundreds of dollars in any encyclopedia, invest 49¢ in a New Funk & Wagnalls.

Before you buy anything as important as an encyclopedia, you should take it home and live with it for a while.

But the only way you can do that with most encyclopedias is by buying the entire set. Not with the Funk & Wagnalls New Encyclopedia.

Come in and buy the first volume for only 49¢. If you like it, you can buy the remaining 26 volumes (including index and bibliography), a volume or two a week. For only \$1.99 each.

Naturally, this makes buying an encyclopedia easier. It also makes *not* buying it easier. When you sell an encyclopedia this way, it has to be good enough to keep people coming back for more.

It is. The Funk & Wagnalls New Encyclopedia is the work of over 500 scholars, including many Pulitzer and Nobel Prize winners.

It has over 7,000 illustrations—including a full-color World Atlas.

It's bound in sturdy, elegant covers to resist the ravages of time and children.

It's not only thoroughly up-to-date, but provisions have been made for you to keep it that way. Funk & Wagnalls publishes annual yearbooks which you can buy to keep your set as new as it is now.

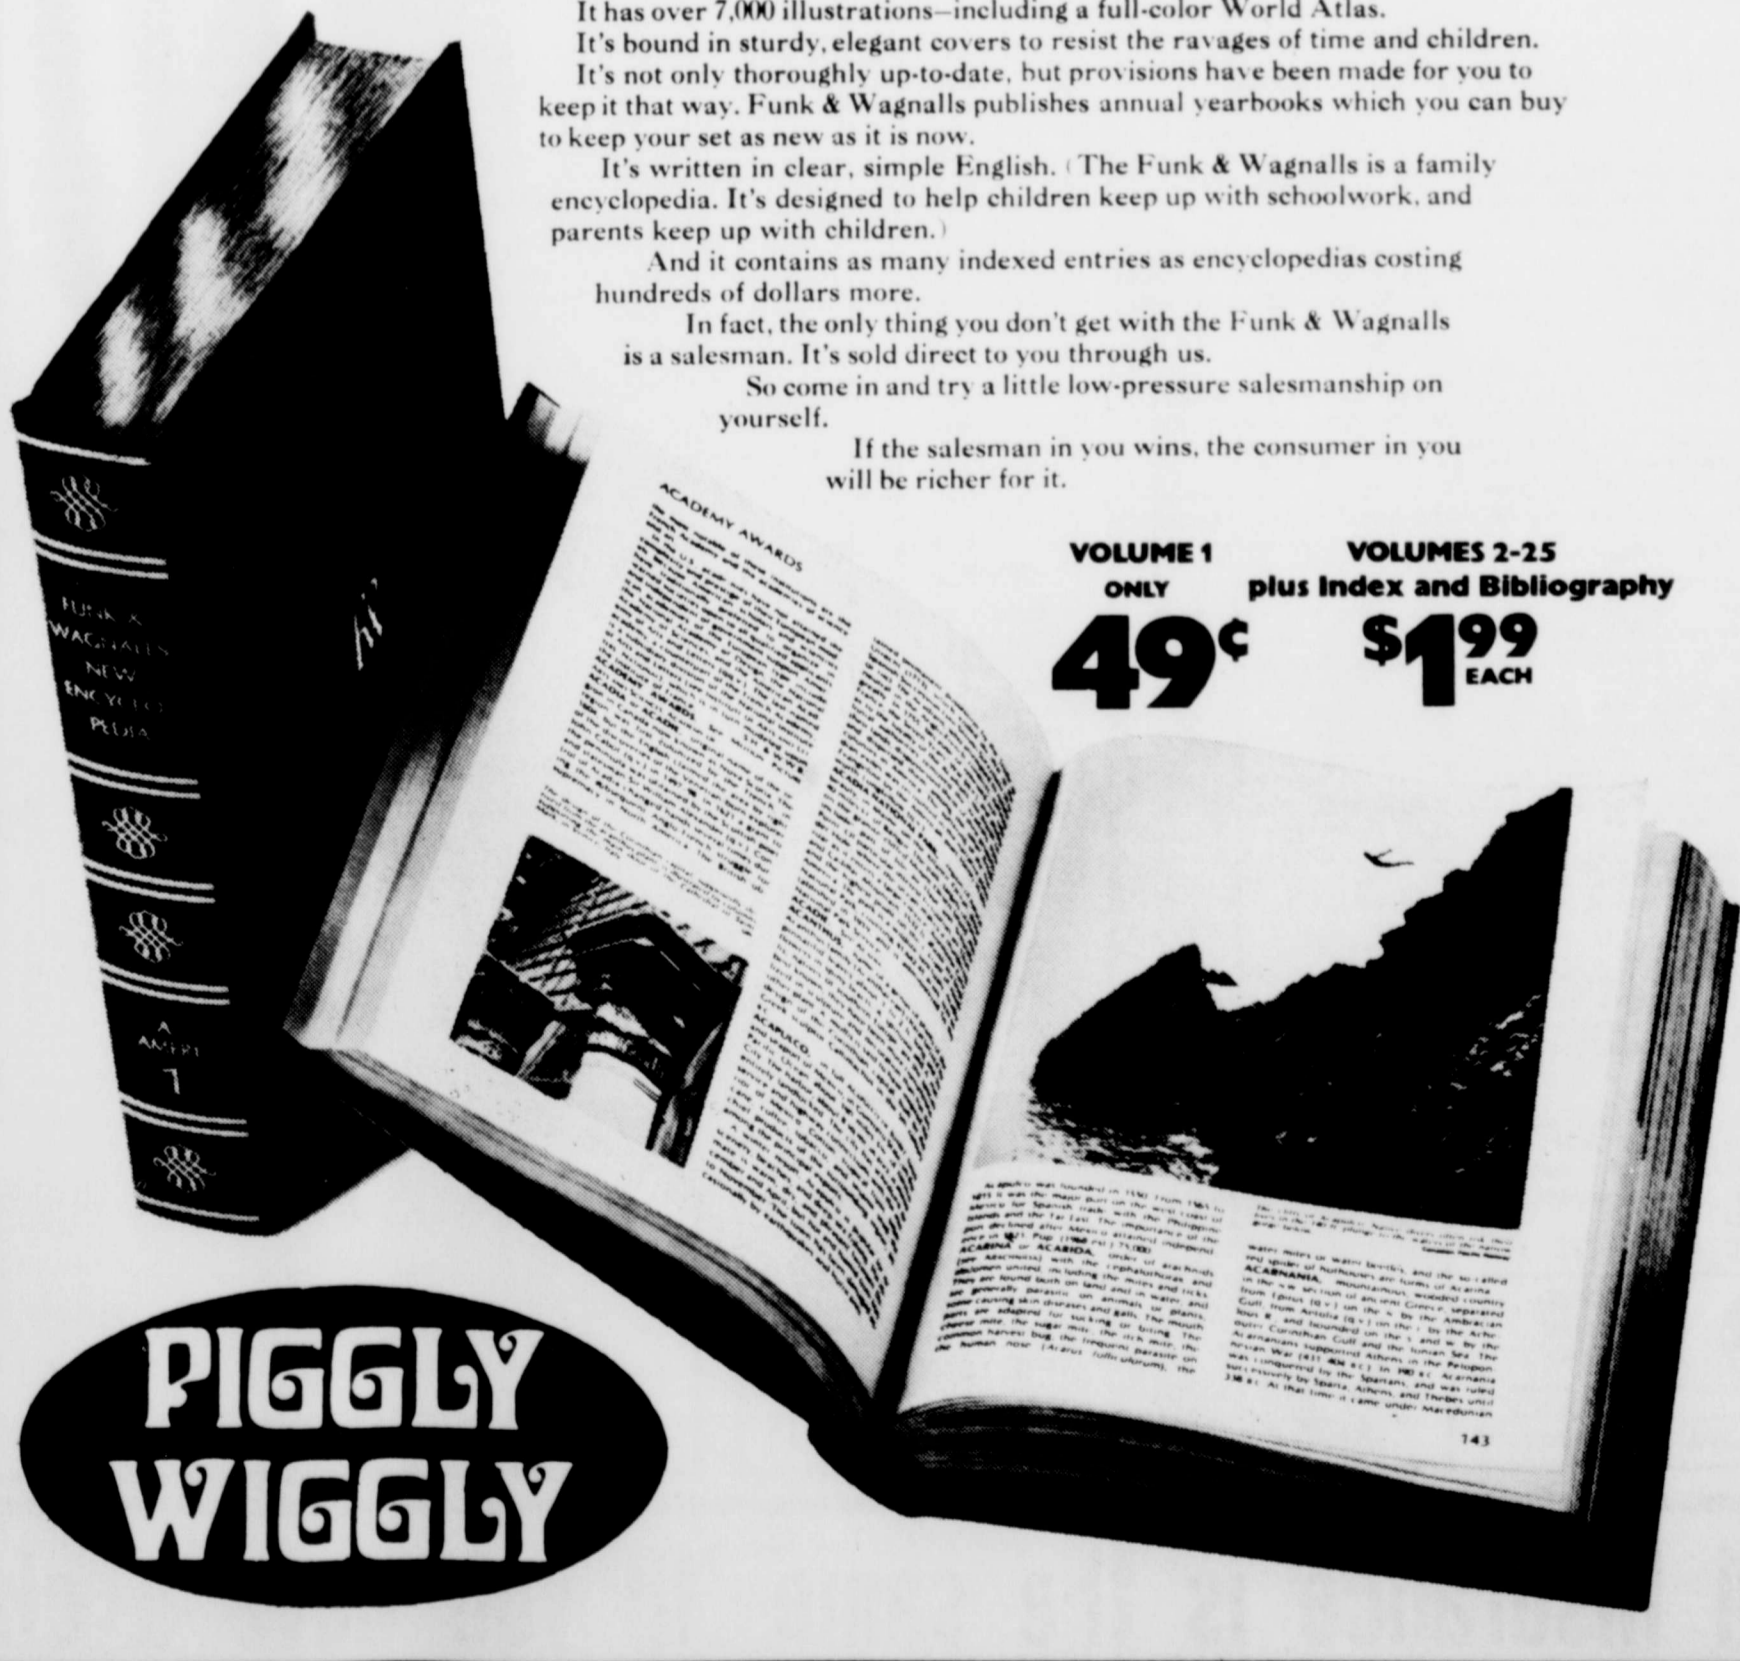

It's written in clear, simple English. (The Funk & Wagnalls is a family encyclopedia. It's designed to help children keep up with schoolwork, and parents keep up with children.)

And it contains as many indexed entries as encyclopedias costing hundreds of dollars more.

In fact, the only thing you don't get with the Funk & Wagnalls is a salesman. It's sold direct to you through us.

So come in and try a little low-pressure salesmanship on yourself.

If the salesman in you wins, the consumer in you will be richer for it.

VOLUME 1 ONLY 49¢ plus Index and Bibliography \$1.99 EACH

ROUND THE TOWN

by Sylvia Lohoefer

Devol Doings

By Ethel McCasland

Some of the folks going out of town to spend the holidays were Mr. and Mrs. Carl Foster who spent Christmas in Lubbock visiting Mrs. Foster's mother, Mrs. Maud Green, and other relatives there.

Mr. and Mrs. Floyd Uthe went to Henrietta to spend their Christmas with their daughter and family, Mr. and Mrs. Charles Shipnough and family.

Mr. and Mrs. Don McCasland and boys drove to Brozara, Texas and spent the holidays with Mrs. McCasland's parents, Mr. and Mrs. C.T. Wooten.

Mr. and Mrs. J.W. Adams and family spent Christmas with her parents, Mr. and Mrs. Joe Ford in San Diego, California.

Mr. and Mrs. Don McGill and family spent the holidays visiting relatives in Alabama.

Mrs. Lillian Hutson celebrated an early Christmas with her son and family, Mr. and Mrs. Weldon Hutson in Howe, Texas and spent Christmas day with her daughter and son-in-law, Mr. and Mrs. Charles Moran in Hollister.

Mr. and Mrs. Archie Kerk accompanied by their daughter and family, Mr. and Mrs. Monte Grounds, drove to Tulla, Tex. to spend the New Year holiday with relatives.

Mr. and Mrs. K.L. Smith were Christmas guests of their son and family, Mr. and Mrs. Bud Smith in Altus.

Out of town guests visiting Mrs. Dollie Hardin were Mr. and Mrs. Elbert Zink of Chickasha, Jewel Hardin of Dallas, Mr. and Mrs. Milton Hardin of Corpus Christi, Mr. and Mrs. Leonard Hurta of Fox, Okla., Mrs. Maggie Nelson of Burkburnett, and Mr. and Mrs. George Fincher of Amarillo.

Mary Beth Eley of Cleburn, Texas spent the holidays with

Study Club Meets For Reports Work

The Contemporary Study Club met recently in the home of Mrs. Joe Boucher for a salad supper. The purpose of the meeting was to work on department reports.

In charge of the meeting were Mrs. Boucher, Department Chairman, Mrs. Robert Norriss, 2nd Vice-President of Santa Rosa T.F.W.C., and Mrs. Edgar Fulcher, Club President.

Those working on reports were Mmes. Bill Pittard, Conservation; E.C. Richter, Education; Cliff Wampler, Fine Arts; Dan White, Homelife; Don Brookman, International Affairs; Joe Boucher, International Clubs; Tom Smith, Public Affairs and Harry Elliott, Texas Heritage.

Some of the folks going out of town to spend the holidays were Mr. and Mrs. Frank McClendon had as guests during the holidays Mr. and Mrs. Lenton McClendon of El Dorado, Ark., Mr. and Mrs. Bob Carroll of Weatherford and Mr. and Mrs. Otto Mills of Hubbard, Tex. and Kathy Daugherty of Wichita Falls.

Christmas day dinner was enjoyed in the Pearl Adams home by his parents, Mr. and Mrs. A.J. Adams, his sister and family, Mr. and Mrs. Billy Mullins of Burkburnett, and 2 brothers and families, Mr. and Mrs. Charles Adams and Mr. Mrs. Irvin Adams.

Mrs. Pearl Coker, who is spending some time in the Elm Wood Nursing Home at Omaha, Texas, suffered a stroke Thursday of last week and was moved to the Memorial Hospital in Naples, Tex. Her condition is said to be critical. Her son John Coker and daughter, Mrs. Joe Champion have been at her bedside.

Devol now has a new post office. Construction was completed last week and Post Mistress Beatrice McClendon has been busy moving into the new building where patrons are now being served.

Mrs. Simons Tells Fairview H.D. Club About Lamp Shades

Clara Fairview H. D. Club met recently for their monthly meeting. Chairman Loretta Roelstock called the meeting to order.

Roll call was read and answered by members stating the most ridiculous purchase they had ever made.

Yearbooks were discussed. Mrs. Simons gave pointers on how to cover worm lamp shades. She also demonstrated a delicious french dish, quiche lorraine.

There were 11 members and one guest present for the meeting.

The next meeting will be Jan. 18th in the home of Mrs. Ida Beckham.

Red Cross Sets WSI Instruction At Wichita YWCA

The American Red Cross will begin a training class for prospective Water Safety Instructors (WSI) on January 22 at the Wichita Falls YWCA. Men and women who have a current Senior Lifesaving qualification from the Red Cross and who are at least 17 years of age are eligible to enroll. The class will meet two nights a week -- on Monday and Wednesday from 8-10 p.m. The course is offered free by the American Red Cross, however a pool admission is required at each meeting. When completed, this course qualifies one to teach all levels of Red Cross Swimming Lessons. Please call the YWCA Aquatic Director, Nancy Boen, at 723-2124 to enroll for WSI or to get more information about the class.

Wichita Area To Organize Epilepsy Group

The Epilepsy Foundation of America will have its regional representative Frederick Ross, at the Wichita Falls YWCA on January 18, at 7:30 p.m. Ross will be here from Houston to help a group of interested citizens organize a local chapter for epilepsy.

Because epilepsy is so often misunderstood, it is imperative that the public receive factual information. By educating the general public, some progress can be made toward a better understanding. This organized meeting is open to parents, agencies, and any private individuals who have an interest in this endeavor.

The YWCA, 801 Burnett, in Wichita Falls, will be the base of operation for the chapter. Any information about this meeting or about any future plans for the organization can be obtained from YWCA Aquatic Director, Nancy Boen, by phoning 723-2124.

Every geographic area and major point of interest in Texas are covered in the new packages, according to TTDA and Gray Line officials. A total of 114 hotel/motel properties have been included. As in previous years, 100,000 tour folders will be distributed throughout the United States and several foreign countries to travel agents, carriers, and tour operators. CATM also will send sample copies of the folder and order forms to the more than 8,000 agents, carriers, and operators on its mailing list.

James Johnson of Lafayette, La. spent Wednesday night here visiting his grandmother, Mrs. Bertha Johnson.

Mrs. D.M. Lowrey spent the holidays with her son, Thomas Lowrey, and family in Odessa, Texas.

Visiting in the home of Mr. and Mrs. Myrtle and Skeet Hennis for the holidays were their daughter from Houston, Juanita Groves, 2 sisters, Mr. and Mrs. R. H. Fairfield of Houston and Mr. and Mrs. Otha McKinzie of Houston and daughter Wanda Davis and Bill and family of Burkburnett and grandson, Michael Howard of Grayson College, Denison, Tex.

Mrs. Darrell (Evelyn) Nichols is a patient in the Wichita General Hospital and is scheduled to undergo major surgery Tuesday. She is in Room 492.

Rev. and Mrs. Lynwood Givens of Austin visited during the Christmas holidays with her parents, Mr. and Mrs. Claude Adams of Burkburnett, and

Mrs. Jesse Hageman and her daughter and husband and family, Mr. and Mrs. James Rodrick, visited Mr. and Mrs. Dorace Hageman and family in Corsicana, Texas over Christmas.

Mr. and Mrs. Jerry VanLoh and baby daughter, Paige Ann, of Dallas and Ken VanLoh of San Diego, Calif. spent Christmas here with their parents, Mr. and Mrs. Harold VanLoh and grandmother, Mrs. J. H. Brumley.

Mr. and Mrs. Lee Gilbow and family of Odessa, Texas spent several days last week visiting his parents, Mr. and Mrs. Aubrey Gilbow, in this city.

Mrs. Cleo Stamps, who has spent some time in the Wichita General Hospital, is now staying in the home of her daughter, Mrs. A.D. (Carietta) Wallace, Jr. at 2834 Newsom, Wichita Falls. She would be happy to hear from her many friends or have them drop by for a visit at the above address.

Mr. and Mrs. John Clement spent Christmas with her daughter and husband, Mr. and Mrs. Noyes Silkwood, in Odessa, Texas.

Doyle Cobble of Oklahoma City and sister, Brenda Cobble, a student at Bethany College in Bethany, Okla. visited their parents, Mr. and Mrs. Allen Cobble, here during the Christmas holidays.

Mrs. Agnes Polson had as her visitors for a few days during the holidays, her daughter and husband, Hubert and Patti Tease, of Lubbock and her brother, Mr. and Mrs. Arwin Griffin, of Seattle, Wash.

Rev. and Mrs. Leon Turner from Farmersville, Texas visited Mrs. Hugh Jones in the Evergreen Manor. They also visited the Ray Mills, who were old friends and neighbors, and other friends here Tuesday. Rev. Turner was pastor of the United Methodist Church in this city for sometime several years ago.

Mrs. Beatrice Hayes of Bonham and daughter and husband, Mr. and Mrs. Jim West and daughter from Sherman, were in Burk last week to attend the funeral services of her step-mother, Mrs. Lona Ramsey.

Mr. and Mrs. Roy T. Magers visited their daughter and husband, Mr. and Mrs. Tom Lloyd, in Houston Christmas week. While there Roy received the message of the sudden death of his brother, Frank Magers, in Fort Worth. They attended the funeral the day after Christmas in the Polytechnic Methodist Church, where Frank was an untiring faithful worker in every phase of his church work.

Mr. and Mrs. Billy Cauthorn and son, Dean, of Liberty, Tex. spent Christmas and several days following here with his parents, Mr. and Mrs. B. N. Cauthorn.

Mrs. G.W. Ferguson has returned home here after spending two months visiting her daughter, Mrs. D.C. Lowrey, in Houston, Texas.

Mr. and Mrs. W.R. Stimpson were in Bridgeport, Texas New Year's evening attending the wedding of their niece, Melanie Mullinghouse, to Thomas Lockwood.

Rev. William W. Penn, pastor of the Methodist Church in Burkburnett, slipped on the ice Friday, severely spraining his

left knee. Due to the injury, he was forced to cancel church services Sunday. The accident is proving very painful.

The parents of Mrs. William Penn, Mr. and Mrs. C. Paul Bell of Lake Dallas, were honored in the Penn home here on their 60th Wedding Anniversary recently. Relatives here for the happy occasion were a brother, Paul Bell and family, from Dallas; a sister, Mrs. Alton Bray, her husband and family from Irving, Tex. and Horace Penn and wife of Sulphur Springs, Tex.

Mrs. Sam Shrum accompanied her brother and wife, Mr. and Mrs. Roy Wallace of Sunray, Tex. and her grandson, Mike Kearns, a student at TCU in Ft. Worth on a visit with her daughter and husband, Billjo and Bob Kearns in Corpus Christi for Christmas.

Mr. and Mrs. John Clement were in Temple, Tex. from Monday until Thursday New Year's week, where Mrs. Clement had an eye checkup.

Mr. and Mrs. Al Lohoefer spent New Year's in Fort Worth with his sister, Mrs. Bertha Cropper and her daughter, Mrs. Victor Spearman and daughter Jo, and Mr. and Mrs. Dale Cropper, a son. While there the group was joined by Rev. and Mrs. Walter E. Forre, also of Ft. Worth. Mrs. Dorre will be remembered as the former Erna Schwegler, an early day resident of Burk.

Mrs. D.H. (Jo) Smith had the misfortune of falling and breaking her right arm, Friday.

Mr. and Mrs. W.R. Stimpson were in Bridgeport, Texas New Year's evening attending the wedding of their niece, Melanie Mullinghouse, to Thomas Lockwood.

Clawing-Instinctive Act For Cats

by Raymond A. Minor, D.V.M. Manager of Veterinary Services Norden Laboratories

Claws have contributed mightily to the survival of the cat-in climbing, fighting and defense.

Unfortunately, this survival gear is also used around the house, with less pleasant consequences for draperies, carpets, upholstered chairs, and, occasionally, people.

Scratching is an instinctive act for a cat. You cannot train him to stop.

One possible solution to this problem is to provide your cat with a definite place to scratch--scratching posts are readily available in pet stores--and then lead him to it at every opportunity.

But even when the cat has been taught to use his scratching post and the habit of doing so is well established, there will be times when he will go elsewhere to do his scratching.

The hazards from clawing can be minimized by regular trimming of a cat's nails--perhaps as often as every two weeks.

Since cats dislike having their feet handled, the trimming chore can prove hazardous. So it is advisable to consult your veterinarian before attempting to do the job yourself.

A cat manicure is made more difficult by the fact that a cat's claws are retractile; capable of being completely sheathed or extended as conditions warrant. When a cat is resting, the claws

are drawn back into their sheaths; when they are needed for climbing, fighting or catching a prey, the claws are drawn forward by tendons.

Dogs also need to have their nails cut periodically. The frequency of the clipping depends on how fast the dog's nails grow and how far he wears them down in normal usage. The more active the dog has, the less frequent will be the need for cutting his nails.

Long nails can be a troublesome for the dog as they are for you. A long nail can get caught and be pulled off. Or

the nail may curve back and press into his toes causing pain and even lameness.

Most puppies dislike having their nails clipped. So a dog owner, like a cat owner, would do well to have his veterinarian clip the nails at first while he watches and learns.

If you do the job yourself, be careful to cut only the transparent part of the nail that extends past the foot pad. If you make a mistake and cut into the quick, place a piece of gauze or cotton against the wound until the bleeding stops. If the bleeding continues, call your veterinarian.

Trail Ride To Houston Precedes February Rodeo

Houston, the sixth largest city in the United States, is one of the fastest growing cities anywhere in the world. It is a city of high-rise complexes, super freeways to accommodate the teeming population, skyscrapers springing up everywhere, the home of the world-famous Astrodome. It is a city of contrasts . . . a city of progress.

But around the middle of January, progress slows down as many of the citizens of Houston and the surrounding area begin to reminisce about the days of the "Old West". . . days of campfires, cattledrives and trail rides. They dust off their boots, get their saddle

bags packed and pray for good weather, as they prepare to start on the trail ride to Houston, for the Houston Livestock Show and Rodeo, February 21 through March 4.

Some 6,000 riders and 200 wagons gladly endure the bad weather, long rides and tired feet to return once more to the days of the "Old West".

There are 14 trail rides coming from all directions of Texas and some from as far away as Louisiana. They all meet in Memorial Park, Houston, Texas and ride through downtown Houston in the gala parade that is part of the Houston Livestock Show and Rodeo.

NEW STORE OWNER--Mrs. Mary Jo Koller shops at Shirlene's, formerly Barbara's Fashions, located at 410 S. Avenue D. Shirlene's is owned by Mrs. Shirlene Hatcher, also co-owner of The Bridal Shop.

News From In And Around Temple

METHODIST
The United Methodist Church has completed an unofficial report of 1972's activities showing an increase in membership, money received and attendance.

Rev. Ray Howard has plans to enlarge his office space, and he is grateful for volunteer secretarial assistance by Barbara Thomas. Her enthusiasm resulted in Christmas decorations appearing over the front entrance of the church.

Mr. and Mrs. Billy Graham and Mr. and Mrs. Paul Jeffrey revived the UMYF teenage group and report they are sure additional members will follow Christmas holidays.

The pastor's record reveals 18 new members and eleven lost through transfers and other causes for a net gain of seven. The total roll stands at 296 as the New Year begins.

Collection plate receipts plus authorized weekly drafts written on individual members show a marked increase, according to secretary-treasurer, Dan McCoy.

Sunday morning service attendance for the 52 weeks was 390 above 1971's count.

The year's largest maintenance expense was paid for by individual donations totalling over \$3,000 to repair the roof.

A pastor salary boost was voted by the official board, and according to Marinell Tucker, assistant to the church treasurer, all appointments have been taken care of.

EASTERN STARS
Mrs. Othella Hooker, Temple, served as installing officer Sunday when Hasting's chapter No. 214 seated their 1973 elected and appointed officials.

Following accepted leadership responsibilities were Worthy Matron, Mrs. Bobbie Bohot; Worthy Patron, Mr. C.E. Bohot; Associate Matron, Marce Lowler; Associate Conductress, Grace Gamblin; Chaplain, Rebecca Ely; Marshal, Lorenzo Bridges; Ester, Gertie Lee Grover; Martha, Madgeleen Clements; Electa, Elsie Melton; and Sentinel C.C. Ely.

Four chairs, conductress, Ada, Ruth and warder, were not filled due to absenteeism. Appreciation gifts were given to installing officials, and Mrs. Elsie Melton, past Matron, was presented an emblem pin in recognition for her year's service.

SCOUTING
After many attempts at getting a permanent Scouting program going in Temple another

recent effort seems to have taken roots under the Scoutmaster's hand of Gary Hart.

The Lions Club accepted sponsorship with members volunteering for troop committees chaired by Eddie Laxson. Troop No. 114 started with six boys and has grown to 12 after two trips to Wichita Falls, as guests of Troop 10, and one windy, rainy and exciting camp out.

Jay Driskill is helping as senior patrol leader and has McKinley Grant and Jerry Hargrove for patrol leaders. Sammie Tucker is scribe and John Yelding is serving as grubmaster.

Parent interest has greatly increased.

Elmer Graham, local banker, farmer and cattleman who is interested in helping youth, has donated the use of a wooded area to be used as a camp site. Temple's mayor, Woody Wilson, has made a generous offer to let the troop use another site for a camping area and is sure equipment will be made available to improve the site.

Southside PTA Sponsor Game

The Southside PTA is hosting a basketball game January 19th, 7:30 p.m. at the Burk Burnett Jr. High Gym. The proceeds will go to the air conditioning fund at Southside Elementary School. Tickets will be sold at the gym only. They will be \$1.00 for adults and 75¢ for students.

Among the players for Southside you will see Bob Gant, Ray Hatcher, Tommy Antwine, Charlie Curry, T.M. Cornelius, Tom Hayes, Guy Hester, Bill Pittard, Don Reno, and Robert Williams.

Jake Fite, Bobby Carpenter, and Joe Nemecek will be a portion of the High School Men Faculty and Coaches Team.

The regular PTA meeting scheduled for January 9th was cancelled due to the weather but will be rescheduled for January 16th at 7:30 p.m. at Southside Cafeteria.

Boy Scout Pack 156

Boy Scout Pack 156 is having a bake sale Saturday, January 13 at Triple D. The sale will start at 10:30 a.m. The boys are raising money for their Blue and Gold Banquet and they will be helping with the sale.

Guidelines of Life

"THE FORWARD LOOK"

by Rev. J.E. Dement, Pastor, Church of God

We must "MOVE FORWARD" for Christ; Pray for a "WORLD WIDE TURNING TO GOD"; FOR "HE THAT WINNETH SOULS IS WISE." Nineteen hundred and seventy two brought many blessings for which we are thankful: souls saved, new members added to our churches, new churches built across our nation and around the world. Yet, we look forward to another year, and cry out "Lord, what will thou have me to do?"

The reply to that cry of the soul "What wilt thou have me to do?" is answered in the Scripture injunction that states "Work while it is yet day, for the night cometh when no man can work." Paul had a "Forward Look" as he cried out of his soul "A great door and effectual is opened unto me, and there are many adversaries." He reckoned the effectual door being opened as his opportunity to render his faithful service to Christ. May we render faithful service to our Lord and Master.

Let us ask ourselves what do we expect to accomplish for God in the year nineteen hundred and seventy three? Each person is responsible for his soul and his life's work for Christ. This year be SURE! It may be your last one.

B.T. HAWS

During 1972, 14 artificial insemination - pregnancy determination clinics were held at various locations throughout the state. Again this year, producer response to these programs was exceptional with practically all classes filling to maximum capacity. Participants in the clinics included ranchers from nearly all areas of Texas and in several instances have included some

stockmen from other states. Programs in artificial insemination and pregnancy determination have been jointly sponsored efforts of American Breeders Service and the Texas Agricultural Extension Service. As you are aware, such a joint effort has helped defray the unusually high cost of technical training and has permitted Extension to lend subject matter support to existing industry sponsored programs in Artificial Insemination. Because of Extension experience in conducting pregnancy determination programs, Texas ranchers now have available to them in-depth instruction in palpation. Due to the favorable acceptance of these programs by Texas ranchers and because of the increasing demand for training in artificial insemination and/or pregnancy determination, plans have been made to continue the clinics. We have re-

cently completed planning and scheduling of the programs to be held throughout 1973. A clinic will be held in Wichita Falls on May 28-June 1. Another is scheduled for Athens, Texas on November 12-16.

If producers are interested they should contact the County Extension office.

The screwworm alert should continue even though cold weather is at hand. It is imperative that officials at the Mission Screwworm Eradication Center know where winter cases are happening so that sterile fly treatment plans can be mapped for the 1973 season. Animal health officials ask that all livestock owners continue to cooperate by checking their animals regularly for infested wounds. When cases are found, worm samples should be collected and mailed to the Screwworm Eradication Laboratory, Mission, Texas. Sample bottles may be picked up in the County Agent's office.

Forage testing is essential for livestock producers to know the nutritional value of their pastures and hay. Adequate fertilization and utilization before the forage matures are the two most significant factors affecting forage quality. Young leafy forages are higher quality than old, stemmy and mature forages. Quality declines rapidly when forages begin to mature and may be reduced by 50 per cent in 10 to 14 days of plant growth. For example sorghum-sudan hybrids may be 15 per cent crude protein or higher when the plants are young and before seedheads begin to form. Within 10 to 14 days after seedheads begin to form, the pasture's crude protein content may be as low as eight to 10 per cent. Coastal Bermudagrass may have a protein content of 15 per cent when plants are leafy and tender. Within two weeks this may decline eight to 10 percent.

A summary of forage samples analyzed at the Texas A&M Forage Testing Laboratory reveals a wide range in all classes of forages. Some of the samples were exceptionally high quality while other samples were much less desirable. Forage testing laboratories can determine the nutrient value of hay and pasture plants for a nominal fee. Instructions for submitting samples to forage testing laboratories are available from the County Extension office.

Federal Funding For Conservation Should Continue

Texas Farm Bureau President J.T. (Red) Woodson said today that the federal cost-sharing program for most soil and water conservation practices should be continued.

Commenting on the Administration's cut-off for funds for the Rural Environmental Assistance (REAP) and Water Bank programs, and disaster loans to farmers, the state farm leader said that agriculture should not be expected to bear an unequal portion of federal spending cuts.

Under the REAP program, annual payments have been offered land owners covering part of the cost of installing approved conservation and pollution control practices.

"This program, which is cost-sharing and not an income supplement, benefits all people," Woodson said. "It is an investment in the future of this country and not a subsidy solely for the benefit of land owners." "The soil and water conservation practices not only contribute to pollution control, but also help provide Americans with a beautiful food supply at reasonable prices."

Woodson said farmers and ranchers do support measures to reduce inflationary pressures because they are hurt more than most groups by higher production costs since they cannot pass along cost increases.

RIDING CLUBSWEETHEART--Danita Roberts, 14-year-old freshman at Burkburnett High School, has been elected Sweetheart of the Burkburnett Riding Club. She is the daughter of Mr. and Mrs. Norman C. Roberts.

County Extension Agent

Joyce Smith

Leader training on "What is Credit?" will be held on January 16, at 2:00 p.m. in Times Square Auditorium.

"Save those important papers" in the box with a small electrical appliance. Consumers should read every word before using the appliance. "Read and heed registration cards first." Complete them and mail to the manufacturer. These cards let him know where the appliance was purchased and where the product is in case a safety defect makes it necessary for him to notify the owner. Sending the registration card also may speed servicing.

"Guarantee or warranty papers are second on the reading list, and they mean about the same thing." Learn what they promise in writing on product performance, such as "guaranteed not to tarnish" or "guaranteed to be free of defects in material or workmanship," the agent advised. Some promise specific action, such as repair, refund or replacement if the product fails to meet standards of quality or performance stated in the guarantee.

Read until you find the follow-

ing six points:

1. What it guarantees--it should list parts covered.
 2. How long it's guaranteed--the entire appliance or different parts may be guaranteed for different time lengths.
 3. Manufacturer or seller promises--if product is defective, they may furnish parts and labor or parts only, and they may replace the entire product or refund purchase price.
 4. Steps owner must take to receive benefits the guarantee promises.
 5. Limitations or conditions of the guarantee--it may tell the owner to complete and mail the registration card.
 6. Name of firm offering the guarantee and name or title of party responsible for keeping its promises.
- Another "paper" to read is the use and care booklet. Instructions aim at helping owners get the most satisfaction and use from the product. Read the booklet carefully, and follow directions to the letter. Keep the booklet in a safe place. "Appliance life usually depends on the care it receives."

FARM REVIEW

Ft. Worth Rodeo Parade Officials Invite Groups, Individuals To Enter

The annual Fort Worth Stock Show parade is being planned and any group or individual can participate, reports Tom B. Saunders, Stock Show vice president and parade chairman. Saunders said the parade, featuring riding clubs, marching bands and horse-drawn vehicles, will begin at 2 p.m. Friday, Jan. 26, and march through downtown Fort Worth.

Termed one of the most colorful events of the year in Fort Worth, the parade will kick off the 77th edition of the Southwestern Exposition and Fat Stock Show, scheduled for a 10-day run Jan. 26 through Feb. 4 on Amon Carter Square. "Ours is the world's largest all-western parade," the parade chairman said. "We keep our western heritage alive by not allowing any motorized vehicles in the line-up."

The march, usually lasting more than two hours and over 12 miles from beginning to end, will include more than 2,500 horses and riders, over 40 horse-drawn vehicles and floats and some 30 school marching bands. The annual event usually draws more than 150,000 spec-

tators. "There is a place for everyone who wishes to participate in the parade," Saunders said. "Cities, organizations and businesses are encouraged to have a float or sponsor some type of horse-drawn vehicle." Awards are given to the riding clubs judged most outstanding and to the sponsor of the best float or western vehicle participating.

Winners in the 1972 Stock Show parade included Texas Ranger Belles riding club of Arlington, first place; Grand Prairie All Girl Riding Club, second, and Texas Sandowners riding club from Fort Worth, third. The most colorful riding unit was Moslah Mounties of Fort Worth, best dressed was Circle L5 Riding Club of Fort Worth, and the club traveling the greatest distance to ride was Terry County Sheriff's Posse from Brownfield.

Judged the most outstanding horse-drawn float was created by the Junior Achievement of Tarrant County organization. Riding Clubs also are encouraged to participate in the grand entry preceding each of

the 20 performances of the Ft. Worth Rodeo.

Organized riding units are introduced along with their "cowgirl" sweetheart during the grand entry. Applications for a place in the parade line-up and grand entry are available from Mrs. Beverly Peterson, special events director for the Stock Show.

Bird, Rabbit Deadline Set

Deadline for entries in the pigeon, rabbit and poultry division of the 77th annual Southwestern Exposition and Fat Stock Show is Jan. 15, reports W.R. Watt Jr., general manager.

This year's Stock Show is scheduled Jan. 26 through Feb. 4, with some Horse Show classes beginning Jan. 23.

"Our office staff is counting and posting entries for cattle, sheep, swine and horses which closed earlier," Watt said. "From the estimates I've seen thus far, it appears this year's show will post a record number of entries."

The previous record of 11,241 entries was registered during the 1971 Southwestern Exposition.

"We are expecting over 2,500 entries for the National Meet of the American Bantam Association," the general manager noted. "This is about 1,000 more poultry entries than usual."

"The number of exhibitors of rabbits and pigeons will be up, also," he added. "In all, 1973 will surely be a banner year for entries."

State Soybean Contest Winners To Be Announced In February

PARIS, Texas--Winners of the state soybean yield contest will be announced during the annual meeting of the Texas Soybean Assn., Feb. 9-10 here at Paris Junior College, according to N. Don Blacketer, Honey Grove, association president.

The two-day program starts Feb. 9 at 7 p.m. with a banquet at the Paris Holiday Inn. Featured speaker will be George McKinney, community development consultant, Texas Power and Light Co., Dallas.

The meeting moves to McLemore Student Center, Paris Junior College, on Feb. 10, Blacketer said. The morning program will feature several production oriented talks and will end with a noon luncheon followed by announcement of yield contest winners.

Featured speakers for Feb. 10 are Raymond Bringham, Texas A&M University researcher; Henry O'Neal, Texas Extension Service agricultural engineer; E. Ford Eastin, Texas Agricultural Experiment Station agronomist; Jack D. Price,

Texas Agricultural Extension Service chemicals leader; Ralph Jackson, American Soybean Assn. executive vice-president; and several producers talking about production techniques for different areas in the state.

A business meeting will follow the annual meeting the same afternoon, according to Blacketer.

You'll never know how big a paycheck your brood cows can deliver until you winter 'em on

New Purina Range Breeder II

New PURINA RANGE BREEDER II is a high-quality supplement for wintering brood cows. It contains all the high-quality proteins, processed grains, minerals and vitamins (A and D) you get in Purina's all-natural protein Range Breeder Checkers plus a low level of urea. Only two percent, but enough to lower your wintering costs without sacrificing brood cow performance in any way.

A 5-year study with 400 Hereford cows at Purina's Oklahoma beef research ranch proved that calves from cows wintered on Purina Range Breeder supplement outweighed control-group calves by 19 lbs. per head. At \$30 per hundred-weight, that's \$5.70 per calf.

A 3-year Purina research study shows that cows fed on new PURINA RANGE BREEDER II performed at the same high level (and sometimes even better) than cows fed Purina's all-natural protein Range Breeder supplements and at lower cost; \$1.00 per calf lower.

Let us show you how your brood cows can deliver a bigger paycheck (as much as \$6.70 per calf) with new PURINA RANGE BREEDER II.

SHEPPARD AIR FORCE BASE

Lieut. Colonel Edward Fernandez Heads Technical Training Center

SHEPPARD AFB, TEXAS--Lieutenant Colonel Edward J. Fernandez assumed duties as executive officer at Sheppard Technical Training Center in late December.

He came to Sheppard in September as chief of the Foreign Military Affairs Office of the School of Applied Aerospace Sciences. His previous assignment as a director of the Officer Profession Education School of InterAmerican Air Force Academy, Albrook AFB, Canal Zone.

That four-year tour was his second in the Canal Zone. He had been there from June 1961 to July 1964 as protocol and student affairs officer for the USAF School for Latin America.

Entering military service in 1943, he served until 1946. He was recalled to active duty for the Korean Conflict in 1951. His assignments have been at Maxwell AFB, Ala.; Mitchell AFB, N. Y.; Selfridge AFB, Mich.; Billy Mitchell Field at Milwaukee, Wis.; Indianapolis, Ind.; Guam and Chamite AFB, Ill.

His assignments have been mostly with personnel and foreign student affairs since 1951. During his World War II service, he was a flight engineer on B-17 and B-29 aircraft.

A native of New York City, he received a bachelor of science degree in industrial relations from the University of Illinois in 1948. He has also done graduate work there.

His decorations include the Distinguished Service Medal and the Air Force Commendation Medal with two Oak Leaf Clusters. He has also received medals from both the Brazilian and Bolivian governments.

Colonel Fernandez and his wife, Nita, reside at 211 Polaris St. in Capehart Housing. They have three children, Mrs. George Young III who now lives in Virginia; and Adrienne and Stephen, both students at Southern Illinois University in Carbondale, Ill.

James Miller Given '73 Dodge For A Month

SHEPPARD AFB, TEXAS--Keys to a 1973 Dodge were presented to Technical Sergeant James E. Miller of the School of Applied Aerospace Sciences, Sheppard, in ceremonies Thursday by Dean Eastwood of the plans and operations branch.

The car was made available by Morgan Dodge Co. of Wichita Falls for use by the instructors of the month of the School of Applied Aerospace Sciences and the School of Health Care Sciences.

Sergeant Miller, Senior Instructor of the Month for the school, will have the car for a week after which it will be presented to Technical Sergeant Clyde Bush, Senior Instructor of the Month for the School of Health Care Sciences, also at Sheppard.

The car will then be used by the junior instructors of the month, Staff Sergeant Phillip R. Hicks of the School of Applied Aerospace Sciences, and Staff Sergeant Edward Burkhalter of the School of Health Care Sciences, respectively.

Morgan Dodge has presented a new car to the instructors of the month since February 1972.

Flying Training Wing Renamed; Liotta Commands New 80th Wing

SHEPPARD AFB, TEXAS--The 3630th Flying Training Wing at Sheppard AFB became the 80th Flying Training Wing Jan. 1, 1973. Colonel Robert G. Liotta is the wing commander.

Along with renumbering of the wing came redesignation of its units. The 3630th Student Squadron became the 80th Student Squadron; the 3632nd Pilot Training Squadron, the 8th Flying Squadron; the 3631st Pilot Training Squadron, the 89th Flying Training Squadron; and the 3630th Pilot Training Squadron, 90th Flying Training Squadron.

The new wing draws its designation from the 80th Fighter Group, which is rich in aviation history from action during World War II. Beginning as the 80th Pursuit Group, the organization was activated Feb. 9, 1942, and redesignated as a fighter group in May of that year. They used P-47s to train for combat and served as part of the defense force for the northeast United States.

In 1943 the group went to India, via Brazil, Cape of Good Hope, and Ceylon where they were assigned to the 10th Air Force.

Flying P-38 and P-40 aircraft, the organization supported allied ground forces during the battle for northern Burma and the push southward to Rangoon, bombing and strafing enemy troop concentrations, supply dumps, lines of communication, artillery positions and other objectives.

The group also defended the Indian terminus of the Hump route by striking Japanese airfields and by patrolling Allied airfields, safeguarding them from attack.

Following the group's defense of a large oil refinery in Assam, India, March 27, 1944, by intercepting a formation of enemy planes, it was awarded the Distinguished Unit Citation.

Four Airmen Earn Honors

Two Sheppard sergeants were selected as nominees by the School of Applied Aerospace Sciences, Sheppard for outstanding senior noncommissioned officer (NCO) of the year 1972 and outstanding NCO of the quarter, while two others were named junior and senior instructors of the month for December in ceremonies at the base Thursday morning.

NCO Wives Club Set Valentine Ball

Mrs. Gordon McWilliams was hostess at the Noncommissioned Officers (NCO) Wives Club business meeting held Thursday in the Colonial Room of Sheppard's NCO Club.

The club's nominating committee elected Mesdames Buddy Wright, Robert Ellis and Harry Hildebrand, with Mrs. Lawrence Kelly as advisor.

Plans for a Valentine Ball to be held February 10 were announced by the ways and means chairman, Mrs. George Ross. Members competing for the Valentine queen contest to be held at the ball are Mesdames Don Clark, Eduardo Garcia, Robert Grass, Perry Paus, Kelly and Wright.

Door prize winners at the meeting were Mesdames Charles Oakes, Ervan Tech, and McWilliams.

A cards and workshop will be held January 11. Mrs. John Clink plans to give a demonstration on the introduction to oil painting.

Senior Master Sergeant Kermit Combs, Sheppard training manager for the F/Fb-111, B-66, T-43 and egress systems, was nominated outstanding senior NCO of the year, and Technical Sergeant Alfred R. Bosley, training instructor in the 3778th Student Squadron, outstanding NCO of the quarter.

Technical Sergeant James E. Miller, of the Department of Aircraft Maintenance Training, was selected senior instructor and Staff Sergeant Phillip R. Hicks of the Department of Transportation Training, junior instructor of the month.

Colonel Carl L. Brunson, commander of the school, presented the awards.

Sergeant Combs' outstanding ability and devotion to duty have greatly increased the mission effectiveness of U.S. Air Force combat units at the lowest possible cost, according to Colonel Franklin C. Snyder, operations officer.

Sergeant Bosley was com-

mended for having single-handedly developed the training administration section of the 3778th Squadron into an efficient and comprehensive operation.

Sergeants Combs and Bosley will compete for the Center outstanding senior NCO of the year award and Center outstanding NCO of the quarter award, respectively.

Sergeant Miller's selection was based on his overall contribution to block two of the jet aircraft mechanic one and two engine course. He was commended for having checked out new instructors in two-thirds the normal training time.

Sergeant Hicks received the award for his contributions to the technical instructor course and to the school. He was recognized for his qualifications to teach all blocks of the course and his ability to motivate students. Also, he was commended for his work in rewriting the study guides "The Instructor and His Job" and "Instructional Methodology".

SHEPPARD AFB, TEXAS--SHEPPARD'S FIRST--Minesa Turner rests peacefully in her mother's arms at Sheppard's U.S. Air Force Regional Hospital. Minesa, daughter of Staff Sergeant and Mrs. Hugh Turner, was born at 12:07 p.m. Jan. 1, to become the first baby born at Sheppard in 1973. She weighed in at seven pounds 10 ounces, and was 20 1/2 inches long. (OFFICIAL USAF PHOTO BY TS/SGT. ROBERT PAGE)

SHEPPARD AFB, TEXAS--ATC OUTSTANDING PHYSICALLY HANDICAPPED EMPLOYEE--Major General Robert L. Pettit, commander of Sheppard Technical Training Center, presents Lannas L. Barfield an award as Sheppard's nominee for Air Training Command outstanding physically handicapped employee of the year in a ceremony at the base Wednesday morning. Barfield was selected from five nominees out of the 225 physically handicapped employees at Sheppard.

\$2,674.92 Saved
Eight Sheppardites Earn \$395

SHEPPARD AFB, TEXAS--Eight people at Sheppard were awarded a total of \$395 recently for suggestions leading to a savings of \$2,674.92 for the Air Force. Total benefits approved by the Resource Conservation Program amounted to \$1,950.24.

Of the 12 making suggestions, eight were presented cash awards while the other four were given certificates.

Leading the group was John T. Cronin of the Training Aids Division, School of Applied Aerospace Sciences, Sheppard (SAASS), who was awarded \$175.

Master Sergeant John F. Victory, material section, at the U.S. Air Force Regional Hospital was awarded \$50; and Dewese Huckaby, Maintenance Division, 3750th Maintenance and Supply (M&S) Group, \$45.

Staff Sergeant John D. Graus, Department of Communications and Missile Training, SAASS; Airman First Class Dwight D. Woodard, Supply Division; and Staff Sergeant Richard J. Cerveny, Transportation Division, both of 3750th M&S Group; Sergeant John D. Pacyna, Operations and Maintenance Branch of Civil Engineering Squadron; and Barbara K. Lander, Ad-

ministration Division, both of 3750th Air Base Group, were each awarded \$25 for their suggestions.

Awarded certificates were Colonel Mary A. Goodard and Major Frances R. Miller, both of the Department of Nursing, School of Health Care Sciences; Franklin, Supply Division, 3750th M&S Group; and Staff Sergeant Charles W. Mason, Department of Aircraft Maintenance Training, SAASS.

Hard physical labor like shoveling snow with the children may be fun for some people, but doctors warn that heavy cold weather activity can place extra strain on those with impaired health.

Number Dying Rises During Winter Months

Winter is cruel in more ways than one. During this period, according to the Institute of Life Insurance, deaths in the nation run about 9 per cent higher than in the summer.

The rise is due primarily to heart conditions and other cardiovascular ailments, and to pneumonia, influenza and other respiratory diseases. Illnesses that also take a higher toll in winter include diabetes and cirrhosis of the liver.

Secondary Effects
Many victims do not die from respiratory illness itself, but from secondary effects. These ailments can so weaken a person with a chronic heart condition that his heart fails.

Another important reason for the heart and circulatory fatalities during winter is that physical activity in cold weather places extra strain on people with impaired health.

The Worst Month
From a mortality standpoint, the worst month of the year varies between January, March and December. February has fewer deaths because it is a shorter month.

September usually has the lowest number of deaths—slightly lower than June, July and August.

Last December 167,000 people died; 54 per cent of them from a major cardiovascular disease. More specifically, 40 per cent of the total died from heart disease.

Sometimes the joint of two pieces of metal welded solidly together is stronger than the metal itself.

Weekly Health Tip
from Joe Gillespie

Winter itch is a condition causing discomfort most often to the elderly. It seems related to the tendency for people in our society to be excessively clean. By soaping away the natural oil of the skin, it leaves the skin dry and free to chafe and itch. An oil is available from your druggist which will help to relieve winter itch. Some doctors advise using soap only to cleanse hands and face.

Corner DRUG STORE

STILL IN STEP

Boots are nothing new in women's fashions, and Montgomery Ward catalogs prove it. The 1922 Silver Anniversary book offered several styles, both lace and slip-on. Fifty years later, during Ward's 100th anniversary celebration, the emphasis once again is on boots. Fashionable styles come in a wide variety to please even the most discriminating of tastes.

"I'm sure glad you could come, Auntie," the small boy greeted the visiting relative. "Now maybe my Daddy will do that trick he talked about."
"What is that dear?"
"He said if you came to visit us, he would climb the wall."

1872-A VERY GOOD YEAR

The United States had 37 states in the union, with a population of 43,000,000. It was still a rural society—only one-fifth of all the people lived in places of 8,000 or more population.

The United States was deeply involved in Reconstruction, which began in 1865 and carried through to 1877. The Amnesty Act passed this year pardoned all but the most prominent of ex-Confederates. Federal troops were directed to stay out of Southern politics. Horace Greeley was the Democratic presidential nominee that autumn, and U.S. Grant was the GOP choice. Grant won by a 763,000-vote margin.

Flagrant discrimination by railroads on pricing led to the growth of the Granger movement in the 1870's. Out of the ashes of the Chicago fire in 1871, which burned him out, Aaron Montgomery Ward founded the world's first mail order business and became the official agent of

the Grange in supplying merchandise to rural America. A conspicuous feature of urban social life was the extravagance of the rich. The wealthy took up fox hunting and polo, and ownership of a stable of thoroughbred horses was an effective way of publicizing one's place in society. Poor immigrants poured in, chiefly from Germany and Scandinavia, to settle the Midwest. Steamships and railroads combined to encourage it, sometimes offering Atlantic passage for as low as \$25 per person.

The name "witch hazel" probably comes from the fact that the forked twigs were once thought to have magic power in pointing out hidden springs of water.

WHEN GUESTS START TO LEAVE IT'S STILL EARLY. EVEN IF THEY DON'T FEEL THE POINT IF YOU ARE REALLY ANXIOUS FOR THEM TO GO AWAY, AND THEY REALLY WANT TO STAY, BUT GUESTS WILL HAVE THE RIGHT TO LEAVE WHEN THEY THINK THE TIME HAS COME.

radical practice, adding "...young girls are not used to the rigors of a long campaign."

The employer of today who wants to show appreciation for loyalty and hard work, supplies his secretary with the ultimate, the new IBM "Electric" II Typewriter. Among the unique features of this machine is a dual-pitch mechanism enabling the typist to switch from 10-pitch (ten characters per inch) to 12-pitch (12 characters per inch) simply by moving a lever. Another is the IBM Tech III Ribbon enclosed in a snap-in, snap-out cartridge which needs to be changed only about five times a year with average use.

Today, more than ever, the modern secretary is prepared for her many responsibilities.

LORE AND ORDER
Catalog house employees of the 1920s learned to expect the unexpected. It was incidents like the one involving R.D. Argerbright of Great Falls, Montana, that made it so.

One morning at 8:30 a resident of St. Paul, Minnesota, telephoned Montgomery Ward's mail order house in that city and said he had received a wireless message from Argerbright. The message asked anyone in St. Paul who heard him to contact Wards and have some merchandise shipped to him in Montana.

The message contained complete details regarding catalog numbers, sizes and prices. Before 9:30 a.m., the order was on its way to Argerbright.

At the time of Napoleon, history records the first female secretaries. Napoleon brought one along on each of his campaigns to record details of his battles. He hired a different secretary for each campaign. Josephine stoutly denounced her husband's

THE LOWDOWN ON PRICES
A two-pound canned ham was offered for only 50 cents in the 1882 Montgomery Ward catalog. Salt that year sold for \$1.25 a barrel, and pepper was 19 cents a pound in 115-pound sacks.

Notes on Secretaries
Few Americans today realize that the world's first secretaries were men!

In 325 B.C., during the time of Alexander the Great, a secretary (scribe) had to answer the call to arms, hacking away at the enemy with a sword by day and hacking away with a stylus at a stone tablet by night. Sword or stylus, it was a prestigious job—but dangerous. Alexander lost 43 secretaries during the Asian campaign alone.
